Legislative Assembly Library, JUN 18 1904 VICTORIA, B. C.

Legislative Library Victoria B C

Grand Forks Races

Will Be Held on Augusl 25th, 26th and 27th

It Is Anticipated That a Long String of Fast Horses Will Particpate, as the Secretary Has Already Received a Number of Enquiries.

The annual race meet of the Grand Forks Driving Park and Athletic association will be held here on August 25th, 26th and 27th next. The indications are that fast horses from all the leading racing centres in the west will participate. The secretary has already received enquiries from Calgary, Pincher Creek, Colville, Spokane and Walla Walla. Over $3000 will be offered in prizes. A leading event will be the Grand Forks Derby, distance seven-eighths of a mile, for the Seagram cup and $500 added. The official program will be issued shortly.

George Ewing, teller in the local branch of the Eastern Townships Bank, leaves tomorrow for Winnipeg, where he will act as relieving clerk for several months prior to returning to the head office in Sherbrooke. Mr. Ewing, during his three years' stay in this city, has made many friends, who will deeply regret his departure; it is safe to say that Mr. Ewing has been one of the most popular and efficient bank clerks ever stationed in Grand Forks. It is understood that Mr. Ewing will receive well merited promotion on his arrival in the east. During his stay here and at Phoenix he took a great interest in athletics, and was a champion player at different periods on the hockey teams of both cities.

E. C. Moe, late receiving teller in the head office of the Eastern Townships bank at Sherbrooke, Que., recently arrived here to assume the duties of accountant of the Grand Forks branch of that bank. Mr. Moe is a crack hockey player, and no doubt will prove a worthy successor to George Ewing.

The Ladies of the Maccabees attended Holy Trinity church in a body last Sunday and listened to a very interesting and eloquent sermon by Rev. Henry Steele. The ladies met at their hall before the services and marched to the church in true military style. A special issue of THE SUN could not have evoked more favorably comment than was showered on the fine appearance of the 'Bees. This is the superlative of praise.

A. B. W. Hodges, general superintendent of the Granby company, left yesterday for Phoenix on a trip of inspection.

Geo. A. McLeod, of the Candian customs department, left for Spokane today on a business trip.

A. P. Meads and Geo. McLeod returned Saturday evening from Franklin camp, where they inspected the McKinley and other properties. Both gentlemen are very enthusiastic about the wonderful showing of the camp, and state that Grand Fork's future is secure as soon as that district is opened up. A good wagon road to the camp is badly need until such time as the North Ford road is constructed.

The Misses Marion and Daisy Hodges have returned from Spokane, and will spend the holidays with their parents, Mr. and Mrs. A. B. W. Hodges. They have been attending Brunot Hall college.

Steps are being taken to organize a lacrosse club.

A. D. Morrison, who is a practical jeweler on Bridge street and an amateur hayseed in the West end, buttonholed THE SUN man last Saturday night and showed him fine samples of cabbages, beans, peas, and last but not least, ripe strawberries, that he had raised on his quarter-acre ranch in that end of the city this season. THE SUN was forced to admit that the samples were the finest he had inspected this year.

Olaf H. Johnson, an old and experienced restaurant caterer of Greenwood, having conducted the Saddle Rock in that city for nearly five years, has rented the Sheads building on Bridge street in this city, and is having the same fitted for a first-class cafe, which will be opened to the public about the 25th inst.

The Grand Forks Juniors played a match game of baseball with the Danville Juniors on Saturday at Danville. The Grand Forks youngsters went around the bases 26 times, while the reservation papooses stopped at the fatal No. 13.

Alonzo Hunt, of Yakima, Wash., has rented the Diamond block, on Government avenue, in the West end, and is having the building refitted into a commodious and first-class restaurant, which will shortly be opened to the public.

Mr. Harry Eby and wife, late of Wawanesa, Man., arrived in the city last Friday and have taken up their residence in the West end, where they will reside permanentin future. Mrs. Eby is a sister of Mrs. J. H. Hodson.

F. D. Tower, late chemist of the Marquette, Mich., smelter, arrived here Sunday. He was accompanied by L. C. Barlow, an engineer from the same city. They are making their headquarters at the Volcanic mine, and will spend several months in the Boundary examining various mining propositions.

Norris & Rowe's circus will give two performances here on the 30th inst. It is said to be one of the strongest aggregations in the show business. There will be a two rings in the big tent, and a menagerie including elephants, lions, camels, etc. There will also be a grand street parade.

J. S. Carter, district passenger agent of the C. P. R., Nelson, B. C., was at the Yale today.

Alex Meads, M.E., resident engineer at the Volcanic, leaves this week for Marquette, Mich., on a business trip, and will return here next month.

RAILWAY BUILDING

Good Progress Being Made on All the Boundary Lines.

Locally railway construction is proceeding very smoothly. All the camps at this end of the line are actively engaged in grading, and good progress is being made. An immense quantity of scrapers, dump cars and other grading machinery still fills the Great Northern yards in this city, but they will be removed to the different camps as required. An average of about five carloads of supplies are arriving in city daily. Most of come from eastern Canada. Railway laborers still continue to arrive here by every incoming Great Northern train, but so far there has not been a surplus in the labor market, although at present a number of the subcontractors report having all the men they can conveniently work. The gangs will be greatly increased, however, as soon as the entire right of way is cleared.

Speaking of railway supplies, it may not be generally known that this city narrowly escaped a famine in these commodities. It appears that the supplies were delayed enroute, and the contractors, men and horses arrived here ahead of scheduled time. All the available foodstuffs and tools in the local stores was purchased. At present the danger of a shortage in supplies has passed, however, as about five cars are arriving daily.

Day and night shifts will be employed on the rock work sections of the Phoenix branch of the Great Northern railway.

The contract for all the bridge and trestle work on the smelter spur and Phoenix branch has been let to Porter Bros. They are well known here, having performed similar work on the Columbia & Western railway. There will be a 1000-foot trestle above the C.P.R. track on the smelter spur.

Chief Engineer Kennedy has subdivided the engineering work into four sections and assigned his chief assistant engineers as follows: Phoenix, R. H. McCoy; Summit camp, Harry Silke; Fourth of July creek, J. M. Buck; smelter spur, W. I. Bassett. Each of these engineers will be assisted by a staff. The line will be cross-sectioned by Mr. Hale, with headquarters in this city.

Quite a number of station contractors, that is, men who take work in stations of 100 feet each, are in the city.

Engineer McCoy, who is stationed at the Phoenix end of the line, has increased his force somewhat, and is now more than busy cross-sectioning fast enough after the right of way clearing gang so that subcontractors can get at work.

Burns & Jordan are beginning to get things opened up on their contract, and now have over 100 men employed.

Contractor Bryanl, who will clear all the right of way for Burns & Jordan, who have six or more miles of grading at the Phoenix end of the line, is now out about two miles from that city, and has a force of some 30 men.

Coughren Bros., contractors on the Curlew-Midway branch, lost three horses at Lynch's Ferry last week. The boat on which they were being ferried across the river was in high, swift water, and was being badly battered by saw logs, causing it to capsize. A big drive of logs are reported to have gone to the Yale-Columbia company's booms at Cascade.

A right of way clearing gang was, last week, working in the middle of Phoenix on the Dominion Copper company's addition.

L. H. Mason, of Republic, has five cars of general stock and lumber enroute to Ferry, a new town one mile south of Midway on the Curlew-Midway branch.

THE SUN's special correspondent stationed on the Curlew-Midway branch writes that P. Burns & Co. have established a butcher shop and slaughter house on Heuff's ranch, one and one-half miles south of Midway. Julius Fhrlich, of Greenwood, is in charge.

A. O. Peterson and Coughren Bros., subcontractors on the Curlew-Midway branch, are busy clearing the right of way, and have also commenced grading.

Prof. Hepburn's juvenile dancing class will be organized at Eagles' hall next Saturday afternoon.

The City Council

M. H. Burns Will Construct Granby Street Sidewalk

Petition Granted for a Sidewalk on Sixth Street---Council Establishes City Pound---Tax Rate By-Law Passes Second Reading.

The regular weekly meeting of the city council was held in the council chamber last night, Mayor Hammar, Ald. Clements, Feeney, Hutton and McNee being in attendance.

A communication was read from H. C. Hanington, secretary of the board of school trustees. Mr. Hanington stated that he had been instructed by the board to draw the attention of the council to the present instructions given to the city treasurer whereby all cheques issued by the municipality are deliverable only on Tuesdays, thus causing great inconvenience to holders of school warrants, which are payable on demand. The board of school trustees respectfully requested the council to amend these instructions so far as school warrants are concerned. On motion, the communication was ordered filed.

Tenders were opened for the Granby street sidewalk, as follows: M. H. Burns, 38 cents per foot; H. B. Cannon 39 cents per foot. On motion of Clements and Hutton, the contract was awarded to the lowest bidder. On motion of Ald. Feeney and Clements, the city solicitor was instructed to draw up the usual bond and contract for the above tender. The bond was fixed at $300, and the walk must be finished in thirty days. The mayor and city clerk were authorized to execute the said contract.

On motion of Ald. Feeney and McNee, the health and relief committee was authorized to pay $6 per month to Mrs. Craddock.

Ald. McCallum's tax rate by-law was considered in committee of the whole, and then passed through its first and second readings.

On motion of Ald. Clements and Feeney, a resolution was passed to the effect tnat the premises known as the old school house and grounds, being lots 31, 32, 33 and 34, in block 30, according to the plan of the subdivision of district lot 381, be registered at Kamloops, B. C., and numbered 72, and that the same is hereby established as the pound of the city of Grand Forks.

On motion of Ald. Clements and Feeney, an appropriation for a sidewalk on Sixth street, from Main to the English church, was granted.

On motion of Ald. Clements and McNee, the board of works was authorized to construct a walk in front of the old school property.

The following accounts were ordered paid: V. & N. Tel. Co., $9; D. Woodhead, $6; J. M. Simpson, $1; W. H. Itter, $2.20; G. F. Gazette, $2.25; G. F. Printing Co., $3.50.

The meeting then adjourned till Wednesday evening.

TUESDAY, JUNE 14, 1904

The man who is always endeavoring to interest outside capital in his business is not a fit person to be at the head of a responsible concern.

MINING NEWS

Ald. Feeney is doing development work on the Agnes claim, on the east side of the North Fork, six miles from town. A tunnel is being driven to cross-cut the ore body.

* * *

The Mountain Lion mine, Republic, is shipping ore to the Greenwood and Granby smelters.

* * *

The statement is made by the Greenwood Times that a strike of ten inches of $200 ore has been made on the Helen claim. This property lies between Greenwood and Anaconda, being about the most southerly in the high-grade belt which has turned out rich. It was bonded several times, and Alex Miller secured it a few months ago. He put a force of men to work under W. H. Jeffrey, M.E. Mr. Jeffrey had every confidence in his ability to find the vein. That his confidence was not misplaced was demonstrated on Tuesday last, when the drift was run into a vein of high-grade ore that gives assay values of from 8 to 9 ounces gold and 54 ounces silver. The vein is from eight to ten inches wide. Mr. Miller is jubilant over the rich strike. A syndicate of Chicago capiralists whom he represents are expected to arrive in Greenwood this week. The Helen will be worked on a larger scale and will soon become one of the regular shipper.

A MAN HATES HIMSELF

When he wakes up with headache and bad taste in his mouth. Something is needed to settle the stomach, clear away the dull, heavy feeling and create a little appetite. Just get a tumbler of water, some sugar, and pour in a stiff dose of Nerviline. You'll pick up immediately and feel tip-top in a few minutes. Nerviline hasn't an equal for a condition of this kind. It stimulates, cures the headache, relieves the sick feeling and fits you for a hard day's work. Try Neviline. Large bottles cost 25c. H. E. Woodland, druggist.

The Street Carnival

The carnival committee met in the opera house a couple of days ago and transacted considerable business, although several of the members were absent, including Director General Feeney, Messrs. Temple, Petrie and Itter. The business has been arranged so far in committees. The following standing committees have been appointed:

Finance—Feeney and Ross.
Chairman of Directors—Feeney.
Advertising—Hamden and Petrie.
Decorations—City council.
On Queen Election—Petrie and Leamy.
Amusements—Temple and White.

The next meeting will be held in the opera house Thursday evening at 8:30 o'clock, when the carnival directors invite the race track directors lo be present, as matters of vital importance will come up for consideration.

CITY NEWS

Frank Sherwood, U. S. customs inspector, temporarily stationed at Midway, reports a crush of people along the Curlew-Midway branch right of way looking for saloon and business locations.

Prof. Hepburn's dancing class meets every Tuesday at 8:30 to 10:30, and every Friday at 8:30 to 9:30 p.m. An assembly will be held every Friday evening from 9:30 to 12. Ladies free to assembly, gentlemen 50c. No invitations will be sent out—everybody is welcome to the assembly. No spectators will be allowed at the class. Juvenile class every Tuesday and Saturday at at 4 p.m. Join now and get ready for next season's program.

Duncan Ross, editor of the Greenwood Times and Liberal candidate for member of the federal house for Yale-Cariboo, spent Sunday with the politicians in this city.

Pure ice cold Colville cider, the most refreshing hot-weather drink in town, always on draught at Uncle Joe's "Club."

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by traveling on, the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portland, Ore.

Just what you want
Just when you want it

GOOD SERVICE is composed of two elements—excellence of the work and promptness in the execution. Bad work executed promptly is not good service—good work delivered behind time is not good service; but the two combine to make one of the most necessary, but hardest to obtain and often most expensive, requirements of the twentieth century business man. That we have learned the lesson in theory we have shown. Our customers will testify that we have also learned it in practice.

YOU CAN OWN THIS POLICY by applying to

PETE McCALLUM, Agent for the Above-Named Company.

Call on him, and have your sisters, courins, wives and aunts and all their friends call, and ask to see the NEW SICKNESS POLICY, covering 30 diseases, which is undoubtedly the most UP-TO-DATE sickness policy before the public. DO IT NOW. No medical examination required. Every man and woman should have one.

Authorized capital, $1,000,000; subscribed capital, $500,000. Boiler Inspection, Boiler Insurance, Personal Accident Insurance, Sprinkler Insurance, Elevator Insurance. Consulting Engineers. It will pay you to take out a policy on your boiler and consult us free of charge on all matters pertaining to steam usage. Our Engineers' Advisory Department can save our policy holders many times their premiums by the service rendered them. The fact of regular inspection is the greatest safeguard against boiler explosions. All our inspectors are responsible engineers.

IF YOU DON'T SLEEP WELL

It's because your nerves are in a weak, irritable condition. Ferrozone will make them strong and correct the trouble causing your insomnia. "I fell into a state of nervous exhaustion last fall," *writes Mrs. J. Stroud of Dexter,* "I was run down, couldn't sleep and perfectly miserable—tried Ferrozone and was quickly benefited. I can recommend Ferrozone to anyone suffering from overwrought nerves and sleeplessness." No tonic is better—try Ferrozone. Price 50c. H. E. Woodland, druggist.

Prof. Hepburn's juvenile dancing class will be organized at Eagles' hall next Saturday afternoon.

Five Months' Showing

Five months of 1904, from January to May, inclusive, show a total of 347,947 tons of ore to have been shipped from the various mines of the Boundary district. This is an average product of nearly 70,000 tons monthly so far. The tonnage for the month of May is about 6009 tons in excess for the previous month of April, the latter being 60,018. Following are the tonnage figures in detail for each mine, as reported for the month of May:

Granby Mines	46,950
Mother Lode	16,906
Emma	3,745
Oro Denoro	874
Brey Fogle	33
Providence	75
Elkhorn	20
E. P. U.	20
Total	67,813

The following are the totals for each month separately so far this year:

January	75,458
February	72,007
March	71,651
April	60,018
May	67,813
Total	347,947

CURES COEDS IN ONE HOUR

Many cold cures are dangerous because composed of deadening opiates. But fragrant, healing Catarrhozone cures colds in one hour and is both harmless and delightful to use. Even the worst colds—sneezing, sniffeling colds with running eyes are stopped very quickly when the balsamic vapor of Catarrhozone is inhaled. Catarrhozone acts like a charm on colds, kills them outright, prevents their return a few hours later. For colds, catarrh and throat trouble use only Catarrhozone. Complete outfit $1.00, trial size, at H. E. Woodland's, druggist.

"You're next" at the Yale Barber Shop.

A fine line of Bass' Ale always in in stock at the Grand Forks Hotel Bar.

THE TORONTO

DAILY NEWS

AND THE

GRAND FORKS TWICE-A-WEEK SUN

...FOR ONLY...

$2.25 a Year

A radical change from old methods and prices has been made by the Toronto Daily News. The eyes of the newspvper world have been upon The News for the past few months, during which time several departures have been made which have given that paper a widespread reputation for enterprise and originality. This latest move is to place The News at the price of $1.00 a year by mail. Only a deep-founded belief in the future success of The News could lead the publishers to make such a reduction in price. But just as the dollar magazine has taken hold of the people, so, we venture to predict, The News will secure a vast and ever-increasing circulation, based not only on the popular price at which it is sold, but mainly upon the intrinsic merits of he paper.

We have arrangements concluded which enables us to club the Toronto News with our own paper at $2.25 a year in advance. Such a combination presents many unique features—our semi-weekly giving you all the home and district news, and the big 12-page daily keeping you in touch with events all over the world. Send us your subscription to The News, or if you would like to see the paper first, write us and we will secure a sample copy.
