A Social Function

An Enjoyable St. Patrick's Day Party at Carson.

A Large Excursion Party to Republic Inspected the Hendryx Process of Treating Ore---Local Paragraphs of Interest.

Miss Ethel Hay and Miss Belle McLaren gave a delightful party to a large number of their friends on Thursday evening last at the latter's home in Carson, the occasion being their birthdays, and incidentally coupling with it the celebration of St. Patrick's day. The spacious dining room was used for dancing, and was beautifully decorated with appropriate mottoes, as well as bunting and green green Tags in commemoration of Ireland's patron saint. The parlor and several sitting rooms upstairs were artistically arranged for card parties, and in every nook and stair-landing the prettiest of cozy corners were temptingly arranged, and were greatly appreciated by the young people. The hostesses looked charming, and entertained in their usual lavish manner, sparing no pains to give their friends a most enjoyable time. Just before the evening gayeties commenced all gathered in the large dining room, where Mr. A. B. W. Hodges, on behalf of the young ladies' friends, presented to Miss Hay a beautiful lady's companion and to Miss McLaren a lovely wicker rocking chair. The recipients were both surprised and delighted, and thanked the donors in suitable words. After this incident the pleasures of the evening were launched into. Two unique contests were carried out. The first for gentlemen, consisting of pinning a rose in an old maid's hair blindfolded, in which W. M. Williams carried off first honors, winning the prize of a nice collar and cuff holder. The other event was for ladies, being a nail-driving contest with a three seconds time limit, and was won by Miss Butters, who proved the best wielder of the hammer, carrying off a fancy pincushion as her prize. At midnight a sumptuous supper was served, which brought forth flattering comment from the assembled guests both for the quality of the viands and the recherche manner in which they were served. Those present were: Mr. and Mrs. L. A. Manly, Mr. and Mrs. A. B. W. Hodges, Mr. and Mrs. Germaine, Mr. and Mrs. W. M. Williams, Mr. and Mrs. Geo. A. Fraser, Mr. and Mrs. D. D. Munro, Mr. and Mrs. Geo. Chapple, Mr. and Mrs. H. Jackson, Mr. and Mrs. J. Seals of Danville, Mrs. J. McNicol of Midway, Mrs. P. Wright, Misses Farrell, Macdonald, Ross, Tilley, M. Eyre, S. Fee, Butters, W. Macdonald, Lake, Mahan, Lawrence, B. Covert, C. Covert, and Miss Hammond of Port Townsend, Messrs. W. H. Covert, C. D. Macdonald, O. N. Galer, C. M. Kingston, Steeves, J. Anderson, G. Ewing, Netherby, Rowe, E. Davis, Kerchner, J. Farrell, J. Leamy, R. Petrie, Brydon-Jack, F. Clark, P. Donaldson, G. O'Keefe, F. Miller, Lanson, W. M. Ross, J. M. Ross, and A. E. Thomas of Greenwood.

A special excursion party went to Republic last Sunday over the Kettle Valley line to inspect tho Hendryx process of treating ore. The train left the Hot Air Junction at 10 a. m., arriving at the Mountain Lion mill at 12 m. On arrival at the mill the the party was taken in charge by N. Cochrane, the mine superintendent, and shown the workings of the cyrnide process, which proved to be an interesting study. Dr. Hendryx has unbounded faith in his invention, and hopes by it to place the treatment of Republic ores on a profitable basis. The excursionists returned to this city at 6 o'clock in the evening. The party was composed of the following gentlemen: A. B. W. Hodges, L. A. Manly, J. W. Jones, F. Knight, E. A. Rainey, W. L. Germaine, A. B. Netherby. Geo. McLeod, W. A. Harkin, H. T. Mahan, M. Feeney, Geo D. Clark, Chas. Tilley, W. B. Cochrane, Geo. A. Fraser, Wm. McNee and M. Duford.

Mrs. Kellaher, mother of the late P. H. Kellaher arrived in the city last week to visit her daughter-in-law. She came from near Toronto, and when in the vicinity of Moosemin, on the C. P. R. main line, at the boundary between Manitoba and the territories, met with a serious accident. The train on which she traveling was derailed and several coaches were overturned. Mrs. Kellaher was in one of the wrecked cars, and she sustained a broken wrist and several painful bruises. About 75 people were more or less injured in the accident. Fortunately none were fatally hurt. The railway company offered Mrs. Kellaher $100 as a compromise, which she refused to accept. She will sue for a larger amount.

W. I. Bassett, who was the engineer in charge of the V., V. & E. survey party when that line was run to Phoenix, returned on Friday last from Kalispell, Mont., where he has been during the winter. He was accompanied by his wife and family, who will take up their residence here. Mr. Bassett returned to Kalispell on Sunday morning for a short time.

Mr. Reisterer has been shipping his beer to some of his old customers in Nelson. B. C.

Steps have been taken for the construction of a foot bridge across the Kettle river at Carson, where the old wagon bridge used to stand before it was washed out by high water two years ago. At the present time passengers leaving Carson for the Great Northern station have to go up to Danville, on the north side of the river, and then follow the Hot Air track down the south side to the station, making in all about two miles. The foot bridge will shorten the distance to three-quarters of a mile.

J. D. McDonald, the contractor, went over to Nelson on Saturday.

The best is none too good for the customers of the Grand Forks brewery. Mr. Reisterer will continue his beer as a standard production.

J. Ehrlich. manager for P. Burns & Co. at Greenwood, went down to Spodane Sunday morning on the Great Northern express.

You will find Reisterer's beer on tap at the Granby, the Grand Forks, the Windsor, the Bodega, the Grand Central, the Square and The Club.

J. W. Ellis, of the Greenwood Times, was in the city Saturday. He came down to meet his wife, who was on her way to Greenwoon from Wenatchee, Wash., where they we.e married last summer.

C. A. DesBrisay, Great Northern right of way agent, went up to Phoenix yesterday.

Mrs. J. McNicol, who has been visiting at the home of her father in Carson for the past ten days, left for her home in Midway yesterday.

Provincial Constable E. J. Darraugh, of Eholt, was a visitor in the city on Monday.

Archdeacon Beer, of Kaslo, occupied the pulpit of Holy Trinity church last Sunday. Le left for his home yesterday.

E. K. COAL COMPANY

Elect Directors and Take Steps for Immediate Incorporation.

A shareholders' meeting of the East Kootenay Coal & Coke Co., Ltd., was held in the Union hall, Morrison block, last night for the purpose of electing the first board of directors and to take the preliminary steps in connection with having the company incorporated. Mr. Chas. Hay was elected chairman, and Geo. Urlin secretary, of the meeting, which was very largely attended, nearly every shareholder being present, and the few who were unavoidably absent were represented by proxies. After a long discussion it was decided to elect five directors, and on a secret ballot being taken the following gentlemen were found to have the highest number of votes and were declared elected: Chas. Hay, James Newby, John McIntosh, John Temple and Geo. Urlin. The successful candidates were called on for speeches, and they all responded in turn by thanking the shareholders for the confidence reposed in them and promising to work for the best interests of the company. It was decided to capitalize the company at $100,000, instead of $1,000,000, as at first contemplated. Immediate steps will be taken to have the company incorporated.

McLellan Steps Out

His Resignation Was Accepted by the Council Last Night.

Business Interests Will Take Out of City Too Much---Discussion of Citizens' Resolution Postponed for One Week.

The regular weekly meeting of the city council was held last night in the council chamber, Mayor Hammar, Ald. Clements, Feeney and McNee being present. Owing to the absence of Ald. McCallum and Hutton, and the resignation of Ald. McLellan, there was very little business transacted.

The resolution passed at the citizens' mass meeting last Tuesday evening was received by the council in the nature of a communication, and was read by the city clerk. The mayor stated that the e were certain charges in the resolution which were incorrect, and he took pleasure in denying them. He also stated that it was not a matter for the council to deal with, but that it should be left to the police commissioners to look after. Ald. Clements said the object of placing the resolution before the council was to get the aldermen's views on the matter to ascertain how they stood on it, but owing to there not being a full board present, he moved that the discussion of the subject be postponed for one week, in order to give the full council an opportunity to discuss it. The motion carried.

The following communication was received from Ald. McLellan:

To His Worship the Mayor and Members of the Council:

GENTLEMEN—I hereby tender my resignation as alderman of the Centre ward of the city of Grand Forks. This step has been contemplated for some time past, and has been rendered imperative owing to business reasons. The acquisition of interests in Alberta, and at other points, will compell me to be absent from the city at frequent intervals during the coming summer, and under the circumstances I feel that I could not devote to civic affairs that constant and intelligent consideration to which the citizens are entitled. In withdrawing from municipal life I can conscientiously state that I have been actuated by a desire to faithfully discharge my official duties, in no sectional spirit, but in the best interests of the entire community. It affords me pleasure to refer to the pleasant relations which have always existed between my colleagues and myself, and to testify to their zeal and devotion for the welfare of Grand Forks, in whose great future I am a fervent believer. I am yours very truly, N. McLELLAN.

On motion, the resignation was accepted, the mayor and aldeomen expressing regret at the course taken by Mr. McLellan.

The chairman of the board of works was authorized to dispose of the old lumber from the Bridge street bridge to the best advantage.

The following bills were ordered paid: V. & N. Tel. Co., $9.25; Geo. E. Massie, $35; Evening Sun, $7; David Woodhead, $2; W. H. Edmonds, registrar at Kamloops, for search of all city property, $35.

A Good Company

The Londale Theatre company held the boards at the Biden opera house last night in the society drama, "In the Shadow of the Cross." Owing to numerous counter-attractions and public meetings in different parts of the city, the house was a small one. The company is a new one to this section of the country, and the theatre goers of the city did not know whether it was worthy of patronage or not. However, all doubts were set at rest on that score after witnessing the meritorious performance last night. A great treat is in store for lovers of high-class acting Tuesday, Wednesday and Thursday evenings, as the Londale company is without doubt one of the best that have appeared before a Grand Forks audience for some time. The company is evenly balanced, the principals be well supported. The play last night was faultlessly rendered. It was well staged; the costumes were elaborate and appropriate, and throughout the performance the interest of the audience never flaged. Tonight "The Power Behind the Throne" will be produced; Wednesday, "The Young Wife;" Thursday, "Resurrection." They should be greeted by large houses at these performances.

A Successful Social

The Ladies of the Maccabees gave a basket social in Odd Fellows' hall last night, which was a great success. A large number of members and visiting friends were present, and the bidding for ihe baskets was very spirited, the prices ranging all the way from $1 to $5. Mr. Tilley excelled himself as an auctioneer, and his persuasive language managed to bring the bidders up to the highest figure, thereby enriching the treasury of the hive to the extent of $60 over and above all expenses. After the auction games of all kinds were indulged in, and at 12 o'clock all retired to the banquet room, where the baskets were opened and their contents spread out on the tables. Many of the baskets proved to be well worth the price paid for them, as they contained all kinds of delicacies, which were greatly enjoyed by all. The event was one of the most enjoyable affairs ever given by the Maccabees, and they wish to thank the publice who helped to make rt a success.

UNION LABEL

TUESDAY, MARCH 22, 1904

THE resignation of Ald. McLellan from the city council, which took effect last night, is to be regretted. From the time he was first elected to a seat in that body, he has proved himself one of the best aldermen the city has ever had. He was not afraid to champion, at all times, measures which he considered to be in the best interest of all sections of the city, and corporation affairs entrusted to his care as chairman of different committees were always faithfully looked after. Growing business interests here and elsewhere compelled him to take the step he did. It is to be hoped that the vacancy caused by Mr. McLellan's resignation will be filled by a man that will look after the city's interests as ably as his predecessor.

SUNSET SAUNTERINGS

The Volcanic mine is still "in place." Further information is not given out.

Railroad news is somewhat scarce these days. But there is always a lull before the storm.

The Londale Theatre company will play a week's engagement at the opera house, beginning Monday, March 21. Prices: Reserved seats 75c, general admission 50c. children 25c.

Miss Tuttle, the well known milliner, has leased the Manly building, adjoining Geo. Chapple's plumbing establishment on First street, and will open with a full line of all the latest up-to-date styles in spring millinery during the latter part of the present week.

Kalispell Bee, March 10, 1904: The Londale Theatre company, which is holding the boards at the opera house this week, is unquestionably the strongest dramatic organization that has ever visited Kalispell.

FORSALE—Thirty-six laying hens; Plymouth Rocks and Brown Leghorns. Address Box 296.

LaCrosse (Wis.) Chronicle: A stormy night had no effect on the popular Londale Theatre company, unless it was to increase the large audience. The theatre was well filled, and the company is one of the best in repertoire that has played to LaCrosse audiences. The English play, "The Gipsy Queen," was presented in a thoroughly artistic manner.

Watertown Public Opinion: The Londale Theatre company played to a full house last evening. There was not an empty seat in the house The play was "A Georgia Rose." It was well put on. All the members of the cast are actors, and are led by a lady of consummate dramatic ability. In short, the Loudale people are the very best of popular priced players.

MINING NEWS

It is reported that the Morrison Mines, Ltd., and the Montreal & Boston Copper company shareholders have gotten together, and have formed a strong company, with the likelihood of taking in some other important mines of the Boundary before they get through. According to a circular just issued to the stockholders of the Morrison Mines, Ltd., the entire assets of that corporation have been sold to Andrew Laidlaw for the sum of $24,166.76. This is at the rate of 2 cents a share on the 1,208,338 shares outstanding. The stockholders of the Morrison Mines who care to sell their shares for 2 cents can get that price on presentation to the company's office in Spokane; that is, on stock on which the assessments have been paid. Through the courtesy of Andrew Laidlaw any stockholder in the Morrison Mines who does not care to sell his shares has the privilege of exchanging his stock in the Morrison Mines for stock in the Montreal & Boston Consolidated Mining & Smelting company at the rate of thirty 10 cent shares of the former company for one $5 share of the latter corporation. The Montreal & Boston Consolidated Mining & Smelting company was recently formed in Ontario with $5,000,000 capital with 1,000,000 shares of $5 each.

* * *

The mortgage for $100,000 registered last November against the Dominion Copper company in favor of the National Trust company of Toronto has been satisfied.

* * *

Copper smelting men from all over the northwest held a conference in Spokane last week over the copper situation and over copper smelting rates. E. J. Wilson, manager of the Northport smelter, owned by the Le Roi company of Rossland, was down to represent his plant. A. B. W. Hodges, superintendent of the Granby plant—the largest copper smelter in Canada—looked after his corporation's interests. Hermann C. Bellinger, superintendent and heavy owner of the Crofton smelter on Vancouver island, was also there, All reported an unusually successful period of smelting. The Northport smelter is working six furnaces and treating its full capacity. With fuel coming in unlimited quantities from the great Crow's Nest Pass fields; with labor troubles settled, and with the Le Roi mine furnishing all the ore that the smelter requires, things are rosy with Mr. Wilson. It is announced from London that the company is considering the installation of a converter plant at its Northport plant. That would reduce the cost of freight on its product, which is now taken in the form of a 45 or 50 per cent copper matte to the east for conversion and refining.

Mr. Hodges has been working on the plans of a duplicate smelter to join the present plant at Grand Forks. It would be the same as the present one, except that it would have eight furnaces instead of six, and would give a capacity of 2600 tons a day instead of 2000. Mr. Hodges has been consulting in Spokane with Jay P. Graves, manager of the Granby company, over the construction of the plant. Mr. Graves will leave for Montreal in a few days to talk over with his directors the erection of the new plant. It should be running in eight months after the order is given to start.

The quarterly dividend of 1 per cent on Granby stock should be declared this month. The company has been having the most successful run in its history, and is treating about 1800 to 2000 of its own a day, while it is handling perhaps 100 tons a day of outside ore. With plenty of fuel on hand and with the stacks all running, there should be no difficulty in paying the dividend.

THE RECORDS

Following are the locations, certificates of work, bills of sale, etc., recorded at the office of the Grand Forks, March 10th to 16th, inclusive:

For a nice hair-cut or shave go to the City Barber Shop on Riverside avenue. Baths 25c.

If you want to buy Halcyon Mineral Water call at the Grand Forks hotel.

BUSINESS AND PLEASURE

It was a large family, but a very small haddock.

Witson, the (more or less) proud parent of the majority, and husband of the minority, said: "What is the weight, my dear, of the piscatorial specimen before us?"

"One pound, two ounces."

"Well, dear, for six hungry mouths—the weight of the 'addick is scarcely 'addick-weight."

And silence reigned o'er all. The appetites were gone.

—

Better leave your order for a box of Spies at Donaldson's. They will soon be all gone.

—

A book agent took refuge under a haystack during a thunderstorm and the lightning struck him on the cheek, glanced off and killed a mule two hundred yards away.

—

Chocolates are healthful if you use the best. You will always get them at Donaldson's. The best money will buy is our motto.

—

A "boor" is a man that talks so much about himself that you don't get a chance to talk about yourself.

—

Baths 25 cents at the Yale Barber Shop.

—

An Irishman, hearing of a friend who had a stone coffin made for himself, exclaimed: "Faith, that's good. Sure an' a stone coffin 'ud last a man a lifetime."

—

Bnanas are coming in more regularly now. We expect green onions and spinnach next week. Donaldson.

—

Heavy teaming of all kinds done by J. W. Jones.

—

"You're next" at the Yale Barber Shop.

—

The Rev. Irl R. Hicks 1904 Almanac

The Rev. Irl R. Hicks Almnnac for 1904 is now ready. It will be mailed to any address for 30 cents. It is surprising how such an elegant, costly book can be sent prepaid so cheaply. No family or person is prepared to study the heavens, or the storms and weather in 1904, without this wonderful Hicks Almanac and Prof. Hicks' splendid paper, Word and Works. Both are sent for only $1 a year. Word and Works is among the best American magazines. Like the Hicks Almanac, it is too well known to need further commendation. Few men have labored more faithfully for the public good or found a warmer place in the hearts of the people. Send orders to Word and Works Publishing Co., 2201 Locust St., St. Louis, Mo.

—

PRINTING

Just what you want
Just when you want it

GOOD SERVICE is composed of two elements—excellence of the work and promptness in the execution. Bad work executed promptly is not good service—good work delivered behind time is not good service; but the two combine to make one of the most necessary, but hardest to obtain and often most expensive, requirements of the twentieth century business man. That we have learned the lesson in theory we have shown. Our customers will testify that we have also learned it in practice.

$27.50 IN THE BANK IS WORTH $27.50

When an Accident Happens.

$27.50 invested in the "ACCUMULATIVE" Policy issued by the CANADIAN CASUALTY AND BOILER INSURANCE COMPANY, of Toronto, may be worth **$15,000** to you when an accident happens. Everybody admits that it is the best ACCIDENT INSURANCE POLICY on the market.

ALL THAT IS NECESSARY is to meet with an accident in order to receive the cash under this policy.
YOU CAN OWN THIS POLICY by applying to

PETE McCALLUM, Agent for the Above-Named Company.

Call on him, and have your sisters, courins, wives and aunts and all their friends call, and ask to see the NEW SICKNESS POLICY, covering 30 diseases, which is undoubtedly the most UP-TO-DATE sickness policy before the public. DO IT NOW. No medical examination required. Every man and woman should have one.

Authorized capital. $1,000,000; subscribed capital. $500,000. Boiler Inspection, Boiler Insurance, Personal Accident Insurance, Sprinkler Insurance, Elevator Insurance. Consulting Engineers. It will pay you to take out a policy on your boiler and consult us free of charge on all matters pertaining to steam usage. Our Engineers' Advisory Department can save our policy holders many times their premiums by the service rendered them. The fact of regular inspection is the greatest safeguard against boiler explosions. All our inspectors are responsible engineers.

THE TORONTO

DAILY NEWS

AND THE

TWICE-A-WEEK

GRANDFORKS SUN

...FOR ONLY..

$2.25 PER YEAR

A radical change from old methods and prices has been made by the Toronto Daily News. The eyes of the newspvper world have been upon The News for the past few months, during which time several departures have been made which have given that paper a widespread reputation for enterprise and originality. This latest move is to place The News at the price of $1.00 a year by mail. Only a deep-founded belief in the future success of The News could lead the publishers to make such a reduction in price. But just as the dollar magazine has taken hold of the people, so, we venture to predict, The News will secure a vast and ever-increasing circulation, based not only on the popular price at which it is sold, but mainly upon the intrinsic merits of he paper.

We have arrangements concluded which enables us to club the Toronto News with our own paper at $2.25 a year in advance. Such a combination presents many unique features —our semi-weekly giving you all the home and district news, and the big 12-page daily keeping you in touch with events all over the world. Send us your subscription to The News, or if you would like to see the paper first, write us and we will secure a sample copy.

Try a Lord Roberts or La Tosca cigar. Best value in the city. At Donaldson's.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by traveling on, the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portland, Ore.
