THE EVENING SUN

VOL. 1 GRAND FORKS AND COLUMBIA, B.C. TUESDAY, JULY 1, 1902. NO. 169

FIELD SPORTS

The result of the athletic contests in connection with the Dominion day celebration at the time of going to press is as follows:

FOOTBALL.

The football game between the Granby Smelter and Grand Forks teams was played at the race track grounds this morning. The ball was kicked off at 10:30, and two 30-minute halves were played. A drizzling rain fell throughout the game, which had the effect of spoiling good combination plays, and individual effort was depended upon. The smelter team, while containing some first-class players, was placed in the field on the spur of the moment, and the want of practice showed itself. Mitchell, Wall and Rollins played a good game for their side. During the first half Grand Forks scored a goal, McQueen doing the trick. In the second half the city team scored two more on shots by Donaldson and Fitzmorris, the match resulting in a score of 3 to 0 in their favor. The ball was in the smelter territory most of the time, and on the rare occasions when it was brought up to the city goal their backs relieved with but little effort. With a little practice, the smelter boys can place a team in the field which can give a good account of themselves, and with the idea of keeping up interest in the game it is hoped they will organize. The teams were: Grand Forks—W. Betts, F. W. Grant, R. A. McMordie, G. Ewing, G. Brown, G. Bell, P. Donaldson, A. McQueen, A. Cochrane, T. McIntyre, W. Fitzmorris. Smelter—W. Mitchell, W. Brock, J. Southwood, J. Sweesy, B. Sweesy, W. Rollins, A. Newton, I. Southwood, W. Evans, A. Sweesy. Referee, P. C. McArthur, Phoenix; umpires, W. B. Bower and T. L. Crossin.

LACROSSE.

The lacrosse game between the champion Nelson team and the Grand Forks players resulted in a decided victory for the visitors, although the game was more one-sided than the locals' supporters had expected, which was due in a great measure to the absence of a couple of its strongest players. The game started at 3 o'clock, and three periods of 15 minutes each were played between the racing events. The rain greatly interfered with the playing, and during the first 15 minutes neither side succeeded in scoring. In the second section Nelson got its combination in working order and put up a beautiful exhibition of the game, scoring 5 goals to Grand Forks 0. In the final quarter-hour they continued their lively gait, and put another 7 goals to their credit, while Grand Forks succeeded in making a single tally as a result of a scuffle in front of the Nelson goal, the score at the expiration of time being 12 to 1 in favor of Nelson.

The teams and officials were as follows:

Grand Forks—W. Mitchell, T. Lyons, T. McIntyre, J. Sweesy, R. Holland, H. E. Woodland, T. Skerritt, A. McQueen, A. Cochrane, W. Betts, K. C. Macdonald, B. Holland. Field captain, E. Miller, umpire, Mayor Holland.

Nelson—Rutherford, A. Jeffs, Archibald, Blockwood, Taylor, Williams, Thompson, Perrier, McNichol, C. Jeffs, Fox, McMorris. Field captain. Hawkins; umpire, Beeller.

Referee—P. C. McArthur, Phoenix.

ROLLS OF HONOR

The spring term of Grand Forks public school was brought to a very successful conclusion on Wednesday afternoon last. During the term a most healthy growth in numbers has been manifest from month to month, the enrolment on the last day being 183, with a staff of four teachers. No special programme was undertaken for the closing exercises, but the parents and other visitors were given an opportunity of observing the manner in which instruction in the various studies and by the different teachers is imparted. Trustee McCallum and Mr. C. M. Turner made short addresses upon the importance of forming proper habits while young, and of devoting their entire attention to the duties of the moment.

Rolls of honor were distributed as follows:

DIVISION I.

Regularity and Punctuality—Ethel Curran.
Proficiency—Percy McCallum.
Deportment—Jessie Stuart.

DIVISION II.

Regularity and Punctuality—Theron Stendal.
Proficiency—Bert Reid.
Deportment—Olive Stendal.

DIVISION III.

Regularity and Punctuality—Lorina Turner.
Proficiency—Ester Rice.
Department—Verina Miller.

DIVISION IV.

Regularity and Punctuality—Lenore Fisher.
Proficiency—Mona Henderson.
Deportment—Edna Stuart.

On the following day the pupils spent a most enjoyable time in the woods near Columbia. A number of friends were present to assist in making the affair as pleasurable as possible for the children after the work of the term. In the afternoon a good programme of sports was arranged for, and through the generosity of Grand Forks merchants and a few others, numerous valuable prizes were contested for.

Last week's ore shipments from Boundary mines: Granby mines, Phoenix, 4646 tons; Mother Lode, Deadwood, 3584 tons; Snowshoe, 840; Sunset, 1050 tons; B. C. Mine, 248 tons; No. 7 Mine, 172 tons; Emma, 66 tons. Total, 10,706.

TUESDAY, JULY 1, 1902

A royal commission in Great Britain made a report the other day on "Gambling and Betting." The commissioners in their report declare that the custom has grown into "a national evil," and ought to be repressed by the strong arm of the law. The work of the commission has done good in exposing the widespread, dangerous and demoralizing character of the evil. One nobleman in his testimony acknowleged that in the North of England gambling had killed the university extension movement and kept young men out of secondary schools. Another declared that he had seen in one of the towns on Lyneside hundreds of people standing outside of what he presumed to be a telegraph office waiting for a wire from the race course. The telegraph office turned out to be a tap office where sharpers made their bets after they knew which horses had lost and won. Horse racing has much to commend it. Apart from the race course altogether, there is no kind of sport that is more exhilerating than to sit behind a horse that can cover the ground at the rate of 2:30 a mile. The blues are not possible to any man who can enjoy such sport. Nor is there any harm, that we can see, in trying to discover on the track who has the fastest horse We are not so puritanical as to suppose that it is right to compete at fairs for the best team of draught horses, the best cows, the best swine, or the best of anything else, and that it is wrong to compete on the track for the fleetest horse. But let the track be kept free from betting and gambling. Betting has fastened itself so large on horse racing that no one is sure the best horse will win. The course has become so demoralized of late years that one is always afraid the jockey may have been bribed by some one interested in the result, so that the race may have been sold before it was won. Unfortunately, too, horse racing is largely kept up for the excitement of the gambling connected with it. Horace Greeley is credited with saying of the Democratic party, when it was not so trinmphant and respected as it was in Grover Cleveland's day: "I'll not say that every Democrat is a horse-thief, but every horse-thief is a Democrat." It would be a sad perversion of the truth to say that all in favor of horse racing are gamblers, but it is not very far from the truth to say that every gambler is in favor of horse racing. That gambling is a pernicious custom goes without saying. The gambling spirit has not stopped for any indecency, and it would not be an unwise thing for the unwary to keep out of the grasp of sharpers who will fleece them out of their last bit.

PROMOTIONS

The promotion list in connection with the recent public school examinations in Columbia is as follows:

To First Primer, Senior—

Clara McDonald	Petrut Duford

Helen McEwen	Amy Disney

TOPICS OF THE TOWN

A distressing accident, in which one man lost his life, occurred last Friday near Cascade. The C. P. R. section crew working near that town carried a gun on their hand-car, and in attempting to remove it the trigger caught agains. some obstruction, discharging the weapon and mortally wounding John Keiley, a section hand, who died thirty minutes after the accident. The remains of the unfortunate man were brought to Grand Forks for burial last Sunday. Keiley was but nineteen years of age, and landed in Grand Forks from Ireland on the 17th of May last, his uncle, who is also employed on the same section, having sent for him.

Miss McDougall, a school teacher o Mara, B. C., is in the city visiting her cousins, Mayor McCallum and P. T. McCallum, and other relatives. She will remain three or four weeks.

T. L. Crossin and his sister, Mrs. McMahan, of the staff of public school teachers, will leave this week for a visit to their old home in Stratford, Ont.

J. McIntyre, of the W. K. C. Manly company, will leave the latter part of this week for a visit to Toronto and other Ontar o points

Word was received in this city last Sunday that the railway committee at Ottawa had given a favorable decision in the V., V. & E. company's application to have the Hot Air injunction set aside.

A through special will leave here tomorrow (Wednesday) at 8 p.m., over the V., V. & E., carrying American visitors and scores of residents of the Boundary to the Spokane celebration.

O'Hara's party of surveyors arrived in Cascade last Thursday from Midway to complete the location of the international boundary line.

S. E. Oliver, representing the Nelson Daily News, arrived in the city Monday, and will spent several days visiting the different camps in the Boundary. Mr. Oliver is accompanied by his wife.

Wanted—A good milch cow, three or four years old. Apply at this office.

R. Wadds, the photographer; arrived in the city last Saturday from Nelson, B. C., and is stopping at the Hotel Winnipeg.

H. S. Turner, formerly of The Sun, but now a resident of Fife, was in the city Saturday.

The Yale-Columbia Lumber company has purchased the boom of logs which broke away from the Curlew mill and which lodged at the dam in Cascade.

The lawn social given by the Ladies' Aid of Knox Presbyterian church, Monday evening, was well attended, and proved a great success.

Two men arrived in Cascade last week from Pittsburg, Pa., to take charge of putting the iron flume in place for the Cascade Water, Power & Light company.

Mr. Mavbee, the ranches, was in Columbia last week, riding a vehicle that looked something like a cross between an automobile and a Hot Air submarine engine.

Go to the Grand Forks Hotel for Halcyon Water. Only place in city.

Boots, shoes, clothing, gent's furnishings, etc., etc., at lowest prices at J. H. Hodson's, Columbia. Patronize your home merchant.

COLUMBIA, B. C.

Situation, Environments and General Resources.

The City of Columbia is situated near the junction of the North Forks of the Kettle river with the main Kettle river, and is distant about 300 miles east of Vancouver.

The natural situation of the city for beauty is not excelled in America. A verdure-clad and flower-bespangled rolling prairie, traversed by a river of bright, sparkling water, fringed with forest trees and surrounded by mountains, forming a charming combination of picturesquesness and grandeur

The Columbia & Western railway, which was constructed by the Canadian Pacific Railway company, has its station, freight warehouse and yards in the center of Columbia, and the Vancouver, Victora & Eastern Railway company, has located its depot, freight sheds and yards along the east line of the corporation, thus giving the city connections with two transcontinental lines.

The Canadian Pacific railway company has large interests in the city, having selected the site on account of the superior natural advantages as a railway centre.

The climate, taken all the year around, is the best in Canadn—part of the summer is rather hot and dry, but the rest of the year is enjoyable.

Throughout the Kettle River valley there is an extent of fertile agricultural land, part of which is now being cultivated.

Apples, plums, pears, prunes, cherries and all the small fruits grow abundantly. The valley surrounding Columbia, divided into small fruit and vegetable farms, will sustain a large population.

Building material is plentiful in the district. Lumber can be procured at fair prices, and brick lime and stone of good quality can always be obtained when required.

The mining interests are of the first importance to this country, and will do much to build up Columbia. Large mineral lodes have been discovered through the mountains adjacent to the city, and what were mere prospects a short time since are now large paying mines.

Water is supplied the city by pumping from a beautiful spring of exceptional purity, capable of supplying a city of 50,000 inhabitants.

The Granby smelter and converter—the most modern and perfect plant of the kind in America—employing hundreds of men, is contiguous to the city.

Owing to the fine climate, the central situation, the beautible environments, the bright prospects for future growth and prosperity, Columbia will be an educational centre, a city of homes, as well as a wholesale distributing point; and when finally allied and wedded to her sister sister, will be the best and largest city in the interior.

REDUCED RATES TO THE EAST.

Those contemplating an eastern trip will be interested to know that there will shortly be on sale greatly reduced rate tickets in connection with the Rio Grande System, the famous "Scenic Line of the World." This line offers its passengers a most delightful and comfortable journey to all eastern points.

It is the only transcontinental line passing directly through quaint and picturesque Salt Lake City, "The City of the Saints;" beautiful Glenwood Springs, Leadville, Pueblo, Colorado Springs, where a side trip may be made to the Garden of the Gods and the summit of Pike's Peak over the cogwheel railroad; and Denver, the queen city of the intermountain region. Stop-overs are allowed on all classes of tickets.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details, address J. D. Mansfield, General Agent, Rio Grande Lines, 124 Third St., Portland, Ore.
