KETTLE VALLEY LINE

Work East and West of Penticton to Begin Shortly.

Penticton, April 27.—Construction work will be commenced east and west out of Penticton within two months and by the end of the year it is expected about 125 miles—or about half the distance between Merritt and Midway—will be spanned with steel. This definite statement was made by J. J. Warren, president of the Kettle Valley railway, yesterday in reply to a question from the Penticton board of trade as to when actual construction would be commenced. Mr. Warren stated that he intended to make Penticton his base of operations this summer for construction work. The contractor will commence work on the wharf this week and a passenger depot will be erected at the same time. As soon as the slips are built, the C. P. R. will put in a fruit-cooling house.

WHAT OTHERS THINK

(Vernon News.)

The Gazette appreciates this kindly expression from the gifted able editor of the News:

"Bruce" of Saturday Sunset wields a vigorous and facile pen, and employs language at times in such a picturesque manner as to make his sentences fairly leap out before the reader's eye. We find much to admire in his bright paper though his views on many matters are utterly opposed to those which we entertain. We are therefore the more sorry to see him drop to such depths of personal abuse as he has descended to of late in conducting an intensely bitter quarrel with the editors of the Similkameen Star and the Hedley Gazette. We are not acquained with the Star's editor, but we have known Ainsley Megraw of the Gazette for some twenty years, and have no hesitation in saying that when Bruce attempts to characterize him in such foul terms as he employed last week he lays himself open to the contempt of every man who is at all acquainted with his opponent in this wordy war. We hold Major Megraw in high esteem both as a man and a newspaperman. He was one of the early editors of the Vernon News, and though it is now many years since he lived in this city he still has many warm friends here who know his worth and recognize his ability. His present field is a rather circumscribed one, but any newspaperman who recognizes the difficulties of the situation will freely acknowledge that the Hedley Gazette is a credit to its editor and the community in which it is published. Perhaps as "Bruce" grows older he will find, as many another writer has done that the use of violent abuse only weakrns a case, and engenders sympathy for the person upon whom it is heaped."

KITCHENER'S FUTURE

Said to Rest on Result of the Imperial Conference.

London, April 30.—The military correspondent of the Daily Mail says Lord Kitchener's future rests strongly on the result of the imperial conference. In this connection persistent rumors deal with the revival of the commander-in-chiefship with far wider scope and the adoption of a plan of reciprocal defence by all parts of the empire.

$10.00 REWARD

For evidence that will convict any parties of trespass or removing property from the Bull Dog Mines. M.C. Kent is the only party with privilege of occupation.

MRS. BROWN'S CONCERT

The Gazette feels safe in saying that nothing in the entertainment line got up locally has equalled the performance on Friday night last given by Mrs. J. A. Brown and pupils with some assistance from others; and neither have many of the travelling companies who visit the town done any better or given a more genuine night's enjoyment. In fact many of these outside concerns whose best artists have been lauded to the skies by advance agents and entertainment bureaus were easily outdone in point of real merit by some of the numbers presented on this occasion. No effort was made to press into the service those who can do a little in the entertainment line in order to fill up a programme and merit was the one thing required in order to pass muster. The vocal numbers were confined wholly to Mrs. Brown herself and Miss Florence Daly, of Keremeos, the one pupil who has been long enough under her tuition to gain sufficient training and confidence. In the instrumental numbers the most important part was taken by Miss Marjorie Smith, pianist, and W. Daly, of Keremeos, on the violin. Miss Gertrude Smith also played acceptably in duets with her sister in the artistic execution of difficult numbers on the piano, and also took the organ in an improvised orchestra with Miss Marjorie at the piano, Gertrude on the organ, W. Daly on the violin and Mrs. Smith on the cello. Miss Daly's first piece was "Irish Lullaby," a beautiful number given with excellent effect and in response to a hearty encore she sang "My Bairnie". Mrs. Brown's first number was Mattei's "Dear Heart", a difficult piece excellently given and in response to the encore she sang "The Rosary" by Nevin. Her second number in the first part was "O dry those Tears" by Teresa Del Reigo which was given with orchestral accompaniment. Other features of the first part were the recitation Whitcomb Riley's "The Man in the moon" given by little Miss Erminie Wheeler with a wealth of expression and cleverness which only this talented child can do. To an encore she gave "Bertie's Party" In the first part Mr. F. J. Sauve gave a reading from Drummond "How Bateese Came Home" and showed the advantage he possesses in the interpretation of this author in having been himself a "habitant" fully conversant with the dialect. Mr. Sauve also understands the use of grease paints and the other paraphernalia of the preparation room for his makeup was excellent. The rather great length of the piece, however, put him somewhat at a disadvantage and made it more difficult for him to hold his audience. In our opinion also he erred somewhat in making the RACONTEUR who had been Bateese's schoolmate too old a man, and also in pitching his voice in too high falsetto to bear out that wrong idea, but he fully redeemed himself in the shorter selection "The Wreck of the Julie Plant" which was excellently given and held the audience. Miss Daly's solo in the second part "The Message of the Rose" was a pronounced success and for the encore she gave "Absent." The violin and cello duet by Mr. Daly and Mrs. Smith, "Hearts and Flowers" was enjoyed by all. Erminie Wheeler's superb presentation of Edmund Vance Cooke's quaint child piece "The Moo-Cow-Moo" was a marked feature also of the second part. Mrs. Brown's solo "Absent Voice" was a fine number which she gave in excellent voice with 'My Ain Folk" for the encore, but her power both as a singer and teacher of vocal music was perhaps best shown in the duet "Nearest and Dearest" and the encore "O, Wert Thou in the Cauld Blast" sung with Miss Daly in which the perfect blending of the voices showed how nearly she had succeeded in reproducing in her pupil her own voice. The accompaniments were played by Miss Marjorie Smith whose fine piano solo "Sextette from Lucia" with left hand alone, was a wonderful performance for any player and particularly so for a girl of her age.

DEATH WON RACE

Daughter of Late Marcus Daly Rushed to New York for Operation, Dies

New York, April 29.—Mrs. Margaret Daly Brown, daughter of the late Marcus Daly and wife of H. C. Brown, a banker, died early today at her mother's home on Fifth avenue. Mrs. Brown's death occurred within a few hours after her arrival on a special car which brought her on a fast train from Montana. Her husband, mother and other members of her family were at the bedside when death came. A special car occupied by Mrs. Brown and attendants left Anaconda, Mont., on Tuesday. They reached the city last evening when physicians said Mrs. Brown's condition was very critical.

Mrs. Brown was married in 1901 and inherited several million dollars on the death of her father.

MORE MINE LITIGATION

Butte Man Seeks to Tie Up Hidden Creek

The Spokane Chronicle is authority for the statement that suit had been entered against M. K. Rodgers by Thomas Hodgens, a mining capitalist of Butte who asks for judgment of $203,000 against him and also an order restraining him from foreclosing a mortgage on the Hidden Creek mines now being sold to the Granby Co. The item further states that Hodgens had supplied $417,000 to purchase and develop mines in British Columbia and asked for an accounting of the funds.

WANT MINERAL EXHIBIT

H. B. Brown as acting director of the Vancouver Exhibition Association has sent out a request to the Boards of Trade throughout the province for a mineral display at the forthcoming exhibition. It is expected that the exhibition will be the means of bringing together a lot of mining capital and if so it will be prudent to be in the swim by having the best camps represented at the show. The director says in his communication that the railways have agreed to transport samples of ore free of charge and as there is an abundant supply of literature on the camp which should be given as wide distribution as possible no opportunity should be lost to secure the publicity desired.

One of the features of the show will be a stamp mill in operation under charge of a competent man who will be prepared to make milling tests of sample lots of ore of 250 lbs. free of charge to prospectors supplying the ore and desiring such test.

The value of the exhibit of course all depends upon the number and calibre of the mining investors which the exhibition push say are going to be there.

The exhibition is to be held from August 28th to Sept. 4th so there is plenty of time to get together a good exhibit, but if the camp is to be represented thereat it will not be prudent to delay too long in making a start.

CHIEF BUNBURY RESIGNS

C. J. Bunbury, who has been chief of the provincial police force in the Boundary district for nearly three years, has retired from the service, and will move to Vancouver. He was a fearless and competent officer, ever alive to his duty, and a terror to evil-doers. Ever ready to risk his life in the performance of his duty, he has cleaned out nearly all the lawless characters in this section of the province, and deserves the thanks of all law-abiding citizens. His departure from the Boundary will be regretted by a host of friends, for British Columbia has few officers his equal. He will be succeeded by J. A. Dinsmore formerly of this city.—Ledge.

E. W. Nichoff, representing the Oliver Typewriter was in town last week on his periodical campaign to make sales and claims to have chased all other district agents out of the Similkameen. In Princeton and Keremeos he has succeeded in placing about half a dozen each. The serial number of the Oliver is now over 833,000 which speaks well for its popularity and the satisfaction it is giving.

B. C. PLATINUM

Mr. Camsell Contributes Article Thereon To Mining Institute Journal

The following are a few brief extracts from a lengthy and interesting paper contributed by Chas. Camsell to the Journal of the Canadian Mining Institute on the history and origin of the metal in this district. Mr. Camsell has the editor's thanks for a copy of the Institute Journal containing the paper from which we clip the following:

"The history of platinum mining in the Tulameen dates from the Granite creek excitement of 1885, and as platinum is essentially a product of the placers, is intimately bound up with that of gold placer mining here.

In the early days on Granite creek, when platinum was purchaseable at the rate of about 50 cents an ounce, it was regarded by the miners as a detriment rather than otherwise, and usually was not even saved in the "clean-up." When a little later, however, the price had advanced to about $3.00 an ounce, the metal when recovered saved and this has been the practice since.

Not all of the creeks tributary to the Tulameen river contained platinum in association with the gold. In general it may be said that the placers on creeks on the southern side of the Tulameen river from Granite creek up to Champion creek, including the Tulameen itself, carried platinum as well as gold; while on the northern side of the river only Bear and Eagle creeks were productive, although not to a very large extent.

The best placers were undoubtedly those of the Tulameen river itself between the mouths of Slate and Champion creeks. Here the coarsest nuggets were found, and the proportion of gold to platinum was about one to one. Slate creek was next in importance, and then Cedar creek, Granite creek and its western tributaries, Bear and Eagle creeks. Boulder creek, flowing into Otter lake north of the Tulameen river, though much worked for gold, contained no platinum. On the Tulameen river itself no platinum was found above the mouth of Champion creek, and below Slate creek the grains became finer and the quantity gradually decreased.

ORIGIN

Much of the gold and platinum found in the Tulameen river is coarse and has that rough unworn surface characteristic of nuggets which have not travelled far from their original source. Even in the beds of rapid streams the distance to which coarse gold travels is as a rule not considerable, and the same rule applies to platinum, which has a specific gravity not greatly different from that of gold Much of the gold of the district is still found imbedded in quartz, while the platinum is often associated with pyroxene, olivine or chromite. It is to be concluded, therefore, that the present placers are not very old; that they have been derived from the breaking down of rocks not very far distant, and are not the result of the working over of more ancient placer deposits formed by earlier streams.

HOSPITAL AID

The Hospital Board appreciate the kindly generous spirit displayed in a short note received from Mr. E. A. C. Studd, of Vancouver, who inclosed his cheque for $10.00 in aid of the hospital fund. Neither is this the first occasion upon which the Hedley hospital has been the recipient of his generosity and thoughtfulness for it is only a little over a year ago he gave very substantial aid by his handsome donation of $100.00 which came at a time when it played no small part in enabling the institution to be opened for patients at the time it was.

Another most generous donation came on Saturday from Mrs. J. A. Brown who handed over to the secretary the handsome sum of $43.00 being the net proceeds from her concert on Friday night.

EDITORIAL COMMENTS

When Sir Wilfrid Laurier appealed to the country a little over two years ago the watchword of his friends at his request was "Let Laurier finish his work." If it had been known then that this wild reciprocity scheme was contemplated the watchword would have been modified to fit the situation more accurately. What he seems determined to finish is Canada's period of prosperity the foundation for which was laid by abler and more far-seeing men than himself and in the face of his own most strenuous opposition.

The good people of Winnipeg will have little to be thankful for at the hands of the moral and Social Reform Society in the publicity now being given the city by these people who are sending broadcast over the land a report of the Social Vice Commission which sat there last autumn to inquire into and report on the segregation and toleration policy adopted by the authorities last year. Since that agitation the people of that city re-elected the old council and this surely should be accepted by the society and make them pause before resorting to the measures they are now taking.

The British Columbia Political Equality League are holding a convention in Vancouver this week to organize for a stand up fight to obtain the franchise for women in this province. When it comes to a matter of justice it is difficult to see why a woman who owns a house and lot and is carrying on a business in a town or otherwise identified with the progress of the place in which she is living should not be as much entitled to a vote for the men who will control the money she pays in taxes as men are. The present feeling of prejudice against giving women the franchise is due more to the violent actions of the Pankhursts and others of that ilk than to any general desire to deny women what looks on the face to be no more than their right.

Town and District.

There will be a meeting of the golf club executive at the secretary's office this (Thursday) evening.

Mrs. Bradshaw went to the ranch on Monday their tenancy of the Great Northern hotel having ended

O. H. Carle, of Keremeos Centre and Princeton was in town Tuesday. He predicts big shrinkage in the peach crop this year.

J. E. Rotherham returned last week from the north country and on Monday went in the Great Northern hotel which he has leased and made application for transfer of licence.

Mrs. W. A. McLean and her son Homer left on Thursday last for Kelowna. Mrs. McLean expected to stop over a day or two in Penticton with friends.

Miss McConnell, of Keremeos, a photographer who is well equipped for the work and has had much experience in that line visited Hedley last week and on Saturday took several group photos.

R. Ford who has been in the employ of Shatfords Limited for the past year left on Monday for the coast. As a salesman he has always been very popular with customers and faithful in the performance of his duties.

Robt. Clare returned on Saturday from a visit to England where he went late last year to be in time to spend the Christmas season. Billy Mattinson who went with him across the ocean decided to remain in England.

Rev. A. H. Cameron contracted a severe cold and because of it his Sunday night service was conducted under more or less personal discomfort. The past week or two has been rather trying in the matter of colds which in some cases took the form of grippe.

Mrs. R. S. Collin returned on Saturday last from Toronto accompanied by Mrs. Critchley who went with her three months ago. During her absence she was under treatment of a specialist in cases of paralysis and other nerve troubles and appears to have been much benefitted thereby.

Smoke was seen on Sunday last starting up from a freshly lit bush fire up on the mountain side in the vicinity of Fifteen mile creek. With everything so dry and the occasional fierce winds that sweep up and down the valley a bush fire is something to be dreaded. Commissions are appointed from time to time to examine into the cause of bush fires and devise methods to prevent them but every year the destruction of the timber resources of the province goes on as before.

There was a good turnout and a very interesting church service on Sunday evening last with something special in the line of music. Fortunately arrangements were made to hold the service in Fraternity hall for the church would not have held the congregation. Mrs. J. A. Brown sang in fine voice as a voluntary "A Dream of Paradise" and with Miss Daly, as a duet, "Nearer My God to Thee." Rev A. H. Cameron officiated.

Keremeos people made a splendid turnout to the concert on Friday night. In addition to those who took part in the programme there were present Mrs. F. Richter her daughter Freda and baby Rithter; Mr. and Mrs. Moody and baby Nora; Mrs. E. M. Daly, Maurice Daly and Geo Allison; Mrs. D. J. Innis, Miss Hattie Innis and Miss Bromley; Miss McConnell; Rev. A. H. Cameron, J. A. Brown and Charlie Armstrong.

For ten days past the boiler house at the works has maintained the silence of the grave and all steam has been off. Cold and all as the nights continued to be the warm sun each day had its effect on the snow in the hills and there is abundance of water in Twenty-mile to drive all the works. The Doble waterwheel is now doing all the work and with the extra machines which have been added and put in operation since last summer there is now a far greater service being required of the water than it ever had to do before.

Walter A. Frazier an insurance man from Spokane made a visit to Hedley this week. While doing the northern part of Washington state he found himself in Oroville and while there, decided to explore a little farther up the valley. Mr. Frazier is both special agent and adjuster for the St. Paul Fire and Marine of St. Paul, the Mercantile Fire and Marine of Boston, the American Central Insurance Co. of St. Louis and Lloyd's Plate Glass of New York. It goes without saying that he fell in love with the Similkameen and the fame of the Nickel Plate had travelled sufficiently far and wide to make him curious to inspect the works while here.

RANCH FOR SALE—Good ranch on the Similkameen river, convenient to Hedley. Young bearing orchard. For particulars apply at the Gazette office.

Government agent Hugh Hunter came in on Tuesday to attend County Court in his capacity as registrar. Judge Brown arrived yesterday but there were no cases to be heard and they were thus given a half-holiday.

On Sunday Dr. McEwen posted a notice at the hospital forbidding the admission of visitors. The reason for the restriction was that a case of measles had broken out, the unlucky one being baby Ewart, aged five days. Oroville has been full of measles and members of the train crew are exposed. The only way it can be accounted for is that in going back and forth in the train Constable Ewart had in this case carried the contagion to his new policeman. As soon as mother and babe leave the hospital, which should be now in a few days, the place will be thoroughly fumigated. Meanwhile intending visitors will please note the restriction and keep away.

A broken shaft at the ore bins delayed traffic on the gravity tram for a day last week, but as they had a new one on hand ready for use the repair was made in a short time, and the supply of ore in the bins at the mill being ample to keep the stamps going for some time ahead, no shut down was necessary. This is the first time the shaft in this head gear has ever given any trouble, but long continued use under the heavy strain to which they are subjected crystallizes the steel and the inevitable breakdown comes. The shaft in the headgear at the central station where the strain is greater was always the offender before and had broken on eight different occasions during the seven years or more the mine has been operated. Fortunately, however, the overhauling given it a year ago by Mr. Jones and the changes made have given the longest period of immunity from breakage that has yet been experienced. Nevertheless they are taking no chances of being fooled through over confidence and the extra shaft for use in emergency is kept on hand.

BASEBALL UP THE VALLEY

A correspondent from Granite Creek sends the following notice of a game played at Tulameen:

"We had a very good game of ball at Tulameen on Sunday between the Granite Creek-Coalmont team and the Tulameen club in which the former won 5 to 3. The line-up was as follows:

GR. CK.-COAL'T.	TULAMEEN
Rash c	Clerf c
Humes p	Britt lf
Wenick ss	Henderson p
Dickson 1b	E. Henderson 1b
Wingate 2b	Welsh 2b
McTavish 3b	Wigmore 3b
Marcott rf	McKay ss
Boucher cf	Douglas rf
Heinbecker lf	McKinley cf

THE WEEK'S GOLF

There were no specially important matches on the ladder during the week and the principal event was the usual Saturday foursomes.

In these there were sufficient members out to make up two sets. In the first set Hincks and Mrs. Jones were opposed by Whiteman and Miss Jackson. The former made the round in 63 and after reduction of their handicap their score stood 53. Their opponents had the best of the play for the greater part of the round making 8 holes for 50 but on the last hole they went over the bank and all attempts at recovery were disastrous until the situation became hopeless.

In the next set Rolls and Mrs. Thain made the round in 72 while their oppo- G. P. Jones and Mrs. Rotherham took 79 and as their handicaps were each 10 their standing was 56 to 63.

NOTICE

PUBLIC NOTICE is hereby given that, under the authority contained in section 131 of the "Land Act", a regulation has been approved by the Lieutenant-Governor in Council fixing the minimum sale prices of first and second-class lands at $10 and $5 per acre, respectively.

This regulation further provides that the prices fixed therein shall apply to all lands with respect to which the application to purchase is given favorable consideration after this date, notwithstanding the date of such application or any delay that may have occurred in the consideration of the same.

Further notice is hereby given that all persons who have pending applications to purchase lands under the provisions of sections 31 or 36 of the "Land Act" and who are not willing to complete such purchases under the prices fixed by the aforesaid regulation shall be at liberty to withdraw such applications and receive refund of the moneys deposited on account of such applications.

THE KEREMEOS PAGE

KEREMEOS, the Centre of Lower Similkameen----Famed for Fruit Growing

Town and Lower Valley.

Board and rooms at reasonable prices at Mrs. Keeler's.

Mrs. Pares is visiting her son, Mr T. E. Pares at his ranch above Olalla

A. J. King and E. Boeing of Hedley were vifitors in Keremeos on Saturday.

J. A. Brown, of Keremeos, has been appointed Official Administrator for the Similkameen electoral district.

Mrs. Reveley of Hedley was the guest of Mrs. Lowe at the ranch last week. She returned to Hedley on Monday accompanied by Mrs. Lowe.

Dave Willis has tendered his resignation as driver of the Penticton-Keremeos stage. His successor took over the whip the beginning of the week.

The item in our last week's news which stated that Mr. Hagan had purchased a ten acre block from the Keremeos Land Company should have read Mr. R. B. Hogg.

The new potato planter recently purchased by Mr. Quaedvlieg has been doing great service this spring, not only at home but on the fields of neighbors. It has planted a large acreage, covering as it does about three acres a day.

Last week a team of horses belonging to H. Ulrich disappeared in such a manner that it was thought they had been "lifted" and the constable was notified to that effect, but they were afterwards located above Olalla, where they had wandered.

Members of the K.K.K. are requested to return any books of the club which they may have in their possession to the secretary, as the books are to be sent to the church for the use of the Sunday school until such time as the club resumes its meetings nextfall.

Tommy Daly has been taking a week's holiday trip across the line, indulging his liking for baseball. On Sunday 23rd he pitched for Okanagon against a neighboring team, winning his game by a score of 8-1 Last Sunday he expected to play in Oroville.

H. B. Meausette left on Monday for Princeton where he has work enough to keep him about a fortnight. He has found himself unable to go ahead with the painting of the church, as intended, and we understand, the job has been turned over to Mr. Burnell of Fairview.

E. F. Gunther, Inspector for the Norwich Union Fire Insurance Company was in Keremeos last week. Mr. Gunther has been appointed to the newly created office of Provincial Fire Insurance Inspector, with headquarters at Victoria. He is now completeing his rounds for the N. U. preparatory to entering upon his new duties.

Rev. Mr. Kinney left on Monday to attend the district meeting at Kelowna, after which he will attend conference. This will necessitate his being absent from Keremeos on his next Sunday and as the general shuffle takes place on the first of June this will give Mr. Kinney only one more service here.

Last week the secretary of the school board received from Miss McMullen, teacher of our school last year, a dainty little medal awarded to Lloyd Armstrong for general proficiency for the year 1910. In her letter, written from Galiano Island, B. C. Miss McMullen also mentions the favorable standing made by Oriel Meausette and Helen Richter, for the year 1910.

On Monday last Mr. Goldbeck and family moved into the residence recently purchased from Mr. T. C. Brooke. Mr. Brooke and family are temporarily established on the new property just east of his old home, which he purchased from the Keremeos Land Company. They intend moving to Princeton in a short time.

The advance in the price of Government land only applies to such, the application for which had not been favorably considered before the first of April. This means that any applicant who had received notice that his application was favorably considered and that it would be in order for him to go ahead and have his land surveyed will be able to complete the purchase on the old schedule of rates. Just why the government should have seen fit to advance the price of land after all the best has been taken and nothing but inferior stuff left is rather a mystery.

"The Quality Store"

Buying cheap flour to ruin your health for the sake of a few cents per sack is just the same as standing on a plank tilted towards the sea and swabbing it with grease. It is only a question of time until you will take a slide to "Davy Jones Lacker,"

FIVE ROSES is made from the finest grades of Manitoba hard wheat. It is not a bleached flour, but has that rich creamy appearance akin to the golden grain from which it is made.

Beware of the merchand who will try sell you some other brand of flour and tell you its just as goed as "Five Roses" he is only trying to get you to take a short cut to the "Bone Yard."

This is an age of efficency and the people, all over the world, are demanding high class goods.

Try a bag of Five Roses and if not pleased demand your money and it will be waiting for you.

FRANK RICHTER & CO.

Give Us a Chance to Prove

OUR FLOUR

We want floks to know what a splendid flour our best is. We want you to buy a sack at our store. Use it for a couple of bakings and see the result.

Our Best is Guaranteed for Bread

With Our Best you will have success or your money back, your bread will do you credit or you don't pay for the flour. Bring back what you have in the sack and we will refund your money in full. A Strong, Nutritious Light Raising Flour unbeatable for bread thats Our Best, try it.

F. J. SAUVE & CO.

At the mortgage sale of the property of J. A. Saunders, held on Saturday last, the property was purchased by J. A. Brown, representing the creditors, who had previously subscribed a sufficient amount to satisfy the mortgage. As soon as a few details are arranged the property will be offered for sale. In the meantime James Innis has it rented and took possession on Monday. "Fish" left the same day by automobile, for Princeton.

S. M. Studebaker of Merritt was in Keremeos during the past week running an automobile service between here and Penticton. His object was to sell the big touring car which he had with him and his trips to and from Penticton were made to demonstrate that the car was equal to the task. Parties here who were interested agree that the time is not far distant when they will have to supercede the "four-in-hand" with the motor but they were not disposed to pay a first hand price for a second hand machine and on Monday Mr. Studebaker's car left for home taking him with it.

There has been further evidence of activity up the Ashnola this week. A couple of men representing the owners of the tungsten claims were in to ascertain the prospects of early commencement on the wagon road and also Mr. J.J. O'Leary of Helena, Idaho, is exploring that part of the country with a view to ascertaining the most favorable outlet for products of the country back of the Ashnola. It is to be hoped that there will be no unnecessary delay in the building of the road up the Ashnola from this side as such delay might easily mean the construction of the road from Nighthawk or some other point on the other side of the line and the loss to this district of the great benefit which might accrue from having it on this side. There appears to be no reason to doubt that the tungsten people mean business and with the appropriation made for the road we hope to see the dirt flying before many weeks have elapsed.

SILKS

Large Assortment of choice Silk Dress Goods, Silk handkerchiefs etc. for sale at right prices

TOMMY SING, Keremeos.

Public Service Act

THE qualifying examinations for Third-class Clerks, Junior Clerks, and Stenographers will be held at the following places, commencing on Monday the 3rd July next:—Armstrong, Chilliwack, Kaslo, Kelowna, Ladysmith, Nanaimo, Nelson, New Westminster, North Vancouver, Peachland, Revelstoke, Rossland, Salmon Arm, Summerland, Vancouver, Vernon, and Victoria.

Candidates must be British subjects between the ages of 21 and 30, if for Third class Clerks and between 16 and 21, if for Junior Clerks or Stenographers.

Applications will not be accepted if received later than the 15th June next.

Further information, together with application forms, may be obtained from the undersigned.
