NOV 1 1919
VICTORIA, B.C.

Okanagan Commoner

IN WHICH IS MERGED THE ENDERBY PRESS AND WALKER'S WEEKLY.

Vol. 13, No. 34, Whole No. 630. ENDERBY, B. C. THURSDAY, OCT. 30, 1919 Subscription, $2 a year; 5c copy

It is reported that the Provincial Government has appointed an engineer to examine into the possibilities of developing the water power of Shuswap Falls and Adams River for hydro-electric purposes. This report appeared in the coast papers the past week, and Mr. K. C. MacDonald also reported the same to the City Council of Vernon.

This appointment is in response to the urgent request eminating from the hydro-electric convention held at Vernon early in the fall. It will be good news to all interested in the full development of the Okanagan Valley.

We should like to know, however, just what point is meant by Shuswap Falls. If the Government intends to look into the power possibilities on what we know as the Skookum Chuck on Shuswap River, 20 miles from Enderby, then there is good reason to believe that something may come of the investigation. But if the Government contemplates ignoring the well-known possibilities of the Skookum Chuck and takes up what is known as the McKinzie-Man Shuswap Falls power proposition then little can be expected from the proposed investigation.

It will be remembered by all delegates who attended the hydro-electric meeting at Vernon that all reports of engineers present who had looked into the merits of all propositions before the meeting were distinctly in favor of the Skookum Chuck as being the most easily available, with unlimited reserve.

Under these circumstances and in face of the expert reports made at that time it does not seem probable that the Skookum Chuck power can be ignored. But citizens of Enderby, Armstrong and Salmon Arm should not sleep under the spell of security. We must not let the valuable power on Shuswap River—the Chuck—be ignored for any such power as can be developed at Shuswap Falls.

From Mr. K. C. MacDonald it is learned that, so far as he knows, it is the intention of the Government to have the investigation cover the Adams River, Skookum Chuck and Shuswap Falls. But Mr. MacDonald is not certain on this point.

We should not rest until we are certain that the possibilities of the Chuck are to be taken into consideration along with the other propositions.

GOLD MEDAL BUTTER

Northern Okanagan Creamery Awarded the Coveted Prize at Vancouver Exhibition.

Word was received by the management of the Northern Okanagan Creamery at Armstrong on Monday that the butter sent for exhibition at the Vancouver Fair by this creamery had been awarded the gold medal and in addition had won a cash prize of $35 and a diploma.

To win such distinction at the Vancouver Exhibition, where all the crack buttermakers of the coast creameries show their best product means much to the Armstrong creamery. It ought to mean an increased price for the Armstrong product, which in turn would mean a higher price to the farmers who supply the cream.

This is another indication of the steady advance of this creamery. This institution has withstood more than its share of hard knocks in recent years, and it is still climbing upward. With every advance it brings better prices to the cream producers.

It means a great deal to the prosperity of the district to have such an institution established here, and every farmer with cows should lend every assistance to make the creamery pay and to increase its output.

FARMERS WIN THREE

Successful in Carrying all Seats Contested, Defeating Government Candidates in Three Provinces.

Of the five by-elections which were held on Monday in an equal number of Provinces of the Dominion, the United Farmer candidates were successful in carrying three, the Unionists one and the Liberals one. And the single Unionist candidate elected—Dr. Tolmie, of Victoria, is himself a practical working farmer. The three seats won by the Farmers were Assiniboia, Sask., Glengarry-Stormont, Ont., and Victoria-Carleton, N. B.

Commenting on the result the Toronto Globe (Liberal) says: "The by-elections should end empty boastings at Ottawa. Threats by the Government, and challenges by the Opposition to take appeal to the people are silly and insincere. Both parties must know now the temper of the electors. Each must realize that it is hopelessly out of touch and out of accord with the sentiment of the country. The 'ins' and 'outs' may continue to play their old game in Parliament, but the folk outside are looking for something better—and they will look till the find it."

Protect your future by putting your money into Victory Bonds.

Canada's big drive for the $300,000,000 that will enable her to pay her war bills and carry the country safely through the reconstruction period with no cessation of the present prosperity, commenced on Monday.

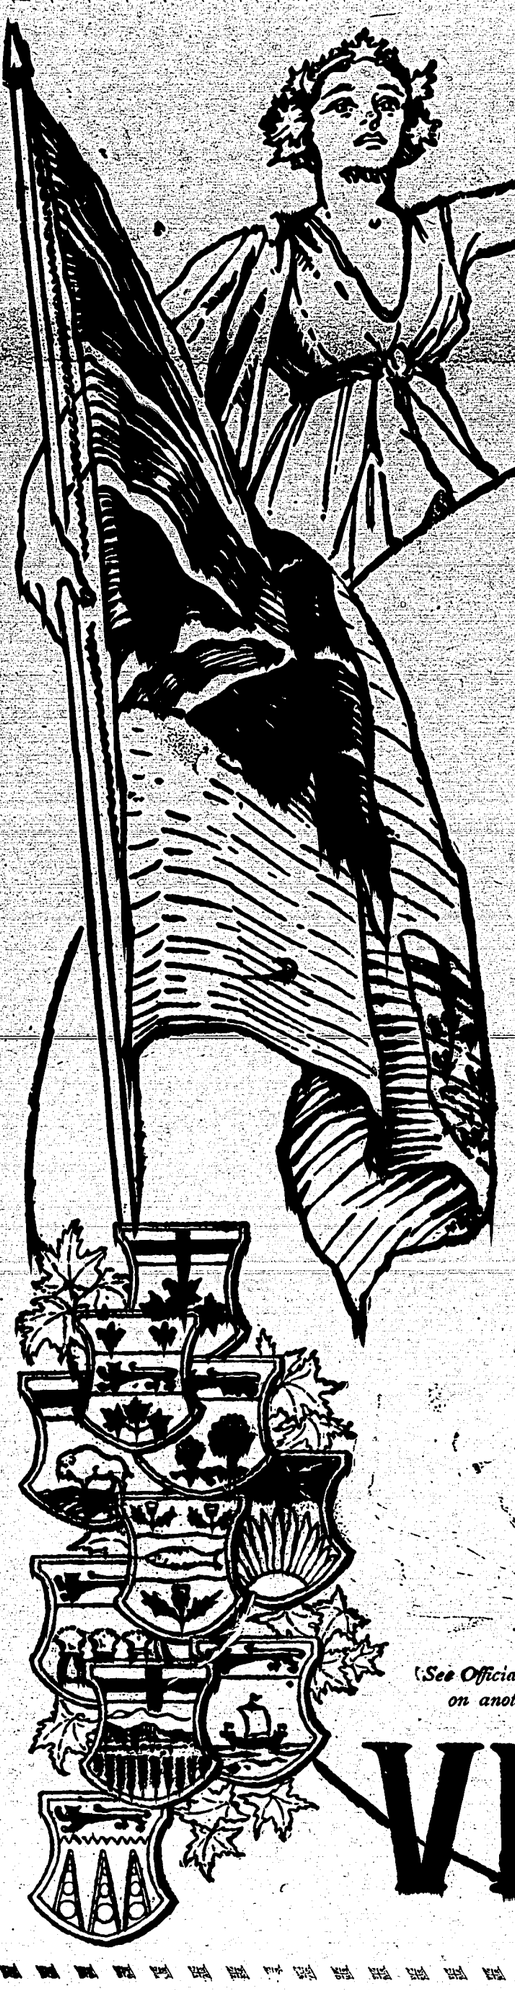
On that day canvassers throughout the Dominion, from the Atlantic to the Pacific and as far north as Hudson's Bay and the Yukon, started their rounds of the homes. It is the duty of all Canadians to greet them cordially, because in them is represented the Dominion's very urgent appeal for money.

The campaign will last three weeks. During that time it will be carried into every corner and centre of Canada. All citizens will have an opportunity to buy Victory Bonds. None will be missed.

The details of the loan are as follows: The bonds will bear interest at 5½% from Nov. 1, 1919, and are offered in two maturities—five years and fifteen years, the choice of which is optional with the subscriber. The interest is payable half-yearly without charge on May 1 and Nov. 1, at any branch in Canada of any chartered bank.

The denominations of the bonds are $50, $100, $500 and $1000 Subscriptions may be paid in full at the time of application or on any of the following dates: 10% on application, 20% Dec. 9, 1919, 20% Jan. 9, 1920, 20% Feb. 10, 1920, and 31.21% Mar. 9, 1920. The latter includes 30% balance of principal and 1.21% representing accrued interest at 5½% from Nov.1, 1919, to due dates of the respective instalments. A full half year's interest will be paid on May 1, 1920, making the cost of the bonds 100 and interest.

Of the three hundred millions and over that will be raised every cent will be spent in Canada. The proceeds will be used to pay the indebtedness incurred during the war and to meet the expenditures to be made in connection with demobilization and the re-establishment of our soldiers in civil life. This will include the Department of Soldiers' Civil Re-establishment, the authorized war service gratuities and the land settlement loans, and for the establishment of credits abroad so that we may dispose of our huge surplus of foodstuffs, timber, manufactured articles and other products.



All for Canada
Canada for all

Canadians!
This is a call to National Service—
The Victory Loan 1919
which opens to-day.

YOU are citizens of no mean country;
Canada is a fair, free land.
Canada is your country.
Canada—now—has need to borrow from you—Lend:
Lend without restraint of politics or fine distinctions of creed or party.
The leaders of the political parties endorse the Loan.
It is CANADA that asks:
And why—
To clean up the last of the War's commitments and expenses;
To establish beyond all question the capacity and credit of your country;
To care for the wounded and maimed soldier;
To finance the bonus of the returned soldier already paid;
To enable the fruits of Victory to be garnered;
To ensure the prosperity of you, her citizens.
The guns of war are silent—but they are not yet cool.
The Victory Loan 1919 is a War Loan.
Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. LEND!

VICTORY LOAN

TEACHERS' CONVENTION

Well Attended from All Points in the Valley, and Proved an Interesting Gathering.

All schools in the Okanagan were closed last Friday to permit the teachers to attend a convention at Vernon on Friday and Saturday.

The presidential address was given on Friday afternoon by Mr. Gordon, of Kelowna, who in a forceful way laid great stress upon the importance of the teaching work and the failure of the community to realize sufficiently how much Canada owes and shall continue to owe to the laudable and conscientious work carried on by the members of the teaching profession.

"For years," Mr. Gordon emphatically declared, "Canada has taken the services of these men and women, in whose hands we place the basic training of the rising generation of this country, and for years Canada has given to many of them, in return for their earnest, trying and responsible work an altogether inadequate reward."

The address was listened to with great interest by all.

At the evening session a most interesting paper was read by Mr. Mitchell, one of the Okanagan Valley manual training instructors. Mr. Mitchell dwelt at some length upon the great practical value of manual training to the boys of our schools, particularly as a training in accuracy and resourcefulness. He then went on to show certain ways in which the work could be improved upon and a much greater efficiency obtained.

The rest of the evening was spent in a long and difficult discussion on the advisability of the Okanagan Valley Teachers' Association becoming affiliated with the B. C. Teachers' Federation, with headquarters in Vancouver. The discussion resulted in an almost unanimous vote in favor of affiliating at once.

On Saturday morning a committee of ten was elected to deal with the whole question of salaries and at a later date, in the near future, to meet with school trustees and Government officials to discuss this very important matter.

It was also decided to make this teachers' convention a semi-annual event and Mr. Welsh, principal of the High School at Enderby, was unanimously elected president for the year 1919-20.

Ninety teachers attended the convention. They were entertained to light refreshments after the evening session by the staff of the Vernon schools. Everyone was greatly helped by the frank and earnest deliberations of the convention. COM.

The money subscribed to the Victory Loan will ultimately circulate in Canada to the benefit of all.

HELP VICTORY LOAN CANVASSERS

Word already has been received from Victory Loan canvassers to the effect that certain strong opposition is being expressed by persons in a position to buy bonds, who put up various arguments to bolster up their case. Some bring up objections because of the Government's treatment of the returned soldiers; others complain about the Government contemplating the purchase of the paying end of the Grand Trunk railway—numerous reasons are given. This makes it difficult for canvassers to make any headway. If persisted in it will mean failure of the loan so far as this district is concerned.

There can be no justification for this attitude. Let it be admitted at the outset, for the sake of argument, that the present Loan is not popular. Nobody likes it. Nobody would sanction it for a moment if it were not necessary. But the Loan is necessary. If Canada is going to finish the war and get back to business on the right basis, she must have the necessary money in order to carry on successfully. It is not necessary for one to be enthusiastic for the Loan to recognize how essential it is that the Loan be made a success. It is not necessary for one to be an admirer of the Union Government to recognize the need of the hour. What we must look at is our present and future welfare as a nation and prepare honorably to meet the conditions war has forced upon us.

We must recognize that Canada must have the export business offering if we are to hold together and move forward, and that Canada can have this export business only on the condition that we can finance it for the Mother Country and her European neighbor friends. If we can not raise the money, we cannot have the business.

We do not believe in appealing for support of the Victory Loan on patriotic grounds. Canada needs the money and must have it. Therefore we, as hard-headed Canadians, must provide the money in full measure to maintain prosperity and uphold the cause of the Dominion. Argument is not necessary to show us our duty in this matter. It is as necessary to carry the country's credit now as it was to carry it through the war. It is insane to argue against the Victory Loan now.

When the men who went overseas were asked to give their lives in the country's cause they did not stop to quibble about the things they did not like about it. They gave freely. They were prepared to sacrifice all they had. We are only asked for money; and some complain at that.

It is not as if we were asked to give our money without recompense. The Government only asks that it be loaned the money and is prepared to pay 5½ per cent for the use of it. It is a gilt-edged investment, as safe as the savings bank which pays less interest.

Victory Loan canvassers will not have an easy task this year. It is every Canadian's duty to make that task as light as possible—at least not to add to it. The Government of Canada may have faults; its policy may not suit us; perhaps we could do much better if we were the Government. But that is not the question. The point is that Canada wants to borrow $300,000,000 or more from her own citizens. She offers the best security in the world; is prepared to pay a high rate of interest, and guarantees to spend all the money borrowed with the people from whom it is borrowed. It means a good investment and continued prosperity for all.

Why knock it?

WHERE THE CELEBRITIES GATHER

The Kelowna Courier facetiously remarks: "It seems to be a custom these days for the world's celebrities to pay a visit to Kelowna. Only a few weeks ago we were honored by a visit from the Prince of Wales, then came the Governor-General of Canada, and now, last Friday and Saturday, the city was honored by the newspapermen of the Okanagan Valley being our guests. The visitors comprised Mr. Walker, of the Enderby Commoner and Armstrong Advertiser, Mr. Ball, manager of the Vernon News; Mr. White, of the Summerland Review, and Mr. McDougall, of the Penticton Herald and Princeton Gazette. With them came also Mr. Brand, manager of the Vancouver Printers' Board of Trade and Mr. Jewell, a man of large experience in printing and newspaper work in Canada, especially in British Columbia. All these gentlemen, together with the managing editors of the two Kelowna papers, secreted themselves for the best part of two days in a room reserved for the occasion. What plots were planned on the unsuspecting public may never be known, but it is quite certain that when such a body of men meet together something is going to happen. One of the most important decisions reached was a campaign to hold in the Valley much of the printing that is now being sent away, both east and west. This will be done by holding prices as low as possible and by sending a first-class salesman round to interview those firms who are purchasing printing out of the Okanagan. Mr. Jewel was selected as this salesman, and early in the new year he will make his introduction to the businessmen of the whole Valley, as he is to divide his time amongst the various printing establishments. Printing equipment in the Valley is as up-to-date as any in Canada outside of the largest cities, prices are as low as present-day costs will permit, and with the stimulating effects of Mr. Jewel as salesman it is confidently believed that both the printers and their customers will find increased business and satisfaction."

THE FARMER NO LONGER THE GOAT

Politicians are trying hard to find a reason for the political turn over in Ontario. Credit should be given some of them for not saying for publication what they think. But very little credit can be given those who have said for publication what is on their minds. They seem to treat the whole thing as a joke on the Hearst Government, or a joke the people have played upon themselves—forgetting that old saw about fooling the people. But the politicians are wrong. They have failed all along to sense the feeling of the people of Canada. Our leaders every little while speak for publication at Ottawa about the good graces of the Union Government and tell the dear people that this Union Government must go on and on and on. And all the while the people are laughing in their sleeve. They know if the leaders do not know that Union Government will not go on and on and on. Throughout Canada the people are only waiting the chance to do just what was done in Ontario the other day. And the longer the opportunity is in coming the heavier will be the turn-over. The politician who cannot sense this is not alive. He is submerged in his own egotism.

Speaking of the turn-over in Ontario Farm and Home says: "Not without good reason the farmer has in the past been considered great in mass but small in importance. Politicians have moulded their minds and framed their policies to suit their own ends. In Ontario at least the tables have been turned; the next legislature of that province will be controlled by the organized farmers. Full credit is due to the splendid organization of the United Farmers, who, for at least two years, were openly preparing for the campaign. In the face of results they have proved themselves not only a highly efficient co-operative organization in agricultural matters, but the strongest political party in Ontario as well. British Columbia farmers may profit well by studying the efficiency of the eastern organization which has secured for the Ontario farmers not only political control, but access to the wholesale markets, which has meant a real saving of dollars and cents to every member of the movement."

COMMON SENSE OVER PREJUDICE

A great victory has been won by common sense over prejudice. Gumption has triumphed over ultra conservatism and inertia. The World Trade Club of San Francisco and the Metric Association of New York have just received a classification of the petitions mailed within the past few months to president Wilson and national American legislators, and by them referred to the Bureau of Standard, Department of Commerce. These petitions relate to the exclusive use of metric measures by the United States. 99 per cent of the petitioners favored this essential progress. Less than 1 per cent were against. This is a victory for common sense. It shows that thinking people are practically unanimous in recognizing the advantages of metric weights and measures because of their simplicity, logical relations and world uniformity. On all keyboards of all typewriters in all languages are found the characters 1 2 3 4 5 6 7 8 9 0. The units constitute an universal language of quantity.

THE ORACLE'S PLEADING

Walt Mason, who thinks sermons in rhyme, offers this bit of solid advice:' 'Good sense is demanded, or we shall be stranded; we ought to be sensible now; but still we are fretting and swearing and sweating and raising the deuce of a row. 'Be patient and quiet, don't kick up a riot,' the oracle tells us in vain; 'get down to crocheting and cut out the braying, and prove to the world you are sane. The world has gone batty and nations are catty, they're filled with a rancor intense; and now its the duty of every galooty to set an example of sense.' The oracle's pleading but little we're heeding, we're milling around in our tracks; the oracle thunders and shows us our blunders, and begs us to get down to tacks. And still we are spielling and kicking the ceiling, and cussing and ranting around, and wildly cavorting and whooping and snorting, and pawing up acres of ground. The welkin is shaking from noise we are making; we've dented it up with our roars; the times will be dizzy until we get busy—get back to our usual chores."

Now It's Buying Time for Warmer Winter Clothing

The bright new seasonable Merchandise on display throughout the store is attracting favorable attention and approval from those with winter supplies to purchase. Splendid qualities combined with moderate prices will commend themselves to all who desire the best values obtained.

Underwear for Men, Women and Children, in all the leading makes

Shoes and Rubbers in Every Wanted Kind

COURAGE, DETERMINATION, UNANIMITY

"We must have courage and determination and must summon the necessary unanimity," said a distinguished British statesman the other day in counselling his countrymen on the necessity of maintaining her trade. These are the words that express exactly what we need in Canada today. The Victory Loan which is now being offered in every community, must be pushed through to success with courage, determination and absolute unanimity if Canada is to prove worthy of her opportunity.

Great opportunities for trade lie within the grasp of Canada if her farmers, wage-earners, merchants and manufacturers have foresight enough to reach for them. On the maintenance of our great overseas trade built up during the war rests our ability to carry on. One of the great objects of the Loan apart from the rehabilitation of the returned soldier, is the raising of capital necessary to enable the Government to continue its system of credits to Great Britain, France, Belgium and other countries, and at the same time pay cash to the Canadian producer. On these credits our present and future trade depends and all Canadians must unite to ensure an ample subscription to the Loan, which alone will render them possible. The responsibility rests upon every community to do its share. We cannot escape it.

What are we coming to! Seattle paper companies are refusing to sell paper supplies to print shops which have agreed to the striking printing trades demands. Such high-handed action as this is bringing the United States and Canada to the verge of revolution as fast as class legislation can do it.

MORE SUGAR REQUIRED

A New York authority seriously states that prohibition has resulted in the consumption of enormous quantities of sugared soft drinks, and the sugar consumption in the United States has increased 500,000 tons in nine months.

It is evident from this that fruit and vegetable growers must take note of the increased possibilities to supply fruit juices and growing sugar beets. The day of Barleycorn is passing and fruit juice and sugar beet should be welcome successors. They cost more to produce but the head, it is argued, does not react as violently after them as it did in the aftermath of the extract of golden barley. Prohibition may hurt the rye and barley industry but it certainly is making greater production of sugar cane, sugar beet and all kinds of fruit necessary.

Don't think because you have only $100 to put into a Victory Bond that that $100 will not be needed. There were no fewer than 707,701 subscribers of $500 and under to the last Victory Loan, and their subscriptions amounted to over $100,000,000.

Millions of pounds of Canadian bacon which has spoiled during the recent spell of hot weather in Great Britain, and which was being hoarded by wholesalers, is now being sold to soap manufacturers for $90 a ton.

It is estimated that the total payment to Canadian bondholders, in interest, as a result of the Victory Loans for war purposes, will reach a total of $93,000,000 a year. Consider the business advantage which must come from such a circulating and recurring asset.

DEEP CREEEK NEWS

There was a good attendance at Rev. Mr. Dow's monthly service last Sunday at Mrs. Jamieson's house inspite of the cold snap.

Work on the Enderby-Salmon Arm road between Andrew Paul's ranch and Gardiner's corner is in progress, under Mr. Davidson. Gravelling and grading should make this long stretch of the road one of the best for speed.

Mrs. Wodehouse has returned from the coast.

GRINDROD NOTES

Don't forget the dance on Friday, Oct. 31st.

A. Tomkinson is again cutting in his sawmill here.

Mrs. J. E. Pacey was in Enderby on business last week.

Mr. and Mrs. Rashleigh were visitors to Vernon last week.

The carpenters are now busy putting the ceiling in the Grindrod Hall.

Mr. Tracey, of the Adams River Lumber Company, was in Grindrod buying logs last week.

About 2.30 last Thursday afternoon a fire was discovered in the Grindrod station and in less than half an hour the building was burned to the ground. Fortunately Mr. Stroulger and Mr. J. Monk were close at hand when the smoke was first seen and they, with others quickly summoned, removed all express and freight from the building. Nothing is known as to how the fire started, but it is the belief of those first on the scene that a track-walker went into the station and put on a fire to warm himself, then left it without making sure of it being safely under control.

Statisticians have found that whereas the Franco-Prussian war of 1870 cost $20,700,000 per day, the Great War just ended cost $300,000,000 daily.

MARA NEWS

Mayor Shatford of Vernon motored to Mara on Saturday on Victory Loan business.

Miss Swan and Miss Mutrie motored to Vernon on Friday to attend the Teachers' Convention.

Owen Rosoman returned to Mara on Saturday, thinking a deal more of Mara since residing at the coast.

The dance last Friday night was a very enjoyable affair, many being in attendance from Enderby and Grindrod.

Jack Rogers arrived home last week. He is still quite lame. His many friends hope he will speedily recover the full use of his limbs.

Mr. and Mrs. Harley and child returned to Mara last week to stay on the ranch. Mr. Winter and Mr. Harley have been employed at Revelstoke all summer.

GRANDVIEW BENCH

Miss Carlson attended the convention of teachers at Vernon last Friday.

It is reported that the Government intends to put in a sawmill on the timber limits near what is known as the Mara Meadows.

BEST QUALITY TOILET SOAP

SOAPS MAY ADVANCE IN PRICE JUST AS EVERYTHING ELSE IS ADVANCING, BUT IF YOU BUY THE BEST TOILET SOAPS YOU WILL NOT NOTICE THAT THERE IS ANY ADDITIONAL EXPENSE, FOR THE BETTER QUALITY OF HAND SOAP WILL OUTLAST THE SOAPS LESS IN PRICE.

CHEAP HAND SOAPS ARE THE MOST EXPENSIVE IN THE END.

A. REEVES
ENDERBY

In sentencing Hyslop James, a Canadian soldier, to nine months for bigamy, the judge at the Old Bailey police court, London, the other day expressed astonishment at the number of cases in which Canadian soldiers had deceived English girls by bigamous marriages.

OFFICIAL PROSPECTUS

"The Bridge from War to Peace"—The Prince of Wales.

THE MINISTER OF FINANCE OF THE DOMIONION OF CANADA offers for Public Subscription the

Victory Loan 1919

$300,000,000. 5½% Gold Bonds

Bearing interest from November 1st, 1919, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1924 — 15 year Bonds due November 1st, 1934

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal or as to principal and interest, as hereinafter provided, at any of the above-mentioned offices.

Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold. Denominations: $50, $100, $500, and $1,000

Issue Price: 100 and Accrued Interest, Income Return 5½% per Annum

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, land settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon shipbuilding, and other national undertakings forming part of Canada's industrial reconstruction programme, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

Payment to be made as follows:

10% on application; 20% December 9th, 1919; 20% January 9th, 1920; 20% February 10th, 1920; 31.21% March 9th, 1920.

The last payment of 31.21% covers 30% balance of principal and 1.21% representing accrued interest at 5½% from November 1st to date dates of the respective instalments.

A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest.

Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest at the rate of 5½% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The amount of this issue is $300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of $300,000,000.

Payments

All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.

Subscriptions may be paid in full at time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before November 15th, 1919, par without interest or 100%.
If remaining instalments paid on Dec. 9th, 1919, balance of 90% and interest ($90.52 per $100).
If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest ($70.84 per $100).
If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest ($51.08 per $100).
If remaining instalment paid on Mar. 9th, 1920, balance of 30% and interest ($31.21 per $100).

Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment due date.

Denomination and Registration

Bearer bonds, with coupons, will be issued in denomination of $50, $100, $500, and $1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of $500, $1,000, $5,000, $10,000, $25,000, $50,000, $100,000, or any multiple of $100,000.

Payment of Interest

A full half-year's interest at the rate of 5½% per annum will be paid May 1st, 1920.

Form of Bond and Delivery

Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber.

Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription Lists will close on or before November 15th, 1919

DEPARTMENT OF FINANCE, OTTAWA, October 27th, 1919.

A Diamond as an Investment

Surpasses even the old Fairy Tales! For instance, Diamonds ave advanced more than double in the past five years, and another advance of 40 per cent. is predicted before beginning of year.

A Diamond is not like other merchandise as it never wears out. It does not cost you continually for repairs. It continues to increase in value while all else depreciates. Whether you sleep or work, its value continues to increase. Meanwhile you have the prestige which attaches itself to one who owns a Diamond, to say nothing of enjoying its beautiful sparkle

At the beginning of this year we were able to take advantage of the market. While present stock lasts you have your opportunity, as we have not marked them up; but when present stock is sold, we must then procure more. We will necessarily have to buy at a dvanced prices and sell accordingly.

Suggest your early investment in Diamond Rings, Brooches or Pendants.

When in Doubt Use Your Phone

It takes but a moment to get in touch; a word or two and the doubt is removed. The convenience it, and the satisfaction in knowing that at a moment's call you can speak to any point in the Okanagan is worth many times the cost of having a 'phone in your house.

Okanagan Telephone Co.

Are you going to do any Building or Repairing This Season?

THE FOLLOWING ARE GOOD VALUES:

No. 4 Ceiling, Flooring and Siding. . $20.00 per M
No. 2 Dimension, 2x4 and 2x6 . . . . $25.00 per M
16-inch Slab Green Wood . . . . . $2.50 per load

OKANAGAN SAW MILLS, Ltd. ENDERBY

There is a general impression abroad that the total amount of money invested by any one subscriber in the Victory Loan 1919 will be subject to taxation. This impression is erroneous. It will be the interest from the investment that will be taxed, not the principal invested.

ROYAL YEAST CAKES

There is more energy in a pound of good bread made in the home with Royal Yeast Cakes than in a pound of meat. Bread making is a simple operation and requires no previous experience. Full instructions in Royal Yeast Bake Book, mailed free on request.

ENDERBY NOTES

Mrs. Geo. Brown is visiting her daughter in Idaho.

Harry Worth was a visitor from Trinity Valley on Monday.

Mrs. H. Mann and Mr. Rands spent Wednesday in Armstrong.

Mrs. J. Mackay has returned after a month's visit to Penticton.

The loose ends of the war will be caught up by the Victory Loan 1919.

Miss May Mackay left last week on a month's visit to friends in Penticton.

Mr. and Mrs. Geo. B. Johnston are preparing to leave for Vancouver next Monday.

Mr. and Mrs. LaRoy spent last week visiting Mr. and Mrs. Ernest Hallam at Armstrong.

Born—On Oct. 28th, at the Enderby Hospital, to Mr. and Mrs. T. J. Colquette, a daughter.

Miss Gibbs returned from England Wednesday morning, after an absence of several months.

The instalment plan for the purchase of Victory Bonds is a great boon to thrifty working people.

Really, now, it does begin to look as if there was a conspiracy in some parts of Canada against the Government!

Nurse McPherson reports every available bed in the Enderby Hospital now occupied, with all patients doing well.

Mr. and Mrs. T. J. Colquette, of Hawarden, Sask., are visiting their brother and sister, Mr. and Mrs. S. D. Colquette, of Enderby.

A. D. Robarge was out hunting a few days ago and ran across a coyotte near town. He bagged Mr. Cunning and got a fine pelt.

Mr. A. R. Rogers visited Enderby the past week, from Minneapolis, to go into the question of proposed extensions to the mill with Manager Marley.

Does it not seem absurd for the fruit growers of the Okanagan to have to send to Vancouver for box material, with so many sawmills operating in the Valley?

A social dance from 8 to 12 is the be given in the Opera House by the Enderby Social Club on Wednesday eve, Nov. 5th. Music by the Enderby Orchestra.

A social will be held in the Hullcar Hall, on Thursday evening, Nov. 6th, commencing at a quarter to eight. Mr. Welsh of Enderby, will lecture. Everybody welcome.

The severe weather of the past week or ten days put a crimp in our Indian summer. But it was not so bad when we recall that at Calgary thermometers registered 10 below zero and they enjoyed the earliest skating ever known in the history of that city.

It is estimated that there are still many thousands of boxes of choice apples awaiting picking in the orchards around Kelowna and lake points. The crop has exceeded all expectations, with the result that a shortage of boxes has existed for weeks, with none to be had.

A public meeting in the interest of the Victory Loan will be held in the Enderby Theatre next Saturday afternoon at 3 o'clock, to be addressed by Sergt. Harry Lees, of Vancouver. A cordial invitation is extended to all interested in seeing the Victory Loan made a success.

Mrs. Attenborough is expecting to leave for Wananesa, Man., next week to reside with her son, Alwin. During her long residence in Enderby Mrs. Attenborough won a warm place in the hearts of many friends who will sincerely regret her removal from our midst.

A quiet wedding took place at Lumby on Wednesday, the home of the bride, when Miss Richardson became the wife of Mr. Jack McMahon, of Enderby, the happy culmination of a friendship starting Overseas when the bride was a nurse in one of the Canadian hospitals and "Jack" was a wounded private from the front line.

Every arrangement is being made for the comfort and convenience of all who attend the auction sale at the Huffman farm next Thursday afternoon, Nov. 6th. Lunch will be served, and for the convenience of ladies who wish to attend the sale from Enderby cars will be run to the farm, leaving Rand's from 10.30 to 11 a.m.

There will be shown in the Post Office window next Saturday afternoon samples of the needle-work, pen-knife carving, etc., done by Sgt. Sid Waby during his convalescing period in hospital overseas. It is said Sgt. Waby proved most adept at the work. Since coming home he has taken up the toy business in the vocational school at Vancouver, proving most successful in this also.

A meeting of the Victory Loan Committee was held in the City Hall Monday evening to discuss the many questions arising in connection with the opening of the canvassing campaign. Mr. Robt. Peel was appointed to canvass the south half of Enderby town, while Mr. Hartry covers the north. Another meeting will be held tomorrow (Friday) evening. Thus far indications are very favorable for a successful drive.

Enderby Girl Bright Student

Miss Irene Carefoot, of Enderby, who is attending the Spokane Expert School of Business, is one of the brightest students in the school. She ranks high among all the girls of the school. Last week the Otis Intelligence Test was given to every student in the school. Miss Carefoot's score was 156, which is several points above the standard set by the Government in similar tests given to soldiers and for people whom they class as very superior in intelligence.

NOTICE TO CONTRACTORS

SEALED TENDERS superscribed 'Tenders for Enderby Bridge," will be received by the Honourable the Minister of Public Works up to noon of Wednesday, the 19th day of November, 1919, for the erection and completion of a Highway Bridge over the Shuswap River at Enderby, B. C.

Plans, specifications, contract and forms of tender may be seen or obtained upon payment of a deposit of $5, deposit to be refunded when plans are returned, on and after the 29th day of October, 1919, at the Department of Public Works, Parliament Buildings, Victoria, B.C. at the office of the District Engineer, Court House, Vancouver, B.C., and at the office of the Assistant District Engineer at Vernon, B.C.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for the sum of ten per cent of the amount of the tender as security for the due fulfillment of the contract, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Public Works Department, Victoria, B. C., 21st October, 1919. 3

DOMINION LAND

Increase in Rate of Interest

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last session of Parliament, and commencing from the 7th July, 1919, where interest is chargeable, the rate of such interest on all new transactions in connection with Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1919, the rate on all overdue instalments in connection with both past and future transactions will be increased to seven per centum per annum.
