VOL. IV. NO. 43. KELOWNA, BRITISH COLUMBIA, THURSDAY, SEPT. 19, 1912. $1.50 Per Annum.

Meeting of City Council

Preparations Being Made for the Duke's Visit

The council met as usual Monday morning last.

A letter was read from the secretary of the International Highway Association, calling attention to the convention to be held October 9th to 12th, and expressing the hope that the council would be represented there.

Mayor Jones said he would like to see a delegate go from Kelowna as the matter to be discussed was important and interesting and might prove useful to the city.

A letter from the proprietors of Whittaker's Almanac respecting advertising was referred to the Board of Trade as also an inquiry regarding the advisability of opening a new picture show in the city.

The following accounts were passed for payment:

Canadina Carbon Co., Carbons	$ 13.00
McKenzie Co., candles - - -	.40
Fleck Bros., leather belting - -	29.80
G. Thomlinson, power hse. sup. -	2.50
Northern Elect. & Mfg. Co., do. -	248.82
" " " do. -	75.00
Kel. Sawmill Co., fuel - - -	1206.00
" " " sewer acct -	9 25
" " " do. -	276.83
Morrison-Thompson Co., power house supplies - - -	16.68
Kelowna Record, print. and advt.	34.44
S. Kemp, work on power house and pole line - - -	18.00
Ok. Telephone Co., Sept. acct. -	18.54
R. Sutherland, expense acct. taking prisoner to Kamloops -	21.30
C. R. R., freight - - - -	4.01
do. - - - -	14.57
O. K. Lumber Co., flume lumber -	15.84
Sewer const. time sheet, 15 days to Sept. 15th - - -	1321.37
J. M. Paret, time on sewer const. -	14.62
R. Pumphrey, do. -	21.00
R. Stroud do. -	16.67
C. Bahdred - do. -	9.00
T. Ryan do. -	22.00
J. Bluff do. -	1.33
F. Poredel do. -	16.67
J. Ferguson, do. -	25.33
J. Snape, do. -	3.00
C. Nicholl, work on streets -	25.50
G. Dillon, do. - -	60.00
F. Blackwood, do. - -	60.00
F. A. Heather, grading in park -	200.00
Dr. Dickson, Aug. sal. (irrig. con.)	100.00
" refund of deficit on Penticton excursion - -	9.00
Coates, Edwards & Gowen, auto hire, Irrigation convention -	100.00
do. repairs to car -	14.50

Dr. Dickson presented a statement of accounts in connection with the Irrigation Convention. The expenses, he said, had been kept very much lower than had been anticipated and the $500 grant from the Association would cover all outlay except $123.50, nearly all of which was for additional motor car hire and the cost of repairing an auto which had been damaged. The rest, amounting to $9, was deficit on the excursion to Penticton.

The small figure at which the expense had been kept was partly due to the kindness of Ald. Sutherland who had supplied beds for the use of the delegates without any charge. It was not necessary now said the doctor to refer to the success of the convention, but he would like to point out that through it Kelowna had received an enormous amount of valuable publicity and at very little cost.

Ald. Sutherland said the council were very grateful to Dr. Dickson for his splendid work as secretary of the convention. He had not only worked hard for convention but had done a great amount of publicity work in the way of writing articles for outside papers.

The following resolution was passed:—

"That the city council express their appreciation of the valuable services which Dr. Dickson had rendered to the city and district while acting as secretary of the Western Canada Irrigation Association by tendering him a hearty vote of thanks, the same to be placed on the minutes of the council."

In thanking the council for their resolution Dr. Dickson said he would like to see the publicity work which he had been doing carried on. The notices to the different papers should be kept up as the surest way of letting the outside world know what was going on in Kelowna.

He also drew attention to the special meeting of the Irrigation Association which had been called for January 9th and 10th next in Victoria to discuss matters of special interest to British Columbia. The executive of the Association had appointed him secretary for B.C. and he hoped the special convention would be a great success. He advised the council to be ready to bring any matters in which they were interested before that meeting.

Two new by-laws, necessary formalities in connection with the widening of Pendozi street were then introduced and read a first time. No. 117 was to authorize the widening of Pendozi street and No. 118 to give the council power to collect the cost of same under the Local Improvement By-law.

A resolution was passed that when the 15th of the month (the last day for payment of water and light dues) fell on a Sunday the time should be extended to include Monday, the 16th.

A sub-division plan of Block 26, Map 202, was submitted by Dr. Mathison and passed.

Ald. Sutherland mentioned that the water and light committee had been obliged to order a car of new pipe and asked the council to confirm their action by a resolution. This was done.

The cost of mowing grass and weeds on the streets was brought into discussion by Ald. Taylor, who suggested that the city would find it more profitable if they purchased a mower of their own. At present they were paying $1 per hour, which meant $6 per day for a team and $4 per day for the mower. This was an absurd price to pay for the hire of a machine, as a couple of weeks' work would pay for it.

It was stated that there was some difficulty in getting a man to mow the streets at any price, owing to the fact that the wire and rubbish which accumulated at the road sides very soon put a machine out of commission.

Ald. Copeland reported that the Board of Works had inspected the tracks which the C.P.R. were laying to the cannery, and Imperial Oil Co.', building. Representatives of each firm had promised to have the road fixed up to the satisfaction of the council.

Ald. Copeland made the suggestion that the city place lights on the different bridges in town. The bridges seemed to be mostly in dark, lonely places and it was very difficult for anyone driving at night to see their way over.

On the suggestion of Ald. Copeland the clerk was instructed to write the C P.R. with respect to the condition of the wharf. This, he said, was in a disgraceful state. Owing to lack of room in the freight sheds, stuff was littered all over the wharf, scarcely giving standing room. Fruit too, it was mentioned was left lying in the sun without any protection.

Ald. Copeland brought up the matter of endeavoring to secure excursion rates into the Okanagan but it was thought better to leave this for the consideration of the Board of Trade.

Ald. Taylor said he had been asked to bring before the council the suggestion that the building inspector be instructed to inspect the cornices of the large buildings in town, as some were said to be in an unsafe condition.

Mayor Jones said the inspector would be asked to do this and submit a written report.

Consideration was given for some time to arrangements for the visit of the Duke of Connaught and party to Kelowna on the 5th of next month. Ald. Sutherland, Ald. Raymer and the Mayor were appointed to draw up an address to be presented to His Royal Highness, and Ald. Taylor and Ald. Copeland to prepare a book of photographs of the district to accompany the address.

It was also decided to ask the merchants and citizens to decorate their stores and houses.

Ald. Sutherland drew the attention of the Chief constable who was present to the number of boys who were firing off rifles within the city. It seemed to be becoming quite a common practice on the north side of the town near his house.

The chief promised to give the matter his attention.

The meeting then adjourned.

Mr. A. W. Bowser, manager of the British North America Tobacco Co., left Wednesday for a few day's visit to the coast.

Confirmation Service at St. Michael's Church

Bishop de Pencier visited Kelowna last Friday for the purpose of holding a confirmation service. He was accompanied by the Hon. Secretary of the British Columbia Church Aid Society, Rev. Jocelyn Perkins, Minor Canon of Westminster Abbey. In the morning and afternoon the visitors were motored around the district to give them an opportunity of seeing something of the fruit industry. Rutland, the K. L.O. Benches and Okanagan Mission were visited in turn.

The confirmation service was preceded by choral evensong, the service being intoned by the Rev. Jocelyn Perkins. The candidates presented for confirmation were eight in number, 4 from Kelowna and 4 from Okanagan Mission.

Bishop de Pencier gave a strong manly address to the candidates for confirmation, pointing out some of the meaning of religion. He laid great stress on the twofold aspect—the personal or individual and the Catholic or universal. He urged that membership implies life, worship, love, citizenship and loyalty and impressed on the candidates the virtues of faithfulness, meekness, that is teachableness and temperance or self control.

A fairly numerous congregation was present. After the service the Bishop and Mr. Perkins met the committees of the two churches at the Rectory, and an informal discussion took place relative to the work of the Church in B.C. and the part played by the society which Mr. Perkins represented in developing it.

Mr. and Mrs. Arthur Ashton left last week for Delaware.

Miss Edith L. Bruce, of Vancouver, is spending a week's holiday with her sister, Mrs. Le Roy Dolsen.

The Penticton Board of Trade have unanimously endorsed the scheme for a new road east of the lake to connect Penticton with Kelowna.

The option held by Messrs MacKenzie and Mann of the Canadian Northern Railway on the 46 acres of lake shore property owned by the Crowley Co., was definitely taken up last week and the first instalment of the purchase price paid.

Miss Miller of Nanaimo has been appointed matron of the Hospital and has already taken up her duties there.

A polo team from Kelowna consisting of Messrs. Parkinson, Pyman, Benson and Cather are playing at Kamloops this week. Messrs, Errington, Mappin and A. Stirling left Saturday with the ponies travelling by road. The team has we hear won the first game by 5 to 1.

J. Barron, a man in the employ of the Tobacco Co. was brought over from West Bank to the hospital yesterday with several ribs broken, the result of a kick from a horse. Barron was at work harvesting the tobacco crop on Mr. Hehnor's place when one of the team he was handling, a horse which had been accustomed to being driven single began to kick, striking Barron in the chest.

Mr. S. Good left Wednesday morning for the coast.

The annual meeting of the Kelowna Study Club will be held on Thursday, September 26th, at the home of the president, Mrs. Robison. Officers will be elected for the coming year and the course of study discussed. New members will be received on that evening.

Chief constable Roche, of Penticton, was injured last week, being thrown along with his wife and baby from a rig.

Mr. A. W. Alsgard moved into his new premises this week, the Kelowna Furniture Co., completing the transfer of their stock to their new building on Pendozi street.

The contractors for the Kettle Valley Railway are putting through a wagon road to the summit, to haul supplies from Kelowna.

Board of Trade Monthly Meeting

Public Meeting to be Called to Discuss Inadequate Hotel Accomodation

The Board of Trade held its regular monthly meeting Tuesday. One of the important matters dealt with was the project of a road on this side of the lake between Penticton and Kelowna. A request had been sent to the government to construct the few miles of road which constituted the missing link. A reply was read from the Hon. Price Ellison stating that no one would be more delighted than himself to see the road made, but it was a huge undertaking, and in view of the great demand for roads in all parts of the Valley he was afraid he could hold out no hope that the government would take it up.

The Minister of Public Works also wrote saying that the request of the Board had been handed to Mr. H. Lang with instructions to report.

Mr. S. T. Elliott was not disposed to let the matter stand at this. He did not think it was such a huge undertaking. He proposed that a committee be appointed to meet Mr. Lang in Kelowna and go over the ground with him. The president appointed Messrs. Hereron, R. S. Hall, and S. T. Elliott.

Another important matter was brought up in a letter from Mr. W C. Scott, of the Dept. of Agriculture, respecting the provincial exhibit of fruit, etc., which was to be made at the Dry Farming Congress at Lethbridge in October. The B.C. government had taken 260 feet of wall space and was allotting this to various districts to advertise their resources. A space 10 x 12 feet would be available for Kelowna. Each district must provide fruit etc., at their own expense, but the government would pay all cost of collecting same and transportation charges, as well as arrange the exhibit and look after the disposal of the fruit when the convention closed. It was decided after much discussion to take advantage of the offer and to ask M. F. R. E. DeHart to look after the selection and purchase of the fruit on behalf of the Board.

In connection with the promise of the Board to take space in the Progress Club building at Vancouver, the secretary presented a formal application to be signed by the Board, and a good deal of time was spent in discussing the kind of exhibit required. It was decided however that as the Publicity committee had the matter in hand they should be asked to report to the Board.

Mr. P. DuMoulin said he thought the Board was overdoing the exhibiting business and should turn their attention and spend their money in making the city more attractive, and following up visitors.

A letter from a gentleman who had paid a passing visit to Kelowna on the "scant attention" which he had received at a local hotel raised a heated discussion on what promises to be a "burning" question—the utter inadequacy of the city's hotel accommodation, and the independent air assumed by some proprietors in consequence of the "cinch" thus afforded them. The strongest indignation was expressed at a state of affairs which was holding the city back and seriously interfering with its development.

Mr. J. B. Knowles said that matters would not improve until there was a good hotel built. There had been several projects started and he would like to see some of them developed.

Mr. P. DuMoulin suggested that a public meeting of the citizens be called to discuss the situation and to endeavour to arrive at some decision as to which scheme would be of greatest benefit to the city.

A resolution to this effect was passed and a committee consisting of Messrs. R. A. Copeland, P. DuMoulin and J. B. Knowles appointed to make preparations and gather information to put before the meeting.

Mr. Lionel E. Taylor on behalf of a committee appointed to inquire into the proposal to establish an experimental farm in the valley presented the following report:—

Gentlemen,

At your request we have looked into the matter of Experimental Farms and Demonstration Farms in the province, and find that there are no Provincial Experimental Farms for fruit in the province. There are, however, fifteen demonstration orchards established by the provincial authorities. They are situated, as you will see in the attached letter in almost every district except the Okanagan.

There are no reports available of these Provincial Demonstration Farms. That there are none in the Okanagan we have reason to believe is owing to the position which our present member took on the subject. It was clearly demonstrated in the late scare about Fire Blight how essential the Okanagan is to the fruit growing in the province and the nervous apprehension apparently felt at head quarters when the industry was menaced appears to us to be a true criterion by which we may judge the importance of the Okanagan.

There is also to be considered the great value of intensive cultivation and how by intensive cultivation small holdings are encouraged and how conducive this is to a dense population, a point not to be overlooked.

So long as Okanagan Lake and its own particular climate and environment are adequately recognised, we do not think that it is a matter of great import where in particular this Experimental Fruit Farm is situated. We also feel that it is an Experimental farm rather than a demonstration orchard that is our need and we think that the provincial authorities should give their fullest support and influence to our application to Ottawa for the establishment of a Dominion Experimental Farm.

It might here be noted that Agassiz has now been handed over exclusively to stock.

On going into the matter of the necessity of this experimental farm, we have been greatly impressed by the pressing need of it. We instance the codling moth outbreak, fire blight at Summerland, the vexed question of varieties, pollenization including the safe wintering of apiaries, the control of silver leaf by spraying, the occurrence of gummosis, the effect of irrigation on trees and fruit, the amount of water required, the proper times for applying it, the establishment of the duty of water, cover cropping to prevent winter injury, the standardising of pruning, also summer pruning for wood ripening, the use of artifical manures in orchards, the smudging of sweet cherries and early fruit as a preventative of early frosts injuring them. These are but a few points and it should be remembered that the vast majority of fruitgrowers of the Okanagan are not experienced Orchardists but are yet learning their business and disinterested advice and practical demonstration is of the utmost importance since, however kindly and well meaning neighbors advice he may be unwittingly advising the wrong thing, though he practices it himself.

Estimates of fruit grown in the Okanagan vary so much that no particular one can be quoted but they all agree that the tonnage will be very far in excess of any other district in B.C., and with the present acreage planted out and what is still and will in the near future be planted, it is easily seen that the fruit industry of the province will largely depend on the Okanagan Valley.

In a few years a farm such as is proposed should practically pay for itself off the crops of fruit grown on it. This is not always the case in new and untried districts, or perhaps even in districts unsuited for fruit growing, and should be a strong claim for consideration with the Dominion Government.

The need of such a farm has been emphasized by all experts who have been in the district. We may quote Dr. Fortier and Prof. Lewis, two of the foremost experts on the continent, not to mention many others whose experience entitles them to consideration.

We should recommend then that the Board pass a resolution putting these facts before the Provincial and Dominion governments. We should also recommend that the various Boards of Trade in the Okanagan be approached to give their cordial support to this and to use all their influence in the matter. We would again reiterate the fact that so long as the experimental farm be situated in the Okanagan and within measurable distance of Okanagan Lake it does not matter where the exact locality eventually is.

We have the honor to be, Sir,

LIONEL E. TAYLOR.
WALTER R. POOLEY.

Mr. Taylor pointed out that the director of experimental farms would be in Vernon the first week in October and an endeavor should be made to get him here to meet the Board. It was decided to send a night lettergram to the Department of Agriculture asking that the director be instructed to come to Kelowna.

Ald. Copeland urged the Board to take steps to induce the C.P.R. to issue excursion tickets to the Okanagan from the prairies. Hitherto all excursions had run straight through to the coast, and anyone wishing to come down the valley had to pay ordinary fare from Sicamous.

Mr. R. B. Kerr spoke on the need of two daily trains and boat connections for the valley which he believed was far behind other parts of Western Canada in railway service. It was left with him to take the matter up with the C.P.R.

Other matters discussed were the local telegraph service, the need of the mail box on the wharf, and the replacing of the sign "Kelowna" on the wharf.

Mr. P. DuMoulin complained of the appalling odour from the nuisance ground, and urged that the attention of the city council be drawn to it.

Mr. M. Hereron spoke on the proposed protective work on the banks of Mission creek, and pointed out that the work should be done this fall to be of any use.

A new switching engine was made on Vancouver Island, Mr. Pitcairn informed the Board to replace the somewhat antiquated method of moving cars on the C.P.R. tracks. Unfortunately the engineer's report on the engine was unfavorable and it had to be scrapped.

Still More Special Prizes for Fall Fair

The housewife who bakes her own bread is being given special attention at the Fall Fair next week. Already several special prizes have been offered for bread baked from various brands of flour, and this week The McKenzie Co. have added the following special prizes:—

For the best Three Loaves of Bread made from Ogilvie's Royal Household Flour; 1st, three sacks Royal Household Flour, 49 lbs. each; 2nd, two sacks Flour 49 lb. each.

For the best Dozen Buns, made from Ogilvie's Royal Household Flour; 1st, two sacks Royal Household Flour, 49 lb. each; 2nd, one sack Flour, 49 lb.

The same firm are also offering a special prize for the young people which should draw many competitors. The prize is one of $5 value awarded to the boy or girl in the city or country who writes the best paper of at least 300 words and not more than 500 on "How a Storekeeper Should Treat the Children."

Attention is also drawn to the fact that on page 17 of the prize list, item 75 is a special prize offered by P. Burns for best Fat Cow or Steer, the prize value having been omitted. This is $10, and is donated with the stipulation that there must be competition.

Suicide at the Landing

Francis Hart Creswell, son of the late postmaster of Dublin, Ireland, and brother of the chief architect in the colonial office, London, committed suicide last week at Okanagan Landing.

He had been working on sidewalk construction in Vernon and went down to the Empire ranch, half a-mile from his home, on the bench above Okanagan Landing, and where he had been shown a great deal of kindness, and, no one being about but the cook, selected a six-shooter and blew his brains out. His mind had been unhinged for some eighteen months, he being obsessed by the unfounded idea that he had contracted an incurable disease.

The deceased was a man of about 40 years of age, his nearest relative baing a brother in Bella Coola, B.C.

The police had made arrangements to have the unfortunate man put under the care of the province, a constable being sent to the Landing later in the evening, only to find that the tragedy that they feared had already happened.

The government is considering the desirability of excluding the English militant suffragists, who are reported to be coming to Canada to open a campaign. It is pointed out that their entrance may be refused by the immigration department on the ground that they are criminals and undesirables.

A contingent of the B. C. Horse consisting of Serg. R. C. Bennett, Corporal Pfyffer, J. Stirling and G. Stirling left Saturday for the coast to form part of the body-guard of the Duke of Connaught during his stay in the province.

The tobacco crop of the district comprising some 110 acres is now practically all safely harvested, only a few acres at West Bank remaining to be gathered in. The crop has been a remarkably good one both in yield and quality. Dr. Dickson had twenty acres in tobacco and the sheds which were built it is supposed large enough to easily accomodate this acreage, have proved too small to house the enormous quantity of fine plants which were hauled from the field.

THE ORCHARD CITY RECORD

JOHN LEATHLEY, Editor and Proprietor.

Subscription $1.50 per annum.
To United States $2.00 per annum.
Advertising ates upon application.

The Musical and Dramatic Society

An effort is being made to revive the Musical & Dramatic Society which of late has seemed to fall on evil days, or at least has not received sufficient support from the local singers to enable the committee to attempt any production. It was for this reason that "The Yeomen of the Guard" had to be abandoned last winter. During the last four or five years the society has done a great deal of creditable work which has always been appreciated by the general public, and it would be a pity indeed if through want of unity amongst those capable of taking part in its work, this organization should be allowed to die.

Past experience has shown that there are many clever amateurs in the district, and it is not therefore lack of talent which troubles the society; lack of interest is the grievance. A public meeting is being called for Wednesday evening, September 25th at 8 o'clock in Messrs. Crowley & Co.'s office, and it is hoped that a strong effort will be made to get the society once more upon its feet.

A Fall Fair Reminder

The management of the Fall Fair, which takes place next Wednesday, Thursday and Friday, are looking for a large entry in all classes next week, and for the credit of the district it is to be hoped they will not be disappointed. Don't think of the tronble of bringing in your exhibits; think of the ultimate success of the Fair. A little healthy competition with your neighbours would do wonders to stimulate progress.

Hospital Subscriptions

The secretary of the Kelowna Hospital acknowledges with thanks the following donations for the month of August:

Friend $10, D. Leckie $25, Mrs. Reekie, corn; Mrs. Willits, pumpkin, corn, tomatoes; Watson Bros., apples, onions, 2 sacks potatoes; Mr. Pooley, box peaches; Mr. Reekie, box crab apples; Mr. Lysons, peaches; S. K. Land Co. per Mr. Hewetson, 3 boxes apples; Mr. Hewetson, box peaches; Mr. G. L. Allen, peaches; J. Birch, rhubarb; Mrs. Newby, vegetable marrow; L. E. Taylor, box of apples and pears; R. Paul, box pears.

If you knew of the real value of Chamberlain's Liniment for lame back, soreness of the muscles' sprains and rheumatic pains you would never wish to be without it. For sale by all dealers.

City of Kelowna

NOTICE TO MERCHANTS

NOTICE is hereby given that from this date the Corporation of the City of Kelowna, will not be responsible for goods ordered or purchased in its name unless same are supplied upon a written requisition signed by the City Clerk. Merchants are requested to supply goods only upon receipt of said written requisition.

G. H. DUNN,
City Clerk.

Kelowna, B.C.,
August 30th, 1912.

KELOWNA BOARD OF SCHOOL TRUSTEES

TENDER FOR SCHOOL BUILDING

Tenders will be received by the undersigned until noon, Thursday, October 3rd next, for the construction of a brick school in Kelowna. Plans and specifications may be seen at the office of the City Clerk.

Each proposal should be accompanied by a certified cheque on any chartered bank in Canada for the sum of four per cent. of the amount of the tender payable to the Kelowna Board of School Trustees, as a guarantee that the bidder will, if successful, promptly execute a satisfactory contract and furnish bond as required.

The lowest or any tender not necessarily accepted.

GEORGE E. NOBLES,
Architect.

C/o G. H. Dunn,
City Clerk,
Kelowna, B.C. 43-4

Eighty-five per cent. of headaches are the result of Eye Strain. If you are troubled that way consult Dr. S. L. Taube on his visit to W. R. Trench's drug store, Kelowna, B.C., on Friday, October 4th, 1912. 43-5

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

108 Cheques Will be Distributed Among Canadian Farmers. Will You Get One of Them?

In addition to the twenty-seven first prizes of $50 each, there will be eighty-one other cash prizes, ranging from $10 to $25 in our

1912 PRIZE CONTEST FOR FARMERS

This contest is along the same lines as the one which was so successful last year, except that there are three times as many prizes, and therefore three times as many chances for each contestant to win. Every farmer in Canada who uses "Canada" Cement is eligible to compete. The conditions are such that large and small users of cement have equal opportunities to win a $50 prize.

The contest is divided into three classes, and there are first, second, third and fourth prizes ($50, $25, $15 and $10) in each class.

CLASS "A"—Prizes to be awarded to the four farmers in each province who use most "Canada" Cement on their farms in 1912.

CLASS "B"—Prizes to be awarded to the four farmers in each province who send photographs of the *best concrete work* done with "Canada" Cement on their farms in 1912.

CLASS "C"—Prizes to be awarded to the four farmers in each province who send the best *description*, telling how any piece of concrete work was done with "Canada" Cement. (Entries for this prize must be accompanied by photographs of the work.)

In addition to thus being divided into classes, so as to give small users of cement an equal chance with those who use more, the Contest is also divided into nine divisions, one for each province. So you see you need only to compete with the other farmers of your own province, and not with those all over Canada.

Don't think that because you have never used cement, you cannot win a prize. Many of last year's prize winners had never used cement before they entered the Contest. We will send you a free book, "What the Farmer Can Do With Concrete," that will not only help you in the Contest, but will tell you everything you could want to know about the use of cement on the farm.

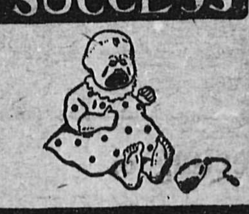
Don't delay, but send us your name and address to-day and get this free book and full particulars of the Prize Contest right away. Use a letter, postal or coupon.

Send me particulars of your 1912 Prize Contest.

Address Publicity Manager
Canada Cement Company
Limited
501 Herald Bldg. - Montreal

A free book, "What the Farmer can do with Concrete" will be sent to all who request details of the Prize Contest.

The only way to make A HOWLING SUCCESS



is to buy Real Estate from me as I can suit all persons whether your income is large or small. Just take a look at some of these and if they don't suit you come and see me as I have and can give you what you want

1 Lot on Ethel Street, 65 ft. by 158 ft., $650.
Half-Acre Lot on Richter Street S., $950.
Also one or two from $250 up.
Small Cottage on Richter Street, S., $1,050.
House and Lot on Bernard Avenue, $2,800.
House and Lot close in, $1,500.
Splendid Residence with 1 Acre very close in, $10,000
20 Acres on K.L.O. Bench at $250. Property round is selling at $400 per acre. To see is to buy.

White Leghorns Are Best Egg Layers

The International egg-laying contest now proceeding in Vancouver has proved beyond a doubt that the White-Leghorn is far and away the Queen of the Egg pens. The White Leghorns take 1st, 2nd, 4th, 5th, 6th, 9th and 10th places, with the following number of eggs laid to date. (end of tenth month) Pen No. 2, 841 eggs; pen No. 9, 751 eggs; Pen No. 14, 646 eggs; Pen No. 19, 646 eggs; Pen No. 4, 631 eggs; Pen No 10, 625 eggs, and Pen No. 18, 590 eggs. The nearest competitors being White Wyandottes and Rhode Island Reds which laid 692 and 687 eggs respectively for the ten month period.

Suicide at Funeral of Late Emperor of Japan

The funeral of the late Emperor of Japan has been signalized by a shocking and startling act. General Count Maresuke Nogi, supreme military councillor of the Japanese Empire, and his wife, the Countess Nogi, committed suicide in accordance with the ancient Japanese custom as their final tribute to their departed emperor and friend Mutushito.

Following the Samurar custom the couple had carefully prepared their plans for killing themselves and timed themselves so that they would be coincident with the departure for ever from Tokio of the dead emperor.

An aeroplane was used in a British election campaign to distribute leaflets in remote districts.

Timber royalties in excess of $60,000 were paid to the provincial government last month. This is the record month for 1912.

Redistribution will be introduced in Alberta legislature this fall and it is believed that 19 more members will be provided for.

The Duke of Sutherland states that the sum of one hundred thousand dollars will be spent next year in pursuance of his colonization scheme in the interior of British Columbia.

Germany's meat famine has reached a stage where the government hns been compelled to discuss sone drastic action, owing to the urgent fear of some serious disturbances.

Professor James A. Dale, professor of education at McGill University, Montreal, has been appointed by the board of governors to the Presidency of the British Columbia University.

One man was killed and nine others had narrow escapes from death at Shawnigan Falls when a water turbine of the Shawnigan Water Power company burst and flooded the building to a depth of ten feet.

The early destruction of Europe and parts of Asia and Africa by volcanic and seismic forces is predicted by Dr. M. Albert Nobles, of Philadelphia, one of the foremost investigators of seismic phenomena in the United States.

The Panama Canal is to be opened to traffic in the fall of 1913. This statement was made officially at the U. S. Navy department with the announcement that the Atlantic fleet will rendezvous at Colon this winter.

British Columbia has won the gold medal at the great Canadian National Exhibition at Toronto for the best provincial exhibit. In its progress across the Dominion the exhibit, which was arranged by Mr. W. J. Brandrith, has been taking prizes, and the culmination of these tributes to the superiority of the products of this province came when Hon. P. Ellison, minister of agriculture, received word that the provincial exhibit as a whole, had won the big prize.

After over six years of almost complete paralysis, Rt. Hon. Joseph Chamberlin, whose mind has remained alert until now, is sinking fast and the end may come any day. He lies dying at his Highgate residence, Birmingham. During the last five weeks he has ceased to take any interest in political events, lying in bed mentally and physically helpless. Mr. Chamberlain was 76 years of age on July 8 last, and therefore in the ordinary course of events, his life hangs on a thread.

An article that has real merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. H. W. Hendrickson, Ohio Falls, Ind., writes: "Chamberlain's Cough Remedy is the best for coughs, colds and croup, and is my best seller. For sale by all dealers.

Town and Country

Mr. and Mrs. A. Peabody left Monday on a trip to the States.

Mr. A. Brown, the builder of the "Orchard City" left this week for the coast.

Mr. A. L. Meugens left Tuesday for Kamloops for the centenary and rifle shoot.

The Rev. J. W. Davidson and family returned from Vancouver on Saturday.

Miss E. McNaughton spelt the final word in the spelling match at Knox church Y.P.S. Monday evening.

Mrs. H. Jenkins returned by Saturday's boat from Enderby where she has been staying for a few weeks.

Mrs. F. Brant, of Summerland, has been visiting her mother, Mrs. A. Berard, for the past week, returning home Saturday.

Miss A. Renwick left by Tuesday's boat for Summerland where she will undergo a course of training at the Okanagan College.

Mr. Harry Plaskett, of Rochester New York, succumbed to an operations in the Kelowna Hospital last week. Deceased was a brother to Mrs. G. J. Fraser of Penticton.

Three staterooms on the Steamer Okanagan have been removed and refitted as baths, preparatory to the coming visit to the valley of H.R.H. the Duke of Connaught and suite.

Mr. W. Craze is visiting Mr. P. Brooke this week. Mr. Craze is a large wholesale fruit importer of the west riding of Yorkshire, and is touring over Canada and the States visiting the various fruit districts.

The kickaninnies are running up the various creeks just now, and expeditions after these tasty little fish are now the fashion. One party returned last week with a bag of over a thousand, which they are salting down for winter.

Next Sunday is to be "Okanagan College Day" at the Baptist church when a special effort will be made to raise funds to extinguish the debt now resting on the college. Sermons dealing with education will be preached both morning and evening.

The opening meeting of the Methodist church Epworth League will be held Monday next when an "unprecedended social evening" is to be held. The mock parliament, which proved such a success last season is again to come into vogue whilst the "Truth Claribn" is to appear with more powerful literary articles.

The last day of the Fall Fair, Friday, September 27th, will be "Tag Day," now an annual event, when the ladies of the Hospital Aid make a special effort to gather in funds for the local institution. This year the money is needed for tiling the operating room, so do your best. Of course we know that if the vendors of the tags actually ask you, you could not refuse. But they might miss you, so see to it that you get a tag, (or several) in your button hole even if you have to do the asking.

The annual general meeting of the Kelowna Musical & Dramatic Society will be held on Wednesday next, September 25th in Mr. D. W. Crowley's office at 8 o'clock. Presents members and all others in sympathy with the work of the society are earnestly requested to attend as, unless sufficient interest is shown to warrant its continuance the society will have to be dissolved.

Contributions of fruit, vegetables poultry, butter, eggs, etc., would be gladly welcomed by the Hospital Society and may be left at the Hospital. 42-9

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

NOTICE

PUBLIC NOTICE is hereby given that the Canadian Pacific Railway Company did deposit in the Land Registry Office in the City of Kamloops, Province of British Columbia, on 27th day of July, 1912, under No. 1,084, Plan, Profile and Book of Reference, of proposed spur tracks to be constructed by the said Company in the City of Kelowna, in the Province of British Columbia, said spur tracks being shown as crossing Water Street, Haynes Avenue, Cawston Avenue, and blocks 24, 25, 28, 29 and 48, and that thirty days after this notice or so soon thereafter as the application can be heard the Canadian Pacific Railway Company intends to apply to the Board of Railway Commissioners for Canada for authority to construct and operate the aforesaid spurs.

Dated at Vancouver this 28th day of August, 1912.

Canadian Pacific Railway Company,
E. W. BATEMAN,
Local Right of Way and Lease Agent,
41-44 Vancouver, B.C.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhœa Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhœa and dysentery that it has effected. For sale by all dealers.

Wilson Landing and West Side Notes

(From our own correspondent)

The Rev. and Mrs. Robertson, of Okanagan Centre were visiting Mr. and Mrs. Seelev on Wednesday of last week.

The Misses Wentworth and Chapmand, and Messrs. Cæsar and Gibson were visitors at the west side on Tuesday last.

Mr. G. A. Batchelor is busy superintending the improvement of his beautiful property on the Wilson Landing flat adjacent to the wharf. It has long waited for its proper share of attention and doubtless will soon give ample proof of its many possibilities. For one thing the land there is particularly early. It also has a fine beach, the best in fact for many miles along the lake shore.

On Tuesday evening, the 17th, Mr. and Mrs. Herbert Leney entertained a party of thirty of their friends. A dainty and appetizing high tea awaited their arrival at 5.30 p.m., afterwards the time being spent in music, dancing, blind man's buff and other time-honoured games. The hours passed all too quickly until midnight when refreshments were again demanded. Later many expressions of appreciation were showered upon the genial host and hostess as their guests took leave of them.

Venison is not by any means a common subject for culinary effort about here this season except in the case of Mr. G. A. Batchelor who a week ago had an experience of an excellent piece of pot-luck in that direction. He was returning to the ranch in the evening and noticed some animal swimming ahead of his launch. On close inspection it proved to be a fine four-point buck. Putting into the shore Mr. Batchelor collected his 44 and Mr. Thos. Gibson. Continuing this new style of hunting they again gave chase and succeeded in roping the animal which after a couple of shots was soon in a condition to bring to land.

Few, if any, medecines have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhœa Remedy. The rumarkable cures of colic and diarrhœa which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.

Amusements

Rip Van Winkle

Washington Irving's beautiful story of the Catskill Mountains, "Rip Van Winkle," will be produced in the Opera House on Saturday, 21st September by W. E. Lorraine's Chicago Co. This is a splendid scenic revival of the ever popular story with an all star caste, and no effort has been spared to produce this old time favorite in a manner that will give the utmost satisfaction to the most critical.

The Pollard Juvenile Co.

The special added attraction for the Kelowna Fall Fair will be the appearance at the Opera House of the Pollard Juvenile Opera Company, which was engaged at enormous expense by manager Duncan a special train and boat service having been arranged to get the company back to the main line in order to make their contracted dates.

The Pollard Juvenile Opera Co., is composed of some forty of the cleverest children that has ever appeared in this country. They are from Australia and have travelled the entire length and breadth of the civilized globe with a magnificent list of successes to their credit.

Two nights engagement will be played and two specially selected operas will be given, each with a complete line of scenery and accessories and electrical equipment. The visitors to the Fair will be extremely fortunate in having this stirling attraction for their entertainment. The company will appear in all the principal cities on this continent before the fifth world tour is completed, which will embrace besides the American continent, a trip to South Africa, the West Indies, South America, and the Orient.

Don, the Equine Spy

The production of this two thousand-foot masterpiece, "The Equine Spy," was successfully consummated after a total waste of eighteen hundred feet of negative. This waste was not due to any oversight or the lack of efficiency of the director in charge or the bone-headedness of the camera man. A combination of unavoidable accidents, or rather incidents, caused the waste to stretch to such extraordinary lengths. While it is true that the producer worked with the most intelligent animal in the world, it is also true that intelligent animals like some intelligent persons will sometimes misunderstand and thus cause waste and trouble. As for instance, Don, who plays the title role in "The Equine Spy" was told to fetch a tin pail. Instead he stretched forth his sinuous neck, opened his jaws and tried to swallow Darwin Karr's head. It is certain this intelligent animal didn't mean this as a reflection on Karr—for Darwin's head is not as empty as a tin pail—any intelligent horse with the horse-sence of Don would know this. At any rate, this incident was registered at the cost of a hundred or more feet of film.

But the final results tell the tale. Only an inveterate grouch of a manufacturer would grumble at the mere waste of even ten thousand feet of negative after an exhibition on the screen of compelling and dominating Don, delightfully going through his capers with almost human intelligence. Really Don is a horse with a personality. He is as endearing and delectable as a remarkable child. He steals papers and lights bonfires with more than animal instinct or training. He does things with a natural grace that is seemingly born to him.

"The Equine Spy" will be shown at Dreamland on Monday, September 23rd.

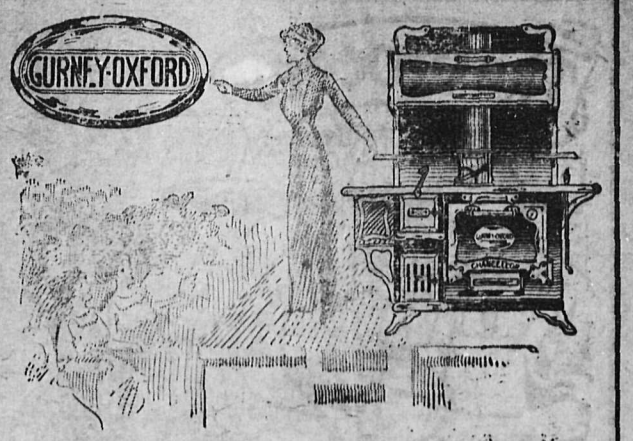
NOTICE

PUBLIC NOTICE is hereby given that the Canadian Pacific Railway Company did deposit in the Land Registry Office in the City of Kamloops, Province of British Columbia, on the 29th August, 1912, under No. 1,088, Plan, Profile and Book of Reference, of proposed spur track to be constructed by the said Company in the City of Kelowna, in the Province of British Columbia, said spur track being shown as crossing Haynes Avenue and Blocks 25 and 29 (to the premises of George Rowcliffe), and that thirty days after this notice or as soon thereafter as the application can be heard, the Canadian Pacific Railway Company intends to apply to the Board of Railway Commissioners for Canada for authority to construct and operate the aforesaid spur.

Dated at Vancouver 9th September, 1912.

Canadian Pacific Railway Company,
E. W. BATEMAN,
Local Right of Way and Lease Agent,
43.46 Vancouver, B.C.

Look at the new special prize for the Fall Fair on the front page.



Woman's Rights

It is your inalienable right to demand in a range—Economy, Promptness and Satisfaction. It is your privilege to expect the same attention, progress and efficiency in the things you use in your daily work as have been brought about in other and often less important lines of endeavour.

The Gurney-Oxford is the foremost example of cooking efficiency.

The Gurney Economizer regulates all the drafts by lifting or dropping one small lever. It keeps the fire alive for hours with practically no coal consumption. It saves 1 ton of coal in 6. The Gurney Economizer is found only on the Gurney-Oxford range.

The Gurney-Oxford Oven is absolutely and always heated the same on all sides and in all corners because the heat is evenly distributed.

This is a sure and unfailing guarantee that whatever comes out of the Gurney-Oxford Oven is crisp and light and delicious—this is the final test and the point most often advanced by those who cook on a Gurney-Oxford, those who believe it is woman's right and privilege to have in her kitchen the labor, time and money saving principles embodied in the Gurney-Oxford.

Anything in the Printing Line

There are few jobs that can not be done, and done well, on the RECORD presses, which are especially adapted for the production of all classes of commercial printing and illustrated advertising matter.

If you have a job we can not do we will tell you so and perhaps be able to advise you to your advantage.

Call and see us.

KELOWNA MILLINERY OPENING

AN INNOVATION

For several seasons past considerable dissatisfaction has been expressed by our customers with the dates of the Millinery Openings, some thinking they were held too early, others thinking they were held too late. In order to show our appreciation of the requirements of our many clients we have decided to hold our fall opening in Kelowna for TWO WEEKS (not two days) commencing **Monday, September 16** and continuing to September 30, during which time we will make a display of Paris, New York, Chicago, Toronto and South Pattern Hats.

We hope by this new arrangement to give each and every one of our many customers the attention they deserve which is impossible when they all come in on one-day openings.

Thanking you for the many kind favors in the past, and looking forward to the pleasure of seeing you during our 15-day opening,

Yours faithfully,

MAUD HARTIN

Our stock of Art Needlework is very complete.

Okanagan Valley Nursery

Our trees are vigorous, well rooted, and true to name. We have selected our scions and buds from the best bearing trees in this valley, from the orchards that grow the prize fruit, that got the highest prizes at the greatest apple shows in the world.

We want you to know about our extra quality one-year-old trees on two-year-old roots. We have had 25 years' experience in the nursery business and know how.

Come and see our stock.
