TENDERS NOW BEING TAKEN FOR HANDSOME APARTMENTS

Arclit Kennerley Bryan, Crown bldg, is taking tenders this week from selected contrs only, for a 4 story brick store and apartment house bldg to be erected at the SW corner of Burrard and Eveleigh sts for B. T. Rogers.

The bldg will be unique in this city for the reason that it will be of Colonial style of architecture, and the pressed brick face will be of Redcliffe brick, made in Medicine Hat, white mortar and laid in English cross bond. The sills, caps and ornaments will be of artificial stone. The bldg will contain a large store and 21 suites of 3 room apmts on the upper floors, in which every room will be on the outside. There will be automatic elevator, hot water heat, refuse destructor, vacuum cleaner, and each apmt will contain gas ranges, refrigerator, tiled kitchen and bath, etc. Specif include in addition, fire escapes, wood stairs, prism lights, high grade plbg, etc.

BOARD OF WORKS RECOMMENDS HUDSON BAY CO. PLANS

At the meeting of the Board of Woorks yesterday, a recommendation was made to the city council that the Hudson's Bay Co be allowed to close the lane between Granville and Seymour sts, and north from Georgia st, 150 ft, the company in return giving to the city the property for a lane from the terminus, 150 north of Georgia st, to Seymour st, and pay all costs of changing wires, sewers, conduits, etc. An agreement will be drawn up by the council, should the matter pass, and work will be proceeded with at once. Plans at present call for a building 19 stories in height, with the ground floor 21 ft and all the other floors 15 ft, making a total height of 156 ft. The city by-laws prohibit building more than 120 ft and this will be overcome before the bldg can be erected full height. It is probable, however, that it will go only e ight stories to keep within the prescribed limit.

WATERWORKS SYSTEM CONTRACTS AWARDED

At a meeting of the Burnaby council Monday night, the contract for the extension to the high level reservoir on Capitol Hill, was awarded to A. L. Oits & Co of this city at $11,045.93.

At the same time the contract for the low level reservoir in DL 158 was awarded to G. H. Webster of this city at $13,062.50.

RESIDENCE FOR ALDER ST.

P. S. Combs & Son, 160 Hastings st W, have completed plans for a unique bungalow to be erected at 2819 Alder st for Harry Bettz, 160 Hastings st W, who will superintend the erection. The bldg will have high concrete bsmt and 1 1-2 stories above. It will be of unique design throughout, with small window panes, shingled exterior, furnace, beamed ceilings, panelled dining room, etc. It will contain 5 rooms and bath. The architects take tenders for several of the minor contracts, which are listed under the proper heading on Page 4.

BEST BUILDING BRICK

THE process of manufacturing brick is a very important matter. Every brick turned out of our latest improved Berg press is made under a pressure of 400 TONS. They are also cured in cylinder under 120 pounds steam pressure.

ABSORPTION of moisture is only from 8 to 10 per cent. This is a very important feature in this climate. Our brick is being used in many important buildings.

WE can supply brick of all kinds and colors. Our prices are right. Be sure to get our figure before closing order. You will save money.
