Fourth Year.—No. 17 | Grand Forks, B. C., Tuesday, December 27, 1904 | ISSUED TWICE A WEEK

NORTH FORK MINE

Spokane Capitalists Wish to Purchase the Golden Eagle Mine.

This Property Shipped Some Ore Four Years Ago, Lain Idle Since.

Spokane capitalists have made an offer through J. H. Fox, of that city, for the purchase of the Golden Eagle mine, a high grade property east of Volcanic mountain, on the North Fork of Kettle river, ten miles north of this city. Alex Sharpe, of Vancouver, and S. Moulton Barrett, of Greenwood, are interested with Fox in the deal as venders.

The Golden Eagle has been developed to a stage which will allow steady shipments. The main shaft is down 162 feet, and there are a number of drifts. Four years ago the Golden Eagle shipped $30 ore, then, when the slump came in the Boundary, it was closed down and has so remained. The Spokane men contemplate re-opening it.

An interesting incident is recorded in connection with the meeting of Fox and Barrett to discuss the Spokane proposal. About a year ago the former had the peculiar sensation of reading his obituary in the press. Mr. Barrett had not seen him since that time, and congratulated him on his resurrection. Mr. Barrett himself, in the Greenwood Times a year ago, paid Mr. Fox a high tribute, believing him dead.

The Oro Denoro mine is producing a lot of excellent ore in the big quarry, where the ore body is 80 feet wide and has been traced on the surface within 50 feet of the other quarry, indicating that the two quarries are probably on the same big ore body. Shipments have been curtailed at both the Oro Denoro and Emma mines for want of ore cars. The C.P.R. ordered months ago a large number of ore cars, but these have not yet been received, though expected in a few weeks. The tunnel to tap the magnetic vein on the Oro Denoro is now in ore, and this week will be under a big open cut 40 feet long and 12 feet deep in good ore, to which an upraise is to be made, when the ore will be glory-holed and the output easily doubled as soon as the cars are available. Mr. K. L. Burnet, P.L.S., last week made accurate surveys of all the workings and ore exposures preliminary to making a plan of the same for the company and its shareholders. This plan will show that large areas aggregating acres of the surface of the claim are all ore, while it is known that other areas, so far undeveloped, are likely to show large ore bodies with exploration. The development work has for some time been in charge of S. L. Graham, foreman, and has been well done. The dry season has curtailed the water supply so that the power plant has been shut down occasionally, but this difficulty is now being overcome by a well and a short pipe line to an additional rivulet. Taken in all, the mining outlook at Denoro was never better, and a most hopeful tone is manifest, which is likely to be made more so by the big B. C. mine being re-oped in the near future.

The new fifteen-drill air compressor is expected to be working at the Brooklyn mine in another week or ten days.

Shipments of ore from the Rawhide mine, which were commenced last week, are gradually being increased to 500 tons per day.

Word has been received that the Phoenix Gold and Copper Mining company has acquired the Nellie Cotton and Mystic claims, adjoining the Granby mines at Phoenix, and development will be started at an early date. Some $5,000 has already been spent on these properties.

A second shipment of second-class ore is being prepared for sending out from the Skylark mine, making the fourth shipment since operations commenced on the property.

The Granby mines now have an underground telephone system for the convenience of its employees.

The Greenwood smelter was cold a couple of days last week on account of the locomotive on the slag railway being out of commission.

Never in its history has the C.P.R. sent out more cars of ore from Phoenix than it is doing now, the present daily average being about 70 cars.

It will probably be the 1st of February before ore shipments are started from the Granby mines over the Phoenix branch of the Great Northern.

Ten blast furnaces are now in operation in the three Bounnary smelters—six at the Granby, two at the B. C. Copper, and two at the Montreal & Boston.

TOPICS OF THE TOWN

The Federal Labor union will elect their officers tomorrow for the ensuing year. The polls open at 1 o'clock in their rooms in Morrison block.

C. N. Schreiber, a Granby smelterman, went down to Orient, Wash., and spent a few days last week with his friends there.

Engineer DeWitt, of the Great Northern surveyors putting in the bridges near Phoenix, spent Christmas in Grand Forks.

The case of Joseph Bell, under sentenae of execution at Kamloops on January 13th, was up before the cabinet council at Ottawa on Saturday. It will be remembered that Bell was convicted of murder for killing a woman of the town at Phoenix last July, and in view of the judge's report and the man's record in the United States. there is not much doubt that Bell will pay the penalty for his crime.

Everything points to railway construction west of Midway in the spring. Despite the lateness of the season the Great Northern surveyors are still in the field. They are now making the location survey, working east from Oro towards Midway.

DOINGS IN THE CITY

Presbyterian Sunday School Entertainment Best Ever Given.

Pilfered an Overcoat, Gets His Winter's Board and Lodging Free.

The Christmas tree and entertainment given by the Knox Presbyterian church Sunday school in the Grand Forks opera house last Friday evening was largely attended and proved an unqualified success. The cantata, "Christmas With the Pixies," was faultlessly rendered by the little ones, and greatly appreciated by the audience. Miss Alma Sloper earned merited applause for her portrayal of the character of Lena, and for her sweet singing. The doll drill was a pleasing feature of the evening. The manner in which st was executed demonstrated that the little performers had been carefully trained by Miss Effie Ross. This act was heartily applauded. Miss Marjorie Kerman's violin solo was highly appreciated by all present, and she was compelled to respond to an encore. Rev. J. R. Robertson enacted the role of Santa Claus to the entire satisfaction of every child in the hall, as none were forgotten. He even handed out the lost Bonndary ballot box, which was addressed to D. D. Munro. It bore the following inscription: "Once I was lost, but now I have been found." It is understood that Mr. Munro intends to run for alderman in the city election, and will use his own private ballot box. Taken as whole, it is difficult to see how the entertainment could have been improved upon, and too much praise cannot be given the directresses for the perfect manner in which the children had been trained.

Jack Kane, who stole an overcoat valued at $20 in from of Clark & Son's store last Thursday, was captured by the West ward policeman on Saturday at the Queen's hotel, while he was endeavoring to dispose of his plunder. At the trial later in the day, Kane was found guilty and sentenced to three months' imprisonment in the Nelson jail. Chief of Police Sheads left for that city yesterday evening with the prisoner.

R. B. Kerr has resigned his position as city solicitor of Phoenix, to take effect December 31. On account of his wife's ill health, Mr. Kerr will shortly take her to California. Mr. Kerr has been Phoenix's legal adviser since that city was incorporated, four years ago.

A dividend of 5 per cent, amounting to $2000, was recently declared by the Phoenix Electric Light compauy.

The new schedule just issued by the Great Northern lays coke from Fernie at the door of the Northport smelter for $2 per ton, a cut of over 50 cents of the former price paid by that refinery. This cut is made possible by the Great Northern's direct connection with Fernie, thus avoiding the necessity of paying 90 cents per ton duty and securing better transportation rates.

Mrs. Edna Abbott, late of Pnoenix, was married recently at Coleman, Alta., to M. C. Davidson, formerly of this city.

Duncan Ross, M.P., last week received from Daniel O'Hara, returning officer, a certificate of his election as member for Yale-Cariboo and an intimation that the writ had been returned to Ottawa.

James Petrie, formerly in charge of the compressor plant at the Mother Lode mine, is spending the holidays with his family in Greenwood. Mr. Petrie now performs his old duties at the St. Eugene mine at Moyie.

W. A. Harkin, editor of the Greenwood Times, spent Christmas with friends in this city.

Alex Miller, of Greenwood, formerly of Grand Forks, was in the city Christmas day.

Dr. and Mrs. R. Mathison, of Greenwood, were visitors at the home of Mr. and Mrs. F. M. Kerby during Christmas.

Lester Steele, of the British Columbia Telephone company, spent Christmas day at his parents' home in Nelson.

Mrs. W. M. Cochrane, of Vernon, mother of Police Magistrate Cochrane and Mrs. H. S. Cayley, is spending the Christmas holidays in this city.

The Federal Labor Union will give a "smoker" to its members and invited guests in its rooms in the Morrison block next Friday evening.

Some high grade ore from the Park City section is now being hauled to the Kettle Valley yards in Republic, where is being loaded and will be shipped to the Granby smelter. This ore, it is claimed, will average over $300 per ton, and is the first to be shipped from that mineral district, which from the present outlook has a very promising future.

Dr. K. C. MacDonald returned last Saturday from Vernon, where he has been during the past three or four weeks on professional business.

A cablegram has been received in Victoria from Hon. J. H. Turner, agent-general in London, England, stating that at the Royal Horticultural show of colonial fruits, held in Vincent Square, Westminster, the society's gold medal, the highest granted, was awarded to British Columbia fruit.

Francis Feeney, who is attending Blair's business college in Spokane, is spending the holidays with his parents in this city.

Judge Leamy is holding a sitting of the county court in Greenwood today.

Wanted — Situation as housekeeper in hotel; or will do chamber work. Call or address Housekeeper, Winnipeg hotel, Grand Forks.

WINTER PASTIMES

Skating Opened for Season With Good Attendance of Enthusiasts.

Hockey Players Preparing for Active Season of Sport.

The skating rink was opened to the public on Saturday night, when many skaters enjoyed their first slide of the season. On Christmas Day there was a large attendance, and the rink promises to be a popular place of amusement during the winter. A gramophone which rendered popular airs, will be a regular feature at the rink, and W. H. Itter has sent east for a supply of waltz music for the machine to provide skaters with the proper accompanying music. The one waiting room has been found too small for the crowd attending, and a new one for the exclusive use of ladies will immediately be erected, adjoining the present one and on a level with the ice surface, for better convenience of ladies. The hours for skating will be strictly enforced, 2:30 to 5 p.m. every day except Sunday, 8 to 10 p.m., except the three hockey nights, when the hours will be fifteen minutes later.

Ths hockey boys had their first practice game Christmas afternoon, which was more strenuous than artistic. Practices will begin tomorrow night with the idea of getting a strong team together. Correspondence is being carried on with Phoenix for a game here on New Year's, but definite arrangements have not yet been concluded.

Jack Farrell and Bert Sloper, with the Great Northern survey crew near Phoenix, spent Christmas at their homes in this city. They will finish their labors about New Year's, and will then return to Grand Forks for the winter, when they will both get out and hustle for a place on the local hockey team.

A masquerade will he held at the skating rink on probably the second Thursday evening in January, when prizes will be given for best costumes and a skating race.

Fisher and Taylor announce that next winter they will build a covered rink here on a site where city water can be secured for flooding purposes, and that ample accommodation will be provided for skating, hockey and curling enthusiasts.

The Great Northern tracklaying squad reached the city limits of Phoenix yesterday exening.

The dance and social given by the Ladies of the Maccabees in the Eagles' hall last night was well attended, and proved quite successful, both socially and financially.

The Yale Dancing club will give a holiday dance to invited guests in the Yale hotel next Friday evening.

E. C. Henniger is spoken of as a possible aldermanic candidate in the West ward.

"If you buy it of Morrison, it's all right."

Got Some Babies

or one baby at your house? We have a number of articles for the baby that are really useful. "Baby Spoon" are among them. Baby Spoons with the bent handle, in sterling silver, some with plain bowls.

UNION LABEL

TUESDAY, DECEMBER 27, 1904

During the recent election campaign The News-Gazette was very blatant in its assertion that "even if Duncan Ross were elected he could not secure any patronage for Grand Forks, and that this city didn't need anything from the government anyway"; but in his last edition the N. G. editor thoughtlessly contradicts himself when he says: "Grand Forks wants a $10,000 custom house and post office, and this could undoubtedly be arranged by Mr. Ross if he so desires." It's good guessing the wants of Grand Forks from the hands of the Dominion government will emanate from some more representative and stable source than the editorial mind of the wabbling News-Gazette, whose influence would cut less figure with the Dominion government than it does with the people of Grand Forks, in face of the fact it stood ready to support either party at the recent election, and didn't finally decide until the Liberal party squelched it, and of necessity either had to support the Liberals or keep silent. But in that particular case it was the opposite of silence is golden, so it supported the Conservative candidate, so strongly, in fact, that he was defeated.

Negotiations are said to be under way for merging the Royal Bank of Canada with $3,000,000 capital and the Merchants' Bank of Canada with $6,000,000. The latter institution has for years been the financial backer of the old Grand Trunk railway, and it is with the idea of entering into financial relations with the new Pacific line that the amalgamation and consequent increased capitalization is contemplated.

The western terminus of the Grand Trunk Pacific railway will probably be named Laurier, in honor of the premier of the Dominion. This will necessitate changing the name of the customs office on the Great Northern on the boundary line, thirteen miles south of Grand Forks, which should not cause much inconvenience to the two or three residents of that place.

The Phoenix Pioneer seems to be satisfied because "Ross's majority is only 161." That's one of the attractions of running an "independent" sheet—no matter which party is elected it's satisfactory, which also leaves an unexpressed hope for patronage from both.

A Victoria dispatch says that the Provincial legislature will meet on February 2nd, and that the three Socialists will combine with the Liberals early in the session to defeat the government, which would mean another election at an early date, and the certain return of a Liberal government and a progressive policy for this Province.

The Grand Trunk Pacific railway has just awarded a contract to the Canada Car company for part of its rolling stock. Fifteen cars are to be delivered daily for five years, which makes a total of 23,475 cars. This will give people some idea of the magnitude of this new transcontinental line.

The name of nearly every business man in the city is now being coupled in connection with the aldermanic contest; but when nomination day arrives it is quite possible that the list will dwindle down to two in each.

The lack of interest in the approaching municipal election is a tribute to the present administration.

SNIFFELING AND SNEEZING COLDS

Can be stopped in a few minutes and permanently cured in one hour by inhaling fragrant, healing Catarrhozone. No remedy compares with Catarrhozone for cold in the head and nasal catarrh. It soothes and heals the inflamed mucous membranes, prevents sneezing and coughing, clears away the "stuffed-up" feeling in the forehead. If you haven't used Catarrhozone get it today and try it on your next cold. You'll be surprised at the efficiency of this delightful inhaler treatment, which pleases everyone because it cures so quickly. Complete outfit $1.00; sample size 25c. H. E. Woodland, druggist.

ANNOUNCEMENT.

To the Electors of Grand Forks:

At the request of a large number of Taxpayers of our City, I have consented to offer myself as a Candidate for the Mayoralty for the forthcoming year.

If I am elected, I will give my best efforts to carry out an energetic and business administration of the city affairs.

Dated this 23rd day of December, 1904.

JEFFREY HAMMAR.

RACKING PAIN IN THE JOINTS

Also every form of rheumatism, neuralgia and sciatica are best cured by Nerviline, the quickest relief for muscular pain yet discovered. It's because Nerviline strikes in and penetrates right to the core of the pain that it gives such unbounded satisfaction. "I caught cold in my shoulder while driving and suffered great pain," writes G. E. Dempsay of Berlin. "I used Nerviline freely and was soon quite well. I have found Nerviline an excellent remedy for rheumatism and neuralgia as well s for cold on the chest. I recommend Nerviline highly, and wouldn't be without it. Price 25c. H. E. Woodland, druggist.

To keep good time, a watch must have a good movement—the case is a matter of taste. We can supply you with a thoroughly reliable movement in any style or kind of case you may have a preference for. A. D. Morrison.

English Pyramid Pool, Life Pool and Billiards. Yale Billiard Parlors.

No Place For the Cow.

A young woman of great, perhaps too great, sensibility begged to be excused from visiting an aunt who lived in an old fashioned house where pictures of a certain period were in evidence. "There is an engraving of a blacksmith's shop in the dining room!" said she hysterically. "You can't expect me to eat my dinner there. I smell the hoofs."

A similar criticism came from one who suffered not from overrefinement, but from something quite different. She was a woman of recently acquired wealth who, says the New York Tribune, went into an art gallery and asked for a painting of a certain size.

"I have just what you want," said the dealer.

He showed her a beautiful animal painting, but she looked at it for a few minutes and then shook her head.

"It won't do," she said. "I want this picture for my drawing room."

"But it's a beautiful thing," ventured the dealer.

"Not for a drawing room," announced the woman conclusively. "You couldn't have a cow in a drawing room!"

Preparatory service will be held in Knox church on Friday night at 8 o'clock. All members of the congregation are asked to be present.

We guarantee every piece of our cut glass to be genuine. W. H. Itter & Co.

For a nice hair-cut or shave go to the City Barber Shop on Riverside. Baths 25c.

Do You Know

that a twenty-year guaranteed, gold field case wears better than a solid gold case? Do you know that it stands more hard work and protects a movement better in most cases? Gold-filled cases are today made with a skill and perfection that is marvelous. They wear as well as gold as far as appearance goes, and wear much better in practical service. I keep a large variety of the best cases made, and they are protected by an iron-clad warrant.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000
MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is $1.00.

THE MAN WHO WORKS HARD

Perseverance and will-power he must have, but whether he has strength and vigor is another consideration. Hard working men usually have irritable nerves and should fortify their systems with a course of Frrrozone, a tonic that rebnilds and revitalizes beyond all telling. It's just wonderful the strength that Ferrozone imparts to broken down men. It forms new blood, supplies the system with abundant nourishment, and where formerly there was tiredness and lassitude, Ferrozone establishes a reserve of energy and vim. Try Ferrozone—price 50c per box. H. E. Woodland, druggist.

Great reduction in Fall and Winter Hats and all kinds of Millinery Goods from now until the end of the season at Mrs. Gray's, Sears block, Winnipeg avenue. Dressmaking parlors in connection.

Synopsis of Regulations Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

COAL—Coal lands may be purchased for $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on gross output.

QUARTZ—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered coal in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for each additional ten miles or fraction. e fee for recording a claim is $5.00.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with the other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

The lessee's right is confined to the submerged beds or bars in the river below low water water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental $100 per mile for first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being 1000 to 2000. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One additional day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1000 feet in length, and if the party consists of two 1500 feet altogether, on the output of which no royalty will be charged; the rest of the party ordinary claims only.

Entry fee $10. Royalty at the rate of 2½ per cent on the value of the gold shipped from the Yukon Territory, to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least $200.

A certificate that work has been done must be obtained each year. If not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gezette.

PETROLEUM.—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be deterr mined, will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rase as may be specified by order-in-connell.

JAMES A. SMART,
Deputy of the Minister of the Interior,
Department of the Interior, Ottawa.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by traveling on, the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portand, Ore.

SANTA CLAUS' HEADQUARTERS

W. H. ITTER & CO.

SANTA CLAUS' HEADQUARTERS

Every Nook and Corner of Our Store is Filled With Xma Goods, Including All Kinds of Toys.

Mechanical Toys
It would make your hair stand on end to see what our Mechanical Toys will do. They require watching, otherwise they would be making a rough house of it.

Games
Oh! say, talk about games. In the first place Ping-Pong is a dead issue, and the new game of KAN U KATCH is at fever heat. They have gone crazy over it. We have also PIT *alias* PANIC, Sherlock Holmes, Flinch, Pillow Dex, Nationalties and dozens of other games.

Rattles
Other years there has been a scarcity in this line, but this year we have a very large stock of swell rattles — celluloid, bone, leather and cloth covered.

Child's Tea Sets
Why they are simply beautiful. We have all sizes.

Boys' Tools
We have enough sets to supply every boy in town

Make a Piesent to your wife or daughter of a MASON & RISCH PIANO, A SINGER SEWING MACHINE OR A COLUMBI A GRAPHAPHONE.

Ladies, when you come to our store for a STANDARD PATTERN you can sit down and enjoy a Cup of Tea.

Our Chinaware
Discounts anything in the city. And we still have a large quantity on the way, which we expect to display about December 1st.

Sleighs and Sleds
Old Santa better be ordering some winter, as he has sent us about 100 Steel Sleighs and Sleds

Our Doll Display
is worth four bits to see, but we don't charge anything.

Our Picture Books
Never in the history of Grand Forks has there been displayed anything to equal our stock in this department. It consists of
FOXY GRANDPA
BUSTER BROWN
FATHER GOOSE
MOTHER GOOSE
} Series and Extra.

Picture Post Cards
Just in, some new views. We can give you your choice of 7 scenes.

Books for Boys and Girls
We have great rafts of these, all new, consisting of—
BLUE, GREEN, YELLOW, SILVER, GOLD AND RED FAIRY TALES.
GRIMM'S FAIRY TALES,
ANDERSON'S FAIRY TALES,
ONE SYLLABLE HISTORY OF ENGLAND, RUSSIA AND JAPAN, nicely illustrated.
Then we have—
THE ENGLISH CHATTERBOX,
BOYS' OWN ANNUAL, AND
GIRLS' OWN ANNUAL.
In Mark Twain's Books—
TOM SAWYER
ROUGHING IT
A TRAMP ABROAD
HUCKLEBERRY FI N, ETC.

Fur Animals
We have them, all sizes. Some can hardly see, they are so hairy.

Xmas Cards
We have the prettiest and most reasonable you ever saw or heard of.
