Provincial Library APR 27

THE CRESTON REVIEW

VOL. XIX. CRESTON, B. C., FRIDAY, APRIL 1, 1927

Kitchener

C. R. Paulson of Spokane was a business visitor here last week.

Jas. Sania, who has been working at Goatfell since September, is back in town for a few days. He made a trip to Creston on Sunday, returning next day.

Wm. Strong, who has been away on business in Alberta, returned on Saturday to his home here.

Mrs. H. Yerbury of Lister is here at present on a visit with her daughter, Douglas McKee.

B. Johnson got back on Sunday from a week's holiday spent in Spokane.

Andy Wickheim of Canyon was a Canyon was a between trains business caller on Sunday.

Elwood Merritt, who has been working at Goatfell, arrived in town on Saturday for few days' stay. He also made a business trip to Creston on Sunday.

Ivan Staples, Robert Byrne and Canute Anderson of Creston motored in on Saturday night for the whist and dance. Charlie Leamy, also of Creston, was a business visitor the same day.

J. R. Rotter of Rossland was a business visitor here on Thursday. John Robertson of the C.P.R. staff, Cranbrook, was here on a business trip, Friday.

W. O. Davis, who is trapping up Goat River, spent the weekend in Kitchener. A. G. Strudwicke, preridnt of Leadville Mining Compay, was also down for the weekend.

H. Graham, D. Weston, F. Tomkins and J. Humble of Canyon, passed through on Saturday with their teams from Goatfell, where they have been logging all winter.

K. R. Machum of the C.P.R. natural resources department, Calgary, Alberta, a business visitor here Thursday.

Norris Mindlin, Crown Tailoring Co. representative, Cranbrook, was here on a professional call, Sunday He went back Monday.

V. Z. Manning, school inspector for East Kootenay, Cranbrook, made his spring visit to Kitchener school at the first of the week.

Mr. Mrs. Eric Demers and daughter, Glena who have been residing on the M Seven Ranch, belonging to P. R. Paulson, for the past two years, left on Monday for Edmonton, Alberta. His place here is taken by Charles Bush, who will operate the ranch for the present.

Harry Spence, manager of the Sash & Door Company, Limited, spent the weekend with his family at Cranbrook. He got back on Monday.

The dance and whist in Hunt's Hall on Saturday was fairly well attended. Those winning first prize at cards were: Miss Grace Rendall and L. D. Lilly of Calgary, while the consolation honors went to Miss Vera Langlois and A. Howard. The dance music was by Mrs. W. Arb, piano; Lewis Simpson, violin.

Mrs. Carl Anderson was hostess at an afternoon tea Thursday for some of her friends, and a most enjoyable time was spent with cards, after which a dainty lunch was served. The invited guests were Mrs. Payne of Creston, Mrs. E. McGonegal, Mrs. N. P. Molander, Mrs. N. K. Devlin, Mrs. A. Abrahamson.

Fishing Prizes

SEASON 1927

$5.50 TACKLE BOX, for the largest Black Bass caught durihg the season.

Prices will awarded November 15th.

V. MAWSON

Wynndel

Mrs. Ashley Cooyer left on Friday for Trail where she is visiting with Mr. Cooper and her son John.

Mrs. Towson, who has been on nursing case at Creston the past month, arrived home on Sunday.

T. Slingsby of Kimberley is spending a few days at the ranch here at present.

John Bathie left on Friday on a business trip to Waldo.

Miss Irene Huscroft and Miss McIntyre of Creston were weekend guests of Mr. and Mrs. O. J. Wigen.

Eric Wood arrived on Sunday from Kimberley on a short visit with his parents, Mr. and Mrs. Jas. Wood.

Miss Severn, vice-principal of Wynndel school, spent the weekend with her parents at Procter.

Mr. and Mrs. Reg. Price and son, who have been on a visit with the latter's parents, Mr. and Mrs. Matt. Hagen, left for their home at Riondel on Monday.

Mrs. Vic Johnson left on Monday for Nelson, where she will spend the next week or ten days.

During the weekend the residence of C. Hindley, which is now unoccupied, was entered by some youths who ransacked the place and then took Mr Hindley's rifle and ammunition into the hills, where they amused themselves for some time firing off the shells. The rifle was returned on Sunday evening.

K.K. Klub Concert

The annual concert of Wynndel Kill Kare Klub attracted quite a large turnout on Saturday evening, March 19th, the old schoolhouse being filled to capacity, and quite a fair program was presented. Probably the best items of the evening were three dialogues, a monologue, and a quartette by Misses Severn and D. Butterfield, and Messrs. W. Mason and A. E. Towson.

The dialogue, "The Duck Creek Gossip," was well received, and Mrs. R. Andestad and Messrs. F. Hagen and A. E. Towson did very well in the parts entrusted to them. "Station Y Y Y Y," a radio play, was a star piece, and was loudly applauded. Oscar Hagen was the outstanding character, in the part of Herbert, the radio fiend's son.

"Turn 'Em Out," a very enjoyable comedy, was most popular with the young ones, and Messrs. T. Monford and W. Johnson were the outstanding characters.

Miss P. Foxall, who gave the monologue, "Reggie," came in for the lion's share of the applause for any one item, and she fully deserved it, as she gave a lengthy and difficult recitation with confidence and splendid acting.

The interval between parts one and two of the program was brightened up by D. Kunst of Boswell, with a couple of songs. A dance followed the concert and a good crowd remained, and all report a first-class time. The gross intake was in the vicinity of $75.

Erickson

Miss Celia Handley left at the end of the week for Blairmore, Alberta where she will make a visit with relatives and friends.

Dick Hall, who has been on the Imperial Bank staff at Creston the past month, left on Sunday for Natal, to which branch he has been appointed as ledgerkeeper.

Bob Dodds was home for a few days last week from trapping operations at Cultus Creek, and reports quite successful work particularly with the lynx, the past month.

R. J. Long got back at the end of the week from Penticton, where he had been attending a meeting of the Associated Growers.

What will likely be the last worth mentioning shipment of 1926 apples went east on Tuesday's way freight. There were about 200 boxes in the lot, mostly Spies and Wageuer.

A telephone has just been installed at the John Hall ranch.

Miss Beth Putnam was a Cranbrook visitor a few days last week, where she was having some dental work done by Dr. Miles.

The government road grader has been at work in this section the past week and has the roads in very fine shape for traffic now.

Mrs. Ron. Lidgate, who has spent the past three weeks with her mother Mrs McKelvey, left on Monday for new home at Lethbridge, Alberta.

Mr. and Mrs. Hertig of Kimberley spent the weekend here with Mr. and Mrs. John Hall, en route to resume his former position at Trail. Mr. Hertig has been doing special work at the company store at Kimberley the past few months.

C. Bush, who has been operating a tie camp on Goat mountain back of the Holder ranch, has completed operations for the season and has about 1000 piled at Erickson awaiting shipment.

Lister

C. H. Phillips of Kimberley was at his ranch over the weekend.

Mrs. Reynolds, who has been visiting her daughter, Mrs. A. E. Tedford, returned to her home at Gainsboro, Sask., last week.

W. P. Edwards, who has been on a visit at Nelson and Spokane, for the past ten days, returned to Lister on Friday.

E. H. Smith has just finished blowing stumps on five acres of land. This gives him fifteen acres ready for cultivation. The new acreage will be sown to alfalfa.

A. R. Bernard of the Paradise mine, Invermer, is paying a ten day visit to his ranch here, arriving on Thursday last.

Joe Swizinski, who has been on the Charlie Bliss place for the past few months, at Huscroft, moved to Canyon last week, where he is operating one of Alf. Nelson's places on a crop sharing basis.

The Lister school scholars had three days vacation at the end of last week, due to the indisposition of Principal Jenks. School was open again as usual on Monday.

Wilfred Langston, arrived from Wallace, Idaho, on Thursday last for spring work on his ranch, and plans clearing three or more acres

Bert Yerbury arrived home on Friday for spring work. He has been working at the power project at South Slocan the past three months.

Rev. J. Herdman held the usual United Church service on Sunday morning last.

Harry Yerbury and Bob Dodds, who have been trapping at Cultus Creek the past six weeks, came in on Friday, returning on Monday. They will likely be there till the season closes at the end of the month. They report quite a successful trip.

C. B. Twigg of Creston, provincial horticulturist, is in the area these days, examinining the vacant orchards, and giving expert help and advice to those requiring his services.

A pleasant sight is the heavy grader working as far as the school corner, which will help travelling very much. From that point south Jim Huscroft is improving the going with aid af the oldtime horse drawn grader.

GRAND THEATRE SATURDAY, April 2

Florence Vidor in "You Never Know Women"

The public be praised. They raised Florence Vidor to stardom. Here's her first starring vehicle—don't miss it.

Sirdar

Mr. C. Foster arrived on Sunday last from Yahk to take over the permanent post of night operator.

Jas. Mannerino and Jas. Wilson were business visitors at Creston between trains on Monday.

Mr. and Mrs. Loasby were visitors with Creston friends a couple of days at the first of the week.

Geo. Mawson, who is operating a rat line between Sirdar and Kuskanook, is reported to be taking some worth while catches so far this season, which runs till the end of April.

Rev. S. Newby is due here for Church of England services at 8 and 10.30 a.m. on Sunday.

Auto travelling in this vicinity is good now but until roads dry out and get some grader attention between Alice Siding and Wynndel car owners are in no hurry to take out licenses.

Mrs. Bamford of Nelson was here for a short stay with her sister last week, en route home from a visit at Cranbrook.

Mrs. Shaw, who has been occupying the house on the Jones-Jansen ranch for some months past, left at the first of the week for Wardner where she will be employed in future.

Ike Lewis was a business visitor at Creston on Tuesday, going up on horseback.

About the last of the Sirdar landmarks disappeared this week when the old building on the main road with the "Slow" signs on it was demolished by Jim Pascuzzo, who is using the lumber to build a garage. The structure was erected at the time Mr. Briggs was the C.P.R. agent at Sirdar.

Grand Forks tax rate is 32 mills, half of which is d to finance the town schools.

To avoid being overloaded with free church boosting the Cranbrook papers have agreed to let each denomination have a week in rotation, and they are expected to keep theis publicity down to one column a week.

A committee of 86 members, representing every fraternal and other organization in Cranbrook—including the ministerial association—will handle the Canada Confederation Jubilee celebration at Cranbrook.

The East Kootenay Telephone Company, which controls the phone systems at Cranbrook and Fernie, paid a 7 per cent. dividend on 1926 operations. This is the third time since the company was incorporated that a dividend has been paid.

Canyon City

Albert Hurl of Orillia, Ontario, was a visitor here for a few days last week with his uncle, Richard Hurl, en route home after a holiday visit at Vancouver.

Geo. Davie was a visitor at Cranbrook on business a couple of days at the end of the week.

Mrs. F. Knott is a visitor at Glenlilly this week, the guest of her daughter, Mrs. Barnhardt.

Mr. and Mrs. Eric Demers of Kitchener, who have been on a visit with the former's brother, Pete Demers, left a few days ago for Leduc, Alberta, where they will again reside permanently.

Charlie Pipe and Arthur Bond left a few days ago for Bonnington, where they are expecting to land a season's job on the West Kootenay Power & Light Company construction programme that requires about 400 men.

The Anglican service usually held on the first Sunday is postponed to Monday, the 11th, owing to the Bible Society meeting taking place at Creston next Sunday.

Bob Clayton, who has been employed at Kimberely the past few months, arrived this week for a few weeks' vacation at his home here.

The tractor and grader have been a work on the main road at Canyon this week, and the travelling is somewhat better in consequence.

The Ladies' Community Club are having a hard times masquerade dance at the hall to-night.

Ernest Langston, who has been taking a course in telegraphy at Vancouver the past few months, arrived on Tuesday on a visit with Mrs. Langston and family, who have spent the winter with her parents, Mr. and Mrs. Halstead.

Quite a number from here were at Creston on Monday night to hear Col. Lister, M.P.P., gave a review of the work at the 1927 session of the legislature. His address was the best he has delivered since entering dublic life, and he touched the more important features of the session in practical fashion.

In order that no one will be overlooked the surprise party enthusiasts are working two nights a week at present. Last Thursday the Hougland home was invade and on Saturday the McRobb residence was the scene of operations. Dancing was the main feature in both cases with the Mawson-Davie orchestra in charge of the music.

At Vernon the board of trade is asking the city council for a grant of not less than $500 for publicity work. Cranbrook gives $300 annually.

CRESTON BRANCH
Canadian Auxiliary British and Foreign Bible Society.

Public Meeting

in the

Grand Theatre, Creston

Sunday, Apr. 3

at THREE p.m.

SPECIAL ADDRESSES by

Rev. Dr. Daly
Rev. J. Herdman
Rev. S. Newby

A Gospel will be presented to everyone attending.

COME IN CROWCS!

Prevent Grippe—build resistance with SCOTT'S EMULSION

WORLD HAPPENINGS BRIEFLY TOLD

The King and Queen will hold royal courts at Buckingham Palace on May 24 and 25 and June 21 and 22.

Lady Rhondda has instituted a whirlwind suffrage campaign designed to influence the Prime Minister to support a measure granting a ballot to all women over 21.

Women students of Oxford and Cambridge Universities took part in a boat race for the first time. The Oxford crew won. The race was over a half-mile course on the upper Thames.

Telephone service between Cuba and Great Britain was recently inaugurated. The rate will be $87 for the first three minutes and $29 for each additional minute between Havana and London.

Montreal was a much more law abiding city in 1926 than in the preceding year, according to statistics just announced by Chief of Police Belanger. There were four murders, one less than the preceding year, but other crimes have shown more notable decreases.

"CASCARETS" FOR YOUR BOWELS IF HEADACHY, SICK

To-night! Clean your bowels and end Headaches, Colds, Sour Stomach

Get a 10-cent box.

Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Severe Colds, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

The average man spends a lot of money for experience and then gives other people the benefit of it free of charge.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found a healthy medicine, strengthening the infantile stomach and maintaining it in vigorous operation, so that, besides being an effective vermifuge, they are tonical and health-giving in their effects.

Smoked ceilings may be cleaned by washing them with cloths wrung out of water in which a small piece of washing soda has been dissolved

ATHLETES!

Minard's will limber up stiff muscles and sore joints. Use it for a rub down.

MINARD'S "KING OF PAIN" LINIMENT

BRONCHITIS

Leaves a bad cough so does "flu." These lingering coughs are quickly soothed and healed by taking Chamberlain's Cough Remedy

Now sold at pre-war prices 25c, 50c

Finlanders Dislike Red

Will Not Tolerate Color Which is Associated With Bolshevism

Anything associated with the color red is difficult to sell in Finland. An American automobile manufacturer consigned a large number of automobiles to Finland, and while most of the cars sold readily, 40 of them were unsaleable owing to the various shades of red that had been used in painting the cars. They had to be repainted to invite Finnish buyers. In few countries are Bolshevists and Bolshevism so disliked as in Finland, hence the Finns' dislike of the color of red.

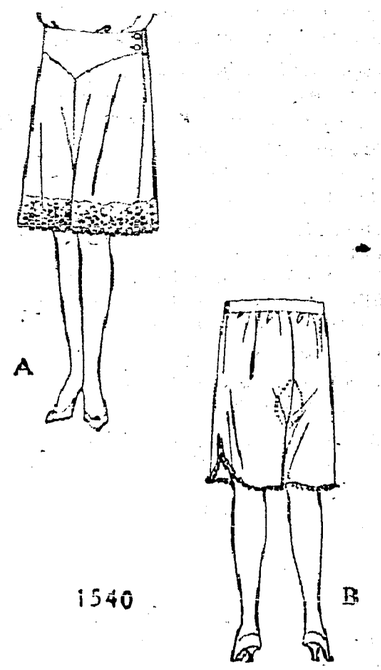
Trip Will Be Brief

Prince of Wales' Canadian Visit to Cover Only Six Weeks

Instead of spending six weeks at his ranch in Alberta, the Prince of Wales is not likely to be away from England for more than six weeks altogether on his Canadian visit this summer. Although the detailed arrangements for his visit have not yet been completed the Canadian Press learns that the suggested six weeks will very likely represent the whole period of the Prince's absence from England. The Prince leaves for Canada early in August.

It Will Prevent Ulcerated Throat.—At the first symptoms of sore throat, which presages ulceration and inflammation, take a spoonful of Dr. Thomas' Eclectric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to quinsy have thus made themselves immune to atack.

Winnipeg Newspaper Union



The New Under-garments Give Slenderizing Lines

The woman or girl who delights in making her own lingerie will find these attractive drawers quite easy to fashion and a style that does away with needless material at the waist and hips owing to the well-fitted shaped front yoke which fastens at the sides, while the back is slightly gathered to a band. View A shows the straight lower edge trimmed with wide lace, and View B has the sides rounded and finished with narrow lace. No. 1540 is in sizes 24, 30, 32, 34, 36 inches waist. Size 30 waist requires 1¾ yards 36-inch material, or 1⅝ yards 39-inch; 1¾ yards wide lace, or 3 yards narrow lace for trimming. Price 20 cents the pattern.

The secret of distinctive dress lies in good taste rather than a lavish expenditure of money. Every woman should want to make her own clothes, and the home dressmaker will find the designs illustrated in our new Fashion Book to be practical and simple, yet maintaining the spirit of the mode of the moment. Price of the book 10 cents the copy.

Mothers Treat Colds The New "Direct" Way

No Longer Necessary to "Dose" Children With Internal Medicines to Break Colds.

Children's digestions are easily upset by too much "dosing." Vicks VapoRub being externally applied, does not upset little stomachs.

At the first sign of croup, sore throat, or any other cold trouble, apply Vicks freely. There is nothing to swallow—you just "rub it on."

VICKS VAPORUB

OVER 17 MILLION JARS USED YEARLY

France Is Playing Safe

Will Not Discuss Armament Problem With United States

France has objected in the past to suggestions that remission of her debt might be the reward for an agreement restricting armaments. She does so on the proper ground that financial pressure cannot be permitted to determine internal policies of security. Consequently, when she replies to President Coolidge that she prefers to seek a solution of the armament problem by considering land, sea, and air questions together, and through the League of Nations, to which the United States does not adhere, she means just one thing—she means that she thinks she has nothing to gain from America and something to gain in Europe.—The Outlook, New York.

PUT STOMACH IN ORDER AT ONCE

"Pape's Diapepsin" for Gas, Indigestion or Sour Stomach

Instantly! Stomach corrected! You never feel the slightest distress from indigestion or a sour, acid, gassy stomach, after you eat a tablet of "Pape's Diapepsin." The moment it reaches the stomach all sourness, flatulence, heartburn, gases, palpitation and pain disappear. Druggists guarantee each package to correct digestion at once. End your stomach trouble for few cents.

Every man has a threefold nature—that which he has, that which he exhibits and that which he thinks he has.

Cause of Asthma. No one can say with certainty exactly what causes the establishment of asthmaite conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to irradicate except through a sure preparation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has freed a generation of asthmatic victims from this scourge of the bronchial tubes. It is sold everywhere.

Investigation has shown that more than 200,000,000 cubic feet of gas escapes daily from oil wells in the Panhandle area of Texas.

Keep Minard's Liniment in the stable.

When a man is down his enemies stop kicking him and his friends begin.

Became So Weak Could Hardly Stand

Mrs. Wm. Palmer, Tomahawk, Alta., writes:—"Last spring I had a long spell of sickness and became so weak I could hardly stand. I could not sleep at night as the least little noise would wake me up. I tried blood tonics and other nerve pills, but they did me no good, and I was getting worse.

I wrote my mother about my condition, and she sent me three boxes of

MILBURN'S HEART AND NERVE PILLS

After the first box I was feeling much better, so I kept on until I had used the three boxes, and now I feel as well as ever I did when I was a young girl."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUNDAY SCHOOL LESSON

MARCH 27

REVIEW: — STUDIES IN THE CHRISTIAN LIFE

Golden Text: If ye love Me, ye will keep My commandments.—John 14.15.

Devotional Reading: Revelation 7. 9-17.

Review By Means of Allusions

The devil can cite Scripture for his purpose.—Shakespeare.

May we never be deaf to the cry of the man from Macedonia, in whatever way his need is made known to us.

If your character is infatuated by love of praise, desire of money, eagerness for pleasures, the lust for revenge, the fear of dishonor, losses or death, the salt loses it savor.—Erasmus.

To go through life and plead at the end of it that we have not broken any one of the commandments is but what the servant did who kept his talent carefully unspent, and yet was sent to outer darkness for his uselessness.—Froude.

To me nothing seems more natural than that the Son of Man should be carried of the Spirit into grim solitudes, and there confront the tempter.—Carlyle.

Japan has seen believers scattered abroad and many with one accord giving heed to the things that were spoken.

ALMOST HELPLESS WITH RHEUMATISM

A Nova Scotia Lady Tells How She Found Relief

Among the well-known residents of Nineveh, N.S., is Mrs. William Silver, who tells for the benefit of other sufferers how she found relief from a severe attack of rheumatism. Mrs. Silver says:—"In the early fall of 1926, I contracted a cold which developed into a severe attack of muscular rheumatism. In fact, it almost totally disabled me, and I suffered great agony most of the time. After trying in vain to get something to relieve me, I decided to take Dr. Williams' Pink Pills, which I had heard highly recommended. I may say that the quick relief they afforded really surprised me, and after taking some six boxes of the pills every twinge of the rheumatism had gone, and I am now feeling beter than I have been for some years past. The pills not only banished the rheumatism, but helped me in many other ways."

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness and stomach trouble. Take them as a tonic if you are not in the best of physical condition and cultivate the resistance that will keep you well and strong. Sold by all druggists or sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont.

Profitable Farmers' Company

Saskatchewan Co-operative Elevator Company Made Handsome Profit Last Year

Profits of $1,065,466 were earned by the Saskatchewan Co-operative Elevator Co., Ltd., during the financial year ended July 31, 1926. Net profits amounted to $825,546, the largest profit in the history of the company, and exceeding the previous year's net profits by almost $500,000.

The Saskatchewan Pool Elevators, Ltd., has purchased the grain handling facilities of the company.

Through the sale of the company, shareholders will receive in excess of $150 for each $7.50 invested in 1911, when the company was organized.

Historic House for Sale

"Home, Sweet Home" is for sale. The farm house at East Hampton, N.Y., in which John Barton Payne spent his boyhood and inspired the famous song is to be disposed of to settle an estate.

Rub it in for Lame Back.—A brisk rubbing with Dr. Thomas' Eclectric Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

The "stone-fish" of the tropics, only 10 inches long, emits a deadly poison from a sharp spine near his tail.

Hard and soft corns both yield to Holloway's Corn Remover, which is entirely safe to use, and certain and satisfactory in its action.

Writing was only introduced from China to Japan during the fifth century of the Christian era.

For sale everywhere—Minard's Liniment.

Can't Sew, but Keeps in Style!

Wear the colors that are stylish, but save the cost of new materials and labor of sewing. You can home dye old dresses just as good as the professional dyers!

The secret of perfect home dyeing (tinting, too) is to use *real* dye. Diamond Dyes are true dyes; they dye true, even colors and tint in beautiful tones. And so easy to use! Any kind of goods—right over other colors. Dye your curtains and other furnishings, too.

THE NEW FRENCH REMEDY, No. 1 TRADE MARK THERAPION No. 2 No. 1 for Bladder Catarrh, No. 2 for Blood & Skin Diseases, No. 3 for Chronic Weaknesses Sold by leading Chemists, or return mail from Evans Medicine Co. Gonzales Rd. NW. London

Called "Funny Face" Cried Self To Sleep

Miss Gussie Frutchzweig, Bronx, N. Y., writes: "For months I tried in vain to clear my face of horrible pimples. Once, I overheard my dearest friend refer to me as 'pimple-face' and everyone laughed. I cried bitterly. I read about CARTER'S LITTLE LIVER PILLS being used successfully to clear complexions when due to the poisons from constipation and finally tried them. Well, my picture tells its own story, doesn't it?"

CARTER'S LITTLE LIVER PILLS move the bowels in a gentle manner free from pain and eliminate the poisons of constipation from the system. These poisons, unless removed, are absorbed by the blood and appear in the form of skin eruptions and blemishes.

CARTER'S LITTLE LIVER PILLS in red packages, 25c. and 75c. Try them to-night—To-morrow refreshed—All druggists.

Looking For Another War

Mercenaries Who Profit by the Suffering of Others

Incredible as it must seem to the millions of people in the world whose lives have been darkened by the great war, there evidently are, in every country, those who look forward with expectancy to another war.

The provocations that are being given, the defiances that are uttered, the plans that are being made and the preparations that are being assembled and adjusted in one corner of the world and another can leave one in no doubt about this.

In every country there are those who made fortunes out of the great war and who, if given another chance could do ten times better or a hundred times better—seeing, all too clearly after it was over, just where they missed great chances. They would know how to go about it right from the drop of the hat.

Then, too, there are those who only got their eyes opened to what was going on quite late in the day, near the end of the war, and had only got started amassing a fortune when news came of the armistice—and their golden bubble burst. They would have liked to have had a year of it—one good year of it and they would have been on easy street for keeps. But they missed their chance—they had been carried away by enthusiasm and never even thought of making a fortune out of the war until it was nearly over when they happened to find out wha a lot of smart men were doing.

A younger lot, of course—at the time of the war of office-boy age—used to fetch and carry for the money-makers without grasping the significance of what they were doing, but, more mature by now, they know all about it, and feel sure they could get as rich as anybody if another big war opportunity presented iself. But they rather fear that big chances like that do not come along very often.

In all countries there are people again talking of war but not themselves thinking of fighting. They denounce as pusillanimous those who condemn war. They say there always have been wars and always will be. And a new crop of courageous youth is ripe and ready to rush into the field cheering and asking no questions.

Those who talk of war, says a United States army officer writing in one of the magazines, must know what it would mean—a rush by air to smother the non-combatant populations of the enemy before the choking collapse of our own non-combatant population should end us.—Toronto Star.

Is Your Stomach Troubling You?

Mrs. W. H. Skyring

Guelph, Ont.—"There is nothing better as a building tonic and blood medicine than Dr. Pierce's Golden Medical Discovery. Several times when I was rundown, suffered from weak stomach, thin and impoverished blood, I took the 'Golden Medical Discovery' and always obtained good results. It enriched my blood, relieved me of the weak stomach, built me up in health and made me feel like a new person. I also found it a splendid tonic to take following motherhood to give me strength. I always recommend Dr. Pierce's medicines to those whom I find ailing for I know them to be just as advertised."—Mrs. W. H. Skyring, 52 Nottingham St.

At all drug stores, or send 10 cents to Doctor Pierce's Laboratory in Bridgeburg, Ont., for trial package.

How Do You Breathe?

People Very Seldom Use Second Most Important Muscle in Body

Breathing is one of the most important functions of the body, yet there is one muscle, very seldom used, thaft will do our breathing for us. This is the diaphragm muscle, the second most important in the body. An example of the usefulness of the muscle is to be found in four-footed animals, all of which are said to breathe with the diaphragm. A simple test to tell how you are breathing is to place one hand over the upper chest and the other over the diaphragm—the flat muscle that divides the trunk into upper and lower sections. Press the chest firmly with the hand placed there, resisting the action of the chest as much as possible, and then watch the other hand. This will give you a good idea of the action of the diaphragm. The ability to breathe with the diaphragm is believed to explain what is known to athletes as "second wind."

Restrictions That Irritate

Working of the Defence of the Realm Act in Britain

Merry England takes pride in having gone a long way toward the elimination of Mrs. Grundy from her daily life; but they have been some time getting around to "Dora," who, in some respects, has a reputation not unlike that of the older lady. "Dora"—sometimes known as the Defence of the Realm Act—gives to the government rather drastic powers to regulate the habits of free Englishmen. Night clubs, for instance, find it difficult to function under her supervision. So do tobacco shops, pubs, drug stores and groceries. The main object of the war-time law was to control the movement of aliens, enforce economy in food and fuel and protect London against air raids. But it is on account of Dora's way of irritating people in minor matters that she is most hated. So, eight years after the end of the war, the English are about ready to get around to abolishing the girl. It took even longer with Mrs. Grundy.

Rural Hospitals Successful

Success of the rural municipal hospital system in operation in the Province of Alberta, and the careful management of the seventeen hospitals operating under the scheme, are indicated in the fact that every one of the seventeen hospital districts closed its books at the end of 1926 with a credit ranging from $750 to $30,000.

It was a very cold day and Isaacs and Cohen had walked about four miles without either making a single remark. "Vy don't you say something?" said Cohen.

"Freeze your own hands!" said Isaacs.—Tit-Bits, London.

After forging his way to the front many a man has found himself behind the bars.

Attacks Natural History Myth

Scientist Declares Bees Have No Sense of Beauty

Mark Twain in his celebrated satire took away the glory with which the poets and naturalists had invested the ant. He watched an ant hill for fifteen minutes, and as the result of his observations decided that the ant's system is neither intelligent nor efficient.

Now comes science attacking another natural history myth and declaring that the bees—extolled for centuries for the uncanny wisdom and superhuman energy—is in reality utterly devoid of intelligence. Nay, even further, it is lacking in ordinary common sense, says the French scientist, J. G. Millet, who has just completed an exhaustive study of the bee's life and habits.

M. Millet, who is in disagreement with Maeterlinck and other writers who have glorified the bee for its extraordinary wisdom in seeking honey-giving flowers and for simultaneously discharging the important natural work of pollenizing, declares that the functions accomplished by the bee are wholly unconscious. The bee does not know a good honey-producing flower from a bad one, says M. Millet.

Furthermore it is wholly unconscious that its visits from flower to flower results in its reproduction, it does not know that it is doing the errand.

M. Millet bases his assertion on his own erperiments and similar ones by the Belgian scientist, Professor Felix Plateau of Liege. These show that when the bee visits a flower he is searching for sugar and is attracted solely and wholly by the odor. If the flower smells sweet that is sufficient for the bee. He would just as soon visit an artificial flower artificially perfumed and have just as good a time fussing around its petals as in a real rose.

It is notorious in natural history that the bee disdains certain flowers, the begonia for example, yet M. Millet declares that the bees swarmed around his begonia when he smeared a speck of honey on one of its leaves.

On the other hand, he declares that bees neglect flowers perfectly capable of supplying all the need for honey because their perfume is less pungent.

"As for being poetic in his romantic passion for flowers," says M. Millet, "the bee is not at all particular and would hunt out sugar in an old shoe beside the loveliest flower with total indifference.

When Laurier Was Unknown

People of Quebec Were Slow in Recognizing His Ability

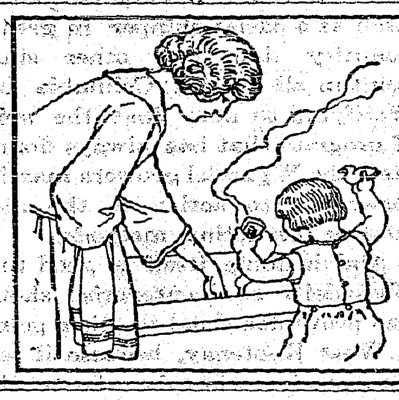
While the House of Commons was quick to sense the talent of Wilfred Laurier, and to give rein to prophecy as to his brilliant future, the people of his own province were not so wise, at first. When the tall, slim young lawyer from Arthabaskaville sought re-election in Drummond-Arthabaska after appointment to the Dominion Cabinet in 1877 he failed to win. Of course, the Government had to have a seat, so Thibaudeau resigned and offered him Quebec East, which he was to represent for the next forty-two years.

When Laurier came to Quebec to carry on his campaign he was a young unknown, but he had a few good friends who were not without resourcefulness. One of these was the present Senator J. P. B. Casgrain, who was to be an intimate of the future leader for nearly a half-century. Senator Casgrain told the Montreal Reform Club the other day of Laurier's coming to Quebec. Casgrain and a few friends met the candidate at the ferry crossing from Levis, cheered him on his arrival, then dodged around corners and cheered him again and again at successive stages of his passage to the city, in order to raise his spirits and create the impression that he was popular at that time.

Eight years ago, on Feb. 17, the chieftain passed away, having won not only Quebec but the Dominion in numerous elections, and having received high honors in London, the Capital of the Empire.—Toronto Globe.

Picture May be Valuable

A Van Dyke picture of the Holy Family, purchased for fifty cents at an upstate auction in New Zealand, may be worth $100,000 if the purchaser's assessment of its value is correct. He has insured it for $50,000 and is sending it to the United States for appraisal.



Cuticura Baths Best for Children

Teach your children to use Cuticura Soap because it is best for their tender skins. Assisted by occasional applications of Cuticura Ointment to first signs of irritation or dandruff, it keeps the skin and scalp clean and healthy. Cuticura Talcum is cooling and soothing.

Sample Each Free by Mail. Address Canadian Depot: "Stenhouse, Ltd., Montreal." Price, Soap 25c. Ointment 25 and 50c. Talcum 25c. Cuticura Shaving Stick 25c.

Little Helps For This Week

God shall supply all your need.—Phil. iv. 19.

I look to Thee in every need,
And never look in vain;
I feel Thy touch, Eternal Love,
And all is well again;
The thought of Thee is mightier far
Than sin and pain and sorrow are.
Discouraged in the work of life,
Disheartened by its load,
Shamed by its failures or its fears,
I sink beside the road;
But let me only think of Thee
And then new heart springs up in me.
—Samuel Longfellow.

Thy God shall supply every need. Here is a key to open every door before which we pause, saying, "How shall I get through?"—a mighty master-key for the regions of Giant Despair, for every lock in Doubting Castle. "I have a key in my bosom called 'Promise,' said Hopeful; and he had forgotten to take it out.
—Anna B. Warner.

Fly From New York to Paris

Attempt Will be Made to Cross in 48 Hours

Lieutenant Commander Noel Davis, U.S.N., will hop off from Mitchell Field early next June confident that he will land in Paris not more than 48 hours later. The flight will be made in attempt to capture a prize of $25,000 offered by Raymond Ortig, New York hotelman, for a non-stop flight from New York to Paris.

The plane to be used is a specially built machine which is expected to be ready for its initial tests late in April or early in May.

The route of the flight will be from New York via Nova Scotia, Newfoundland, across the Atlantic, over Ireland and the northern part of France to Paris.

Canadian Built Autos

Production of automobiles made in Canada in January of this year amounted to 15,376 cars, an increase of 98 per cent. over the 7,752 units produced in the previous month, but slightly lower than the return of 15,179 made in January a year ago. Of the total January output, 49 per cent. or 7,593 cars were built for export and the balance of 7,783 intended for sale in Canada.

THE CRESTON REVIEW

Issued every Friday at Creston, B.C
Subscription: $2.50 a year in advance
$3.00 to U.S. points.

O. F. HAYES, Editor and Owner.

CRESTON, B.C., FRIDAY, APR. 1

The Board of Direction

All the information coming out of Victoria would indicate that the administration is likely to appoint a man from outside the province to assume the chairmanship of the board of direction in connection with the new Marketing Act—presumable with a view to having a head to affairs that cannot be accused of having previously been friendly with either the Associated Growers or the Independents, each of whom will also have a represent ative on the board, which is to con sist of three members.

In theory the departmental pol icy looks good, but in the working out of the practical affairs of the board we are not sure the govern ment's move i. a wise one. So far as we can learn it has been decided that O. W. Hembling, of Oyama, an Associated director of 1926, will be that organization's representative on the board, and as fully 90 per cent. of the Independent's tonnage comes from the Okanagan it seems quite certain the Independent's member will also be from that district, leaving all the country from Grand Forks to Creston with out a semblance of representation.

And of all sections of British Columbia's fruit industry we know of none that so badly needs repre sentation on so all important an organization. In no part of the province is the problem of underir able varieties and efficient assembling and transportation as acute as it is at Arrow and Kootenay Lake points, some which are turning off less than 1000 boxes a year and representing at teast a couple of dozen different varieties, early and late.

If equal justice is to be done these lake points it seems to the Review that some one of the members of the board of direction should be more intimately convers ant with the Kootenay situation than it will be possible for either of the three prospective members to be.

It has been suggested that an advisory board, with a member from each district, might be named to assist the board of direction in its work, but this would only complicate an already acute situation.

If the salaries to be paid board members are on the scale indicated there will be enough expense with control vested in three members—and provided an efficient Kootenay man is named the work of the board will be as satisfactory if done by such a trio as it would be with the help of severat dozen advisors. Action, not advice, is what the marketing situation requires.

Pre-Cooling at Wynndel

In the strawberry industry Wynndel district appears to have at last come into its own, with last week's announcement that work is under way on the erection of a fully modern pre-cooling plant, and no section is more fully entitled to enjoy whatever added properity the new undertaking will bring.

For almost ascore of years Wynndel has pioneered it in the berry business. It was first to make a name for the Valley with its small lot express shipment, only to later on have to share this profitable trade with its competitors.

About a dozen years ago it was forced to pocket some considerable loss when it started in to compete with the coast districts in sell ing the Wynndel output on a decidedly competitive carload market. And now having established itself as a carlot shipper in greater quantity than any other single point in all British Columbia it is gratifying to note that the spirit of progress that has always dominated the Wynndel growers marches forward into action in the most modern marketing methods.

And in doing itself a good turn Wynndel's new enterprise should also prove deneficial to other points in West Kootenay, because if selling agencies will take the trouble to make arrangements for intell igent assembling, as well as for transportation that will permit of pre-cooling in transit, the cherry growers, at any rate, at further west points should also benefit greatly by the pre cooling.

And while the Review has no desire to rob the Co-Operative Fruit Growers' Association at that point of full credit for its enterprise in undertaking pre cooling, it is only fair that reference, at any rate should be made to the valuable assistance rendered that organization by R. H. Gale. the Liberal standard bearer in the last Domin ion election. Entirely at his own expense he made the trip to Ottawa and by his own direct effort was able to secure the necessary initial grant of $5000 that has made pre cooling possible at Wynndel.

When the election was on the Review made a strong fight for Mr. Gale's election on the score that he would be a great help if elected as West Kootenay's representive at Ottawa. That he is willing to give the time and stand the expense of carrying on. the good work even though defeated would indicate that Mr. Gale was not the self-interested type of public man his opponents maliciouisy depicted him—and the Wynndel incident is not likely to be the last of the sort to be heard of the Liberal standard bearer either.

No Cause for Ill Feeling

Word reaching us from Canyon City would indicate that there is some antagonistic feeling in that section towards Creston due the fact local organizations and citizens are advocating the building of the prospective north highway into town via the abandoned K.V. right of way.

The idea at Canyon, as outlined to us, is that Creston should play the part of a disinterested spectator and permit the proposed highway to be built through Lister and Can yon and gixe the latter district, particularly, a first class highway.

Why there should be any feeling between the communities on this question is beyond our comprehen sion. Both appear to be actuated by selfish motives. If Canyon believes it good business to have the highway it should have no quarrel with Creston for being self fishly interested for identically the same reason.

In fact the Review is prepared to go further and express the opin ion that Canyon will be well advised to at least overlook the north and south road as providing its salvation in the line of highways, because just at present there is no indication that the Idaho authorities have any intention of building their uncompleted part of the road this year, and it is equally certain the B.C. authorities have no idea of starting construction in any direction until the U.S. road hits the boundary.

By organizing their ratepayers club and making a fight for road betterments Canyon people are on the right track to secure relief.

Some years ago this same pro cess brought results in getting the diversion of the "hungry hollow" hill road, and it was just this same sort of effort that brought the surface road to Erickson, and will this year give residents along the lower Creston-Erickson road the highway they have long desired.

By bringing all possible pressure to bear to have its present roads put in the shape desired Canyon will probably get the attention it desires somewhat quicker than by waiting for the building of the north and south highway. And with Canyon's needs fully met Creston can surely look for Canyon's support in hustling along the construction of the tourist highway via Creston. For every business at Canyon that will directly benefit by the tourist trade, Creston can at least boast a dozen.

After being closed for some years the one-room school at Mirror Lake, near Kaslo, has re-opened.

TENDERS FOR WOODEN HULL, ETC., FOR DREDGE "P.W.D. ARROW LAKES"

SEALED TENDERS addressed to the undersigned and endorsed "Tender for the Construction of a Wooden Hull, Housing, etc., for Dredge P.W.D. Arrow Lakes," will be received at this office until 12 o'clock noon, FRIDAY, APRIL 22, 1927, for the construction and delivery at Nakusp, B.C., of a wooden hull, housing, etc., for the Dredge "P.W.D. Arrow Lakes," the Department furnishing free of charge all materials entering into the construction.

Plans, specification, and forms of tender can be obtained at this Department and can be seen at the offices of the Mechanical Superintendent of Dredges, Hunter Building, Ottawa, Ontario, the District Engineers, Nelson, B.C., and New Westminster, B.C.

Tenders will not be considered unless made on the printed forms supplied by the Department and in accordance with the conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. Bonds of the Dominion of Canada, or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

By order,

S. E. O'BRIEN,
Secretary.

PUBLIC NOTICE

Attention is called to the following Notice which has been advertised for the Cranbrook Grazing District:

Notice is hereby given in accordance with the provisions of Section 4a of the Grazing Act Amendment Act, being Chapter 14 of the Statutes of British Columbia, 1925, that all horses, branded or unbranded, and owned or claimed by any person or persons must be removed from the Crown Ranges of the Cranbrook Grazing District on or before March 28th, 1927, and must not be returned to the said Crown ranges except under grazing permit issued in accordance with the provisions of the Grazing Act, being Chapter 100, R.S.B.C. 1924. Stallions are not allowed upon open ranges, either Crown or private, at any period of the year.

All persons are warned that in accordance with Section 18a of Chapter 3, Animal's Act Amendment Act, 1925, any horses in trespass on Crown lands on the Creston Flats are liable to destruction.

THOS. P. MACKENZIE,
Commissioner of Grazing.
Dated at Creston, March 29, 1927.

Alice Siding

The Social Club dance at the Todd house on the 18th was noteworthy in the fact that the attendance of men was about four times larger than was the turnout of ladies and the latter certainly had a very enjoyable evening even if the lunch was a little short.

Mrs. C. S. Hester was a visitor with Cranbrook friends a few days last week.

Immediate attention by the road boss would be appreciated by those who have to use the McMurtrie hill. It is very badly cut up and in addition to grader treatment will also require some fitling.

The Social Club are having a hard times masquerade dance at the Todd home on Friday evening next, April 8th, to which all are inviten. As the busy season is at hand this may be the the last dance of the club season.

Mrs. J. C. Martin was the weekly Thursday hostess to Miss Morgan, the evangelist, last week, when a very profitable afternoon was spent by a company of fifteen ladies. Miss Morgan gave an instructive bible reading, and the singing was led Miss George. At the close there was a half hour for refreshments and sociability.

The second property sale of the year was completed last week when Teddy Haskins of Erickson purchased the Midford place at the north end. Mr. Haskins apparently believes the flats are to be dyked and is out to secure a place that will have an advantag aus location for flats land buyers.

H. Ostendorf is busy at present on a land clearing contract on the John Parkin place. John Kelly is making some extensive drainage improvements that will enable him to get a start on the low lying land on his Hummingbird ranch.

The Social Club members and their friends were guests at a housewarming given by Mr. and Mrs. W. Ferguson at their new home on Grandview Heights at Creston on Thursday night last. Cards and dancing were the chief features, the music being by Ron. Smith, violin; Bob Marshall and Hector Stewart, accordeon; Charlie Cotterill and Ron. Stewart, harmonica. A quartette was furnished by Mr. and Mrs. Tooze and Mr. and Mrs. Ferguson. The lunch was of a very high order and it was almost 3 a.m. before proceedings came to an end.

IMPORTANT NOTICE!

All Trades, Businesses and Professions Must be Registered Before April 30th

Notice is hereby given that, pursuant sub-section (3) of Section 523 of the Taxation Act, every person who engages in, carries on, or practices any Trade, Business or Profession within Province is required to obtain from the Commissioner of Income Tax a Certificate of Registration before April 30th, 1927. Application should be made to any Provincial Assessor, from whom full information may be obtained. Certificates will be issued without the payment of any fee therefor.

Default in complying with the provisions of this section renders the person liable, upon summary conviction, to a fine of $10.00 for each day during which his default continues.

Application forms may be obtained from any Provincial Assessor, Government Agent, Provincial Police Officer, or from Commissioner of Income Tax, Victoria.

NEWS OF KOOTENAYS

The 1926 honey output in the Okanagan is placed at 70 tons.

In 1926 the water system at Kaslo showed a nett profit of $710.

A Women's Institute will be organized at Grand Forks shortly.

Kaslo is still paying principal and and interest on bonded debt of $56,000.

Up to the middle of March over 3000 auto licenses had been taken out at Fernie.

Kaslo's municipal-owned electric light plant showed a profit of $2171.49 on 1926 operations.

There is quite a scramble at Bonners Ferry to buy undyked Kootenay Flats land at prices from $25 an acre up.

After paying all the year's expenses Kaslo council closed the books at the end of 1926 with a cash surplus of $527.

Kaslo had its first snowdrops in bloom on March 7th, and on the 4th the first robin made its appearance at Cranbrook.

The golf season is likely to be late in opening at Fernie, and to get in shape the players have started indoor golf at the curling rink.

The Miner says there is hardly an unoccupied house in Rossland, and the demand for residences becomes greater every day.

Kaslo's tax rate is 40 mills—a reduction of 4 mills over the 1926 levy. About 10 mills is required to take care of the school expenditures.

In a points competition at curling earlier in the month Sandy Watson of Fernie is reputed to have hungup a would's record, scoring 54 out of a possible 72.

The Herald points with pride to the fact that Penticton growers last year shipped 4000 boxes of Cox Orange through the Associated Growers for a nett profit of $9000.

A nurses residence is to be added to St. Eugene Hospital at Cranbrook this year. It will be brick construction.

Ray Hanson, near Vernon, last week took took a golden eagle in a cougar trap. The bird has a wnig spread of seven feet nine inches.

Charles Shuttleworth, a noted Penticton hunter, is employed by the government to clean up the cougars, which are unusually numerous in the Columbia Valley around Canal Flats.

FORM F

Certificate of Improvements

NOTICE

Midnight Fractional Mineral Claim, situate in the Nelson Mining Division of Kootenay District.

Where located: On Sheep Creek, adjoining the Queen Mine Group.

TAKE NOTICE that I, A. H. Green, acting as agent for Michael Murphy, of Kaslo, B.C., Free Miner's Certificate No. 84261c, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under Section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 1st day of February, 1927.

A. A. GREEN.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin, "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Imported direct from the Orient in metal lined chests. Blended and packed into 1 lb., ½ lb., ¼ lb. bright *Aluminum* packages.

RED ROSE TEA "is good tea"

105-R

RED ROSE ORANGE PEKOE is extra good.

British vs. Foreign Born

The subject of immigration to Canada is, it is gratifying to note, engaging the attention of the people of the Dominion to an ever increasing extent. A very real interest is being aroused, and this interest is not confined to Canada, but is much in evidence in the British Isles. This growing interest is occasioned, not only because of a realization of the fact that one of Canada's national requirements is a larger population, but because it is becoming increasingly clear that in the present and succeeding years, Canada will be the mecca of the surplus population of older and more congested lands.

Much of the discussion around this subject is as to the effect of this larger influx of population upon the future character, ideals and national view point of the Canadian people. Fears are expressed in some quarters that non-English speaking peoples will swamp the native Canadians and the British-born, with a resultant gradual weakening of the ties binding Canada to the Empire, and the possible introducion of customs and ideals not wholly acceptable to those of British descent. It has been argued that Canada should restrict immigration to men and women of British descent.

While it will be generally admitted that greater encouragement should be given to British immigration than to immigration of other races, it is a pity and a grave mistake that people strongly urging this view should indulge in mis-statements in their references to the present composition of Canada's population, and more particularly the racial classifications of the people of the Western prairie provinces.

Speaking before the Canadian Club of Vancouver recently, Mayor Webb of Winnipeg is credited with making the statement that fifty-five per cent. of the people of the prairie provinces were non British. It would be interesting to have Mr. Webb submit some proof in support of such a statement, because the official census figures do not support him.

At a meeting of the Women's British Immigration League held in Saskatoon a few weeks ago, the even more astounding statement was made that "after a careful study of statistics" it was established that Saskatchewan's population was 75 per cent. foreign born and only 25 per cent. British, and a Saskatoon paper headed its report of this League meeting with a two-column display declaring "Province's Population is 75 per cent. of Foreign Extraction."

In view of the circulation of such misinformation from what might well be accepted as authoritative sources, it is well that the actual facts should be given wide publicity.

According to the census of 1921 the population of the three prairie provinces was 1,956,082, and was officially classified as follows.

	Born in Canada	Born in other British Possessions	Born in U.S.A.	Born Elsewhere
Manitoba	387,746	113,114	21,644	87,614
Saskatchewan	457,833	100,355	87,617	111,705
Alberta	315,090	99,392	99,879	74,093
Total	1,160,669	312,861	209,140	273,412

In other words, out of a total population of 1,956,082, no less than 1,473,530 were British-born, either in Canada or in Great Britain and other British countries. That is, a little better than 75 per cent. were British-born as compared with less than 25 per cent. non-British, a contrast to Mayor Webb's figures of 55 per cent. non-British and only 45 per cent. British.

The figures used at Saskatoon relative to Saskatchewan should just be reversed—75 per cent. born under the British flag and only 25 per cent. under all other flags being the correct classification.

It is a well known fact that thousands of our people classified as born in the United States are the children of Canadians who emigrated to the western middle states in the eighties ,while other thousands are of British descent.

Canada is British and British to stay. The Anglo-Saxon has demonstrated his ability to assimilate other people as no other race has done, and here in the West we know that most of our non-British people have a high regard for democratic British institutions, a real appreciation of British liberty, and a deep respect for British law. They are glad to have their children educated in regard to these things, and in a generation or two it is well nigh impossible to distinguish them from those of British descent, except for the surnames they bear.

British people themselves are the result of an intermingling of races, and in the melting pot of Canada there is every reason to believe that the Canadian people of the future will be one of the finest, sturdiest, most moral and intelligent races in the world.

CHILDREN CRY FOR

MOTHER:— Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of Chas. H. Fletcher.
Proven directions on each package. Physicians everywhere recommend it.

Strange Performance Staged in Moscow

Remarkable Parade Was Grim Reminder of Czarist Days

Moscow witnessed one of the strangest theatrical performances in history recently. Dressed in striped prison garb and shackled with chains and handcuffs and with shaved heads, 300 actors paraded the streets of the capital guarded by Cossack prison wardens carrying knouts and swords. The purpose of this grim procession was to show the present proletarian public how political offenders were punished in Czarist days and signalized the tenth anniversary of liberation from imperial jails of professional revolutionists.

Each "convict" wore on his back a large ace of diamonds which in pre-revolutionary days was accepted as a symbol of degradation and opprobium. The entire company proceeded to the Meyerhold theatre where they gave a drama based on prison life under the emperors.

Agony Of Lumbago Quickly Soothed Away By "Nerviline"

For the sharp, piercing pain of Lumbago, and the tormenting aches of Rheumatism, no liniment is so efficient, so quick to bring comfort and relief as good old "Nerviline." This wonderful liniment penetrates through the tissues very quickly, sinks at once to the core of the pain, draws the blood from the congested area, and thereby relieves the pain in a short time. Those who suffer from stiff joints, swellings and Rheumatic conditions should use Nerviline, the King of Pain destroyers. Get Nerviline today, 35c, at all dealers.

Speaking of fruit, the first apple caused a lot of trouble for the first pair.

MAKE CARE OF BABIES EASIER

Stomach disturbances and constipation are responsible for much of the peevishness of babies and young children. When the baby is cross or irritable the mother should not resort to so-called soothing mixtures to correct the trouble, for in the majority of cases these mixtures simply drug the child into an unnatural sleep. What is needed is a gentle laxative that will sweeten the stomach and regulate the bowels. Such a remedy is found in Baby's Own Tablets. They are easy to take and guaranteed to be entirely free from opiates and narcotics. Concerning them, Mrs. Jos. Tousaignant, Ste. Sophie, Que., writes:—"I would like all mothers to know that I feel there is no other medicine to equal Baby's Own Tablets. I always keep a box in the house and their prompt use never fails to restore my little ones to health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Rural Mail is Heavier

More Use Being Made of Postal Reduction Than Was Anticipated

When penny postage was inaugurated through the budget of last year it was estimated by the minister that the loss in revenue from the decrease in the former three cent rate would be approximately five million dollars.

It is stated that, while there has been little increase in the volume of business letters, the return to penny postage has quite appreciably stimulated letter mail in the rural districts, and that as a result the decrease in revenue will be, not five millions, as estimated, but about two and a half millions.

The department will show a considerable deficit for the current year, but not nearly so great a deficit as expected.

Princes Fond of Jazz

Though jazz is not popular with the senior members of the royal family, the juniors greatly enjoy it. The Prince is a skilled and enthusiastic trap-drummer, and Prince George is a virtuoso on the same very modern instrument. Prince Henry, however, has more classical tastes and eschews the negroid melodies for opera and symphonies.

A century ago a physician told Tippolyte Gillet's parents that he could not live long, as he had only one lung. He died recently at the age of 102.

Minard's Liniment for rheumatism.

"Worth its weight in gold" Says Ottawa Matron

Mme. Beatrice Charlebois could not hold pen to write. Nerves completely shattered, health ruined. Now alert, vigorous and strong, she gives praise to Tanlac

The two-year ordeal which she passed through before Tanlac came to her permanent relief, was recently described by Mme. Beatrice Charlebois, of 22 Rose St., Ottawa.

"What I endured in that time could not be told," she said. "I was so weak I could hardly walk. My appetite was poor and my stomach gave no end of trouble. Gas and pains would bring on fainting spells.

"My nerves were so completely shattered that I jumped in fright every time the doorbell rang. My hand trembled so that it could not hold the pen to write my name. Night after night I've gone without sleep, too nervous to lie still for even a few moments. Even my housework became too much for me.

"I tried all kinds of remedies in those two years, but can honestly say Tanlac gave me my first real relief. It built me up so that I've gained 11 lbs., eat and sleep fine and have nerves as calm and steady as ever. Tanlac is worth its weight in gold."

Build up your health on Tanlac, nature's own tonic made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

New Place Open For Canada

Can Have Seat on Geneva Council Says Herbert Holt

The universal esteem in which Canada is held throughout the world is liable to bring the Dominion face to face with the question whether or not she will accept a place on the council of the League of Nations, Sir Herbert Ames, financial director of the secretariat of the League of Nations, told the Ottawa Canadian Club.

He predicted that in a short time it will be demonstrated that if Canada wants a seat on the council she can have it with the goodwill of all the members of the League.

This goodwill, he added was deserved because Canada had always played the game and taken her full share of responsibility in connection with league matters.

There existed at Geneva, he added, an atmosphere for peace and the men who were making international reputations were the men who came to Geneva ready to make concessions.

Sir Herbert summed up the change that had taken place by declaring that fear had been replaced by security, force by compromise, despondency by hope and co-operation had replaced competition.

As in nature, so in government—nothing is permanent that is violent.

Worms sap the strength and undermine the vitality of children. Strengthen them by using Mother Graves' Worm Exterminator to drive out the parasites.

The greater bore a man is the smaller the hole he leaves behind him.

Too Mucht to Believe

"It just ain't," exclaimed Mary Cura, 75 who hobbled from her home at Snowbound Silverton, Colorado, to observe the first aeroplane she had ever seen.

Her Kidneys Were In Pretty Bad Shape

Manitoba Lady Tells of Benefits Received From Dodd's Kidney Pills

Mrs. J. D. Beattie, in a Few Words Gives Reason Why Dodd's Kidney Pills Are So Popular.

Minneta, Man. (Special)—"My kidneys were very bad and I felt as though I did not want to do anything but sit around. I thought I would try Dodd's Kidney Pills, which I did, and they helped me very much. After taking two boxes I began to feel well again, and now my kidneys are fine."

What Mrs. Beattie states is all that has ever been claimed for Dodd's Kidney Pills—that they are good for sick kidneys. The road to good health lies through the kidneys. If they are kept strong and well, all the impurities are strained out of the blood. If they are weak and out of order the impurities stay in the blood and disease is the sure result.

Dodd's Kidney Pills keep the kidneys in good condition to do their work of cleaning and purifying the blood.

Weak, nervous, run-down women should give Dodd's Kidney Pills a trial at once.

She: And will you ever stop loving me?

He: Well, I have to get to the office by ten tomorrow morning.—Life.

A safeblower doesn't blow about it later.

for Colds

BAYER

ASPIRIN

Proved safe by millions and prescribed by physicians for

Colds	Neuralgia
Pain	Neuritis
Headache	Lumbago
Toothache	Rheumatism

DOES NOT AFFECT THE HEART

WARNING! Beware of Counterfeits

There is only one genuine "ASPIRIN" tablet. If a tablet is offered as "ASPIRIN" and is not stamped with the "Bayer Cross"—refuse it with contempt—it is not "ASPIRIN" at all! Don't take chances!

Safe

Accept only "Bayer" package which contains proven directions.

Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

CONSIDER PLANS FOR CELEBRATION OF JUBILEE DAY

Ottawa.—At the first meeting of the National Committee for commemoration, held here, formal organization was carried out, officers were elected and numerous suggestions were received as to the form the celebration should take.

A suggestion that His Majesty the King should open the celebration by touching a signal in London, immediately after which the new carillon in the tower of the Parliament Buildings would ring out and be broadcast, to let all Canada know of the nation's 60th birthday, was considered and practically approved.

During the discussion, M. J. Coldwell, president of the Canadian Teachers' Federation, said that great attention should be paid to the share of children and young people in the jubilee celebration. He said that the organization he represented was not greatly in favor of spending a large amount of money on parades and fireworks.

George Edwards, president of the Canadian Council of Agriculture, said he believed he expressed the views of organized agriculture when he urged upon the committee that the celebration should not be predominantly military. There should be pageants where the achievements of the pioneers should be portrayed.

The draft of the organization of the corporation, consisting of the committee, approved by act of Parliament, was agreed to. A vote of thanks was expressed to Lord Willingdon and Lady Willingdon.

In replying, Lord Willingdon stated that he was proud to be a citizen of Canada at the present juncture and that he, and Lady Willingdon, would join in the work to make the commemoration most successful.

Unemployment Insurance

Labor Member for North Winnipeg Introduces Resolution

Ottawa.—A resolution declaring that the committee on industrial and international relations should be instructed to investigate and report on the establishment of a system of insurance against unemployment, sickness and invalidity was discussed in the House of Commons.

A. A. Heaps, Winnipeg North, Labor, the mover of the resolution, said in opening that he did not expect the committee would be able to report on the matter this session or perhaps for two or three sessions. It was a big undertaking requiring extensive investigation.

A royal commission, Mr. Heaps said, had been appointed in Great Britain to invtstigate unemployment insurance and had reported recently that this form of insurance was now a permanent feature in the social life of Great Britain. The act had not been abused in Great Britain according to the commission.

Mr. Heaps stated the tariff board afforded industry in Canada an opportunity to ask for increased protection.

The human element in industry, however, was not given any protection.

Retires From Public Life

Former Chinese Premier Has Renounced All Worldly Honors

Rome.—Lu Cheng Hsiang, former premier of China, who is an ardent Roman Catholic, has renounced worldly honors and sent the Pope a case containing the high civil, military, and diplomatic decorations awarded him during his long diplomatic carter. Along with the decorations the veteran Chinese diplomat sent the Pontiff a letter informing him of his decision to retire to private life and renounce all mundane pomp.

Thought Government Going Broke

West Palm Beach, Fla.—A long line of negroes staged a steady run on the United States Post Office here for heavy withdrawals from the Postal Savings Department, following reports circulated widely through the negro section that the Government was going broke.

Planning British Hollywood

Great Interest Being Taken in New Concern Capitalized at $5,000,000

London.—Plans for founding a British Hollywood already have been started by British motion picture producers, elated over the prospective passage of the bill now before parliament to foster British motion picture production.

"British Incorporated Pictures, Limited," is being formed to promote the British Hollywood. The new concern, which is capitalized at £1,000,000, plans to promote British pictures on an empire wide basis. It is stated noted artists, authors, and actors are actively interested, including John Galsworthy, Arnold Bennett, Frank Brangwyn and Sybil Thorndike.

Extensive modern studios are to be built near London and directors are to be borrowed from American organizations on a reciprocal basis. Five year options on the film rights of stories by fourteen well-known authors have been secured, it is announced. These include Arnold Bennett, John Galsworthy, Sir Hall Caine, Sir Arthur Conan Doyle, Eden Philpotts, Sir Philip Gibbs and Rafael Sabatini. Affiliated companies will operate throughout the empire.

Asks Five Millions To Leave Shanghai

Defender of City Willing to Come to Terms With Nationalists

London. — With the Nationalist forces in China keeping up their intensive struggle to surround and isolate the important Nanking position from Shanghai, comes a report from Shanghai that General Chang Tsung-Chang, the Shantungese defender of that city, has offered for a large money consideration to evacuate the terrain he holds and thus save the region from becoming a zone of actual hostilities.

Chang desires about $5,000,000 for retiring into the province of Kiangsu, says a despatch to the Westminster Gazette. If the amount is not forthcoming, it is asserted he intends, if necessary, to retreat upon Shanghai itself, thus bringing the prize city of the Orient into the struggle for mastery between the northerners and southerners. According to the correspondent Chinese merchants in Shanghai are said to be unable or unwilling to raise the huge sum demanded.

Anxious To Prevent Wars

League Interested in Keeping Peace Among Non-Member Countries

Geneva.—The League of Nations is interested in preventing the outbreak of any war, regardless of whether the nations concerned are members of the League. This was made clear in a report adopted by the League council committee engaged in interpreting the league covenant as an instrument for preventing war. No nations are named in the report but it indicates that any dispute, even thought it involves the United States, Mexico, Turkey or any other non-member, becomes a matter of concern to the council. That body should study the advisability of bringing into play all preventive measures including aerial and naval demonstrations against the state which adopts a hostile attitude.

Explorer Leaves for China

Roy Andrews Will Probe Secrets of Gobi Desert

Seattle, Wn.—Roy Chapman Andrews, noted explorer has sailed from here en route to China again to ferret out the secrets of the Gobi desert, which he believes was the "cradle" of mankind. The unsettled conditions in China make the date of his departure from his headquarters in Peking problematical, but the expedition will be prepared to push its way over the age old caravan trail to the desert as soon as the situation warrants.

On his last trip into the region, Andrews found dinosaur eggs estimated to be millions of years old.

Advocates Alberta Line

Ottawa.—Hon. C. A. Dunning, Minister of Railways, intends to bring down a bill to extend for two years the time for the completion of the joint section of the Canadian National branch line from Rosedale, southwesterly, Alberta.

WOULD CREATE A SELLING AGENCY FOR LIVE STOCK

Edmonton.—Establishment of its own selling agency and freedom from any "entangling alliances with our sister provinces to the east until such time as they are ready to accept their share of the responsibility and burden of developing co-operative marketing on a wider basis," is recommended in the directors' report presented at the second annual convention of the Alberta Co-operative Livestock Producers Limited here.

The creation of this selling agency for the livestock handled by the Pool, it is stated in the report, can be financed by the Board by taking advantage of the deductions for reserve fund as provided in the Pool contract.

While it is generally understood that this new arrangement, if brought into effect will result in severing the connection which for some time has existed between the Alberta Pool and the United Livestock Growers with head offices in Winnipeg, officials of both organizations are reticent as to the possible effect of the move on the future of co-operative marketing in this province.

Gold Seekers Stake Claims in Blizzard

Another Rush Started to New Area in Nevada

Tonopah, Nevada.—The land of gold at Weepah held ever-increasing numbers in its spell, as novices and desert rats alike, heard the news of the latest discovery at Barrel Springs, five miles to the south. Two hundred men and women struggled through a whining mountain storm from Goldfield to Barrel Springs, and stakes out claims in the new area.

The rainbow chasers plunged out through the night while the gale arose to such strength that it blew the storm doors and plate glass windows out of the Goldfield hotel.

The temperature was 13 degrees below zero, with a forty mile an hour wind whistling across the wastes of sage and sand.

The rush to the new district began before daylight and long after dark the last stragglers began to reach shelter here. Miners at the gold zone, a lead mine 15 miles from Weepah, threw down their tools and joined in the dash.

The latest discovery is reached from the head of a precipitious canyon, where a geologist found ore assaying $78 to the sack, at a depth of 20 feet, in an old shaft.

Prince Wins Guards Race

Bicester, Eng.—The Prince of Wales, riding one of his own hunters, won the Lord Manners Cup in the Grenadier Guards regimental point-to-point races at the Bicester hunt meeting. There were fourteen other entries. The prince rode a well judged race and finished a length ahead of the second. He was given a great ovation by the crowd.

H. B. Road Pushing Ahead

Steel Now Within Eighty Miles of Port Nelson

Nelson

Winnipeg.—Laying of steel for the Hudson's Bay Railway is now across the Limestone River and within 80 miles of Port Nelson, is the report brought here by Constable E. P. Warren of The Pas division of the provincial police force. He reported that work was progressing very favorably under ideal weather conditions.

Constable Warren has just returned from a long patrol into Manitoba's hinterland, seeking evidence as to the alleged poisoning of game by trappers.

During the trek, Constable Warren ran short of food and subsisted for several days on dog biscuits and tea. He also reported that he was compelled to destroy four of his huskies owing to lack of rations.

Infantryman and Rifle Are Most Important

Nothing Has Been Invented to Replace Them in Warfare

Ottawa.—Among all the instruments of warfare which have been invented during and since the last war there is nothing to take the place of the infantryman and his rifle, was the keynote of the report of the council presented at the annual meeting of the Dominion of Canada Rifle Association here. A feature of the council's report was the recommendation of the treasurer that careful consideration be given the suggestion that the size of the team representing Canada at Bisley be reduced from two officers and 18 shooting members to two officers and 15 shooting members. The suggestion was made in view of the increased cost of ocean transportation.

Plan To Visit Provinces

Canadian League Members Will Wait on Ministers of Education

Ottawa.—Deputations to wait upon the ministers of education in each of the nine provinces of the Dominion are being organized under the aegis of the League of Nations Society of Canada with a view to getting definite instruction on the origin, aims and work of the League of Nations included in the curriculum of the elementary schools throughout Canada, it became known here.

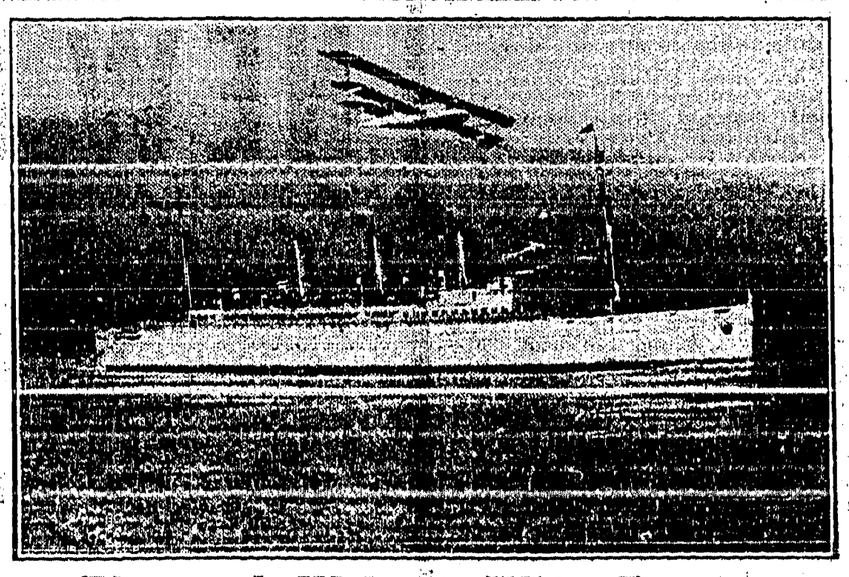
A special committee under the chairmanship of Senator H. A. Belcourt has been dealing with the matter.

Saar Compromise Plan

Berlin.—Foreign Minister Stresemann's acceptance at Geneva of a compromise plan for policing the Saar Valley after the withdrawal of occupational troops was unanimously approved by the cabinet. His policy regarding the status of Germans in upper Silesia also was upheld.

Paying on War Debts

London.—French and Italian governments each paid $2,000,000 recently to the British Government on their war debt accounts.



Thousands Welcome White Empress

Over 10,000 people lined the coast at Vancouver to welcome the Canadian Pacific Empress of Canada, flagship of the Pacific fleet, when she steamed into her home port from the Orient recently, glistening in her new garb of white paint. She was escorted by several Canadian Government seaplanes.

The decision of the Canadian Pacific to make their entire Pacific fleet white, has met with approval in the shipping world and also by passengers with whom these giant trans-Pacific liners are popular. They will be known as the "White Empresses of the Pacific" and make a beautiful picture steaming through the blue waters of the Pacific.

THE OUTLOOK FOR IMMIGRATION IS VERY FAVORABLE

Ottawa.—Immigration prospects in the present year are considered particularly favorable in view of the extensive activities of the Department in connection with which Hon. Robert Forke is going to Europe at the conclusion of the session. Every arriving ship is fulll of intending settlers.

The Deparment has just renewed the agreement with the Canadian Pacific and Canadian National Railways whereby representatives of the companies are to continue, on the continent, the selection of a hand picked class of immigrants to engage in work as farmers, farm helpers and domestics. The Department is to accept the certificate of the railway representatives as to the occupational fitness of the immigrants for the particular work to which they will be directed, while the companies also guarantee to locate the new comers in positions.

For the purposes of the agreement, which is to be a three-years continuance of the existing arrangement, expiring next September, Europe will be divided into three areas, the principal one being the British Isles, France, Belgium, Germany, and the Scandinavian countries. People coming from those countries will not require the certificate of occupational fitness but more rigorous condition will be applied to the others.

When the minister of immigration is in Great Britain he will take up with the British authorities the question of extending the application of the plaa of assisted immigration under the soldier's settlement plan. This is largely a problem of securing the necessary land and, in that connection substantial tracts are being oherd at very low rates by the railways and the Hudson Bay Company. The whole immigration outlook is considered to be most favorable.

Workers Risked Lives Rescuing Entombed Man

Was Trapped Thirteen Hours When Side Caved In

Fuquay Springs, N.C.—Entombed for thirteen hours in a 70 foot well Jeff Ashworth who had been pinned by caved in walls forty feet down in the well was extricated after a group of rescue workers dug away the debris all night by the light of automobile headlights, farm lanterns and candles.

Ashworth was placed in the hands of physicians when he was rescued He said that he rested easily for the last five hours of his entombment.

When the rescuing party pulled Ashworth out he was exhausted but no outward physical injury was indicated.

As soon as Ashworth's plight became known a crowd of volunteers assembled and began removing the rock curbing of the well. In shifts of three men each the rescuers were lowered into the hole and as fast as they could fill buckets the debris was drawn to the top.

Police Hunt for Poison

Boxes Lost Off Hospital Van Picked Up By Children in London Slums

London.—Squads of police worked feverishly all one night trying to recover 264 tubes of powerful poison which fell off a hospital van in London's east side. The tubes were picked up by small children who used them for playthings.

All night the police trailed the missing tubes from one child to another and by noon had recovered 200. The tubes were packed in bright orange colored boxes which made them very desirable toys in the eyes of the poor children of the section.

Inserted Without Authority

London.—Advertisements appearing in newspapers in Scotland stating that the Canadian Government guaranteed employment to emigrants throughout the year were inserted without approval of the Canadian authorities, Hon. L. C. M. Avery, Dominions Secretary stated in the House of Commons that steps were being taken to amend the situation.

GOVERNMENT LIQUOR ACT

Notice of Application for Beer License

Notice is hereby given that on the 4th day of May next the undersigned intends to apply to the Liquor Control Board for a license in respect of premises being part of the building known as the McConnell Hotel, situate at Kitchener, B.C., upon the lands described as Lot Three (3), Block Three (3), Kitchener Townsite, Nelson Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

Dated this 30th day of March, 1927.

ANGELA RIZZUTO.

PUBLIC NOTICE

Attention is called to the following Notice which has been advertised for the Cranbrook Grazing District:

Notice is hereby given in accordance with the provisions of Section 4a of the Grazing Act Amendment Act, being Chapter 14 of the Statutes of British Columbia, 1925, that all horses, branded or unbranded, and owned or claimed by any person or persons must be removed from the Crown Ranges of the Cranbrook Grazing District on or before March 28th, 1927, and must not be returned to the said Crown ranges except under grazing permit issued in accordance with the provisions of the Grazing Act, being Chapter 100, R.S.B.C. 1924. Stallions are not allowed upon open ranges, either Crown or private, at any period of the year.

All persons are warned that in accordance with Section 18a of Chapter 3, Animal's Act Amendment Act, 1925, any horses in trespass on Crown lands on the Creston Flats are liable to destruction.

THOS. P. MACKENZIE,
Commissioner of Grazing.

Dated at Creston, March 29, 1927.

WATER ACT

Notice of Application for the Approval of Plans

Take notice that Creston Reclamation Company, Limited, will apply to the Comptroller of Water Rights for the approval of the plans of the works to be constructed for the diversion of water from Goat River under application for a license for lowering water purposes, which application was filed in the office of the Water Recorder at Nelson on the 16th day of November, 1926.

The water is to be diverted from the said stream on N.E. 1-4 Tp. 18, Kootenay, for purposes of reclamation of a portion of the Kootenay Flats.

The plans and specifications of the said works have been filed in the office of the Comptroller, and duplicates of such plans and specifications are now open to inspection in the office of the Water Recorder at Nelson.

Objections may be filed with the Comptroller at any time prior to the expiration of thirty days after the first publication of this notice.

The date of the first publication of this notice is April 1, 1927.

CRESTON RECLAMATION COMPANY, LTD., Applicant.
By A. L. McCULLOCH, Agent.

POTATOES—Rural Russett potatoes for sale, for eating or seed, $1.50 per sack. F. J. Klingensmith, Erickson.

For Sunday evening Rev. S. Newby's topic at Christ Church will be, "Except ye see signs and wonders."

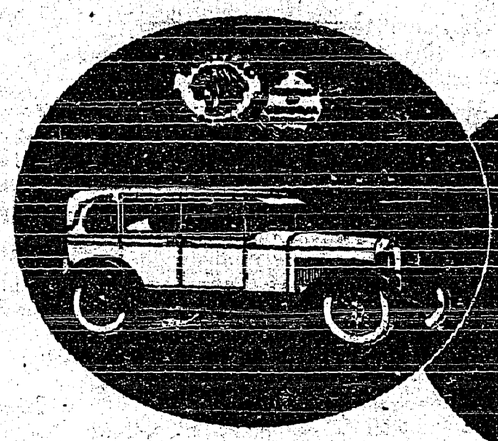
The fall fair directors had the organization meeting on Wednesday afternoon when C. W. Allan was named president for 1927, with Sam Moon vice-president, and F. H. Jackson, secretary. In our report last week of the annual meeting we omitted the name of F. J. Klingensmith from the list of elected directors.

Wm. Kennedy, who a couple of weeks ago was sent up for trial by Magistrate Mallandaine on a false pretenses charge in connection with a sale of an oil lease, appeared before Judge Forin at Nelson on Monday and was let off with sentence of 28 days in jail. As he had already served this amout of time while awaiting trail at Creston and other places, Kennedy went free. Since his trial he has repaid the money unlawfully secured.

Instead of cards Creston and District Women's Institute featured the March at home for members and their escorts on Thursday evening last with a variety of games and concert programme and the affair was very popular with the large turnout. Vocal numbers were given by Miss Muriel Knott and W. J. Truscott; recitations by Mrs. Mallandaine and Dr. Lillie, and an organ and cello duett by T. Goodwin ane Geo. Truscott. At progressive games the winners were Mrs. M. Young and Ted Staples, while at a newspaper dress designing contest frist prize went to Bob Crawford in very keen competition, which was open to men only.

Mrs. Garland Foster of Vancouver was a visitor with Mr. and Mrs. Hayes a couple of days at the end of the week. She is at work on a book, "The Mohawk Princess," a biography of the late Indian poetess Pauline Johnston, which will be published early this this fall. Mrs. Foster was en route to Toronto to look after the book's publication.

Col. Fred Lister was greeted with a full house on Monday night when he spoke in the Parish Hall reviewing the work of the 1927 session of the legislature. The chair was occupied by Major Mallandaine, with community singing and vocal numbers by Chas. Moore and Rev. S. Newby to brighten up proceedings. At the close lunch was served and an hours dancing indulged



Again Pontiac Leads in Value

PONTIAC Six introduced a totally new and revolutionary standard of values when the first Pontiac Six was announced a little over a year ago.

Now, Pontiac Six is increasing its lead—sweeping still further in advance of its field. For, in the New and Finer Pontiac Six, General Motors has achieved a combination of fine, six-cylinder performance, strikingly beautiful appearance and low price unequalled in all the automobile world.

Again Pontiac leads in value—and by a wider margin than ever. Small wonder that the records established by Pontiac's first year sales are already being surpassed by the enthusiastic public reception of the New and Finer Pontiac Six.

Come in and see the car, and the reasons for Pontiac leadership become at once apparent.
