Meeting of City Council

Plans Submitted for Paving Bernard Avenue

The council met as usual Monday morning, the Mayor and Ald. Sutherland, Copeland, Blackwood, Taylor and Raymer present.

The following accounts were presented by the finance committee for payment:

Geo. Dillon, street watering	117.00
Ditto teaming	5.80
K. Smith, work on water extension	12.01
M. C. Lancaster ditto	36.98
Mun. Construction Co., wood pipe	881.85
Gillis Hungford, cutting grass in pk.	8.00
S. J. Weeks, work in park	81.00
Crane Co., packing	7.50
Northern Electric & Manufacturing Co., electrical equipment	56.05
Ditto Lamp globes	8.81
R. Muir, unloading coal	6.00
G. F. Teal, July timesheet	88 00
J. Smith ditto	67.20
F. Swainson ditto	50.00
F. Foreman, time check sewer acc.	8.00
J. Madden ditto	7.33
C. Barklin ditto	25.33
C.P.R., freight on steel caps	1.57
Ditto wood pipe	166.50
Ditto car coal	24.50
Ditto road roller and tank	37.80
W. Knotley, cutting weeds	3.00
W. Gibson ditto	6.00
Kelowna Car. Wks. sewerage acc.	48.00
J. Turner ditto	5.00
Crawford & Co. ditto	.45
Evans, Coleman & Evans ditto	216.14
Canadian Fairbanks Co. ditto	9.15
J. Leckie Co. ditto	46.50
Canadian Fairbanks Co. ditto	679.26
Electric Blue Print Co. ditto	4.30
Morrison-Thompson Co. ditto	94.40
Thos. Lawson, Ltd. ditto	130.25
Ross & Howard Ironworks Co. ditto	16.95
W. H. Paisley, removal of rubbish from streets	4.75
R. H. Parkinson, road grades	23.00

A letter was read from the manager of the Bank of Montreal, enclosing a general recommendation from the head office that, owing to the state of the money market, municipalities should curtail expenditure in every possible way.

A report was submitted by Chief of Police, Sutherland. There had been twenty-four cases of drunkenness, and three cases of fast driving of automobiles, two of the latter offenders being fined, and the other dismissed with a warning. The amount handed over in fines during July was $80.

A monthly statement of receipts and disbursements was submitted by the city auditors, Messrs. Crehan Mouat & Co.

Plans for the grading and paving of Bernard Ave. from Abbott St. to Ellis St., accompanied by the following letter, was submitted by the city engineers, Messrs. Canavan and Mitchell :--

Gentlemen :--

We present herewith a plan and profiles for the grading and paving of Bernard avenue from the northerly curb line of Abbott St., to the easterly property line of Ellis St.

In establishing the grades and elevations of the curb lines we have given due consideration to the existing improvements, and this plan is so arranged to conflict as little a possible with them.

The grade of the surface gutters will be too flat to carry the volume of water delivered thereto and it will be necessary to construct a submerged gutter-culvert of concrete at the same time the curb is laid. This gutter-culvert will be laid on a water grade and is of sufficient capacity to receive the run off from the entire length of Bernard Avenue.

The plan presented reduces the width of the road bed between the curb lines from eighty feet to seventy feet, which we feel will give ample room for all traffic and at the same time make the road less expensive to construct and maintain.

The paving shown is the Telford road having a base of nigger heads six to eight inches in diameter, and upper courses of crushed rock of graded sizes until a total thickness of twelve inches is reached; the surface to be finished with rock screenings and sprinkled with oil; the sub-grade and the finished road will be thoroughly rolled with a steam roller, and will, when completed, present a smooth and compact surface.

This type of road will stand well under the traffic in Kelowna and the initial cost of construction will be considerably less than of any other type of good road.

There will be concrete cross walks five feet wide at all street crossings.

We estimate that this Telford road can be constructed complete including concrete curb, and submerged gutter-culvert and cross walks from the northerly curb line of Abbott St. to the easterly property line of Pendozi St. for the sum of $16,270.00.

Yours very truly,
CANAVAN & MITCHELL.

The proposal was held over to be discussed by the committee.

A complaint was read from Mr. L. Hayman on the condition of Abbott street. He had put in a load of shale opposite his gate and it had been plowed in and left in furrows. There was also a dangerous hole about three feet deep.

Ald. Copeland said the K. L. O. Co. had made an offer in the spring to grade the whole of that section of the street on condition that they could have a knoll of sand which lay there to use in filling up a slough. This had been arranged with Mr. Parkinson but owing to some kicking by property owners the work had been stopped.

Some discussion took place on the matter of establishing permanent street grades. Ald. Taylor said he had advocated some time ago drawing up a general grade plan of the whole city, and he thought that it was the only way to do really efficient street work.

Ald. Raymer said there should be a by-law establishing street grades.

Eventually it was decided to consult with the city engineers on the matter.

The meeting then adjourned.

Mr. and Mrs. Montgomery, of Tiverton, Ontario, are in town on a visit.

Miss McLean returned to town Tuesday.

Three Alarms of Fire

It may be that the general holiday spirit and excitement engendered by the Regatta had something to do with the frequent alarms of fire this week, or it may be mere coincidence that both evenings of tee regatta, the piercing screech of the fire whistle should have brought people flocking into the streets—and all for nothing. There was a little excuse Wednesday night, a small stable behind the Lakeview hotel being found ablaze. The fire was out however with the first touch of the water from the hose. An hour or so later the alarm rang out again. This time the brigade never reached the fire. It appears that some boys playing around the stable that had caused the trouble earlier in the evening noticed some sparks which had not been extinguished, and a few of the youngsters ran off and gave the alarm. One, however, more practical than the rest staped behind and put out the flame with some wet hay.

Thursday night's alarm proved still more trivial, nothing being found in the way of a fire.

Rutland News

From our own correspondent

The English Church Service will be held on Sunday afternoon in the old schoolhouse.

Miss Olive Gray, of Vancouver, is paying a short visit with the Misses Gay.

Mr. Wm. McDonald has sold his house and lot to Mr. A. Crowcroft who now owns all the frontage from the corner to the school property.

Mr. Wm. Mudge, of Eastbourne, England, arrived last Saturday for an extended visit to his daughters Mrs. Laishley and Mrs. J. Hall.

Rutlanders will do well not to allow the irrigation water to run out on to the road as a self-appointed water bailiff is on the watch for delinquents.

Aquatic Association's Sixth Annual Regatta

Fine Weather Favors Annual Event. Kelowna Carries off War Canoe Cups

In spite of the threatening and uncertain nature of the weather for some time past, the Aquatic Association managed to carry out their Regatta programme as usual without interruption from the elements though on the second day a short but violent thunder storm caught many people as they made their way home.

The people of the valley have come to look forward to the Kelowna Regatta as one of the events of the year, and it is a matter of local pride to see that these expectations are not disappointed.

Several improvements have been made this year to the equipment and arrangements for the comfort of the public and these were highly appreciated by the visitors.

The programme had been carefully prepared and added to and on the whole was well carried out, with the exception of a few delays, some of which no doubt were unavoidable. The committee however, would do well to give close attention to this matter in future.

The decorations though not elaborate were very effective, the pavilion with its climbing plants in bloom looking exceptionally pretty.

The excursion from the north on Wednesday proved a little disappointing, and as the Association had to guarantee a large amount to induce the C.P.R. to run the trip they will no doubt be at some expense to make up the deficiency.

Thursday, however, the attendance was remarkably good and must have come near creating a record.

The Vernon band had been engaged for the two days and the excellent music provided by them proved no small part of the enjoyment.

The engagement in town of the Gladstone Sisters afforded an opportunity to provide an unusual diversion for the people in the grand stand, and these two clever young ladies gave interesting exhibitions on both days which showed their wonderful skill as gymnasts and contortionists. Another innovation which was highly appreciated was the provision of moving pictures in the grand stand during the evening, under the management of Dreamland.

Although records of attendance and receipts are not as yet available, there seems to be no doubt that financially as well as in other respects the Regatta was a success.

The general public have little idea of the amount of work involved in the organizing of such an event, and the greatest credit is due to those who give their time freely and without stint to the arrangement of the multitudious details.

First Day

1 The sailing races had all to be abandoned from lack of entries.

2 Single Sculls, quarter mile. Four heats were pulled off in this event owing to the large number of entries. The winners in the first three were W. Hill, St. G. P. Baldwin, and J. N. Beale. J. F. Burne qualified for final by pulling over the course alone for the fourth heat. The final was one of Tuesday morning's events.

3 Boys' Swimming Race; 30 yards for boys of 13 and under. 1 Ian Weddell; 2 Cyril Weddell; 3 W. Buchanan.

4 Double Sculls, two heats. 1 G. C. Benmore and R. C. Bennett; 2 H. Dixon and F. Heather.

5 Ladies' Swimming Race. There were seven entries for this race, Miss Nancy Buchanan carrying off first prize; 2 Miss Dorothy Hogarth; 3 Miss Philpott.

6 Open Gasoline Launch. For this race there were a large number of entries as usual and these were divided into three classes according to size. The "Lil," a fine new boat belonging to W. H. Rowley, of Summerland, finished first, winning the prize for the over 25 feet class. "Rip III," A. Jone's new boat, proved somewhat disappointing, taking third place in the race, but winning the prize for 25 feet and under. R. Lambly, of the Mission, won the 18 feet and under class.

8 Boys' Swimming Race; 60 yards for boys 15 and under. 1 Earl McNair; 2 Ian Weddell; 3 Cyril Weddell.

9 60 yards Breast Stroke (8 entries). 1 W. B. Piers; 2 A. Edwards; 3 J. F. Burne.

10 Ladies' Single Sculls. Only three entered for this race which was won easily by Mrs. Edwards, The other two fouled repeatedly and lost considerable ground, Miss Hogarth winning second.

11 Handicap Swimming Race for members of Aquatic Association. 1 H. Good; 2 H. Dixon; 3 A. Edwards.

A comic event of an unusual kind was the liberating of a well-greased little pig from a canoe. The swimmer who captured the pig was to be the owner, but the poor little porker had not made many strokes towards shore before he was seized by a dozen different swimmers, who will no doubt have some difficulty in settling their claims.

The two gaily-attired ladies (?) who had liberated the pig afterwards did some comic stunts on their own, diving from the springboard arm in arm.

12 The Boys' Aquatic Derby as usual proved a popular event, some of the youngsters displaying great cleverness in the handling of their awkward steeds. Owing to the number of entries there were three heats, Ian Weddell winning first, Roy Haug second, and Lorne Lemon third. In the final Roy Haug proved the victor.

13 Single Canoes. Five entries. 1 Cather; 2 A. Edwards; 3 J. N. Beale.

14 The Long Distance Swim of one mile from Westbank to the Aquatic building for the Championship of Okanagan Lake and the "B. M. H. Challenge Cup," drew nine entries. The contestants were taken across the lake in the "Clovelly," with rowboats for the attendants. R. G. Tate, of Summerland, won easily his time being 35 min. 47 sec. Tate was also the winner of last year's race. Second place fell to E. W. Leggett, of Kelowna, 38 min. 17 sec., and third to W. B. Piers, of Vernon, 39 min. 32 sec.

15. Open Dive. An unusually large number entered for this event and some fine work was shown, affording no light task for the judges. 1 J. N. Beale; 2 Chappel; Neale and Foote tying for third. A special 20-ft. dive from the new board resulted: Foote first and Moore second.

16 Canoe Fours. No entries.

17 Relay Swimming by two teams of four each, representing Kelowna and Peachland, was won by Kelowna.

18 The Tilting from Canoes failed to provide the usual fun owing to the fact that one of the canoes used was a very insecure craft which overturned in the first three bouts without a blow being struck. Leggett and Weddell met "Punch" Hunter and Budden in the final, the latter proving victorious.

19 The Mixed Canoe race was mixed in another sense, the two contestants fouling badly. Mr. and Miss Cather were leading near the finish but approached too near the canoe containing Mr. and Mrs. Edwards, and had to stop paddling, the latter, however, by a few strokes getting over the line and winning.

20 The Senior Aquatic Derby had to be abandoned the "horses" proving inadequate to support a man's weight.

21 Only three boats entered for the Mixed Double Sculls, Miss Shayler and W. Hill winning easily.

This ended the first day's races a good part of the crowd having already drifted over to Boyce's field where a league lacrosse game was in progress between Kelowna and Armstrong.

LACROSSE MATCH

The lacrosse match which took place at 5 p.m. between Kelowna and Armstrong proved a most interesting game and resulted in a win of 6-5 for Armstrong, though a more satisfactory result, both as regards the play and the standing of the league, would have been a reversion of the figures. The line-up was as follows.

Kelowna		Armstrong
McGeer	Goal	H. Murray
F. Carlyle	Point	B. Murray
F. Day	C. Point	F. Barnes
E. Hoy	1st Defence	R. Snyder
C. McMillan	2nd Defence	D. Caldwell
G. Kennedy	3rd Defence	B. Whitmore
B. McLean	Centre	B. Simmington
G. Fuller	3rd Home	F. Maundrill
W. Pettigrew	2nd Home	F. Hassard
A. McMillan	1st Home	C. Whitmore
H. Paul	Out. Home	J. Phillips
Scouller	In. Home	F. Murray

The play all along, though even, was inclined to be rough, seven Armstrong and 5 Kelowna men being sent to the fence. At the start Armstrong rushed two goals through which rather handicapped the local boys and made the "prophets" forecast a walk-over. Such, however, was by no means the case, and after some fast play Schouler netted the ball for the orchard city. In the second and third quarters some fine play was witnessed, Howard Paul and Kennedy showing at the best of their form and deltghted the onlookers, whilst "Billy" Pettigrew also did some good work. Some strong argument arose on account of a goal scored by Armstrong the ball passing through the netting. However, after careful deliberation, the referee gave Armstrong the verdict.

At the end of the third quarter the score stood at 5-5 and some fast and exciting play was naturally anticipated, Kelowna then being favorites. An unfortunate incident, however, which helped to place a distinct damper on the game. Following a melee in the Kelowna goal mouth Armstrong appealed for a goal but were rightly refused on the ground that the goal-tender was purposely impeded. Carlyle recovering the ball threw it from behind the net, as he thought, on to the field of play, instead of which it caught Fuller, the Kelowna third home, on the back of the neck, requisitioning the services of Dr. Huycke who was watching the game. Some time elapsed before the injured player was able to take up his stick, and could then only make an attempt at play. This coupled with having a man on the fence weakened the local team considerable and the visitors, taking advantage, rushed a sixth goal through thus gaining the much desired point.

	1st Qr.	2nd Qr.	3rd Qr.	4th Qr.
Kelowna	1	1	3	0
Armstrong	2	2	1	1

—— 0 ——

Second Day

22. Single Sculls, final. 1 W. Hill, 2 St. G. P. Baldwin, 3 J. N. Beale.

23. Boy's High Dive for boys 16 and under. 1 I. Weddell, 2 E. M. Nair, 3 C. Weddell.

24. Ladie's Dive. 1 Miss E. Hogarth, 2 Miss Hopkins.

25. Double Sculls final. 1 G. Benmore and Bennett, 2 H. Dixon and F. Heather.

26. Handicap Gasoline Launch, (for which a cup was offered by Mason & Risch). 1 Goldie, Okanagan Centre, 2 St. G. P. Baldwin in "Rip II.," 3 Willis.

28. The War Canoe Race for the Knowles' cup proved a very close race, Kelowna beating Peachland by a few feet only; time 6 min. 23 sec. for the straight mile.

The afternoon events opened with a special 30 yards swimming race for Boy Scouts. 1 R. Keller, 2 J. Groves, 3 H. Burne.

A Boy's Aquatic Derby was the next, Terence Crowley winning.

Special prizes were offered by Mr. D. Leckie for life-saving competitions, first for boys and afterwards for adults. The contestants had to dive into the water, swim to the "drowning person" and supporting his head above water tow him across the line in the shortest possible time. Eight boys tried, Roy Haug being awarded first prize and Ian Weddell second. The latter made the best time but was considered behind Haug in his method of life-saving.

In the adult competition which came in later F. Zerener and S. G. Trewhitt twice tied, and resorting to the spin of the coin Trewhitt won.

31. Tilting, won by Moore and Willis.

32. Double Canoes. 1 Cather and McKeller.

33. Junior War Canoe over half-mile course. Peachland proved easy winners in this by several lengths.

34. Running Spring Board Dive. Out of a numerous entry Foote was placed first, Edwards second, Errington third and Chapman fourth. An exhibition of fancy diving was afterwards given by the contestants.

36 Mixed War Canoe, with crews of four ladies and five men. The Kelowna team carried the prize by a very narrow margin of about two feet over Peachland.

38 Crab Canoe Race. 1 Cather; 2 J. A. Trewhitt.

39 Sixty yards Open Swim for the Pither and Leiser Challenge Cup. Much interest as a rule centres on this race, which this year was keenly contested. 1 A. Edwards (42 sec.); 2 J. N. Beale, 3 R. G. Tait.

A pair of white ducks liberated from a canoe gave the swimmers a good chase and afforded considerable amusement before they were finally captured.

40 Long Distance Plunge from solid platform. 1 F. Zerener; 2 J. F. Burne.

41 Boys' Plunge. 1 Leo Newby; 2 Roy Haug.

42 The Fastest Gasoline Launch race for the D. W. Sutherland Cup gets more difficult to win each year, and it is interesting to note the way in which the fast boat of one year falls far behind the next. The winner was a fine new boat, the "Lil," belonging to W. H. Rowley, Summerland, which completed the round of the course approximately 3½ miles, in 8 min. 40 sec. Mr. Leckie-Ewing's "Otter" came next with 10 min., and Jones' "Rip II" third in 10 min. 39 sec.

44 The event of the day was the War Canoe Race of one mile and turn for the Megaw Cup. The two teams Kelowna and Peachland have been practising hard during the past week or two and it was exceedingly uncertain which would carry off the cup. There was a long delay at the start due to the necessity for rearranging the flag at the end of the course, but at last the canoes got away. Kelowna had a slight advantage at the start and gradually increased the lead winning by four or five lengths

45 Ladies' Single Canoes; 3 entries. 1 Mrs. Edwards.

This concluded the list of events and the services of Mrs. DuMoulin were called upon to distribute the many handsome prizes, a ceremony which was rudely interrupted by the thunderstorm which had been threatening for some hours past.

The silver Championship Shield given by the directors of the Aquatic Association to the competitor who scored the highest number of points in the various single events went to A. Edwards, whose powress in all aquatic sports is well known.

Programme of Next Week's Convention

The local committee looking after the entertainment of the delegates to the Irrigation convention next week, requests that all automobile owners who can possibly do so, be on hand when the boat arrives on Tuesday, August 13th, to assist delegates in locating the homes in which they have been billeted.

Car owners are also requested to place their cars at the disposal of the local committee, for the excursions which are to take place on the mornings of the 15th and 16th., when we hope to give our visitors a good chance of seeing the valley around Kelowna.

The committee issues a cordial invitation to all interested to attend the sessions of the convention, which will be held in the Opera House. The program, a copy of which will be found in this issue, is an exceedingly interesting one, and it is probable that a number of matters will come up for discussion, which will prove of lively interest to residents of the district.

The merchants and business men are taking up the matter of decorating their places for the Convention, and it is expected that a large number of hansomely decorated windows will be the result.

TUESDAY, August 13th.

Evening: 8.00—Formal opening by the Hon. W. Ross, President of the Association; Addresses by Sir Richard McBride, Premier of B.C.; Mayor Jones, the Hon. Price Ellison, Minister of Finance and Agriculture of B.C.; J. S. Dennis, Vice-President of the Association; R. H. Campbell, Director of Forestry, Dept. of Interior, Ottawa; the President's report will also be presented.

WEDNESDAY, August 14th.

Morning: 9.30—Election of committees on Resolutions and Credentials.
10.00—Secretary's report.
11.00—General business.
Afternoon: 2.30—E. McQueen Gray, Foreign Secretary, National Irrigation Congress, Albuquerque, New Mexico. "Foreign Government Reclamation."
3.30.—Prof. Atkinson, Montana, Agricultural College, Bozeman, Mont., "The Irrigation of Alfalfa."
4.30.—A. E. Ashcroft, C. E., Engineer, C.N.R., Vernon. "Public Ownership of IrrigationSystems."
Evening: 8.00—Moving pictures of Irrigation scenes.
8.30.—Illustrated lecture by Dr. Samuel Fortier, Chief of Irrigation Investigations, U. S. A.
9.15.—R. D. Prittie, Superintendent of Forestry, Calgary. "Irrigation as Applied to Forestry."

THURSDAY, August 15th.

Morning: 9.00—Motor excursion, through Glenmore, Ellison, Rutland and Black Mountain. Lunch at Eight Mile Creek provided by local Irrigation Companies.
Afternoon: 3.00—Prof. C. I. Lewis, State Agricultural College, Oregon. "The Relation of Irrigation to Fruitgrowing."
4.00.—Wm. Pearce,, former President of the Association. "Irrigation and Forestry as Practised in Foreign Countries."
5.00—F. H. Peters, Dominion Commissioner of Irrigation, Calgary. "The Proper Duty of Water in Western Canada."
Evening: 8.00—M. L. Dean, State Horticulturist, Missoula, Mont. "Apple Culture and the Baldwin Spot."
9.00—P. H. Moore, Supt. Government Experimental Farm, Agassiz, B. C., "Stock and Dairying, with Special Relation to Irrigation Farming."
9.30.—R. M. Winslow, Provincial Horticulturist, B. C. "Some Climatic Conditions Influencing the Duty of Water in British Columbia."

FRIDAY, August 16th.

Morning: 9.00.—Election of Officers and arranging for next year's Convention.
10.00.—Motor excursion to Kelowna Land & Orchard Co., South Kelowna Land Co. and Okanagan Mission.
12.30—Leave Okanagan Mission by boat for Penticton where arrangements have been made for a motor trip and a banquet in the evening at the new Incola Hotel.

Other speakers at the Convention includes Prof. Elliott, Supt. of Agriculture, C. P. R., Strathmore, Alta.; John T. Burns, Executive Secretary, International Dry Farming Congress, Lethbridge, Alberta; A. W. Bowser, Pres., British North America Tobacco Co., Kelowna.

KELOWNA HOSPITAL.

Donations of vegetables, fruit, dairy produce, eggs, fowl, etc., will be gratefully received at the Hospital.

"HOSPITAL INSURANCE."

Married and single men may, for $10 a year, have the free use of all the hospital facilities in case of sickness or accident, infectious diseases excepted. The patient pays his own doctor. This is better than sickness insurance furnished by any company. For full particulars apply to G. A. Fisher, Secretary Kelowna Hospital, Crowley Block. P. O. Box 129.

To Help Livestock Industry

A conference of exceptional importance to Western Canada was held in Winnipeg recently. The council was summoned to discuss the problem of the waning live stock industry of Western Canada and to discuss ways and means of encouraging it. During recent years the quantity of live stock raised in the West has been steadily declining. Not many years ago all Canada was an extensive shipper of cattle to England. The cutting up of the ranges into homesteads has had some effect, but it is not entirely the cause. Western Canada actually is not raising enough cattle for its own needs. Dnring the past couple of years large quantities of beef, pork, and mutton have been imported into the West, and mutton has even been brought from as far as New Zealand.

Hon. Martin Burrell, minister of agriculture, is taking an active part in the efforts to revive the industry.

Girls Strike Against Bad Language

Four hundred girls, members of the Dressmakers Union, employed at a Brooklyn factory, are on strike against the use of profanity by the foreman and other male employees of the shop. The strikers hope to bring about a series of walk-outs in other factories to inforce the demand for a rule that foremen and others be instructed that no profanity or abusive language shall be used in the workrooms at any time.

British Census Figures

There are 1,179,276 more females than males in England and Wales. Since 1821, the preponderance of women has steadily increased, despite the fact that more boys are born than girls. This proportion of females to males is only exceeded in one country—Norway. According to the revised figures the total population of England and Wales at the last census was 30,070,492.

Wheat cutting has commenced in Southern Alberta.

The Penticton council is discussing the advisability of applying for a charter of incorporation as a city.

Amazing disclosures have been made in New York regarding grafting bv police officials in connection with gambling.

It is now understood that Mr. Winston Churchill will visit the Dominion after Premier Borden's return. The date is not yet definately settled.

The Dominion government has offered to guarantee the bonds of the Canadian Northern line from Prince Albert to join the government Hudson Bav line near Split Lake.

Fernie is following the example of Vancouver in the matter of ringing the curfew bell. It is the intention of the council to have the bell rung at 9 o'clock, each evening. The object is to keep young boys and girls off the streets.

Owing to the greatly increasing demand and decreasing supply, furs will be mucn dearer in Canada this Winter. Dealers report that in London, where the world's fur prices are fixed, they are from 30 to 50 per cent. higher than last year.

According to statistics gleaned from the 1911 census of Canada, the total capital value of the fruit growing industry in British Columbia, Ontario, Quebec and the Maritime Privinces is in round numbers $12,000,000.

The Government's crop report for Saskatchewan just issued indicates that little damage has been done to standing grain and that the yield should be a heavy one. Fully seventy-five per cent. of the wheat is now headed out, and the farmers expect an unusually early harvest.

"'There will be more lunatics in the world than sane people 300 years hence.' This prophecy is based on the present rate of the growth of lunacy revealed by recent returns. We are rapidly approaching a mad world. In every part of the world civilization is advancing and so insanity is bound to advance. There were 36,762 lunatics in 1859, there are now 135,000," says Dr. Forbes Winslow.

Mr. W. S. Gunsalus, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for fourteen years, and that he has found it to be an excellent remedy and takes pleasure in recommending it. For sale by all dealers.

Dominion Aid to Agriculture

It is hoped by Hon. Martin Burrell to have agreements signed with all the Provincial Governments for the spending of subsidies granted for the encouragement of agriculture. The arrangements made involve the submission of the proposed expenditure to the Dominion minister of agriculture, and on his approval half the money will be paid over. The remainder will be paid when it is satisfactorily shown that it is to be spent advantageously. The Dominion can call for an accounting at any time. The British Columbia agreement only awaits the final documents, and correspondence is in progress with the governments of Saskatchewan and Alberta.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Town and Country

Mr. P. B. Willits left for the Coast last Friday.

Charlie Hereron has taken up a position in the Royal Bank.

Mr. F. L. Davis was a visitor to Penticton lest weekend.

Mr. R. E. Harriss and family left last weekend for a visit to the Old Country.

Mr. J. H. Middleton, in company with his family and niece, returned from the coast Tuesday.

Mr. Rush, the corresponding secretary of the Sunday-school Association at Ottawa, is visiting in town accompanied by his wife.

Mr. A. Peabody has had a garage built back of the hotel for the new car which he has purchased from Coates, Edwards & Gowen.

Miss Martin, who has been spending a month's holiday in Vancouver returned to town Saturday last motoring in from Kamloops.

Mr. G. H. E. Hudson has purchased the photographic business of K. M. Chadwick, of Penticton, and will run it as a branch of his Kelowna business.

Mr. Duncan, of Dreamland, has supplemented his musical equipment by the introduction of an organ, some of the films being more appropriately accompanied on that instrument than by the piano.

The Farmer's Exchange along with its Armstrong, Peachland and Penticton branches, is sending an exhibition car of fruit to the Vancouver Exhibiton which takes place next week.

In order to secure sufficient help to handle the record fruit crop of the Okanagan, the C. P. R. we understand, will give special passenger rates amounting to single fare for the round trip, to fruit pickers coming to the Okanagan from the coast or other points.

The "at home" given by Mrs. J. Curts last Thursday night in honor of the Methodist choir proved a distinct success, being attended by about thirty friends. Mr. Hodkinson, the new choirmaster, with his fine voice and humorous recitations proved a great entertainer and rightly won the applause of all present.

The clergy of the Okanagan Rural Deanery are meeting "in retreat" this week at Mr. Hewetson's summer cottage on Poplar Point. The Rev. Thos. Greene and family will stay there for the rest of the month, the Rev. C. H. Meyrick living at the rectory and attending to the duties of the parish.

In the marriage of Miss Isabell Mitchell to Mr. A. G. Bennett, of Field, the Kelowna Hospital loses an excellent matron who has fulfilled the duties of that office with the greatest satisfaction during the last two years. The wedding took place early Tuesday Morning at the English church, the Rev. Thos. Greene officiating. Mr. Taylor of the Mission acted as best man, and Miss Meta West as bridesmaid. The bride was given away by her uncle, Mr. Shand of the Mission. The wedding was a quiet one and the ceremony was timed to be over before the arrival of the boat from the south. The bride and bridesmaid carried boquets of pink and white sweet peas, the work of Messrs Palmer & Rogerson. The happy couple left later for Field where Mr. Bennett has a position at the C. P. R. Hotel.

On Saturday last in the hospital secretary's office, Miss Mitchell was presented by the directors with a token of esteem in the form of an elegant set of table cutlery and silver.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all dealers.

DAVIES & MATHIE

Ladies' and Gents' Tailors

PENDOZI STREET

Repairing and Pressing promptly attended to.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

Cheap Fares for Fruit Pickers

The fruit crop in the Okanagan district this season will exceed that of all previous years in consequence of the greatly increased area of land under cultivation, and it will be good news to growers to learn that Mr. R. M. Winslow, of the horticultural branch of the department of agriculture, has received an intimation from Mr. H. W. Brodie, general passenger agent for the Pacific coast, that special reduced fares will be granted by the C.P.R. to fruit pickers going into that district this month.

Foreseeing the increased crop, the B.C. Fruit Growers' Association approached the railway to aid them in providing sufficient labor to cope with it and this concession is in answer to their appeal. Parties of not less than ten can, by paying for a second-class ticket one way, obtain a return ticket from all points between Vancouver and Calgary to the Okanagan. These tickets will be procurable between August 1 and 20, and the return halves are good up to the 30th of November.

Mr. Winslow states that special preparations are being made by the principal fruit growers to provide suitable accommodation for their employees, and some are making special arrangements for the reception of women fruit-pickers. It is hoped in this way to popularize fruit picking among all people who can spare the time to undertake this work, and at the same time spend an enjoyable two months in the healthiest occupation possible and one which will be well remunerated.

Municipal Commission Coming

The provincial government has appointed Messrs H. A. MacLean, K. C., Victoria ; W. H. Keary, New Westminister ; and A. E. Bull, Vancouver, as a municipal commission which will enquire fully into the working of various forms of municipal government in the province, will listen to any complaints and be pleased to receive any suggestions looking to the betterment of civic adminstration. The commissioners desire all who are interested in these matters to be in attendance at the meetings and present their views.

The commissioners will then go east, visiting the principal cities in eastern Canada, and afterwards will go to Des Moines, Galveston and other points in the United States where government by commission is in operation, for the purpose of ascertaining how it is working. Boards of control will be a subject of inquiry in eastern Canada.

The Commission will hold its first session at Victoria on August 12 and 13, its itinerary as at present arranged being as follows: Victoria, Aug. 12 and 13, government buildings ; Nanaimo, August 15; Vancouver, Aug. 26, 27, 28 and 29; New Westminster, Aug. 30 and 31; Kamloops, Sept. 2; Vernon, Sept. 3; Kelowna, Sept. 4; Summerland, Sept. 5; Penticton, Sept. 6; Grand Forks, Sept. 7; Rossland, Sept. 10; Nelson, Sept. 11; Cranbrook, Sept. 13; Revelstoke, Sept. 16

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhœa Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

"I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes M. E. Gebhardt, Oriole, Pa. There is nothing better. For sale by all dealers.

Next to Dreamland

Which kind of a culvert does your waggon cross?

DOES the road *you* use pass over rickety, dangerous wooden culverts, that are constantly in need of repairs and often washed away entirely? Or is it carried safely across the low places by modern, everlasting culverts? Build your

CULVERTS OF CONCRETE

which not only cannot be washed away, but actually grow stronger with age and use.

Every farmer owes it to himself to insist that the money he pays for road-taxes be spent to the best advantage. As a ratepayer, he is entitled to the best roads that can be made with that money. When culverts are washed out, and the road rendered impassable, he not only suffers inconvenience but may also be caused financial loss by inability to get necessary supplies in time for spring planting. And at best, with wooden culverts, part of the money that should be used to make better roads must be spent every year for repairs.

Insist upon Concrete Culverts

It will pay you and everybody else in your county.

The Gurney-Oxford is prompt

No matter what comes or goes—meals we must have.

The preparation of meals comes round three times a day.

Every housewife wants to know that she can depend on her stove absolutely; she wants to know that there is no element of chance or likelihood of mishap in her cooking arrangements; that meals will be ready promptly on time.

The Gurney Economizer is an assurance against accident and mishap in cooking. It is a simple device and found only on the Gurney-Oxford. One lever controls everything. The fire can be slowed down for hours and revived in a few minutes. An arrangement of flues makes the Gurney-Oxford Oven always uniformly heated—the Gurney-Oxford Oven is never to blame! It will make a good cook a better cook; it does more than its share towards making every meal a success and a pleasure.
