Calgary News

Special Correspondence.

The contract for the new Power Station to be erected for the town of Carlyle, Sask., has been awarded to Bennett & Debman of Calgary.

The structural steel for the addition to the power station situated at Victoria Park, for the city of Calgary, is being erected by E. M. Huyck, structural steel erector.

Carter Halls Aldinger & Co., of Winnipeg, contractors and engineers, have been awarded the contract to build the new warehouse for the Alaska Bedding Company on 5th Ave. and 5th St. East, Calgary.

Contracts for the Internal Elevators for the Dominion Government at Saskatoon and Moose Jaw have been awarded to the Barnett McQueen Company of Winnipeg and Fort William. This tender was the lowest of four by $300,000. All work to be completed by December 15, 1914.

At a meeting of the Calgary Builders' Exchange held on Wednesday evening, September 10, George Craig, city engineer, delivered an interesting talk on concrete and steel bridges. He showed perspective plans of the Mawson play and also that as designed by his own Department. A vote of thanks was tendered by the Exchange to Mr. Craig for his very lucid address and the Builders' Exchange went on record as being in favor of the reinforced concrete construction for the bridges for the City of Calgary, as well as being the most economical, permanent and aesthetic features of construction, without prejudice, however, to either a high level or a low level bridge.

The city of Macleod are having plans and specifications made for a new City Hall, to be erected there shortly.

The Calgary Brewing & Malting Company are to shortly erect a new building three cornered in shape on their property in East Calgary adjoining 15th Street East and the Canadian Pacific Railway right of way. Plans and specifications are in the course of preparation.

They are also building a reinforced concrete arch for their driveway leading into the grounds.

D. R. Foulds, Limited, have the contract for the skylights, metal work and roofing on the new magnificent structure for the Calgary Furniture Stores, Limited, which is being built by Fyshe, McNeill, Martin & Trainer, Limited.

Plans and specifications for the new pavilion to be erected at Banff in the Canadian National Park can be seen at the Commissioner of Parks Office at Banff, Albert.
