Suggest Utilization of City's Vacant Lots

Advocates Building of New Municipal Hall

At Monday's meeting of the city council Mayor Sutherland advanced an interesting suggestion regarding the utilization of some of the waste land in the municipality more particularly on the north side of the city, where he believed that it would be possible for the city to place about 200 acres under cultivation. He informed the council that he would like to appoint a special committee to investigate the matter.

In the near future, the Mayor continued, the city would undoubtedly obtain posession of large sections of land on the north side through tax sales. In order that the city might be enabled to obtain complete posession of several subdivided blocks, he was of the opinion that it would be possible to arrange with individuals who had paid their taxes and retained their interest in odd lots to exchange their holdings for other tax sale property nearer the centre of the city. The city would then be in a position to apply to the courts for cancellation of the subdivision of such blocks and place the property under cultivation, thus producing a revenue and assisting the finances of the city. He would also ask the comm ittee to consider the placing of the sewerage disposal grounds under cultivation.

The idea met with immediate approval as the subsequent discussiowed, and a committee consisting of Ald. Rattenbury, Mantle and Duggan were appointed for the purpose.

Ald. Mantle drew the council's attention to the fact that at present there was no hall in Kelowna of sufficient capacity in which to hold large public meetings and entertainments, and he suggested that the council consider the expediency of constructing or arranging for the construction of a city hall, the erection of which he considered would be a great benefit to the community as a whole.

Mayor Sutherland said that former councils had in view the erection of a municipal hall on the site of the present fire hall. Such a building would accommodate the fire department, police court, cells, &c., with the municipal offices on the ground floor. The second floor was intended for use as a hall for public meetings. To undertake any such scheme would mean the raising of a large sum of money by way of debentures and at the present time this was out of the question. He would not be in favor of taking any action until the war was ended.

Ald. Mantle said he was not so much interested in the erection of a hall for municipal purposes as in providing a suitable place in which large public meetings could be held, and which would provide suitable accommodation for first-class entertainments, operas, &c.

A discussion arose as to the rate of wages to be paid for ordinary labor. It was stated that owing to some employees in the Public Works department being paid $3.50 per day, men in other departments had been asking for the same rate.

Ald. Mantle explained that the committee had been running the rock crusher for some little time, and the men engaged on it had threatened to stop work unless they were given $3.50 per day. Owing to the fact that rock-crushing was verv hard work and the provincial government was paying $3.50 per day to their roadmen, he had authorized the same rate to the men while working on the crusher. The work would soon be completed and those employed on other labor would be paid at the rate of $3 per day.

Ald. Duggan for the Light and Water committee recommended that the salary of F. Varney be increased to $100 per month and that the temporary fireman employed at the power house during the time the regular staff were taking holiday be paid at the rate of $3.50 per day.

A resolution was passed to this effect and also increasing the salary of the assessor and collector to $110 per month.

An application contained in a letter from Mr. G. A. Binger for certain improvements to Charleton avenue was referred to the Public Works committee.

The Chief of Police submitted his monthly report showing three cases before the magistrate during June and a total of $102.50 levied in fines. He also drew attention to the fact that numerous complaints were being received regarding the speed automobiles and motor cycles were being driven through the streets. The provincial law allows a speed of ten miles per hour which was often far exceeded. Even ten miles was too great and unsafe at times, and drivers should reduce their speed in the business section of the city especially at street corners and at crossings where accidents were likely to happen.

Mr. W. Haug was granted permission to place weigh scales near his premises on Haynes avenue.

Mr. F. E. R. Wollaston, of Vernon, wrote asking the council to endorse certain resolutions passed at a meeting held in Kelowna May 16th and attended by several delegates from different parts of the Okanagan interested in irrigation matters. The resolutions, which were to be placed before the coming irrigation convention to be held at Nelson, July 24th, read as follows: (1) That this convention recommend to the provincial government that before passing any amendments to the Water Act, they be submitted to the water users for their views; (2) That this convention urges the provincial government to take over and administer all water storage works and main canals."

The resolutions were unanimously endorsed.

Breaks Leg in Bad Driving Accident

A rather bad driving accident happened last Thursday evening on the Vernon road at Benvoulin, as a result of which Alan McKay, nephew of Mr. G. A. McKay, lies in hospital with a compound fracture of the leg, and others carry numerous bruises and scratches.

Alan McKay and Bert Davis, two local boys working up on the K.L.O. bench, went out for a drive Thursday evening round the Rutland bench and on descending the hill from the store one of the bolts fastening the shafts came out. This scared the horse so badly that it began to kick and finally bolted. On the Benvoulin road Mr. and Mrs. Fairweather were driving homeward with a democrat in the rear of which was a bassinette containing the baby. The runaway crashed into the rear of the democrat with the result that the occupants of both rigs were thrown in all directions, though fortunately no one was seriously hurt except McKay who caught his leg in some way in the wheel. The baby was badly shaken but unhurt. Two girl cherry pickers who were also in the buggy were thrown out and one of them badly scratched.

Pte. Norman Blackwood Returns Wounded

Another Kelowna soldier was welcomed back yesterday afternoon in the person of Pte. Norman Blackwood, one of the 172nd boys who has seen a good deal of service

Pte. Blackwood bears the very evident marks of his experiences both in his features and in the limp which his wounds have left him with. He has been wounded twice first in the arm and the last time more seriously bv a shot through both knees. This laid him up in hospital for many months, and he is not yet fully recovered by any means. He will stay in Kelowna for a couple of weeks before reporting again at Vancouver.

The Glasgow Herald of June 6th contains a notice of the death in action on May 29th of Ernest Campbell Macintyre, aged 45, of the Scots Guards. Deceased was well-known in Kelowna as a former Dominion Express agent.

Thousand Dollars is Raised by Carnival

Patriotic Fund to Benefit by Saturday's Event

The great success which attended the Patriotic Carnival on Saturday last must be very gratifying to those ladies who worked so energetically for it. Although considerable interest had been roused in the event, no one thought that in the few short hours during which the carnival was in progress, near $1000 net would be raised for the Patriotic Fund. The total receipts were about $1033, while the expenses were under a hundred dollars.

The street procession was a great surprise in the excellence of the turnout, certainly the best ever seen in Kelowna. Considerable trouble had been expended on some of the entries, especially the automobiles and floats, and they presented a very good effect. For the best car Mr. L. Dilworth took the prize, while the first and second prizes respectively for the float went to Miss Vivian Walkem and Mrs. H. Dillon. Jim Calder and his colored bride did the "coon couple" well and deserved the first prize they got. Ruth Rowcliffe as "Folly" mounted on a Shetland, took second. For the girls costumes Bessie Duggan was first in a clever Welsh costume, and Winnie Dibb as England and France, second. Ian McFarlane and Doris Leathley took a prize for "Jack and Jill." Miss Ferrier had a cleverly arranged float, but arrived too late to compete for a prize. Mr. Ferrier rode as a Mexican. Miss Barlee rode as an Indian warrior, her make-up including some interesting bead work and other curios. And who was Charlie Chaplin?

A prominent feature of the procession was a large float bearing a merry-looking party of "farmerettes" from Rutland, fcllowed by a party of Pierettes in a decorated turn-out. Mrs. Duggan as a gypsy and another lady as a fishwife were also very good, while even the water wagon joined in, appropriately labeled "Prohibition," and surmounted by nigger boys.

The parade was neaded by Mr. Hugh Rose with his bag-pipes and a couple of drummers. Next came the Cubs, a party of sailor boys, and members of the ladies' committee with a banner. Messrs. G. S. McKenzie and J. B. Knowles, in an imposing get up of toppers and frock coats, marshalled the procession which proceeded from the Presbyterian church down main street to the park where the judging was done by Mr. J. W. Jones.

Such a multiplicity of attractions and money-raising sideshows were gathered together in the park that it would be impossible to describe each one in detail. All of them were energetically handled, and some proved remarkably profitable. The two refreshment booths perhaps realized the best return, together making over $300. The auction sales of live stock donated by various people also proved a fruitful source of funds, besides creating a good deal of fun. In the raffles Mr. J. F. Burne won an early Christmas dinner in the shape of a fine fat goose, Messrs. A. Bielby and G. Price also securing similar prizes. The entire crop of a Bankhead cherry tree was a novel gift which fell to Mr. Denison, and it is understood he is now rounding up S.O.S. girls to help him gather it in. Mrs. Ruffel won a fountain pen, and Mrs. Whitehead a shawl.

Mr. Rogers ran a "Strafe the Kaiser" booth until Wilhelm was completely worn out, while Mrs. Crowley officiated at a "Wheel of Fortune." A flower booth, an art gallery, and other things all helped to entice the coin from the pockets of visitors. Mr. Scott's six-legged calf drew much attention to herself, seeming quite happy and contented notwithstanding her extra limbs. A party of Benvoulin ladies sold some excellent home cooking.

Nor must the "baby contest" be forgotten." In class one Baby Cushing took the prize with 272 votes, the twins of Ambrose Church coming second with 74. In class 2 (up to two years) Baby Keevil got 216 votes and Baby Patterson 96 votes.

During the afternoon Mr. J. Gordon carried out a little programme of races and sports for the children. The afternoon also included drills by children from Rutland and Ellison.

Music was provided by the Kelowna City Band, reorganized for the occasion, and some excellent music was rendered both afternoon and evening. A concert was also given in the evening which included songs by Mesdames Ambler and Trenwith, and Mr. J. W. B. Browne, and dancing by Miss Dorothy Leckie, Reba Willits, Margaret Fumerton, Dorothea Buck and Nellie Whitehead. Miss Denison and Mr. H. Tod Boyd acted as accompanists.

Later in the evening a dance was held in the aquatic pavilion which realized over $54. Some novel "Honolulu Garlands" made by Mrs. McEwan found a ready sale and their colors added brightness to the scene.

If anyone deserved success certainly the ladies of the committee in charge did for they had devoted a great amount of time and energy in preparation for the event. Thanks are also due to the generous donors of the various goods and to the many who helped in various ways. A full statement of the finances is to be issued later.

Successful Year for Kelowna Creamery

Payments to Farmers Show Remarkable Increase

That the Kelowna Creamery has amply justified its establishment, and taken its place as one of the most beneficial institutions of the district is again clearly shown by the very satisfactory position of affairs at the end of the third year of its operation. After a year in which payments to the farmers has increased almost 50 per cent, over the preceding period, the company finds itself with a surplus of $1642, enabling it again to pay a 10 per cent. dividend to its shareholders, place a second $1000 to its permanent reserve fund, and to carry forward a balance of $441 to stabilize to some extent the price of butter fat against minor fluctuations of the market.

These pleasing facts were revealed in the financial statement presented at the annual meeting held in the Board of Trade room Monday morning.

The total output of butter during the year had been 97,188 pounds, all of which had found a ready sale, payments to the farmers having reached the record sum of $37,934.94.

There had been a large increase in the amount of cream received from outside points, and it was stated by the president, Mr. P. B. Willits, that some criticism had been levelled against the Board for paying the same price to outside as to local shippers, not withstanding that the Company had to pay freight on outside shipments. This policy had been amply justified, however, as the extra cream thus received had reduced the percentage of overhead charges and enabled a higher price to be paid to the farmers.

The officers were unanimously selected; P. B. Willets as president, M. Hereron, vice-president, W. G. Benson secretary, with L. E. Taylor and J. Leathley as members of the executive. Messrs. Bell, W. Pryce, Powley, E. M. Carruthers, J. W. Jones, A Crichton, Coventry, F. M. Buckland, E. R. Bailey and A. W. Cooke completing the board of directors.

Votes of thanks were passed to the directors and especially the president and secretary for their efficient work during the past year. It was also decided to place on record the excellent services rendered by the manager, Mr. S. Thomas, whose skill as a butter maker had placed the output of the Kelowna Creamery in the front rank of all creameries in the province, carrying off prizes in open competition with the best of them. No small share of credit for the success of the Creomery had been due to his knowledge and experience.

In discussing plans for the disposal of the surplus funds it was decided to approve of a suggestion that the company loan the sum of $500 to the new local Holstein Breeders' Association to assist in the purchase of a first-class bull. This amount would be guaranteed by the members and repaid in a term of years with interest. It was felt that such a plan would, by assisting the better development of the local dairy industry, ultimately rebound to the advantage of the Creamery.

Mention was made of the forthcoming convention in Kelowna of the Provincial Dairymen's Association, during January next, which it is hoped to make one of the most successful ever held. For this purpose committees will shortly be organized and every effort made to perfect arrangements for the entertainment of the visitors.

Kelowna Club is Damaged by Fire

In the early hours of Monday morning the brigade was called out to a fire which had broken out in the premises of the Kelowna Club. The fire had gained considerable hold before it was observed and in a short time the flames were shooting up through the roof.

Early arrivals on the scene worked hard to rescue movable furniture, and in this, as the fire was confined to the upper storey, they were largely successful. The blaze was soon under control, but damage to the building was considerable. Practically the whole roof was burnt off, and, of course, the damage by water was very heavy. The chief item in the loss to furniture is the billiard table which was flooded with water and covered with debris.

No explanation can be given as to how the fire originated, though it is supposed to have started in a small kitchen at the top of the stairs from the fact that the walls were badly burnt in that neighbourhood. This room, however, had not been in use for several months.

There was no one in the building at the time of the fire, and no fire, and the whole affair remains something of a mystery.

The loss is fully covered by insurance, but until the claims are adjusted no definite plans can be made regarding the Club's future action.

Death of Mrs. Brechin

Mrs. Brechin, wife of Mr. R. T. Brechin, of East Kelowna, passed away Wednesday morning at the Kelowna hospital.

The deceased lady was admitted to the hospital a little over a week ago suffering from a very severe attack of appendicitis, but the disease had reached too acute a stage to be readily treated and for several days her condition had been very critical. Although little hope was entertained of her recovery, it is believed that the excitement of the violent storm Tuesday night might have done something to hasten her end.

Mrs. Brechin, who was a native of Scotland, has been resident in Kelowna for some years and was highly respected. She was a sister of Miss Louden of McKenzie's store and of Mrs. Black. She leaves a husband and two young children.

The funeral took place this morning, the service being held in the Presbyterian church, at 10 a.m.

Will Fight on to a Final Settlement

President Wilson in a notable speech on July 4th, pledged the United States to fight on against the Teuton menace until a "final settlement" is achieved. There can be "no compromise," he said. "No halfway decision would be tolerable."

Before an international gathering at the tomb of Washington he spoke "proudly and with confident hope" for the liberation of the nations afflicted by the "blinded rulers" of Prussia.

He defined the ends to which, not America alone, but "the associated peoples of the world," are fighting and declared for a knock-out of "every arbitrary power anywhere that can, of its single choice, disturb the peace of the world."

Miss Babbit, of Summerland, was in town over the week-end visiting Mrs. Ambler, returning Wednesday in Dr. Telford's car.

Owing to the unsettled state of the weather and other circumstances it has been decided to postpone the annual camp of the Wolf Cubs for a short time.

A large fruit-packing warehouse for Stirling & Pitcairn is in the course of erection at Vernon. The building will occupy ground leased from the C.P.R. on the east side of the track facing the station. It will be 190 x 50 feet in size and will extend back over the property at present occupied by the W. R. Megaw warehouse.

Strike May Tie Up Lake Boat Service

Boats' Officers Cease Monday If Dispute Not Decided

Much anxiety is being felt locally regarding the outcome of a dispute which is in progress between the masters and mates comprising the Canadian Merchant Service Guild, and the owners of steamships of the coast and inland lake services. The men are demanding recognition of their union and increased pay, and the owners, while apparently disposed to give way on the latter point, steadily refuse to afford recognition to any union. The deadlock produced seems likely to result in a most serious tie-up of all western steamship services at a very difficult time of the year.

As the C.P.R. Okanagan Lake service is included in the dispute, it seems as though, unless some agreement is reached before Monday (the day when the men threaten to resign in a body unless their wishes are acceded to), Kelowna and other points on the lake must prepare to face a very disagreeable state of things with all boat service cut off.

At this season of the year when express shipments of fruit are heavy the position is one of the utmost gravity. Even a few days without means of shipping fruit out or supplies in, would produce something approaching a panic in the fruit industry, and it is to be sincerely hoped that a settlement will be reached before that becomes necessary.

Urgent representations have already gone from Kelowna to Ottawa, the C.P.R., the Railway Commission, and other responsible quarters, and it is understood that the matter is receiving immediate attention.

When news of the impending strike became known an immediate effort was made to hasten the harvesting of the cherry crop, which is now at its height. Mr. J. W. Jones especially has worked very hard in this connection, and by Wednesday had rounded up a large number of women & girls who at the cost of some personal sacrifice could get out and assist the force of cherry pickers already on the benches. Strenuous efforts this week might avert some of the heavy loss in the cherry crop, which would be inevitable as soon as shipments were cut off.

As the strike would not affect the railways passenger service would still be possible by motoring to Vernon or Penticton but there is no possible means of handling the freight and express traffic.

Must Turn Milk Into Cheese

The Canada Food Board has advised B.C. milk manufacturers that as no more export orders for milk for the Allies will be given them, they will be able to make condensed milk for local consumption only, and the balance of their product must be made into cheese.

This decision on the part of the authorities will work a considerable hardship on B.C. farmers because at present prices of cheese, 22c per lb. Montreal, manufacturers will not be able to pay more than 46c per lb. butter fat, whereas at present they are giving around 55c.

Cheese production had already begun to occupy a more important place in the province and the change of policy on the part of the food board means that it must be largely increased in order to take care of the milk surplus.

Miss Thomson, of Winnipeg, is visiting Mrs. Ambler this week.

Notes from the Prairie Fruit Markets Bulletin

By Commissioner J. A. Grant, Calgary.

Your M. C. finds that the all-absorbing topic of discussion amongst prairie jobbers is the apple situation. All have been doing a little figuring on the problem and so we will give our impressions. We hear on good authority that Washington opens with quotations from $1.00 to $1.25 C grade. Our opinion is that B. C. No. 1 Wagners, Romes and apples of that class, will not open under $1.80, and that McIntosh Reds will not be quoted at less than $2.25. We will try and get something definite by another issue. There is little probability that these figures will be lower, but a great possibility that they will be higher. We do not believe in exhorbitant prices. A fair price considering crops and the purchasing value of the dollar should be aimed at. If boom prices should obtain a serious curtailment in consumption is possible. We think our figures represent a fair opening price, just as Lincoln decided the right length of a man's legs when he said: "They ought to be long enough to touch the ground." No surplus; no deficit. This is our sizing up of the apple price and we would add: "It is a good time to buy."

The embargo has caused a strong demand for Canadian cucumbers. The present hothouse supply is insufficient to supply the demand. Field grown cucumbers will commence to arrive in two weeks' time and from then on until frost there should be an ample healthy suppy. Cucumbers at the opening of the field season should command a fair price.

Growers of field beans (not green) can sell their crop to good advantage. Your M.C. will connec. them up with a ready market on application. If any are now held over from last year please let it be known at once.

New B. C. potatoes are offered at $60 a ton f.o.b. Vancouver. Minnesota is quoting at 3 cents a lb. The duty on spuds is 20 cents a bushel and 7½ per cent. ad valorem.

The Puyallup and Sumner Fruit Growers' Association through their President, W. H. Paulhamus, have offered their entire crop at market price to the U. S. Federal Government at Washington, D.C. This act was inspired by press reports of the berry crop failure in England. Latest advices we have from there says that it is reported that the British Government has commandeered all the strawberries and gooseberries. An offer to withdraw from their established market all their fruit if necessary is certainly patriotic, no matter what decision is arrived at regarding it. The estimated amount of their crop this year is 10,000,000 pounds.

Saskatchewan is the greatest of the wheat growing provinces. It is estimated that one-sixth of their wheat crop fell victim to the hot dry winds early in the season. Hon Motherwell, the Minister of Agriculture, feels that copious rains would yet produce as good a crop as last year. Until a crop is assured the retail merchants buy sparingly of fruit as they fear having to carry the accounts over to another year. We hope the clouds will do their duty.

Reports are being persistantly circulated that B.C. crop of apricots and peaches is light. The following percentage of crop over last year is given to correct that impression. These figures are subject to weather conditions, but the table is produced by a competent person:

	Per cent.
Sour cherries	20
Sweet cherries	33
Apricots	100
Peaches	25
Prunes	10
Pears	20
Crabapples	15

Apples—Jonathan and Wealthy, light crop. McIntosh Red, fair. Spies, Newtons, Wagners and Rome Beauty, good average crop. Apple crop will exceed 1917 by, say, 10 per cent. Potatoes—Slight decrease in acreage. Early frost damage is reported. Onions—Decreased acreage Condition at present poor. Cut worms and pests are busy.

Correspondence

Readers are reminded that opinions expressed in letters inserted under this heading are not necessarily endorsed by us. Letters should be as brief as possible and to the point.

THE BAND

To the Editor of
The Kelowna Record.

Dear Sir,—The very many expressions of appreciation of the music provided by the Kelowna City Band at the carnival on Saturday last have stimulated us to further effort to put the band on a better footing. Will you permit us to ask through your columns for any person who can read music and who would like to take up an instrument under instruction of Mr. Fred Gore, to send in an application to the undersigned; also that the many who desire to promote the band by subscription will forward the same to me at Box 576, Kelowna, B.C.

Thanking you for your courtesy, Mr. Editor, I am, yours faithfully,

SYDNEY H. OLD,
Sec. K.C.B.

A Canadian troopship City of Vienna, has been wrecked off the Atlantic coast. Seven hundred Canadian troops who were aboard, were saved by an American boat.

An area of over two thousand acres has been burned over in Columbia Valley, Cultus Lake district, which is situated south of Chilliwack and across the Vedder river, by a forest fire that has raged furiously in the brush and debris of last winter's sleet storm. The homes and farm buildings of many settlers and considerable valuable crown timber have been distroyed.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. July 8, 1918

Cedar Creek Camp.

Owing to the roughness of the lake and the consequent breakdown in the ferry transportation, we had a little trouble in getting here, but thanks to our friends who so quickly came to our assistance with their cars and Mr. George Kennedy with his Ford truck, we all got here with our stores and equipment about 3.30 on Tuesday afternoon last, We wish to thank Messrs. DuMoulin, Gaddes and L. Taylor for bringing us down in their cars.

After the arrival of the second car headquarters tent was put up and it did not take long to get up the fly for the kitchen and the other tents as soon as they arrived.

We opened camp with 16 scouts and the scoutmaster, and while there were some familiar camp figures missing, the new scouts have been doing splendidly. As for Fong, he is proving himself a great old "scout" and has adapted himself to camp life with boys in a way that is a pleasure to see.

The competition for the daily tidy tent is very keen and close. The Otters won the Tenderfoot mile at scouts' pace and second-class ambulance competitions, and the Wolves won the Kim's Game.

• • •

On Thursday P.-L. Calder and Scout L. Gaddes represented the troop at the funeral of Flora Ball and acted as pall bearers. The very sincere sympathy of the troop is extended to Sixer Ralph Ball of the Cubs and his parents in the sad loss they have sustained.

• • •

The assistant cubmaster has been a visitor at the camp since Friday, also P.-L. Alex Smith, of Summerland. The whole of the Summerland Troop came to visit us on Sunday via the "Skookum" under Scoutmaster Zimmerman and had dinner and afternoon tea in camp.

We were also privileged to welcome Major the Rev. C. C. Owen in camp on Sunday which was certainly fortunate for us as he was able to conduct the camp service and give us an earnest and inspiring address which we feel will not soon be forgotten. He also took the salute from the two troops at the trooping of the colors and march past. The Rev. H. A. Solly, of Summerland, was a little late to take part in the whole of the service but we are very glad he arrived in time to say a few words to us.

Among several other visitors we were pleased to welcome Mr. Alister Cameron who is home on a few days' leave before going overseas. Summerland Troop left us at 6 p.m., leaving Scout Russell Munn with us. Undoubtedly the 1918 camp Sunday was a memorable day for us.

• • •

Mr. Drury Price has certainly earned a solid place in the esteem of the troop for his kindness this year in making a special trip to us early on Wednesday morning with his launch, towing our boat and canoe, and also in taking and bringing back practically the whole camp to and from the carnival in Kelowna.

• • •

We wish to thank the following: Messrs. A. Pease for cherries, DuMoulin, cherries, Walker, vegetables, Forster and Rowcliffe, crate of cherries each, J. Calder, ice cream and bananas, Mesdames DeHart, sack of rhubarb, Cameron, sack of potatoes.

The following to date have also made special trips to camp for us with mail and provisions and we wish to thank them: Messrs. Gaddes, DuMoulin, Mantle and Calder—the "Daily Mail" is working splendidly.

Wedding at Gibson's Landing

BRUCE—CLOWER

A very pretty wedding took place at Gibson's Landing on Wednesday July 3rd, when Miss Gladys B. Clower, only daughter of Gunner and Mrs. Clower of Kelowna, was united in marriage to Albert Edward Bruce of New Westminster, eldest son of W. Bruce, Rugby, England. Dr. Sipprell of Vancouver officiated, assisted by the Rev. F. Coad. The bride looked charming gowned in white silk and Georgette crepe trimmed with pearls, with veil and orange blossoms. She also wore a pearl pendant, the gift of the groom.

The church was beautifully decorated with roses and ferns. The bride carried a handsome bouquet of carnations and roses and entered the church on the arm of her father. Mr. Etter supported the groom. Her bridesmaid Miss Alma Magee wore pale green crepe de chine with poke bonnet to match, and carried a bouquet of white roses. The two tiny flower girls looked very sweet in pale pink dresses. The bride's mother was gowned in gray silk poplin.

Following the ceremony a reception was held. The tables were beautifully decorated with pink and white roses. Later Mr. and Mrs. Bruce left for Winnipeg. On their return they will take up their residence at their new home, 1116 Dublin St., New Westminster. The bride went away in a smart travelling suit of pale gray basket cloth with white Milan hat.

Among the guests present were Dr. Sipprell, Vancouver; Rev Mr. and Mrs. Coad; Rev. Mr. and Mrs. Woodsworth, Mr. and Mrs. W. Winn, Mr. and Mrs. H. B. Winn, William Clower, Mrs. Bowers, Mrs. McCall, The Misses Doharty, Mr. and Mrs. Gunton, Mr. and Mrs. Thompkins, Mrs. Armour, Miss Agor, Mrs. Wright, Mrs. and Miss Campbell, Miss McCullum, Miss Mary Hay of Kelowna, Mr. H. Etter, Miss Alma Magee, Mr. and Mrs. Willander, Mrs. Inglis, Mrs. Stodders, Mr. and Mrs. Eckeardt. Miss Stella Liggins, Miss Freda Harris.

The bride received a number of beautiful and costly gifts. The pupils of the school presented Mrs. Bruce with a silver casserole as a token of the high esteem in which she is held.

Following are the present the couple received: Groom to bride, pearl pendant; Bride to groom, ring; Groom to bridesmaid, cameo ring, and to flower girls, pearl necklaces; Bride's father, dinner set; Mother of bride, bed and table linen; Brother of bride, silver butter knife; Mrs. Winn, cut glass dish; Mr. Winn, kettle; Mr. and Mrs. H. Win, silver sugar and cream jug and half-doz. fruit knives; Miss Magee, cutlery; Miss Hay, pyrex casserole Mrs. McCall, cut glass butter dish; Mrs. Bowes, hand-painted sugar and cream jug and tatted handkerchief; Mrs. Birgenstrome; cut leather book cover; Miss E. Magee, silver butter dish; Mrs. Fisher silver berry spoon; Mrs. J. Wiren, silver and glass flower vases; Mr. and Mrs. Willander, silver knives and forks; Mrs. T. Bulman, Wedgwood teapot; Mr. and Mrs. Wright, silver sugars and cream; Miss Agar, cut glass bon-bon dish; Mrs. McKercher, silver spoon; Mrs. McKichare, silver meat fork; Miss Bowes, crocheted cushion top; Mr. and Mrs. Eckhardt, silver flower vases; Rev. and Mrs. Woodsworth, cut glass marmalade jar; Mr. and Mrs. Holland, silver berry spoon; Mrs. (Rev.) Coad, silver bon-bon dish; Mrs. Englis and Mrs. Stodders, hand-painted card tray; Mrs. Fletcher, glass butter dish; The Misses Doharty, pie casserole; Mrs. Norris, silver basket; Mrs. Duggan, silver sugar holder; Mrs. Gunton, half-dozen silver spoons and book; Mrs. and Miss Winegarden, silver bon-bon dish; Mr. and Mrs. Thompkins, silver cake knife; Mrs. Armour, silver berry spoon; Stella Liggins, picture frames; Alma Liggins, lingerie case; Jussie Liggins, handkerchief; Mrs. Burns, traycloth.

The Baptist church Sunday school is holding their annual picnic this afternoon on the lake shore road near the Mission.

CREAM PRICES
from May 1st, 1918
Kelowna prices: No. 1 - 48c per lb. butter fat
No. 2 - 46c „ „
KELOWNA CREAMERY, LTD.

Printed Butter Wrappers
According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER."
The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from $10 to $30 for each offence is imposed. Whey butter must be so labelled even when mixed with dairy butter and dairy butter retains its label though it be mixed with the creamery product.
You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	$1.50
200	„ „	2.00
500	„ „	3.15
1000	„ „	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.
Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

Tuesday—Pauline Frederick in "Her Better Self" (a drama of life in which woman proposes).

Two Shows, 8 & 9.30. **Admission, 25c & 10c**

TOWN AND COUNTRY NOTES

Mrs. G. A. Melville left for Vancouver yesterday.

Miss Bullock left this morning on a visit to Regina.

The Rev. W. A. and Mrs. Bennett returned from the coast Saturday.

Major C. C. Owen, of Vancouver was in town over the week-end. On Sunday evening he occupied the pulpit of the Anglican church.

Archdeacon Greene conducted service in Summerland on Sunday, whilst Rev. H. A. Solly preached in St. Michael's church.

Two more special prizes for the fall fair have been added this week to the already long list—for judging dairy cow, a competition open to boys and girls under 16, first prize $10, second prize $5 donated by W. T. E. Price; for pony race, open to girls under 14, first prize $3, second prize, $2, donated by Neil Gregory.

Mrs. Moubray has received a cable from London, England, announcing the death from wounds on July 2nd of her eldest son, Major (acting) Arthur Russell St. John Moubray, M.C., aged 27.

Mr. Andrews and Mrs. Craddock of Calgary, father and sister of Mrs. J. Ball arrived Friday last in connection with the sad bereavement which the latter has undergone in the death of her daughter Flora. Mr. Andrews left again Tuesday, taking with him Ralph who will spend a short holiday in Calgary. Mrs. Craddock will remain in Kelowna for a few days.

Major A. D. McDonald, R. A., Victoria, who is inspector of military hospitals for the care of tubercular soldiers, passed through Kelowna Tuesday afternoon after inspecting the Tranquille sanitorium. He is on his way to Barkerville where a similar institution has been established. He stepped off the boat for a few minutes to see his cousin Mr. Neil Gregory.

The Flower and Vegetable Show in connection with the Kelowna Women's Institute will be held on Saturday Aug. 3rd in the Aquatic Pavilion. An attractive prize list has been prepared to which local merchants and others have generously contributed. A departure has been made this year from the strictly floral display and a goodly number of prizes are being offered for early vegetables. Another new feature is the "garden competition" in which keen interest is being manifested.

One of the most pleasant evenings in the annals of the Baptist Choir was spent last Thursday when a surprise visit was paid to the home of W. B. Pearson, who as intimated in last week's issue, had been transferred to Vernon, leaving Tuesday morning.

Mr. Pearson has acted as organist for the church for some years during which period the choir has had a very successful career, and the loss is a very severe one. During the evening Mr. Pearson was presented with a handsome clock as a token of the choir's good wishes and the high regard in which he was held. Mr. S. Weeks, one of the choir oldest members, was entrusted with the presentation, to which Mr. Pearson replied, expressing the hope that the choir, which had seen some hard times in the past, would rally round any new leader that might be appointed in his place.

Mr. H. G. Pangman, a former manager of the Bank of Commerce, is a visitor in town this week.

The Hon. and Rev. T. R. Heneage, acting commissioner of the Boy Scouts for B.C., is attending Cedar Creek camp with the Kelowna boys this week.

Mr. R. A. Copeland, with several members of the family were down for the weekend from Lumby.

Alister Cameron was home again this week in uniform on a few days leave. A surprise party was held in his honour on Monday evening. He returned Wednesday afternoon to the coast and will leave on Friday for overseas.

Next Sunday morning in the Baptist church the Rev. W. Arnold Bennett will preach on "Take it by the Tail." In the evening his subject will be "Tower-builders who count the Cost."

A message from Mr. T. A. F. Wiancko at present in Calgary conveys the gratifying news that Kelowna Creamery butter has again been successful in carrying off some of the prizes at the Calgary Fair. No particulars are yet given, but it is no mean honor to have won in the face of the competition present at such a prominent exhibition as that of Calgary.

The Athletic Club is arranging a couple of games for Thursday afternoon next, one a lacrosse and the other a baseball match, both with Vernon. The games will be held in the park at times to be announced later. In the evening there will be a dance at which no refreshments are to be served except lemonade, but a good local orchestra will furnish music.

Electrical Storm Breaks Over the District

Kelowna has a reputation for being comparatively free from violent electrical storms, and that of Tuesday night probably surpassed all records for these parts. The oppressive heat of the pastfew days made a thunderstorm quite a natural event, especially as heavy clouds had been gathering. The storm broke about 7.30 returning at intervals throughout the night. The vivid lightening made a wonderful display in the sky, at times almost continuously, and the heavy thunder crashes furnished, as someone remarked, a very realistic imitation of an aerial raid. Some damage was indeed done, the lightening having struck slightly in several places. Mr. McEachern's house at Benvoulin was slightly damaged, some of the shingles being torn off the roof. Mr. A. L. Soames had a narrow escape while driving home in his car, the lightening striking the machine, and doing damage to the hood. Several instances of trees having been hit are also reported. Damage was also done to the light and telephone systems, and men were busy all day Wednesday working to restore service where it had been cut off by blowing out of fuses and damage to transformers.

The most welcome feature of the storm was the heavy rain which accompanied it. Moisture was badly needed and many irrigation problems will be solved by the copious showers which came during the storm and since. Particularly is this so in the Glenmore district, where the water supply had almost run out.

Doukhobors Give Thanks for Rain

Last Sunday afternoon 500 of the 700 Doukhobors marched to town chanting sacred songs and clad in hand-made "nature white" suits and dresses, with bared heads and bare feet. There were men, women and children, with the latter in the lead. It was a demonstration of thanks to Providence for rain which had commenced that morning and continued throughout the day. There was a perfect downpour during the entire period of their demonstration, which included a walk of three miles to and from town for some of those in the procession.

At one of the principal corners one of the Doukhobors stopped and spoke through an interpreter. He said the Doukhobors had come to invite the people to unite with them and thank God for the rain He had caused to fall. Truly the rain was much needed, he said, and the growing crops were sorely in need of moisture.

A second speaker referred to the dress worn. Doukhobor women, he said, had been spinning and weaving cloth from flax and wool. The color of the dresses was nature white as it came from the flax. He said they wished to invite all the people of Grand Forks to help the sufferers of the war, women, children and wounded soldiers. He said they found from practice that they could live on 15c a day per head, and that was why they invited the people to adopt similar methods of living, so that the balance of wages could be given to sufferers of the war. The Doukhobors promised that they would give the balance to help the people ruined by the war.—Grand Forks Gazette.

Roses and Cherries for Delegates to Nelson

In order to overwhelm the prairie delegates with flowers, and to further contribute to the success of the Western Canada Irrigation convention which will be held at Nelson, July 24, 25 and 26, the people of that city have postponed their annual flower show until the same time. The boundary country is famous for its flowers and fruit, and delegates to the convention are entertaining visions of roses for the eye and cherries for the appetite. It is said that both will be available in greatest profusion.

The German ambassador to Russia, Mirbach, was murdered at 2 o'clock Saturday afternoon last, by two unknown persons, who obtained entrance to the German embassy by false credentials. The assassins threw bombs.

At the Patriotic Carnival Last Saturday

you could not help hearing such remarks as "Lovely!", "Just Right!", Delightful!", "Perfect!", and other sentiments expressive of appreciation of the Tea being served by our patriotic ladies, and to question "*What kind is it?*" those fascinating ladies would reply—

"NABOB TEA"

"Isn't it Good?"

THE MORAL IS OBVIOUS

The McKenzie Co., Ld.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lease may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

(N. B.—Unauthorized publication of this advertisement will not be paid for.)

IN THE SUPREME COURT OF BRITISH COLUMBIA
In Probate.

IN THE MATTER of the Estate of Arthur Wigglesworth, deceased, late of Rutland, near the City of Kelowna, B.C.

NOTICE IN HEREBY GIVEN that all creditors or other persons having any claim or demand against the estate of the above-named deceased, who died on active service in France on the 6th day of September, 1917, and probate of whose Will was granted to Esther Victoria Wigglesworth, of Rutland aforesaid, on the 17th day of June, 1918, are required to send in their claims to the said Esther Victoria Wigglesworth, Rutland, B.C., or to the undersigned, Kelowna, B.C., on or before the 27th day of July, 1918, after which date the estate will be dealt with having regard only to the claims and demands then received.

Dated at Kelowna, B.C., this 27th day of June, 1918.
