CORRESPONDENCE.

The following communication to Mr. Wm. Duncan from R. W. Hodson, Live Stock Commissioner has been handed to us for publication:—

Sir:—A few of the Secretaries of creameries, and also this Department, are desirous that the creameries throughout the Province take up the handling of eggs, just as they do butter, the farmer or poultryman sending his eggs to the creamery, where he would be paid monthly. At present many farmess take their eggs to the store, where the grocer gives them trade for the eggs, thereby making a double profit, one on the goods given in exchange for the eggs, and another later on the sale of the eggs. If creameries could handle the eggs of their surrounding districts, have the eggs shipped to them, grade the eggs, and have every egg stamped with the vendor's number, so that when the eggs were put on the market, if any should be bad, such eggs could be traced back to the vendor, and he be dealt with by his creamery. By this method of handling eggs, I feel sure that there would be less fluctuation of price on the market, therefore it would mean a better price all year to the poultryman. It should also give a profit to the creamery, and would give a high-class, guaranteed product to the consumer, a product for which a fancy trade should be worked up in a short time. Kindly think this matter over, and let us hear from you at your earliest convenience.

I have the honour to be.
Sir,
Your obedient servant,
R. W. Hodson
Live Stock Commissioner.

The first drawing of the series at the Big Store took place last Saturday night at 9 o'clock for a 22 Savage Rifle, the lucky number was 623 and the winner Mr. D. Thompson. Next Saturday evening the drawing will be continued, the prize being a fine gents silk umbrella, with massive gold handle.

Dr. Kerr the dentist, will be at the Waverly until Saturday, Dec., 19th. Make your appointments as soon as possible.

The many friends of Miss Tottie Williams, of Vancouver, formerly of this city, will regret to hear that she is quite ill with typhoid fever at Winnipeg.

Mrs. McGregor, of Nanaimo, is paying Cumberland a visit and is the guest of her parents Mr. and Mrs. D. Thompson.

TOUGH ON THE EDITOR.

The Editor of the Dufferin Post Orangeville, had a bad fall lately. This is how he broke the news to his subscribers: "The Post is not feeling at all spry just now, and the fleecy mantle which covered the earth yesterday was indirectly responsible for our undoing. While making our way along somewhat abstractedly, thinking of plans to better serve our many subscribers we failed to observe a small piece of ice which treacherously concealed itself beneath a snowy covering, and our feet suddenly taking flight and describing a graceful curve, after what seemed a very long time in which all the sins of our delinquent customers flashed through our mind, we finally landed kerplunk on the broad of our back on terra firma—how firm it was we have very good reason to remember—and snap went a couple of editorial ribs. We had an idea that we must have jarred the earth as far as China at least and were much surprised to see no violent disturbance of the earth recorded by the seismograph at the Toronto Observatory."

$50 REWARD

The above reward will be paid for the recovery of the body of my son, Willie Harwood, dead or alive.

Letters only, will be delivered at post office on Christmas day.

LITTLE RIVER.

—H. B.—

I struck a logging camp for work
a month ago to-day,
The work a superfluity, tho'
not quite so the pay;
They stuck me up behind a
stump, requested me to blow
If I'd been from the other side,
small need to tell me so.
They told me one to shut her
down,
and one to moke her go,
Two whistles send her back they
said.
And three ahead go slow;
And if you want to slack the
main, four whistles will contrive
But if it is the haul-back, then
you'll have to go a five.

CHORUS

For Dan's a slinging rigging
And Bob's a tending hook,
A notter Tom, a sniper Ted,
And China Charley Cook;
And Aleck Stewart, what's his
name,
He makes the donkey tare,
The signal-man Green, meek
and mild,
He stomachs all the swear.

We've a locomotive engine,
to many horses save,
With fireman Jim, conductor
Bill and stately driver Dave.
With such great railroad magnates, we never have a spill,
Such things would hurt the
feelings of head conductor Bill.
The cars go to the landing, at
least they mostly do,
Except when over loaded, then
they ditch some one or two;
And when at last the landing,
the crew don't tarry late,
For the chairman of directors
in silent solemn state,
There are fellows in this logging camp,
Been falling since the fall,
When [illegible] fell from his high [illegible]
[illegible] in [illegible] garden small.
[illegible] or under-cutter too,
[illegible] say,
[illegible] and reuts the trees,
And buckers then with oil and
wedge,
To [illegible] up a squeeze.

There's a little P. F. chaser-man
and one to tend the spool,
And then there come the loaders
two, the big one rather full.
And last, but not the least by gad!
to put it rather mild,
'Tis Lyman Hart, our boss in
part.

Zam-Buk as a cure for Piles.

Impressive Cures of Women Sufferers.

Our Readers should note these cases.

Wherever there is suffering from piles, Zam-Buk should be applied! There are lots of reasons for this, but one of the best is that in practically all cases of piles where the use of Zam-Buk is preserved with complete cure—not mere relief—is the result.

Mrs. Wm. Hughes, of 253, Hochelaga Street, Hochelaga, Montreal, says:—"I suffered from blind, itching, and protruding piles for years. Sometimes they were so bad that I could hardly bear to move about. The inflammation, the burning smarting pain, the throbbing, the aching, the overpowering feelings of dullness and dark despair which this ailment bring, the shooting spasms of agony—all were so terrible that only sufferers from this awful ailment can understand!"

Bad as this case was, Zam-Buk triumphed, and Mrs. Hughes suffer no longer. It needed a little perseverance, with Zam-Buk certainly, but in the end it cured!

Mrs. E. Boxall, of Scott Street, St. Thomas, says:—"For months without cessation I endured great pain from bleeding piles. For as many months I tried everything which I thought would give me ease, but in the end, dispirited and still suffering, I gave in."

Then it was she heard of Zam-Buk, and she adds:—"Although I feared Zam-Buk would be like the ordinary remedies—useless—I am glad it was not. It soon proved itself to be very different. It rapidly gave me relief, and after a time cured me completely.

I would like to let all sufferers from piles know what a grand thing Zam-Buk is."

So one could go on quoting case after case, and it is by working such cures that Zam-Buk has earned for its If its great reputation.

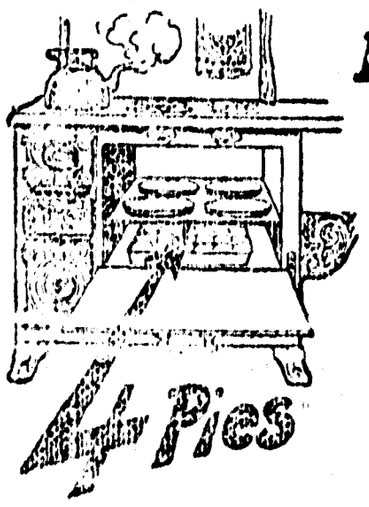
Now if you suffer from this terrible painful ailment just be guided by the foregoing cases!

For internal piles melt a little Zam-Buk and thoroughly soak a wad, mud of clean but old Linen. Then apply to the part. If the piles are external, application of Zam-Buk is still more simple. Do it upon retiring. Next morning you will be well satisfied!

Zam-Buk is also a cure for cold-sores, and chapped cracked hands, ulcers, festering sores, blood poisoning, eczema, bad leg, ringworm, scalp sores, burns, scalds, and all skin diseases and injuries.

All druggists and stores sell Zam-Buk at 50c. a box or may be obtained post free from Zam-Buk Co., Toronto, for price; 3 boxes for $1.25. You are warned however, against cheap and dangerous imitations sometimes offered as being "just as good."

Sask-alta Range



REDUCES · THOSE BAKING HOURS!

Why have an oven sufficient only for three pies when "Sask-alta" Range oven will take four pies and other cooking? The more baking space you have—the less fuel you use—the less work you do. Fuel and work are just about the main items of expense in the kitchen. "Sask-alta" Range saves both for you.

Synopsis of Canadian Homestead Regulations.

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter brother or sister of and intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans;

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined

The Christmas Rod and Gun.

Full of good things is the December (Christmas Number) of "Rod and Gun and Motor Sports in Canada," published by W. J. Taylor, at Woodstock, Ont. A specially written and finely illustrated account of the trip taken in the woods by the Premier and Surveyor General of New Brunswick at the invitation of the organized guilds of the Province, opens an exceptionally good number, the high standard of which is maintained throughout. Sportsmen of all classes may be recommended to the well written and informative article on the Importance of Taxidermy.

Ancient Indian customs is a fine reminder of the difficulties the Indians experienced in the matter of obtaining a living before the advent of the white man to the North America Continent. Physical Culture at home is the first of a series of articles by an expert on a subject which cannot fail to interest all sportsmen. In the Spirit of the North will be found some five verses, every line appealing with strong force to every lover of the wild but attractive north country. These are but samples of the good things dealing with every phase of sport in Canada, to be found between the covers of a number surpassing in both quantity and quality the best yet given by this leading Canadian magazine. The illustrations are specially notable and attractive in this fine Christmas issue.

Editing a newspaper, says the Deseronto Tribune, is a nice thing. If we publish jokes people say we are rattle-brained. If we don't we are fossils. If we publish original matter, they say we do not give them enough selections. If we give them selections, we are too lazy to write. If we don't go to church we are heathens. If we do go we are hypocrites. If we remain at the office we ought to be out looking for news. If we go out, then we are not attending business. If we wear old clothes, they laugh at us. If we wear good clothes, they say we have a pull. Now, what are we to do? Just as likely as not some one will say that we purloined this from an exchange. So we did.

John Houston's paper, the Empire, which he publishes at Prince Rupert, is unequalled in the fearlessness with which it tackles questions of local interest. When an attempt to put him out was made by the G.T.P., he, familiar with life in the West, promptly located a mineral claim in the middle of the townsite, and has enjoyed practical immunity since. His paper strongly criticizes the G. T.P. on every point, and gives the outsider an exact idea of the conditions at that point.
