New Members Take Places On Council

Make Grant to Hospital Society

Departing from its regular custom of morning meetings, the city council met at 8 p.m., the evening of Monday last. The first business was the formal swearing in of the two new members, Ald. W. Lloyd-Jones and Ald. J. B. Knowles, who, as the returning officer's declaration stated, had been elected by acclamation the previous Monday to the two vacancies in the south ward After taking the customary oath of office, the new aldermen took their seats at the table, receiving the friendly greetings of their fellow members.

The Kelowna Hospital Society was represented by a deputation consisting of Messrs. H. B. Burtch, P. DuMoulin, D. Leckie, and G. Meikle, who applied to the council for a grant towards the support of that institution. It has been customary for some years past for the council to grant to the Hospital an amount equal to the light and water rates for the current year, and his Worship intimated that the council would be willing to do the same this year.

A long letter was read from the manager of the Kelowna Steam Laundry in reference to the disposal of the waste water from the laundry, which had been made the subject of recent complaints to the council. He outlined the various means which he had taken during the past few years to solve the problem and the different drains and contrivances which had been constructed upon the advice of the Medical Health Office and other city officials, all of which had been successful only for a time.

In conclusion he said he was again beset by complaints, and was willing to do the best possible in reason, but could not afford any unnecessary expense, or any more experiments suggested by people who knew little or nothing of the problem.

It was decided that the Health committee should make an official visit to the place and report the result of their investigation.

Some correspondence was read in connection with the matter of the claim of the C.N.R. for exemption of their lands in the city from taxation, and which has been the subject of prolonged litigation. An offer of a compromise had been made but it had been deemed advisable to leave the matter in the hands of the counsel engaged.

A resolution was passed recording the sympathy of the council with Mayor Sutherland and Ald. W. C. Duggan, each of whom had recently lost sons in the war.

Applications for a position on the office staff to fill the vacancy caused by the resignation of Mr. F. V. Royle were received from Messrs. H. W. Arbuckle and W. A. A. Newton. In view of the satisfaction given by Mr. Arbuckle whilst substituting for Mr. Royle during the past five months, the Finance Committee recommended his appointment. The appointment was therefore confirmed by resolution and the salary fixed at one hundred dollars per month.

A resolution was also passed increasing the salaries of Messrs. J. McMillan, chief engineer of the power house, and P. T. Dunn, city assessor, by ten dollars per month.

A Court of Revision of the municipal voter's list was arranged, consisting of His Worship the Mayor and Ald. Rattenbury and Duggan, to be held in the council chamber on Monday, December 10th, at 10 o'clock a.m.

Ald. Duggan on behalf of the Light and Water committee, recommended that tenders be called for one hundred to five hundred cords of wood for the power house same to be in by noon on December 10th. Instructions were given accordingly.

Ald. W. Lloyd-Jones was appointed chairman of the Health committee, and Ald. J. B. Knowles chairman of the Parks and Cemeteries committee.

The Parks and Cemeteries committee was authorized to arrange for the erection of a small shelter at the cemetery at an approximate cost of fifty dollars.

It was arranged that the next meeting should take place on Monday eveniug December 10th at 8 p.m.

Kelowna's War Loan Passes $150,000

Likely to Go Much Higher Before Campaign Closes

Although Kelowna at the outset of the campaign for the Victory Loan was only asked by the provincial organizers for $50,000, it was thought by some that this was a very sanguine estimate of what might be expected from the district, especially in view of the somewhat strenuous times through which we have been passing. No more eloquent testimony need be sought that this depression is passing, and that money is becoming more plentiful than the fact that with several days of the Loan campaign period still to run, this figure has been trebled. There is apparently no room for doubt as to the determination of the people of Kelowna to see the thing through. One of the leading cities of the Dominion in the number of soldiers sent to the war in proportion to the population, Kelowna has no hesitation in sending money too, and promises to be high in the list of contributors to the War Loan.

Up to last night a total of $150,550 had been subscribed by 583 different purchasers. Yesterday was also the record day, $23,000 having been reported, against $22,550, the next highest, for the dav before.

Saturday afternoon last the Loan was brought prominently before the public by the parade which started from the Lakeview Hotel at three o'clock, heralded by blasts of the city whistle. The procession was lead by a Scout carrying the Union Jack. Next came the cubs and more scouts awheel and carrying banners, another bunch of cubs distributing advertising literature. About a score of auto. owners joined in with their cars decorated with flags and posters, prominent amongst them being the fire truck with a streamer giving great prominence to Sherman's famous remark. Mr. T. S. Ruffel who has been looking after the publicity end of the campaign was there with his bicycle decorated. The procession passed up Main street and around Harvey Ave., breaking up when it reached the business section again. It achieved its purpose of drawing the attention of everyone to the claims of the Loan.

More of the Boys Come Home

As the "Sicamous" came to the wharf Tuesday afternoon she gave the joyous toot-toot which has come to be associated with the return of our soldier boys from the front. As the crowd hurried down to the landing, they found that three of the Kelowna men had come back, two of them at least, having been through some of the fiercest of the trench fighting in France.

Rae Ritchie, eldest son of Mr. George Ritchie, as a real Kelowna boy, a former student in the school, and well-known to practically everyone in the place, received a royal welcome. He was at McGill when he joined up with the university corps early in the war, being drafted later to reinforce the "Princess Pats." He was with that famous regiment during many of their earlier exploits. An epidemic of measles, which went through the trenches got him eventually, and he was sent back to undergo a course of hospital treatment.

Returning again to the hardship of the trenches, and probably a little too soon, the malady known as "trench feet" began to bother him, and after a time grew so bad as to incapacitate him from further service. He is at present home on a short leave, and must return to the convalescent hospital at the coast, but it is likely that he will get his discharge.

The second to return was Mab McDougal, of Westbank. He went away with the 172nd, and later joined a draft for the trenches. Falling a victim to the poison gas he was invalided home.

Pte. Frank Robbins was returned in accordance with the present regulations as under age. His father and older brother are still overseas.

Rule of Road Discussed by Board of Trade

May Form Auto Club to Work for Better Roads

At the Board of Trade meeting Tuesday evening Mr. Lionel E. Taylor gave a short address on the "Rule of the Road," a proposal to change which and bring the province in line with the rest of the Dominion had been discussed at a previous meeting. Mr. Taylor, although recognizing the advantages of a uniform practice, was not favorably disposed to any change being made.

At the present time he believed B.C. and Nova Scotia to be the only provinces where the rule of the road is to keep to the left in passing. The remaining provinces and in the U.S.A. it was to keep to the right.

The agitation to alter the rule of the road for B.C. came altogether from motorists who found it inconvenient when touring in the States, and vice versa, to have to alter their accustomed habits. It was true that many accidents had taken place at the coast which had been attributed to confusion arising from the road rules. This was probably the strongest argument the advocates of altering the B.C. rule had to put up. It was claimed that several hundred accidents occurred annually on either side of the boundary amongst a few thousand touring cars and that if the rule of the road was uniform such accidents would not occur.

If that was the case when only a small proportion of B.C.'s total traffic was concerned, how many accidents would there be during the first few months when all would be confused if the rule was changed and affected all traffic in the province? There would be terrible slaughter!

To further analyse the motorists' argument for the change, it had to be admitted that when an accident occurred it was the touring motorist's fault because the native of the country would naturally be on the correct side of the road! The question then boiled down to either forgetfulness or carelessness on the part of the motorist, neither of which were valid excuses for endangering life. The motorist should have his wits about him and his car under control. Most accidents, he thought, were attributable to cars being out of control due to excessive speed. In places where the road was good and on the straight there was always a tendency for road hogs to let their cars go to the danger of other frequenters of the road.

Here in the Okanagan such practices were rarely indulged in owing to the nature of the roads which prohibited excessive speed to the road hog himself.

He had read an amusing account of the state of traffic in Petrograd after the revolution where drivers on being remonstated with, said that Russia was now a free country and the people free to do as they liked and to drive which side of the road they liked.

We were a free people but respected our laws and customs and were conservative about having them changed, and he thought the majority of people would resent a change in the rule of the road.

In Austria-Hungary both the right and left rules prevailed varying according to district. Here was a highly-civilized European country permitting the two rules within its own empire.

He admitted that uniformity of the rule throughout Canada would have its advantages, especially when the great transcontinental highway was completed.

A serious objection to altering the rule had been made in Vancouver on behalf of the B.C. Electric trams as such change would involve enormous expense in altering the cars and tracks.

Coming to the question of good roads, he said they were essential to the progress of the country. The United States had gone very fully into the matter and had prepared statistics showing the cost of hauling on good and bad roads. Good roads were a great asset to any farming community.

The idea of changing the rule of the road failed to find a single advocate, notwithstanding the admitted disadvantages of being different from other provinces and our neighbours across the border.

Mr. M. Hereron said that chief amongst the objectors would be the horses which had learnt to take the left side in passing vehicles, a habit which it would be hard to change.

Mr. Chick said he had heard it claimed that a driver keeping to the left and sitting to the right of his vehicle had better control of his team than he would have if the positions were reversed.

The discussion eventually resolved itself into a general recognition of the need for better roads, both for hauling produce and for motor traffic, and it was concluded that the best way to secure this was to organize an automobile clue or good roads association which would be interested in keeping watch upon the condition of the roads and urging the matter upon the government.

Finally it was decided to appoint Messrs. DuMoulin, Rogers and Hereron as a sub-committee to obtain all information as to the formation of such an organization and report to a subsequent meeting.

Dr. Knox is expected to arrive back in Kelowna within the next week. Dr. Paradise, who has temporarily filled his place is from over the border where he had previously offered his services to the army medical department. He has now been notified to report within the next two weeks.

Rutland News

(From our own correspondent).

Rutland Womens' Institute has put some of its surplus funds into the purchase of a war bond.

Mrs. W. G. Schell has received the sad news that her brother has been killed in action.

Mr. Coxworth went down to Winnipeg last week in charge of a car of apples, returning Saturday.

The Rev. D. E. Braden preached at the special missionary servic Sunday evening last.

Miss Simpson, who has been the guest of Mr. and Mrs. Jas. Duncan, returned Friday to Kelowna. Mr. Duncan's sister has now come to stay for a short while.

As an evidence of the extremely mild weather for the time of the year it might be mentioned that wild strawberries are being picked on the benches above Rutland while many gardens still have sweet peas, stocks and other flowers in bloom.

A petition is being concluded to bring Rutland under the Pound District act, and already there are between forty and fifty signatures.

The Girls Enterprise Club met Tuesday at the house of Mrs. Macdonald.

The Food Conservation cards have been distributed in tne Rutland district and most of the people have readily signed them.

No More Grain for Whiskey

By an order in council under the provisions of The War Measures Act, regulations are made that "on and after the first day of December, 1917, and until the Governor General in Council has by order declared that the present abnormal conditions have ceased, no grain of any kind and no substance that can be used for food shall be used in Canada for the distillation of potable liquors."

Westside Notes

Mr. Chas. Clarence paid some visits here the other day. He reports the prairies too cold for him at this season.

The road superintendent, Mr. McAlpine, accompanied the manager of the Kelowna Sawmill Co., Mr. Lloyd-Jones, up to the Bear creek road on Wednesday last. The road has been made an excellent one and ordinary travellers find it a pleasure to get on to it. Most interesting also to see are the millions of feet of fine logs ready to be moved. Mr. Lloyd-Jones has purchased three fine large teams for hauling purposes. The camp itself is very comfortably fixed with Mrs. Thompson as housekeeper, ably assisted by her daughter Miss Marie Thompson.

The Hospital Jumble Sale, which formed a feature of Saturday's attractions in town, was successful in raising a sum of $75 for the hospital funds besides some few goods which remained unsold. As usual Mr. J. C. Stockwell gave his services as auctioneer.

The Fighting Men await your answer

HOW many Victory Bonds have you bought?

Have you put yourself to any real inconvenience to buy Victory Bonds?

Have you denied yourself some purely personal gratification, so that you could invest the money saved in Victory Bonds?

Have you realized the urgent need for personal self-sacrifice to make the Victory Loan a great success?

Until you have bought Victory Bonds to the very limit of your ability, you have not done your duty.

Campaign Closes Saturday Night

What Answer Will You Give?

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada. 65a

Notes By An Onlooker

If anyone had visited these parts five years ago to pick up $150,000 for the Dominion Government at 5½ per cent. the results would not have paid his hotel bill. Town lots at home and abroad, shares in Vancouver and oil wells anywhere, we knew and loved, but government loans were placed in London and New York after lunch, and we would surely have smelled a gold brick if any handsome stranger had offered that stuff here. Now, some fine old crusted savings accounts that have slept for years give a Rip Van Winkle sigh and turn over and out on the broad highway to Ottawa. Six hundred folks in this district will hear the crisp aristocratic crackle of a bond and itch to get the scissors at work on that June 1st coupon. Then comes the desert which takes six months to cross before the next oasis is reached. Coupons are cash and will doubtless be in evidence everywhere in church collections.

Nearly 1600 men have joined up from the district and now Kelowna is beginning to stake her wealth. Including subscriptions to the three previous loans we have put up about $250,000. It will not strain the majority but there must be many subscribers who are making sacrifices to feel the satisfaction of taking a part in the great war.

The idea of the Dominion treasurer is to enlist some of the loose money that would otherwise go into motor cars, bacon, trips to the tropics or other frivolous luxuries. Food Controller Hanna keeps on with his warnings and appeals but Sir Thomas White is out to get the money first. Some sense in that.

• • •

Some people are wondering whether the new war loan will drop below par on the stock exchanges and whether they will lose much if they have to sell at any time. No one intends to sell, of course, but the term is long and there are the changes of fortune to consider. As time passes and government bonds in the hands of the people increase, the question may settle itself. They will be passed on at par value as cash to pay a grocery bill, buy a cow, a piece of land or a piano. The issue is supported by the same security as the dollar bill; better, in fact, for the loan is to be repaid in gold whereas if you read the dollar bill it is simply a promise to pay, but no date is set or mention of specie made. The bond is really superior and pays interest in addition. In theory the dollar bill will be exchanged in gold but in practice you could not get a five dollar gold piece for six of them. It all comes to this, that Dominion bonds will remain at par or over just as soon as people decide to trade with them on the principle of the present dollar bill and to ignore stock exchange quotations. A Canadian dollar is not currency in New York but we don't worry about it.

• • •

It is reported that the Central Okanagan liquidator has made a cash discount offer to those requiring deeds. This is good news. When a liquidator tries to give anything away free, it is wise to go up in an aeroplane until he has "hung it on someone" for it is usually loaded with taxes and arrears of interest; but when he leaves his dug-out after many years and comes over the top with a genuine cash discount it is well to hold your breath and reach for a blank cheque for it means you have a chance to get in on the ground floor.

—BENVOULIN

The Russians and Germans on the Eastern front have opened formal negotiations for an armistice.

Foreign Minister Trotsky, of the Russian Bolsheviki, has asked all the allies to revise their war aims, and threatens that if the request is not answered, the Bolsheviki will consider a separate Russia peace as justified.

The Bolsheviki government today announced the abolition of all nobility titles and the confiscation of all corporate property of nobles, merchants and burgesses.

General Plummer has been made commander of the British forces in Italy. Lieutenant-General Sir W. Marshall has been named successor to the late General Maude, commander of the Mesopotamian forces.

The French government has absolute proof that the German spy system sent Lenine; the Bolsheviki leader to Russia. This was announced following a report of a news agency that the Bolsheviki proposed an immediate armistice.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. Nov. 27, 1917

Orders by command for week ending Dec. 8th, 1917.

DUTIES-Orderly patrol for week Wolves; next for duty, Eagles.

PARADES — The combined troop will parade at the club room on Tuesday, the 4th, and Saturday the 8th of December, at 7.15 and 2.30 p.m. respectively.

• • •

We received a telegram from Commissioner Heneage last week advising us that His Excellency, the Chief Scout, was not passing through the Okanagan this time as he is not leaving the main line of the C.P.R. anywhere, owing to pressure of time. We shall, therefore, have the silver crosses and other badges presented at our annual Christmas bun feed, which will be held this year on either Thursday or Friday of the week before Christmas.

• • •

We have lost another member of our troop in the person of Scout Charles Copeland, who has gone to live with his family at the ranch they have purchased near Lumby, B.C. He was a second-class scout a member of the Eagle Patrol, and attended camp last year with the troop. We wish him the best of luck in his new home.

• • •

The scout master received a letter from P.-L. Francis Buck last week. He joined the artillery as you will remember, and writes that he finds his scout training has helped him a great deal. The qualifications for signalling which he has to master, include the buzzer, lamp, helio, flag, at 8 words (40 letters) a minute. They also have to qualify at repairing phones and all sorts of telegraph, line and exchange work, including map reading. They take the semaphore as well as Morse in England, though the former was unheard of in Canada.

Francis is very anxious to have news of the scouts, and at the time of writing he had not received any mail for a long time as it had been chasing him all round without reaching him. We hope you will all write to him. His address is: Gunner F. C. Buck, 339756, "D" Battery, Canadian Reserve Artillery, Witley Camp, Milford, Surrey, England.

• • •

Summerland troop is unfortunately losing three of her four patrol leaders almost immediately. This is a very severe loss indeed to any troop, and we know how it would affect us. We trust, however, that Summerland will recover from the loss and come up again smiling.

• • •

Two more cubs joined the pack last week, which now gives them a membership of 27. Mr. Heneage has written to us asking us to convey his congratulations to Cub-master Gordon on the increased strength of his pack, which we are happy to do. There is no danger of the troop becoming extinct in Kelowna with a bunch like that coming on!.

The Corporation of The City of Kelowna

VOTERS' LIST FOR 1918

NOTICE is hereby given that a Court of Revision will be held on Monday, December 10th, 1917, at ten o'clock in the forenoon, at the Council Chamber, Kelowna, B.C., for the purpose of hearing and determining any application to strike out the name of any person which has been improperly placed upon the Municipal Voters' list for the year 1918, or to place on such list the name of any person improperly omitted from same.

TOWN AND COUNTRY NOTES

Mrs. Millie left last Saturday for a stay at the coast.

Jim Calder went down to New Westminster this morning to attend a Sunday-school convention.

Mr. and Mrs. J. N. Thompson have left for Winnipeg. It is their intention to spend the winter on the prairie visiting friends.

Mr. and Mrs. Doaflinger, of Mara, were visitors in town over the week-end.

Mr. A. Dawson, of Penticton, was a visitor in town Saturday.

Mr. Exell, of Westbank, was a visitor in town this morning.

Mr. and Mrs. Johnson of Rutland left Tuesday for Regina.

Mr. J. A. Bigger returned Monday from Strathmore, Alta., where he had been visiting his daughter.

The police have been notified from several quarters that chicken thieves are abroad again, and poultry keepers are warned to keep a sharp watch upon their flocks.

Mr. R. F. Morrison had a nasty accident a few days ago. While out on the road some minor trouble had developed, and in fixing it his hand was caught against a rapidly spinning rear wheel, and the flesh badly torn from the palm.

At the Board of Trade meeting Tuesday night it was mentioned the government had been petitioned, and had consented, to rebuild the ferry wharf at Westbank removing it to a point further south where a safer landing could be made in stormy weather than at the present place.

A tempting big fruit cake made by Miss Macfarlane, of the schools domestic science classes, was raffled this week in aid of the Red Cross, and realized the handsome sum of $25.25. The cake had been placed on exhibition in the the window of Trench's store, and the drawing took place there Wednesday afternoon, Mayor Sutherland performing the interesting ceremony. The winner was Miss Olive Pettigrew, and the lucky number, 48.

It is a long time since Kelowna saw such a crowd in town as came in Saturday, attracted by the Dollar Day bargains at the stores, the Hospital Jumble Sale, and the auto parade which formed a part of the Victory Loan. Most of the stores report excellent business and there were scores of evidences that the trade depression which has borne heavily upon the merchants for the past year or two is passing and giving place to more prosperous conditions.

The Kelowna Women's Institute will meet on Saturday, December 1st, at 3 p.m., at the home of Mrs. B. McDonald, Richter street. Members are asked to make suggestions for Christmas giving.

Mrs. Swerdfager returned Saturday from the coast after an extended stay.

Ensign A. Nelson, representing the Salvation Army came in on Tuesday's boat collecting for the general fund of that organization.

A dance is being arranged for Friday evening in aid of the Ladies' Hospital Aid, in the Morrison Hall. Supper will be served.

Next Sunday in the Baptist church the Rev. W. Arnold Bennett will preach on "The Quest after Truth." At the evening service he will continue his series of portraits of men and women around town, under the topic "The Worst Heretic in Kelowna." After the morning service the Lord's Supper will be administered.

The Ladies Aid Society of the Baptist Church will hold, on Saturday December 8th, in Trench's old store a sample sale of "Made in Canada" goods. A large variety of samples have been secured and will be offered at bargain prices. There will also be home cooking on sale.

The Chancel Guild of St. Michael and All Angels will hold their annual sale of Christmas novelties on Saturday, Dec. 1st, in the Prisoners of War tea rooms. Ten per cent. of the profits will go to the Red Cross and Prisoners of War Funds. Afternoon tea and home cookery Sale will begin at 2:30 p.m. There will also be a meeting in the evening.

Farewell Party to Mr. and Mrs. Copeland

The home of Mr. and Mrs. R. A. Copeland was the scene Tuesday evening of a little surprise gathering of friends who had assembled to take leave of the family on the occasion of their leaving Kelowna for the farm recently purchased by Mr. Copeland near Lumby. The affair was quite an impromptu one, and although some fifty persons were present, many more would have been pleased to pay their respects to the host and hostess had the arrangement been better known. The coadiality shown bp all the visitors was evidence of the great esteem in which Mr. and Mrs. Copeland have been held during their many years residence in the city. While all regretted to see them leave for fresh fields, the hope was heartily expressed that they would meet with happiness and success in their new surroundings. Supper was provided by Mr. and Mrs. Copeland with their usual hospitality, and several musiual items added to the pleasure of the evening. Although Mr. Copeland has been engaged upon his farm during the past season, the family remained in Kelowna, and he has been here this week for the purpose of packing up. He expects that the car with the furniture will be moved out Saturday.

The current year's city taxes are subject to 12½ per cent. rebate if paid on or before FRIDAY, NOVEMBER 30th. After this date the gross amount bears interest at the rate of 8 per cent. 20½ per cent. is too much to pay for money. Pay your taxes NOW and save this amount.

WATER NOTICE

USE AND STORAGE

TAKE NOTICE that Edward A. Barneby, whose address is Okanagan Mission, B.C., will apply for a licence to take and use one hundred (100) acre feet, and to store one hundred (100) acre feet of water out of Fraser Springs, situated in the S.E. quarter of the N.E. quarter of Section 24 T.p. 28, also known as————, which flows in a northerly direction and drains into Fraser Lake about quarter of a mile south of the S.E. corner of Sec. 25, Tp. 28. The storage dam will be located at Fraser Lake. The capacity of the reservoir to be created is about one hundred (100) acre feet, and it will flood about eight acres of land. The water will be diverted from the stream at its source, and will be used for irrigation and private power purposes upon the land described as that portion of the S.E. quarter section, 25 Tp. 28, owned by applicant. This notice was posted on the ground on the 12th day of November, 1917. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is Thursday, November 15th, 1917.

52-4

IN THE MATTER of the Estate of DOUGLAS MACCLESFIELD ANDERSON, late of Kelowna, B. C., deceased.

NOTICE is hereby given that all Creditors or other persons having any claim or demand against the estate of the above deceased, who died on or about the 24th day of April 1915, and Probate of whose Will was granted to John Coussmaker Anderson, Kelowna, B. C., on the 5th day of October 1917, are required to send in their claims to the said John Coussmaker Anderson, or to Messrs. Burne & Weddell, Kelowna, B. C., his solicitors, on or before the 22nd day of December next, after which date the Estate will be dealt with having regard only to the claims and demands then received.

Dated the 22nd day of November, 1917.

BURNE & WEDDELL,

2-6 Solicitors for the Executor.

The Corporation of the City of Kelowna

TAXES FOR 1917

Notice is hereby given that Friday, 30th November, is the last day upon which taxes for the current year can be paid less the one-eighth abatement.

All tax notices have been mailed to the assessed owners. Any taxpayer who has not received his notice may obtain a copy by applying to the Collector for same.

G. H. DUNN,

Kelowna, B. C., City Clerk.

October 31st, 1917. 50-1-2

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lease may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.

(N. B.—Unauthorized publication of this advertisement will not be paid for.)

Ladies Wishing to Order SPIRELLA CORSETS can meet Mrs. J. H. DAVIES Room No. 1, Oak Hall Block between the hours of 5.30 and 2.30 p.m. on Saturday of each week, or at any other time by appointment.
