WILL PAY CLAIMS

Government Appoints Valuator of Midway & Vernon Grade

A dispatch from Victoria to the Daily News states that at an adjourned meeting of the provincial executive Thursday morning Robert F. Green was named by the government as one of the valuation board which will determine the price to be paid by the Kettle Valley Railway company for the old grade of the Midway & Vernon railway company, to be taken over by Mr. Warren's company, the proceeds to be applied to the settlement of outstanding debts of the Midway & Vernon company on account of labor employed and material utilized on this unfinished stretch of interior railway. In such settlement labor claims will, of course, have preference, and the sum at least will be sufficient to satisfy wage indebtedness, although necessarily the old grade has considerably depreciated in value in consequence of washouts, etc., since it has been left unfinished and uncared for. The valuation board is to be composed of one member named by the government —Mr. Green, one chosen by the railway company, and a third valuator whom these two will select. The government's choice was on Thursday communicated by the government by telegraph to President Warren, who is now in Toronto, and it is expected that the board will be completed and proceed to discharge its duties almost immediately.

The Vancouver Province says that by July 10 construction work will be started on the Kettle Valley line, on the 250-mile section to be built between Midway and Nicola. Tenders for construction have been in the hands of J. J. Warren, president of the company, for about two months, but no contracts have yet been awarded. Recently Mr. Warren was in Penticton, and his early arrival on the coast is looked for. By its agreement with the government of British Columbia—an agreement ratified by the legislature at its last session, and involving the granting of a subsidy of $750,000 towards the cost of construction—the company undertook to start work within four months of the date of the passage of the bill of ratification. The bill was assented to on March 10, so that actual work must be commenced by July 10. In addition to having a provincial grant of $5000 per mile for 150 miles of the railway, the company has secured the maximum Dominion subsidy of $6400 per mile for the entire mileage of the road, which makes an average subsidy of $9400 for the 250 miles to be built.

The Spokane & British Columbia Railway company has been granted permission by congress to construct a bridge across the Columbia river near Hellgate, for the purpose extending the line from Republic to Spokane. As a consequence of this action, rumors are again current in Spokane and Republic that construction work on this section will be commenced this summer.

Fruit Exhibits

Preparations are being made by the provincial government for the yearly series of British Columbia fruit and other products in the chief centers of the prairie provinces, Toronto, London, and at the principal exhibitions in the old country.

The prairie exhibitions at which British Columbia will this season be represented are those to be held at Brandon, Regina, Saskatoon, Medicine Hat and Edmonton, beginning with Brandon from July 25 to 29. It was the intention of the department to show also at Winnipeg, but space could not be had at the Manitoba capital.

The provincial exhibits "on circuit" will this season be in the charge of E. Bullock-Webster, who will have with him as first assistant W. J. Brandrith, of Ladner, who also was with Deputy Minister Scott last year in a similar capacity. Both gentlemen have had long experience as farmers and fruit growers in this province.

From the Northwest centers, the British Columbia exhibits will go to the Toronto Industrial, and thence direct to London.

CUSTOMS RECEIPTS

R. R. Gilpin, customs officer at this port, makes the following detailed report of the customs receipts at the various sub-customs offices, as reported to the chief office in this city, for the month of May:

Grand Forks	$1,651 96
Phoenix	1,403.95
Carson	79 53
Cascade	27 45
Total	$3 162.79

NEWS OF THE CITY

The B. C. Copper company's smelter at Greenwood, after being closed down for forty days, blew in two furnaces last Sunday.

George C. McKittrick, a machine miner who recently came to the Boundary from Cobalt, was killed in the Mother Lode mine last Saturday by a fall of rock. He was 27 years old. His father lives at Shoals, Indiana.

A new sidewalk has been built on Winnipeg avenue, and pedestrians can now walk up that thoroughfare without the slightest danger of contracting seasickness.

Several good musical numbers at the Spinsters' convention.

The third game in the city baseball league was played at the school grounds Monday evening between the Firemen and the Wanderers. When the game was called on account of darkness at the end of the sixth innings the score was a tie—2 to 2.

Mr. and Mrs. W. A. Williams entertained a number of their friends at their Christina lake home last Saturday and Sunday.

Winfield Williams, who has been attending college in Spokane, returned hom on Wednesday to spend his summer vacation with his parents.

D. T. Forbes, of the E. T. bank, left this week for Keremeos, where he will be in charge of that branch during the illness of D. W. Lawson. Mr. Forbes' place in the local bank is being filled by A. Long, of Taber, Alta.

NEWS OF THE CITY

Former Railway Promoter of This City Convicted of Theft

Wyle C. Morris, who at one time was a lawyer in Marcus, and who later promoted the Kettle Valley line, running from Grand Forks to Republic, was found guilty last week of stealing $125,000 from the Oregon Trust and Savings bank, of which he was cashier. The theft occurred in 1906. Morris has had a varied career as a lawyer and promoter, but the expenditure of $1,300,000 in building less than 30 miles of railroad over practically a level country was one of his crowning achievements, but was no less spectacular than his escape from the provincial detective when his expose was made by expert accountants employed by the financiers of the railroad.—Marcus Messenger.

The problem of Asiatic exclusion will be raked over fore and aft on Wednesday night, at a debate to be held in Knox church. The teams of debaters are chosen from the young people's societies of the Methodist and Presbyterian churches, Messrs. Arthur Mann and Douglas Carter representing the former and Mrs. M. D. McKee and Miss I. Moore the latter. Two of the judges will be Rev. H. W. Wright and Principal Fleming, of the high school. The third remains to be chosen. No admission fee is charged, and all friends of the societies are invited to attend.

The readers of The Sun are fortunate in receiving their paper this week. During the first part of the week a number of threats of arrest for criminal libel were made against its editor. Our accusers, however, cooled off after they had blown off their surplus of hot air, and at present the only damage done is a cracked atmosphere, caused by the violent talking of the man who saw fit to champion the people we were charged with libeling. The item in reference to the Millward people stands as it appeared in our last issue. It has accomplished its mission of usefulness.

Rev. W. C. and Mrs. Schlichter left on Thursday for their new home, North Vancouver. A pleasant function in their honor was held in the Methodist church on Tuesday night. The congregation was present in large numbers, and an excellent program of speeches and music was listened to. In expressing his appreciation of the gift presented by the church members among whom he has labored for three years, Mr. Schlichter stated that he would ever have kind memories of his pastorate in Grand Forks.

Mrs. Bugbee returned Thursday from a week's visit at the coast. On her return she was accompanied by her daughter.

Warm-hearted widowers and cold-hearted bachelors are especially invited to be present at the Spinsters' convention, to be held on Tuesday night, June 7, in the opera house. The twenty members of the entertaining company are all star performers, and much pains has been taken with the costumes. Curtain rings up promptly at 8:30.

M. Miller sold all his machinery and farming implements by public auction last Saturday. Mr. Miller has leased his ranch, and he will leave for the Northwest shortly in search of land. His family will reside here until he gets permanently located on the prairies.

Another feather for the Kettle River valley's cap is won by the early season at which garden stuff ripens. In almost every part of Canada it is considered pretty good going to have new potatoes for Dominion day. But A. D. Morrison used potatoes from his farm early this week, and thus before the first of June.

School Inspector Sullivan, of Nelson, examined the entrance class in reading at the Central school on Thursday.

W. H. M. May, who has been principal of the Grand Forks public school for more ten years, has resigned that position and accepted the principalship of the Nelson public school.

The regular monthly meeting of the W. C. T. U. will be held at 3 o'clock in the afternoon on Tuesday, June 7, at the home of Mrs. R. Gaw.

The summer schedule of the C. P. R. will go into effect on Monday next. The two passenger trains will meet at this point at 13:30.

Miss Weeks, of Curlew, and Miss Kief, of Republic, were the guests of Mrs. Fleming this week. They left on Thursday for Minneapolis and St. Paul.

The Stuttz company is billed to appear at the opera house in the near future. This attraction seems to possess the virtue of perseverance, at least. It has played here to poor business so frequently this season, that we had begun to think that Grand Forks had been scratched from its route.

The semi-annual election of officers of Grand Forks Union No. 180, W. F. M., will be held in the union rooms this evening. A delegate will also be elected to represent the union at the annual convention in Denver, Col.

The committee appointed at the public meeting last Friday night to ascertain the advisability of reorganizing the city band, was not ready to report last night, and consequently the meeting was postponed to some future date.

Mrs. M. C. Davidson and her little daughter Dorothy left on Wednesday to spend a week at Hedley, B. C., with Mrs. Davidson's mother and brother.

On Thursday evening, June 16, the Miners' union of this city will hold a benefit smoker for their locked-out brothers in the Black Hills, South Dakota, and a lengthy and varied program is being prepared. Songs, speeches, recitations, step-dances, union orchestra, boxing tournament, etc. Tickets $1.00.

A couple of one-man attractions played to empty houses at the Grand Forks opera house this week.

ANOTHER SOCIETY

Banner Lodge, Daughters of Rebekah, Instituted With 43 Members

Banner lodge of the Daughters of Rebekah, I.O.O.F., was instituted in the Davis hall in this city last Saturday night, forty-three charter members being initiated. Miss Frances Bacom, president Rebekah assembly, I.O.O.F., conducted the organization work, being assisted by instituting officers, N. Taylor, deputy grand master; Fred Downey, grand secretary; Mr. McDougall, Phoenix, grand marshal; James Marshall, Phoenix, grand inside guardian, and a degree team composed mainly of Phoenix Rebekahs. Dignity and a careful attention to detail characterized the ceremony throughout the evening. The officers installed in the new lodge for the first six months are: N.G., S. E. Taylor; V.G., J. Spraggett; recording secretary, I. Moore; financial secretary, E. A. Cooper; treasurer, F. Brereton; P.N.G., T. Powers; R.S.N.G., N. Taylor; L.S. N.G., M. Spraggett; W., E. A. Attenbury; C., R. Massie; I.G., M. A. Clayton; O.G., A. Lindley; R.A.S., F. Clark; L.A.S., H. Chapman; chaplain, M. Miller; R.S.V.G., A. Gordon; L.S.V.G., M. Gaw. A sumptuous supper was served by the ladies of Banner lodge at the conclusion of the rites. The tables were lavishly decorated with bowls of carnations and place favors of roses. Festoons of smilax, floral links and a Union Jack completed the adornment. The hall was radiant with peonies, fleur-de-lis and wild moccasin blossoms. The Phoenix visitors returned home when the meeting was over—about 2 o'clock Sunday morning. Miss Bacom remained in the city over Sunday, the guest of Mrs. Taylor. The members of Banner lodge are highly appreciative of the work done by the score of visitors, and feel very grateful for their kindness in defraying the expenses of the drive. The first meeting of the new will be held on Monday evening.

School Closes for Term

Owing to the prevalence of measles among the school children, and the large number of fresh cases, it has been deemed necessary to close the school till after the summer holidays. All classes are therefore dismissed, with the exception of those pupils in the senior division who are studying for the entrance examination to the high school.

The people of British Columbia should familiarize themselves with the provisions of the Canada Temperance Act, better known as the Scott Aet, because if Dr. Spencer and his colleagues get their way some districts in the province will soon get a taste of its quality. The Act was passed in 1864, but has been revised and amended as late as 1908. It has been tried in eastern Canada. The Act provides that no alcoholic beverage of any kind can be sold in a Scott Act district except on a medical certificate, or for sacramental purposes. No brewery or distillery situated in a Scott Act district can sell for local consumption. The product must be shipped out, and can only be consigned to a distrsct in which the Act is not in force. No merchant, trader or wholesaler, even though already established in a Scott Act district, can sell for local consumption except for medical purposes. On the other hand, there is nothing to prevent the unlimited importation of liquor from the outside, so long as it is purchased and paid for on the outside. The penalties for violation of the Act are drastic—for a first offence a fine of $50 or a month's imprisonment, for a second offence $100 or two months, and for a third and every subsequent offence imprisonment for four months without the option of a fine. The most unrestricted authority is given to search premises, even including private houses, to discover liquor where it is supposed to be kept or used in violation of the Act. In order to make the Act operative in a district one-fourth of the persons whose names appear on the voters' list for the last general election are required to sign a petition addressed to the attorney general invoking the application of the Act. The petition is deposited with the sheriff or registrar, and also advertised in the Canada Gazette and the Provincial Gazette, and then a public vote is taken by ballot, just the same as at an election, and a bare majority either way decides the question.

RICH RED BLOOD

You Will Never Have It as Long as You Have Dyspepsia

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the food will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again.

Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment unsurpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known everywhere.

Mi-o na cures by buildiffg up—by banishing the cause. For thin people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and car sickness and vomiting of pregnancy almost immediately. Woodland & Co. sell Mi-o na for 50 cents a box, and guarantee it to cure or money back.

THE

COPPER

HANDBOOK

New Edition Issued Nov. 15, 1906.) Is a dozen books in one, covering the history, geography, geology, chemistry, mineralogy, metallurgy, terminology, uses, statistics and finances of copper. It is a pracical book, useful to all and necessary to most men engaged in any branch of the coppes industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the everyday man. It gives the plain facts in plain English without fear or favor.

It lists and describes 4636 copper mines and companies in all parts of the world, descriptions running from two lines to sixteen pages, according to importance of the property.

The Copper Handbook is conceded to be the

World's Standard Reference Book on Copper

The mining man needs the book for the facts it gives him about mines, mining and the metal.

The investor needs the book for the facts it gives him about mining, mining investments and copper statistics. Hundreds of swindling companies are exposed in plain English.

Price is $5 in Buckram with gilt top; $7.50 in full library morocco. Will be sent, fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

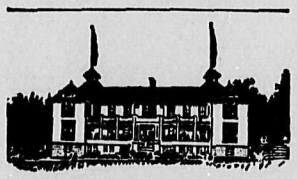
Would You Provide for the Care of Canada's Needy Consumptives?

THEN SEND YOUR CONTRIBUTIONS TO THE

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES



MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES. MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance?

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion.

For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine paid from $2.00 to $4.90 a week. No one pays more than $4.90.

Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

TAKING THE CURE IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Where greater urgency?

Truly, Canada's greatest charity.

Contributions may be sent to W. J. Gage, Esq., 84 Spadina Ave., or J. S. Robertson, Sec'y-Treas. National Sanitarium Association, 347 King St. W., Toronto, Canada.

AS YOU LIKE IT

Better a rolling stone than a stolen roll.

Money makes some men and breaks others.

All men may be liars, but it isn't safe to say so.

Better a wreckless chauffeur than one who is reckless.

A frienzied financier is a man who rocks the financial boat.

A man will do anything for his wife—that he wants to do.

People who live in glass houses should raise early vegetahles.

A woman is always making a strenuous effort to not look her age.

A man's isn't necessarily crooked because he can't keep a straight face.

Women are modest enough until a doctor begins asking them questions.

It always might have been worse to the superficial, disinterested observer.

Occasionally the peacemakers fight for the credit of having brought about peace.

If you want to earn the ill-will of a man show him where he has made a mistake.

We don't believe the men look for second wives as industriously as they used to.

It's easier to express your opinion than it is to suppress the opinion of others.

After all, the way we behave is the best evidence of what we really think and are.

In trying to get the best of it every man is apt to be careless of the rights of others.

Men are just as fickle as women, but they have fewer opportunities to show off.

No man ever loved his wife's relations so much that he was willing to die for them.

Most of the men looking for work cannot do it in a satisfactory manner after they find it.

Women think one of the best things that can be said about a man is, "He isn't hard to cook for."

Pressure upon the pocketbook is responsible for many of the astounding things that often startle us.

When a girl has more than one beau, all her married friends tell her she is taking desperate chances.

Nobody is of any value to his friends who doesn't sometimes get angry with them and prod them up a little.

Fine feathers do not make fine birds. If a fellow is a jay, all the feathers in the world will not disguise the fact.

It would be pleasant indeed to his friends if when a violent man loses his temper the loss should prove total and irreparable.

One reason why a man can't feel very sorry for his creditors is because his own case is so urgent that it takes all his energies.

Unless you run the risk of being misunderstood you will never say or do anything of much value to yourself or those about you.

The trouble about a lie as a factor in anything is that you never are able to gauge its effect and so never know where you are at.

Perfection is not of this world. Even the man who gets the best of everything spoils the harmony by being selfish and egotistical.

The man who pays his wife's millinery bill without a murmur either has money or a sense of resignation commensurate with the necessity.

There are two kinds or presents, viewed from the point of the giver. One is an evidence of your taste; the other is the estimation in which you hold the taste of the recipient.

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any person who is the head of a family, or any male over eighteen years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1.00 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 31 one-cent stamps to cover cost of mailing *only;* or, in cloth binding for 50 stamps.

SUNSET SAUNTERINGS

Jack and Frank Coryell returned on Saturday last to the Cariboo country, where they will do survey work for the provincial government during the present summer. They intend to return to this city next October.

The opening of Ole Johnson's commodious hotel at Christina lake took place last Saturday night. A large number of people from this city attended the festivities.

H. A. Sheads and a number of men returned the latter part of last week from a land-hunting trip to the Northwest.

The first shareholders' meeting of the New Dominion Copper company will be held in New York on Monday, June 6.

The Women's Auxiliary of Holy Trinity church will hold an entertainment called the spinsters' convention in the opera house on Monday, June 7th. Come and have a good laugh. Admission 50c, reserved seats 75c children 25c.

Rev. Mr. Calvert, the new minister of the Methodist church here, has not yet arrived in Grand Forks. Rev. T. G. MacLeod will occupy the pulpit in that church tomorrow.

The subject of debate at the meeting of the Epworth league in the Methodist next Monday evening will be "Woman's Suffrage."

Care of Teeth

The Canadian Oral Prophylactic association, composed of some of the leading dentists of the Dominion, lays down the following rules if the teeth are to be kept clean and healthy: Chew your food well; tender beefsteak should be crushed between the teeth fifty times before swallowing. Bananas are very injurious unless chewed 20 times at least. Neglect of proper cleanliness of the mouth is one of the chief causes of the decay of the teeth, as well as of other diseases. Biscuits, bread and butter, candies, etc., eaten by children at bedtime, without cleansing of the teeth afterwards, is responsible for the destruction of millions of teeth. Parents should not think the temporary teeth of their children are not worth preserving. The too early loss of the first teeth is responsible for much trouble with the permanent teeth in later years. Do not mince up the food of children; let them do the mincing with their teeth. For each meal have at least one article of food that requires thorough mastication. There should be no drinking to "wash the food down." The teeth should be cleaned after each meal, as well as the last thing at night and the first thing in the morning.

May Rod and Gun

While fishing occupies prominent positions in the May number of Rod and Gun in Canada, published by W. J. Taylor, Woodstock, Ont, there is no lack of variety, articles appealing to sportsmen of all tastes appearing in this issue. Anglers who are arranging their spring outings will find ample provision for their entertainment, and will revel in the stories of good fishing trips told by their fortunate brethren. Mr. Bonnycastle Dale's studies of wild ducks in Canada will interest a vast number of people, and sportsmen particularly will find their knowledge of a fine game bird much increased by a perusal of this article. Catching Kids of Mountain Goats and White Water Men of the St. Maurice are stories none should miss Big game hunting and protective work receive much attention, while camping and mountaineering have their delights pleasantly pictured. For variety and interest the number is excellent throughout and sportmen should see to it that a copy accompanies them on every trip.

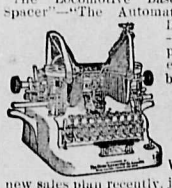
The Oliver Typewriter for 17 Cents a Day!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—yours for 17 cents day!

The typewriter whose conquest of the commercial world is a matter of history—yours for 17 cents a day!

The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard"—all



Yours for 17 Cents a Day!

We announced this new sales plan recently, just to feel the pulse of the people—simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People are Making Money with

The OLIVER Typewriter

The Standard Visible Writer

The Oliver Typewriter is a money-maker right from the word "go!" So easy to run that beginners soon get in the "expert" class. Earn as you learn. Let the machine pay the 17 cents a day—and all above that is yours.

Wherever you are, there is work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably above those of many classes of workers.

An Oliver Typewriter in Every Home!

That is the battle cry today. We have made the Oliver supreme in usefulness and absolutely indispensable in business. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An educator as well as a money maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver offer?
