Opposition Leader on Visit to Kelowna

Mr. W. J. Bowser on Holiday Tour of Interior

Mr. W. J. Bowser, M. P. P. leader of the opposition in the provincial legislature, paid a visit last Thursday to Kelowna, in the course of a holiday tour of the interior of the province. In the course of his journey through the Okanagan he was accompanied by Mr. J. W Jones, the local member, who also took part in the meetings held at various points.

Mr. Bowser who was also accompanied by a Victoria friend, Mr. Gordon (formerly of Kamloops) was motored down from Vernon by Mr. Jones about noon Thursday and spent the afternoon in visiting various points of interest in the district, managing to put in an appearance at the baseball match in the park.

In the evening Mr. Bowser met addressed a gathering of Conservatives in the Morrison Hall. In spite of his temporary eclipse politically, Mr. Bowser has lost none of the vigor and energy for which he is so well known, and he unmercifully assailed the present government for its failure to live up to even the most obvious of its promises to the people. Instead of abolishing patronage and extravagance, which had been pointed to as the besetting sins of the previous government, they had been vastly increased. He was confident that the incompetence displayed would speedily bring their career to an end.

His present trip through the province, however, was without any political significance, and was undertaken solely with a view to making himself acquainted at first hand with conditions and needs of the province.

In the course of a conversation, Mr. Bowser said that for years he had been too busily occupied to take a real holiday, and that he was taking advantage of his present freedom from government cares to make a closer survey of actual conditions.

Foremost of the problems of this district he realized was the water question and in this the knowledge and experience of his colleague, J. W. Jones, had been of great assistance during the past session.

Mr. Bowser and Mr. Jones left the following morning to continue the itinerary south to other lake points.

Cooperative Wool Selling

Sheep farmers should be grateful to Mr. G. C. Hay district agriculturist of Kamloops, who has been at considerable trouble to arrange facilities for the co-operative selling of the Okanagan wool-clip. Mr. Hay was in Kelowna on Tuesday and gave the following particulars as to the arrangements that he had completed. The farmers are to ship their wool "freight collect" to Mr. C. E. Lawrence, Kamloops, secretary of the B. C. Wool Growers' Association, who will assemble the wool and ship in car-lots to Toronto, to be sold by the Canadian Wool Growers' Ltd. Banks at Kamloops have arranged to make advances on presentation of Mr. Lawrence's receipt for wool, and doubtless other local banks will do likewise.

Sacks and paper twine can be procured from Mr. C. E. Lawrence, and Mr. Hay laid stress on the necessity of using the proper sort of twine as any foreign matter getting into the fleece through the wrong twine being used, will cause the value of the wool to be docked. Further particulars can be obtained from the Institute Secretary.

About one hundred tons of cucumbers will be grown at Mission City this year.

To adopt rationing as a positive system would cost the government $10,000,000 or $15,000,000 annually for bureaucratic expense, as it would have to place tickets and coupons with every householder and behind these tickets would have to be erected a vast administrative organization.

Kelowna Wins First Baseball Match of Year

Beat Vernon by 14 to 7 in Last Thursday's Game

On Thursday afternoon last the baseball team organized by the new Kelowna Athletic Club, played its first match against a team from Vernon. The local has been very rapidly got together and in view of the fact that little opportunity has yet been afforded for practice, showed up well in their first effort, trimming the visitors to the tune of 14 to 7. The boys were lined up as follows:

Kelowna		Vernon
J. Cady	Catcher	Woods
N. DeHart	Pitcher	Klausmann
W. Hereron	1st base	Henderson
F. Faulkner	2nd „	Foster
M. Berard	3rd „	Currie
W. Anderson	S. S.	Timmins
T. Carney	Centre	Graham
L. Day	Left	Leeper
J. Thayer	Right	Schrieber

Mr. L. V. Rogers pitched the first ball at 4.30 and the game proved an interesting one from start to finish. There were some two or three hundred spectators gathered, including Mr. W. J. Bowser, the Conservative leader, who with Mr. J. W. Jones had motored down from Vernon shortly before.

An unfortunate accident somewhat marred the latter part of the game, when two of the Vernon players collided badly in attempting a catch at first base. Currie had a couple of teeth knocked out and was too badly shaken to play again. Henderson, the other player, was severely cut about the face, Currie's teeth, in fact, being found in his cheek. After being taken to the doctor and having his wound dressed he pluckily came back into the game.

In the evening a dance was held in the aquatic pavilion.

The return match will probably take place at Vernon June 3rd. The ball team has also arranged a trip to-morrow to Summerland where they will play a combined Summerland and Peachland team. On the same day the football team is to go up to Vernon to play the B.C. Horse team.

The lacrosse team is not yet completely organized, but they are making progress and expect to have a schedule of games drawn up soon.

A good deal of work has been done on the ground in the park loaned to the boys by the city, the steam roller and sprinkler having been busy several days.

Woodlawn Lady Died This Morning

The death took place this morning of Miss Charlotte Margaret Hubbard, eldest daughter of Mr. and Mrs. J. Hubbard of Burne Avenue. Miss Hubbard has been in poor health for several years and lately developed acute heart trouble. A second serious attack a few weeks ago rendered her condition hopeless, and her death has been looked upon as inevitable for some time. She passed away at about 10 o'clock this morning. She was 34 years of age, and has resided in Kelowna for the past five years. Every sympathy is extended to the family in their bereavement.

The funeral will take place tomorrow (Friday) afternoon at 2.30 service to be held in the English church.

Striking in sympathy with the civic employees of the city Winnipeg who are demanding higher pay, over 30,000 members of labour unions in that city have quit their jobs, resulting in the worst industrial tie-up ever experienced there.

A conspiracy between Germany and the Irish Sinn Feiners, supported also from enemy sympathisers in the United Stated, has been uncovered and over 500 of the leaders arrested. The suddenness of the move made by the British government has apparently crushed the movement before it got really started.

Meeting of Irrigationists of Okanagan Valley

Discuss Programme of Coming Convention at Nelson

Matters of much interest to irrigators were discussed at a meeting held in Kelowna Thursday when a number of irrigationists from up and down the valley met F. E. R. Wollaston, a member of the executive of the Western Canada Irrigation Association, of Vernon, and Robert J. C. Stead, acting secretary of the Irrigation Association who made a special trip from Calgary to be present.

"It was recognized by the Irrigation Association in preparing its programme for the convention to be held at Nelson in July, that Okanagan irrigationists doubtless had problems peculiar to themselves," said Mr. Stead to the Record. "For that reason Mr. Wollaston was asked to arrange a meeting at Kelowna, and I was sent over from Calgary by the Association to hear such suggestions as might be made. I can say that as a result of the discussions which have been held special attention will be paid to Okanagan problems at the convention to be held at Nelson, July 24, 25 and 26. It is proposed to devote one session entirely to Okanagan problems and, of course, all the sessions will deal with matters of interest to B.C. irrigators generally."

Among those present at the meeting here were Messrs. Kidson, Ashcroft, Wollaston and Dr. Macdonald, of Vernon, Messrs. Logie and Johnstone, of Summerland, Powell, of Peachland, Reeve Smith and E. J. Chambers, of Penticton, and Messrs. Collett, Carruthers, Reekie, Stirling, Groves and Benson, of Kelowna.

Soldiers Growing Food

Food growing is second in importance only to fighting. Such is the gist of an army order issued a year ago to the British troops in France. Much military cultivation of land has been undertaken since then.

Every military camp in the United Kingdom, every German prisoner's camp, and every aerodrome has been brought within the area of military agricultural operations. In addition, 50,000 acres are being cultivated behind the lines in France, 7,000 acres at Saloniks, approximately 700,000 acres in Mesopotamia, and large areas in Egypt, Palestine and Cyprus. In France the Army has its own directorate of Agricultural Production working for the cultivation of derelict land in conjunction with the French authorities.

At Salonika the crops now growing comprise 2,100 acres of barley, 500 acres of wheat, 700 acres of potatoes, 2,000 acres of maize and 1,700 acres of other crops. It is estimated also that the work there will result in a saving of 20,000 tons in the quantity of hay required to be imported.

In Mesopotamia, small irrigating pumps driven by steam or oil, are in use on the banks of the Tigris. It is estimated that this year's yield from military cultivation in Mesopotamia will total 25,000 tons of wheat and 100,000 tons of barley, besides fair crops of other grain. Tractors, threshers and hand implements of several kinds have been sent from India and Australia as well as from Great Britain.

In Egypt, Palestine and Salonika the British armies will this year grow all their own vegetables, and they will also produce a large quantity of hay and other forage material for horses. Last year the Army in Egypt produced for itself 196,000 tons of hay; this year it is estimated that 424,000 tons will result from its land labours. Last year's yield of barley was 26,000 tons; this year the supply will be about quadrupled. Last year a portion of the Army's sugar supply was imported; this year the whole requirements both for Egypt and for Salonika will be produced in Egypt.

The figures from the Aldershot Command prove what great work has been accomplished in England. Only 28 acres were being cultivated there eighteen months ago; this month 1,200 acres are under cultivation.

Boys May Still Enlist as Soldiers of Soil

Many Have Already Found Work in District

In connection with the Soldiers of the Soil movement, Mr. L. V. Rogers has been appointed local supervisor, who, along with Mr. E. C. Weddell, will have charge of the work for Kelowna and district under the Canada Food Board. Boys from 13 to 19 may still enlist, forms being obtainable from either of the above gentlemen. Boys will, as far as possible, be placed in the vicinity, but most of them have already found work.

Farmers may obtain application forms from the secretary of the Farmers' Institute and are asked to apply at once to Mr. Jas. H. Beatty, Parliament Buildings, Victoria, B.C. Only boys over 15 will be sent to farmers other than their own relatives.

All boys from 13 to 19 who work in some department of food production will receive the service badge from the government, providing they work for three months and make good. These badges will be presented to the boys at a public gathering in Kelowna later in the summer.

These boys form our nation's last reserve of manhood both for fighting strength and food production. They are ready to serve and the farmers are asked to give them a chance to make good. If the B.C. farmers do not apply soon the applications from the Alberta farmers for B.C. boys will be filled, for all their boys have been taken already.

Mr. M S. Middleton, provincial horticulturist, was in town yesterday on his way from a visit to the fruit districts to the south of the border.

Seek to Establish Pure Bred Cattle Industry

Dairymen's Picnic will be Held June 27th

Professor McLean, of the University of British Columbia, spent the week-end in Kelowna. During his visit he called on several of the dairy farmers and outlined his plan for the establishment of a big pedigree cattle industry in the district. The plan suggested is that each dairy farmer should purchase at least one pure-bred calf or heifer of the chosen dairy strain, and so establish the foundation of a good pedigree dairy herd. His visit met with a very ready response the few farmers that he was able to visit in the short time at his disposal agreeing to take sixteen young heifers in the fall. The whole question of this selected importation will be discussed and further arranged at a Dairyman's Picnic which it is intended to hold on June 27 and which Professor McLean has promised to attend.

Mr DuMoulin has advised the A. & T. Association that the Canadian Bankers' Association, in conjunction with the Department of Agriculture again intends donating prizes for pigs and calves to be shown by children at the Fall Fair. Particulars of this competition have not yet been received but will be advertised in due course.

Mr. F. C. Walcott, of the United States Food Administration, in a recent address at the Federal Food Board Conference, stated that about 4,750,000 persons have died of starvation in Europe since the war began, while about 4,250,000 have been killed by fighting.

Speaks on Aims of Religious Education

In the absence of Rev. E. D. Braden, who is attending conference, Mr. J. Gordon, principal of the public school, occupied the pulpit of the United Church on Sunday morning, and by special request repeated an address he gave before a Sunday-school convention a short time ago on "The Aim of Religious Education."

In all branches of education, said Mr. Gordon, we must have a clear idea of what we are training the pupils to be. The aim of secular education was to produce good citizens, and the aim of religious education was to produce good citizens of the Kingdom of God.

The speaker made a plea for the training of teachers. The teachers must be taught. They must study childhood in its various stages of development and use the very best methods in educating the children. He pointed out that parents were tending to leave the religious education of their children more and more to the teachers, thus increasing the responsibility of the latter, and showed that even if the parents gave their children the best secular education they could give them they would fail in their duty if they did not also give them an educated Christian conscience.

His final definition of the aim of religious education was: So to train the religious nature of the children and so instruct them in the Word of God that they would become good citizens of the Kingdom of God, by directing their thoughts and actions with due consideration of their capabilities at various ages. Thus, when the age of discretion came they would choose to walk with God whom they had learned to love through Jesus Christ, who had been revealed to them by their teachers.

Tent Caterpillar Must Be Watched

The pest is now beginning to make its appearance on the fruit trees, and unless the orchards, and all trees as a matter of fact—for in recent years plum and apple trees have not been the only ones infected — are carefully watched, considerable loss to our fruit product will result. An hour now, may mean dollars saved in time and product later on. The matter is one of present urgency.

The owner of a few fruit trees should be even more careful to investigate than in previous years, for fruit conservation is important. The signs of tent caterpillar are a withering of leaves on top branches—though others lower down may be equally involved. As soon as these are noticed, carefully inspect the limb or branch for a web or the small caterpillar; do not shake or touch more than possible as the insect drops down the web on the slightest movement and so spreads abroad. Later on, if neglected, the branches will be seen to wither and the pest will be found working its way down the main trunk—in clusters of hundreds—to spread all over the surrounding, and lay up trouble for next year.

Spraying should now be the great work for fruit growers; but for the tent caterpillar fire is the only real remedy. The simplest way is to hold a zinc bucket under the branch; cut off below where the "tent" is and let it drop into the pail on to some old paper which can then be lit and the pest destroyed.

Fire Permits Are Now Obtainable

During the closed season for fires, which started on May 1st, it is necessary to obtain a permit to burn out of doors. These permits may be odtained from the local forest officer or the assistant forest ranger in the district in which it is intended to set out fire. A permit must be obtained for every open burner and every fire for industrial purposes.

All inflammable material must be cleared away three feet in every direction from the edge of every camp fire, and every camp fire must be totally extinguished before the person making it leaves the place.

Lighted matches and burning tobacco, before being thrown away, must be thoroughly extinguished.

Brush and slashings accumulated by any person within 200 feet of any public railway must be disposed of under the direction of an officer of the forest branch. In clearing rights-of-way, all slashings must be disposed of. The same applies to logging and land clearing operations.

Business men of Calgary will endeavor to recruit 1,000 city men for farm work in harvest time.

One of the largest packing companies in Alberta will engage in in the manufacture and marketing oleomargarine.

Manager Coombs of Western Canners, Limited, has left for South Africa, where he will instal an immense factory for the canning of pine-apples for wealthy American interests.

Victoria city and Saanich municipality are already working under the new Act. In Victoria city over 1,000 vacant lots are under cultivation, as well as several large tracts of property. Plans for Community work for canning and drying garden produce are under consideration.

The few remaining elk at the Colony Farm, Essondale, will be shipped next week to the Queen Charlotte islands, where they will be turned loose, this arrangement having been made by the game department of the provincial government. Most of the elk that were at Essondale were shipped to Oakalla some time ago and they too will go to the Charlottes along with some Australian red deer that the government has.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. May 21, 1918

ORDERS by command for week ending June 1, 1918.

PARADES: The combined troop will parade at the club room on Wednesday the 29th of May at 7.15 p.m. There will be no further Saturday afternoon parades unless for some special purpose during the balance of the summer, but the usual attendance and conduct marks will be given to all scouts doing voluntary war service or Soldiers of the Soil work for the afternoon provided application for the marks is made to either the the troop leader or scout master during the week following. Also examiners will be provided for any scout wishing to pass any tests, of which we again urge that there will be many passed, particularly the First Class, before the end of June.

• • •

Summerland Troop has given us a very kind and hospitable invitation to go down and spend the 24th of May with them. We shall go down on Thursday afternoon and return on Saturday morning. They are putting us up for the whole time we shall be there. The Penticton Scouts under their new Scout Master Mr. Atkinson, will also be spending the day there and we hope to have some good inter-troop sports. As neither the Penticton nor Summerland scouts have a complete outfit of uniforms we shall all go down in mufti, but wearing the proper button-hole badge. We appreciate Summerland's hospitality very much indeed and trust we shall have the opportunity of returning the same at some not far distant date.

A conference of patrol leaders or patrol leaders and seconds would be a splendid thing for us to have in the Okanagan. Just recently a very successful one was held at Vancouver. Papers on some important subject in relation to scouting are read by different leaders and then follows a general discussion after which a resolution is proposed and carried or defeated as the case may be. The whole affair is arranged by the leaders themselves and if any warrant officer is present, it is generally only one, and he takes no part in the conference except perhaps to sum up the result at the end, or something of that nature. "What to do with the Slacker," "How to Retain the Senior Boy," "Camping," "Smoking," "Shorts," etc., are samples of papers on which discussions are often held at these conferences.

• • •

The finder of Scout Walker's purse has not yet been disclosed. It is too bad indeed if in our little district a person has to feel that his purse is likely to be appropriated by another with the same readiness and zeal which is generally supposed to be an incident of crowded city life.

• • •

We were very pleased to receive the following letter addressed to the scout master from Mr. Whitehead in France: "Please accept my sincere congratulations on winning the Governor General's Shield for the year. I always follow the fortunes of the troop with great interest and wish you and them every success, yours sincerely, J. B. Whitehead."

• • •

The Cubs will parade to-night and arrange for an all-day hike tomorrow. There will be no more regular parades before school closing, but special efforts will be made to prepare boys for the passing of tests. All cubs must undergo the first star test and all sixers the second star test before June 30th. Besides this several boys are trying for proficiency badges and time will have to be allowed also for instruction.

Every boy then will have to get down to work for the next few weeks so that the Kelowna Pack may obtain a high place in the provincial report. The assistant cub-master will arrange for first star instruction on Tuesdays, Thursdays and Saturdays, whilst Mr. Gordon will instruct for second stars on Mondays and Fridays.

TOWN AND COUNTRY NOTES

Mrs. Mitchell left Monday morning on a visit to Moosejaw.

Dr. Gaddes returned last week-end after a winter spent in San Diego.

Lieut. Atkinson has been in town for the past few days on leave.

Church of England service will be held at Rutland on Sunday next at 3 p.m.

Mr. J. K. H. Currie of the Royal Bank staff left yesterday for Ashcroft where he has been transferred.

Mr. R. A. Copeland has been in town for the past day or two, and has been receiving congratulations from all sides on his recovery after his recent severe illness.

Rev. Walter Daniel, superintendent of Baptist Evangelical Missions for B. C., came in from Summerland Tuesday, and was the guest of the Rev. Arnold Bennett.

During the month of April the local Prisoners of War Committee collected a total of $207.95. Out of this sum $110 has been paid to the Prisoners of War Fund, $80.50 to the local Red X Society and the balance retained for expenses.

Mrs. T. L. Morden and family came in Tuesday and are taking up their residence here once more in their house on the east end of the city, after an absence of several years Mr. Morden is now serving overseas, and Mrs. Morden and family have spent the winter in California.

Bear in mind the grand patriotic fete, to be held in the city park at 3 p.m. on July 6th. There will be a grand procession of decorated cars and children in fancy costume. Among innumerable attractions, there is to be a baby show in the aquatic pavilion. Come and help to make it a success.

Next Sunday morning in the Baptist church the Rev. W. Arnold Bennett will preach on "The 144,000, or the Safety of God's True Servants." At the evening service his topic will be "Faith and its Ancient Heroes." The Ordinance of Believers' Baptism will be administered at both morning and evening services. Song service will commence at 7.15 p.m.

The news of the death in action of Pte. E. L. Ward has now been confirmed by a letter from his parents, Mr. and Mrs. A. H. Ward, of Bromyard, Worcester. He was killed in action on March 30th while engaged in the dangerous work of building wire entanglements. Mr. and Mrs. Ward wish to thank all friends of their son in Kelowna and especially those who sent letters and parcels which were much appreciated by him.

At the recent meeting of the Women's Missionary Society of the Methodist church, held at New Westminster, Kelowna was represented by Mrs. J. W. Jones, organizer of the Okanagan district, and Miss G. Hunter, representing the Mission Circle. During the past year the W.M.S. in B.C. has raised no less than $9,926.15, this being an increase over the amount raised last year of $1,750, a very creditable showing when the many and urgent demands upon the women of B.C. during the past year are considered. Mrs. J. W. Jones returned from the coast on Tuesday.

Mrs. Tilbrooke was a passenger Monday to Vancouver.

Mr. and Mrs. Benmore and family left Monday for Vernon, where Mr. Benmore will be engaged through the summer.

Pte. Hinckson left Tuesday on his return to Vancouver following a short leave.

C. McGregor, of Rutland, is now home on three weeks' leave after enlisting in the Flying Corps at Vancouver. We are asked to make it very clear that he enlisted voluntarily, and was not called up with the regular draft.

Joe Casorso has been back again from the coast on a couple of week's leave.

The "Hospital Egg Week" under the auspices of the Poultry Association, resulted in a total of fifty-four dozens being gathered for the use of that institution.

A new regulation which affects all passenger carrying boats came into effect this year. It deals with the provision of life-belts which had to be provided in case of accident. The pattern which has been familiar for many years is now discarded and a more modern form of cork jacket substituted. The advantage of the new pattern is that it supports the head in case the wearer becomes unconscious and still gives a chance of being saved. The old lifebelt had many other disadvantages one of which was that if the wearer jumped from a height into the water it was apt to slip up and hit the chin, sometimes resulting in a broken neck. Mr. Hayman has been busy this week abstracting the cork from the old jackets for shipment to the coast.

Mr. P. DuMoulin, treasurer for the recent Kelowna Y.M.C.A. Campaign has just received an official receipt from provincial headquarters for $3,222.90 cash already forwarded. In addition to this there is still cash on hand $137 and promises of $268, making a total to date of $3627.90. In his letter Mr. W. H. Malkin, the provincial chairman, says that Kelowna's response was "magnificent."

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that Mrs. M. E. Hill and A. E. Hill, whose addresses are Kelowna, B.C., will apply for a licence to take and use 20 acre feet of water out of Sutherland Spring and the waste water from Kelowna Irrigation Co. and irrigation system, which flows in a North-Westerly direction and drains into Okanagan Lake through District Lot Nine (9). The wrter will be diverted from the stream at a point about 320 yards from the North-West corner of District Lot 138, and will be used for Irrigation purpose upon the land described as Sub. Lot 44, Registered May 202, Osoyoos Division. This notice was posted on the ground on the 23rd day of April, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is April 25th, 1918.

Mrs. M. E. HILL and A. E. HILL,
Applicants.
23-7 By A. E. Hill, Agent.

Prominent Writer Visits Kelowna

A visitor in the city on Thursday last was Robert J. C. Stead, of Calgary, who was here in his capacity as acting secretary of the Western Canada Irrigation Association. Mr. Stead, however, is known to a much larger public as the author of several successful books, both novels and verse. His story of western Canada life "The Homesteaders," published about two years ago, has been said by critics to be one of the most accurate pictures of western Canada life written by any novelist. The sale was so large that the book has been off the market in Canada for some months, as the printing was done in England, but a new Canadian edition is now being printed in Toronto.

Mr. Stead's poem, "Kitchener," is the only poem by a Canadian which was ever included in its entirety in a telegraphic news service, and his collection "Kitchener and Other Poems," published last fall, has already gone into its third edition in Canada. Mr. Stead has just completed another novel "The Cow-Puncher," which, as its name would suggest, is a story of Alberta. It will be published in Canada United States and England simultaneously on October 1st, and is also to appear as a serial in one of the popular weekly magazines.

This was Mr. Stead's first visit to Kelowna and he expressed himself delighted with the district.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back Her Strength

New Castle, Ind.—"The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my housework. My doctor advised me to take Vinol, and six bottles restored my health so I do all my housework, including washing. Vinol is the best medicine I ever used."—Alice Record, 437 So. 11th St., New Castle, Ind.

We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak, run-down, nervous conditions.

The Corporation of the City of Kelowna

NOTICE is hereby given that the first sitting of the annual Court of Revision for the purpose of heartng complaints against the assessment for the year 1918 as made by the Assessor, and for revising, equalizing and correcting the Assessment Roll of the City of Kelowna and Kelowna City School District, will be held in the Council Chamber, Kelowna, on Monday, May 27th, 1918, at 10 a.m.

All appeals, complaints or objections must be in writing and delivered to the Assessor at least ten (10) clear days before the first sitting of the Court of Revision.

Dated at Kelowna, B. C., this 20th day of April, 1918.

G. H. DUNN,
23-7 City Clerk.

Miss Menges Coming on Return Visit

Critics are saying that Isolde Menges stands on the threshold of supermanship in violinistic interpretation. She has drawn round her tributes that few artists in the past or present have had bestowed upon them. She is to give a concert here in the Kelowna Theatre on the 19th of June, and that she will get a hearty welcome is already evidenced. Miss Menges' name is now bracketed with Ernst, Vieuxtemps, Wieniawski, Sarasate. There is only one young violinist of this age that can be compared to Isolde Menges and that one is Heifetz, who was her fellow-student in Russia. Heifetz is considered technically the superior of all violinists; but when it comes to interpretation, miscians and critics in Europe say that Menges is the greatest of this age.

$200.00 REWARD!

THIS PICTURE HAS NO TITLE

For the Best Title for This Picture we are Offering the Following Prizes:

First Prize, $100.00 Second Prize, $50.00 Third Prize, $30.00
Fourth Prize, $15.00 Fifth Prize, $5.00

CONDITIONS

1—Write your answer on a plain sheet of paper with your name and address at the bottom of the page,—write nothing else or your answer will be disqualified.

2—Your answer must contain not more than twelve words, but may contain less than twelve words.

3—IMPORTANT. Go to your grocery and buy a ten-cent package of Cowan's Supreme Chocolate, cut out neatly the colored Maple Leaf from the package and pin it to your answer. If you fail to pin the Maple Leaf to your answer your title for the picture will be disqualified.

4—Only one answer is allowed for every Maple Leaf enclosed. In other words, if you enclose three Maple Leaves from three packages you are entitled to three answers for the best title to the picture, or as many answers as you have Maple Leaves enclosed.

5—Mail your answer to Mr. L. L. Berry, care of Kirkland & Rose, Water Street, Vancouver, B.C., who are the Cowan Company's Agents in this city. Do not send any letter to Toronto, as this competition is exclusively for British Columbia.

6—Your answer must be in before June 14th, as this competition closes on June 15th.

7—Your answer need not contain the words, "Cowan's Supreme Chocolate," unless you wish to use it.

8—The Cowan Company Limited reserves the right to be the sole judges in this competition, and their decision as to the winners will be final.

9—The winning titles will be published in all papers throughout British Columbia during the first two weeks in July of this year.

IN CONCLUSION READ THIS

Do not forget this fact, that if you do not win a prize you have the Cooking Chocolate. Well now, what are you going to do with it? Here is what to do: Wait for a few days and every person who sends in an answer to this competition, enclosing a Maple Leaf from the package of Supreme Chocolate, will receive free a beautifully illustrated Recipe Book, just off the press, containing one hundred recipes for Supreme Chocolate and Perfection Cocoa. When you get this book you will know what to make and how to use this special unsweetened Cooking Chocolate. Remember the name.

This Competition is Exclusively for British Columbia.

COWAN'S —SUPREME— CHOCOLATE
For Cooking Purposes, Unsweetened.
