ALCOLAC - Pratt & Lambert
The 20th Century Shellac
An article of unique merit which may be used as a primer or first coater over hard or soft woods. It forms a hard, impervious coating which prevents suction and holds out the finishing coats of varnish to a remarkable degree. Is superior to spirit shellacs, liquid Fillers and similar preparations. Alcolac works easy under the brush, is pale in color so as not to darken the lightest woods. Dries to sandpaper over night.

The following material is mentioned to be used in the structures called for in the permits above, whose numbers correspond to those preceding the following items.

1218—35,000 br, 1300 yds pl, 22 bbls cmt.
1219—400 br, 20 bbls cmt.
1220—8000 br, 1400 yds pl, 14 bbls cmt.

ARCHITECTS, NOTICE.

Official copies of the South Vancouver Building Bylaws for 1912 may now be had free of charge on application at this office.

NOW ORGANIZING NEW BUILDERS' EXCHANGE

Plans are progressing for the formation of a new builders' exchange in this city, along the same lines as that in Winnipeg and other eastern cities, and of which all those interested in the building trades are invited to become members.

Briefly outlined, the society will be for the general improvement of conditions among building operators, whether architect, contractor or material dealer, and it is proposed to establish a permanent exchange, somewhat in the nature of a club, and in which regular meetings of the society would take place on the second Tuesday in the month at 12 noon. Violation of the rules or ungentlemanly conduct among members would entail expulsion on a vote of the majority. No connection whatever would be had with any trade union or organization, and the society will be for the mutual benefit of members only. The admittance fee would be $25, and monthly dues for the maintenance of rooms would be $3 monthly. Societies on the same lines are to be found in all of the larger cities of the country.

W. H. B. Egan, 1404 Dominion Trust bldg, is acting as organizer, and is prepared to receive applications.

WILL BUILD FINE HOUSE AT POINT GREY

Plans have been completed by Wright & McIntyre, Dom. Trust bldg, for a fine residence to be erected by M. F. Blackwell, who will erect the bldg under his own supervision, at 6th ave and Trimble st, Point Grey. The residence will contain 12 rooms, with concrete basement, hot water heating system, 2 fireplaces, leaded glass, etc. The bldg will have siding above the ground and shingled sides and roof. Mr. Blackwell will supervise the construction, but is now ready for tenders for the heating, wiring, plumbing, plastering and painting only.

WELL KNWON ARCHITECT LOCATES IN CITY

Walter E. Rice, formerly of Seattle, and before that well known in the architectural profession in Boston, where he was associated with Clinton & Sturges, has entered practice in this city with Russell & Babcock, and the firm, located at 1022 Metropolitan bldg, will be known as Russell, Babcock & Rice. At least two large bldgs, amounting to nearly one million dollars, are in the hands of this firm, and work on them will be begun this spring. Further announcement will be made in these columns at a later date.

MILLION DOLLAR CEMENT PLANT FOR TOD'S INLET

The Portland Cement Construction Co., registered in Canada, yesterday let the contract for the immediate construction of a cement plant on Tod Inlet, Vancouver Island. The work of excavating for the industry is now under way and it is expected that the work on the upper structure will be started as soon as the weather moderates. It is stated on good authority that the cost of the proposed plant will approximate very closely $1,000,000.

The enterprise has been under consideration for some time, but not until the latter part of last week were the plans for the work accepted and the agreement for the construction signed. The McAlpine, Robertson Construction Co., with offices in the Metropolitan bldg, has the contract for the work. This concern is a branch of Robert McAlpine & Sons of Glasgow and London.

The Portland Cement Construction Co. is a branch of the Associated Portland Cement Companies of London. The Portland Cement Construction Co. is in control of all of the London company's affairs in Canada and is rated as one of the largest producers of cement in the world.

This new plant to be built at Tod Inlet will complete a series of plants from the Atlantic ocean to the Pacific. It is to be equipped in the most modern way and is to have facilities for handling an immense coast and eastern trade.

At Tod Inlet there is now in operation the Vancouver Island Portland Cement Works. The new plant is to be put up on a site directly across Saanich Inlet and opposite the cement works now in operation. So far as is known te new plant is not to have any connection whatever with the one now running.

C. P. R. ANNOUNCES NORTH SHORE LINE PLANS

Application has been made by the C. P. R. to the minister of railways for permission to construct a railway line along the shore of Burrard Inlet, around the North Arm, and into the city of North Vancouver, along the shore line. A portion of this line is already constructed. It is proposed to complete the line during the summer.

OPEN NEW WOOD-WORKING PLANT.

Dixon & Murray, wood workers and general contractors, formerly at 826 Dunsmuir st, have opened up a new factory at 1065 Dunsmuir st, consisting of 3 stories and basement, operated by electricity. The firm intends to pay special attention to store and office fittings, for which they are especially equipped.

CITY ELECTRICIAN APPOINTED.

At a special meeting of the city council yesterday morning W. T. Woodroofe, for some time connected with the B. C. E. R., was selected to fill the office of city electrician, made vacant by the death of Mr. McCrossan a few weeks ago. Only one other application was considered.

FIRE DAMAGES CHURCH.

Fire caused by an over-heated furnace damaged the Swedish Lutheran church at Penders and Princess sts to the extent of $6000 Sunday morning. The loss is covered by insurance.

VICTORIA NEWS.

VICTORIA BUILDING PERMITS.

VICTORIA—Building permits issued Saturday, Jan. 6: G. H. Bevan, res, Work st, $1800; Andrew Smith, res, Montreal st, $1800.

WESTHOLME LUMBER CO. WILL PROBABLY PUT UP CASH

VICTORIA—Although the date for filing of a bond for the completion of the Sooke Lake water supply was set as December 30, the Westholme Lmbr Co., the successful contractors, have filed no bond, and the matter was the subject of much discussion at the Friday meeting of the city council. Arrangements are under way for the company to get a bond of $117,000 in New York, but no returns have been made by the bonding company. It was proposed that the city hold back 40 per cent of the contract, but a later proposition will probably be accepted by the company and the city, and that is the furnishing of a cash bond by the company to the amount required in the contract. While the company has made no statement with regard to these terms, it is understood that this arrangement will be carried out.

CONTRACT AWARDED FOR VICTORIA OFFICE BLDG.

VICTORIA—The Sound Construction Co. signed up the contract Saturday for the general contract on a 2-story reinforced concrete bldg for Dr. O. M. Jones, to be erected on Fort st near Douglas. The bldg will probably go five stories at once, the walls having been designed to carry that load. The basement of the bldg will be fitted up for offices, grill room and steam heating plant, three stores will occupy the ground floor, and the second floor will be fitted up for offices. Specif include ground glass partitions, Honduras mahogany for the office fittings, marble entrances, quarter-cut oak, vacuum cleaning plant, etc., besides the usual contracts.

THEATER TO BE LARGER THAN FIRST PLANNED FOR

VICTORIA—The financing of the new Victoria Theater is in the hands of S. Leiser, who states to a representative of the Record that he has been successful in securing all the money necessary for a larger structure than first planned, which will seat 2000 persons. The archt, W. D'O. H. Rochfort, is now completing plans for the larger bldg, with the assistance and supervision of E. W. Sankey.

NOW CALLING FOR NEW TENDERS ON OFFICE BLDG.

VICTORIA—Archt. H. S. Griffiths, 1006 Government st, is now ready to take new tenders on the 3-story brick bldg on Douglas st for Grant & Lineham, tenders to be in by January 15. The bldg will have stores on the ground floor, and offices on the two upper floors. A full basement and heating plant will be installed.

WILL PROBABLY ENLARGE WHARF AND WAREHOUSES

VICTORIA—R. P. Rithet & Co. have commenced constructio onn the large freight shed at the outer wharf. Plans have been made by J. C. M. Keith, their archt, for other additions, including another pier, but this work will not be carried out for some time.

C. P. R. MOVES OFFICES.

VICTORIA—Pending the erection of the new bldg in this city for the C. P. R., that company has taken a lease for two years on the premises at 704 Government st, adjacent to the post office. This will be used to provide quarters for the Dominion Express Co., which will shortly leave its present quarters at the corner of Broughton and Government sts. The C. P. R. telegraphs will be moved to the first floor of the bldg now occupied by the C. P. R. ticket office at the corner of Fort and Government st. This arrangement is only a temporary one. The company is reported to be now negotiating for the purchase of one of the best business sites in the city, on which it purposes to erect an up-to-date office bldg.

NEW YORK COMPANY WILL SPEND $5,000,000 IN SEATTLE DOCK SCHEME

SEATTLE—The Bush Terminal Co., of Brooklyn, N. Y., the largest dock and transportation operators in the world, have practically completed negotiations for the purchase of the entire Harbor Island, lying in Elliott Bay between the east and west waterway, and plan to expend over $5,000,000 in dock, warehouses and freight handling facilities before 1915.

Scott Calhoun, former city counsel, now counsel to the Port Commission, is in New York city acting for the property owners, and has been given power of attorney to make the sale.

The Chamber of Commerce received a telegram from Mr. Calhoun last night and it is stated that the wire gives notice of the closing of the deal.

Options on the entire property have been secured for sometime and it is authoritatively stated that the formal transfer will be made in the near future. It is also stated that the Bush corporation will model its structures after those established in New York and St. Louis, all bldgs and docks to be of reinforced concrete construction.

The larger property holders to be effected are: The Oregon-Washington Ry. and Navigation Co., C. B. Bussell, J. M. Frink or the Washington Iron Works, McNaught Collins Impr. Co., S. H. Hedges.

NEW WESTMINSTER PERMITS.

Building permits for the first week of 1912, call for the construction of the main bldg of the British Canadian Lumber Co.'s proposed mill on Lulu Island. This permit calls for a structure to cost $36,588. Following are the permits taken out during the week, the total value of the buildings called for being $40,388:

British Canadian Lumber Co., Lulu Island, No. main bldg, $36,588; M. O. Worthington, Blair ave, 5-room bungalow, $100; A. Gosse, Dublin st, 6-room, 2-story dwelling, $2000; Law A. Soong, alterations to present bldg on McInnes st, $200; George Coulson, Columbia st, cement block foundation to bldg, $300.

LIENS FILED.
