VICTORIA, B. C.

LIBERAL VICTORY

Laurier Government Sweeps the Country From Ocean to Ocean

Nearly an Even Break in Ontario---Three Conservatives in B. C.

Last Monday the people of Canada pledged renewed confidence in Sir Wilfrid Laurier, and the request that he be allowed to finish his work was granted, the Liberals carrying every province except Ontario and Manitoba. In this province the final result is yet unsettled, but the chances are that the majority of the members will be in the Liberal column after the 12th. The biggest surprise of the day was the vote in Ontario, 38 government members being elected. The Liberals had conceded this yrovince to the Conservatives by a large majority.

In this city a great deal of interest was taken in the polling. In the Liberal committee rooms there was an eager crowd all evening awaiting the returns. Profound regret was expressed when it became evident that Templeman, McInnes and Jardine had been defeated. When it became reasonably certain that the Laurier government had been sustained by about fifty members a huge bonfire was kindled in front of the committee rooms, and the city band was called out, and continued to discourse music until long after midnight.

The following is the complexion of the next parliament:

	Lib.	Con.
British Columbia	2	3
Ontario	40	46
Quebec	51	12
Nova Scotia	12	6
New Brunswick	11	2
Prince Edward Island	3	1
Manitoba	3	7
Saskatchewan	8	2
Alberta	4	3
Total	134	82
Majority	52	

Deferred elections: Yale Cariboo, Kootenay and Comox-Atlin in British Columbia; Prince Albert in Saskatchewan; Chicoutimi-Saguenay in Quebec, and the Yukon.

When the house dissolved, the standing was approximately as follows:

	Lib.	Con.
Ontario	39	47
Quebec	54	11
Nova Scotia	17	1
New Brunswick	8	5
Manitoba	7	3
Saskatchewan	5	1
Alberta	2	2
British Columbia	7	0
Prince Edward Island	1	3
Yukon	0	1
Total	140	74
Majority	66	...

The result in this province was as follows:

Victoria—G. H. Barnard, Con., Hon. Wm. Templeman, Lib.; 1904, G. Riley, Lib., 500; bye-election March 6, 1906, Hon. Wm. Templeman, Lib., 696. Barnard, Con., 5 majority.

Vancouver—G. H. Cowan. Con., W. W. B. McInnes, Lib., Jos. Martin, Ind., E. T. Kingsley, Soc,; 1904, R. G. Macphersohn, Lib., 858. Cowan, Con., 1300 majority.

New Westminster—J. D. Taylor, Con., R. Jardine, Lib.; 1904, J. D. Kennedy, Lib., 194. Taylor, Con., 500 majority.

Nanaimo—F. H. Shepherd, Con., Ralph Smith, Lib., J. Hawthornthwaite, Soc.; 1904, R. Smith, Lib.-Lab., 286. Smith, Lib., 190 majority.

Yale-Cariboo Nominees

Last Saturday, at Raven's hall, Kamloops, Returning Officer MacDonald received the nominations of candidates for the Yale-Cariboo election. The papers of Duncan Ross were first handed in, then came those of Charles Bunting, Socialist, and last those of Martin Burrell, opposition, Mr. Burrell being the only candidate attending in person. Only two or three of the public found sufficient interest in the occasion to be present and at 2 o'clock all was over, polling to take place on November 12th. J. D. Swanson, Kamloops, is agent for Duncan Ross; S. C. Burton, Kamloops, for Martin Burrell, and John Appelbe, Phoenix, for Charles Bunting.

Change of Firm

Beginning November 1st, the drug business which is at present being carried on by H. E. Woodland will be known as Woodland & Co., the new member of the firm being W. A. Thrasher. Neither of these men require an introduction to the people of Grand Forks, as they have been favorably known here for years for their conscientious and reliable work. Both are honor graduates of the Ontario College of Pharmacy, one of the foremost colleges of pharmacy in America. Mr. Woodland has been engaged in the drug business for seventeen years, and Mr. Thrasher for twelve years. They have had wide experience in some of the largest drug stores in eastern Canada, and are thoroughly competent pharmacists. The present location of the firm is too cramped for the volume of business transacted, and it is the intention of Messrs. Woodland and Thrasher to secure new and more commodious quarters as soon as possible and fit them up in the most modern style. While the service has been excellent in the past, it is their intention to make their store better known than ever before for promptness, accuracy and reliability. We wish the new firm every success.

MARRIED

BARRETT-FINN—On Wednesday, October 28, at 7 o'clock in the morning, in the Catholic church in this city, Miles Barrett and Miss Katherine Finn, both of this city, were united in mrriage, Rev. Father Hartman officiating. Only a few relatives and friends of the contracting parties witnessed the ceremony. Miss Mary Barrett was bridesmaid, and John R. McDougal stood up with the groom. Both the bride and groom are well known and very popular in this city. Mr. Barrett is general foreman at the Granby smelter, having been an employee of that institution ever since it commenced to operate in this city.

Mr. and Mrs. Barrett left on Wednesday morning's Great Northern train for a short wedding tour to Spokane and other points. On their return they will take up their permanent residence in this city.

Chas. Hay returned to the city last Saturday from Alberta, where he owns a large ranch, to the cultivation of which he has devoted his time during the past six months.

BIG APPLE SHOW

British Columbia Growers Will Make Large Displays at Spokane

Prize of Five-Acre Tract of Irrigated Fruit Land Offered

SPOKANE, October 29.—With a reputation for good fruit equal to any section in the United States, British Columbia will be strongly represented at the national apple show to be held in Spokane December 7 to 12 this year. In fact, she leads many of the states in the number of exhibits which she will send. Over 200 entries will come down from the Canadian province, including district and individual displays. The enthusiastic interest shown by the growers of British Columbia has decided the board of trustees of the show to make it an international instead of a national event, which will be done after this year.

In further recognition of the interest of the Canadians, Manager H. J. Neely has taken up the matter of the removal of duty on exhibits sent from British Columbia, with every prospect that his request will be granted. United States Senator Piles, of Washington, has interested himself in the matter, and has officially presented the request to the secretary of the treasury. Senator Piles was successful in having the duty removed on imports from Japan for a somewhat similar occasion this year, and is confident he will be successful this time.

Manager Neely has also addressed the Hon. Sidney Fisher, secretary of agriculture at Ottawa, with the request that he send officials of his department to act as judges at the national apple show.

Grand Forks, Kelowna and Kamloops are among the districts which were first to respond to the invitation to send exhibits, and others have been steadily making entries since. W. H. Covert, of Grand Forks, will have several exhibits, and is confident that he will carry back with him several prizes. Kelowna has appointed an agent to collect fruit for display at the show. A special prize of five acres of irrigated land has been offered for the best exhibit from the East Kootenay district. Among the towns from which exhibits will come are: Nelson, Vernon, Balcomo, Kelowna, Ewing's Landing, Creston, Spence's Bridge, Vancouver, Abbottsford and Myncaster.

Exhibits have begun to arrive in such numbers that it has been necessary for Manager Neely to arrange for cold storage accommodations in this city, which are furnished free of charge except in the carload contest, for which a nominal fee is charged.

The national apple show will be held in the state armory building at Spokane, and an additional structure five times as great, making floor space in all of 75,000 square feet. It is estimated from assurances already received that there will be nearly 50,000 square feet of apples on display. Aside from the exhibition of apples, there will be demonstrations along every line of the apple industry, with displays of all improved implements and machinery in use by the successful orchardist. Lectures also will be given by pomologists of international reputation, the purpose of the show being to educate the people in the culture and use of the apple.

CITY BREVITIES

All householders who wish to vote at the municipal elections in January next must take the necessary statutory declaration and hand in their names to the city clerk not later than tomorrow noon, otherwise their names will not appear on the municipal voters' list. The only ones who are exempt from paying the $2 road tax are the members of the volunteer fire department.

The members of the Grand Forks volunteer fire department take this method of thanking the officers and congregation of the Baptist church for a donation of $10, as a mark of appreciation for the services rendered by the department at the recent fire in the church.

The two Liberal banners disappeared from the streets on the night after the election. It is supposed that the Conservatives desire to place them in front of their committee rooms in order to catch votes.

Tomorrow night is Hallowe'en, and all citizens who love their front gates should chain their bulldogs to them. It will also be a wise precaution to hide all portable property.

The "Highlander" Concert company gave a very good entertainment to a large audience at the Grand Forks opera house last Monday night.

Work has been commenced on the third and last story of the new Province hotel building. The brickwork will be completed in a couple of weeks more.

The Sun man has a few million dollars wh ch he is willing to bet at odds of 2 to 1 that Taft is elected president of the United States next Tuesday.

PERSONAL

A. Erskine Smith, who has been spending the past summer in Vancouver and in the mining camps in the northern part of the province, returned to the city last Saturday for a short visit. He has located a copper-gold proposition on Portland canal, in the Prince Rupert district, which he thinks will prove a world beater.

G. C. Hodge, superintendent of the British Columbia Telephone company, was in the city on Wednesday on a tour of inspection. Mr. Hodge has spent the past six months on the coast.

Wm. Doull, of Montreal, president of the West Kootenay Power and Light company, and L. A. Campbell, manager of the same company, were visitors in the city on Wednesday.

Fred B. McKeehan, U. S. immigration inspector at Marcus, formerly stationed at this port, was in the city last night electioneering for Taft.

Martin Burrell returned to the city on Monday from a campaigning trip through the Okanagan district.

IN COMOX-ATLIN

Return of William Sloan by Acclamation Last Tuesday

John Houston Saw Defeat Ahead and Decided Not to Contest Seat

VICTORIA, Oct. 28.—The election today by acclamation of William Sloan, Liberal, in Comox-Atlin came as a surprise to Conservative headquarters. While it was admitted that Sloan's chances of election were the best of any Liberal in the province, the Conservatives thought that his defeat could be secured if a man sufficiently strong were put in nomination against him. This man was thought to be John Houston, a former Conservative and more latterly an independent. The Conservative organization was assured that Houston would contest the seat as Independent-Conservative, and for that reason was prepared to lend him every assistance.

On Wrong Side of Affairs

The Kelowna Courier says: "We have nothing but good to say of Mr. Martin Burrell, the Conservative candidate for Yale-Cariboo. He is a man of estimable character and of mental power, and he would make a good representative if he was supporting the Liberal cause, but unfortunately he is on the wrong side of affairs, and an attractive personality should never deceive electors into forgetting that he is pledged to support the party which had eighteen years of power and was weighed in the balance and found wanting—eighteen years during which Canada's young men left her in thousands for the States, when her trade was stagnant and her national debt steadily increasing. The thinking man will ponder these things, and if he votes according to his own judgment, and not because his father was a Tory or a Grit, he will have no hesitation in marking his ballot for Duncan Ross.

Granby Officials Visit City

Jacob Langeloth, of New York, president of the Granby Consolidated; Jay P. Graves, of Spokane, vice-president and general manager, and his son, Clyde Graves, arrived in the Boundary on Wednesday by special train, and, in company with Manager A. B. W. Hodges, spent the day in inspecting the company's mines at Phoenix. Yesterday the party visited the smelter in this city, and discussed with Mr. Hodges the numerous improvements now under way and contemplated at the big reduction works. The special left for the east last night, Manager Hodges accompanying the party to Spokane

FRIDAY, OCTBER 30, 1908

An explanation of the causes which contributed to the sweeping Liberal victory last Monday can be made very briefly: The people are satisfied with Sir Wilfried Laurier's broad statesmansoip, which means a larger Canada, and are willing to give him time to complete his work. The present prosperous condition of the country, contrasted with the period of depression under the Conservative regime, also played an importont part in the result. And last, but not least, the people resented the wild and groundless charges of graft made against the Liberal government by the Tory press and the Tory politicians. Had there been any foundation to one-half of these charges, Canada would not have a fit country for an honest man to live in. If the Conservatives had adopted a comprehensive platform, and appealed for the votes of the people on its merits, instead of resorting entirely to slander, they would have made a much better showing.

"Good times have begun already," says Sir Thomas Shaughnessy. This is quite natural, since the Liberal government was returned to power. But we were not aware that the good times had deserted us since 1896. Last summer, when our American neighbors were transacting business with clearings-house certificates, money was plentiful on this side of the line.

G. H. Bergeron, who has been the Conservative member for Beauharnois, Quebec, for the past twenty-five years, and who undertook to "roast" The Sun when he visited Grand Forks in company with R. L. Borden a year ago, was badly snowed under last Monday. Our sphere of influence appears to be extending.

On another page in this issue of The Sun we print the advertisement of the department of public works calling for tenders for the construction of a public building at Vernon, B. C. The appropriation for this building was made at the same time the grants were made for the Grand Forks and Greenwood public buildings, and the two latter would now undoubtedly have been advanced to the same stage as the former if the people had acted with more promptitude and unanimity in selecting sites for them.

The Prince Rupert Empire asks: "How many men who attend the meetings of the Conservative candidates in Kootenay and in Yale and in Westminster and in Vancouver, after hearing candidates Goodeve and Burrell and Taylor and Cowan and the man who stands behind them (Richard McBride) declare for a white Canada, know that Richard McBride intalled Japanese in a shingle mill in Kootenay by force, and that not a word of protest went up from Goodeve or Burrell or Taylor or Cowan, who are now so loudly speaking for a white Canada?"

A Grand Forks boy, on retiring one night this week, prayed for snow so that he could use his new sled. The next morning the child's mother received a telegram from her husband, who is on his way home from the east, saying that he was snowbound in a small town in one of the prairie provinces. The mother thereupon made her son, under threats of severe punishment, refrain from praying for more snow.

A Washington (D.C.) professor says that the rainmaking fake is the biggest fraud of the age. We apprised the people of this fact ten years ago, but we neglected to prefix the title "Prof." before our name, and they would not believe us.

We are willing to admit that it may foreshadow political defeat, but still it appears to have been somewhat unkind of our local contemporary to place a mourinng border around Martin Burrell's picture in its last issue.

The Liberal government is pledged to the immediate construction of the Hudson Bay railway. Vote for Duncan Ross, and endorse this enterprise, which means millions of dollars annually to the farmers of the prairie provinces.

Attorney General Bowser has threatened to send secret service men to the polls in this constituency. Why did he not put a few of his detectives on the scent of the Midway murderers? They were needed in that instance.

In Grand Forks the issue has been reduced to a question of loyalty to the city or loyalty to party ties. We want a representative in parliament who will be able to finish our $30,000 postoffice building.

Mr. Bowser appears to have done effective campaigning for the Liberals in Ontario. If he had remained there another week the government would have made a clean sweep.

The most effective manner in which to condemn the protective tariff policy of Mr. Borden and his colleagues is to vote for Dnncan Ross.

A vote for Duncan Ross is an endorsation of the continuation of the immigration, settlement and development policy of the government.

Joseph Martin, having lost his occupation in this province, can now follow the Hindus to Honduras and start an agitation for a "white British Honduras."

When the Hindus get to Honduras the name of that British colony will probably be changed to British Hindusrest.

The indications are that Sir Wilfrid will remain in power as long as he has any unfinished work to perform.

Sir Wilfrid Laurier has been allowed time to finish his work. Duncan Ross has three unfinished federal buildings in Yale-Cariboo.

Our old friend, Mr. Bergeron, met his Waterloo in Quebec last Monnay. This was a moral victory for The Sun.

Duncan Ross will be sent to Ottawa to help Sir Wilfrid Laurier to finish the Grand Trunk Pacific.

Anyway, it's impossible to defeat the man who is determined to finish his work.

Laurier and a larger Canada swept the country last Monday.

"Better terms" for Grand Forks means the election of Duncan Ross.

It is claimed that there 11,000 voters in Yale-Cariboo.

The minister of mines should come from British Columbla, and Duncan Ross should have the portfolio.

The people preferred Fielding to Trust-Fund Foster.

There is not much fruit grown in the house of commons. Martin Burrell could render the people of this province a greater service as deputy minister of agriculture of British Columbia than as an opposition member of the federal parliament.

Yale-Cariboo will do its duty on the 12th.

CHURCH SERVICES

KNOX PRESBYTERIAN CHURCH—Sabbath services at 11 a.m. and 7:30 p.m.; Sabbath school and Bible class at 9:45 a.m.; Young People's Society of Christian Endeavor, Monday, 7:30 p.m. Mid-week prayer meeting, Wednesday at 8 p.m. All are cordially invited; seats free.

METHODIST CHURCH, Rev. Schlichter.—Services next Sunday at 11 a. m. and 7:30 p.m.; Sunday school and Bible class at 2:30 p.m. The Epworth League of Christian Endeavor meet every Monday evening at 7:30. Everybody will be welcome.

BAPTIST CHURCH, Rev. F. W. Auvache, pastor.—Services on Sunday at 11 a. m. and 7:30 p. m.; Sunday school and Bible class at 3 p.m.

CITY BREVITIES

Geo. Chapple returned this week from Chewelah, Wash., where he has completed a plumbing contract for a new hotel.

For Sale—Logging outfit, consisting of chains, saws, axes, sleighs, wagons, harness, blacksmith and cooking outfits. Inquire of Mrs. George Taylor.

100 disk Victor records, 10-inch, usual price 75c each, now only $5.50 per doz. at W. H. ITTER'S.

Prospectors at Beverdell have done $900 worth of work on the Rawhide trail preparatory to more extended development work on that promising property.

$3.00 Cut Glass Jugs now only $1.50 at W. H. ITTER'S.

A. D. Macfarlane, former editor of the Greenwood Times, has gone to Prince Rupert.

For Sale—160 acres of good timothy land. Apply this office.

Sam McOrmond has purchased the hotel and six cottages at Eholt belonging to Mrs. Kaiser.

The engagement is announced of J. T. Beattie, manager of the Bank of Commerce, Greenwood, and Miss Maud Minkler.

Ezra Eddy broke his neck last week near Westbridge by falling from a wagon loaded with lumber which he was driving. He died before medical aid could reach him.

Scratch pads, usual prices 50c a dozen, now 20c at W. H. ITTER'S.

Fred Russell returned to the city from Spokane last Saturday evening.

$5.00 Steel Engravings selling at $2.50 and $3.50 at ITTER'S.

Alex McLaren, of Kamloops, provincial fruit inspector, will visit the Grand Forks district next week,

Forty more coke ovens will be built at Michel.

Gus Quist, a Swede, 24 years of age, left McArthur's wood camp near Boundary City fifteen days ago to go to Greenwood after some goods, and since then he has not been seen.

A professional gambler enjoys meeting an amateur who knows all about the game.

A. McQueen, of Victoria, was a guest at the Yale last night.

IN THE SUPREME COURT OF BRITISH COLUMBIA

IN PROBATE

NOTICE is hereby given that on the 11th day of September, 1908 it was ordered by His Honor Judge Brown, Local Judge of the Supreme Court, that A. C. Sutton, Official Administrator, be administrator of all and singular the estate of T. E. Harrison, formerly of Grand Forks, B. C., deceased, intestate.

Every person indebted to the said deceased is required to make payment forthwith to the undersigned, and every person in possession of effects belonging to the deceased is required forthwith to notify the undersigned.

Every creditor or other person having any claim upon or interest in the distribution of the estate of the said deceased is required before the 19th day of October, 1908, to send by registered letter, addressed to the undersigned, his name and address and full particulars of his claim or interest, and a statement of his account, verified by statutory declaration and the security (if any) he d by him.

After the said 19th day of October, 1908, the Administrator will proceed with the distribution of the said estate, having regard to those claims only of which he shall then have had notice.

Dated at Grand Forks, C.C., the 17th day of September, 1908.

THE

COPPER

HANDBOOK

(New Edition Issued Nov. 15, 1906.)

Is a dozen books in one, covering the history, geography, geology, chemistry, mineralogy, metallurgy, terminology, uses, statistics and finances of copper. It is a pracical book, useful to all and necessary to most men engaged in any branch of the copper industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the everyday man. It gives the plain facts in plain English without fear or favor.

It lists and describes 4636 copper mines and companies in all parts of the world, descriptions running from two lines to sixteen pages, according to importance of the property.

The Copper Handbook is conceded to be the

World's Standard Reference Book on Copper

The mining man needs the book for the facts it gives him about mines, mining and the metal.

The investor needs the book for the facts it gives him about mining, mining investments and copper statistics. Hundreds of swindling companies are exposed in plain English.

Price is $5 in Buckram with gilt top; $7.50 in full library morocco. Will be sent, fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

Horace J. Stevens,

Editor and Publisher,
453 Postoffice Block,
Houghton, Michigan

For Sale Cheap, or Trade—Business lot on Winnipeg avenue near The Sun office. Enquire of Lew Johnson.

The Sun and the Toronto Weekly Globe for $1 per year.

Local advertisers should make a note of the fact that THE SUN is the most widely read paper in Grand Forks.

BOUNDARY BREVITIES

The V., V. & E. is laying rails between Chesaw and Myncaster.

Don't get it into your head that we are just clearing out some of our stock. We are closing out everything. W. H. ITTER & Co.

The majority of the striking machinists at Eholt have returned to work.

School Exercise Books, usual price 5c each, now 12 for 25c, at W. H. ITTER'S.

W. E. Spankie, of Greenwood, has been appointed a commissioner for taking oaths under the elections act.

Souvenir Post Cards at W. H. ITTER'S only 15c per doz.

The Phoenix Amalgamated joined the list of Boundary shippers last week, 120 tons of ore being sent out from the property.

Beautiful pictures, 16x20, usual price 50c, now 15c—away below cost—at W. H. ITTER & Co's.

A. W. Jennings, who was held in Greenwood jail for two weeks as a suspect in the Midway murder, has been released for want of evidence sufficient to detain him longer in custody. The only evidence against Jennings was the very improbable story of a woman from the vicinity of Danville, and he claims that had he been given an hour and a half at Colville he could have proved that he was in Idaho at the time of the Midway murder.

How does it look to you? W. H. Itter & Co. are selling 300 to 400-page Journals and Cash Books, usual price $2.50, for $1.00.

S. E. Belt, metallurgist for the B. C. Copper company, was married in Spokane recently to Miss Isabel Youngblood, of New Orleans. They will reside in Greenwood.

If you only knew how cheaply Purses, Chattelaine Bags, Wallets, etc., are selling at ITTER'S you would make footprints on the sands of time to procure some.

Mrs. J. C. Kemp, provincial commander, is in the Boundary and expects to organize hives of the Ladies of the Maccabees of the World in Phoenix and Greenwood.

Guitar Strings 60c a dozen at W. H. ITTER'S.

Midway has been made the distributing point for West Fork mail. The Beverdell stage will leave Midway instead of Greenwood every Saturday, and return Mondays.

Good milch cow, party Jersey, and calf for sale. Apply this office.

E. Foyle Smith, of Greenwood, and Miss Hancock, of England, were married in Revelstoke last week. The couple will make their future home in Greenwood.

100 Columbia cylinder records, usual price 35c each, now selling at $2.00 per doz., at W. H. ITTER'S.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

RANDOM REMARKS

An exact and curious observer, who admires the workmanship of the Great Master, is undoubtedly much more acceptable to Him than one of the herd, who, like the beast incapable of reason, looks on this glorious scene with the eyes of a dull and unconcerned spectator.

A clever doctor can induce a woman to take any kind of medicine for her complexion. For her obesity, though pickles put on a sour face, she would waste her form away to a shadow if the doctor ordered, for of such is the vanity of woman.

Some ignorant persons cannot discern the difference between well merited praise and flattery. Jealous, selfish, envious, even malicious, these persons want praise, but never get it.

Home should be the sweetest and happiest place on earth; its purity and sanctity will be flirted with only by the morally blind and corrupt.

Speaking of affinities—there is the baby just nicely, cleanly dressed and the coal bucket temporarily forgotten and allowed to remain in reach.

Monkeys do not claim any relationship with us, but we must admit some connection when we see them stealing and looking innocent.

Speaking of luck—there's the man whose wife keeps sweet when he unexpectedly takes company home to lunch on wash day.

Did you ever notice the distinct and careful enunciation of the young lady who has just become the possessor of a gold tooth?

One woman's idea of economy is to take an old $10 hat and fix it over at a cost of $15 so that it will look like new.

The rule of the road, "keep to the right," applies to life's road as well as to mundane roads.

We may be content with our lot in life, but how about that place over the Great Divide?

The reason that babies are so expensive is because the stork has such a long bill.

Don't hide your light under a bushel—use a reflector and make the most of it.

The meek may inherit the earth, but the mortgage is held by the other fellow.

Some fellows who blow their own horn imagine they are the whole band.

Success that does not bring happiness is but another name for failure.

The chickenless hen usually does more than her share of cackling.

That is a good lesson on patience which is learned through pain.

You are growing old when you begin to worry about the wrinkles.

A gallows bird may be found roosting on many a family tree.

The mother-in-law is no joke when the baby is sick.

Girls look upon all young widows as hopeless flirts.

Helping the helpless is heaven's first law.

People who borrow trouble pay usury.

Self-help is about the best uplift.

Well earned, fully enjoyed.

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any person who is the head of a family, or any male over eighteen years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1.00 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

TENDERS FOR PUBLIC BUILDING, VERNON

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Public Building, Vernon, B.C.," will be received at this office until 4.30 P.M. on Friday, November 20th, 1908, for the construction of a Public Building at Vernon.

Plans and specifications can be seen, and forms of tender obtained, at this Department, and on application to the Postmaster at Vernon.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent [10 p. c.] of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order,

NAP. TESSIER,
Secretary.

Department of Public Works,
Ottawa, October 20, 1908

Mining at Danville

A report from Danville says that mining in that camp is looking better than ever before. Several properties are now being operated which have been lying idle for a long time. The Lucile Dreyfus has recently resumed work, and is now shipping good grade ore to the Northport smelter at the rate of 30 tons a day. The Lone Star and Washington, near Danville, and owned by the British Columbia Copper company, are now being tested with a diamond drill, and 90 feet of $26 ore has been cut. On the Knob Hill, heretofore known as the Faithful Surprise. they are driving a 1500-foot tunnel, and are now in nearly 1000 feet. This property is in high-grade milling ore. The Knob Hill people are making arrangements to build a mill at once. Bert Campbell is in charge of this mine. There are a number of other properties in the Danville camp on which active development has been started, and the mineral showings look exceedingly fine as a whole.

Good Home Recipe

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and again at bedtime.

The above is considered as the most certain prescription ever written to relieve backache, kidney trouble, weak bladder, and all forms of urinary difficulties. This mixture acts promptly on the eliminative tissues of the kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers. also recommends it as harmless.

Mining in British Columbia

After John Ashworth, the great English mining expert, got back to Winnipeg he had this to saw about mining in British Columbia: "My own opinion is that British Columbia will become in the near future the great mining centre for British capital. At all events it should be. What imdressed me and those who were with me on the excursion through the various mining centers was the magnificent opening for British capital which bona fide flotation offered, and this will be the view generally expressed. I spent a month in British Columbia, visiting Victoria, Nanaimo, Rossland, Greenwood and Trail, and look for investments next year, which I shall recommend, of many million pounds."

Rural Mail Service at Coast

Last week a courier left the Vancouver postoffice on the first rural free mail delivery route since the service was instituted by the Dominion government. The route is from Vancouver to Terra Nova, on Lulu island, and has twenty-two patrons. This will be known as Vancouver route No. 1, and will be a great convenience. There are 320 mail routes in the Vancouver postal district. and applications for the rural free delivery are being made rapidly. Postmaster R. F. Macpherson and ex-Postmaster Miller were present to see the courier off on his first run.

Thanksgiving day this year will be observed on November 9th—the king's birthday. The commercial travelers were active in having this date designated, for the reason that it gives them the time from Saturday until Tuesday for leisure.
