You will save two dollars by paying a year in advance for the Record, besides saving considerable time and the annoyance of paying a small bill each month. Sixteen and two-thirds per cent is pretty good interest on your money, isn't it? Worth saving! The price for one year paid in advance is ten dollars.

VICTORIA PERMITS

VICTORIA.—Building permits were issued yesterday by the building inspector to the school board for alterations to the South Park school, at which changes necessary because of the installation of a new heating and ventilating plant will be made, at a cost of $6,000; to Mr. George Black, additions to dwelling on Hulton street, $300; to Mr. Sorenson, dwelling on Burlieth street, $2,700.

GREAT HOTEL ADDITION IS NEARING COMPLETION.

The magnificent new wing of the Empress hotel, containing close upon 120 rooms, is rapidly approaching completion, and will be ready before the visit to Victoria of our Governor-General, H. R. H. the Duke of Connaught. The internal alterations, affecting the grill, bar and billiard room, are also progressing rapidly. The scheme of these alterations provides for the removal of the bar from its present quarters near the north entrance to the area lying east of the billiard room, formerly used as a passage way through the hotel, together with a portion of the billiard room, the latter being curtailed of its width by several feet for this purpose. The two compartments, the bar and the billiard room, will be separated by a partition. The grill will continue to occupy its present quarters and also take in the place vacated by the bar. This absorption of space will practically double the accommodation of the grill, a movement rendered necessary on account of the growing popularity of that adjunct of this palatial hotel.—Victoria Ex.

LARGE CREW REPAIRING WATERWORKS PIPE LINE

VICTORIA—After having been forced to cease work owing to lack of needed materials the Esquimalt Water Works company has again put a gang of men at work repairing the big main which was laid last year to connect the Goldstream water supply with Victoria West. After the main was laid and tested it was discovered that many of the joints in the pipe line were defective and repair work has been proceeding for the past two months or more.

When the new main is in working order it will tap a supply estimated at a maximum at 17,000,000 gallons per day.
