LIBRARY, LEGISLATIVE ASSEMBLY JUL 31 1912

Meeting of City Council

City's Assessment Reaches 3½ Millions

The council met Monday morning, Mayor Jones presiding, and Ald. Sutherland, Copeland, Raymer, Blackwood, and Taylor present.

A letter was read from the secretary of the Fire Brigade asking the council to purchase the following supplies: Catching net, six strong chairs, 4 railroad lanterns, a mattress. 20 pairs overalls, and a drinking dipper.

It was desided to get further information respecting the catching net. and a resolution was passed authorizing purchase of the rest, subject to approval of the committee.

An application was read from Mr. Geo. Rowcliffe to put a weighing platform on the street near his new packing shed. This was granted.

Plans of subdivisions from F. M. Buckland and Crowley & Co. were passed.

Dr. Dickson, local secretary of Irrigation Convention wrote as follows:—

The City Clerk,

Dear Sir:—In connection with the forthcoming Irrigation Convention, August 13th-16th would you kindly bring before the city council at their next meeting, the advisability of having the city made as clean and attractive as possible by having the grass, weeds, etc. cut on the streets, by having arrangements made for special watering of the streets, and also by illuminating the streets and park in the most attractive manner possible during these dates. It has been suggested that an arch erected in a prominent position and decorated with fruit, vegetables and banners would be an attractive feature. If the council approve of this and will allow the help of some necessary labor, Mr. F. R. E. DeHart has offered to see to the decorating of the arch. The matter will involve some expense and I do not not want to undertake it without the approval of the council.

Yours truly,

C. W. DICKSON.

The Board of Works was charged with the duty of cleaning up the streets, and the light committee promised to take up the matter of illumination.

The suggestion of an arch however, did not meet with so much favor.

Ald Sutherland said that personally he was opposed to erecting an arch as he thought them hideous things except in the case of a military parade.

Mayor Jones agreed with the idea of having a display of fruits, etc., but he thought it should be placed in some suitable building. He thought the stores should endeavor to decorate a much as possible.

Mr. Ernest Clement asked the council what they intended doing about extending the water mains in the direction of his house. Three months ago he had made application and had got fifteen other householders to do the same. He had been assured that the pipe would be laid, but so far as he knew nothing had been done.

Ald. Sutherland said that all such applications were taken in order received. In this case a start had been made on the extension but the pipe had run out and until they had got a fresh supply they could not go on with it.

Application was made by Mr. D. Leckie to place building material on the street in front of his store. This was granted.

Scoutmaster Legatt waited on the council respecting the application to have an open air rifle range for the boys near Pendozi street.

Mayor Jones said he had not heard of the matter until Saturday when he arrived home, but he understood that considerable opposition had been raised by people in the locality named.

Ald. Sutherland said that quite an excitement had been worked up over it, and there was strong opposition.

Ald. Raymer thought that such a range would be a source of danger to the public. He did not see how the council could grant permission anyway without amending the by-law covering the matter.

Ald. Taylor did not agree as to the danger to the public. If the boys were properly trained, the vicinity of the range would be as safe as being in church.

Ald. Raymer, however had no such faith even in Boy Scouts, and feared they might grow careless.

Mr. Legatt was informed that the council could not grant permission as the by-law stood. He was advised to try and get a range outside the city, the north being suggested.

Mr. T. Cooper, the city assessor waited on the council. He said that owing to some extra work that had turned up and certain necessary information which they lacked concerning the lands outside the city assessed for school purposes, he had been unable to bring in the complete roll as promised. He undertook, however, to have it in within a week.

A resolution was necessary extending the time for receiving the roll to July 29th, and this was passed.

For the information of the council Mr. Cooper said that the complete assessment for this year would be, on land values, $2,499,-200, and on improvements, $845,-750. Notices, he said were being sent out to tax payers.

Some discussion arose on the city's fihances, Ald. Taylor giving a rough estimate of what the probable income and expenditure of the city would be, but definite consideration of the matter was left until the estimates from the various committees were in.

Ald. Sutherland foretold, in spite of reduced rates and heavy expenses, a probable surplus on the water and light department of $2,000.

Ald. Copeland, (whose praiseworthy energy on the Board of Works and street improvements, although accomplishing more and better work than in any previous year, has caused no little anxiety to the finance committee) received a rude shock on being told that out of a probable $9,000 available for street work, $8,350 had already been spent. As the worthy alderman reflected on the amount of work still to do, his consternation became very apparent.

Ald. Sutherland announced that an exchange had been arranged with Mr. A. McLennan for a portion of the lot purchased for a pumping station, which would give the city a much more convenient location. The exchange was embodied in the following resolution: "That the city purchase from the Kelowna Land & Orchard Co., Lot 9, Block 2, Map 186, for sewerage pumping plant at the price of $900; that the south 250 feet of this lot be exchanged for that part of Lot 2, Block 2, Map 186, north of the south 250 feet thereof, as per letter from Mr. A. McLennan.

Ald. Sutherland asked if the city had had any letter from the Board of Trade in reference to the inspection of meat, as a resolution bearing on the matter had been passed at the last meeting af the Board of Trade.

No letter had been sent, but a resolution was put through that the city solicitor be authorized to prepare a bylaw respecting the inspection of meat and milk.

Ald. Copeland said the butchers should be compelled to have covered rigs to protect meat from sun and dust. Respecting milk he would not like to see the council go the length of Vernon which had practicallly prohibited people from keeping a cow and selling an extra quart of milk.

Ald. Sutherland stated that the people on the west side of the lake had been asking the council to cooperate with them in having the telegraph and telephone extended in that direction. He thought that something might be done to hasten matters.

In discussion it was mentioned that a petition had been presented early in the year while the Legislature was in session, and every assistane was promised. It was a matter of considerable importance to Kelowna business men that communication be established with points over the lake, as only by that means could their business be drawn here. The city could not afford to neglect such a matter. It was thought that if the city council passed a strong resolution asking for the extension it would have some weight. A resolution was accordingly passed as follows: "That the Dominion Government be asked to extend the government telegraph service from Kelowna to the West Side of Okanagan Lake, extending in a northerly direction and that the government's attention be called to the immediate necessity of said service being extended."

Ald. Raymer called attention again to the Canadian thistles which were being allowed to flourish undisturbed in various parts of the city.

The meeting then adjourned.

Obituary

Mrs. A. Dunn, Wife of New Presbyterian Minister

The sad news of the death at Fernie of Mrs. Dunn, the wife of the Rev. A. Dunn, the lately appointed minister of the Presbyterian church was received in town Tuesday with the greatest regret, more especially by the members of the church, who have been looking forward to Mrs. Dunn's arrival with pleasant anticipations.

The death of Mrs. Dunn, although sudden enough to people here, was not entirely unexpected to those who knew the circumstances. Along with her family of three young children she was staying for a while with her sister in Fernie, prior to joining her husband in Kelowna. She was not in good health and a few weeks ago became worse, an operation becoming necessary. The Rev. Mr. Dunn was wired for last Thursday and left at once. News at first was encouraging and to the effect that Mrs. Dunn was improving, but a relapse evidently took place and in a brief telegram to Mr. J. Ball the announcement of her death was made. The greatest sympathy is extended to Mr. Dunn in his bereavement.

It is the intention of Mr. Dunn to take the remains east to Guelph. the deceased lady's former home, for interment.

The pulpit at the Presbyterian church will be occupied Sunday morning next by Mr. Geo. E. Boyer, and in the evening by Mr. D. C. Herron, minister in charge of Benvoulin.

Price of Cement

The following extract from the "Province" seems to call for some explanation in view of the announcement made by the Canada Cement Company a few weeks back. The extract relates an interview with the general manager of the company at Winnipeg on Monday:

"'It's not making a bit of difference to us; we are going ahead just as if nothing had happened." said F. P. Jones, general manager of the Canada Cement Co., last evening when asked if the merger had altered its policy as a result of the recent reduction of the duty on cement. Mr. Jones is at the Royal Alexandra.

"Any one that doesn't think that's right had better take a look at the plant we are building three miles out of here," he continued. "As a matter of fact' the reduction in the duty has not affected our western business at all, and we did not change our price in the slightest. We did lower our figure a little in the East and the maritime provinces, and I understand some of the other cement companys there are hit pretty hard. But in the West everything is as it was before. The charge that we were putting too high a price on our cement is absurd. It has been and is being sold at a lower figure than ever before. We consider that this action of the government has demonstrated in the clearest possible fashion that the charges of extortion laid against us were groundless, for the Americans are not under-selling us in the West. It was said last year that our price in the West was the American price, plus freight and duty. If the Americans can sell so much cheaper than we, why don't they do it?"

Mr. Jones is going to Calgary and Exshaw to inspect the extensions to the Canada Cement Co.'s plants at those places.

Rutland News

From our own correspondent

Mr. J. McIver is in the Kelowna hospital suffering from a poisoned hand, caused by a scratch from wire fencing.

Mr. John Wanless, of Fort William, has been staying with his brother-in-law, Mr. R. Bird, for the past week. He is delighted with the visible progress of Rutland and hopes to be a permanent resident on his property next year.

The continued rain, although welcome for the land, was the cause of the small attendance at the garden party last evening. It was decided to spread the tables in the church for fear of showers. After a supper which suited everybody, a capital programme was started, every number being well received. The trio from town were greatly appreciated,and Mr. Kelly's Irish monologues kept one wondering at his slickness with words. The following is the programme in full:—

Trio...Msrs. Pedlar, Weeks & Wade
Solo..... Miss Crowcroft
Recitation.....Miss A. Gay
Solo.....Evelyn Sproul
Monologue..... Mr. Kelly
Instrumental.....Mrs. S. Gray
Solo.....Mr. Weeks
Speech.....Mr. Herron
Solo.....Miss Duggan
Solo.....Mr. Pedlar
Solo.....Mr. Gay

Lawn Tennis

The Bench Lawn Tennis Club played their second match of the season against a team from the Okanagan Mission Sports club, Owing to it being haying time. neither club was fully represented. The Bench Club won all their matches, both in the single and double events. During the afternoon Mrs. R. W. Pooley served tea which added very much to the enjoyment of a hot, but very pleasant afternoon.

The following were the scores:

Anderson and Garnett (Bench), beat Stubbs and Thompson, 2-6, 6-3, 6-2; beat Bartholomew and Gore-Brown, 6-4, 6-4.

Hill and Tollit (Bench), beat Stubbs and Thompson, 4-6, 6-3, 6-1; beat Bartholomew and Gore-Brown, 6-1, 4-6, 6-4.

Hill (Bench), beat Stubbs, 6-2, 6-2. Garnett (Bench), beat Bartholomew, 6-4, 6-4.

McGill Matriculation

There were seven candidates from the high school who entered for the matriculation examination in connection with McGill University. Four passed outright, the other three being "starred" with one subject to write off in September. The successful candidates were:

Ethel Hall	607
Alva Geen	569
Gladys Hinsley	560
Ewen McLennan	469

The three "starred" ones were:

W. Fuller	500
Bertha Geen	467
J. R. Fuller	438

The preliminary list of members of the first convocation of the new University of B.C. has just been issued. The names were selected from graduates of Canadian and British Universities who had been resident in the province for two years or more. Several local names appear in the list — Dr. B. F. Boyce, Rev. J. W. Davidson, Dr. C. W. Dickson, T. L. Gillespie, Dr. A. H. Huycke, Dr. W. J. Knox, A. R. Lord, Dr. E. A. Martin, G. C. Rose. The convocation will take place August 21st, in Vancouver, when the chancellor and members of the senate will be elected.

The Kelowna Farmer's Exchange has completed the building of a branch in Armstrong, and shipping from there is in full swing.

Owing to the limited space in the pavilion during regatta, ticket holders wishing to introduce friends for these dates must obtain special admission tickets from the secretary beforehand. This privilege is limited to two special tickets.

Regatta Programme Complete

August 7th and 8th will be Big Days in Kelowna

The committee of the Aquatic Association have had a busy time lately preparing for the annual Regatta, which is to take place next Wednesday and Thursday week, August 7th and 8th, and arrangements are now well in hand. It is always the desire of the management to go one better than previous years and if all goes well this season's event will certainly accomplish that.

There has been some difficulty as usual in arranging excursions with the C.P.R., but at last it has been done, and on Wednesday an excursion will run from the north, and Thursday one from the south. On the first day a lacrosse match between Armstrong and Kelowna will add to the attractions, whilst the Vernon band has been engaged for both days. The four war canoe races are reserved for the second day.

The following is the complete programme:—

FIRST DAY, August 7th

10.00 Open Handicap Sailing for "Chamley Cup."
10.00 Single Sculls, Heats, distance quarter mile.
10.30 30 yds. Boys' Swimming; 15 and under.
10.45 Double Sculls, Heats, distance quarter mile.
11.00 60 yds. Ladies' Swimming Race.
11.30 Open Gasoline Launch. Competitors entitled to one prize only. 1 prize for over 25ft. 1 prize for 25ft. and under. 1 prize for 18ft. & under.
2.00 Ladies' Sailing Cup (see regulations). 1st prize, Ladies' Cup and Medal.
2.00 60 yds. Boys' Swimming; 15 and under.
2.20 60 yds. Men's Breast Stroke.
2.30 Ladies' Single Sculls; 2 p'zs.
2.40 60 yds. Handicap Swimming for season ticket holders of K.A.A. only.
2.50 Boys' Aquatic Derby; 15 years and under.
2.50 Long Distance Swimming Championship of Ok. lake for B. H. M. Challenge Cup and $25.00 prize. Competitors will leave the K.A.A. building in boats at 2.30 and will finish about 3.30 at the K.A.A. building. Course to be from the west side of the lake opposite Kelowna to K.A.A. building. Distance 1 mile.
3.00 Single Canoes.
3.20 Open Dive. 1 8ft. dive. 1 12ft. dive. 1 special 20ft. dive.
3.40 Canoe Fours. Open to any two firms, business houses or families. Prizes for winners only
3.50 Relay Swimming Race. Teams of four swim 120 yards. Prizes for winning team only.
4.00 Tilting from Canoes. Crew two men per canoe. Prizes for winning team only.
4.25 Mixed Canoes.
4.40 Senior Aquatic Derby.
5.00 Mixed Double Sculls (coxs.).

SECOND DAY, August 8th

10.00 Single Sculls. Final.
10.30 High Dive. Boys 16 & under.
10.45 Ladies' Dive; 4ft. and spbrd.
11.20 Double Sculls. Final.
11.20 Handicap Gasoline Launch.
11.30 Cock Fighting.
11.40 War Canoe Race. Crew of 15, 1 mile straight, for Knowles' Cup.
2.00 Dinghy Sailing.
2.00 Mixed Double Sculls. Final.
2.15 Tilting.
2.30 Double Canoes.
2.40 Junior War Canoe Race.
2.50 Running Springboard Dive, 12 feet.
3.00 Fancy Diving.
3.15 War Canoe Race (mixed); 4 ladies and 5 men; quarter mile. Individual trophies.
3.30 Ladies Double Canoes; 220 yards.
3.44 Crab Canoe Pace.
4.00 60 yds. Open Swimming.
4.15 Long Distance Plunging from Solid Platform.
4.20 Boys' Plunge; 16 years and under.
4.30 Fastest Gasoline Launch. D. W. Sutherland Championship Cup and Medal. No other prize.
4.30 Aquatic Derby.
4.40 War Canoe Race. Crew of 15, 1 mile with turn, for Megaw Cup and Medals.
5.00 Ladies' Single Canoe Race; 220 yards.
5.15 Tilting from Canoes. Crew 2 men per canoe.
5.50 Prize - giving from Judge's Stand in Grand Stand.
7.00 Tug of War. Teams of 10.

A change has been made this year in the matter of entrance fees. All entries up to Saturday night, August 3rd, are free, but post entries may be made up to half an hour before any event on payment of 50c.

The enthusiasm which is felt locally in the regatta may be judged from the success which has attended the efforts of the collectors, Messrs. D. W. Crowley and W. H. Crawford, who state that the response to their appeals for financial help has been most generous, every business house in town except two having contributed. They wish to express their thanks for this assistance.

Wrestling Match Ends in Draw

The great wrestling match arranged by the Fire Brigade boys between Bob Sutherland and Pat Connolly which took place before a packed Opera House last Thursday evening ended in a draw, one fall going to the credit of each contestant.

As a preliminary to the big event the two brothers Colin and Jack McMillan were pitted against each other in a wrestling match. Both were powerful boys and would be no mean contestants if better trained. Colin proved the vicior.

The audience were also treated to a boxing bout between Messrs. Hogan and Peterson.

By the time the great match came on the hall was packed and some impatience began to be manifested for the appearance of the rivals.

"Shorty" Woods acted as referee.

An unfortunate dispute marred the match almost at the start. After some 20 minutes' wrestling a fall was given by the umpire to Connolly which Sutherland at once disputed. This raised a storm amongst the audience, and it seemed as though the meeting would break up in disorder. Sutherland and a large number of spectators on the front rows held that his shoulders had not touched the mat. The referee stuck to his decision and refused to act further. Connolly finally agreed to disregard the fall and recommence the match on the same terms as before. H. Small was secured as referee and a fresh start made.

The two men went to it with a will and some fine work was witnessed. Sutherland won the first fall (said to be the first time Connolly has been put to the mat in seven years).

The second fall went to Connolly after a hard struggle in which Sutherland was mainly on the defensive.

The conditions of the match as announced by the chairman, Dr. Huycke, called for two falls inside of three hours, but at the end of that time the score remained equal and the match was accordingly declared a draw.

Although the result of the match was thus indecisive and a little disappointing, the spectators were certainly treated to a fine display of wrestling, and the gate must have netted quite a considerable sum.

We regret that owing to an error in the report of the Kelowna-Enderby baseball match published in our last issue the name of Mr. R. E. Berry, of Vernon, was inserted (as umpire) instead of Mr. Larson.

City of Kelowna

COURT OF REVISION

NOTICE is hereby given that the first sitting of the Annual Court of Revision of the Municipality of the City of Kelowna will be held in the Council Chamber, Bernard Avenue, Kelowna, B.C., on Thursday, the Twenty-second day of August, 1912, at ten o'clock in the forenoon, for the purpose of hearing complaints against the Assessment as made by the Assessor, and for revising and correcting the assessment roll.

G. H. DUNN,
City Clerk.

City Clerk's Office,
Kelowna, B.C.,

Town and Country

Mr. G. F. Teal returned Saturday from the coast.

Mr. and Mrs. Weddell returned Thursday last from their holiday tour in Southern California.

Mayor Jones returned Saturday last from Victoria.

Mr. R. A. McGee, M. P. P. of Wolseley, Sask., is in town for a few days looking into his interests here. Mr. McGee is a prominent politician now having been elected to the Saskatchewan legislature last week.

Mr. C. H. MacLeay, of the Central Okanagan Lands, Ltd., returned this week from the Old Country where he has been acting as representative for the company.

Mr. and Mrs. J. H. Middleton and family left for Vancouver Saturday morning last, accompanied by their niece, Miss M. Patterson.

Extensive alterations are being made this week to the hardware store of Mr. D. Leckie. The whole front is to be taken out and a more modern one installed also a second story placed over the whole building.

Mr. Arthur Ashton, a one time resident of Rutland, who has been revisiting the district lately, forsook his batchelor state this week being married Wednesday to Mrs. Alice McClelland. The ceremony which took place at the English church was a quiet one, the happy pair leaving by boat for Banff.

Mr. Geo. Tomlinson, a practical harness maker and repairer, who hails from Scotland, has opened premises on Water Street, next to Dreamland, and is open for all kinds of repairing work.

The Rev. Father Verbeke figured last week in an auto accident on the way from Penticton to Hedley, whither he was going to perform a burial service. Beyond a slight shaking, however, the reverend gentleman was unhurt.

Mr. A. P. Beatty who left Kelowna some time ago to take a position in the Bank of Commerce at Penticton, has been moved to Phoenix B. C.

High School Entrance Examinations

The results of the high school entrance examinations this year have been particularly gratifying. Out of twenty-five pupils who wrote for the exams. nineteen have succeeded in gaining over the 50 per cent. necessary to pass. The subjects for examination were reading, dictation and spelling, writing, English literature, arithmetic and book-keeping, geography, English grammar and composition, Canadian history, British history, nature lessons and hygiene and drawing. The total possible marks were 1,100.

The following students passed in the order named, the total marks being given in each case:—

1	Mary Day	779
2	Gertrude J. Davidson	693
3	Dorothy G Leckie	674
4	Marjorie E. Elliott	664
5	Annie M. McLennan	651
6	Jean C. Kincaid	647
7	Louie A Evans	631
8	Olive R. Pettigrew	623
9	Beatrice M. Campbell	613
10	Jessie C. McMillan	584
11	Albert John W. Curts	581
12	Mildred Wilson	564

In outside district schools:—

1	Mildred I. Renwick	700
2	Joseph J. Conroy	621
3	Hazel J. Jones	59
4	Geo. P. Silke	554
5	Catherine M. Carney	550
6	Everett Fleming	550
7	Thos. J. Carney	550

Miss Hazel McConnel of the Victoria South Park School, with a total of 857 marks, ranks first in the province.

Buy it now. Chamberlain's Colic, Cholera and Diarrhœa Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by all dealers

PENDOZI STREET

Repairing and Pressing promptly attended to.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling inio bed tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

Okanagan Centre

(From our own correspondent)

Born, to the wife of V. R. McDonagh, on Monday, July 15th, a son.

Miss Goldie, sister of Mr. J. Goldie, and her friend Miss Ross are visiting at the Rainbow Ranch, of which Mr. Goldie is the manager.

The O. K. Canning Co. has started up, and a number of employees are now engaged in the process of canning peas and beans.

Among recent arrivals in our midst from the Old Country are Mr. and Mrs. C. Lloyd Watts, who taken up their residence in Okanagan Centre. Mr. Watts has secured a position with Messrs. Gleed and Nare, our local building contractors.

Max D. Major had the misfortune to lose one of his newly acquired team of horses last week. We hope he will soon recover the lost animal as one can ill afford to lose a horse at this busy time of the year.

Prof. Warden with his wife and family moved up last week from Rutland, where Mr. Warden has been teaching school, to spend the summer vacation at their pretty lakeshore residence on Okanagan lake. Mr. Warden was at one time the teacher at the Okanagan Centre school.

A party consisting of Mr. M. P. Williams, Mr. and Mrs. Chatterton, Mr. J. Waters, Mr. and Mrs. Amphlett, Miss Orton, and Mr. J. Powell drove up to the intake of the irrigation system in the Woods Creek canyon last Suuday, and spent a pleasant afternoon in this delightfully cool retreat.

The sale took place recently of Mr. J. McClure's upper ranch. Mr. Graham of Okanagan Landing is the buyer. The purchase price being in the neighborhood of $20,000. This property consists of 320 acres of which some 50 acres are in meadow, a very fine quality of timothy hay being yearly raised.

Mr. G. M. Watt had the pleasure of a few days visit from his sister, Miss Freda Watt who had been attending the Bishop Strachan school in Toronto, and was on her way home to Victoria. Among other places of interest which Miss Watt was shown was the intake works of the irrigation system, and the falls on Woods Creek canyon and the land clearing operations being carried on by the Okanagan Valley Land Co. At this latter point for the benefit of the visitor, who had never before seen any blasting, fifty stumps were shot in succession and, viewed from a safe distance, presented a highly interesting spectacle.

C. E. Joslyn, for the past month one of the government road gang working to the south of Okanagan Centre, was taken seriously ill last Saturday, and was taken to the home of his brother, N. V. Joslyn. Here he developed all the symptoms of appendicitis, and has lain for the past week awaiting a favorable opportunity to be removed for an operation which it is feared will be necessary. We sincerely hope Charlie will soon be around amongst us again.

A very heavy rainstorm on Monday afternoon, did no little damage to orchards and crops on the east side of Woods Lake. Considerable damage was also done to the roads, the long grade north of M. P. Williams' being rendered impassable by deep wash-outs till repairs were spcedily effected by the government road gang. It was the heaviest downpour for several years now, and was accompanied by a good deal of thunder and lightning, and hail.

A very pleasing ceremony, conducted by the Rev. C. O. Main, took place at the Presbyterian Manse in Vernon on Saturday, July 13th, when Mr. Harry Gleed was united in marriage to Miss Grace W. Baker, of Croydon, England. After the nuptials had been celebrated the happy couple motored through to Okanagan Centre, and are spending their honeymoon at several points up and down Okanagan lake previous to taking up their residence on the old Stroud property which was recently purchased by Mr. Gleed. Mr. Gleed is the managing director and secretary of the O. K. Canning Co., Ltd, and also has a number of other interests in the district. We wtsh to extend congratulations to Mr. and Mrs. Gleed and to hope for them a long and happy wedded life.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhœa Remedy can always be depended upon. For sale by all dealers.

The Meat Question

To the Editor of
The "Kelowna Record,"

Dear Sir,—May I through the medium of your valuable paper be allowed to offer a solution to this vexed question, which any individual may adopt? It is simply—do without. Nine-tenths of those who read this will at once say they can't; that being about the only reason most meat eaters have for eating meat—that they can't do without.

I used to firmly believe the same, but having four months ago entirely given up meat owing simply to the fact that I found I was paying a very high price for what was very often an objectionable article of food, I soon found (not at once) that I could do just as much, if not more, work without it than with it, and that the "can't do without" cry is entirely a fallacy.

I am now doing anything from thirteen to seventeen hours per diem of manual labor and was never "feeling fitter."

Any vegetarian will tell the same story and the system offers to any one who cares to try it for *at least* one month three things—a solution of the present meat trouble, better health, and a reduced cost of living.

Yours truly,
S. M. GORE.

Dear Sir,—It is surprising that in a province like B.C. and a district like Okanagan, famous for its fruit, that one should be compelled to submit to a monopoly of the meat trade and to the risk of ptomaine poisoning due to bad meat in the hot weather, when by the adoption of a healthy diet of fruit and vegetables such as this district produces all such risk disappears.

As a matter of 23 years' experience I can speak for the sufficiency of this diet for maintaining health and strength. It is a fallacy to suppose that flesh food is necessary even for those who do manual labor. Many have tried a diet of fruits, nuts and vegetables with success and have generally found that though they naturally miss the meat at first they are ultimately benefited by the change and gain more energy, clear thinking and better health as a result. In the recent boycott at Chicago when so many, owing to the exhorbitant price of meat, adopted for three months the more humane diet above mentioned as a protest, it was clearly proven to many that flesh food was not a necessity, and a great number adopted the fruit diet permanently. It is no more expensive, less trouble, cleaner, and offers a greater variety than a dietary of fish, flesh or fowl, and one has the satisfaction of knowing that no sentient life has been sacrificed in order that his appetite and palate may be gratified.

SIDNEY H. OLD.

Agricultural Lime

P. Brooke, Esq., Secretary,
Kelowna Farmers' Institute.

Dear Sir:

We have been advised by the Deputy Minister of Agriculture that a demand exists for the supply of agricultural lime, and he has kindly furnished us with a list Farmers' Institutes in which your name appears; also that the department has arranged very low transportation rates with the C. P. R.

We have put in the necessary equipment, and are now in a position to supply any quantity; at this moment we have about 400 tons on hand which we are desirous of shipping immediately to save the expense of shifting into store, and for which we would give buyers the benefit of saving in labor charges made thereby.

Our staple price is $4.25 per ton F. O. B. our shops, Atkins Siding, but to August 1st we will quit the above quantity at $3.75 per ton.

In certain cases we are prepared to make special terms with regard to payment.

The special rate quoted to Kelowna, Okanagan Mission, Peachland, and Penticton is 16 cents per 100 lbs, with a minimum of 60,000 pounds.

At the low price named above, and in view of the agreement amongst the various authorities of the benefits accruing to farmers by the use of lime, we hope your members will accord us suppport, and also take advantage of the present low quotation.

We shall be pleased to have any orders you or your members can place, now or in the future.

Yours faithfully,
VICTORIA VANCOUVER
LIME & BRICK CO., LTD.

Souvenirs Souvenirs

We have just received a line of new Souvenir Goods including Sash Pins, Collar Pins, Brooches, and some lovely new Spoons in all sizes with Knox Presbyterian Church in the bowl, which make very acceptable presents to send to friends at a distance. NOTICE TO CONTRACTORS

NORTH KELOWNA SCHOOL

SEALED TENDERS, superscribed "Tender for School-house, North Kelowna," will be received by the Hon. the Minister of Public Works up to 12 o'clock noon of *Wednesday*, the 24th day of July, 1912, for the erection and completion of a large one-room frame school-house at North Kelowna, in the Okanagan Electoral District, B.C.

Plans, specifications, contract, and forms of tender may be seen on and after the 3rd day of July, 1912, at the offices of J. S. McKenzie, Esq., Secretary of the School Board, Kelowna, B.C.; the Government Agent, Vernon, B.C., and the Department of Public Works, Parliament Buildings, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for the sum of $225, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, and with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Public Works Engineer.

A root cellar like this won a prize last year.

THE drawing was made from a photograph of the root-cellar with which D. A. Purdy, of Lumsden, Sask., won a cash prize in last year's contest. In that last contest there were 36 prizes. There will be *three times as many prizes* (108) in the

1912 FARMERS' PRIZE CONTEST

THUS you will have three times as many chances of winning a cash prize. You do not have to use any certain amount of Canada Cement to win a prize. There are absolutely no "strings" to this offer.

There are twelve prizes for each Province (three of $50; three of $25; three of $15; and three of $10) and you compete only with other farmers in your own Province and not with those all over Canada.

It makes no difference whether you have ever used cement. Many of last year's winners had not used it until they entered the contest. When you write for full particulars, we will send you, *free*, a book, *"What the Farmer Can Do With Concrete,"* which tells everything you need to know about concrete. It is absolutely free, and you are under no obligation to buy "Canada" Cement or to do anything else for us.

WRITE your name and address on the coupon, and mail it, or use letter or post card, and we will send you at once the book and full particulars of the *1912 Prize Contest*.

Census Returns

The official returns of the 1911 census of Canada gives the population of the federal constituency of Yale-Cariboo as 56,382. Of this number the males are 37,167, and the females 19,215. The total land area is given at 111,956,530 acres or 174,932·08 square miles. The number of persons to the square mile is 0·32. The population of the whole of Canada per square mile is computed at 1·93 and of British Columbia 1·09. The population of the sub-districts of the Yale-Cariboo riding is given as follows: Kamloops 8,362; Cariboo 5,993; Grand Forks 2,814; Greenwood 1,557; Kamloops (c) 3,277 (although the police census taken during last winter gave the city of Kamloops well over 4,000 people); Lillooet 2,898; Okanagan 11,275; Similkameen 4,134; Yale (part.) 6,588; Enderby (c) 835; Grand Forks (c) 1,577; Greenwood (c) 778; Kelowna (c) 1,663; Merritt (c) 703; Phoenix (c) 662; Vernon (c) 2,671.

Car Turns Somersault but None are Injured

Bishop de Pencier and a party of six others were returning from Fort George and the Cariboo, when the great B. X. Company Winton car, in which they were being carried along at a speed of 15 miles an hour dropped over the bank of the road into a rushing stream ten feet below. The car turned completely over but the strong current carried it on. Strange to say none of the party were injured, and after a wait of some hours a rescue car took them on to Ashcroft. The bishop was most active in helping to rescue those of the passengers who were in danger, and in recovering the baggage.

Census Says Indians Are Increasing

According to statistics just compiled, the Indians in Canada show no signs of disappearing. During the past year the population increased by a few hundreds, and the total number in the Dominion now is 104,000. On the other hand the figures show that the Eskimos are being slowly but surely destroyed. There are now only about 15,000 of this race in the northern part of Canada. Disease ravage and a lack of knowledge of sanitary requirements are given as causes for the decline.

Carp Spoil Fishing in Osoyoos Lake

Some sad news for anglers is conveyed in the report of game warden Williams, that Lake Osoyoos in the Similkameen country is full of carp. The course and greedy fish have killed all the trout and are eating up the weeds in the lake. The latter is a great grief to duck hunters, for the weeds form the chief food for the wild ducks. Fortunately the carp are too sluggish to get past the Okanagan falls into Okanagan Lake. The falls will prove an effectual barrier to the fish and prevent them injuring the trout in Okanagan Lake.

World's Champion Typist

The world's typewriter speed record for one hour's continuous writing on unfamiliar copy was broken by Miss Florence E. Wilson of New York in the national concontests held under the auspices of the National Commercial Teachers' Federation. Miss Wilson copied 7219 words in the hour with 68 errors. Deducting five words for each error this gave her a net score of 6879, or an average of 115 words per minute. The former record, held by H. O. Balisdell of New York, was 112 words per minute.

Andrew Lang, one of the most distinguished of British critics and poets, died Sunday of heart disease.

The Ottawa "Free Press" has been convinced that both political parties are lining up for a general election in the fall of 1913.

Tobacco smokers and liquor drinkers in Canada are rapidly increasing the annual consumption of cigarettes, cigars and spirits.

Henceforth the Railway Commission will allow no one to be employed in the service of the railways in engineer train service without they have first passed a satisfactory indoor eye and ear test.

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhœa Remedy has cured it even when malignant and epidemic. For sale by all dealers.

ROYAL NAVAL COLLEGE OF CANADA, HALIFAX, N.S.

The next examination for the entry of Naval Cadets will be held at the examination centre of the Civil Service Commission in November, 1912; parents or guardians of intending candidates should apply to the Secretary, Civil Service Commission, Ottawa, for entry papers before 1st October next.

Candidates must be between the ages of 14 and 16 on 1st October, 1913.

Cadets are trained for appointment as Officers in the Naval Service, the course at the College being two years, followed by one year in a Training Cruiser, after which Cadets are rated Midshipmen.

Further details can be obtained on application to undersigned.

G. J. DESBARATS,
Deputy Minister, Department of the Naval Service.

Department of the Naval Service,
Ottawa, May 6th, 1912.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

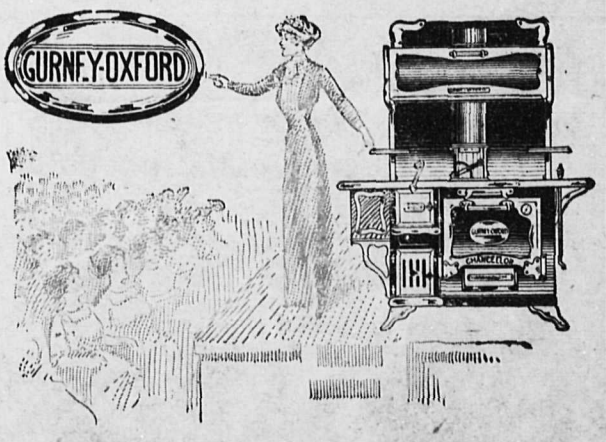
The Benefit of Publicity

will be felt nowhere more than in your own business. It has been demonstrated times without number that it is the bold yet intelligent advertiser who gets the biggest trade. Haven't you noticed that?



Woman's Rights

It is your inalienable right to demand in a range—Economy, Promptness and Satisfaction. It is your privilege to expect the same attention, progress and efficiency in the things you use in your daily work as have been brought about in other and often less important lines of endeavour.

The Gurney-Oxford is the foremost example of cooking efficiency.

The Gurney Economizer regulates all the drafts by lifting or dropping one small lever. It keeps the fire alive for hours with practically no coal consumption. It saves 1 ton of coal in 6. The Gurney Economizer is found only on the Gurney-Oxford range.

The Gurney-Oxford Oven is absolutely and always heated the same on all sides and in all corners because the heat is evenly distributed.

This is a sure and unfailing guarantee that whatever comes out of the Gurney-Oxford Oven is crisp and light and delicious—this is the final test and the point most often advanced by those who cook on a Gurney-Oxford, those who believe it is woman's right and privilege to have in her kitchen the labor, time and money saving principles embodied in the Gurney-Oxford.

Headquarters for the Economical Buyer

Preserving Season

again with us.

This is the season to get busy with the preserving of your fruit.

Raspberries, Blackberries and Cherries need your attention at once.

To have the best results you must have the best goods and we strongly advise you to preserve your fruit in

The

"Economy" Jars

They are Safe, Sanitary and Sensible, and if you follow the directions your fruit will keep in any place and any length of time.

Remember:
We sell the "Economy" Jar and we guarantee it.

Remember also:
We sell only pure Cane Sugar and we guarantee that, too
