BEST BUILDING BRICK

THE process of manufacturing brick is a very important matter. Every brick turned out of our latest improved Berg press is made under a pressure of 400 TONS. They are also cured in cylinder under 120 pounds steam pressure.

ABSORPTION of moisture is only from 8 to 10 per cent. This is a very important feature in this climate. Our brick is being used in many important buildings.

WE can supply brick of all kinds and colors. Our prices are right. Be sure to get our figure before closing order. You will save money.

BUILDINGS PERMITS 30 P. C. OVER LAST YEAR

CALGARY—Building permits for the month of January show an increase of approximately 30 per cent over those of the same month last year. During the month of January, 1912, 86 permits were issued by the buildings department, to the total value of $381,384, compared with a total of $296,000 during the same period last year.

The amount of permits issued during the past month is hardly a criterion of the increase in building likely to follow during the year, as, during the first few months of the year such operations are not usually very active.

Owing, however, to the fact that there will be several large industrial concerns locating in the city whose existence involves the erection of large buildings, there is every reason to believe that the value of the permits issued during the year 1912 will easily surmount the $20,000,000 mark.

CANADIAN NORTHERN PLANS IMPROVEMENTS

WINNIPEG—General Manager Mcleod of the Canadian Northern announced today a number of improvements his company will put in hand at once. At Winnipeg new yards are to be built three miles east of the city, or just east of the new stockyards. The yards will be greatly extended at Port Arthur, Dauphin, Saskatoon and Edmonton. A $40,000 rail dock will be erected at Port Arthur and eighty pound rails will be laid on the track between Portage la Prairie and Kamsak. New stations will be built at Fort Francis, Dauphin, Moose Jaw and Calgary and the station at Saskatoon will be enlarged.

SUB-CONTRACTS FOR G. T. P. LINE ALL LET

PRINCE RUPERT—Foley, Welch & Stewart, who have the general contract for the construction of the G. T. P. from Prince Rupert to Tete Juan Cache, have awarded the grading contracts from Aldermere to Burns Lake to the following contractors: Duncan Ross, 10 miles; D. Rankin, 12 miles; A. L. McHugh, 14 miles; Dan Stewart, 12 miles; John Albi, 10 miles; M. Sheedy & Co., 17 miles; Hugh McLeod, 6 miles; Freburg & Stone, 12 miles.

BYLAWS FOR $1,800,000.

EDMONTON—Money bylaws totalling $1,800,000, were endorsed by the ratepayers of Edmonton last week by ratepayers of Edmonton yesterday by a large majority, though the vote was small. The principal sums provided to be expended this year include $600,000 for street railway extensions; $275,000 for telephone extensions; $200,000 each for power plant improvements, and to pay the city's share of paving, and $175,000 for improvements on the fair grounds. Edmonton's programme of municipal work this year is the largest in her history. Strathcona, which amalgamates with Edmonton on February 1, has already passed money bylaws for over a million dollars' worth of work this year.
