rst Annual Fall Fair Will Be Ready on Scheduled Time

The official opening of the rst annual fair ever held in e Boundary country will ke place at the skating rink this city at 2 o'clock on uesday afternoon, October 4. he opening address will be elivered by Martin Burrell, .P. for Yale-Cariboo, one of ading authorities on horticultural subjects in the dominion.

Every detail in connection with e first annual fall fair and poultry how of the Grand Forks Apricultural association will be completed ample time for opening next uesday morning. The carpenters re now putting the finishing ouches to the large skating rink, which has been altered and greatly nlarged, and when it has been properly decorated and the exhibits are n place it will present a picture of ttractiveness such as has never before been seen in this section f the province, and one that isitors from afar will feel repaid for ourneying to witness. In addition to this building, the directors have also decided to use the large curling rink for exhibition purposes, this step being deemed necessary on account of the large number of entries recently made.

Over $1500 is offered in prizes, besides a large number of special prizes. In the latter class are two gold medals, two silver cups and a number of other valuable prizes for fruit, while in the poultry department there are eleven medals, a silver cup and nineteen other special prizes. The poultry exhibits will be handled by the officers of the local poultry association. The provincial government is doing everything possible for the association, and Mr. Edwards, of Victoria, has been appointed judge of this department. He will also render the local officers any assistance they may require in arranging the exhibits.

The fruit and vegetable exhibits will undoubted excel anything seen in this section of the province, as the products of the Kettle valley rancher have gained an enviable reputation for excellence in competition with the farm and orchard products of the world.

For a new organization, the agricultural association is in splendid financial condition, having over $3000 to its credit. This sum has been made up by a government grant of $851; subscriptions from the people of the Kettle valley, $1890, and 351 members of the association at $1 each.

The following is the program of the races and athletic sports for Wednesday, October 5th, the second day of the fair:

At the race track—

Free for all trot or pace, 1 mile heats, 2 in 3—First prize, $100; second, $50.

Green trot or pace, ½ mile heats, 2 in 3—First prize, $60; second, $25.

Gentlemen's driving race—Prize, $15.

Running race, 1 mile heats, 2 in 3—First prize, $75; second, $25.

Slow horse race—First prize, $2.50; second, $1.00.

Gentlemen's saddle race, ½ mile dash—Prize, $15.

Pony race, ¼ mile dash, 14 hands and under—Prize, $10.

Cowboy race—Prize, $5.

Entries free; three horses to start or no race.

Baseball for championship of the Boundary; $25 for expenses for each team coming here to compete for a silver cup for annual competition; cup value $50.

Sports in the city—

Tug-of-war—Prize, $25.

Men's foot race, 100 yards—First prize, $5; second, $2.50.

Fat men's race—Prize, $5.

Boys' race, under 16 years—First prize, $2; second, $1.

Boys' sack race—First prize, $2; second, $1.

Boys' race, under 12 years—First prize, $2; second; $1.

The Poultry Exhibit

Editor Evening Sun.

VICTORIA, Sept. 25.—At your coming fall fair, where I understand the pountry show will be a special feature, I am arranging for a special poultry exhibit under the auspices of the department of agriculture. We all realize that Grand Forks district is specially adapted for poultry raising, and anything that can be done to encourage this important industry is in the interests of the residents of that district, as well as in the interests of the industry itself.

For some time past the Grand Forks Poultry association has done a great deal to encourage the industry, and I must say it is very encouraging to note the way they are taking hold of matters. I shall endeavor at all times to assist the local poultry association, as well as the many residents of your district, in live stock and poultry matters.

One of the best ways of teaching the public improved methods in any line of work is by example, and one of the most effective means of taking educational matters to the public is through the medium of the fall fair, consequently I have arranged for a poultry exhibit which will be on exhibition at the poultry show October 4th and 5th. This exhibit will consist of properly fed and dressed poultry, which has been properly packed; also broilers, dressed ready for market. There will be a few eggs—selects, Nos. 1 and 2, white and brown shells, in proper fillers in cases. Also there will be on exhibition different mashrs, which are used in feeding poultry. The whole exhibit will be well illustrated by sketches, and we shall also show properly balanced ration for laying hens, and include exhibits of grains and mashes for poultry feeding. The dressed poultry has kindly been supplied by Mr. Luke Pither, of Victoria, who is operating an extensive plant here.

Anything which your paper can do to make this feature of the show one of merit, and to attract the attention of the public to this important matter, will be much appreciated.

M. A. JULL,
Live Stock Commissioner.

NEW COURTHOUSE

Plans for the New Provincial Building Arrives in the City

The plans of the new provincial court house, for which a temporary grant of $20,000 was made at the last session of the legislature, arrived in the city this week, and may now be seen at the government office. They were drawn by W. King, architect, of Revelstoke. The tenders are to be opened on the 25th of October.

The building will be a two-story structure, 53x65 feet, with a basement that projects four feet above the ground. The material to be used will be brick, with stone facings. The main entrance will be from Winnipeg avenue, with a side entrance on Fourth street.

In the centre of the basement are located the cells, a wide corridor encircling them, and around the walls are the janitor's and caretakers' quarters, heating plant, fuel storerooms, etc. The offices of the government, sheriff, road superindent, etc., take up the first floor, while on the second floor will be located the court room, barristers' room, jury rooms, witness rooms, library, and judge's private room.

Some dissatisfaction has been expressed by certain parties with the arrangement of the rooms on the second floor. The court room is in one corner of the building, and has only a 12-foot ceiling. By placing the room in the centre of the building, with the other rooms around the walls, it is claimed that a much higher ceiling and better light effects could be obtained. The dimensions of the room are also said to be too small. Another fault found with the plans is that the basement does not project far enough above ground. If it would rise six feet, instead of four, a more imposing building would be the result, say the critics.

National Apple Show

The world is going to be influenced largely in its opinion of the horticultural resources and possibilities of Canada, and more particularly of the province of British Columbia and of the Pacific Northwest, by what is to be seen at the first Canadian National Apple Show, to be held at Vancouver October 31st to November 5th, inclusive, and the world's judgment is not going to be a disappointment for the exhibition promoters, because any and all districts which are growing apples will be represented at the big show.

The great apple exhibition will be housed in the Vancouver Horse Show association building, near the north entrance to Stanley park, and a large temporary structure covering all of Alberni street for a distance of a block. The buildings will have a grand total of 98,640 square feet of floor space.

The public will have easy access to the buildings, which will be reached by the Pender, Robson and Davie street car lines.

The big arena of the horse show building will be used to display the district, limited two-box, two-barrell, two-basket, two-jar aud two-plate contest, and box exhibits. The show ring is 75x199 feet, containing nearly 15,000 square feet. The exhibits will be arranged around the ring upon an incline of 45 degrees, having a perpendicular of about 12 feet and 12 feet base. This arrangement will give a continuous display of 12 feet wide, 12 feet high and approximately 450 feet long, and will have the appearance of a veritable cascade of apples, having a fall of 17 feet without beginning and without end, which with the beautiful colorings of the king of fruit will present a scene never before equalled in the history of the world.

Completely surrounding the show ring are the spectators' gallaries, having a total seating capacity of 3000. A splendid and remarkable feature will be that every portion of the exhibit can be seen from any seat in the galleries.

Within the charming circle of the apple hosts will be stationed upon a raised platform the 48th Highlanders' military band of 48 pieces, the most famous band of Canada and one of the leading bands of the world. This most musical organization has been secured by the management exclusively for the Canadian National Apple Show at an initial expense of $5000. The band will come direct from Toronto to Vancouver, and will return direct to Toronto without playing concert engagements at any intermediate point. The appearance of the band in full dress Highland costume is certainly the most attractive military band in the world. It stands today preeminently Canada's favorite band, unequalled by any other band in its special line of entertainment, and under the brilliant leadership of Bandmaster John Slatter will always maintain its reputation and live up to and fully sustain its standing "second to none."

Children's Services

Knox Presbyterian church Sabbath school held their annual children's service last Sunday forenoon, the superintendent, D. McNevin, assisted by the scholars, carrying out the program issued. The address, "What the King Expects of His Subjects," was given by A. S. McKim, and Mr. Hay led the praise. The secretary reported 109 scholars and teachers on the roll, and 52 on the "cradle roll," making a total of 161. The church had been beautifully decorated for the occasion by Miss Kerman. The amount collected, $11.05, has been forwarded to headquarters at Toronto.

Residence Burned

About 10 o'clock on Wednesday night fire was discovered in the basement of Wilford Baker's residence, near the eastern approach of the Fourth street bridge in the Ruckle addition, and an alarm was phoned to the city, but owing to the distance the flames had gained such headway when the department reached the scene that the building was entirely destroyed. The total loss on building and furniture is estimated at about $1800, partly covered by insurance. The fire spread with such rapidity that only an armful of clothing was saved of the household effects. The origin of the fire is unknown. Mr. Baker recently purchased the house from Dan Ferriter.

The man who trusts no one doesn't know what disappointment is.

CUP AND PRIZE

Johnstone Cup and $100 Prize Awardec to Grand Forks District

Late Wednesday night at Nelson it was announced that Grand Forks had been awarded the district exhibit prize, securing the Johnstone cup and $100. The award is said to have been popular with the people at the Nelson fair. Mr. Simpson, the judge, awarded the exhibit from this city nearly the full number of points possible. The fight for first honors was between Grand Forks and West Arm districts. The latter won the cup last year, but this fall Grand Forks proved too much for the Nelson district and carried off the first prize by a comfortable margin of points.

NEWS OF THE CITY

The tenth ordinary general meeting of the Granby Consolidated will be held at the company's branch office in New York on Tuesday, October 4th. The most complete report on the financial and physical conditions of the property ever made by the management will be submitted to this meeting.

Martin Burrell, of this city, member of parliament for Yale-Cariboo, officially opened the Nelson fair on Wednesday last. His address on this occasion was made in his happiest vein, being a historiette of the fruit growing industry in southern British Columbia, and laudatory of the orchardist and his healthful occupation. His speech is well worth perusal.

A meeting of the board of trade was held in the board os trade rooms on Monday evening, when matters appertaining to an advertising pamphlet were discussed.

The Great Northern bridge across the Kettle river at Cooper's ranch was set on fire by sparks from an engine on Sunday night, and it required four hours' time to extinguish the flames. It was not damaged badly enough to interfere with traffic.

The new city team arrived from Alberta on Saturday last. It appears to be satisfactory to the city officials.

Mrs. Frank E. Lathe, nee Miss Annie Smith, will receive for the first time since her marriage on Tuesday and Wednesday, October 18 and 19, both afternoon and evening, and thereafter on the first and third Wednesday of each month.

The British Columbia Copper company has, approximately, $250,000 in its treasury. This includes amounts due for copper delivered, but not copper in transi.. Were the latter also included the total would be increased to $300,000. When the company has $500,000 in actual cash the management proposes to place the stock on a dividend basis.

Ida C. Manly, daughter of Dr. and Mrs. S. H. Manly, of Republic, and Clifford C. Hedger, were married in Republic on the 19th inst.

PROCLAMATION

Province of British Columbia,
Corporation of the City of Grand Forks.

To-WIT:

I, Fred Clark, Mayor of the Municipality of the City of Grand Forks, hereby declare Wednesday, October 5th, 1910, a Civic Holiday.

As witness the Official Seal of the Corporation of the City of Grand Forks this 23rd day of September, A.D. 1910.

FRED CLARK,
Mayor.

THE success of the Grand Forks annual fall fair, which opens next Tuesday, if it is to be judged from an artistic viewpoint, or by the number, variety and quality of the exhibits, admits of no doubt. It remains with the people of the city and surrounding country, however, to say whether or no it shall also be a financial success. We feel confident that the people of the community have sufficient local pride to give the enterprise the patronage it deserves.

THE orchardists of the Kettle valley are doing their share to advertise this city and district. Their triumphs at the Nelson fair is the best kind of publicity work.

THE cup and prizes won by Kettle valley fruit growers at the Nelson fair will make attractive displays at the Grand Forks fair.

IT should not be forgotten that the man who owns an acre or two of land, and improves it, is of more benefit to a community than the man who holds a thousand acres for speculative purposes.

NEWS OF THE CITY

Last week The Sun was the recipient of a small copper medal, struck from material obtained from Lord Nelson's famous flagship, the Victory. Accompanying this was a notification from Alfred Hall, of Toronto, that it had been decided to offer copper shields made from this almost sacred material to all public schools in the province. This is made possible by the generosity of Lord Strathcona, who once more has given cause for Canadians to appreciate his many services to his country, which he so ably represents at the heart of the empire.

Besides winning first prize for the best district exhibit at the Nelson fair, Grand Forks exhibitors carried off a large number of first and second prizes. Martin Burrell returned to the city this afternoon loaded down with six first prizes—five for apples in the plate class and one for Campbell's Early grapes. J. D. Honsberger was awarded four first prizes for apples in the box class, one first for Damson prunes in the basket class, one second for Damson prunes in plate clars, one first for Rome Beauty apples, one first for Red Cheek Pippin apples, one second for Salome apples, one second for 20-oz. Pippin apples, one second for Fall Pippin apples, and one first Fall Permain apples.

A. R. Crandell, local agent of the Great Northern, has been transferred to Spokane, and will leave for that city next Monday. Mr. Crandell will be succeeded at this point by Mr. Godfrey, of Springdale, Wash.

In order to provide visitors to the city during the fair with as much amusement as possible; the officers of the agricultural associetion have decided to give a pubic dance in the opera house on Tuesday evening, October 4th. First-class music will be furnished, and people who enjoy this class of entertainment are assured a pleasant time.

James McArdle left on Wednesday for a business trip to Spokane. He may visit Edmonton before returning home.

Miss Lucy Irwin, prorprietress of the Cottage hotel at Danville, left last week for Bunker Hill, Ill.

Spokane Fair Opens Monday

The seventeenth annual Spokane Interstate fair opens Monday morning, October 3rd, and closes Saturday night, October 9th. Visitors to the fair this year will hardly know it, as a result of the great external improvements that have been made. A large sum has been expended in beautifying the grounds and in building alterations. Open spaces have been converted into inviting lawns, and all walks and drives have been freshly rolled and so liberally oiled that dust will be decidedly conspicuous by its absence. Hundreds of comfortable seats have been located at frequent intervals about the grounds. The vaudeville stage, twice as large as last year, will be illuminated by twenty flaming arc lights, in addition to which two powerful search lights playing upon the infield from two new grandstand towers will turn night into day. A free day nursery, in charge of women who manage the Spokane City Day Nursery, will be provided, where mothers can leave small children in safe hands while seeing the fair.

COPPER

HANDBOOK

New Edition Issued Nov. 15, 1906.) Is a dozen books in one, covering the history, geography, geology, chemistry, mineralogy, metallurgy, terminology, uses, statistics and finances of copper. It is a pracical book, useful to all and necessary to most men engaged in any branch of the coppes industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the everyday man. It gives the plain facts in plain English without fear or favor.

It lists and describes 4636 copper mines and companies in all parts of the world, descriptions running from two lines to sixteen pages, according to importance of the property.

The Copper Handbook is conceded to be the

World's Standard Reference Book on Copper

The mining man needs the book for the facts it gives him about mines, mining and the metal.

The investor needs the book for the facts it gives him about mining, mining investments and copper statistics. Hundreds of swindling companies are exposed in plain English.

Price is $5 in Buckram with gilt top; $7.50 in full library morocco. Will be sent, fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

AS YOU LIKE IT

Many bank clerks have temptation thrown in as part of their salary.

Women hang the offerings on the altar of sacrifice; men claim the credit for it.

A smart aleck doubts the genuineness of everything because he himself is bogus.

When most people can afford to do a thing it takes most of the pleasure out of it.

A man who is willing to confess he is wrong wouldn't be if he really thought he was.

Some men spend so much time hustling that they haven't time to accomplish anything.

To the man who is color blind, it doesn't matter much whether his wife's hair is auburn or red.

The only thing a woman can enjoy more than making a miserble about her is making herself miserable, too.

When a perfectly healthy man imagines he is sick, the chances are that he feels more miserable than if he really were ill.

A man thinks he is practising economy when he gives up smoking four 15 cent straight cigars a day for six *at two for a quarter.*

A man marries a woman to carry all her burdens for her, and what happens is she spends all her life taying to keep him well fed.

Even when a man knows a girl is just flirting with him he can act as if he had lost a bet on a horse race when she sends him away.

A man always has a clearer conscience when he telegraphs a lie home about being detained by business than when he telephones it

The average man proposes to a girl with about the same calmness he would go to his execution, and it's *pretty much the same thing*

If a man plays a game of dominoes with the children he tries to give an impression downtown the next day that it was a game of poker at the club with a $10 limit.

CURTIS AEROPLANE FLYING AT ATLANTIC CITY, N. J.

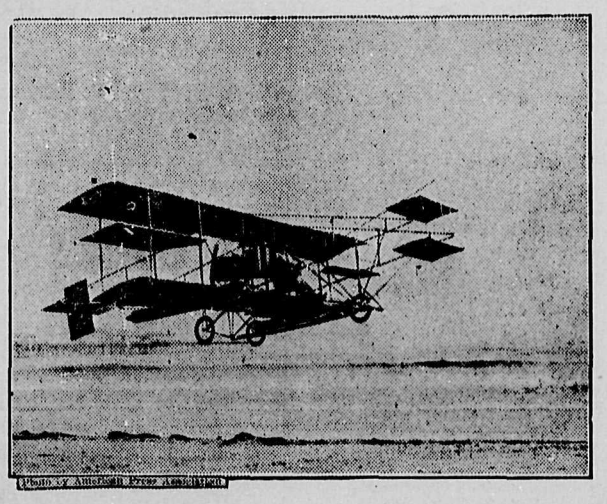

Photo by American Press Association

THIS SAME MACHINE WILL POSITIVELY APPEAR EVERY DAY AT THE SPOKANE INTERSTATE FAIR, OCTOBER 3 TO 9, 1910.

The star attraction of the Spokane Interstate Fair, the one big feature which the management expect will bring the largest crowds to Spokane the week of October 3d, is the Curtiss Aeroplane. This marvelous flying machine is the same one that won so many prizes in Los Angeles last winter, the one that made the successful flight from Albany to New York, and also from New York to Philadelphia and return.

The contract which the Spokane Interstate Fair management has made with the Curtiss Company of Hammondsport, N. Y., calls for a payment of approximately $1000 a flight, and under the terms of the agreement, the Curtiss Company are to send two complete machines and their most expert aviator. At least four or more flights are to be made every day of the Fair, October 3 to 9, and the machines will also be on exhibition on the grounds at all times.

NEWS OF THE CITY

Kettle River Lumber Has Made Over 20,000 Fruit Boxes

The Kettle River Lumber company has manufactured over 20,000 fruit boxes for the Grand Forks Fruit Growers' association, J. D. Honsberger and other orchardists this season. In a few years, when all the young orchards come into bearing, the manufacture of boxes will become an important industry.

Newman Erb, president of the British Columbia Copper company and vice-president and chairman of the board of the New Dominion Copper company, now controlled by the former coporation, is expected to arrive in the Boundary this week to personally inspect the companies' properties at Greenwood and Phoenix.

The report that the Granby Consolidated has taken a lease od the Cliff mine in the Rossland camp has been confirmed by local officials of the company. The Granby is now said to be reaching out for properties in other localities.

Alton Matheson, of Phoenix, a youth of sixteen, was badly wounded by the accidental discharge of a shotgun while out hunting grouse near the Skylark mine last Sunday. The wounds are not snpposed to be of a serious nature.

Geo. Chapple, who recently disposed of his plumbing and bicycle shop here, returned to the city from Spokane on Tuesday evening on a business trip.

The Granby smelter in this city, with only four furnaces in commission and a greatly reduced force, is said to be making almost as much copper at present as when the eight furnaces were in operation.

An informal farewell dance will be given in honor of Misses Edna and Ethel Curran and Olive and Madaline Stendal in Laurier hall this evening by the Tillicum and Bachelor Girls' clubs.

Three carloads of apples will be shipped to Australia this fall by the Grand Forks Fruit Growers' association.

Martin Burrell, M.P., J. D. Honsberger and Thomas Powers left on Tuesday for the Nelson fair, where they are in charge of the Kettle valley district exhibit.

A. Bowlins, manager of the Danville Mining company, is making preparations to open a general store at Danville.

J. C. Stuttz has completed clearing the right of way for an aerial tramway from the Lone Star mine to the boundary line, where it will connect with a line leading to the Boundary Falls smelter. The tramway will be five miles in length, and construction work will be started this fall.

J. L. Manly states that he is busy formulating the details of his irrigation project, and that he is making satisfactory progress.

NERVOUS PROSTRATION

Indigestion Causes It--Mi-o-na Will Cure It

If you have indigestion, you don't get all the nutriment out of your food you should.

Your worn out stomach passes the food on without extracting enough nutritious substance to supply the blood and nerves.

And if the nerves are not supplied with nourishment, they begin to rebel. They kick up a great disturbance. They make you irritable and cranky, you worry about trifles, and you cannot sleep soundly at night, you have bad dreams, and you get up tired in the morning.

Try Mi-o-na tablets, the money back cure. Mi-o-na will cure your nervousness by driving out the cause. Mi-o-na will give you relief the first hour. It will cure acute cases in a few days, and chronic cases in a few weeks.

Belching of gas, heartburn, sour taste of food, waterbrash, foul breath and other dyspeptic systams vanish before the mighty power of Mi-o-na.

Try Mi-o-na. Woodland & Co. sell it and will refund your money if it doesn't cure, and only 50 cents a large box.

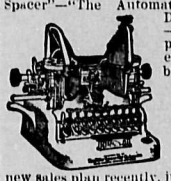
The Oliver Typewriter for 17 Cents a Day!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—yours for 17 cents day!

The typewriter whose conquest of the commercial world is a matter of history—yours for 17 cents a day!

The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic Spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard"—all



Yours for 17 Cents a Day!

We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People are Making Money with

The OLIVER Typewriter

The Standard Visible Writer

The Oliver Typewriter is a money-maker right from the word "go!" So easy to run that beginners soon get in the "expert" class. Earn as you learn. Let the machine pay the 17 cents *a day—and all above that is yours.*

Wherever you are, there is work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably above those of many classes of workers.

An Oliver Typewriter in Every Home!

That is the battle cry today. We have made the Oliver supreme in usefulness and absolutely *indispensable in business.* Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An educator as well as a money maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver offer?
