The Evening Sun.

Vol. II. Grand Forks, B. C., Tuesday, January 27, 1903. No. 25

THE INAUGURATION

Felicitous Speeches Were Made by the Mayor and Aldermen.

The oath of office was administered to the mayor and aldermen-elect about 2 o'clock last Saturday afternoon by Police Magistrate Johnson, and at 2:30 Mayor Burrell called the council to order in special session, all the aldermen being present.

On the suggestion of the mayor, Messrs. Bower and J. A. McCallum acted as joint clerks.

About an hour was spent in speech-making. Mayor Burrell made eloquent address. He conngratulated the aldermen on their election, and reaffirmed his intention of carrying out the platform upon which he had been elected. Public sentiment, he said, in favor of what was aptly called moral reform was strong, and could not be ignored.

Responses were made by all the aldermen, a number of them making comprehensive oratorical efforts. Brief remarks were also made by a number of prominent citizens pressent.

Clerk Bower read the financial statement of the city of Grand Forks, which showed a deficit of about $1200, counting taxes and water and light rates at par.

J. A. McCallum read the financial statement of the city of Columbia, which showed that that corporation had turned in $300 in cash and placed all uncollected taxes to the credit of the new city.

On motion of Ald. McCallum, seconded by Ald. Gaw, the regular meeting time of the new council was set at 8 o'clock Monday evenings.

Ald. Manly gave notice that at next regular meeting he would introduce a by-law governing the election of school trustees.

SUNSET SAUNTERINGS

The converter plant at the Granby smelter ceased running night shift today, as no custom matte is arriving from the Greenwood ane Boundary Falls smelter. When these shipments are resumed, in a few days, the converter will run full force. In the meantime the tilting furnace, which has never yet been used, may be experimented with, to hold the matte run through the furnaces at night. and which could be drawn off red hot and as needed during the day.

Assistant Superintendent Williams, of the Granby smelter, and Mrs. Williams leave this week on a vacation trip to San Francisco and other Unied States points.

Chief Electrician Lane, of the Granby smelter, rettrned yesterday from a two weeks' business trip to Phoenix. During his absence Wm. Towe had charge of the electrical department at the smelter.

Frank Hartinger, of the Columbia brewery, is harvesting 400 tons of ice from McCallum's slough for his own use dering tne coming summer.

L. P. Eckstein, a well-kaown lawyer of Republic, and formerly city solicitor of Grand Forks, was married in Republic last week to Miss Ada Cunningham, a sister of Mrs. I. Zwang, of that place.

"PECK'S BAD BOY"

Funniest of All Plays Given at Biden's Opera House Wednesday Night.

The Russell Comedy company, who are now on their 19th annual tour, are billed to appear in Biden's opera house tomorrow (Wednesday) evening, January 28th, when they will present the funniest play ever produced, "Peck's Bad Boy." The company is very strong, and present many beautiful costumes, and has the latest specialties. They also have the only living goat actor on the American stage, "Billy Butter." Seats are on sale at George Fraser's drug store, at 25c., 50c. and 75.

Last Friday night James H. Kennedy, chief engineer of the V., V. & E., accompanied by C. A. Des-Brisay, right of way agent, arrived in Phoenix, and they mean business. They are now engaged in securing the right of way for the line in that locality, and Mr. Kennedy assured the Phoenix *Pioneer* that active construction by P. Welsh, the contractor, would begin as soon as the snow goes. "This coming fall," said Mr. Kenneday, "you can board a Great Northern train in Phoenix and land in Spokane without change of cars. We shall build uy the Fourth of July creek survey and reach Phoenix via Summit camp and Providence creek. We are now securing the right of way whereve r needed. That for the spur to the Granby smelter is already secured and part way up Fourth of July creek."

ELECTED OFFICERS

The New Council Said That Open Gambling Must Cease.

The first meeting of the new Grand Forks city council was held last night, with Mayor Burrell in the chair, and the proceedings were very harmonious. A number of citizens were present, probably in anticipation of a friction when the appointments were made, but in this respect they were agreeably disappointed, as the best of feeling prevailed between the two ends of the city throughout the meeting.

Present—Ald. Cusson, Gaw, Manly, McCallum, McLellan and Troter.

After the minutes of the inaugural meeting Saturday afternoon had been read and approved, Mayor Burrell appointed the following standing committees:

Finance—McCallum and McLellan.

Works and Properties—Manly and Cusson.

Health and Relief—Trotter and Gaw.

A report from Geo. C. Madigan, inspector of boilers, regarding the condition of the boiler at the city power station. A number of needed repairs were pointed out. Referred to water and light committee.

A communication from W. F. Askew, asking aid for Mr. McCutcheon, who was injured at Sandner's shingle mill, on Christina lake, last summer, was referred to the health and relief committee.

A bill for $31 from the Grand Forks hotel, for boarding a cripple, was referred to the same committee.

The following bills were ordered paid:

V. & N. Telephone Co.	$ 9.00
Donald McCallum	120.00
H. C. Smith	4.15
Joseph Taylor	7.50
Candian Gen. Electric Co.	144.96
Gutta Percha & Rubber Co.	6.50
Knight & Davidson	25.00
G. F. Inv. & Trust Co.	275.00
Sam Horner	5.00
John Rowlands	4.50
Geo. C. Madigan	21.80
C. P. R. Tel	13.10
Granby Con. Co	583.05
F. N. White	18.80

The school trustees election by-law was then read, and on motion of Ald. Cusson, seconded by Ald. Gaw, it passed as drafted. The nominations will be made on the 4th prox., and the electioh is to be held on the 7th.

On motion of Ald. McLellan, seconded by Ald. Gaw, the clerk was authorized to purchase the necessary stationery needed for his department.

The election a city solictor was then proceeded with. After considerable discussion, it was decided to place all the solicitors in the city in nomination, thus putting all on an equal footing. The first ballot resulted' Miller 4, Hanington 2. On motion of Ald. Manly, seconded by Ald. Trotter, Miller's appointment was made unanimous at the old salary of $75 per month.

The election of a clerk being undsr discussion, Ald. McCallum introduced a resolution, which was seconded by Ald. Trotter, that instead of employing a clerk and an assistant as heretofore, the work be divedad into two distinct offices on a basis of equality of work, equality of responsiqility, and equality of salary—namely, $100 per month; that the work of clerk and water and light commission shall constitute one office, and the work of treasurer, assessor and collector the other, and that W. B. Bower be given the choice of these offices.

A great deal of discussion followed in regard to the salary. Some of the aldermen wanted to make it $125 per month, maintaining that $100 was too low. At the suggestion of the mayor, the question of salary was left open, and the resolution was passed in that form. Afterwards a compromise was effected at $112.50, and J. A. McCallum was elected to fill the office of treasurer, assessor and collector.

Regret was expressed by all the aldermen and the mayor that, in order to fulfill the promises of economy to which the council stood pledged, Mr. H. C. Kerman would have to be dropped rrom the list of employes. He had been an efficient assistant clerk, and whenever the volume of the city business increased to the extent of warranting the employment of an additional man, he should receive the first opportunity of being reinstated.

Mr. Spier drew the attention of the council to the fact that it would be necessarp to authorize some one to sign the corporation cheques.

On motion of Ald. McCallum, second by Ald. Trotter, the mayor and treasurer were authorized to sign cheques.

Ald. Manly was called to the chair while the mayor took the floor to intorduce a resolution, which was seconded by Ald. Trotter, that on and after the first day next month

TUESDAY, JANUARY 27, 1903

MAYOR BURRELL starts out right. He has already begun to redeem some of the pledges he made to the electors when he faced them from the platform, and that is exactly what hey want him to do. If the majority of people vote for reform, the officers elected on such a pledge should see that the laws are enforced, and we believe that Mr. Burrell will do his duty, even though he should meet witR strong opposition from certain quarers.

NOW THAT the edict has gone forth that after February 1st Grand Forks ceases to be a "wide-open" town and all the roullette, blackjack and booster gentry will have to play in some other yard, it may not be amiss to mention that if those of our citizens who are fond of gambling on the green do not care to go out of town to enjoy their favorite pastime, they need only remain passive till the good old summer days, when the birds are singing in the trees and mother earth is clothed in verdure, for then there is nothing to prevent them, like other creatures of a liberty-loving nature, from gambling on the green, which is an exercise that has its good points.

SUNSET SAUNTERINGS

Father Hagerty gave a lecture on "Socialism" in the Federal Union hall on Monday evening, which was well attended. Thomas Foulston, president of the Labor union, presided. Mr. Hagerty strongly urged that the workers take international political action as a means of combating international capifalism. He pointed out the danger of go-between parties, such as the Provincial Progressive Party and local labor parties, being the means of keeping the workers divided politically, which is just what the capitalists want. The iron law of wages, he said, is food, shelter and raiment. Any advavce of wages gained by strikes is offset by a corresponding increase of commodities. Today men and women are out of employment because of over-production; in other words, men and women starve to death because there is too much to eat. He urged that wo.kingmen vote together. It's no use to be a union man 364 days in the year and then cast a scab ballot on election day. Mr. Hagerty will lecture in Greenwood and Phoenix, and will then go into the Crow's Nest country.

The Grand Forks Hockey club surprised their opponents, the public and themselves last Friday night when they defeated the strong Sandon team 1-0 at the rink here in a whirlwind game. The Sandon team, who looked upon as this year's interior champions, are on a tonr, and so far have been defated 3-0 by Nelson, and 1-0 by Grand Forks, while they beat Greenwood 13-3 Saturday night, and Phoenix 4-2 last night, and are playing in Rossland tonight. Grand Forks' winning team was made up of Cochrane, Jackson, Mitchell, Niles, Ewing, McQueen and Howarth.

Mrs. Milado entertained about 25 of her friends last evening at a very pleasant social dance at the residence of her parents, Mr. and Mrs. James Addison.

About 75 of his friends tendered Mr. G. M. Fripp a reception at the residence of Rev. Mr. Betts last night. Mr. Fripp, who was formerly in the Royal bank here, previous to occupying a position in the same instion in Republic, has resigned the latter to accept the mangement of the Grand Forks Townsite company, upon which dnties he will at once enter.

Miss Grace Jackson, daughter of C. P. R. Conductor Jackson, of Trail, B.C., is on a visit to the city, and is the guest of Miss Eva Butters.

The Greenwood Hockey club will not be able to play here on Wednesday evening, as expected, and the locals are therefore trying to get the Nelson team over for a game here on Friday evening.

While assisting in opening up a "frozen" tap of matte at the smelter last Friday, one of the furnacemen, named Johnnie Harkins, was struck on the head with a fourteen hammer, receiving some painful bruises on the forehead and nose. Dr. Northrop, the company surgeon, was called up by telephone, and in a remarkably short time had the injured man patched up, and the latter is now almost as good as he ever was.

I. A. Dinsmore has resigned his position as commissioner of public works of Columbia, having forwarded his resignation to the provincial secretary last week.

J. H. Hodson, who has been confined to his home by illness during the past week, is again able to be out,

Mrs. Galliher, of Spokane, who will furnish the music as the benedicts' ball tonight, is a guest at the Winnipeg.

L. A. Manly is visiting in San Francisco.

A. B. W. Hodges, superintendent of the Granby smelter, has returned from an extended trip ta Southern California.

The Grand Forks hotel, the oldest hotel in the city, has a capacity for 70 people. Everything up to date. Rates, $1 and $1.50 per day.

For a nice hair-cut or shave go to the City Barber Shop on Riverside avenue. Baths 25c.

Read THE EVENING SUN. All the local news.

Klondike pool table. Only one in city. Grand Forks hotel.

Another consignment of colored billheads and statement has just been received at THE EVENING SUN job office. Start the new year by laying in a supply of neat, well printed stationery.

ELECTED OFFICERS

[CONTINUED FROM FIRST PAGE.]

the running of roulette wheels and all other forms of open gambling must cease. The resolution was passed unanimously, and the chief of police was instructed to see that it was enforced.

Mayor Burrell, addressing the aldermen while the resolution was under discussion, said that he believed its passage would prove beneficial to the community at large. He had made enquires of a number of prominent Rossland citizens regarding the suppression of gambling in that city, and they all agreed that it had benefited the town. He believed it would do the same for Grand Forks. He thought a few persons might be injured by the enforcement of the resolution, but he desired to enforce the laws, and to bring the greatest good to the greatest number, and he believed that prohibition of gambling would bring this result.

PUBLIC NOTICE

PUBLIC NOTICE is hereby given to the electors of the Grand Forks School District that I require the presence of the said electors at the building known as the "Municipal Hall," on First street, in the City of Grand Forks, British Columbia, on the 4th day of February, A. D. 1903, at 12 o'clock noon, for the purpose of electing persons to represent them as School Trustees in the Board of School Trustecs for the said School District.

The mode of nomination of candidaqes shall be as follows:

The candidates shall be nominated in writing; the writing shall be subscribed by two voters of the municipality as proposer and seconder, and shall be delivered to the Returning Office at auy time between the date of the Notice and 2 p. m. of the day of nomination, and in the event of a poll being necessary, such poll will be open on the 7th day of February, A. D. 1903, between the hours of nine o'clock a. m. and half-past seven o'clock p. m., at the same building at which nominations will take place, of which every person is hereby required to take notice and govern himself accordingly.

The persons qualified to be nominated for and elected as School Trustees shall be any person being a householder in the School District, and being a British subject of the full age of twenty-one years and otherwise qualified by the "Public Schools Act" to vote at an election of School Trustees in the said School District.

Given under my hand at the City of Grand Forks, in the Province of British Columbia, this 26th day of January, A. D. 1903.

W. B. BOWER,
Returning Officer.

GRAND FORKS FEDERAL LAbor Union No. 231, A.L.U.—Meets every Wednesday evening at 8 o'clock in Federal Union hall. Thos. Foulston, President; John T. Lawrence, Secretary.

NOTICE.

Notice is hereby given that I will apply at the next meeting of the Board of Licencing Commissioners to have the retail liquor licence held by me for the C. P. R. Hotel, Columbia street, transferred to William Graham.

REV. IRL R. HICKS' 1903 ALMANAC

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through THIRTY YEARS, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Prof. Hicks, through his great Almanac, and his famous family and scientific journal, *Word and Works*, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903, forecasts of storms and weather are given as never before, for every day in the year, all charmingly illustrated with nearly two hundred engravings. The price of single Almanac, including postage and mailing, is THIRTY CENTS. *Word and Works* with the Almanac is $1.00 a year. Write to WORD AND WORKS PUBLISHING CO., 2201 Locust Street, St. Louis, Mo., and prove to yourself their great value.

THE EVENING SUN job department is the best equipped in the Boundary for printing neat pamphlets and price lists. Our material is new. A new broom sweeps clean.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by travelling on the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portland, Ore.

A number of series of the latest styles in type faces have lately been added to THE EVENING SUN job department.

IMPERIAL LIFE.

In reviewing the list of prominent Canadian life insurance companies, the "Imperial" of Toronto stands out prominently on account of its remarkably successful career. The board of directors is composed of strong financiers and gentlemen of large experience in the insurance business. This company nas nothing but up-to-date liberal policies to sell, and the fact that many large policies have been issued by the Imperial, running as high as $200,000 on one single life, indicates the class of people who are patrons of this company. Mr. J. A. McCallum is agent at Columbia and Grand Forks.

BOUNDARY MINES AND SMELTERS

Forty-seven men are now on the payroll at the B. C. mine.

Not a single ore car was received by the Granby mines last Wednesday, although there was an order for 40 or 50.

The last car of ore from the Providence mine, sent to the Trail smelter last week, gave a net return to the shippers of $2,405.41, after payment of the freight and treatmen rate at $15 per ton. The gross weight of the ore 42,160 pounds.

Last Wednesday, all the wire connections having been made, the new ore crusher, ordered last May by the Granby company, was started in operation, says the Phoenix *Pioneer*. It has been ready for some time and only awaited the coming of the electric current from Cascade. The initial run of the big machine was eminently satisfactory to Supt. Williams, who will have it operated ten hours daily, in which time it will crush 1500 tons of Knob Hill ore. Later another machine of the same type will probably be installed at the Old Ironsides ore bins. The crusher is of the Blake-Farrell type, and is the largest machine of its kind in Canada. The chilled steel jaws will take a piece of rock 16x42 inches, and it is fitted with swing jaw and pitman. It was furnished by the Senckes Machine company, of Sherbrooke, Quebec. The freight on one of the several cars in the shipment was over $2000. To operate the crusher a 100 h. p. electric motor was secured from the Canada General Electric company.

Albert I. Goodell, superintendent of the Montreal and Boston Copper company's smelter at Boundary Falls, left on Wednesday for Montreal to consult with the directors of the company id reference to adding several new furnaces and a converter.

One car of ore has been shipped from the Seattle mine to the Trail smelter, another car is ready for shipment, and a third is now being loaded.

Ore shipments last week: Granby mines, Phoenix, 4916 tons; Snowshoe, Phoenix, 1500 tons; Mother Lode, Deadwood, 2464 tons; Sunset, Deadwood, 240 tons; B. C. mine, Summit camp, 690 tons; Emma, Summit camp, 840 tons; total for past week, 12,730 tons; total for 1903, 37,487 tons.

The Granby smelter last week treated 6,234 tons of ore; total for 1903, 28,189 tons.

About 300 men are now employed at the Granby mines, which force will be somewhat increased in the immediate future.

George S. Waterlow, J. P., vice-chairman of the Snowshoe Gold and Copper Mines, has been added to the directorate of the Le Roi Mining Co., Ltd.
