The Evening Sun.

Third Year.—No. 73 77 | Grand Forks, B. C., Friday, July 15, 1904 | ISSUED TWICE A WEEK

EVENTS IN THE CITY

S. H. C. Miner, of the Granby, on His Annual Tour of Inspection.

Annual Church Parade of the Foresters---Movements of Grand Forks People.

S. H. C. Miner, president of the Granby Consolidated, and Mrs. Miner, arrived in the city last Tuesday, accompanied by A. C. Flumerfelt and H. N. Galer, who joined the party at Calgary. Mr. Miner is on his annual tour of inspection, and will spend several weeks in the Boundary.

Court Kettle River, No. 3575, Independent Order of Foresters, of Grand Forks, will hold their annual church parade on July 17th, 1904. All members and visiting brothers are requested to meet at the I. O. O. F. hall, First street, at 10:30 a. m., to march in a body to the Episcopal church.

Rev. W. Irwin, of Vancouver, district deputy supreme chief ranger of the Independent Orher of Foresters, will be present at the church parade of that order in this city next Sunday, July 17th.

Provincial Constable I. A. Dinsmore returned yesterday from New Westminster, to which place he had taken Hugh Bell, who is unbalanced mentally. Bell was committed to the New Westminster asylum about a year ago from Somnose, Vancouver Island. His condition soon improved, and he was released. Lately he showed evidences of a return of the old malady, add the authorities decided that the best place for him was in the asylum, where he could receive proper treatment.

The members of the Church of England held a most enjoyable picnic this week on the grounds surrounding Mrs. H. W. Young's residence in Columbia. A large number of people were present, and all had a thoroughly good day's outing. Songs and music were indulged in, and a most tempting repast satisfied the inner man. All present appreciated very much the kindness of Mrs. Young for allowing her premises to be used on this occasion.

Peter Siemes, of Siemes & Shields, St. Paul, who have the contract for the buildiing of the smelter spur and Phoenix branch of the Great Northern, arrived in Grand Forks last Tuesday, and while here inspected the work now in progress all along the line.

An event of more than ordinary importance in the theatrical line is the announcement of the appearance here next Friday evening of one of America's most famous actors, Mr. John Maguire, who will give a benefit to the Ladies' Aid society of the Presbyterian church. Mr. Maguire will give his monologue entertainment, "Begone Dull Care," which brought him both fame and fortune. The eminent actor is enjoying his second summer's outing among the British Columbia lakes and mountains, an account of which will be published during the ensuing months in Harper's Magazine.

Andrew Hackett, locator of the Grand Forks, Spokane and other groups of coal claims in Southeast Kootenay, is about to gain new fame in the Spokane courts. It is claimed that nearly $50,500 have been paid Mr. Hackett by Spokane people and others who wanted him to locate them on East Kootenay coal lands. The amount is specified in a suit brought against Mr. Hackett by Edward Covell. The suit is brought to compel the defendant to divide with the plaintiff the fees paid by the locators for their locations. The complaint alleges that in 1902 the two parties to the suit formed a copartnership to carry on a business of locating men on British Columbia coal lands, and that while they were operating together they located on such lands a large number of men, whose names are set forth in the complaint. The charge for locating the claims was $150 each, and the aggregate fees paid by the men whose names are given amounted, it is alleged, to $22,000. Later, and before the copartnership was dissolved, Mr. Hackett continued the operations, locating claims for a large number of other persons, whose names the plaintiff does not know. The complaint alleges that Mr. Hackett collected the fees for this service from the locators, but refused and still refuses to account for the same or to share them with the plaintiff, hence the suit to compel him to do so.

BOARD OF TRADE

Protests Against the Habitual Delays of Mail and Passenger Service.

Urgent Need of a New Bridge Across the Kettle River at This Point.

An interesting meeting of the Grand Forks board of trade was held in the city offices Wednesday evening, a representative number of members being present.

The meeting was called for the purpose of obtaining the board's sentiments respecting a communication drafted by the president and secretary to the Great Northern officials, protesting against the delay in the arrival of the west-bound passenger train, which has now grown to be of a regular daily occurrence. The discussion on this subject was general, and brought out many interesting facts. It was shown that the delay was not wholly the fault of the railway company, as the train was generally detained at Laurier for over an hour by the Canadian customs officer. No blame was attached to this officer, however, as he is alone at that port, and the influx of railway laborers at present makes his duties quite arduous. The opinion appeared to prevail that there was more work in the customs office at Laurier than one man could properly perform. It was suggested that the Dominion government be petitioned to improve the service by placing an inspector on the run between Marcus and Laurier.

The communication drafted by the president and secretary was approved without a dissenting voice.

The matter of urging the provincial government to hasten the construction of the new bridge across the Kettle river at this point was also taken up. A grant of $5000 is need for this purpose, and if it is not made soon, there is every likelihood that residents in the Ruckle addition will shortly be compelled to swim when they desire to visit the city, as the old bridge is in a dangerous condition.

W. G. McMynn, government agent at Greenwood, was a visitor in the last Tuesday.

Mr. and Mrs. E. White have moved into J. B. Henderson's handsome residence on Winnipeg avenue.

Chas. Thomas, of Cascade, was a visitor in the city yesterday.

Miss Lily Taylor is visiting friends in Spokane this week.

H. N. Galer will shortly remove to Coleman, Alta., where he will devote his entire time to the management of the International Coal & Coke company.

It was stated today that A. C. Flumerfelt resigned from the vice-presidency of the Granby Consolidated company two months ago.

A. M. Whiteside, the Greenwood barrister, was a Grand Forks visitor Wednesday.

THE BIG MERGER

Greenwood Jubilant Over the Completion of the Deal.

Work Will Be Resumed at Once on the Brooklyn Mine.

W. G. Gaunce, secretary of the Greenwood board of trade, makes the following statement regarding the big Boundary mine merger:

The largest mining deal in the history of British Columbia, one vitally affecting Greenwood and Boundary, has just been completed. The deal merges the interests of the Brooklyn and Stemwinder group in Phoenix camp, the Athelstan group in Wellington camp, the Emma in Summit camp, the Morrison in Deadwood camp, and the Montreal & Boston smelter at Greenwood. The Brooklyn group is among the best in the district, and is well equipped with machinery. The Athelstan has high grade ore. The Emma and the Morrison have large bodies of highly desirable fluxing ores, and jointly the properties make a most valuable consolidation. The merger is capitalized at $7,500,000, under the name of the Boston & Montreal Consolidated, and is financed by New York capitalists close to J. J. Hill. Cash guarantees and payments are up to ensure the deal. Mr. Hill is now rushing the Great Northern into the Boundary, and indications are that he has outgeneraled the Canadian Pacific for the immense tonnage of this district. A smelter force is being organized and arrangements made to rush work at the mines. The event causes great satisfaction in the district.

SUNSET SAUNTERINGS

The dance given in the Biden opera house Tuesday evening by Miss Margaret Eyre of this city and Miss Manly of Republic proved a success, a large number of young people being present. An excellent quality of music was furnished by the hostesses. Ice cream and refreshments were served by the Ladies of Maccabees.

G. C. Hodge, of Nelson, district manager of the V. & N. Telephone company, was in the city last Wednesday.

Alex Miller, who is working the Helen and Barbara, two high grade properties near Greenwood, under bond, was in the city Wednesday.

In order to make more room for guests, the family of Proprietor Traunweiser will move from the Yale hotel to their former residence on the corner of Main and Third streets.

FRIDAY, JULY 15, 1904

The fiscal year which closed on the 30th of June, 1904, is conspicuous for showing the largest customs receipts in the history of the Dominion.

It is learned from a thoroughly reliable source that a majority of the Granby Consolidated stock has been held in the United States for the past two years. As President Miner has as many friends across the line as he has in Canada, no radical changes in the management of the company are apprehended.

The Marquette, Mich., people who have been developing the Volcanic mine, ten miles north of this city, for a year past, have thrown up the bond on that property, owing, it is said, to the unreasonable demands made by the creditors. The good faith of the syndicate is shown by the fact that it paid out $5000 before development operations were commenced, and up to the present about $12,000 have been disbured. In order to have retained the bond, the syndicate would have had to pay out about $15,000 more on the 1st of July, and the showing on the property did not warrant so large an expenditure. The Michigan syndicate evidently does not feel very kindly towards a certain class in this community, as a recent letter received from a member likened that element to a "flock of crows waiting for carion." One thing appears to be certain, viz., the suspension of work on the Volcanic has given the development of the North Fork country a serious set-back, and the parties responsible for bringing about this state of affairs will not be held in very high esteem by the rest of the community.

Rev. J. R. Robertson, B. A., of Knox church, will exchange pulpits next Sabbath with Rev. Manuel, of the Methodist church.

Lord Alfred Daker left for Seattle last Tuesday.

POSSIBLY YOUR WIFE

Doesn't look so young and pretty as she used to. If her cheeks are hollow and pale, if she is tired and nervous she needs Ferrozone, which is noted for restoring the bloom of health to sickly girls and women. Complexion quickly becomes rosy, spirits rise, and strength increases daily. Health and vigor will return to your wife or daughter if Ferrozone is taken. It's the best tonic made, and costs 50c at druggists.

The Automatic Life.

This life will soon become a thing
Of cylinders and wheels,
Push buttons, dynamos, and cogs,
And batteries and reels.
Each day a man will be aroused
By some unique machine
Which will bring in his clothing, then
Shave him both quick and clean.

Fond lovers, when they feel inclined
To softly bill and coo,
Will start a phonograph which asks
"Whose ootsey 'oo is 'oo?"
His pocket phonograph will ask
If she will be his bride—
Her phonograph will breathe the "Yes"
Which waits in its inside.

When mother goes to call on friends,
Or to her club, she won't
Be anxious for the children; she
Will start the auto-"Don't"
To going in the nursery
And hasten on serene,
And knowing that she may rely
Upon the spank machine.

When father comes in much too late
He'll stumble on the stair,
And hear a terse "How came you so?"
Come megaphoning there.
And after while this life will be
Without a thing to do—
Some one will make a grand machine
To press the buttons, too.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by traveling on the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portland, Ore.

THE MILWAUKEE

A familiar name for the Chicago, Milwaukee & St. Paul Railway, known all over the Union as the great rail way running the "Pioneer Limited" trains every day and night between St. Paul and Chicago, and Omaha and Chicago. "The only perfect trains in the world." Understand: Connections are made with All Transcontinental Lines, assuring to passengers the best service known. Luxurious coaches, electric lights, steam heat, of a verity equaled by no other line.

See that your ticket reads via "The Milwaukee" when going to any point in the United States or Canada. All ticket agents sell them.

AN ASTHMATIC STORY TOLD

Sleepless nights, suffocating sensations, difficult to even breathe. "I can scarcely describe all I suffered from asthma," writes Mrs E. P. Cavanaugh of Colborne. "Spasms of coughing would come on that made me weak. Nothing did me any good until I used the fragrant, healing Catarrhozone. I am delighted to recommend this remedy, which cured me of chronic asthma after scores of good physicians had given me up. Catarrhozone is better for asthma, gives quicker relief than any other remedy I know of. My cure is a perfect one." Try Catarrhozone, it never fails to cure asthma. Complete outfit $1.00, trial size 25c. H. E. Woodland, druggist.

A BLOATED STOMACH

Distension and pains from indigestion are cured quickly by Nerviline. When you get an attack of stomach trouble take a stiff dose of Nerviline, which is perfectly harmless but marvellously quick in effecting a lasting cure. "I was once taken ill with stomach trouble," writes Edward Rowell of Rochester. "I was in great pain and distress, but half a teaspoonful of Nerviline fixed me up in a few minutes. I can recommend Nerviline for sick headache and cramps, and consider it an invaluable household remedy." Try it yourself. Price 25c. H. E. Woodland, druggist.

Now is the time to bring in your bicycle and get it repaired and put in shape for the wheeling season. GEO. CHAPPLE, Bicycle Dealer and Repairer.

THE TORONTO

DAILY NEWS

AND THE

GRAND FORKS SUN

...FOR ONLY...

$2.25 a Year

A radical change from old methods and prices has been made by the Toronto Daily News. The eyes of the newspyper world have been upon The News for the past few months, during which time several departures have been made which have given that paper a widespread reputation for enterprise and originality. This latest move is to place The News at the price of $1.00 a year by mail. Only a deep-founded belief in the future success of The News could lead the publishers to make such a reduction in price. But just as the dollar magazine has taken hold of the people, so, we venture to predict, The News will secure a vast and ever-increasing circulation, based not only on the popular price at which it is sold, but mainly upon the intrinsic merits of he paper.

We have arrangements concluded which enables us to club the Toronto News with our own paper at $2.25 a year in advance. Such a combination presents many unique features—our semi-weekly giving you all the home and district news, and the big 12-page daily keeping you in touch with events all over the world. Send us your subscription to The News, or if you would like to see the paper first, write us and we will secure a sample copy.
