Premier Bowser and Party at Kelowna

Stay Overnight on Way to the South; Will Return Later

In the course of their itinerary of the province which has already extended over several weeks, Premier Bowser and his party spent Sunday night and a few hours Monday morning in Kelowna, on their way through the valley to the Boundary country. It was not part of the Premier's plans to hold any meetings in the Okanagan at the present time, as another visit will be paid in the course of a few weeks for that purpose. Since the gathering at Salmon Arm Friday therefore, the time has been spent in travelling and receiving delegations on various subjects.

The Premier arrived in Kelowna Sunday evening by auto from Vernon where a break had been made in the journey from Salmon Arm. He was accompanied by the Hon. Mr. Manson, Minister of Agriculture, the Hon. Lorne Campbell, minister of Mines, the Hon. F. Miller, President of the Council and Mr. H. B. Thompson, member for Victoria. Mayor Jones and Mr. J. F. Burne journeyed up the valley on the previous day, and returned with the party.

The journey south to Kelowna was robbed of some of its pleasure by the pouring rain which continued incessantly all day, but the Premier, as well as several members of the party who were making the visit for the first time expressed themselves as well pleased with the general appearance of the country and predicted a great future for it.

In the forenoon of Monday the steam ferry was chartered to convey the travellers on the next stage of their journey to the various lake points.

Prior to the departure of the boat, however, the Premier met a good many of Kelowna's citizens with whom some of the matters of local interest was discussed. A deputation also arrived from Kamloops, headed by Mr. J. P. Shaw, member for that district, to request the government to give a grant to aid in establishing a creamery there.

Mayor Jones, the Conservative candidate, accompanied the Premier on his journey down the lake. At each place touched at some little reception had been prepared. At Peachland a party of some forty or fifty citizens were assembled and in response to their hearty reception the Premier made a brief speech. He was also presented with a beautiful boquet of roses and when the boat pulled out again from the wharf hearty cheers were given for the Premier and for Mayor Jones, the local candidate.

At Summerland lunch was served at the hotel and the Premier spoke for a short time to a gathering of citizens, the party afterwards enjoying an auto ride to the Experimental farm, West Summerland, and Prairie Valley.

Crossing to Naramata, the party enjoyed the hospitality of Mr. J. M. Robinson to afternoon tea, and later the journey was continued by auto to Penticton. Here in the evening, numerous deputations were received on various questions, from the proposed mail car services to the need of fish ladder and a fish hatchery.

From the hearty nature of the reception of the Premier and his ministers and of the local candidate, Mayor Jones, at down the lake points, it is evident that recent events have produced a strong revulsion of feeling in favor of the present government.

As already stated it is the intention of the Premier to return to the Okanagan in the course of a few weeks time when meetings will be held in Kelowna and probably in several of the country districts.

Military Cross For Lieut. Gordon Stirling

Lieut. Gordon Stirling, a former Kelowna young man, has, according to information received, been awarded the coveted honor of the "Military Cross" for conspicuous gallantry in the field.

Lieut. Stirling will be well remembered by most Kelowna people as having taken a prominent lead in almost every form of athletic sports, and from recollections of him it does not seem at all surprising that he should have thus distinguished himself. He is attached to the Machine Gun Company of the 2nd Scots Guards Brigade, and the story of his achievement reads like a chaptez from Henty.

He had heard that a wounded orderly was lying out before the trenches under fire, and that another man had been mortally wounded in attempting to rescue him. Lieut. Stirling at once went out from cover and made his way to the wounded man under a rain of shell fire. Under this terrible bombardment he was out for over an hour and his clothing was cut in several places from fragments of the bursting shells. Nevertheless he eventuallu succeeded, with the assistance of a private, in getting the wounded orderly into the safety of the trenches, and on his way to the hospital.

This is the second occasion on which the Military Cross has been awarded to a Kelowna boy. In the other instance it was given to Flight-Lieut. Leggat, for bravery in air fighting.

Seventh Day Adventists to Camp in the Park

Kelowna is to have its camp too, and early in August the public park will be transformed into a tented city to accomodate the Okanagan camp meeting of the Seventh-day Adventists which is to be held at Kelowna this year. The city council has granted the park grounds for the occasion, and about forty tents will be pitched.

The opening meeting for the public will be on August 14 and then there will be meetings every day for about one week, at which the public are cordially invited to attend.

The Union President of the Prairies, Elder McVagh, J. G. Walker, president of the B. C. union, and Pastor C. E. Wood of Nelson are among the chief speakers.

A new 6,000 mile coal basin is being opened up by a 500 mile extention to the Siberian railroad.

One hundred and twenty-three enemy firms—that is businesses conducted by enemies before the war in Great Britain—have been officially wound up. Still more are to follow.

A giant undersea freighter flying the German flag will soon attempt to shatter the British blockade, says a Baltimore despatch. Inspired by the success of the Deutchland, Paul Hilken is forming an American corporation to make undersea ships which will put the Deuzchland in the pigmy class.

Chagrined by the nonarrival of prisoners who were recently released after undergoing imprisonment since the Dublin rebellion, a thousand Sinn Feiners wrecked the recruiting office at Cork, hissed the military pickets and sang revolutionary songs.

Route to the Coast Will Be Shortened

From Kelowna to Vancouver in Eighteen Hours

A considerable saving in the time necessary to get from Kelowna to Vancouver will be effected by the opening of the new short-cut through the Hope Mountains on the Kettle Valley Railway.

A new daily service is being instituted through Penticton to Vancouver, and in future Kelowna residents will be able to travel south on the afternoon boat, catch the 9.50 west bound train at Penticton and be in Vancouver by 10.40 next morning. On the return journey the train leaves Vancouver at 6 p. m. and arrives in Penticton at 7.20 the following morning This is a little too late to catch the north bound boat for Kelowna as at present run, but it is possible that some change may be made in the boat schedule which will enable the connection to be made.

The new arrangement goes in to effect with the beginning of next month, when the Hope Mountain cut-off will be thrown open for traffic.

Some of the Red Cross societies are now knitting their socks with cotton legs and wool feet in order to save wool.

The cream of 208 cows is now assured and the new $3,000 creamery at Revelstoke will be built.

The people of Penticton are using every effort to get a complete postal car service on the K. V. R. when that line commences its daily service next month, instead of the baggage car service which was all that was promised. In this they are receiving the support of all the towns on the line or interested. Wires are being sent in wholesale to the government, the postal department and the Hon. Martin Burrell, and they seem likely to have a busy time until the concession is forthcoming.

The city of Merritt has made a general ten per cent. reduction for taxes this year.

Quite a large number of Kelowna people took in the trip on Tuesday to Vernon to be present at the review of the troops by H.R.H., the Duke of Connaught.

The Washington state department formally ruled Saturday that the German submarine Deutchland is a merchant ship, and entitled to treatment as such. In announcing the ruling the acting secretary said it was not to be taken as a precedent, and that any similar cases arising in the future would be dealt with on their merits.

On account of the war and of their desire to assist the authorities to carry out the regulations established by martial law, the Orangemen of Belfast omitted the annual procession in celebration of the battle of the Boyne. By way of showing respect for those of the Ulster division who have fallen at the front, all business was suspended at noon for five minutes.

The minister of finance stated last Thursday that the second domestic Canadian war loan would be issued in September. The amount, terms and price of the issue will be settled a few days before the date of issue and will not be announced until the prospectus is published. It is thought advisable to give a general notice of the issue now in order that people could arrange their finances with a view to participation.

Investigating Applications for Farm Loans

Active Steps are Being Taken With Farmers Credit Act

The Hon. Wm. Manson, Minister of Agriculture, who was amongst those who accompanied the Premier on his visit to Kelowna stated in conversation that up to the present time there had been something like five hundred applications from all parts of the province for aid under the new Agricultural Credits Act, and it was no light task which faced those charged with the duty of investigating the various claims for assistance. At the present time there are two members of the Commission at work, one on Vancouver Island and the other on the mainland, each accompanied by an appraiser. The work was heavy, but it was hoped to make considerable progress during the next few weeks and it was fully expected that by the end of the present month the Commission would be in a position to make some of the grants applied for.

Quite a number of the applications were from residents of the Okanagan, and attention would be given to all of them as rapidly as circumstances would permit, and allotment made as soon as the commissioners were satisfied as to the bona fides of the application.

The provisions of the Act, said Mr. Manson, were meeting with general approval, and he looked for great benefit to accrue to the whole province from the distribution of this timely help.

This was his first trip through the Okanagan, he said, and he was very deeply impressed with the wide fertile areas he had passed through, and felt sure that a great future was before the district.

Kelowna vs. Mission in Tennis Tournament

A tennis match played at Kelowna courts last Saturday, between the Kelowna and Mission clubs resulted in a win for the home club by 7-2.

The representatives of each club were as follows:

Kelowna: W. E. Adams and Miss Spencer; H. G. M. Wilson and Mrs Seon Jr.; H. Leigh and Mrs. Mitchell.

Mission: R. H. Stubbs and Mrs Simeon; H. C. Mallam and Mrs. Jones; J. S. Thompson and Mrs. Mallam.

The following were the results of the various games:

Adams and Miss Spencer beat Stubbs and Mrs. Simeon, 3-6, 10-8, 6-3; beat Mallam and Mrs. Jones 6-2, 9-7; beat Thomson and Mrs. Mallam 6-0, 6-1.

Wilson and Mrs. Seon beat Stubbs and Mrs. Simeon 6-0, 6-3; beat Mallam and Mrs. Jones 6-3, 6-0; beat Thomson and Mrs. Mallam 6-1, 6-0.

Leigh and Mrs. Mitchell lost to Stubbs and Mrs. Simeon, 3-6 5-7; beat Mallam and Mrs. Jones 4-6, 2-6; beat Thomson and Mrs. Mallam, 6-2, 6-1.

It is reported that the Doukhobors working on the C.P.R. on the Kaslo-Nakusp line have all quit, and that their places have been taken by Chinese.

There is to be a tennis tournament on Saturday between a team comprised of Kelowna Tennis club members and a team from the 172 Battalion at Vernon. Games will start at about 2 p.m. on the local tennis courts.

The Kelowna Volunteer Reserve Not Disbanded

The Editor, Kelowna Record,

Sir:— An impression seems to prevail in town that the above organization has disbanded and with your kind permission, I would like to correct that mistaken idea. The K. V. R. is still carrying on every Monday evening under the direction of Sergeant Chaplin, with a N. C. O. class every Wednesday night as usual.

The Kelowna correspondent of the Vernon News stated in last week's issue that the Reserve had "disbanded." I have asked him to correct this, as it is an injustice to the Reserve and its instructor who is detailed here for the purpose of training the Reserve and recruiting for all branches of the service.

Yours, etc.,
R. E. DENISON,
Secretary.

Results of High School Exams

Out of 19 pupils who entered the recent High School examinations in Kelowna 17 passed as follows:—

Margaret Clarke	710
T. Ralph Bulman	695
Frances M. Buckland	677
M. Blossom Buck	640
Earl B. Howard	646
N. Vivian Jones	636
L. Marjory Switzer	621
Frederick G. Whitehead	614
George Day	612
Laura Wilson	583
Annie St. C. Reekie	566
Marjory M. Bulman	556
Muriel A. McLoughry	556
James D. Whitham	552
S. Janette Harvey	542
Eleanor M. Dawson	538
Charlotte E. Lloyd-Jones	513

Dealers in canned fruits are looking forward to a large increase in business this year. It is believed that the high price of sugar will discourage housewives from putting up the usual amount of fruits. There may be something to that.—Buffalo Express.

The Dominion Government nurseries have given out about twenty million trees to western farmers during the past year. The western farmer is getting the right idea. One of these days the prairie will pass away.—Calgary Herald.

Mountains of ammunition are being used by French, British, and Germans in the battle raging on both sides of the Somme Some idea of the quantity of shells and shrapnel used in a modern artillery battle may be gained from the fact that the Germans used thirty-seven train loads of forty cars each in taking Hill 304 at Verdun.

Rabbit breeding is now being encouraged in Germany, after the German manner, by the publication of learned essays by distinguished professors. They deal exhaustively with the habits and customs of the rabbit, and statistically with their possible contributions to the food supply of the German Empire. A professor at the University of Halle says that the rabbit population of Saxony in the year before the war was 56,000, and that it had increased to 654,000 by the end of 1915.

A party of English women who have just returned from Germany have much to tell of the increasing scarcity of food there. Many families, they declare, do not eat meat for two or three weeks at a time. Fair cuts of veal, pork, and mutton average over $1.25 a pound. Ham is practically unprocurable. Soap, which is now only obtained by card, has almost disappeared. The people have even to be careful of how they use their towelling.

C. N. R. Trains Into Kelowna Next Year

Premier Confirms Statement of Railroad Officials

During the course of Premier Bowser's visit to Kelowna this week a representative of the Record seized the opportunity to interview him on the subject on which perhaps of all others local citizens are anxious for information, namely the building of the railroad from Kamloops to Kelowna. Mr. Bowser was perfectly willing to talk upon the matter and chatted pleasantly for some time.

It was pointed out to him that a few weeks ago people's hopes had been raised by the visit of a group of C. N. R. officials who had given promise of an early start upon the line. There are some people, however who were very sceptical and professed to regard this move as merely a piece of electioneering.

Mr. Bowser smiled amusedly at this allusion to political strategy. "Then these people will soon find out," he said "that they are all wrong, for in a very short time construction will have started at at least three points along the line." During a recent visit to the coast, he continued, of Sir Donald Mann and five representatives of eastern American trust firms, arrangements had been made whereby funds would be placed at the disposal of the company to proceed at once with construction, and if no insurmountable difficulties presented themselves, there would be a daily through train running between Kelowna and Vancouver next year. Of course, there was the question of obtaining steel. Owing to the war this was more or less a problem, but it was likely that by that time supplies would be more easily obtainable. The points at which work would be etarted were at some heavy rock work on Long Lake, a big [illegible] at Ducks, and pile driving over Thompson River for a bridge to connect with the main line at Kamloops.

Mr. Bowser wished it to be particularly understood that empty election promises were not in his line at a'l. It was not part of his method to go around the country making promises unless he had some very definite and certain means of carrying them out.

Famous Bacteriologist Dead

Professor Elie Metchnikoff, the famous bacteriologist and director of the Pasteur Institute at Paris, is dead. He had been in poor health for several months with heart disease, and his physicians announced in May that there was no hope of his recovery.

Metchnikoff was born in Russia 71 years ago; his mother was a Jewess, and his father an officer in the Imperial guard. His European reputation was due principally to his works on Phagocytosis—that is to say, on the resistance that the organism offers to infectious diseases.

Ira Laws has enlisted this week with the battalion of "Forresters" who are recruiting for service in lumbering and bridge-building and similar work in France.

Pte. A. Crawford came down last Tuesday from Vernon. He has just returned on extended sick leave from the front, where he has undergone a variety experiences. Rheumatism, however has laid him up and it is doubtful whether he will be able fore some time at least, to return.

Remarkable Preparations for Big Drive

How the British and French Forces Got Ready

The British-French offensive in France with its preceding five day bombardment, is described by the military experts in that theatre of operations as the last word in scientific warfare.

Here are some of the things the British and French did as a preliminary to their drive right through the German front near the Somme:

Built 3,000 miles of railroads to facilitate the moving of munitions and troops and handling the wounded.

Put a metal surface on all turnpikes.

Rebuilt or strengthened every bridge and railroad.

Concentrated 1,200,000 fighting men backed by 500,000 auxiliary workmen, doctors, bridge and railroad builders.

Filled the whole region with hidden guns, new British guns of the largest caliber, many of them 15-inch mortars, and then manned these guns with French artillery experts.

Installed all over the region a new phone system with concrete poles, augmented by a network of telegraph wires and stations and field hospitals.

Buried piles of ammunition everywhere, together with medicines and food supplies, so that no matter where the troops had to move in an emergency, they would have shells and food without the trouble and delay of ordinary modes of transportation.

Concealed from the Germans the massing of the allied troops back of the front.

Arranged the big guns in arcs in such a way as to provide a concentric fire from many guns on small areas of the German trenches.

In the preliminary five-day bombardment the British and French armies fired 1,000,000 shells over a 90-mile front.

Orders for Local Scouts

KELOWNA TROOP

Troop First! Self Last!

The 1916 camp at Cedar Creek is now over and that it was a great success in every way seems to be the opinion of every officer and scout who was fortunate enough to be there. The experiment of having a salaried cook proved to be one which we shall in future always desire to follow where we camp in large numbers for any length of time. From the first meal Sam earned a secure place in the affections of the camp, and if only he was able to get round the age qualification we are sure that he would shortly be trying his tenderfoot test. Perhaps if Sam ever goes back to China he will start a troop of Boy Scouts there. He would not be the first in that country to do so, and one of the wonders of the age is the number of different nationalities which have followed in the foot steps of our Chief B. P., and the work he founded amongst the boys. ...

The weather for the camp could not have been better if it had been especially been made to order, and when we think of what it might have been like on our trip to the railroad and the mountains thereabout, if the weather had turned out like it did last Sunday, for instance, we certainly feel that for luck we could not have had more. We cannot thank Mr. Cameron enough for the trouble he took in connection with this trip which will long remain green in the memory of the twenty-two who made the grade. The three pack-horses carried all our blankets as well as the grub, and this latter in itself was no small load. Mr. Cameron is also "some cook" and if ever any of us are stranded in some wilderness and think of that "mulligan" andthose pork and beans, torture will not be a strong enough name for what we will feel.

We are not going to give any lengthy description of the camp here because we have a competition for the best account of it by one of the scouts, and also for the best account of the trip to the railroad. On the latter trip we might add, though, that on two occacions we lined up along the track while the K. V. R. passenger train rolled by We understand that the passengers momentarily thought that Bill Miner had come to life again. On the last occasion the engineer gave us quite a salute with his tooter.

DECLINE SUBSTITUTES

Fourty-three scouts attended the camp altogether, forty of whom were there steadily from the first to the last. There was no sickness and we think everyone feels much better for the outing. The Wolves won the competition for the daily tidiest tent and seemed to be in a class by themselves in this respect.

We were glad to see so many visitors, especially on the day of the sports, which also came off very well. The Eagles won the most points at the sports, followed by the Wood-pigeons and the Kangaroos. The latter won the patrol relay race quite handily.

The camp lasted from Thursday July 5th to Saturday, July 15th. Mr. D. Lloyd-Jones with the good ship "Orchard City," and a scow both took us there and brought us back home again. We feel that it would take more than a whole issue of this paper to thank Mr. Lloyd-Jones properly for his kindness to us, and also Mr. Mantle who at considerable inconvenience to himself ran his launch from the camp to town almost daily. We hope that the troop will some day have the opportunity of doing them the good turn they so richly deserve from us. We also wish to express our thanks through this column to our other numerous friends, and are only sorry that they did not see with their own eyes how much their kindness was appreciated by the boys. We have to thank particularly the parents of the boys who were kind enough to lend the troop different articles and also Dr. Boyce for his medical inspection of the camp, the Ven. Archdeacon Greene and the Rev. Mr. Dunn for assisting us with the consecration of colors service, Mrs. Peabody for making and giving us maple syrup, Mrs DeHart for two sacks of rhubarb, Mr. H.B. Burtch for a "freezer of ice-cream," Mr. and Mrs. DuMoulin and Theodore for a case of fine oranges, Mr. Lionel Tailor for cabbages and new potatoes, Mr. W. J. Bennett for cherries, Mr. J. W. Jones for a cake, Mrs. Boycef for chocolates, Dr. Keller for cherries and lemons, Mr. John Sutherland for fifty loaves of bread, Mr. A. C. Poole for fifty loaves of bread, the Western Canners, Ltd. for a case of tomatoes and ketsup as well as pop, Mr. Bert Crichton for some ginger beer, Mrs. B. McDonald for some lemonade, Mrs. Cameron for pork and beans and onions, and Scout-Master R. Thomas for sweets. Cheers were given all the kind donors by the boys assembled around the evening camp fire which ought to have been heard at Penticton. We also wish to thank very much the South Kelowna Land Co. for permission to use the site, and the following merchants for the welcome discounts they gave us in connection with the supplies purchased from them: D. D. Campbell, The McKenzie Co., P. Burns & Co., Casorso Bros., and the Kelowna Creamery. With the care of our Quarter-master, and the kindness of our friends and the merchants, we were able to keep the expenses of the "grub" below $1001 As soon as possible we shall publish a statement of receipts and expenses in this column, which may serve as a guide for future years.

Amongst our visitors we were glad to welcome three Scouts from Summerland, who came up in a launch all the way from therewith Mr. Claud James.

No regular parades of the Troop will be held until the end of September, but it is hoped that every Scout in the Troop will take full advantage of the holidays in preparing and passing tests. Several Scouts almost completed their second classtests at Camp, and we would urge these to pass the remaining tests within the next week or ten days, before Mr. Heneage arrives, which may be at any time now.

A Court of Honour will be held at S. M. Weddell's office on Monday the 24th of July, at 7.30 p.m.

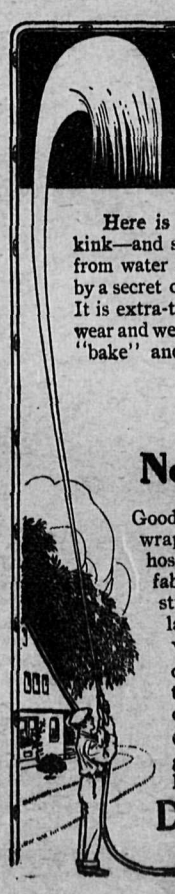
Garden Hose

High Pressure Can't Harm



Here is a woven hose—called Nero—that can't kink—and so can't crack inside and soon spring leaks from water pressure. The cover and lining are made by a secret compound discovered by Goodyear experts. It is extra-tough and best repels attacks from water, wear and weather. Fierce forces that make average hose "bake" and crumble, have little effect on Nero hose.

GOODYEAR MADE IN CANADA

Nero Reliable

Goodyear Reliable Garden Hose is made by wrapped-fabric construction and excels all other hose of this type. One reason is this—the fabric edges are stitched together—not just stuck. The cover and lining, like Nero, outlast all ordinary hose.

Yet the prices are low—due to quantity production. You can pay less, but you'll have to pay oftener. You can pay more, but you can't get more.

Call or telephone for prices. Then say goodbye to grief that's caused by lesser hose.

D. Leckie - Kelowna

TOWN AND COUNTRY NOTES

Dr. Ilsley, government veterinary is in town this week.

• • •

Sergt. Seeley came in on Friday on leave.

• • •

Mr. Wm. Young was apassenger from Penticton to town on Monday.

• • •

Mr. Martin Perry was in on Sunday's boat, leaving again Monday morning.

• • •

Mr. G. A. McKay and family came back on Tuesday from a long visit to the eart.

• • •

Mr. H. C. Ficht of Champion Alberta, is a visitor in town this week.

• • •

The usual Church of England service will be held in the Rutland Presbyterian church on Sunday next at 3 o'clock.

• • •

Sergeants Hereron, Quinn and Seeley of the 172nd Battalion were in town over the weekend leaving Monday for Victoria where they will take the officers training course.

• • •

Messrs Bradley and Jones left Monday Morning for Kamloops the former enlisting for overseas, the latter as a bridge guard.

• • •

The choir of the English church are holding their annual picnic to-day at Westbank, a large party crossing via the ferry.

• • •

Miss Lily McMillan returned with her sister Cassie on Saturday from Bellingham, Wash., where they have been nursing. Lily is staying for two weeks and Cassie two months with their parents here.

• • •

Miss Buchannan of Toronto who has purchased the millinery business of Mrs. Rattenbury, will arrive in Kelowna on or about August 1st with a new and up-to-date stock of millinery.

• • •

A. McGibbon, formerly of the K.L.O. Bench, left fast week to enlist with the Highlanders at the coast. Mrs. McGibbon and family have taken up residence on Glenn Avenue.

• • •

Another bunch of the 172nd boys came in last weekend on harvesting leave. Judging from the "music" now heard gratis in the south of the city some more buglers were included, much to the annoyance of fond mothers whose little ones (and some big ones too), are not accustomed to military hours on a Sunday morning.

• • •

Mr. F. Bawtinheimer has been for the past week the presiding genius at P. Burns & Co store, relieving Mr. W. Ludlow who has been away with his family on a holiday. Mr. Pawtenheimer returned Saturday to his ranch at Sunnywold.

Mrs. and Miss North left this morning for the coast.

• • •

Mrs. Swerdfager and family went Sunday to the coast for a few weeks holiday.

• • •

Mr. and Mrs. J. E. Reekie were passengers to Penticton yesterday to attend the conventionof the B. C. Fruitgrowers.

• • •

Mr. and Mrs. Lionel E Taylor went down to Penticton yesterday to the B. C. Fruitgrowers' Convention where Mr. Taylor is to deliver an address.

• • •

Mr. and Mrs. W. Logan left Monday for Edmonton. Although a resident of Peachland, Mr. Logan has spent a good deal of his time in Kelowna, andhe leaves with the good wishes of many frienps for his future welfare.

• • •

Mr. and Mrs. J. N. Cameron and baby returned last Thursday from a six weeks visit back east. Jack has not been back to his old home for twenty-six years, and has naturally plenty to tell of the many changes which have taken place in that time.

Wilson Landing and Westside Notes

Miss Reid is on a visit to friends in Vernon.

The Government Telephone line has recently been overhauled, with the addition also, of a sign on all public offices.

The last mile of road is in progress and in the near future our trunk-road will be an accomplished fact.

IN THE SUPREME COURT OF BRITISH COLUMBIA

In the matter of the Winding-Up Act, being Chapter 144 of the Revised Statutes of Canada, 1906, and Amending Acts, and
in the matter of British North American Tobacco Company, Limited.

TAKE NOTICE that the hearing of an application on the part of the Official Liquidator for directions with regard to the winding-up of the above-named Company, and in particular for:

1. An Order reducing the amount of the security required to be furnished by such Liquidator and for directions as to the auditing and passing of the Liquidator's accounts.

2. An Order authorising the Liquidator to pay an account of West & Drake, Chartered Accountants, of London, England, amounting to £102 14s 5d, and an account of William Sunley, Chartered Accountant, also of London, England, amounting to £48 6s, from the assets of the Company, as Liquidator's costs properly incurred in the winding-up of the Company.

3. An Order approving the appointment of Mr. E. C. Weddell as the Liquidator's Solicitor, in the place of Weddell & Gribble, now dissolved, and an Order authorising the said E. C. Weddell to have his own and the costs of the said Weddell & Gribble taxed and paid from the assets of the estate.

4. An order appointing a time for the settlement of the List of Contributories, has been adjourned to come up before the Presiding Judge in Chambers at the Court House, Vancouver, B.C., on the 9th day of August, 1916, at the hour of 10.30 o'clock in the forenoon, by the order of the Honourable Mr. Justice Gregory, dated the 30th day of June, 1916.

Dated at Kelowna, B.C., this 18th day of July, 1916.

W. G. BENSON,
Official Liquidator.

35-7

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory, the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the right applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY.
Deputy Minister of the Interior.

Whiffs of Manhattan Breezes

By Our Special Camp Correspondent

Who is this Spy, anyway?

The printer says he saw him impatiently walking the north sidewalk of Main street the greater part of one morning this week expecting to catch a glimpse of the premier.

The young lady with the x-ray bathing suit will remember that the boy scouts have returned to the beach.

"Seldom Inn" camp ladies are taking lessons in astronomy from gentlemen in Kelowna said to be well up in this interesting study.

Ford service is never out of reach if you live near "Some Inn." Geo. R. is a good scout like Clare.

The inmates of Killkare owe a specially fine fish dinner to Mr. R. who caught two 3-pounders and a couple of smaller ones.

The spy reports that the lady in the yellow house is making great progress teaching her better half how to do the breast and side stroke.

Neither L. V. nor J. W. are to be seen around the camp much. Suppose they must be thinking hard, and need quiet.

J. B. K. has now completed his masterpiece, and it has been christened the "Super-Dreadnaught." We were not aware that J. B. had talent along this line, but the Spy says Manhattan develops talent.

A "live ghost" was observed on the beach one night, and instead of lapsing into hysterics as is proper on such occasions, the bunch chased it. All "prospective ghosts" are warned that the water is near at hand.

Some campers did their swimming in their tents over the week-end. The swimming gala was greatly spoiled by the presence of miscellaneous furniture, which prevented the swimmers from showing their favorite strokes to perfection.

Grandpa F. owes a grudge to a fish which, according to most reliable and authentic witnesses turned the scale at two ounces. This is not to be regarded as a fish story, but the net result of a day's patient labor.

The Spy is sorry, but owing directly to the fact that the camp was enshrouded in a wet blanket over the week-end, his spirits (usually of the most vivacious order) were dampened, hence the scarcity of "whiffs" this week.

Many took off their hats on Sunday when Geo. R.'s Victrola played "Perfect Day." No doubt it meant well, and indeed, many would have left the cold, clammy sands of Manhattan for warmer climes had it not been for the "canned encouragement" sweetly distilled beneath the soaking canvas. But there were no quitters.

Bob M. had the misfortune to break his lamp glass. Fred D. worked like one possessed to put the tarpaulin on after the rain had ceased. He was mumbling something about "better late than not at all." Reminds us of an adage father used to quote which told of locking the stable after the horse had fled.

Talk about your tenement houses! They're not in it when compared with entertaining nine persons in a 10 x 12 tent to a full course dinner. This hardy feat of neighbourliness was accomplished by our amateur camper, who felt so elated at her success (not the dinner) that she went out and swam eleven strokes under water!

Shamrock Shack was visited by the campers whose surname begin with the initial R., on July 12th, in the absence of Mr. and Mrs. H. H. The sleeping quarters were broken into and two effigies, supposed to be speaking likenesses of the owners, placed in bed. Harry says the whisk broom tickled his feet, but Carrie yelled Police!

Far more effective than Sticky Fly Catchers. Clean to handle. Sold by Druggists and Grocers everywhere.
