The other two firms who refigured the building were Robt. McLean & Co., $123,850, and Hodgson, King & McPhalen Bros., $117,975.

The board also instructed Archt. Watkins to proceed with plans for a 4-room primary school bldg., to be erected on the Hillside ave. site in Victoria, and as soon as these plans are approved construction tenders will be invited.

It is said the board has the money in hand for both structures, from a recent sale of debentures.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

AUTHORIZE WORK ON LOCAL IMPROVEMENTS

Sts., Port Moody—The Port Moody council has decided to carry out local improvements including grading, macadamizing and sidewalking of sts. in the John St. and Clarke St. districts, to cost $51,365.

It is not known when tenders will be invited.

The Clarke St. work embraces: Clarke St., Albert St. to Moody St.; Moody St., Clarke St. to Johns St.; Grant St., Clarke St. to Johns St.; Mary St., Clarke St. to Johns St.; on Kyle St., Clarke St. to Johns St.; on Queen St., Murray St. to Johns St.; on Elgin St., Clarke St. to Johns St.; on Douglas St., Clarke St. to Johns St.; on Albert St., Clarke St. to Johns St. to cost $27,687.

The Johns St. district includes: Johns St., from a point at or in Moody St. to a point at or in Charles St.; on Moody St., from Johns St. to Henry St.; and on Kyle St. from Johns St. to St. George St., to cost $23,678.

NOW ASKING $35,000 FOR ESQUIMALT BLDG.

Hall, Esquimalt—The council members are now advising borrowing $35,000 instead of $30,000 for the proposed municipal hall and fire hall building, so that the structure can be erected of brick instead of frame construction.

Thos. D. Sedgar, of Victoria, is the architect now engaged in drawing the plans.

It was originally intended to have only one building, placing the fire department in the basement, but it seems now to be the desire to have a separate building for the fire department, costing about $5000, leaving about $20,000 for the city hall and $8000 for apparatus.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to any one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface-rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands

W. W. CORY,
