OCEAN FALLS LUMBER CO. GETS BIG TIE CONTRACT—WILL OPERATE MAY 1

The G. T. P. has placed the contract for the supply of all the ties in the construction of the G. T. P. road for the coming year to the Ocean Falls Lumber Co., Ltd., through the Lester W. Davis Co.

The Ocean Falls Lumber Co.'s mill, now completed, will begin operation by May 1. The mills will have a capacity of 375,000 ft per day and will turn out 160 tons of wood pulp. They are operated by water power from the falls and are said to be the largest mills in Western Canada. They are equipped with all the latest modern machinery and will employ 500 men in the operation of the mills and 1000 men in the logging camps. The company owns about twelve billion ft of timber in the vicinity and the first five years of operation the mills' logging will not be done by a railroad, because the timber is so accessible to the water that this is not necessary.

In the construction of the mills and the preparation for accommodating the mill hands and loggers the company has expended a million and a quarter dollars.

The next work of construction that will be attempted will be the erection of dry kilns, planing mils and wharves at Prince Rupert to handle the trans-continental and trans-Pacific trade that the company intends to build up.

CONTRACT LET FOR ALTERATION WORK ON DR. TUNSTALL BLDG.

The contract for the alteration work and 2-story addition to the 3-story Dr. Tunstall bldg on the N. W. corner of Granville and Dunsmuir, has been awarded to Wm. Odell, 757 Beatty st, for $42,000. The alterations consist of remodeling the entrance to the building and installing an elevator shaft and adding two stories to conform with the present structure. The two additional stories will be arranged into bachelors' apartments.

The contractor will start building as soon as he can gather material and will receive tenders for cut stone, glass, marble, tile, cement, brick, hardwood, plumbing and heating.

SMALL APARTMENT AND STORE BUILDING FOR ROBSON ST.

Archt. W. C. F. Gillman, Hutchinson bldg, is completing plans for a 3-story, frame, 33x48, store and apartment building to be erected on Robson st, to cost $10,000. The building will have a full basement and two store rooms on the ground floor, and two 5-room apartments on the other two floors. The architect will make an announcement later concerning tenders, etc.

HOT WATER HEATING CONTRACT AWARDED

Musgrave & Blake, 481 11th ave E, have been awarded the contract for the installing of the hot water heating systems for the six 7-room, $7000 residences now being constructed on the S.W. corner of 5th and McDonald by Bentley & Wier.

BRIDGE COMMITTEE ADOPTS SCHEME—COMPETITIVE PLANS CALLED FOR BRIDGE

The bridges committee of the city council has adopted an important scheme of waterfront approach and protection which will cost upon completion approximately $300,000. Included in the plans are a subway under the C. P. R. tracks just east of Carrall st, which will cost $150,000, a pedestrian subway from Alexder st to the North Vancouver ferry, between Main and Columbia sts, at a cost of $25,000, and a steel overhead approach to the G. T. P. wharf from the foot of Main st, costing about $135,000.

The Georgia-Harris st bridge will be 66 ft in width, which is the full width of Harris st. Twelve ft will be developed to sidewalks, while the remainder of the space will be taken up with sidewalks and roadway. Competitive plans are to be presented in both steel and concrete bridges, with the bylaw money available amounting in all to $550,000. The city engineer is to issue the formal call for tenders as soon as he obtains approval of the ground plan from the C. P. R. Tenders are to be in by June 1.

It was decided to offer four prizes, amounting in all to some $27,000, for designs for the new Georgia-Harris st bridge.

TENDERS ARE CALLED FOR CONSTRUCTION OF B. C. E. R. SUB-STATION AT EARLS ROAD

The B. C. E. R. is now ready to receive tenders for the construction of the reinforced concrete sub-station and power house to be located in the Earls road district, South Vancouver. The estimated cost of the structure is $10,000, and the concrete work comprises most of the construction, as the ecavating is completed.

Tenders are to be closed on May 15. Plans and specification may be obtained at the office of the B. C. E. R. engineering départ, Holden bldg.

TENDERS WANTED FOR NELSON FIRE HALLS

NELSON, B. C.—Tenders are called by Wm. Wasson at Nelson for fire hall to cost $18,000. Engineer, G. C. MacKay, 2-story and basement, 40x68, granite and concrete foundation, cement and brick construction, steam heating, electric lighting, telephones, troughs, automatic strikers, tower 70 ft high, and 10 ft square, fitted with steam coils, 6 stalls, 10 beds in dormitory.

Plans are in preparation for brick block to cost $10,000 for E. K. Strachan. Two stories and basement to be used for warehouse and offices.

SOOKE LAKE CONTRACT DECLARED FORFEITED BY VICTORIA COUNCIL

VICTORIA—By a vote of 6 to 5 the city council adopted a resolution declaring forfeited the contract with the Westholme Lumber Co. for the Sooke Lake water system, and the company was ordered to discontinue their work. The water commissioner was ordered to place such persons as he deemed advisable in charge of the work and complete same and to take possession of such plant and equipment as is already provided by the contractors for the proper carrying out of the work, the expense of such labor and material to be charged to the Westholme Lumber Co.

The report of Wynn Meredith, engineer in charge, showed that while the company was supposed to have completed 6 per cent of the work within 3 months from the signing of the contract little more had been done than the clearing on the concrete pipe line, right-of-way for the reservoir, clearing in the basin of the Humpback reservoir and a small amount of excavation in the drainage channel at the outlet of Sooke lake, the construction of a temporary dam and wagon road approaches. The work done amounts to about 1.4 per cent.

Alderman Cuthbert stated that the action of last year's council in doing away with the bond of a satisfactory guarantee company, and instead of accepting an increase in the "hold-back" of from 15 to 40 per cent had placed the present council in a position where it could do nothing but "make the most of a bad job." "There had never," he declared, "been a piece of municipal business more badly bungled."

The contract price was $1,169,750, at which figure, other firms who tendered on the job stated, the work could not be done for, and they predicted at that time that the contract would never be carried out. The company's check for $21,000 was returned to them some time ago, so they are safe on that amount.

The estimated value of work performed and the scheduled contract price, as furnished by the city engineer, is as follows:—

Schedule A, Sooke Lake Clearing—Work done, $3,082.40; contract price, $85,675. Schedule B, Dam at Sooke Lake

OF INTEREST TO PLASTERERS.

The following letter has been received by the Pacific Lime Co., Ltd., and will be of particular interest to plasterers:

THE NORTON-GRIFFITHS STEEL CONSTRUCTION CO., LTD.

Vancouver, B. C., April 17th, 1912.
Messrs. Blake-Diether Company.

In reply to your enquiries as to our experience with the Pacific Lime which you supplied us on the Vancouver Block, we would say that we have used it throughout the building on the plastering with very satisfactory results.

We find that it slacks very smoothly, with a very small quantity of insoluble matter, making about three barrels of putty to one barrel of lime, and has shown no sign of popping on the walls.

We do not hesitate to say that we consider the Pacific Lime the best that we have seen on the Coast.

Yours sincerely,
