NO OFFICIAL STATEMENT ON UNIVERSITY CONTRACT

University, Vancouver—No official statement as to the award of the University contract could be obtained yesterday although it is rumored that Robt. McLean & Co., submitted the lowest tender on the work. The above company stated yesterday that they had received no advice in connection with the contract. A meeting of the board of control of the University will be held early the coming week and something definite will then be decided.

WILL LAY CORNERSTONE FOR PRESBYTERIAN CHURCH

Church, Victoria — Next Monday morning at 10 o'clock, Hon. Dr. Young minister of education, will lay the corner stone of the new building of the First Presbyterian church, building operations on which were commenced in July.

The plans of the larger structure, which are by J. C. M. Keith, call for a building in perpendicular Gothic style, with a big front window in decorative Gothic design. The main auditorium will, when complete, seat somewhere between twelve and thirteen hundred. A big basement gymnasium, 32 by 4 feet, will be one of the principal institutional features in the church.

WILL CONSIDER TENDERS FOR PT. ELLICE BRIDGE

Bridge, Victoria—At the next meeting of the Streets Committee of the council the tenders for repairs to the Point Ellice Bridge will be tabulated. The estimated cost of the work is approximately $40,000, and includes numerous repairs.

Plans and spec. were prepared by the City Engineer.

PROPOSED ICE ARENA IN SEATTLE IS DELAYED

Ice Rink, Seattle, Wn.—Patrick Bros., of Vancouver, announce that their proposed Ice Rink in Seattle will not be built this year on account of the situation created in financial circles which prohibits the const. of the bldg.

Plans and spec. have been completed by the Franklin Engr. Co., Hoge Bldg., Seattle.

Inspects Harbor Work.

Piers, Victoria—Mr. Grant Smith, president of the firm of Grant, Smith & McDonald, who have the contract for erecting the two piers in connection with the Outer Harbor improvement work recently made a trip of inspection and expressed satisfaction on the progress made.

New Jail Completed.

Jail, Victoria—The new Provincial Jail on Wilkinson Rd., has been completed and the authorities are now moving into it. Prisoners are now at work tearing down the old structure.

Will Resume Dredging.

Dredging, New Westminster—The harbor dredge, John A. Lee, is now tied up being inspected, and it is expected that in a few days dredging will be resumed again.

Erecting Dwelling.

Residence, Mount Lehman—Mr. Ed. Taylor is now erecting a handsome residence and const. work is being rushed.

VANCOUVER BUILDING PERMITS

Only Permits amounting to less than $500 will be found under this head.

7056—W. Coull, 1 sto fr garage, 524—12th E., owner, $75.

7058—Thompson Bros., alter store, 320 Cordova W., Coffin & McLennan, $250.

MAY PROCEED WITH BURNABY SCHOOL BLDG.

School, Burnaby.—At a meeting of the Burnaby school board the question of going ahead with the proposed new school bldg., was discussed and while nothing definite was decided it is thought plans will be under way in the near future.

The bldg. in contemplation embraces a structure 2 stories of reinf. conc. The exterior will be faced with brick and terra cotta and the est. cost is $60,000.

Further details will be available soon.

MORE MONEY NEEDED FOR SOOKE LAKE WATERWORKS

Waterworks, Victoria—The Council have been in communication with the Bank of B. N. A. with regard to financing the balance of the concrete flow line for Sooke waterworks. In the present state of conditions it will be impossible to proceed with work which will take 12 months to complete until more funds are obtained.

There still remains $750,000 worth of debentures to be sold, but as it appears impossible to float this amount it is expected that the bank will finance it.

MACHINERY DELAYED FOR PR. RUPERT HYDRO-ELECTRIC

Hydro-Electric, Prince Rupert—The machinery ordered by the City Council from the Canadian General Electric Company for the hydro-electric plant at Woodworth Lake, has not been shipped as contracted for owing to inadequate shipping facilities.

The company states that shipment cannot be made before September 15, and the concrete base for the plant cannot be built before the base of the machinery arrives.

FACTORY BLDG. TENDERS STILL REMAIN UNDECIDED

Factory, Subway and Wharf, Vancouver—The letting of the contract for the Royal Crown Soaps is still delayed owing to the present state of conditions and nothing definite can be obtained as to when const. work will be undertaken.

Local Finance.

Public Works, New Westminster—A movement is now on foot for home purchase of bonds with idle money in savings banks which may be invested in local debentures to be utilized for the continuation of public works to keep the unemployed busy.

School Tenders Closed.

School, Fort George, B. C.—Tenders for the const. of the proposed school bldg. to be erected on Lincoln st. closed recently in Victoria and local contractors are anxiously awaiting the award of the contract. The bldg. is to be completed in four months time.

Wiles & Fisher, general contrs. have removed from their office at 301 Empire bldg., and are now located at 1361—8th Ave. W. New Telephone number, Bay 2278.

ARCHITECTS INVITED TO INTERNATIONAL COMPETITION

Melbourne, June 30. 1914—The Australian government announces an international architectural competition for the purpose of selecting the architect of the Parliament House and possibly incidentally additional architect for other government structures of the new Federal Capital City, Canberra.

Only tentative outline sketch designs for the building are requested, and eight (8) prizes are offered aggregating £6000, the first being £2000, in addition to commission for service at the scale of the Royal Institute of British Architects.

Designs may be submitted in either Melbourne or London before March 31, 1915, and wil be judged by the following jury of architects:

George T. Poole of Australia.
John J. Burnet of London.
Victor Laloux of Paris.
Otto Wagner of Vienna.
Louis E. Sullivan of Chicago.

The decision of the jury will be final.

A program will be issued to any practicing architect on application to the High Commissioner for Australia in London. Works Departments of British Colonies, or British Embassies at Berlin, Madrid, Paris, Rome, St. Petersburg, Stockholm, Vienna, Washington, from whom also copies of text in French or German may be had on request. Copies in Esperanto may be obtained from the High Commissioner or from the Esperanto headquarters at Geneva.

The importance of this event is not to be measured by that of the foremost building of the commonwealth, but by the opportunity to establish an architectural standard not only for the entire future seat of government in Australia, but for a great new democracy of scope, scale and modern advantages as well as the climatic conditions differing radically from any prototype in Europe or elsewhere.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen; and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.
