ALBERTA NEWS

CALGARY CORRESPONDENCE

By-Laws Are Approved.

The five by-laws submitted to the people were carried by quite large majorities. No serious opposition was expressed to any of the propsed expenditures.

The bylaw authorizing an expenditure of $527,660 for trunk sewers was evidently the most popular, having the support of 223 and the opposition of only 30.

The bylaw for $5,500 for the grading of Nose Creek hill received the greatest opposition, but 174 out of a total of 252 supported it. It was carried by a majority of six over the necessary two-thirds. Other items include $250,000 for a sub-base and street railway equipment, $25,000 for asphalt paving and $70,000 for extending the conduit system.

Will Stay in Calgary.

W. H. Moorhouse, formerly of New York and Sydney, Nova Scotia, where he superintended the building of the Grand Central Palace in N. Y., the post office and Palace Theatre in Sydney respectively, has come to Calgary and will take charge of the building of the new Bridgeland School for R. C. Brocklebank, Ltd., contractors.

Will Open Lethbridge Office.

It is stated on good authority that the Tregillus Clay Products company, of Calgary, will open up an office in Lethbridge. Arrangements are being made whereby the company will take over the office and warehouse of the Canadian General Supply company in the wholesale district.

Paving Tenders Referred.

The General Contracting Co., of Minneapolis, has submitted the lowest tender for city paving in competition with three local companies. The tenders opened recently were as follows:

Calgary Paving Co., for streets on North Hill up to 50,000 square yards, asphaltic concrete, per sq. yard, $2.67. Curb and gutter, 72c per lineal foot.

Bitulithic and Contracting Co., $3.00 and $2.85 per square yard; curb and gutter, 80c.

Crown Paving Co., asphaltic pavement, $2.45 per square yard without car tracks, $2.65 with tracks; $2.55 on North Hill street without tracks; and $2.75 with tracks; curb and gutter, 65c.

General Contracting Co., $2.38 per square yard; curb and gutter, 60c per

Merchants' Bank Building

The plans for the fine office structure which is to be built by the Merchants' Bank at the corner of Eighth avenue and Centre street, have now arrived in the city. They have been prepared by Brown & Vallance, architects, of Montreal. The building will be one of the handsomest in the city, and will adorn the corner on which it will stand, which will be, as it is now, the centre of the city. The building will be of terra cotta and will be four storeys high. Tenders will be called for in the near future, and contractors may see the plans at the offices of the Builders' Exchange.

New Warehouse Building

The new warehouse for the Canadian General Electric Co. and Canada Foundry Co., Ltd. is now being commenced on corner 11th Avenue and 9th St. W. Hodgson, Bates & Beatie are the architects. The general contract has been let to the Carter Hall Aldinger Co., plumbing and heating to the William Head Co., and the elevator to the Turnbull Co.

The building is five storeys high and basement and will be 50'0" by 117'6".

The ground floor will be elaborately finished in brick and will be panelled on the walls and ceilings while the external design will be of brick and stone. The ground floor is finished entirely in stone, the remainder in brick and stoe dressig, the whole making a very handsome appearance and giving a good architectural effect. The total cost will be about $80,000.

C. N. R. Macleod-Calgary Branch

MACLEOD—A semi-official announcement has been made here to the effect that construction work on the C. N. R. branch line from Macleod to Calgary would be started within 10 days from this end. A large gang of men and teams will arrive here the latter part of next week and work will be pushed through with all possible speed. Grading through the town itself will also be completed at an early date. The Northern Construction company are the probable contractors for this work.

Medicine Hat Cement Plant.

MEDICINE HAT.—A. C. Tagge of Montreal, general superintendent for the Canada Cement Co., has arrived in Medicine Hat and his advent here is fraught with no little importance to the industrial development of this city.

It will be remembered that originally the Canada Cement company's plans provided for the construction here of a mill for the production of 2,000 barrels of cement every 24 hours. The Hunt Engineering Co. also decided to erect a cement mill here which was to have a similar capacity per day. A short time ago an announcement was made that the two concerns had consolidated and that a plant would be costructed with a capacity of 3,000 barrels per day. Mr. Taggs has come to Medicine Hat for the purpose of closing up negotiations and details for the construction of a cement mill which will turn out every 24 hours 4,000 barrels.

This mill will be built by the Hunt Engineering Co., for the Canada Cement Co. All of the preliminaries have been worked out by the two companies and the details are now being decided upon.

STEVESTON JETTY JOB WILL RUN ABOUT $100,000

Jetty, Steveston—The contract for continuing the first unit of the Steveston jetty, for which the government is receiving tenders until June 17, is expected to figure close to $100,000. There is $200,000 available for the second unit of the work, for which tenders are yet to be invited.

Fox & Berrill, architects, Victoria, have let the contract to instal the fuel oil system in the extension to the Dominion Hotel in that city to the J. P. Jarvis Crude Oil Burner Co. of San Francisco, and the hot water heating contract to Hayward & Dodds, Victoria.
