ROLL ME A GAME AT ROLLS

SMOKER AND PRESENTATION

Mr. Walter Beam Honored By the Office Staff

Last Friday evening Mr. T. W. Beam received a very pleasant surprise in the form of a dinner and presentation tendered to him by the "Boys of The Hedley Gold" as a fitting farewell to Mr. Beam and a slight tribute to the genuine qualities of good fellowship which have made him such a general favorite among those whom he rubs shoulders.

The entertainment which was held at the office mess house took the form of a select smoker enlivened by song, anecdote and various forms of gastrinomic consolation, Vocal numbers were rendered by Messrs. Huneke and Prior with great feeling and effect, while instrumental selections by B. W. Knowles and the guest of honor elicited general applause.

About 10 o'clock Mr. Huneke, who had been presiding at the lunch counter administering first aid to the famished, issued a ukase casting the celebrants into outer darkness for a space of twenty minutes, recalling them later to a daintily prepared dinner. When full justice had been done to the offerings of the thoughtful Huneke, the real business of the evening loomed in the middle distance. After toasts to the Company, the President, the General Superintentdent the Mine, the Mill, the Community and the Mining Engineer, had met with fitting response; toastmaster Jones rose; and after paying sincere tribute to the guest of the evening as a miner, a comrade and a man; presented him on behalf of the office staff, with a gold mounted cigar case suitably engaved.

Though taken completely by surprise, Mr. Beam made a neat reply expressing his thanks for the gift and his deep sense of appreciation for the sentiments it conveyed. After a cordial farewell all round the party broke up, voting the smoker an event of genuine enjoyment.

CANADIAN PICTORIAL

Canada's Most Artistic and Popular Magazine

Its pictures pertaining to the war are alone worth the money.

This elegant magazine delights the eye while it instructs the mind concerning the picturesque doings of an interesting and highly entertaining world.

Each issue is literally crowded with the highest quality of photogravures, many of them worth framing.

It is the most popular "Pick-me-up" on the waiting room tables of the leading doctors throughout the Dominion, and in the big public libraries it is literally "used up" by the many who are attracted by its entertaining and beautiful pages.

It's a "love at sight" publication and it has departmental features of great interest to the young woman and the home maker.

Of it—just to quote one man's praise from among thousands—the late Rt. Hon. Lord Strathcona, wrote:

"The 'Canadian Pictorial' is a publication which, if I may be permitted to say so, is a credit to Canada." (Signed) Strathcona.

On trial to new subscribers—Twelve months for 65 cents.

The "Canadian Pictorial" is published by THE "PICTORIAL" PUBLISHING Co., "Witness" Block, Montreal, Canada. Try it for a year.

IMPROVING THE LINE

Tunnel and Bridge Work on Boundary Sub-Division is Being Done by C. P. R.

Proceeding with its general programme of improvement work, the C. P. R. is doing considerable work on the Boundary sub-division of its system in British Columbia. In order to obviate the use of a big trestle near Shields, a tunnel 400 feet long is being driven through the mountainside. The curvature on the section will also be improved by the change in route. The company is building a steel structure to replace a timber trestle bridge on the Boundary sub-division near Brilliant and is filling up another bridge at Porcupine. It is expected that the improvement work will be finished before the end of the year.

DENOUNCES THE KAISER

Congressman Gardner, of Massachusetts, Bitterly Arraigns Prussian Militarism

Recently President Wilson's neutrality proclamation was ignored in the House by Representative Gardner, of Massachusetts. He bitterly denounced the Germans and placed the responsibility for the European conflict upon the Kaiser's Prussian militarism.

"It is true with respect to the present European war," said Mr. Gardner, "my views are not those of a neutral. I'm entirely convinced the German cause is unholy and a menace to the principles of democracy. Futhermore, I believe the god of battles will visit defeat upon the Germans. But no matter which side wins, we must remember that since the beginning of time victorious nations have proved headstrong and high-handed We must begin immediately to reorganize our military strength if we expect to resist that high-handedness when the day of necessity arrives."

Mr. Gardner asserted that the United States was most unprepared for war, that the effect of the sums Andrew Carnegie spent on his peace propaganda had been to blind Americans to the fact that national security from a military standpoint had been undermined. Mr. Gardner introduced a resolution providing for a commission of three Senators, three Congressman and three others to be named by the President to investigate the preparedness of the United States for war.

THE SKATING CLUB MEETS

That Healthy Infant Makes its Voice Heard Again

Last Wednesday evening the Hedley Hockey and Skating Club held its annual meeting at the rink club house for the purpose of electing officers to the executive committee and outlining a general plan of campaign ror the approaching season. Though the treasurer's report showed the finances of the club to be in excellent condition, it was decided at the meeting that the interests public would be best served by a reduction in rates rather than by an extension of the club's premises. It was determined, however, to make such improvements as would insure to ticket holders the best possible value for their money and conduce to the comfort of rink patrons.

According to the scale of prices for season's tickets adopted by the meeting, tickets for gentlemen will be $3.00; for ladies, $2.00, and for children, $1.00, with special rates for two or more in the same family.

After a spirited contest the following Excutive Committee was elected for the ensuing year:

Hon. Pres.—G. P. Jones
Pres.—F. H. French
Vice Pres.—A. T. Horswill
Secretary—M. C. Hill
Treasurer—C. P. Dalton
Committeemen {S. E. Hamilton, P. Murray, H. D. Barnes}

A SLIDE IN THE CULEBRA

Traffic Through Canal Is Completely Interrupted

On October 14th a serious landslide occured in the Culebre Cut and interrupted completely all traffic through the Panama Canal. Several ships in the canal have been unable to complete their passage.

At Washington the news of the land slide caused no alarm at the Isthmian Canal Commission office. While regretting the temporary closure of the canal the officials say this slide will have its compensations from an engineer's point of view because it will hasten the final subsidence of the mobile material in the cut, thereby insuring the permanence of the waterway.

Among the vessels known to have been blocked by the slides in the Culebre Cut are the American-Hawaiian freighter Pennsylvanian, which arrived yesterday at Balboa, bound for New York. The British freighter, Kingsway, with coal for the naval station at Esquimalt, and the steamer St. Helens with a cargo from San Francisco for New York.

CONNECTIONS WITH THE COAST

Service to the Coast Over the K. V. Will Likely Be Ready By Next Spring

The following telegram was received recently by Premier McBride from J. J. Warren, president of the K. V. Railway Co.

"We connected up the Kettle river and Okanagan valley on Friday last, the steel meeting at mile 45, east of Penticton. We now have almost 225 miles of steel laid, of which 175 miles are continuous from Midway to Osprey Lake, via Penticton. Over 90 per cent of the the grading of the entire line is completed. All grading will be finished in another month. At the beginning of winter there will remain only sixty miles of track to be laid next year."

This means that direct train service between the West Kootenay, the Okanagan, the Similkameen and Vancouver, via Merritt, over the lines of the Kootenay Central Railway and the Canadian Pacific Railway, will likely be instituted, it is said, early next summer. Advices from the head office of the K. V. state that construction will be advanced this autumn to a stage where about sixty days' work early next spring will complete the line ready for traffic.

The Kettle Valley has been linked from Midway to Penticton and another forty miles has been laid west to Osprey lake. Grading has been nearly completed from Osyrey Lake to Princeton, where the line will join the V. V. & E. and run over its tracks to Otter Summit. The connecting section of the joint route between Penticton and Otter Summit is expected to be completed this autumn, or early next spring, either earlier or at the same time as the Kettle Valley.

REACHES THE THOUSAND MARK

Hedley's Patriotic Fund Slightly in Excess of a Thousand Dollars

A day or two ago Mr. C. P. Dalton, local secretary of the Patriotic Fund, handed the Gazette a brief statement, showing the final results of the campaign in Hedley; and, while undue boasting is not in good taste, the results are such as must inspire us with the keenest sense of pride in ourselves and our community, Per capite there is probably no town in the province which has excelled our record and very few that have equalled it. It was one of the rare occasions when everyone so nearly gave up to the full measure of their ability that giving become a real sacrifice. Congratulations are in order all round. The committee are to be commended on the manly direct methods they took in approaching the public, the subscribers for their splendid liberality toward a worthy cause, and the secretary for his untiring efforts in discharging the great burden of the work which fell to his lot.

With pardonable pride we publish the secretary's statement below.

Hedley, B. C., October 19th. 1914.

To the Editor,
Hedley Gazette.
Hedley, B. C.

Dear Sir:

Permit me through the columns of your valued paper to make the following report re The Hedley Branch of The Canadian Patriotic Fund:—

Previously acknowledged	$982.75
E. Cookson Sub. acknowledged as $3 instead of $5	2.00
	$984.75
Since received	
Felix	$3.50
C. A. Brown	$3.50
W. Mathew	$5.00
G. Edmond	$5.00
Total Promised	$1001.75

Of the amount promised $926.75 has been paid and stands at the credit of the Fund and the balance now due $75 should come to hand during the next few days.

As will be seen the subscriptions are just over $1000, the amount which the committee set out to secure.

Yours faithfully,
C. P. DALTON,
Sec.-Treas. Hedley Branch Canadian Patriotic Fund.

MINING PROSPECTS NEAR HOME

Activities Around Hope and Elsewhere —Some Rich Properties

According to Mr. H. B. Brown of Vancouver who has just returned to the coast after a trip to the interior, prospects around Hope and the northern Similkameen are unusually bright. His remarks are somewhat as follows:

Confidence has been restored to a greater extent than upon the coast. The breaking out of the war caused mining to take a severe slump, but its effect has been largely neutralized, and following the line taken by the Consolidated Mining and Smelting company of Trail, mine operators continue to produce the metals that are likely to be in such demand at the close of the war. Mines that have been shippers are producing as usual and efforts are being made to bring in new properties to the shipping stage. In this owners have the support of the new railroads as well as the mining interests.

Connections are being made between the Kettle Valley and the G. N. R. tracks at the head of the Coldwater, opening up the Similkameen and Okanagan to an all-Canadian line and the coal mines of Nicola to extensive markets in the States. Princeton comes in for a share of this prosperity and her people are prepared to make full use of it.

Hope, with her natural resources, can be counted on as one of the coming centres of industry.

The mining camps at 22 and 23 Mile on the Sumallow River continue to show marked improvement with their ore, and outside people are being attracted to the camps.

The showing is improving with every day's work on the Fritz-Diamond group, and the Collins Lucky Boy. These are both being considered by mining people good to develop. On the Rainbow group drifting is being continued and the last line of samples taken show an increase in values and extent of deposits.

The local Hope people as well as those on the coast who are interested in these properties have bright prospects in view. Supplies are going in and camps are being got in shape and quite a working force will winter in the camp.

UNWORTY TAUNTS

If our contemporary, the "Western Clarion" is any criterion to judge by the strongest argument against Socialism is the modern Socialist. A month or more ago the Vancouver Province published an extremely sane and practical editorial, pointing out what admirable immigrants the Belgiums would make and suggesting what a gain it would be to us and a godsend it would be to them, if we could offer to the striken refugees no mere asylum but a permanent home. In an article more noticeable for length than depth the "Clarion" attacks the suggestion of the "Province" as "the most shameless and vulgar among the many chortlings over the possible gains to be made out of European horror * * but a fair expression of the way in which this war effects this bourgeois mind in Canada or elsewhere."

We persume that the other "chortlings" are the predictions of our business magazines that Germany's isolation is Canada's commercial salvation if she is shrewd enough to improve the opportunities knocking at her door. Now just what would this hysterical gentlemen have us do? Would he have us, like Shakespeare's character "sit down on a grassy bank and sadly talk about the death of kings" or be up and doing like sane men trying to better the situation as it exists? The war is none of our making: we must face conditions not as we would wish them to be but as they actually are and make the best of what we find. When we do this the situation begins to amend itself, Not so the western Socialist, if the "Clarion" may be taken as his accepted mouthpiece. A contributor, signing himself "Poor Student", informs the working men in general that they are members of the most degraded slave class that history records. Verily, he is about as poor a student of history as is still at large: but this does not deter him from getting his hysteria into print and taunting the men who had enough red blood in them to go to the front and fight for the protection of such as he. When the music strikes up, he says, "the poorly fed slaves swell their pigeon chests, straighten their bowed spinal column, fill their dust-laden lungs and join in the chorus". Thank beneficent Providence we have men with sufficent fibre to do just these things and do them with a smile. Granted that the Socialists have always campaigned against war, what has that to do with the present case? We do not want war and did every thing in reason to avoid it; but just as there are some men who can only be convinced, when you are sitting on their chests and some children who can be persuaded only through the ministrations of a barrel stave, so there are some dynasties which have to be smashed in the interests of peace. It is not vengeance, unless, indeed, it be the vengeance of Heaven. It is a painful necessity laid upon men who do not wish to be walked on. The scribe of the Clarion mocks that "the Dove of peace has no where to roost." He himself would have no place to roost if he aired his seditious sentiments in the domains of the kaiser. He does not seen to realize that the very freedom of speech which he enjoys and abuses is the outward and visible sign of that true spirit of democracy for which we are now compelled to fight against ideas of government, dating from the middle ages.

We have little criticism to make of the basic principle of Socialism. There is genuine righteousness in it, if there is any truth in the utterances from Sinai and Olivet; but to make government move, to get things done we want men of business not mere evangelists. Tried by this practical test most of our Socialists make a sorry showing. The time of protests is pass, it is now time to fight for all we hold precious. Canada contributes a contingent; your Socialist contributes a debate. We have met Socialists who were not lazy men, but we never met a lazy man who was not a Socialist. If the workingman of the world is as abject, brainless a creature as "Poor Student" would have us believe, how is he to be wrought into a social system which presupposes so much inherent nobility in the human character that one would almost think it designed for a commonwealth of angels rather than for a world of flesh and blood?

Elbert Hubbard says; "If you work for a man, in Heaven's name WORK for him. If he pays wages that supply your bread and butter, work for him, speak well of him, think well of him, stand by him and stand by the institution he represents. If you must vilify, condemn and eternally knock, why throw up your job, and when outside, damn to your heart's content. But, I pray you, as long as you are a part of an institution, do not condemn it. Not that you will injure the institution—not that—but when you knock the concern of which you are a part, you knock yourself."

Organs of protest are all right in their place, but talk for talk's sake is sorry consolation. At this crisis it is almost akin to crime. In the Empire's moment of agony there are men among us who would eat her bread and stick the bread knife in her. While such men live, Judas Iscariot is not dead.

ROLLS FOR RIFLES

Synopsis of Coal Mining Regulations

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.-Unauthorized publication of this advertisement will not be paid for. 9-6m

See Rolls AT ONCE for those skates and Hockey Boots. Order NOW and you get what you want. Leave it till later and you take what you can get.

Bertie Schubert came down from Tulameen late last week to assist at the Hedley Trading Company's sale. He will be here dispensing bargains till the big semi-annual is over.

Friday and Saturday, Oct. 23rd and 24th, Red Letter Days at the Hedleys Trading Company's Store. Extra deep cute in Prices on Boots, Shoes, Sweaters, Waists, Shoes and all kinds of wearing apparel. See our ad on this page.

It is expected that Mr. Merrill will be in about Thursday on general business connected with the season's work at the Camp. He will be accompanied by Mrs. Merrill and may remain over the week end.

IMPORTANT—The Hedley Trading Company have a special message for you. Look for it on the white poster at your door on Thursday evening. Its about an extraordinary price cutting effort for Friday and Saturday, the last two days of our big sale.

WANTED—A live manager to represent the INLAND COMMERCIAL AGENCY in this town. Must be good typist and book-keeper, with a knowledge of the collection business, and must be ready to devote whole time to it.—Apply at once, stating previous experience to Box 203, Penticton, B.C.

H. A. Turner was in town last week on business in connection with the purchase of the limestone bluff on south bank of the Similkameen River near the mouth of Twenty Mile Creek. His partners in the deal will be F. H. French and Hon. L. W. Shatford. Mr. Turner was accompanied by wife and child.

Two strong streams of water have been tapped by the diamond drills both below the 1500 foot level. One spring carries a pressure of eighty pounds to the square inch and is quite cool and sweet. The other spring which is rather warm and slightly mineralized, reaches the top with a pressure of sixty pounds. Other springs of greater or less strength have been encountered, but only on the two mentioned has the pressure been actually measured.

Last Saturday the second drill at Camp Clifton closed down, the full season's work laid out by the projectors having been completed. During the summer holes have been shot down in several directions from both sides of the canyon to depths varying from seven hundred to nearly two thousand feet. Traces of mineral have been found but we believe no great ore body has been encountered. While nothing definite has been decided as yet there are excellent prospects that the drills will be running next year at a little different location.

Golf has got us. Nowadays the current form of salutation is no longer, "How are you?" or "How do you do?" but "What did you get around in?" and "How do you putt?" As the contest for the Merrill cup goes merrily forward, speculation becomes keener and the situation grows more acute. Some eight couples have played off, and the scores indicate that, in the main, the handicaps imposed were very fair to the players. The results submitted to the secretary show that H. D. Barnes put Allen Galbraith away. P. Murray won from Mrs. G. P. Jones, Miss E. Jackson beat R. S. Collin and Mrs. Rotherham in a three-cornered fight. G. P. Jones tied with Jas. Clarke. Later Mr. Jones secured his match from Mr. Clarke. Wm. C. Martin sustained the honor of the press against C. P. Dalton. F. H. French put a debit balance on S. E. Hamilton's books. Geo. Sproule took Miss Allen into custody, while L. C. Rolls took the exact measure of W.K. Pollock, this being the second match which ended in a draw. Such is the situation at present as far as can be gathered from a nonsory survey of the game furnished from time to time by returning players.

The International Hosiery Co.
P.O. Box 241
DAYTON, OHIO, U. S. A.

EARN---SAVE

Reading Advertisements Will Help You Do Both

By HOLLAND.

WHAT you save is more important than what you earn. Spend all that you get, and you will never have a surplus. Save even a little, and you are making headway.

There are various ways of saving, but one of the most effective is to spend your money wisely. You can do this by reading the advertisements in this paper closely and by taking advantage of the offers made. You can thus save without denying yourself what you need.

Merchants regularly advertise everything that you eat, wear, need for the home or require in your business. The advertisements tell you where you can buy cheaply and at the same time get goods of quality.

PRACTICE TRUE ECONOMY—BUY ADVERTISED GOODS.

Even if you do not want to buy, it pays to read the advertisements and keep posted, so you will know where to buy when the time comes.

One Spoonful Gives Astonishing Results

Hedley residents are astonished at the QUICK results from the simple mixture of buckthorn bark, glycerine etc., known as Adlerika. This remedy acts on BOTH upper and lower bowel and is so THOROUGH a bowel cleanser that it is used successfully in appendicitis. ONE SPOONFUL of Adler-i-ka relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gases rumble and pass out. F. M. Gillespie, druggist.

Grates are extra durable. Coal grate is duplex. Wood grate is the most modern type.

McClary's Kootenay Range 60

will take extra large pieces of wood—just remove back and lining. Ask the McClary dealer to show you.

ADVERTISE IN THE GAZETTE

THE KEREMEOS PAGE

KEREMEOS, the Centre of Lower Similkameen----Famed for Fruit Growing

Town and Lower Valley.

Fine weather—Cattle still enjoying the good feed on the ranges.

Mrs. G. Sanders of Vancouver is visiting her mother Mrs. Sam Johnson.

Mr. George Tickle, wife and family spent Sunday at the Manery ranch.

Mrs. James Innis is visiting Mrs. L. A. Clarke at Green Mountain for a few days.

Don't overlook Mills, the hardware man. It pays to advertise and he's got the goods.

Mrs. R. H. Carmicheal went up on Saturday's train to Princeton and returned Tuesday.

William Bradley showed up in town Monday after some strenuous work on the mountain.

Mr. William Hogg, chief Inspector of B. C. Canadian Bank of Commerce branches, passed through Saturday on his way to Princeton.

Pure bred single comb Rhode Island Red and Rose comb silver-laced Wyandotte cockerels for sale or exchange for pullets.—E. C. Armstrong, Keremeos.

J. Jowdrey, late of Princeton has opened a small jewelery store and Robert Dale, late of Vancouver has taken up the Boot, Shoe and Harness repairing business.

Another car load of flour will be in Keremeos in a few days. At the time of going to press there is nearly a flour famine at hand. There is not five hundred pounds left in town.

William and Lachlan Gilanders returned from a couple of weeks trip up the Ashnola River, both have pre-emptions up the valley and managed to get in a lot of work on their places.

The Misses Williamson and Miss Wenless of Penticton rode over on horseback Thursday last, and spent the day Mrs. D. J. Innis, they returned Friday very much pleased with their first trip to the valley.

E. A. Hargreaves, late of this town but now of Victoria, B. C., arrived in town Saturday, the 17th. Keremeos still looks good to him, although he was doing very well in the real estate line in and around the island city before the war, of late things have so simmered down that he was able to pay his old friends another visit.

Work on the Hedley-Keremeos road has been suspended and foreman Young and McCurdy have brought in their crews. McCurdy has gone to do some work near the boundary line at Chopaka and Young will get the roads in the vicinity in good shape before the winter. Dan McEachern and his crew at Olalla have drawn stakes. Every crew in this riding has made remarkable progress in all the road work allotted to them throughout the summer.

Last Friday evening the Boy Scouts had their Tenderfoot examination in knot-tying, Scout Laws, and history and composition of the Union Jack. On the whole the results showed that the boys had been working. The following boys, (alphabetical order) successfully passed the examination; and will shortly be invested as Tenderfoot Scouts. Lloyd Armstrong, Bennie Clarke, George Clarke, James Clarke, Wallace Dundas, Cecil Harrison, George Kirby, Clifford Manery, Wilburn Mattice, and William Thomson. A few others were almost ready to pass and will have a second opportunity in a couple of weeks. Next Friday evening a start will be made on First Aid work, and in addition Mr. Patterson has consented to give a short talk on signalling.

WE'VE GOT THE BUSINESS

AND THERE IS GOOD REASON WHY

If we were to be here to-day and pack up and go tomorrow we could perhaps afford to run our business along slip-shod lines. We are here, however, to build a business. This we intend to do by stocking high-grade goods and selling at a low margin of profit. See our superior line of Goods for Spring.

Where Do You Shop?

DO you shop in a brisk, active store, or in a dull store?

Advertising makes bright stores. Failure to advertise goes hand in hand with dullness and stagnation.

Advertising brushes away cobwebs and dust, smartens shop windows, quickens the intelligence of salesmen, and lets in the sunlight.

Advertising makes the merchant think of you—of your wants and needs; makes him anxious to serve you to your liking and advantage.

Advertising keeps stock from having birthdays.

Advertising acquaints you with new things, and so brightens your home, your life, your person.

Advertising keeps a business from growing lazy and stupid. Advertising injects good red blood into the arteries of a business, and keeps it healthful and active.

Shop where your wants and needs are uppermost in the mind of the merchant. Shop in the store which reflects you, which you dominate. Shop where your money returns to you in better goods, better values, better service.

Shun the shop that is dumb and dark and dreary; keep away from the shop that never speaks to you, never smiles at you, never bothers about you.

Reward by your custom the merchant who lives to serve you, and who is doing his utmost to build up this community; who takes you into his confidence by means of advertisements in your local newspapers.

Smile back at the shop which smiles at you. Shake hands with it—keep company with it—your favor will be returned to you tenfold.

Advice regarding your advertising problems is available through any good advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.
