Aged Kelowna Lady Passed Away Friday

Mrs. Reekie Was Amongst Pioneers of Old Ontario

One of the oldest and most respected of Kelowna's residents quietly passed away on Friday morning last in the person of Mrs. Annie Reekie, who was well-known throughout the whole district, at the age of 84.

Mrs. Reekie, whose maiden name was Annie Sinclair, was born in the famous Glengarry County of Ontario, noted for the strength and shrewdness of its early settlers, who came from the Highlands of Scotland. In her early life the family moved to Bruce County, Ont., at that time an almost unbroken forest, and were among the pioneers in that district. After some time spent in teaching school, Miss Sinclair became the wife of John Reekie, and the young couple made their home near Kincardine, Ont. The union was blessed with a family of seven children, four sons and three daughters, all of whom are still surviving. In 1889 Mr. and Mrs. Reekie felt the call of the west, and moved out to Manitoba, settling near Boissevain, where in 1900 Mr. Reekie passed away.

About ten years ago Mrs. Reekie came to the milder climate of the Okanagan Valley, and she has spent the evening of her long life at Kelowna. The home call came to her quite unexpectedly on the morning of the 27th. She was apparently in her usual health, when suddenly without sound or struggle she passed away, the cause being heart failure. The funeral was held on March 1st, and was conducted by Rev. W. F. Price, pastor of the Baptist Church. Mrs. Reekie was a woman of forceful personality endowed with a keen intellect and retentive memory, and to the last was deeply interested in all problems affecting the religious, social and political life of the community. The family all surviving to mourn her loss, are J. S. Reekie, Vancouver; Rev. A. B. Reekie, Missionary in Bolivia; J. E. Reekie, Kelowna; Rev. W. P. Reekie, M.A., Social Service Secretary for Saskatchewan; Mrs. J. A. Thomson, Owen Sound, Ont.; Mrs. P. R. Loutit, Selkirk, Man.; and Miss M. J. Reekie, Kelowna. Mrs. Reekie is also survived by two of her sisters, Mrs. Angus McKinnon, Balcarres, Sask., and Miss I. Sinclair, Kelowna.

Soldier Entertainers Here Next Saturday

Direct from France, where they played over five hundred performances immediately behind the lines for our Canadian boys, the crack bunch of entertainers known to the entire C.E.F. and B.E.F. as "The Dumbells," are now on a limited tour of the larger cities of Canada, and will appear here at the Empress Theatre on Saturday, March 13th.

This brilliant organization of fighting funsters is still under the personal supervision of Capt. M. W. Plunkett, to whom great credit is due for making them into the favorite of all soldier attractions in France. For this home coming series of performances they are offering the best of their original overseas musical comedy revues, "Biff, Bing, Bang." It will be played here exactly as it was presented to the soldiers in France, the only difference probably being in the manner of staging and the comfort with which the audiences can sit and view the performance. There is really a lot of difference between a real stage and comfortable opera chairs and a make-shift stage built out of packing cases and lighted by candles. However, special care has been taken to maintain the atmosphere of the trenches, and while there will be no air raids nor bursting German shells to liven the performance the audience are promised some real thrills in the way of scenery and costumes, songs and dances, and most of all "girls," for "Marjorie" and "Marie" are still with the original cast, as well as the famous "beauty brigade," each member of which has had at least sixteen months actual experience with a line regiment before dropping back a few miles to entertain his comrades.

Would Spend Million on Purchase of Lands

An amendment to the Soldiers Land Act which aims to provide for the increase of the amount which may be used for the purchase of lands for returned soldiers settlement from $50,000 to $1,000,000 is now before the legislature. The minister of lands explained that the sum of $354,867 had been spent for lands already $350,000 of that amount going to buy south Okanagan land and the small balance for lots in South Vancouver. An additional sum of nearly $200,000 had been spent from the loan fund, bringing the total to over $550,000. Mr. Puttullo said he did not promise any further purchases. He stated the money would be used, if at all, largely in continuing irrigation work.

Tax on Cows to Increase Compensation

At the B.C. Stockbreeders' Association convention a resolution was passed calling upon the provincial government to levy a tax of half a dollar on every head of cattle in the province with the exception of those districts that could not by virtue of position, be visited by inspectors, and that the assessment be devoted to doubling the compensation offered upon the elimination of an animal afflicted with tuberculosis. Mr. Hills, the mover of the motion, stated that there were some 60,000 animals that would fall under this category and as the sum of $15,000 had been paid out last year, the new assessment idea would just double the compensation offered.

Will Licence Real Estate Agents and Salesmen

Licensing of real estate agents and real estate salesmen is provided for in a bill brought down in the legislature by the attorney-general. The former will pay a license fee of $10 a year, the latter $2. Inspectors will be appointed by the government by whom complaints of wrongdoing by agents or salesmen will be investigated.

New Elections Act Makes Many Changes

Elimination of the customary deposit put up heretofore by candidates; the requirement of a statement of election expenses by the candidate as well as by the secretary and treasurer of every political organization within 35 days after an election; provision for absentee voting and a new system of polling divisions within an electoral district, are some of the more important changes to be made in the system of election of members to the provincial house as set forth in the new election act tabled in the legislature, the first reading of which was moved by Premier Oliver. The act is a consolidation of all previous legislation along this line with the new features added. Returned soldiers are entitled to registration as voters irrespective of age or nationality, and Japanese veterans are specially named as entitled to this privilege.

Death of Pioneer British Columbia Business Man

The death of Mr. David Spencer head of the well-known departmental store, occurred at Victoria yesterday. Deceased was born in Glamorganshire, South Wales, in 1837, coming out to this province in 1862. In 1907 Mr. Spencer acquired an interest in the Vancouver business of Drysdale, Stevenson, Ltd., which firm name was afterwards changed to David Spencer, Ltd., the employees at that time numbering but six.

Plan Forming Co-operative Wholesale Society

May Unite Various Stores Into Provincial Organization

British Columbia farmers interested in co-operative stores opened their convention at Victoria on Saturday, with plans for the amalgamation under one head of all co-operative stores in the province. It is also proposed to unite with the farmers' organizations the various veterans' co-operative stores that are now springing up.

Protective measures for co-operative stores against wholesalers who consider the "co-operations" dangerous, were discussed. It is proposed to establish a co-operative wholesale centre and introduce a branch of the British Wholesale Co-operative Association.

T. J. Guinan, of Princeton, produced a stack of evidence to show that Vancouver wholesalers are refusing to supply goods or deal with farmers' organizations, wherever organized on a co-operative basis.

Farmers' Resolutions Before Legislature

Some of the resolutions approved by the United Farmers in convention last week have been presented to the House committee on agriculture. One deals with daylight saving, the organization being opposed to the measure. Another resolution favored the paying of a bounty on coyotes, as well as allowing the farmer or trapper to sell the skins. They also wished it made possible for a man to retain in his possession game meat for a longer period than two weeks.

It was stated that in a few days the representations of the combined committee of United Farmers and Farmers' Institutes will be placed before the committee. The delegation also asked that irrigation watersheds be protected by reforestation and that in cases of timber limits held by speculators in the vicinity of settlements, the timber be either cut immediately or the land turned over for soldier settlement as it is.

Plan Extensions of Kettle Valley Ry.

Two extensions of the Kettle Valley Railway will materialize as the result of a conference between the provincial cabinet and Mr. J. J. Warren, general manager of the line. One spur track is to connect Coalmont with Granite Creek in order to provide access to a coal mine at the latter place. The other extension will connect Penticton with the soldier settlement area at Osoyoos. Legislation to cover both extensions will be prepared at once and introduced to the Legislature during its present session.

All the government is required to provide in the necessary statutory enactment are right of way facilities and the customary provision for exemption from taxation for ten years. One of the important benefits that will ensue so far as a government enterprise is concerned is that the Penticton-Osoyoos spur will provide the requisite marketing facilities with the improvements now being carried out by the government in this section of the province.

Withdrawal of American representation in all commissions established by the peace conference is forecast. Dispatches from the U. S. admit that all hope for the ratification of the treaty as it now stands has practically died. These have led the French to believe that complete American withdrawal from peace making and enforcement is imminent.

More Deaths Result From Flu Epidemic

Outbreak Believed to Now Be On Wane

It is with deep regret that this week we have to chronicle more deaths due to the epidemic of sickness that has swept over the entire countryside and which we have good reason to believe is now on the wane.

The late Mr. W. J. Austin

Mr. W. J. Austin, the teacher of horticulture at the public school, passed away on Saturday night at 10 o'clock, after an attack of pneumonia. All who knew Mr. Austin will realize that a valuable member of society has passed from our midst. He was born at Sincoe, Ont., thirty-two years ago, and married there coming west with his bride to take up the position he lately held. Two weeks ago Mrs. Austin was taken sick and he was summoned from Vernon, where he was teaching. He reached home but himself had to take to bed suffering from an attack of pneumonia. J. E. Britton, a friend residing at Armstrong came down and took charge of funeral arrangements, Mr. Austin having no relatives in the west. He leaves his widow only to mourn her loss there being no children The body was sent east Tuesday morning for interment.

The late Verna Cross

The death took place on Wednesday of Verna Estelle, the six year old daughter of Mr. and Mrs. A. L. Cross, of Rutland The whole family were down with flu, and the little girl suddenly developed pneumonia as a result.

Rutland News

(From our own correspondent).

Leon Fitzpatrick, who has been with the C.N.R. survey at Vernon, is back on a visit for two or three weeks.

Clarence Duncan came in Monday for a two-week stay. He was accompanied by his niece, Miss Consuelo Woolsey.

Another exchange of property has taken place, John Guest, of Ellison having purchased the Rae property, whilst Mr. Rae has in turn taken over the six acres held by the Rev. A. W. K. Herdman. Mr. Herdman was the Presbyterian minister in Kelowna a few years ago.

In order to carry on publicity work for 1920, including particularly the reception of a large party of distinguished journalists, the Penticton Board of Trade has asked for a grant of $500.

The Canadian Wool Growers' Ltd., a farmers' co operative organization which handles the sale of wool produced in Canada, has now 1,923 shareholders. Of these 800 are in the west. The total amount of wool handled during the fiscal year just closed was 3,811,366 pounds, of which 2,803,443 had been contributed by the west.

In Monday's rioting near the British House of Commons, fifty men, including police, were injured. Fighting occurred when police attempted to stop a procession of demobilized soldiers and workers who were parading toward Downing street in a protest demonstration against being thrown out of their war jobs. More than 5000 men took part in the demonstration, it was estimated. Several were clubbed by the police. Twenty were taken to hospitals.

Gellatly's Wharf Burned

The wharf at Gellatly's landing was destroyed by fire Wednesday morning. The blaze which could be seen in the distance gave rise to a report that one of the C.P.R. boats was burning.

Kelowna Irrigation Company Limited

Order Made by the Supreme Court of British Columbia Permitting the Receiver to Hand Over the Water System

In order to bring to an end the present unfortunate position with regard to the supply and distribution of water now being controlled by the Kelowna Irrigation Company, Limited, for the supply of water for the Glenmore, Rutland and Bulman ranches, the Receiver, Mr. W. M. Maclachlan, recently applied through his counsel, Mr. Alfred Bull, to the Supreme Court of British Columbia for leave to hand over the works either to the Province or to a Water Municipality to be formed under the Drainage and Dyking of Lands Act. Mr. J. C. Gwynn appeared for the Dominion Trust Company in liquidation, which company is a creditor of the Kelowna Irrigation Company and the Central Okanagan Lands Limited for over $500,000 and, subject to the claims of the debenture holders, holds security over all the assets of the two companies. Mr. Gwynn explained that he represented some 9,000 creditors of Dominion Trust Company who are vitally interested in the proper administration of the two companies and the development of the remaining unplanted irrigable lands, some 3,000 acres of the Central Okanagan Lands Ltd., that he was in agreement with Mr. Maclachlan as to the advisability of handing over the works to be administered under the Provincial Act subject to the protection of the rights appurtenant to the irrigable lands and the payment of the present day value of the main ditch and reservoir system on which large monies had been expended and in respect of which the Receiver had since his appointment made considerable advances from the Central Okanagan Lands Ltd., and that he was willing that the internal distribution system, laterals and sub-laterals should be handed over for the benefit of all water users entirely free of charge and no claim to be paid any part of the cost of construction would be made in respect thereof. On the 23rd of January last the Honourable Mr. Justice Morrison made an order that the Receiver be at liberty to transfer to the Province of British Columbia or to a Water Municipality to be formed under the Drainage and Dyking of Lands Act of British Columbia, the irrigation system belonging to the Kelowna Irrigation Company Limited on the following conditions:—

(a) That the main ditch and reservoir system of works be paid for at a price to be fixed by a valuator acceptable to all parties interested, and in default of agreement as to the valuator, at a price to be fixed by arbitration;

(b) That no value be claimed on the internal distribution system, that is to say, laterals and sub-laterals;

(c) That the appurtenancy of water to the lands of the Central Okanagan Lands Limited and existing applications therefor be recognized, and that due regard be had to the rights of the said lands under the Conservation, Irrigation, Seepage and other clauses of the Water Act.

It will be observed that the owners of the irrigation system do not ask for any payment for the large sums that have been expended on the internal distribution system. They only ask for the present day value of the main ditch and reservoir system at a price to be fixed either by a valuator or an arbitrator and that if the valuator or arbitrator decides that there is no value in the works nothing will be paid. If a value is fixed the price to be

(Continued on Page 2.)

W. J. Newman leaves to-morrow for Liverpool.

Miss Howard is a visitor to Vernon this week.

Turkey's army will be limited to the number of troops necessary to maintain order in Asia Minor. Turkey will be compelled to keep her armed forces on the Asiatic side of the Bosphorus.

Amalgamation of United Farmers and Farmers' Institute

Convention Decides to Complete This By End of Year

Besides ending the Farmers' Institute-United Farmer feud, delegates at last week's agricultural conference at Victoria settled the council of agriculture problem by deciding to have three members from each body act as an advisory council to the government, until the farmers amalgamation is completed at the end of the year. The members of this council will be the three men from the Institute and the three from the United Farmers who will have charge of the amalgamation negotiations. As soon as the amalgamation under the United Farmers, embracing all the branches of agriculture, is completed the United Farmers will take over this council and elect members to it as the supreme agricultural representative body.

J. Y. Copman, of Cowichan, W. Paterson, of Duncan, and George Clark, of Sidney, were chosen by the United Farmers to represent them in the dual capacity. Representatives of the Farmers' Institutes will be announced later.

"We are all going to get together in one body and be united farmers," said Prof. W. T. McDonald, representing the stock breeders. "The other associations will continue to exist to represent special endeavor and will feel that they have the sympathy of the main organization when they have any reasonable request to make.

"It is now our duty to go home and advise all our friends to join the United Farmers," said J. W. Berry, chairman, representing the Fraser Valley dairymen.

Federal Parliament Opened Thursday

The government's legislative programme outlined in the speech from the throne, at the opening of the Dominion Parliament last Thursday, comprises: A bill to provide for a Dominion franchise; a bill respecting copyrights; bills providing for the amendment of the Patent Act, of the Loan and Trust Companies Acts, the Indian Act, and a bill to ratify the international opium convention.

Mr. and Mrs. Hartley and child are passengers today for Vernon.

Dr. C. Gordon Hewitt, Dominion entomologist, died Sunday.

Penticton automobile dealers sold over 250 cars last year, and if shipments can be obtained this season they expect to dispose of at least 350 for 1920.

Calgary fruit market prices, as reported by C. W. Baxter, Dominion Commissioner on Tuesday last are: No. 1 B. C. Winesap $3.50 per box, Delicious $3.90. Ben Davis, Newtown, Black Twig and Rome Beauty $3.25, Salome $2.90, Jonathan $2.25 to $2.50; B.C. potatoes $100 per ton, Alberta potatoes $80; B.C. onions $120 per ton.

paid would be borne rateably by all parties who have the benefit of the works. It cannot be said that these terms are in any way unreasonable as a very large sum of money, over $400,000, has been expended on the irrigation works and it is probable that a comparatively small sum will be fixed as the present day value of the works. It is generally considered that if the Government accepts the condition imposed by the Court it will be an easy solution of the present difficulties and the water users will be gratified to know that the works have been offered at such reasonable terms. It is not only to the benefit of the debenture holders in the Central Okanagan Lands Company and the thousands of creditors resident in British Columbia and scattered over Cauada of the Dominion Trust Company that the fertile and valuable lands, some 3,000 acres, of the Central Okanagan Lands Limited should be protected in their water rights, but also to the benefit of the City of Kelowna and the Province of British Columbia that these fertile lands should be brought under irrigation, colonized and developed as speedily as possible. Kelowna is one of the best fruit producing districts not only of British Columbia but of the American Continent and there is no doubt that if irrigable lands are available that a large number of immigrants would be attracted to the locality. It is expected that there will be a big influx of immigrants during the coming summer and it is important that these lands should be available without delay. It is believed that by a re-arrangement of the present irrigation system by enlargement of the reservoirs and by due conservation and scientific irrigation and proper rotation of crops as provided by the Water Act, that the supply of water to the Kelowna Irrigation System can be largely augmented and it is hoped that the Government of British Columbia may be able to arrange for the works to be taken over on the terms offered and thus put an end to the existing difficulties.

WATER NOTICE

USE AND STORAGE

Take notice that W. J. Stevens, whose address is Kelowna, B.C., will apply for a licence to take and use 1687.5 acre-feet and to store 1,500 acre-feet of water out of Bear Creek, which flows Easterly and drains into Okanagan Lake at the S.-E. corner of D. L. 539. The storage dam will be located at the east end of meadows east of small lake on the West Fork of the North Fork of Bear Creek. The capacity of the reservoir to be created is about 1,500 acre-feet and it will flood about 40 acres of land. The water will be diverted from the stream at a point near the N.-E. corner of D. L. 3,859, and will be used for Irrigation purpose upon the lands described as D.L's. 507, 506 W. ½ of L. 505, 15 acres in the S.W. corner of the E. ½ of L. 505, Lot 3461. This notice was posted on the ground on the 4th day of February, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within fifty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is Thursday, February 5th, 1920.

Local Boy Scouts

Edited by Pioneer. March 2nd.

ORDERS by Command for week ending March 11th, 1920.

PARADES: The ban against all public gatherings still continues but it is expected that it will be lifted before the 6th inst. The regular weekly parade of the whole troop will be held at the club room on the first Tuesday after the schools reopen and from then on we hope to see the attendances as nearly perfect as possible, for the time of our annual entertainment is rushing towards us and we shall have to begin picking out the squads for the different items. There will be limited squads for gymnastic, parallel bar, tumbling, bugle band and quick step marching items, but we wish every scout in the troop to do his utmost to catch a place in each of these, and of course there will be about three songs for the whole troop.

We are glad that Miss Winnie Jones has again consented to be our accompanist and we also again hope to secure Mr. Thompson as trainer if he can afford the time. We have also to once more find a piano to either borrow or rent for the rehearsals, and whatever assistance any of our friends can give to us in this respect will be most earnestly appreciated. The finding of a piano each year is always a considerable source of trouble to us. We are not a very wealthy organization, we have no permanent quarters of our own, and we use a piano for such a short time of the year, that the buying of one is practically out of the question.

We have not yet definitely decided what particular songs we shall sing but we have some in mind. We have extraordinary difficulty each year in finding a suitable play or sketch. We want a short comedy or farce for males of about 20 minutes duration and endeavoring to find one through mail order by name is as disappointing as it is unsuccessful. If we attempted to put on most of those we got hold of in this way, it would not be safe for us to appear before the public on the stage for a long time again. So we shall also appreciate indeed whatever assistance anyone can be to us in finding a play, and we have very little time left to find one.

The cubs will help us out again this year with a song and act or two, and we must ask every leader and scout in the troop to "put his shoulder to the wheel" with energy and vim, for if they will do that the work becomes as pleasant as it becomes simple. On the other hand just as one bad apple in the box soon spoils the whole box, so can one scout who is lazy, irregular, careless or without enthusiasm, make the whole work an arduous fag, and perhaps spoil the whole thing, for it is simply amazing how quickly this spirit spreads to others.

Scarcely was the ink dry from writing last week's column when we learned of another sad bereavemen to a scout family, and Kelowna had lost another of its most popular young people, this time in the person of Miss Kathleen McKenzie, sister of P.L. Carl, ex-scout Hugh and Cub Murray McKenzie. We wish at this sad time to add our expressions of very deep sympathy to the boys and their family, which is shared by them with the whole community.

We are very glad to begin noticing around again many members of the troop and pack who have been having their turn of sickness. It is certainly a time when no chance must be taken to let a cold or any temperature develop into anything worse.

We have to thank provincial headquarters, Victoria, for a number of haversacks, mess tins and ground sheets, from the surplus military ordnance stores. The exact method of distribution of these will be decided at the next Court of Honour, but it is expected that the winners of the tent inspection at last camp will be presented with some of them for their prizes.

New Shoes, Pumps, Oxfords

THE best selection of Shoes that we have had are in stock now. Many styles are here from which to choose, and among these are high and low heel Shoes, Pumps and Oxfords in Patent Leather, Gun Metal and Fin Kid. The Oxford, as illustrated, comes in Chocolate Kid, good military walking heel and long vamp.

The High Shoe, as illustrated, is in fine Black Kid, of excellent quality, with high Louis heel. We would like to have the pleasure of showing you our new selection of Shoes.

Black Silk Hose, $1.95

A small assortment of Black Silk Hose has arrived this week in a very fine grade of Silk. These are manufacturers' seconds and are regularly priced at $3.50 pair.

Special $1.95 pair

TOWN AND COUNTRY NOTES

Dr. Knox returned from the coast on Monday.

Miss C. Arbuthnot returned Tuesday from Seattle.

Frank Fraser was a passenger Saturday last for Edmonton.

Mr. and Mrs. H. C. S. Collett returned Friday from the old country.

Chas. Gowan is having his house moved. The last time we saw it it was in the air!

W. Lock returned to his place in Fumerton's store Friday after a stay at the coast.

The Jack McMillan Chapter, I.O.D.E., will meet on Tuesday, March 9th at 3 p.m., at the home of Mrs. C. J. Packham.

Mrs. Bryce and Mrs. Hislop were passengers Tuesday for Arcola, Sask.

Mr. F. Simmons, theatre manager, went up to Vernon Tuesday on business.

M. A. Alsgard was a passenger to Penticton Saturday.

Messrs. A. E. Dark and J. Butler left on Saturday afternoon's boat for Penticton, returning Monday.

Mr. M. H. Chesbro of Kelowna is conducting a Government pruning school in Summerland.

Summerland people, according to the "Review" are congratulating themselves on having escaped the flu epidemic. We hope so—but, wait and see.

Owing to the prevalence of influenza a ban has been placed on the schools, churches, theatre and all public gatherings in Penticton. Apropos of the above some wag had written on the Methodist church notice board as "Subject for next Sunday"—"Influenza!"

Mr. Geo. Thomlinson, with his son Willie and daughter Nan, left Saturday for Scotland.

Mrs. Gladman, who has been staying with her parents, Mr. and Mrs. Lloyd-Jones, left Tuesday for Winnipeg. Mrs. W. Lloyd-Jones accompanied her to the Landing.

Mr. Wm. Cruise, of Pilot Mound, Man., has been visiting Mr. F. Buckland on his return from a trip to the coast.

G. A. McKay of the P. B. Willits Co. returned Tuesday after a lengthy stay in Winnipeg. Mrs. McKay and the children are to stay for some time yet.

The postponed annual general meeting of the G W.V.A. will be held at 8 p.m. on Wednesday, March 10th, and the regular weekly meeting on Saturday March 13th.

Mrs. W. J. Austin wishes to thank her many friends and neighbors for the kindness and sympathy extended to her in her recent bereavement.

The annual meeting of the K.A.A.C. which was to have been held on Tuesday last, has been postponed on account of the flu ban.

J. M. Cushing, who has just returned from a visit east, is to take charge this year of the Glenmore ranch of the Central Okanagan Lands, Ltd. The ranch has been leased for the past year or two, but the company intends to resume the operation of it this year.

Lloyd Cunningham had the misfortune last Friday to break his arm while cranking the car. He was out with his father at the time, and was rushed to the hospital, where the fracture was at once set, and he is now going along well.

The following are the donations to the Kelowna Hospital for the month of January: Mrs. Benson, 3 dozen eggs; W. H. McDougall, 5 boxes apples; Mr. Thornaloe, box of apples; P. A. Scott, 2 boxes of apples; G. C. R. Harvey, 2 boxes apples; Kelowna Creamery, 10 lbs. butter; Mrs. C. V. Butler, chicken; Mrs. D. W. Sutherland, 4 dozen eggs; Mrs. Benson, 2 dozen eggs; P. A. Scott, $5; Mr. and Mrs. N. D. McTavish $101; N. H. Caesar, $25. The donations for February are as follows: G. W. Fergusson, 2 boxes of apples; Mr. Whitham, 3 boxes of apples; Mrs. Benson, 2 dozen eggs; Miss Dalzell, $2; Mr. Jutsen, $4, Mrs. Leigh, $30.

Some Reasons
Why Dark Sells Cheaper

I am well aware that people are told my quality of stock is poor—that being the reason I can sell cheaper. On the other hand in these days of profiteers everybody is not foolish enough to believe such a statement, but look for a reason. And I'm going to supply very good reasons, too. This week, for a start, let me announce that I have been made agent for the famous

ASTORIA SHOE

and the first consignment is in the store now. The Astoria people as you know, do business with real live firms. Next week look for more reasons, and meanwhile see my window.
