CONTRACTS TO BE LET ON BURNABY WATER SUPPLY EXTENSION

Quantities for steel pipe required for the Burnaby water system extension, for which tenders are now being taken by W. Griffiths, clerk of the municipal council of Burnaby, and for which specifications and quantity sheets may be obtained for the first time today from the supervising engineers, Cleveland & Cameron, Winch bldg, are approximately as follows: 3-in pipe, 49,300 ft; 4-in pipe, 51,600 ft; 6-in pipe, 54,400 ft; 8-in pipe, 6100 ft; 10-in pipe, 12,600 ft. All will be included in one contract. A deposit of $20 is required for specifications, forms of tender and schedule of quantities.

This contract, which will technically be known as contract No. 12, will be the first to be let for the extension for which a second appropriation of $250,000 was made. Following this other contracts will be let as follows:

For castings and valves, to be let separately and for which specifications will be ready in about two weeks;

For laying the pipe with a 3-ft covering. Specifications will be ready in about a month and the contract will amount, it is estimated, to between $50,000 and $60,000. The laying of this pipe will not be as difficult as was that in the first contract;

For the construction of a conc reservoir of about 200,000 gal capacity and containing about 500 yards of concrete. Estimated cost about $12,000. Specifications will be ready in about two months;

For one steel tank, capacity 50,000 or 60,000 gal, to cost about $7000. Besides this there will be either another steel tank or a reservoir, although it has not yet been decided which it will be.

It is expected that the work of laying pipe under the first contract will be completed about the end of May, as the contractors are laying between two and three miles a week; one 60,000 gal steel tank is completed and the steel for the second is on the ground. The third has not yet been started. Excavating for the 300,000-gal reservoir has practically been completed. The contractors for work under the original appropriation are as follows: Evans, Coleman & Evans, pipe and castings; Robertson-Godson Co., valves; Municipal Const. Co., pipe laying; A. G. Langley & Co., erecting tanks; A. L. Olts & Co., constructing reservoir; E. Winch, erecting pump houses; Canadian Fairbanks Co., supplying pumps. These are all Vancouver firms with the exception of E. Winch, who is a Burnaby contractor.

The time for calling of tenders and fuller details on the building will be given in these columns at an early date.

BEST BUILDING BRICK

THE process of manufacturing brick is a very important matter. Every brick turned out of our latest improved Berg press is made under a pressure of 400 TONS. They are also cured in cylinder under 120 pounds steam pressure.

ABSORPTION of moisture is only from 8 to 10 per cent. This is a very important feature in this climate. Our brick is being used in many important buildings.

WE can supply brick of all kinds and colors. Our prices are right. Be sure to get our figure before closing order. You will save money.

WILL SPEND $5,000,000 FOR CONSTRUCTION WORK

The C. P. R. will spend about $5,000,000 this year for improvements west of Field, at the easterly end of the B. C. division, and orders have been recd here to begin work as soon as advisable. In some cases work will start at once, and in others tenders will be called for. The appropriation of $5,000,000 does not include the new Vancouver depot, plans for which are nearly ready. In Dist. No. 1, from Field to Kamloops, a distance of 260 miles, cedar cribs on the Kicking Horse and Illecillewat rivers will be replaced by concrete. Eighty-pound steel rails will be replaced by 85-pound rails, at a cost of $75,000. Three rock crushing and gravel washing plants will be built.

In Dist. No. 2, 10 miles of 80-lb. steel rails will be replaced with 85-lb. at a cost of $7000. Thirty miles of crushed rock ballast will be put in from Ruby Creek to Vancouver. The line between Hammond and Vancouver, a little less than 30 miles, will be double-tracked, at a cost of $750,000. This will be ballasted with crushed rock and all culverts, bulkheads and bridges will be made permanent.

In Dist. No. 1, from Field to Kamloops, 10 bridges will be fitted with conc piers and abutments, and about the same number will receive the same treatment between Kamloops and Vancouver.

In Dist. No. 3, the boundary country, 4 bridges are to be rebuilt with steel and conc structures. At Cedar, Ross, Peak and Twin Butte, 3 small stations in Dist. No. 1, new depots will be built, and Sumas will get a depot and detention shed. Oil tanks, pumping station and apparatus for supplying the oil-burning locomotives on Div. No. 1 with fuel will be installed at Field, Golden, Rogers Pass, Revelstoke, Sicamous Jct., Notch Hill and Kamloops. Four transfer barges are to be built for Okanagan and Arrow lakes, and a new station will be built at Merritt, in Dist. No. 2. All snow sheds between Field and Kamloops are to be rebuilt, and 25 miles of fencing will be built between Field and Vancouver. A new wharf and freight shed will be built at New Westminster. The largest expenditure will be made at Coquitlam. A 12-stall round house, a coaling plant and water service will be built there at once, and 25 miles of yard track laid there this year. Two subways will also be built there. Piers A and B in Vancouver will be rock filled. The water system along the line will be improved with standpipes, tanks and pumping stations and many of the steel bridges on the B. C. division will be re painted and a number of them rebuilt or improved. Announcement of other contemplated improvements will be made in the near future.

TIME FOR TENDERS ON SUB-CONTRACTS EXTENDED

E. K. Sheble, 622 Howe st, has extended the time for receiving tenders on painting, plastering, roofing and sheet metal work on a garage for which he has the contract from Jan. 31 to Feb. 3. He also desires tenders for wiring and plumbing.

PLANS BEING FIGURED FOR HOTEL BUILDING

Plans are being figured by a few selected contractors for the construction of the proposed 6-sto brick hotel bldg at the corner of Keefer and Gore sts, for Mrs. W. Sanfield, at an estimated cost of about $100,000. Hugh Braunton, Exchange bldg., is the architect, and it is stated from his office that the contract will not be awarded before a weeks time at least, and possibly longer.

ARCHITECTS TO OPEN OFFICES HERE SOON

Architects Bresemann & Durfee, who now have offices in Victoria and Seattle, will open offices on Feb. 1 at 617 Holden bldg, in charge of A. C. Semrow. Bresemann & Durfee have designed several large buildings in both Victoria and Seattle and are well known in those cities.

Pettman for a 5-room house on Avebury st; and to Charles King for a house on Finlayson ave, costing $900. A garage is to be added by Capt. Parsons on Vining st, and Ah Mon is constructing by day labor a store and chop suey house on Cormorant st for $350.

CONTRACTORS CHOSEN FOR YEAR'S SUPPLIES

VICTORIA—Among the contractors chosen to supply the city's needs during this year are the following: Lumber, Canadian Puget Sound Lumber Co.; hydrants, W. G. Winterborne; Portland cement, R. P. Rithet & Co.; sand and gravel, Producers Rock and Gravel Company; bricks, Baker Brick & Tile and Victoria Brick & Tile companies, equal, to share contracts; sewer pipe, B. C. Pottery Co.; hardware, seven tenders equal, business to be divided; domestic coal, J. E. Painter & Son; washnut coal, Hall & Walker.

ONE-STORY BRICK SCHOOL.

VICTORIA—The school board intends to build a 1-story brick bldg on the North Ward play grounds, to relieve the congestion of the Hillside school, pending the erection of the Burnside school. The bldg will cost about $3700.

PAVING AND SIDEWALKS RECOMMENDED BY BOARD

NEW WESTMINSTER—Plans for the grading of Bole st and the final grading of Jemmet st will be drawn by the city engineer and submitted to the Board of Works. At the meeting this week recommendations were adopted for the following sidewalk work:

A 6-ft walk on the south side of Agnes st, between McInnes and 10th sts; one on Queensboro st; on 7th ave west of 14th st; on the north side of London st, between 8th and 10th; a 4-ft sidewalk on the south side of 10th ave, from 10th to 12th st; a 4-ft sidewalk on Mowat st; on the south side of 4th ave, from Pine to 3rd, and a 4-ft sidewalk from 7th to Ash, on Clute st. The 12-ft walk on the north side of Columbia st, between McNeely and Kwong-On-Wo Co.'s block, will be temporarily renewed with a 10-ft walk, as the present one is dangerous. The 6-ft sidewalk on the south side of Carnarvon st will also be renewed between McNeely and Blackie sts. The 4-ft walk on Victoria st between 4th and 6th will be extended eastward 110 ft. An important item in the Board of Works report was that Columbia st be paved from McInnes to 10th st.

NO MORE FRAME BUILDINGS IN BUSINESS DISTRICT

NEW WESTMINSTER—The city council has taken the stand that no more frame buildings will be allowed on Columbia st in the business district and at the last meeting refused to grant a permit to a property owner who wished to make a frame extension to his present frame building. After some discussion the question of whether or not the council has the right to describe what kind of buildings shall and what shall not be built in the business district was referred to the city solicitor for an opinion.

WILL REBUILD BURNED CANNERY IN ALASKA

To rebuild the Kasaan Bay salmon cannery, which was burned to the ground last fall after the close of the season's work, Gorman & Co of Seattle will send Supt. Arthur Wadhams and 40 men to Kasaan, Alaska, on the steamship Jefferson when she leaves Seattle Feb. 5. The cannery will be rebuilt with a capacity about 50 per cent greater than it had before, and along the most modern lines. The cost will be at least $75,000 and will have a capacity of 100,000 cases. It will be ready for operation when the fish begin running in June.

Lumber for the construction of the new plant will be purchased at Ketchikan. The bldgs will include the cannery proper and two warehouses.
