Council Starts Out On Another Year

Monday's meeting of the city council was the first statutory meeting of that body following the municipal elections. The fact that no change had taken place in the personnel of the council, which was simply "carrying on" in the same order for another term of office, robbed the first meeting of some of its interest, most of the usual formalities and speechmaking being dispensed with. Certificates were handed in to show that the members elect had renewed the necessary statutory declarations when Mayor Sutherland announced that the standing committees would retain the same composition as for the past year.

These committees stood as follows:—

Light and Water—Ald. Duggan, Knowles and Meikle.

Public Works—Ald. Mantle, Rattenbury and Duggan

Health—Ald. Lloyd-Jones and Rattenbury.

Fire Protection and Building—Ald. Meikle and Lloyd-Jones.

Parks and Boulevards — Ald. Knowles and Mantle.

The Fire Brigade submitted their annual report for the year, enclosing an estimate of supplies required for the current year.

The Brigade suggested that the council make an appropriation of $150 to enable the Fire Chief to attend the convention of Fire Chiefs to be held in Calgary. This the council declared their willingness to do.

The superintendent of Dominion Telegraphs submitted a bill for $19 being expenses incurred in repairing wires broken by trees falling across them in the city park. Ald. Knowles was asked to make an inquiry into the matter.

The Kelowna Packers, Ltd, wrote protesting against a bill for $160.93 for water used during the month of December as exhorbitant. Ald. Duggan was asked to report at the next meeting.

The mayor informed the council that the Kelowna Packers had a quantity of cinders which they were placing on ground near their premises. He understood the city could obtain these cinders on condition that they supply rock load for load, and he handed the suggestion to the Board of Works to consider.

Some discussion took place on the question of the fuel for the power house, which was running short.

In respect to a claim from S. T. Elliott for damage to the fire grates in a house used by the soldiers as barracks, the council instructed the clerk to state that the council did not think the damage had been done by the soldiers and therefore they disclaimed liability.

Rutland Soldier Returns Tuesday

Pte. Arthur Gray, of Rutland, was the arrival Tuesday, and was greeted by the usual tooting of the syrens in token of welcome back to Kelowna after an absence of over two years. He was warmly greeted by many friends as he stepped from the boat.

Pte. Gray left Kelowna with the 172nd and has seen a good deal of service since his first appearance in the trenches in December, 1916. He was gassed slightly the following February, but in July he was again caught by the gas, this time more seriously and had to go back for some time to hospital. Since his recovery he has been with a labor battalion in France, and was there when the armistice was signed.

Mr. C. Homewood has been joined this week by his son Fred, from Moosejaw.

The general prevalency of "flu" has caused a complete disorganization of the schools throughout the province, so much so, that while it has formerly been the custom to admit new pupils in February, arrangements have been made to defer their admission until midsummer.

Rutland News

(From our own correspondent).

Everett Fleming left for Westbank Monday where he will teach school for a couple of months to relieve Miss Hay, who has taken sick.

The school concert which had been delayed very much by the closing of the schools, was given Friday evening, and proved to be one of the most successful ever held. There was an abundance of good talent displayed in recitations and music, and the large gathering heartily enjoyed the efforts of the youngsters. The whole affair reflected great credit upon those who had the training of the children in hand, and the proceeds which amounted to $33.80, were handed to the Red Cross. The programme was contributed to by many performers, recitations being given by Muriel Wilson, Connie Stafford, Jessie Campbell, Flora White, Ernest Mugford, Ernest Stafford, Greville Harrison, Minnie Monford, Dudley Fitzpatrick and Verna Ford, whilst musical items were rendered by Evaleen Harrison, Alma Mugford, Margaret Dudgeon, Evelyn Sproule, the Misses Homuth, Mias Bruce and Miss Morrison. Songs and chorus were given by the school, Div. 1 forming a tableau entitled "Work."

The annual meeting of the Women's Institute was held in the school on Thursday afternoon, Jan. 16th, when the directors' and financial reports were read.

Only eight meetings had been held, owing to the fact that most of the members had been engaged in food production during the summer; and in November public meetings were not allowed on account of the prevalence of Spanish Influenza. Three demonstrations were given in March, June and October; on "Beauty Culture," "Canned and dried Fruit, Vegetables and Chicken" and "Battenberg Lace. Five essays were given on the following topics: Woman's part in Food Production and Conservation; Work of the Scottish Red Cross in Serbia; The Place of the Institute in the Community; Common Sense in Conservation; and Economies in the Home. Mrs. Campbell-Brown gave an address at the December meeting on "Opportunities and Obligations of our New Citizenship."

The total amount raised for the Red X by teas and donations in 1918 wrs $165.26; for the adopted Prisoner of War, $169.27 (this included $60 from the Young Peoples Society); Y.M.C.A. Overseas Work, $98.35. Some of the members had also collected $235 for the Patriotic Fund. Six parcels of Red X supplies had been forwarded by the Red X Commission th Central Depot, Vancouver, this year, valued at $384.50. The directors took the opportunity of thanking the ladies who provided the musical items on the program, and all who had helped to make the work of the Institute interesting and instructive.

The officers elected for 1919 were: Mrs. Stonehouse, president; Miss Zella Monford, vice-pres. and Mrs. S. Gray, sec.-treas.

The annual business meeting of the U.F.B.C. was held last Monday night and the following officers for the ensuing year were elected: President, C. H. Bond; Vice-Pres., J. Reid; Directors, Messrs. G. Schofield, W. R. Craig, W. R. Reed; Sec.-Treas., T. Maxwell. The question of government grading of onions was discussed and it was moved by C. H. Bond and seconded by W. Stonehouse that No. 1 grade should be 1¾ inches and upwards; No. 2 grade 1 inch to 1¾ inches. Mr. S. T. Elliott was appointed as delegate to Penticton.

Death of Mrs. Geo. Ritchie

Word was received yesterday morning that Mrs. Geo. E. Ritchie had passed away in hospital at Vancouver. Mrs. Ritchie has been a sufferer for a considerable time and has made several visits to the coast for special treatment, but without avail. Mr. Ritchie has been at the coast with his wife for some time and on receipt of the sad news here yesterday, Miss Hazel Ritchie and Tom left at once to attend the funeral which will take place at Vancouver. Rae Ritchie who is also at the coast is seriously ill with influenza.

Closing Sessions of Dairymen's Convention

Speaking to the convention of B. C. Dairymen in Kelowna last week, the Hon. E. D. Barrow, minister of agriculture, was very emphatic over the need of greater efforts in the work of eradicating the scourge of tuberculosis from cattle. At the same time he believed that the dairymen themselves should shoulder a portion of the burden and furnish funds to supplement the government's outlay. For some years, he said, an annual sum had been appropriated to provide for testing and slaughtering affected cattle. Last year there had only been sufficient money available to deal with cases where the owners had made application for tests to be made. He believed that dairymen in general were as eager as ever to have this disease stamped out, and the whole matter should be handled in a more thorongh and efficient manner instead of the somewhat casual and intermittent way in which it had been done in the past.

Although B. C. was in a very enviable position compared with other provinces in respect to the extent of the disease amongst cattle, he was satisfied that it would be a great crime to neglect the work at the present time, as it would only mean bigger expense and loss in the future. The work should not be limited to the amount set aside by the government. He was in favor, to a certain point, of the government helping out with development of an industry, but after that it became the duty of the men concerned to shoulder at least a portion of the burden. He would like to see the dairymen create a fund to assist in fighting tuberculosis. The government cou'd not provide the whole cost. They were "in the hole" financially. Capital could be found for revenue-producing undertakings, but current expenses could not be met by borrowing. He wished to have the matter discussed and thought the dairymen could figure out some way to raise a fund. He intended to put the same proposal to the fruitgrowers in respect to the control of fruit pests. In this case also it would be a crime not to do everything possible to keep the orchards clean, and while they asked for assistance from the growers themselves, the government did not intend to shirk any responsibility.

It was stated that there had been 15,705 cows tested last year in B.C., of which 568 or only 3.62 per cent. had reacted. Compared with Ontario, which was said to show 25 per cent. of reactions, but had probably more like 75 per cent., this was very gratifying. The Okanagan was now practically free from the disease.

There was a considerable discussion on this subject, and a resolution was finally drawn up, and carried unanimously, asking the provincial government to rigidly enforce the compulsory tuberculin test, and also to establish compulsory dairy cattle insurance, which would provide adequate indemnity for all cattle slaughtered, the insurance to be maintained by equitable assessments from the provincial government, as representing the public, and from the owners of dairy cattle. It was also proposed to limit the purchase of dairy stock to animals from accredited herds. To place these proposals before the government a committee was appointed.

A feature of the afternoon's programme was an account by Mr. J. W. Berry, of Langley, of the forming of the Fraser Valley Milk Association, a cooperative concern which offered many lessons to farmers and fruit-growers here.

Other resolutions passed dealt with the purchasing of milk on a butterfat basis instead of the prevalent system of gallons or hundred weights, and compelling the furnishing of records of dairy sires and dams sold, the education of farmers in costs of dairy production and opposition to reenactment of the Daylight Saving act.

The following officers were elected for the coming year:—

Hon. President, A. C. Wells, Sardis; President, J. W. Berry, Langley Prairie; Vice President, P. H. Moore, Colony Farm, Essondale; Sec.-Treas., T. A. F. Wiancko, Dept. of Agriculture, Victoria; Directors, Lower Mainland—S. H. Shannon, Cloverdale; J. M. Steves, Steveston; E. H. Barton, Chilliwack; Islands—G. S. Harris, Moresby Isle; R. U. Hurford, Courtenay; M. Dean, Keatings; Upper Country—M. Hereron, Kelowna; A. W. Hunter, Armstrong; F. L. Mitchell, Golden; Auditor, W. H. Hicks, Agassiz.

It was also arranged that the next annual convention should be held in Vancouver.

Annual Meeting of Board of Trade

In his address to the Board of Trade at the annual meeting Tuesday evening, the retiring president, Mr. W. Haug, said that although the past year had been oue of the most eventful in the world's history in matters affecting nations, it had been a year of quiet, uneventful prosperity for the city and district. The farmers had had good crops, except in the case of fruit in some localities, and prices had been high. Consequently business had been good, and the community was in a much better position than last year.

One of the principal matters undertaken by the Board during the past year had been the publication of a booklet giving descriptions of the town and district. The matter had been compiled by the publicity committee and the printing done locally. The result was creditable both to the judgment of the committee, and the skill and taste of the printer. A parcel containing 100 of these booklets had been forwarded to to office of the agent-general of the province in London for distribution, and copies were being sent all over the country by the secretary in reply to enquiries.

An important organization growing out of the Board of Trade, but separate from it had come into existence during the year. This was the Automobile and Good Roads Association, which had been fathered by the Board, and had become a strong factor in the improvement of highways. Highway improvement and better railway facilities were two of the greatest objects for which the Board should strive during the coming year. The promised completion of the C. N. R. Branch, he thought, should result in improvement in shipping facilities by providing competitive transportation. Even if this did not decrease the rates, it would certainly tend toward rapid and careful service, both of which were of the utmost importance to the fruit shippers.

He thanked the officers and members of committees for the work they had done during the year. Owing to the "flu" there had been few meetings during the year, and the council had been obliged to assume most of the work of the Board. He appreciated the honor which had been done him in electing him president, and only regretted that he had not been able to devote more time to the Board's work.

The financial report was read ad adopted, some comment being made in this connection on the large amount of unpaid subscriptions.

Some discussion took place regarding proposed changes to the C. P. R. wharf. The company had written asking for suggestions, but it was considered advisable to secure further information, or better still an interview with District-superintendent Macnabb.

The Board of Trade of Summerland wrote asking endorsation for a strongly worded resolution asking for a free ferry across the lake from Westbank to Kelowna. It was argued that as a link in the main highway through the valley the ferry should be as free to the public as the roads.

In view of the large contributions of the district in men and money towards the winning of the war it was decided to send a request to Ottawa for some war trophies for public exhibition.

Mr. K. Iwashita was unanimously elected a member of the Boatd.

At the suggestion of Mr. M. Hereron, it was decided to ask the Vernon Board to cooperate with Kelowna in an endeavor to have the main Vernon road widened at some of the more dangerous points.

The election of officers was then taken up, Mr. P. DuMoulin being proposed as the new president, his election being unanimously approved. He, however, refused to accept the office unless he could have better support. He complained that business men and shippers took little interest in the Board, and did not attend, and that subscriptions were not promptly paid. He proposed that the election of officers be deferred to another meeting, the retiring council in the meantime preparing a slate of suitable directors to submit to the Board.

There was considerable opposition to this, however, and a somewhat heated debate arose between those who wished to proceed with the election and those who were willing to adjourn. Finally the meeting was adjourned to Tuesday next.

The annual meeting of the Auto and Good Roads Association will be held in the Board of Trade room on Saturday, the 25th, at 1.30 p.m. Officers for the year will be elected.

Big Crowd Gathers at Farmers' Banquet

The farmers' "get-to gether banquet" held last Thursday evening, and organized primarily to entertain the visitors to the various conventions in the city, was one of the best attended and most successful functions of the kind ever held in Kelowna. All the available space in Morrison Hall was occupied by the long tables loaded with good things provided by the generosity of the farmers and their wives. Though the hall is a large one there was not nearly room for those who wished to attend, and the sale of tickets in town had consequently to be limited, in order that room might be reserved for the delegates and the members of the farming community. Mr. M. Hereron local director of the Dairymen's Association, and the moving spirit in the affair, together with the banquet committee had expended a tremendous amount of energy on the preparations, and they certainly had every reason to be gratified at the result of their efforts. Their work, however, would have been of little avail without the splendid help given by the ladies, both in providing the fare, and in attending to the needs of the guests.

Following the banquet, under the chairmanship of Mayor Sutherland an enjoyable programme of speeches and music was carried out.

Mr. J. W. Jones, member for the district, was the first speaker, his interesting address presenting convincing figures showing the great progress made by the district in production of fruit and other farm produce. He emphasized the need for better transportation facilities, referring especially to the prospect of the C.N.R. building in the near future.

Senator Bostock, a welcome if somewhat unexpected guest, an old timer of the valley and representative for many years in the Dominion House, spoke of his early visits to Kelowna some twenty or more years ago. The wonderful development which had taken place was evidence not only of the fertility of the soil and the great resources of the district, but that the right class of people to make the most of them had settled here. He was always pleased to give assistance to any local project, and hoped to represent the district in the Senate for many years to come. His remarks upon the great problems the country had to deal with in the returning of men from overseas, and the general reconstruction involved, were listened to with close attention.

Responding to the various toasts were Messrs. P. Ankertell Jones, of Chemainus, Lieut. Hewetson, M. Hereron, S. H. Shannon, of Cloverdale, F. L. Mitchell, of Golden, J. W. Berry, Langley, Prof. Stevenson, Langley, Prof. Westover, P. H. Moore, of the Colony Farm, Deputy Minister of Agriculture McDonald, R. H. Palmer, Duncans, and others. Musical items wer given by Mrs. Braden, Messrs. Drury Pryce, Bromley Browne, G. S. McKenzie.

Red Cross Drive is Crowned With Success

Notwithstanding that the big drive for Red Cross Funds was held under many disadvantages, and that arrangements from headquarters were somewhat inadequate to such an undertaking, Kelowna has remained true to form in patriotic endeavors by exceeding its quota of $2,000. Exact returns are not yet available but it is sufficiently clear that the efforts of the many energetic canvassers have achieved this very satisfactory result, which compares very favorably with most other places in the province. Even Vancouver, which was asked for $100,000, only succeeded in raising a little over half that amount, and is endeavoring to get even by continuing the drive until the end of the month.

More Potatoes From Summerland Station

The following is a list of varieties of potatoes for free distribution in 3 lb. samples from the Dominion Experimental Station, Summerland, in the spring of 1919. One sample to each applicant. Those who last year received a sample and do not return a report of their 1918 crop, cannot receive another sample this year.

Early—Early Norther, Early Surprise, Reeves' Rose, Rochester Rose.

Medium—Empire State, Table Talk, Eureka.

Main Crop — Dalmey Beauty, Drought Proof, Million Dollar, Royal Russet, Mortgage Lifter, Delaware, Carmen No. 1, Rural New Yorker, Wee McGregor.

For the purpose of limiting the varieties grown in this district to as few as possible, the following are recommended: Early; Early Surprise, Rochester Rose; Medium; Table Talk, Eureka; Main Crop; Dalmey Beauty, Drought Proof, Mortgage Lifter, Delaware, Carmen No. 1, Wee McGregor.

Application for a sample can be made by post-card to Mr. R. L. Dalglish, or handed in any Saturday afternoon at the Institute Office. Applications should be sent in early.

New System of Insurance Rating

Mr. W. L. Foster, Secretary of the Mainland Fire Underwriters' Association, announces that in conjunction with the Vancouver Island Association a new system for rating stores, warehouses, small manufacturing and office premises, together with their contents, has been adopted for application to cities under Municipal Fire protection in this Province.

Mr. Foster states that the Underwriters, before arriving at their decision, considered various schedules in use in Canada and the United States. Some of the most important schedules utilized elsewhere were applied to many buildings in the larger centres of the province with the result that the schedules of other Canadian Fire Associations having jurisdiction in Alberta, Saskatchewan, Manitoba, Ontario and Quebec, will replace those at present applying here.

The introduction of a new system such as this, necessitates a tremendous amount of detail work, consequently the re-rating of the entire province will extend over a considerable period, but it is the intention to deal with the larger cities first.

The advantage claimed for these schedules are numerous. With their adoption in this province, the whole of Canada will be on a uniform basis, as the fire companies in the Maritime Provinces have lately introduced them.

They are scientific in detail and are based on years of experience, and have been revised as new conditions have from time arisen.

Although the charges and credits are more in detail than those at present used, it has been found that much less difficulty has been experienced in applying the system; all of which tends to simplify negotiations between the insuring public and the rating bureaux.

The greatest advantages claimed for these schedules are that they encourage owners to make structural improvements, increase their fire protection, minimize the common fire hazards found in these risks and to erect buildings of superior construction; thereby tending to reduce the fire waste of the country.

The adoption of these schedules will involve a system of continuous inspection which must beneficially affect the unwarrantable fire waste which both our Federal and Provincial Governments are endeavouring to check.

The national elections in Germany this week were dominated by women, who were voting and running for office for the first time in the history of the country. There were at least one or two women running on each ticket in every district.

MOTHER GAVE THIS DELICATE CHILD VINOL

And He Got Well and Strong. That's True

Monaca, Pa.—"My little boy, who is the youngest of three, was weak, nervous and tired all the time, so he was most unfit at school, and nothing seemed to help him. I learned of Vinol and gave it to him. It has restored his health and strength and he has gained in weight."—Mrs. Frederick Sommers, Monaca, Pa.

Vinol is a constitutional cod liver and iron remedy for delicate, weak, ailing children. Formula on every bottle, so you know what you are giving them. Children love it.

P. B. WILLITS & CO. Kelowna

School Column

By Principal Gordon

There seems to be an uninformed rumour abroad that singing is not taught in the Public School. As a matter of fact singing is taught throughout the whole Junior grade and has been for years. It is taught also in part of the Intermediate grade.

Some years ago we had a teacher of music hired in addition to the regular staff. Her duties were to supervise the singing, drawing and painting throughout the school. In addition, she also organized an occasional concert for the entertainment of the parents. But, owing to the war conditions, her services had to be dispensed with and drawing and painting and singing were handed back to the teachers. The drawing and painting were faithfully attended to; but because Manual Training, Domestic Science and School Gardening have been added to the school curriculum without any deductions in the past four years, it is little wonder that the grades affected by these additions should not be in any hurry to take up singing which is only an optional subject for which they get no professional credit.

I have found one supreme difficulty and that is, very few of our teachers are qualified to teach music except by rote. Rote singing is good recreation, but it is of little value educationally. We need a systematic course of study right up through the school, supervised by someone who understands music and can teach. A full-time supervision is not required, but one who can spend an hour or so daily in school is absolutely necessary if any real educational results are to be obtained.

Most of us in our school days were taught some kind of singing but there were many subjects missing from the course of study that are now included, and music has been more or less crowded out. Personally I think it is wrong to crowd it out; but there is the fact—it has been. This heaping of one subject after another on to the school curriculum without any regard to the training of the teachers in these subjects savours very much of slave-driving in a profession that has been all too docile.

• • •

The attendance at school has been very much better this week and things are consequently much more cheerful.

• • •

Messrs. Bigger and Trench along with Mr. Berry, ex-president of the school trustees' convention, visited the school on Thursday. We are always glad to see visitors, it saves us from that isolated feeling which we are so apt to get in school.

The anti-loafing regulations put into effect in April last by the Dominion government, owing to the pressing need of man power at the time, have been rescinded. In future, people out of work, by chance or otherwise, are in no danger of arrest and imprisonment.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. Jan., 21 1919

ORDERS by command for week ending Feb. 1, 1919.

DUTIES: Orderly patrol for week, Owls; next for duty, the Beavers.

PARADES: The combined troop will parade at the club-room on Wednesday, Jan., 29 at 7.15 p.m.

The usual basket-ball practices will be held on Monday and Friday.

• • •

The scoutmaster will be away from town until after the first week in February. During that time any one may communicate with the troop through Troop Leader R. Parkinson or through any of the Patrol Leaders.

• • •

Scout John Butler is retaken on the strength of the troop and attached to the Beaver Patrol, temporally until the 1st of April next, and permanently upon his having repassed the tenderfoot tests and passed the second class tests by that time, the former before the end of January.

• • •

The following second class tests have been passed: Kim's Game by Scout E. Groves on the 11th; points of the compass by Scout C. Richards on the 8th and mile at scout's pace by the former on the 15th of January.

• • •

The bugle band practices are held regularly every Thursday at the fire-hall under Instructor F. Gore, and good progress is being made. Unfortunately, however, there is a tendency on the part of one or two of the players to attend very irregularly which is not fair to either Mr. Gore or the other players. It is very kind of him to give up his time to us for this purpose and we trust it will not be necessary for us to deal with the matter further now that we have mentioned it here.

• • •

Lieut. Hewetson, who has lately taken the Instructor's course for physical training in the army, has very kindly offered to give the course to the troop, for which purpose he will be on hand at the Wednesday parades from 7.55 to 8.15 p.m. We appreciate the assistance with the training of the troop in this manner very much indeed.

• • •

The Wolf Cubs semi-annual presentation of badges and bun-feed was held at their quarters in the old wooden school on Friday evening last and they had a very good time under Cubmaster Gordon and his assistant, Mr. Bartholomew. The Scoutmaster was invited to present the badges and on arriving was greeted with the singing of "O, Canada," by the pack. Fortunately for himself and the pack he was not asked to reciprocate by singing anything in his turn. Former members of the pack who have since become scouts were also welcome guests for the evening and the following stars and badges were presented: First stars to Cubs Frank Fumerton, James Laidlaw, Billy Knowles and John Williams; second stars to Cubs Frank Fumerton, W. Akeroyd Elwyn Williams, Hugh McKenzie and Donald Loane; Swimming Badges to Cubs Harold Cunningham, William Akeroyd, Gordon Haug and Elwyn Williams and to Scouts Lloyd Cunningham, Earl Wilson, Ralph Ball, Bartlett McCarthy, John Aitken and Harry Mantle; and collectors badges to Cubs Howard Leathley and Elwyn Williams and to Scouts Ralph Ball and John Aitken.

A riddle contest was held, that is each cub was supposed to bring a riddle which the others had one minute to guess. Prizes were given to the cub bringing the best riddle and to the one guessing the most. The former was won by Sixer Hugh McKenzie and the latter by Cub A. Alsgard with two correct guesses to his credit. The prize riddle was: "If a church took fire, what would be in the most dangerous position?" Answer: "The organ, because the fire-engine could not play on it."

Tired, Overworked Mothers What You Need is Vinol

War conditions have made the demand upon a mother's time and energy unlimited. In their zeal to do all in their power for their loved ones, they continually overwork and are soon in a nervous, run-down condition. Vinol, the non-secret cod liver and iron tonic, will build you up and make you strong.

HERE IS PROOF

Whitman, Mass.
"I suffered from a nervous, run-down condition and loss of strength so it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to anyone suffering from a nervous, run-down condition."—Mrs. R. M. Little.

Cleveland, Ohio.
"I keep house for my husband and myself and got into a weak, run-down condition, no strength, languid and no ambition. After doctoring for awhile and getting no better I tried Vinol and to my surprise it built me up and strengthened my whole system. It is certainly a good tonic."—Mrs. Wm. D. Dawson.

Vinol Creates Strength

P. B. WILLITS & CO., KELOWNA

TOWN AND COUNTRY NOTES

Mr. J. W. Jones, M.P.P., left for Victoria yesterday.

Mr. and Mrs. Trenwith went up to Vernon yesterday on a visit.

Miss Jean Murray was a passenger to Kamloops last Thursday.

Farmers and others wishing for an official test of seed can send samples of same to the Dominion Seed Branch, at Calgary.

The Rev. W. A. Bennett is a visitor to Penticton again this week, conducting special services there.

The Rebekah Lodge held a public whist drive on Monday to assist in raising funds for their home for the aged folk.

Dr. McKechnie, of Vancouver, was in town attending Ralph Bulman who had his thigh broken and sustained other injuries in a sleighing mishap a couple of weeks ago.

A number of Kelowna fruit men, including Messrs. W. A. Pitcairn, L. E. Taylor, B. McDonald, S. T. Elliott, Ben Hoy, and T. Anderson went down to Penticton Tuesday to attend the B.C. Fruit Growers' convention which is being held there this week.

Mrs. M. E. Parker, mother of Mrs. H. Slater, who has been staying in Kelowna for a few weeks, returned last Thursday to Los Angeles.

The war veterans desire to very sincerely thank the ladies whose valuable assistance helped to make their dance such a success, and to Mesdames Richards and Butler for their organizing efforts.

The Cubs held their bun-feed on Friday. Scoutmaster Weddell was present and presented the stars and badges; also giving a short address in which he congratulated the Kelowna Pack on their showing in the report of last year. The scouts who were transferred from the cubs were present as guests.

Influenza has made its appearance again in Summerland. This time the outbreak occurred among the school children and so far has been largely confined to them. Schools have been closed by order of the medical health officer.

The Athletic Club boys wish to announce that they are making great and grand attractions for their dance next Thursday night. The hall, so they say, is to be positively unrecognizable, so splendid will the decorations be! There will be tables for those who wish to play cards (or desire to rest their feet), also quiet, cozy corners and big roomy chairs, whilst a specially appointed floor committee will see that the chairs are duly burdened with congenial company, for they will make it their business to see that nobody is left to talk with themselves! The young ladies are to provide the refreshments—so there! Music of an exquisite nature is to be rendered by the Kelowna Dance Orchestra to accompany the dances, of which an attractive programme has been prepared, and in the interludes talented singers will cater to the desires for song. The boys say its going to be "some night"—it should.

Mr. Thos. Ryall was a passenger to Vancouver Tuesday.

Mr. J. N. Pringle went to the coast last week-end.

Mr. E. M. Carruthers went down to Penticton yesterday.

Mr. M. A. Alsgard, who is now agent for the Chevrolet cars and trucks, reports a growing demand for these machines. Several sales of trucks have been made and it seems likely that this type of truck will take a large share in the fruit hauling this coming season.

Messrs. Mason-Risch have lately opened a piano showroom and general music store in the former Trench's drug store. A portion of the store is occupied by Ald. D. H. Rattenbury as a real estate office.

The mild, soft weather we have been having lately is a fruitful source of conversation. Even the old-timers have difficulty in recollecting anything to equal this winter for high temperatures. They cheerfully predict a February which will be severe enough to straighten the account, though! Let us hope they are wrong.

ANNOUNCEMENTS

Anglican service will be held at Rutland on Sunday next at 3 p.m.

Don't forget the K.A.A.C. dance on January 30th and the Fire Brigade Ball on March 7th.

The ladies of the I.O.D.E. are anxious to remind their friends to keep free from engagements the evening of February 25th, when they will hold their postponed dance.

"The True Function of Christian Living" will be the subject of Rev. W. Arnold Bennett in the Baptist church on Sunday morning next. At the evening service he will preach on "The Proclamation of Pardon," illustrated by a chart. The ordinance of Believers' Baptism will be administered at the evening service.

The Okanagan

After many experiences, some of them bitter, says a Province editorial, the Okanagan Valley is coming to its own. There is a rapid increase of orchards that have reached a bearing age. The people have learned the art of co-operation in packing, transportation and marketing. They know better than they did how to obtain a substantial part of the proceeds of their products. Statements made at the Kelowna gathering, setting forth the quantity and value of fruits and vegetables shipped from that district, are full of encouragement for the future. It is for the advantage of the Okanagan district that they are settled by a superior class of residents. The life there has attracted many well-educated men and women, who form enlightened communities cherishing intellectual life, and yet quite capable of guarding their material interests.

The local Daughters of the Empire are determined to do their share in welcoming the soldiers as they return to Kelowna. They have had placed on one of the sheds facing the boat landing a large sign bearing the cheerful inscription "Welcome to our boys."

NOTICE

IN THE MATTER of the estate of Christopher Hargreaves, formerly Colliery Manager, of Springhill Mines, Cumberland County, N.S., and latterly of Kelowna, British Columbia, deceased.

NOTICE is hereby given that all creditors or other persons having any claim or demand against the estate of the above deceased, who died at Kelowna, B.C., on the 8th day of September, 1918, and probate of whose Last Will and Testament was on the 19th day of November, 1918, granted by the Supreme Court of British Columbia, to Elizabeth Hargreaves, Thomas J. Hargreaves and Samuel Jones, the Executors, are required to send in their claims to the undersigned, on or before the 15th day of February, 1919, after which date the estate will be dealt with having regard only to the claims and demands then received.

Any claim over $5 must be verified by statutory declaration.

Dated the 19th day of December, 1918.

R. B. KERR,
of 7, Rowcliffe Block, Kelowna,
British Columbia,
6-0 Solicitor for the above Executors.

School Inspector Anstey, who has been in Kelowna for the past few days, was a passenger to Penticton yesterday.

Messrs. Harvey, Duggan & Davies are moving their office across the street to what is known as the Mannion Block, formerly the premises of the Bank of Commerce. The office they are vacating in the Rowcliffe building is to be used by Messrs. Rowcliffe themselves.

Printed Butter Wrappers

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER."

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from $10 to $30 for each offence is imposed. Whey butter must be so labelled even when mixed with dairy butter and dairy butter retains its label though it be mixed with the creamery product.

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	$1.50
200	" "	2.00
500	" "	3.15
1000	" "	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

Kelowna Record

WATER NOTICE

STORAGE

Take notice that J. M. J. Dobbin, whose address is Westbank, B.C., will apply for a licence for the storage of five (5) acre feet of water out of Spear Lake, which flows Southerly and drains into District Lot 3683. The storage dam will be located at North and South ends of Spear Lake. The capacity of the reservoir to be created is about five (5) acre feet, and it will flood about ½ acre of land. The water will be diverted from the stream at a point about S.E. corner, and will be used for Irrigation purpose upon the land described as District Lot 3683, Osoyoos Division. The licence applied for is to supplement a right to take and use water as per Conditional Licences Nos. 656 and 653. This notice was posted on the ground on the 23rd day of January, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is Thursday, January 23, 1919.

M. J. DOBBIN,
Applicant.

Pte. C. C. Graham Awarded D.C.M.

Word has been received that Pte. C. C. Graham, a Kelowna boy who left with the 172nd after being for some time on Home Guard, has been awarded the Distinguished Conduct Medal and a grant of $100 for services rendered recently in France. He wounded at the end of September, but at the signing of the armistice was on duty again, serving with the 72nd batt. He was only 17 when he enlisted and has been away for three years.

The Ladies' Hospital Aid are holding a Valentine Dance on February 14th.

Prince John, youngest son of King George, died at Sandringham Saturday night.

Mr. G. H. Kerr returned from the coast this morning. Mrs. Kerr and family will continue stay at the coast for some time.

Walter Findlay, ex-prohibition commissioner, was found not guilty by Magistrate Shaw in the police court Monday morning on a charge of stealing 74 cases of liquor from the provincial government, because the prosecution failed to show that the liquor had really been stolen and was not still in "Findlay's warehouse," although it is common knowledge that the "cache" had been rifled and the contents taken away.

WANTED!

FOR SALE, Coal-oil Heater and Belle Oak Heater. Apply Mrs. Boyer, Glen Avenue, after 6 o'clock. 46tf

FOR SALE. Mantles for mantle oil lamps, 30c each; Lamp Chimneys 40c each or two for 75c. Why pay more? James Inglis, Water Street, phone 116. 7-0

East Kelowna Red Cross

The annual meeting of the East Kelowna Red Cross Society was held in the schoolhouse on Saturday last.

The report of the joint presidents, Mesdames Reekie and Carruthers, was a very encouraging one. The Society was organized on December 15, 1917, and during the following year the names of 55 members were placed on the roll. Meetings were held regularly on Tuesday afternoons, the attendance being good until June when the majority of the members turned their energies to the saving of the fruit crop, and the Society's work was carried on chiefly by the presidents.

When the fruit harvest was in the Society re-commenced its work but alas! the Spanish Influenza caused suspension of all meetings. Urged on, however, by enthusiastic presidents, the members busily plied the needle in their respective homes, and thus assisted in making possible the following balance sheet:—

RECEIPTS

Proceeds of Concert, 1917	$ 22.75
Monthly Dues	80.65
Orders	177.65
Donations	37.50
Sale in Kelowna, 1918	433.95
Garden Party	203.70
K.L.O. Cherry Pickers' Concert	76.10
Sale in Kelowna, 1919	741.72
	$1774.02

DISBURSEMENTS

Material		$ 292.19
Donations—		
Kelowna Red Cross	$733.95	
Prisoners of War	40.00	
Mr. Bond (for Rutland Red Cross)	25.00	
The Great Drive	500.00	
		1298.95
Advertising		12.90
Stamps and Stationery		5.16
Sundries		33.95
To Balance		130.87
		$1774.02

The election of officers for the year resulted as follows: Presidents Mesdames Reekie and Coubrough; Vice-Pres., Mrs. Wright; Sec.-Treas., Mrs. E. Jenkins.

The ladies wish to extend their thanks to the townspeople for their co-operation during the past year, and trust they will do their best to make 1919 as successful as the preceding year.

Try This Sometime

Tie a string about a yard long to a common door key and take the string in the right hand, holding it so that the key would clear the floor four or five inches If you can hold the string steady enough the key will begin to swing back and forth in a straight line. Let another person keep your left hand in his and the motion of the key will change from the pendulum-like swing to a circular swing. If a third person will place his hand on the shoulder of the second person the key will stop. Try it, and then explain if you can.
