PREPARING PLANS FOR NEW GRAND TRUNK DOCK

Dock, Seattle—Plans for a fireproof dock constructed of steel, galvanized iron and concrete, to take the place of the wooden structure destroyed by fire last week, are being considered by officials of the Grand Trunk Pacific system.

"The details of our plans have not been worked out, but we will make the new dock as fireproof as possible," said Capt. C. H. Nicholson, manager of the Grand Trunk Pacific Steamship Company, who is in Seattle.

"F. T. Lucas, the company's harbor engineer, is making a survey of the ruins to determine how much of the pier can be utilized in rebuilding the dock. Our plans of course will not be consummated until the insurance on the old structure has been adjusted."

Capt. Nicholson said that Mr. Donaldson, vice-president and general manager of the Grand Trunk Pacific Railway Company, with headquarters at Winnipeg, would reach Seattle Friday to hold a conference in connection with the plans for building a new dock.

PLANS FOR FRASER RIVER BRIDGE BEFORE AUTHORITIES

Bridge, New Westminster—A plan and description of the bridge which the Canadian Northern intends to erect across the North Arm of the Fraser River in the New Westminster Dist., is now on file with the Minister of Public Works, at Ottawa; also with the Registrar of Deeds at New Westminster.

The filed papers include a plan and description of the site and side elevations of the proposed structure.

Application for the approval of these plans will be passed upon by the Dominion authorities at Ottawa on Sept. 6, and if such approval is obtained, the company will probably undertake construction work without delay.

MAY ERECT FT. GEORGE BREWERY BY DAY LABOR

Brewery, Fort George—While general contract tenders have been opened for the const. of the proposed 5-sto fr. $40,000 bldg. for the Peace River Malting & Brewing Co. at Fort George, it is regarded as possible that the company may decide to construct the bldfig. by day labor instead.

To date no contract has been awarded.

Wilson & Wilson, 532 Granville st, Vancouver, are the archts.

VICTORIA ENGINEERS ARE ORGANIZING FOR WAR

Lists are now available at the Victoria Branch, Canadian Society of Civil Engineers' clubrooms, 534 Broughton Street, Victoria, for signature of all those who wish to submit their names for enrolment in a prposed engineers' corps. Further information may be obtained from R. W. Macintyre, branch secretary, phone 1320L, P. O. Box 1290.

WILL RECEIVE TENDERS FOR WATERWORKS PIPE

Pipe, Vancouver—On the recommendation of Waterworks Engineer Breckon, the city decided to call for tenders for 2000 feet of 16-inch water pipe in order that a supply might be available for repairs to the waterworks system. Bids are to be in in two weeks' time.

TRADE NOTES

W. Ridgeway Wilson, architect, of 419 Pemberton Block, Victoria, announces that he has arranged a partnership with A. R. Hennell, F.R.I.B.A., of London, and that henceforth the business would be conducted under the firm name of W. Ridgeway Wilson and A. R. Hennell.

FIRE & INSURANCE

Mill, Langley—One of the large mills of the Fernridge Lumber & Shingle Co., Ltd., situated near Langley Prairie, south of the Fraser river, was burned to the ground last night. The mill had a capacity of 180,000 shingles per day. Loss estimated at $150,000; about two-thirds insured. C. W. Tait, of Vancouver, is managing director. It is not known whether the owners will rebuild.

MAY TEMPORARILY HOLD UP NE WGOVERNMENT WORK

While nothing definite is known, it is reported from several local quarters that the present war activity may tend to hold up the active progress of work on new government construction projects in Vancouver and elsewhere throughout the Province and Dominion. Work which is now actually under way, it is said, will most likely move without interruption, but jobs on which tenders are now being taken on which bids are to be invited, or on which contracts have not actually started, may be delayed for a short time, until the war situation clears up.

There are several big jobs throughout British Columbia, both Dominion and Provincial, which may be affected, if these rumors are found to be correct. It is not regarded as likely that the work will be delayed any considerable length of time.

The Building Record has wired the authorities at both Ottawa and Victoria to learn definitely what the government policy will be in respect to pending contracts, but up to a late hour last night had not received the desired information.

MAY REINVITE TENDERS FOR VICTORIA RD. PAVING

Paving, South Vancouver—While it is not definitely known to be a fact there is a persistent rumor in circulation that tenders may be re-invited for the paving of Victoria Road. This will be the third call for bids on this job.

Under the last invitation tenders for the work were received from Henry J. Kaiser, Columbia Bithulithic Co., Harrison & Wall, M. P. Cotton Co., and Ledingham & Cooper, while the municipality's engineering dept. put in a tender for itself, for dollar-way, asphaltic concrete and bithulithic paving.

The formal award and signing of contract under the last call has not been carried out, so far as known, and it is understood that the South Vancouver councillors are investigating the situation to determine the exact steps to take to make a[illegible] invitation of tenders entirely legal.

MAY OPEN UNIVERSITY BLDG. TENDERS MONDAY

University, Vancouver—The Board of Governors of the University of B. C. will hold a meeting on next Monday night, at which it is possible that general contract tenders will be opened for the proposed new Science bldg.; Sharpe & Thompson, London bldg., archts.; a proposed conc. structure.

NEW SCHOOL CONTRACT MAY BE LET WEDNESDAY

School, Victoria — The Victoria school board will meet on Wednesday to open general contract tenders for the proposed new Hillside school from plans by Archt. C. E. Watkins. Bids close 4 p.m., Aug. 11.

This will probably be the last important school work to be undertaken in Victoria for this year.

TENDERS CLOSE TODAY FOR SURREY ROAD WORK

Roads, Surrey—Tenders close today at the office of Municipal Engineer J. H. O'Hara, Cloverdale, for four separate road contracts in Surrey Municipality, involving gravelling a distance of about 8,200 lin. feet.

Dyking Bonds Sold.

The Richmond council has sold $104,500 in bonds to pay for the proposed Lulu and Sea Island dykes; also for a $40,000 extension to the water service.

Will Purchase Rock.

The engineer at Murrayville has been instructed by the Langley council to purchase crushed rock to be used on all roads where he deems it advantageous.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

GETTING IMPROVEMENT BY-LAWS IN SHAPE NOW

Waterworks, Saanich—The works committee meeting of the Saanich Council held on Tuesday at the Royal Oak, was chiefly taken up with the consideration of the drafts of the three by-laws for water, paving and sewer. These are now approved in their present shape by the council, and will be presented to the people as soon as the financial situation has recovered sufficiently from the war to enable debentures to be sold.

Building Mill Burner.

Mill, Victoria—A building permit has been issued to the Cameron Lumber Company for a refuse burner to cost $5,000; to Mr. J. W. Tait, dwelling on Scott St., to cost $1,300.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL mining rights of the Dominion, re Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to any one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface-rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands
