THE EVENING SUN

VOL. 1 GRAND FORKS AND COLUMBIA, B.C. FRIDAY, MAY 30, 1902. NO. 160

CUT BY SHINGLE SAW

Robert McCutchon Badly lujured at Christina Lake.

Tuesday last what might have proved a serious accident occurred at Chas. Sandner's shingle mill, at the head of Christina lake. Just as the mill was closing down for the day Robert McCutchon, an employe, and who hails from Grand Forks, happened to get his right leg too close to the saw, receiving some ugly wounds, the knee-cap being badly cut in several places.

The injured man was brought to Grand Forks by Mr. Sandner on Wednesday, and was placed in Miss Rhodes' hospital, where his recovery is progressing very favorably. He have a stiff leg the balance of his life.

TOWN TOPICS

Ald. Wasson, who has been seriously ill for the past four or five weeks, is now rapidly recovering, and is again able to be out.

At the special meeting of the Grand Forks city council, Wednesday evening, an appropriation of $1000 was voted the Driving Park and Athletic association, to be used in connection with the Dominion day celebration The board of directors of the association and the council will meet to-night and apportion the money. A communication from Fernie, asking for aid for the sufferers from the explosion disaster in the coal mines, was also read, but action was deferred.

The secretary of the Driving Park and Athletic association has received definite assurances that three companies of Rocky Mountain Rangers will be under canvas here during the Dominion day celebration. They will represent Rossland, Nelson and Kaslo, and will arrive here Sunday, June 30. They will pitch their tents in the race track park.

At Republic workmen are busily engaged in placing the sills for the various trestles on the Great Northern. The work of grading the spurs to the mines has been completed.

It is reported that the Great Northern has agreed to deliver a carload of freight in Curlew next Tuesday.

The California mine, near Republic, will begin shipping to the Granby smelter as soon as rail connection is made with the camp.

The No. 7 mine, it is expected, will resume shipments to the Greenwood smelter after the 1st of the month.

For some time a large force of workmen has been employed making changes at the Sunse smelter, wh ch are now near ng completion.

The first full-car shipment of shingles from Chas Sandner's mill was made from Cascade for Grand Forks yesterday. Mr. Sandner's mill is located at the head of Christina lake, from which point the shingles are transported by boat to Cascade. Hereafter regular weekly shipments will be made to Grand Forks. During the pa t winter Mr. Sandner has worked with indomitable energy to attain the success his enterprise is at present enjoying, and innumerable obstacles have been encountered and successfully overcome.

One of the best known properties up the West Fork is the Butcher Boy, which adjoins the Carmi. It is being examined by eastern capitalists, with a view to purchasing.

The Greenwood city council has fixed the tax rate for this year at 22 mills on the dollar. 2 mills being for ordinary taxation and 10 mills to provide interest and sinking fund for the bonded indebtedness.

Assay returns from average samples weighing about half a dozen pounds of the new strike of ore recently made in the west drift on the 300-foot level of the No. 7 mine. in Central camp, show values in gold nearly $6, silver 30 ounces and copper 1.30 per cent, or about $23 in all.

It is reported that a rich strike has been made at the 150-foot level on the Waterloo, in Camp McKinney. A drift on this level ran into a rich vein of ore in which the free gold can be distinctly seen. The vein is fully three feet in width and is widening out. The strike has caused considerable excitement in the camp, as the showing is the best ever uncovered in the Waterloo

COLUMBIA COUNCIL

The Columbia city council met in regular weekly session Tuesday evening, Mayor McCallum in the chair. All the members were present except Ald Wasson.

City Clerk McCallum reported that he had a deed of lot 7, block 20, from the Grand Forks Townsite company for a fire hall site.

The committee for grading the road to the new bridge was instructed to ask J. D. McDonald to donate a few days' work in grading the road to the bridge.

The clerk was instructed to have two bridge notices placed on the Columbia street bridge.

Account Evening Sun, $21.60, was ordered paid.

The Rates and Taxes and Shade Trees by-laws were finally passed.

It was resolved to ask Hon. Joseph Martin why the $1500 appropriated for the bridge has not been paid by the Lands and Works Department.

FRIDAY, MAY 30, 1902

The liberal appropriation made by the Grand Forks city council Wednesday night for the Dominion day sports should, if properly apportioned and expended, make the celebration a memorable one; and as the council reserved the right to say how it shall be spent, the citizens may rest assured the money will be put where it will do the most good.

Some lively scenes have been enacted in the political rat-pit at Victoria during the last two or three days. Premier Dunsmuir called Tatlow a liar, and Tatlow retorted by calling the premier a miserable cur. The gentlemen may have spoken rather hastily, yet we are not in a position at present to dispute the word of either. But such scenes in legislative halls are a disgrace to a civilized community. We shall probably have to endure them as long as the present mongrel government holds power. Let the Dunsmuir goverkment fall, and let us have an election on Dominion party lines.

The military part of the Dominion Day celebration programme promises to become one of the most attractive drawing cards. According to the latest information obtainable, three companies of Rocky Mountain Rangers, each company 40 strong, with two Maxims, will arrive in this city on Sunday, June 29th, from Rossland, Nelson and Kaslo, and will immediately go under canvas. On Monday, June 30th, will be held the competitive rifle shoot between the visiting companies and the Kettle River Valley Rifle Association, of which Geo. Fraser is captain and T. A. Kennion secretary, and Tuesday, July 1st, will be observed as a field day. The interest taken in this particular feature of the programme is widespread. In his endeavors to make it a success, Mr. H. E. Macdonell, captain of the Nelson corps of R. M. R., has enlisted his energies, and he has already proven an enthusiastic and tireless worker. He has secured the promise of extremely low excursion rates from Kootenay points—$4 for the round trip from Nelson and Rossland, and $5 for the round trip from Kaslo. In a letter to the Kettle River Valley Rifle association, he says that if appropriate and substantial prizes are offered for the different events, half the people of the Kootenays will be in Grand Forks on Dominion day; and a big crowd is what we want. If the expectations of our Kootenay friends are realized, a long step will have been taken towards making the celebration a brilliant success.

It is of vital importance that the council, in co-operation with the the committee from the Driving and Athletic association, should act wisely in making the apportionment of the $1000 appropriated for the Dominion day sports. A great deal of the success or failure of the celebration is centered on this one act

We have had too much natural Hot Air during the past few days to pay any attention to the artificial trash.

TOWN TOPICS

Henry White left for Spokane yesterday. He will return in a week or ten days.

The members of the Kettle River Valley Rifle association are daily expecting the arrival of their rifles.

Father J. A. Bedard, of Greenwood, will conduct mass in the Catholic church, Grand Forks, at 10 a. m. next Sunday; Catechism, 2:20 p. m.; preaching, 7:30 p. m.

In Knox Presbyterian church, J. R. Robertson, B.A., pastor, the Sacrament of the Lord's Supper will be observed at the morning service. Morning sermon, "Heart Searching;" evening, "What Shall We Do With Christ?"

The work of stringing the telegraph wire along the V., V. & E. is being prosecuted with vigor. Jim Hamilton has charge of this work. The force is now opposite Columbia, and expect to reach Republic as soon as the tracklayers.

Those who attended court in Greenwood from this city during the week were W. H. P. Clement and A. C. Sutton, barristers; P. T. McCallum, D. H. Rice, Police Magistrate Johnson and Police Constable Dinsmore.

In the Ontario election yesterday the Liberal government was sustained by a good working majority. The returns at midnight showed Liberals 52, Conservatives 45, with a constituency to to hear from.

A special meeting of the Grand Forks city council was held at 10 o'clock this morning to take action on the appeal from Fernie sufferers for help. A committee consisting of Mayor Holland, E. Doberer and L. A. Manly was appointed to solicit aid. The committee commenced work this afternoon.

A general meeting of Gateway Lodge No. 45, I. O. O. F., was held last night, and the following officers were elected for the ensuing term: Jeff Hammar, N. G.; D. Munro, V. G.; E. Borden, Rec. Sec.; T. A. Kennion, Per. Sec.; Geo. Chapple, V. The following visiting members were present: Messrs. Law of Greenwood, Ogle of Chilliwack, Crandell of Florence, Ont., Bros. Reed of Butte, Mont., and many others from Rossland, Nelson, Greenwood, Phoenix and other towns. The attendance of local members was good. After the meeting light refreshments were served, and cordial speeches made. Gateway lodge is growing with the city.

LADIES' AID CONCERT

The following programme will be rendered at the concert given by the Ladies' Aid of Knox Presbyterian church in Biden's opera house tonight:

Situation, Environments and General Resources.

The City of Columbia is situated near the junction of the North Forks of the Kettle river with the main Kettle river, and is distant about 300 miles east of Vancouver.

The natural situation of the city for beauty is not excelled in America. A verdure-clad and flower-bespangled rolling prairie, traversed by a river of bright, sparkling water, fringed with forest trees and surrounded by mountains, forming a charming combination of picturesquesness and grandeur

The Columbia & Western railway, which was constructed by the Canadian Pacific Railway company, has its station, freight warehouse and yards in the center of Columbia, and the Vancouver, Victora & Eastern Railway company, has located its depot, freight sheds and yards along the east line of the corporation, thus giving the city connections with two transcontinental lines.

The Canadian Pacific railway company has large interests in the city, having selected the site on account of the superior natural advantages as a railway centre.

The climate, taken all the year around, is the best in Canada—part of the summer is rather hot and dry, but the rest of the year is enjoyable.

Throughout the Kettle River valley there is an extent of fertile agricultural land, part of which is now being cultivated.

Apples, plums, pears, prunes, cherries and all the small fruits grow abundantly. The valley surrounding Columbia, divided into small fruit and vegetable farms, will sustain a large population.

Building material is plentiful in the district. Lumber can be procured at fair prices, and brick lime and stone of good quality can always be obtained when required.

The mining interests are of the first importance to this country, and will do much to build up Columbia. Large mineral lodes have been discovered through the mountains adjacent to the city, and what were mere prospects a short time since are now large paying mines.

Water is supplied the city by pumping from a beautiful spring of exceptional purity, capable of supplying a city of 50,000 inhabitants.

The Granby smelter and converter—the most modern and perfect plant of the kind in America—employing hundreds of men, is contiguous to the city.

Owing to the fine climate, the central situation, the beautible environments, the bright prospects for future growth and prosperity, Columbia will be an educational centre, a city of homes, as well as a wholesale distributing point; and when finally allied and wedded to her sister sister, will be the best and largest city in the interior.

BRIDGE STREET, GRAND FORKS

REDUCED RATES TO THE EAST.

Those contemplating an eastern trip will be interested to know that there will shortly be on sale greatly reduced rate tickets in connection with the Rio Grande System, the famous "Scenic Line of the World." This line offers its passengers a most delightful and comfortable journey to all eastern points.

It is the only transcontinental line passing directly through quaint and picturesque Salt Lake City, "The City of the Saints;" beautiful Glenwood Springs, Leadville, Pueblo, Colorado Springs, where a side trip may be made to the Garden of the Gods and the summit of Pike's Peak over the cogwheel railroad; and Denver, the queen city of the intermountain region. Stop-overs are allowed on all classes of tickets.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details, address J. D. Mansfield, General Agent, Rio Grande Lines, 124 Third St., Portland, Ore.

TOWN TOPICS

The Kettle river is again showing signs of its intention to become unruly. It is rising rapidly.

A decided improvement in business circles, both in Grand Forks and Columbia, has been noticeable for some time, and the business men of both towns appear to take a more optimistic view of the future than they did a few months ago.

M. H. McQuarrie, whose brother was killed a short time ago in the shaft of the Golden Crown mine, and who took the remains back to Nova Scotia for burial, has returned to Phoenix.

Your advertisement in The Sun is a constant reminder to the public that you are still alive.
