VANCOUVER ARCHITECT WINS NORMAL SCHOOL CONTEST

W. C. F. Gillam, 429 Pender St. W., a licentiate of the Royal Institute of British Architects, and a member of the British Columbia Society of Architects, is the successful competitor in the contest just closed for drawings of the proposed normal school building to be erected at Victoria. There were sixteen contestants and the ward was made by F. M. Ratenbury Victoria, and Arthur A. Cox, Vancouver, both prominent architects.

The proposed building is to be two storeys in height and a high lower ground- or basement storey, with short wings at either end and a square tower rising from the centre of the front elevation. The building will stand on terraced ground in the centre of a seven acre tract at the corner of Mount Tolmie and Lansdowne Roads. The estimated cost is in the neighborhood of $135,000, an appropriation of this amount having been made by the legislature.

On the lower floor are janitors quarters, rooms for both sexes, a manual training shop, gymnasium, storage facilities, etc.

The ground floor plan calls for six class rooms, a principal's room a room for the head mistress, cloakrooms with wardrobe accommodation, music room, auditorium and library. The next floor will have four class rooms, chemical and general science laboratory, lecture room, domestic science department, art class room, modelling room, etc.

It is expected that within a very short time the government in conjunction with Mr. Gillman will call for tenders. Working drawings are now being finished and upon their completion bids will be received.

TAKING REVISED BIDS ON PROPOSED CLUB BUILDING

All of the tenders opened August 21, for the erection of the proposed Vancouver Club building have been rejected by the club directorate and the archts. Sharp & Thompson, 536 Hastings St. W. The architects are now prepared to receive revised bids until Sept. 4. Separate tenders are required for each of the several trades. Plans and specifications are on file with the architects.
