WORKS STARTS SOON ON LARGE DUNSMUIR ST. PLAY HOUSE

As exclusively announced in the Record several days ago and later republished in other daily newspapers, steps will be taken at once for the erection of a fine theatre bldg. on property owned by Marriott & Fellows and immediately adjoining the Elysium hotel. As stated in the Record, E. W. Houghton, Seattle, is the archt. and while a contr. has not yet been signed, a local firm of contractors have been chosen to erect the bldg. which will cost about $200,000. Preliminary drawings are now being converted into working plans in Seattle and work will soon start with a view to opening the theatre by March 1, 1913.

John Cort, Seattle, has taken a lease on the bldg. for 15 years. E. R. Ricketts will manage the playhouse. The bldg. will contain an auditorium seating 3,000. There will be three floors above the auditorium and these will be utilized as an addition of eighty rooms to the present Elysium hotel. The theater will face on Dunsmuir st. and a large entrance corridor and lobby will connect the bldg. with the Elysium hotel which now faces on Pendey st.

Pending the completion of the new theatre the Imperial rink will be used for staging legitimate drama.

TENDERS WANTED FOR LARGE HASTINGS ST. OFFICE BLDG.

Archt. J. Dawson, 513 Holden bldg. is taking tenders for genl. contr. plumbing heating and an electric elevator in a 6-sto. brk., concr. and mill constr. store and office bldg. to be erected opposite the Holden bldg. on Hastings st. for Mrs. C. Dawson. The bldg. will be 25x120 ft. and will cost approx. $50,000.

Features of the bldg are a tile entrance, marble wainscotted halls, terrazzo floors in the corridors, marble staircase, metal sash and hardwood finish in the interior. The front elevation is of pressed brick with sandstone trimmings. A steam heating plant will be installed.

WILL ERECT LARGE BLDG. FOR REFRIGERATING PLANT.

The British & Canadian Securities Co. Ltd., Dominion Trust bldg., acting on behalf of their clients the Merchants Ice & Cold Storage Co., a new corporation, will proceed at an early date with the erection of a large bldg. on the corner of Richards St. and Pacific avenue. Plans are not completed as yet and tenders will not be taken for several days yet, but it is stated that the initial outlay will be at least $65,000.

The bldg. now proposed will be for storage purposes only. Later it is intended to install a refrigerating plant. Campbell Bros., 1623 Bismarck St., are now at work on the excavation, 9,000 yards, and it is unlikely that further tenders will be considered until that work is nearly completed.

ELECTRIC THEATRE CHANGES TO BE MADE BY DAY LABOR

The proposed alterations to Robt. Unsworth's Electric theater, Hastings St., as outlined a few days ago in the Record, are being executed by day labor under the supervision of Archt. J. J. Donnellan, Riggs-Selman bldg. The approx. cost is in the neighborhood of $2,500, providing for a re-arrangement of seats, dressing rooms, etc., adapting the theater to vaudeville purposes.

MATERIALS TO BE USED.

The following material is mentioned to be used in the structures called for in the permits above, whose numbers correspond to those preceding the following items.

3173—1500 br., 600 yds. pl., 8 bbls. cmt.
3174—2000 br., 600 yds. pl., 12 bbls. cmt.

ENGINEER LETS CONTRACT FOR EIGHT C.N.R. BRIDGES

Rigby & Marsden, room 24, No. 413 Granville st. were yesterday a contr. for the substructure of eight bridges to be built between Yale and Cisco for the Canadian Northern railway. The contr. was let by J. A. Waddell, Winch bldg., of the engineering firm of Waddell & Harrington, Vancouver and Kansas City. The contr. price is about $60,000.

As previously stated in the Record, E. E. Davis & Co., 843 Hastings st. W. have the superstructure contrs. for these bridges and the American Bridge Co. the contr. for supplying steel. Tenders were originally asked for five bridges in addition to ten others for which contrs. were let about three weeks ago. It was later decided, however, to include three additional bridges in the second lot, making a total for the two lots of 18 bridges.

The present contrs. for 8 bridges involve an expenditure of about $300,000. The bridges are smaller than those for which contrs. were previously let at an approx. total cost of $2,000,000.

The American Bridge Co., contr. was let because of the inability of Canadian firms to handle any further business in addition to that which is now taxing the capacity of Canadian steel and bridge works.

LOCAL ARCHITECTS WIN COMPETITION IN VICTORIA

Archts. Jones & Beatson, Hutchinson b'dg., have received word from Victoria of their selection as archts. for the proposed St. Barnabas church. The appointment results from a competition in which a dozen archts. submitted drawings.

The bldg. will be of stone const. costing about $25,000 and will be built along Norman lines. The seating capacity is 300 with a morning chapel to seat 40. Other features are a large chancel and sanctuary, an organ chamber, etc. The existing memorial windows of the present structure will be transferred to the new bldg. Announcement will be made in the Record when the archts. are prepared to receive tenders.

WORK STARTS ON SWITCH FACTORY AT COQUITLAM

The Call Switch Co., 770 Granville St., have decided to proceed at once with the erection of their large call switch factory at Coquitlam. The owners will erect the structure. Tenders are still being taken for the erection of a wharf 50x450 ft. for glass, piles and galvanized iron. Approximately $250,000 will be spent on the bldgs. and equipment and work will be started on the main bldg. within a few days.

WILL PUT OIL BURNING PLANT IN APARTMENTS

Booker, Campbell & Whipple, Ltd., Williams bldg., are taking tenders for the installation of an oil burning plant in the A. D. Goldstein apmts., Beach Ave., and Chilco Sts. W. P. White, Hutchinson bldg., is the archt.

RECOMMENDS AWARD OF WATERWORKS CONTRACTS

Waterworks, Victoria—Water Commissioner Rust and Consulting Engineer Wynn Meredith ask for a bylaw appropriating $1,500,000 additional for the Sooke River waterworks, and have submitted a tabulation of the low tenders to the Victoria council.

They recommend that tenders to the value of $800,000 be awarded, subject to that bylaw; that the rivetted steel pipe contract should be awarded to the Macdonald Godson Company of Vancouver, at $444,998, instead of to the lowest tenderer, Jones and Rant, for $398,263, stating that Jones and Rant's tender "is based on a percentage basis, and is irregular." Also for the first time they stated the amount the Esquimalt & Nanaimo railway is asking for the Leech river watershed, 17,000 acres, $573,725.

The following four tenders were recommended:

Concrete flow line, Graff Construction Company, $308,160.

Rivetted steel pipe, Macdonald Godson Company, $444,998.

Telephone line, F. H. Folsom, $8,625.

Steel trestles. Although the tender of the Canadian Northwest Steel Company for $24,908 was lowest, the price did not include erection. A proposal had been submitted by the Graff Construction Company for the erection of concrete structures in place of steel for the sum of $40,000, on condition that they were awarded the contract for the concrete flow line. The latter offer was recommended.

The Graff Construction Company make their proposal conditional upon the city demonstrating that they can make payments in cash.

The Victoria council will hold a special meeting next week to take final action.

COMPLETING PLANS FOR TWO RESIDENCE BLDGS.

Archts. will call for tenders, when wanted, in the Building Record.

EARLY START ON NEW THEATRE STRUCTURE

Archt. Warren Wants Tenders Soon on Victoria's "Pantages" House.

Theatre, Victoria—Bids will be called immediately for the erection of the new theatre which will be built by McPherson & Fullerton and R. T. Elliott on the property on the east side of Government Street, just north of Cormorant Street. The plans, which have been prepared by Archt. Jesse M. Warren, call for a modern structure with the most up-to-date facilities. The cost of the building when completed, will be in the neighborhood of $125,000. The excavation is now in progress, and the work on the foundations will start immediately.

The new theatre, which will be one of the Pantages circuit, will seat 1,000. Of steel frame and brick construction, it will be absolutely fireproof, and special attention will be paid to the ventilation. The internal arrangements will permit of ample exits, and a feature will be the roomy aisles, and seating arrangements.

ARCHT. HAS NOT TAKEN FIGURES ON BUILDING

Archt. G. B. Kauffman, 615 Pender St., has not taken general contract figures on the proposed $35,000 Shaughnessy residence for H. Bingham, reported in Tuesday's Record, nor has any contractor figured the work as yet.

There is no connection between this bldg. and the proposed $50,000 Shaughnessy residence spoken of in last week's Record. The latter is a separate job, on which the archt. and owner's names are not now available for publication.

The Record wishes to state that no contractor had mentioned anything about the "Bingham" residence to its news representative, previous to the announcement authorized by Mr. Kauffman himself.

WILL BUILD WALKS ON LOCAL IMPROVEMENT

Walks, Point Grey—The municipality of Point Grey through its council has decided to pay one-third of the cost of laying all cement sidewalks put down under the local improvement plan. The total cost of all street and lane intersections is to be borne by the municipality. This rule holds good on sidewalks up to a width of five feet.

MAY INSTAL LIGHT PLANT IN POINT GREY

Light Plant, Point Grey—Point Grey council has decided to expend $500 to secure the services of an engineer to report on the cost of a municipal lighting plant. The action followed as a result of the presentation of the question of cheaper lights by a large delegation from the various ratepayers' associations of Point Grey.
