Poisonous Plants of the Dominion

The old saying that "One man's meat is another man's poison" appears to be true in the case of different kinds of live stock. It is a fact that some plants which poison horses are not injurious to cattle or sheep, and some which cause loss among cattle and sheep are not eaten by swine and horses. In Bulletin No. 39, second series of the experimental farms, "Principal Poisonous Plants of Canada," by Miss Faith Fyles, B.A., obtainable free upon application to the Publications Branch, Department of Agriculture, Ottawa, a list of plants which do injury to the various classes of animals is given.

The bulletin, which is prepared for livestock owners, gives information regarding poisonous plants and enables the farmer to distinguish the most harmful species in his neighbourhood so that he may be able to avoid pasturing animals on infested areas until the danger is past. The yearly loss due to plant poisoning is known to be on the increase but the amount of the loss is not ascertainable because many fatalities are attributed to other causes through lack of knowledge of poisonous plants.

An invention that is expected to revolutionize the woollen industry has been perfected, says the Yorkshire Post, by Henri and Camille Dreyfus, noted chemists. It is an artificial wool, which gives the same insulating effects as the genuine article and is immeasurably cheaper because it has a basis of cotton waste, treated by an absolutely new chemical process. After further searching tests have been made, it is planned to establish factories in England and America.

Rutland News

(From our own correspondent).

The Rev. Mr. Vernier will preach in the Methodist church here on Sunday night next at 7.30.

Willis Schell nearly had a fire at his house Tuesday. The shingles ignited from some cause but fortunately it was extinguished it time.

At a general meeting of the Athletic Club a few days ago it was decided to form junior teams. W. Price was elected captain and Doug. Campbell vice. About seventeen members joined the club, and games are being arranged for the season.

Just a last reminder of the Athletic Club Concert which takes place Friday, the 14th. See the great Maskelyne and Devant's "Decapitation scene" by Mr. Money and other interesting items. Mr. J. W. Jones will preside and other speakers are expected from Kelowna.

A general meeting of the Methodist congregation was held yesterday when a report of the year's work was presented by the Rev. T. Griffiths. Miss E. Gay also gave an account of the activities of the Sunday School during the same period. After the business of the evening had been disposed of refreshments were served by the Ladies' Aid. A pleasant feature of the evening was a presentation to Mrs. Griffiths of a purse of $25 from the members of the congregation.

The Rutland Women's Institute will meet in the school at 3 o'clock on Friday, May 14th, instead of Thursday. Mrs. Stainton of Vernon, an enthusiast on child welfare, will speak on the subject, and having lately returned from a visit to Victoria, where she has been looking into the work of the pioneer public health centre, an interesting meeting may be expected. It is hoped there will be a large attendance of everyone interested in these subjects which are of such vital importance. Afternoon tea will be served in aid of the funds. Members are asked to remember their subscriptions towards the support of the French war orphans.

Refused Appeal to the Privy Council

An application to carry the dispute between John Kidston, a Vernon farmer, and Stirling & Pitcairn of Kelowna, for a definition of the market price of apples and an accounting under a contract, to the Privy Council, was refused with costs by the Court of Appeal.

The Court of Appeal heard argument in the case some months ago and rendered judgment in favor of Stirling & Pitcairn. It was against this that Mr. Ladner, counsel for Mr. Kidston, sought to appeal. Mr. Mayers instructed by Cowan & Gurd, solicitors for Stirling & Pitcairn, argued against the appeal.

Mr. and Mrs. John Fleck were passengers to Moose Jaw yesterday.

Mr. and Mrs. Windsor are visitors to Victoria for a holiday.

Mr. and Mrs. P. A. Scott are leaving this week for Teeswater, Ont.

Percy Paul went Tuesday for a stay at Halcyon.

Fred Whitehead was in town for a few days this week, leaving for the coast Tuesday.

J. Stewart is a visitor to Halcyon this week.

Many Drunks Up in Police Court

Robt. Waldie was fined $15 and costs Monday for being drunk and disorderly.

• • •

Thieves broke into the Independent Meat Market, Ellis Street, Tuesday night and stole ten pounds of margerine.

• • •

A quartette of "drunks and disorderlies" were up Tuesday before Magistrate Weddell, charged not only with excessive indulgence in some intoxicating decoction, but also in a mild attempt to recall the "wild and woolly" days by painting the town red. Unfortunately they chose a spot quite close to the police offices for their scrap, and were therefore inevitably gathered in, one of them at least very much the worse for wear. The party consisted of W. H. Russell, J. L. Russell and E. L. Hornby from the Landing, joined by W. Dickson of Kelowna. They were each fined $10 and costs.

• • •

Koong Gay, a local Chinaman, got altogether too gay Monday when he was found by the police indulging in the forbidden pastime of opium-smoking. His little breach of the law cost him $25 and costs.

• • •

A quarrel among the Chinamen of the Belgo ranch Sunday night ended in a police court case Monday in which Chong Kee, the principal disturber of the peace, was fined $10 and costs. In the fight, which went lively for a time a murderous-looking carving knife was flourished, the other combatant arming himself with a chair. Finally the provincial police were summoned and the offender removed to town.

High School Notes

The tennis net, which was reported ordered in last week's issue, has arrived in good condition. It cost us less than we anticipated, the price being only four dollars and thirty cents. It is tarred, but has no binding on the top. The weather being favorable we will commence playing some time this week.

• • •

Exams. seem to be the fad with our respected "professors." The The Matric had one last week and the Advanced are in store for two this week. There are others being kept for future torment. Goodness knows what the "Kindergarten" are going to get. They deserve it all!

Mrs. Ball returned this week from her holiday in California.

Mr. Jas. Gordon, ex-principal of the Kelowna public school, has accepted a temporary appointment of a similar nature at Grand Forks.

Indian agent Ball was in town this week in connection with the rights of the Indians to the old cametery at the Mission.

The Canadian Bank of Commerce has re-opened a branch in Summerland after a lapse of several years. A. F. Graves of the Kelowna office will have charge.

Summerland's new hospital is to have a memorial wing known as the Marsden Van Allen Memorial. For the erection of this wing Mrs. Van Allen, mother of the late Lieut. Van Allen, who was killed while with the Royal Air forces in Belgium, is donating the handsome sum of $10,000.

The summer timetable of the K.V.R. will go into effect on Sunday. The chief difference is that trains from the west will arrive about half an hour earlier, reaching Princeton at 3.45 a.m. and Penticton at 7.45 a.m. Trains from the east will arrive at Penticton at 10.55 a.m. and Princeton at 3.10 p.m. It is apparent that the running time between Princeton and Hope is being reduced for the summer by about half an hour.

Fire Destroys Valuable Residence at Ellison

General Harman is Heavy Loser by Saturday's Blaze

A fire which broke out last Saturday morning at the home of Brig.-Gen. Harman, between Ellison and Glenmore was one of the most disastrous in extent of property loss which has happened in the district for many years. The large, handsome residence built by Gen. Harman some six or seven years ago, was completely destroyed as well as the valuable contents mostly brought over from England.

The fire started about 9 o'clock in the morning from some unknown cause, but supposed to be the upsetting of an oil stove by a Chinese servant, and in a very short space of time nothing remained but a heap of ruins, amid which stood unharmed a brick chimney. Only the piano and a few small articles were saved so fiercely did the blaze spread.

Owing to the isolated situation of the house and the absence of a sufficient supply of water or other fire fighting means, very little could be done by the neighbours who hurried to the scene anxious to help.

The total loss, including the beautiful and costly furniture and fittings and silver plate, is variously estimated at $30,000 to $40,000 only partially insured.

G.W.V.A. Notes

The smoking concert held on Saturday last produced the best programme presented so far. Our new steward, Mr. Pashley, delighted the audience with his comic songs. While in France he organized a most successful corps concert party, and before the war was for a time a professional vaudeville singer. Mr. J. J. Atherton, a new member from Calgary, recited two war poems of his own composition. He is also an actor. Mr. Miller, lately from Montreal, gave a comic recitation and a selection on the piano. Messrs. Ferrier, Gowan and Holes were among those who contributed to the programme. Mr. Barrat kindly acted as accompanist and his playing was much appreciated by the members. We expect to have just as good a programme for next Saturday.

On the 15th inst. our president, Lt.-Col. Moodie, is lending his large collection of war trophies for exhibition and we expect to have a most interesting display in the billiard room. There will also be a concert in the evening which the Women's Auxiliary will add to the programme.

To Incorporate K.V.R. with C.P.R.

Mr. J. J. Warren, who built the Kettle Valley Railway line, a subsidiary of the C.P.R., will shortly retire from the position of president of the K.V.R. The line will be formally incorporated with the C.P.R. system, and Mr. D. C. Coleman will likely be the new president, with Mr. Warren occupying the honorary position of chairman of the board of directors.

Mr. Warren will remain head of the Consolidated Mining & Smelting Co. of Trail, a company also closely allied with the C.P.R.

A Toronto lawyer, 50 years of age, Mr. Warren has spent many years of his life in mining and rail-construction in British Columbia.

Secretary Bird of the Vancouver Automobile Club is in town this week.

It is freely predicted in authoritative quarters that the price of the 1920 wheat crop will be high, some members believing that it will go to three dollars a bushel, provided there are no internal troubles in any of the larger countries of the world.

Cyclist in Collision With Automobile

Jap Seriously Hurt in Accident Sunday Last

A most unfortunate automobile accident occurred last Sunday afternoon at the point of the Vernon road known as Mawhinney's corner, the victim being a young Japanese boy named Arima, who riding his bicycle towards town was run down by a car travelling in the opposite direction, and now lies in the hospital in grave danger from a fractured skull. The driver of the car was Willie Day who appears to have been driving carefully and on his right side of the road. According to young Day's account of the affair, the Jap cyclist suddenly decided to cut the corner too sharply instead of making a wide turn, and neither could turn out quickly enough to avoid a collision.

What makes matters worse is the fact that the driver of the car is under the legal age specified for car drivers and also that the car was unlicensed, and a summons has been issued on these grounds. Action, however, has been deferred on these charges, to await the outcome of the Jap's injuries. Although under age it is only fair to state young Day is a big boy for his years and fully capable of managing the car.. The absence of the license is explained by the fact that he was bringing the car down from the ranch for the first time this season, and the afternoon being so fine had yielded to the temptation to take a little further spin along the road.

Players' Club Brings "Green Stockings"

Commenting upon the play "Green Stockings" which is to be presented on Wednesday night next at the Empress Theatre by the Players Club of the B.C. University, the Vancouver Province says: "Big audience is charmed with 'Green Stockings.' These amateurs seemed to me to play their parts with the certainty and self-possession of professionals."

The Vancouver World speaks of it as follows: "The Players Club at the Avenue Theatre last night, before a house crowded and enthusiastic, lived up to the standard which they had set themselves in their four previous spring performances. Everyone appeared agreed upon this, and a record of this concensus of opinion is high praise indeed."

"You're right! In the busy season when a trip to town is necessary, you need a car that is *ready to go*. And the best car is no good without proper lubrication and good gasoline. Imperial Polarine and Imperial Premier Gasoline have kept my car running 'slick as a whistle' every minute all season."

Steady Dependable Service

IMPERIAL Polarine assures a motorist steady, dependable service from his car. It gives correct lubrication to every type of motor and every moving part. It keeps your motor running smoothly and quietly.

Imperial Polarine maintains, under all operating conditions, exactly the right body to seal *in* compression and reduce wear—it burns clean. Imperial Polarine establishes and maintains a power tight seal between piston and cylinder walls. Its body is proof against high heats and the gruelling friction of engaging parts.

Look for the Imperial Polarine Chart of Recommendations when you buy oil. It shows which of the three grades described below is best suited to your car.

Six sizes—gallon and four-gallon sealed cans, steel kegs, half-barrels and barrels. Buy by the barrel or half-barrel and save money. Sold by good dealers everywhere in Canada.

IMPERIAL Polarine

IMPERIAL POLARINE (Light medium body) | IMPERIAL POLARINE HEAVY (Medium heavy body) | IMPERIAL POLARINE A (Extra heavy body)

Decide Against New System of Coinage

The British Royal Commission which has been inquiring into the question, has decided against the adoption of the decimal system of coinage. An alteration of the established system, it is pointed out, could not be made as an experiment. "In our opinion," the majority of the commissioners say, "a large part, including the least instructed portion of the community, reckons its income in terms of shillings and pence, and we are satisfied it is idle to expect that the public would accept the disturbance created by the interference of their habits and the basis of their established notions of value by a change for which they have expressed no desire and which will not benefit them except insofar as they keep accounts."

Benvoulin Notes

Miss Dora Day left on Saturday morning by motor for Penticton for a short holiday.

Mr. Connell left on Monday's boat for Vancouver to attend a meeting of the synod.

Mrs. J. B. Fisher left on Tuesday's boat for Kamloops as a delegate to the presbyterial meeting of the W.M.S.

Mrs. H. DeMara returned Sunday by motor from Vernon, accompanied by her niece Enid Johnson and Mrs. Crandall, who are spending a few days.

Rev. Mr. Welsh of Summerland will preach in Bethel Church, Benvoulin, on Sunday next in Mr. Connal's absence. Mothers' day will be observed with appropriate music.

Clifford Scott a former Benvoulin boy was married Saturday last at Vancouver to Miss Blanche Tozer of Toronto They are spending a honeymoon at Victoria, and will then return to reside in Vancouver, Clifford being at present with the Canadian Fairbanks-Morse Co. there.

All members of the imperial family of Russia are still alive, according to M. Lassies, former member of the Chamber of Deputies, who has just returned from a mission to Russia. "Contrary to all reports, I believe the Czar and the imperial family are still alive," said M. Lassies. "I am convinced that M. Pichon was mistaken when he described the death of the Russian royal family in a speech in the Chamber on December 29, 1918, on the basis of a report from Prince Lvoff.

Local Boy Scouts

Edited by Pioneer. May 4th 1920

ORDERS by command for week ending May 13th, 1920.

DUTIES: Orderly patrol for the week, Wolves; next for duty, the Eagles.

PARADES: The combined troop will parade at the club room on Friday the 7th and Tuesday the 11th of May at 7.15 p.m. and the bugle band at the fire hall on Thursday, May 13th at 7.15 p.m.

Since writing the column last week we have found that we cannot have the earlier dates so we have had to book the theatre for the 4th and 5th of June next, that is for a Friday evening performance followed by a Saturday afternoon matinee. This makes the entertainment much closer to the school closing examinations than we like, but we shall have to make up for it by not holding the regular parades for the rest of June, that is up to camp. This of course will not interfere with the taking of tests for the different badges and we would again remind you that the end of June closes the year for the provincial census returns, also that while we hope to have a large number of badges to present at the concert you need not expect any tests to be taken for about ten days prior to that event.

• • •

The following tests were passed on Saturday last: Cyclist by Scout R. Todd, 2nd class ambulance by Scout A. Geen, Kim's game by Scouts H. Brown, W. Akeroyd and H. Cunningham, the tenderfoot by H. Cunningham, and the mile at scout's pace by H. Brown. Five others competed unsuccessfully for the latter test in addition to some others so altogether it was not too bad a Saturday afternoon's work. The more the merrier!

• • •

We have as yet heard no expressions from any of the local scouts of their intention to attend the great Jamboree in London this summer, but from the following quotation taken from the April Headquarters Gazette it would seem that many Canadian scouts are expected: "A large number of scouts from our dominions and colonies overseas are expected for the Jamboree. Some will be coming thousands of miles, and would naturally like to see all they can of their mother country during their stay here. The commissioner would be very grateful to hear of any troops or people who would be willing to offer some of them hospitality, either in camp or at home, but especially the latter, both before and after the Jamboree."

• • •

Every year at camp the patrols are supposed to take turns in providing the entertainment at the evening camp-fire, but up to the present this has for the most part not advanced beyond the supposition stage. It is not too early now to be making plans for this year's camp and the camp-fire entertainment will be one of the patrol competitions. Speaking of entertainment sing this to the tune of "Over There":—

Be prepared, be prepared
Hear the shouts, K'lowna scouts,
Be prepared.
The voices may be funny
But our hearts are light and sunny
For the scouts are always everywhere prepared.
Be prepared, be prepared,
Can you hear it? Can you beat it?
For work or play time,
In night or day time,
We're the scouts and our motto's
Be prepared.

—February Canadian Boy.

TOWN AND COUNTRY NOTES

Mrs. Watson was a passenger Saturday for St. Paul, Min.

Miss Armstrong was a passenger Monday for England.

Mrs. G. M. Watt left Monday for Ashcroft after a visit to friends in Kelowna.

E. Hill is a visitor to the coast this week.

Mr. Cornell left Monday for Vancouver.

Mr. Geo. Thompson is visiting friends in Victoria.

H. Waldron returned yesterday from a holiday spent at Victoria.

Mrs. L. V. Rogers returned home yesterday after a stay of several months in the east.

A. W. Dalgleish went down Saturday last to Vancouver.

Mrs. E. L. Cross and daughter were passengers last Friday for Winnipeg.

Mr. and Mrs. Webster left Friday on a visit to Calgary.

Mr. and Mrs. A. R. Drysdale are away this week on a visit to Victoria.

The Rev. Mr. Gunn, a missionary now on his way back to India, spoke in the Baptist church on Sunday morning, delivering a very interesting and instructive address.

The annual district meeting of the Methodist church of the Okanagan is being held in Knox Hall to-day. Delegates from Enderby to Keremeos are in attendance.

A tennis club is being formed by the young people of the United church and grounds are in process of preparation.

The United Ladies' Aid of Knox Church will hold a sale of home cooking and serve tea in Wesley Hall on Saturday, May 22nd.

A meeting was held Monday in the veterans' rooms of those who have made application for loans for building houses under the "Better Housing" scheme. J. J. Atherton acted as chairman. A further number of these applications have now been accepted and it was decided that active steps be taken at once to proceed with the erection of the houses. It is necessary that all plans and specifications be got ready and placed in the hands of the city, as all tenders have to be on a competitive basis. The respective merits of brick, ready-cut and ordinary frame houses were discussed, and full information will be sought on these points.

W. S. Woods was a passenger Saturday to Calgary.

Mr. and Mrs. Nelson Armstrong returned Saturday to the coast. Mrs. Armstrong is a daughter of Mr. S. T. Elliott.

A football match will be played in the park this afternoon between Rutland and Kelowna teams.

Mr. J. W. Jones, M.P.P., has presented to the Board of Trade a large scale map of Southern B.C. and Northern Washington.

Mr. and Mrs. W. T. Ashbridge returned Monday to Toronto after a few weeks stay here.

The Ven. Archdeacon Greene went down to the coast Saturday for a few days visit.

Mr. and Mrs. J. L. Newman and family who have lately disposed of the property here left Monday for Calgary.

Mr. and Mrs. Raymond Corner arrived from the coast this week to take up residence in Glenmore.

Former Lieut.-Governor Bulyea of Alberta passed through on the boat Saturday after a visit to his property at Peachland.

Mrs Johnston of Penticton, formerly government telegraph agent here, was a visitor Monday.

Mrs. C. A. V. Butler was a passenger to Pulman, Wash., Monday.

Rev. W. Graham-Brown, a minister of the Established Church of Scotland, formerly of Dundee, will preach at both services at the United church on Sunday.

The Jack McMillan Chapter, I.O.D.E. will meet on Tuesday, May 11th at 3 p.m. at the home of Mrs. A. C. Poole.

Mr. R. M. Winslow, secretary of the B.C. Traffic and Credit Association, was in town during the week.

Rev. and Mrs. E. D. Braden and Bernard are leaving on Saturday morning for Vancouver where Mr. Braden will attend the sessions of the annual conference of the Methodist church.

Mrs. J. N. Thompson and Mrs. H. Davies are attending the annual meeting of the Kamloops Presbyterial this week in Kamloops and Mrs. Frank Brown is attending the annual convention of the Women's Missionary Society of the Methodist church in Victoria. The ladies are representing the Missionary Society of the United church.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-agent of the district in which the rights applied for are situated.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

In surveyed territories the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or sub-Agent of Dominion Lands.

W. W. CORY.

(N.B.— Unauthorized publication of this advertisement will not be paid for).
