WANT DUTY REMOVED ON BUILDING MATERIALS

A movement extending from Winnipeg to the coast to bring about the elimination of all duty on building material, is about to be launched by the Saskatoon builders' exchange as the result of action taken at a recent meeting of the board of directors of that body.

Every builders' exchange west of Winnipeg will be asked to co-operate in the movement with a view of bringing about an act of parliament to repeal all acts providing for duty on bldg material.

Directors of the Saskatoon exchange indignantly declare that duty on bldg materials is a rank imposition on the Canadian west; that it offers absolutely no protection to the Canadian manufacturer because freight rates from the eastern points of manufacture are even greater than the duty together with freight rates from American points, and that the duty on this class of material is nothing more or less than a form of revenue.

DEMAND MODERN HOTEL BUILDING AT COQUITLAM

It is possible the owners may erect an entirely n w bldg. as has been suggested by Mayor Mars.

After a somewhat pratracted session the following resolution was passed unanimously by the board. "That the board will not renew the present lic nse of the Coquitlam hotel, and if the proprietor's wish to retain their license they must submit plans of a new structure to the board If of three storeys the building must le of mill construction with brick veneer."

EFFORTS UNDER WAY TO FORM EXCHANGE

There is a movement on foot to establish a builders' 'an'd' 'supplymen's exchange in Vancouver. Several preliminary meetings have already been held and it is said that the organization will be effected on a satisfactory basis.
