Meeting of the City Council

Street Sprinkler to be Procured at Once

A brief meeting of the City Council was held Saturday morning last, the Mayor and Ald. Leckie, Dalgleish, and Cox being present.

The minutes of the previous meeting having been adopted, the local improvement by-laws Nos. 95 and 96, for the construction of wooden and cement sidewalks, were given a third reading.

In the discussion on these by-laws a comparison was made between the cost of wooden and cement sidewalks. It was pointed out that for only a slightly larger annual charge to property owners permanent cement sidewalks could be laid instead of the unsatisfactory and shortlived wooden ones. The putting in of wooden sidewalks was a foolish waste of money, and their use in the city should now be discontinued.

Ald. Dalgleish also urged the necessity for more hydrants in the outlying districts.

Returning to the question of the by-laws, the mayor said it would be necessary to advertise them and to hold a Court of Revision to hear abjections and complaints. It was the first time this had been done in the case of local improvement by-laws, but the purchasers of some of the city's debentures had lately pointed out that the council were supposed to follow this procedure, and the Municipal Act seemed to require it.

A resolution was accordingly passed "that this Council sit to consider any complaints against assessment for local improvement purposes on Thursday, Aug. 24th, 1911, at 10 a.m., in the Council Chamber, Kelowna.

Ald. Dalgleish said the Board of Works would like to have the sanction of the council for the purchase of a road sprinkler. The money had been voted for the purpose, and it would be as well to get one right away.

The city clerk was instructed to wire various firms for prices on street sprinkling outfits, and a resolution was passed authorizing the Board of Works to purchase a sprinkler for immediate use.

Mayor Sutherland thought the sprinkler should be going all the time this weather.

Ald. Dalgleish stated that the old cart was a waste of time and money. It was impossible to sprinkle properly with it. They had better get one with a tank of large capacity, and another year it might be as well for the city to purchase a team of horses. He thought the city could get better work and cheaper by having their own team.

The meeting then adjourned until Saturday morning next.

B. C. Horse

Orders by the Officer Commanding "D" Squadron.

It has been decided to raise a squadron of B. C. Horse in Kelowna and district, two troops to be raised in Kelowna, one troop in Kelowna district and one troop in Okanagan Mission.

Will all those who wish to join please submit their names, as soon as possible, to the officers commanding the various troops from whom all particulars can be obtained.

No. 1 Troop, Provisional Lieutenant, A. Temple, Kelowna.

No. 2 Troop, Provisional Lieutenant, C. Clarke, Kelowna.

No. 3 Troop, Provisional Lieutenant, C. K. L. Pyman, Kelowna District.

No. 4 Troop, Provisional Lieutenant, J. H. Baillie, Okanagan Mission.

G. H. Brush, Captain.

Reciprocity Bill Passes Senate

By a vote of 53 to 27 the United States Senate, Saturday, passed the Canadian Reciprocity bill in precisely the form in which it emerged from the House of Representatives.

Many amendments were on the calendar when the senate convened but these were quickly cleared away by being defeated by decisive votes.

The reciprocity campaign had its inception sixteen months ago at a conference at Albany between President Taft and Hon. W. S. Fielding, the Canadian minister of finance. At this meeting negotiations were decided upon which resulted in Canada's securing the minimum tariff under the Payne-Aldrich bill. At the same time the Canadian Government was invited by President Taft to consider the question of reciprocity between the two countries. The negotiations which followed resulted in an agreement which had to be ratified both by the Canadian Parliament and the United States Congress. The last Congress failed to ratify the agreement and the present extra session was called for the express purpose of taking it up. The Canadian Parliament has not yet voted on the question, though it has been debated at great length in the House of Commons.

Apple Crop Prospects

The report of the fruit division of the department of agriculture states that the prospects for apples has diminished slightly since last month's report except in British Columbia, where the prospects have rather improved, and it is now estimated that shipments from this province will be 85 per cent. of last year's crop, which was very heavy.

The hot dry weather does not appear to have materially affected the apple crop prospects in eastern Canada as yet, although correspondents, especially in Ontario have expressed apprehension that if sufficient rain does not soon come, the crop will be very much shortened. Apples are beginning to drop heavily in some districts. There are reports of sun scald in the counties north of Lake Erie, and the counties on Lake Huron, and inland to York county.

Nova Scotia still expects the greatest crop on record, due partly to increased acreage, but also to heavy yield. Baldwins are short. A very marked feature of the situation so far is freedom from disease. Earlier varieties in eastern Ontario promise to be ten days earlier than usual.

Athletic Association Elect Officers

A public meeting of the new Racing and Athletic Association was held last Friday in Raymer's Hall. The work so far had been carried on by a temporary committee, and the object of the meeting was mainly to elect permanent officers, and to enrol members.

Mr. F. S. Coates read the report of the temporary committee, giving a resume of what had been accomplished to date. Mr. P. Brooke read over some by-laws which he had drafted for the guidance of the association.

The officers elected were as follows:— Pres. F. S. Coates; first vice-pres., P. DuMoulin; second vice-pres., H. F. Rees; secretary, P. Brooke; treas., W. M. Parker; Committee, Dr. Richards, R. A. Copeland, J. Pettigrew, W. H. Barlee, J. N. Cameron, R. E. Lambly, W. M. Crawford.

Mr. D. C. Foster arrived from Montreal on Monday last where he has beee for the past two weeks on business in connection with the new hardware firm of which he is a member. The firm will open up with a full line of shelf and heavy hardware, on or about August 15.

Results of High School Entrance Examinations

Out of Fourteen Candidates Thirteen pass in Kelowna

The result of the urban high school entrance examinations were announced last Thursday by the department of education. They show that out of a total of 1437 canidates writing,848 were successful.

Miss Bessie Smith of Chilliwack obtained 869 marks, the highest in the province.

The following list shows the proportion of passes in the various examination centres:

	Number of Canidates	Passed
Armstrong	25	16
Chilliwack	46	32
Cumberland	27	12
Duncan	30	6
Enderby	14	8
Golden	6	4
Grand Forks	20	12
Kamloops	30	24
Kaslo	9	9
Kelowna	22	18
Ladysmith	20	8
Nanaimo	38	30
Nelson	42	28
New Westminster	102	71
Peachland	8	7
Revelstoke	24	17
Rossland	33	20
Salmon Arm	23	9
Summerland	21	6
Vancouver	597	351
North Vancouver	29	11
Vernon	32	14
Victoria	239	135
Total candidates	1437	848

In the Kelowna centre the showing was remarkably good. In the Kelowna school itself, where fourteen pupils entered, thirteen were successful, a percentage of 92.8.

The successful candidates were:

William S. McKeown	749
Joselyn G. Whitehead	719
Ethelwyn M. Jones	709
Charles F. Shayler	679
Jeanetta Reekie	637
Beatrice O. Wilson	624
Helen A. Burnette	616
Alwyn D. Weddell	611
Hazel M. Ritchie	588
Marjorie F. Leckie	587
Annie W. Herdman	586
Bernard A. McKeown	584
Stafford A. Cox	574

Black Mountain School (Two Candidates,—both passed.)

Donalda McDonald	659
Gladys M. Bird	650

Ellison School, (two candidates—both passed.)

Nellie Hereron	724
Mary F. Hay	601

Woods Lake, (two candidates—one passed.)

Gladys B. Clower	561

Wm. S. McKeown also wins the bronze medal donated by His Excellency the Governor-General.

There are now 2544 branches of Canadian banks, the largest number on record. Ontario, 1000; Quebec, 376; Nova Scotia, 112; New Brunswick, 74; Prince Edward Island, 14; Manitoba, 187; Alberta, 201; Saskatchewan, 299; British Columbia, 201; Yukon, 3; N.W.T., 1; In Newfoundland, 11; Elsewhere, 56.

The Misses Fullerton are spending a few weeks visiting friends at Peachland.

The Corner stone of the new Anglican Church will be laid next Sunday, July 30th at 11 a.m., by Mr. F. A. Taylor who has lately returned from the Old Country. The special preacher will be the Rev. H. A. Solly, rector of Summerland. Prayers will be said by the rector Rev. Thos. Greene, B.A. Holy Communion at 8 a. m. and Matins at 8:45. There will be no midday service in the parish church on account of the stone-laying ceremony.

Rutland News.

From our own correspondent.

Mr. S. Sproul left Monday morning for a visit to the Halcyon Hot Springs on the Arrow Lakes. Mr. Sproul has not been well for some weeks past, and it is hoped that the rest and change will put him right again.

A real estate transfer of considerable interest took place the other day when Mr. A. W. Dalgleish sold some two hundred acres of his Rutland property to the Belgo Syndicate. The deal illustrates the rapid rise of property values in the district, the portion sold realizing considerably more than the whole tract, (some four hundred and twenty acres), was purchased for, about three years ago. Mr. Dalgleish is to be complimented on the progressive manner in which he has handled the property since taking hold, and Rutland offers golden opportunities to others of like energy. Strolling over the ranch recently, a good example of the kind of home and surroundings which the Okanagan offers was to be seen. Under the hands of a capable foreman, a fine orchard is in the making, whilst the homesite is being beautified with trees and all things green. Back in the barn was to be seen a fine small herd of pure-bred Jerseys, of which Mr. Dalgleish is justly proud, whilst the bank account was in prospect of being considerable swelled when the big bunch of squealing porkers were ready for the butcher. Mr. Dalgleish must be a busy man these days with his interests at Rutland, his business in Kelowna, and increasing labours entailed by his position on the City Council.

The Woolsey bench has once more beaten the record in producing early potatoes, $160 per acre are the figures given.

Alda. McDonald and Gladys Bird are to be congratulated on passing their entrance exams. If you don't succeed the first time try again is excellent advice.

The musical part of last Sunday's service at the Methodist church was much appreciated by the congregation, and additional solos and quartettes are being arranged for next Sunday evening.

Kelowna Regatta August 9th and 10th

Preparations are now almost completed for this year's regatta, which is to surpass anything previously held. The programmes have been issued, and already there is talk of considerable entries.

In making the arrangements for excursions from outside points, an unfortunate obstacle has been encountered in the excessive demands of the C. P. R., which requires a guarantee of $400 before running an excursion from the North. As it is clearly too much of a risk to take, this excursion may not be run.

Peachland Regatta

One of the biggest crowds of excursionists which ever left Kelowna took advantage of the trip to the Peachland regatta last Thursday afternoon, over 300 people leaving here by the s.s. Aberdeen.

The fire brigade boys took down the war canoe, and a firm determination to bag some of the honors which were going in that line. And they were not disappointed.

All the senior war canoe races were won by Kelowna, who thus captured the Robinson Shield, the Foresters' Cup and Medals, and the Lang Cup and Medals.

The Kelowna boys also won the junior race, for paddlers under 20 years. Some objection was raised as to two of the contestants of this race being over age but the objection was not upheld.

The Kelowna team were beaten badly in the mixed war Canoe race Naramata winning first and Peachland second.

Several of the smaller events also fell to Kelowna visitors. J. F. Burne won the diving competition. R. Stevens carried off first prize in the single canoe race, and along with Nuttall of Naramata came first in the Double Canoe.

Lacrosse

Armstrong vs. Kelowna

The Armstrong lacrosse boys paid Kelowna a visit yesterday. There was a large number of Armstrong people present at the match on account of the Sunday School excursion from that place.

The home team commenced the first quarter with a determination to wipe out the previous defeats at the hands of Armstrong. The Kelowna home played a very fine game, and it was well backed up by the defence.

The scores in each quarter run as follows:— First quarter; Kennedy 1, Paul 1, Fuller 1. Second quarter; Pettigrew 1, Paul 1. Third quarter; Carlyle 1, Paul 1. Fourth quarter; Fuller 1, Pettigrew 1, Paul 1, Carlyle 1. Armstrong 1.

The final score was Kelowna 11, Armstrong 1.

Royal Bank's Rapid Development

The statement of the Royal Bank of Canada for June 30th shows that the aggregate assets of the bank have passed the one hundred million dollar mark. Considering the fact that when the bank opened in Montreal, in 1887, its assets were less than five million dollars, and that as late as 1908 they were only fifty million dollars, the great progress made by the Royal is apparent. The June Statement shows cash on hand of $23,000,000, and liquid assets of over 52 per cent. of liability to the public.

Mr. Warden, late principal of the school at Okanagan Centre, has been engaged as principal of Black Mountain school. He will occupy the late Dr. Baker's house.

Scene from "San Toy," Opera House Monday night.

Items from Ellison

(From our own correspondent.)

Now that "Mikus" and his menservants had fully decided to kill the stranger pig and make a great feast of him, the news was dispatched to the local "Recorder" so that it might not be forgotten, and the item was duly published so that all men might have knowledge thereof. A copy of this Record was obtained by the prodigal, and he being somewhat educated and interested in all things concerning El-li-son, put on his spectacles and commenced to digest the news. On observing that "Mikus" was going to slay him he called a council of his compatriots and after mature deliberation, ti was decided to leave the ranch of the man so murderously inclined and join the herd which dwelt in the bush of Conroy, even John, who was reputed to be kindly disposed to all strangers, therefore, during the winking of the stars, a partition was made in the fence and all departed.

On the morrow, however, the flight to Egypt—no! I mean Conroy's—was discovered, and Bill, the younger son of "Mikus," mounted his galland Rosinante (yclept Bess) and went in search. After much riding he found the wanderers and took his herd home, leaving, however, the prodigal with the herd of Conroy. On reaching home one of "Mikus'" best sows was so overcome with grief at being parted from the prodigal, who was indeed a gallant ladies' man, that she broke her heart and died of much sorrow. Now, therefore, the herdman John, from the valley called "Dry," has taken the wanderer back again to the fold, and there is much rejoicing that after all his life is saved until the cold weather approaches. Then—alas poor piggy! R.I.P.!

The latest sensation in this district is furnished by a young man who on returning home in the wee sma' hoors, asserts that he saw a form clad in white walking down the hill near the house. Tying up his horse he went to investigate who it could be, but he says the apparition seemed to melt into thin air. What it could have been he cannot say, and he positively swears that he had nothing to drink stronger than lemonade.

Mr. J. Christian and niece have returned home from the coast.

With a view to looking over the dtstrict and its suitability for investment, a visit was paid this week by Major Orttley. The major, who was accompanied by his wife motored down from Vernon on Wednesday in Mr. Dalgleish's car, and in company with Mr. W. E. Adams, visited many points of interest in the neighborhood.

A great fire which has destrayed a portion of Constantinople is blamed on Political incendaries.

After the most thrilling air race in history, Lieut. Condeay, of France, flying under the name of Andre Beaumont, Wednesday won the $50,000 London Daily Mail prize for the great race around the British Isles. Pierre Vedrine was second.

The proposition submitted to the city to spend $24,000,000 to pur- the street railway plant has aroused intence interest in Winnipeg. It means the immediate raising of $15,000,000 cash, and the payment of the balance by assuming the liabilities of the company. This move is on a basis of $250 per share.

Mr. Neil Gregory returned on Tuesday's boat from a visit to Victoria, where he was the guest of his uncle, Senator MacDonald.

A joint meeting of all the boards of trade of East and West Kootenay, the Boundary and Southern Alberta, was arranged for Monday afternoon at Macleod, Alberta, to consider the serious consequences arising from the coal strike, as the whole territory is practically without coal and the smelting industry is being crippled by the huge additional expense of importing coal from Pennsylvania.

A Piano as an Investment.

The value of an investment is not what it costs, but what you get out of it. A lot of money, you say, to put into a luxury! But have you figured out what a Piano would mean in your own home?

The Piano is no Longer a Luxury.

The possession of a Piano has ceased to be a luxury for the rich. It is a necessity for any home with a growing family and any aspirations towards refinement and culture; keeps the young at home and encourages the best kind of social intercourse.

Brighten Your Home with a Good Piano

and you will never regret it, and when you have decided to take the step come in and talk to us about it.

We Handle Only the Higher Grade Instruments.

The names of

GOURLAY and HEINTZMAN

KELOWNA FURNITURE CO.

Town and Country

Mr. T. W. Stirling left Saturday morning for the Old Country.

Mr. F. A. Taylor returned Thursday last from the Old Country.

Constable MacRae resumed his duties this week after his holiday trip.

Mr. Ira Dilworth presided at the organ in the Methodist Church on Sunday evening last in the absence of Miss Adams.

Mr. Packer, for some years a resident of Kelowna, leaves on Monday next to take up a position in Armstrong as fruit-packer.

Mr. Raymer has completed arrangements with W. B. Sherman, manager of the Lyric Theatre, Calgary, for an appearance in this city Monday and Tuesday nights of the Royal Lilliputian Opera Company. This is an aggregation of clever youngsters, having recently arrived from Australia and who have been winning applause wherever they have appeared. Monday night, July 31, they will present the Oriental Comic Opera "San Toy," and Tuesday night they will present "The Gondoliers."

Rev. and Mrs. Herdman left by Saturday's boat to spend some days at Summerland.

Rev. Dr. McLaren and Mrs. McLaren, Rev. George and Mrs. Wilson, of Vancouver, spent Thursday and Friday in town, leaving on Saturday afternoon for Summerland. Rev. Dr. McLaren until lately was general secretary for home missions in the Presbyterian Church, and Mr. Wilson is Superintendent for B.C.

Mr. E. W. Wilkinson, provincial firewarden for the district, has received instructions to cancel all permits and not to issue any new ones for the present. This action has been rendered necessary owing to the large number of fires which have lately been traced directly back to the carelessness of those engaged in land clearing. It does seem a little hard that the careful man should be inconvenienced by such an order owing to the recklessness of his neighbour, but it is obviously impossible to discriminate. The greatest precautions are necessary at this season when underbrush is as dry as tinder.

The revival in real estate transactions which has been evident this spring still continues. The latest sale to be recorded is that by Mrs. W. S. Cameron of the large residence and one acre of ground on Bernard Avenue, to Mr. Edward D. Harvey, of Saskatoon, for $4,250. Mrs. Cameron has also purchased the acre and a quarter on Richter Street directly opposite the new school. This was formerly owned by Mrs. Rutledge. Both sales were put through by D. H. Rattenbury.

Miss Marguerite Marion Steele was the successful candidate in Kelowna for McGill matriculation. Miss Steele, who is a sister of Mrs. L. Hayman with whom she has been staying for a considerable time, left for the coast Monday.

Rae Ritchie, who was another candidate for matriculation, passed in all subjects except one—English literature.

The clearing operations on Cadder Avenue last Friday very nearly resulted in a bad fire in that naighbourhood. Fire got into the bush during the afternoon and was apparently neglected for a time. About 6 o'clock a strong wind springing up, the trouble began to look serious and by the time the fire brigade (who were summoned) arrived, a fierce little bush fire was burning. A row of houses which stood in direct line of the fire was in danger for a little while, but the united efforts of the fire boys with the hose and schoolboys with sacks soon put out the blaze. Very little damage was done, but the incident should serve as a warning to deal promptly with any such outbreak at this time of the year.

CITY OF KELOWNA

BY-LAW 95.—The City of Kelowna Permanent Sidewalk Local Improvement Assessment By-law, 1911.

A by-law to assess, levy and collect the cost of construction as a work of local improvement, of permanent sidewalks under By-law Number Thirty-nine (39), and to raise upon Debenture Loan the necessary monies for payment of same.

WHEREAS the Municipal Council, pursuant to the Local Improvement General By-law Number Thirty-nine (39) determined to carry out certain works of improvement, viz: the construction as works of local improvement of permanent sidewalks upon portions of the following streets:

1. A cement sidewalk, six feet wide, on west side of Richter street, from Bernard avenue to Harvey avenue.
2. A cement sidewalk, four feet eight inches wide, on the north side of Glenn avenue, from Ethel street to the south-east corner of Lot 8 Block 55, Registered Plan 262.
3. A cement sidewalk, ten feet wide, on the south side of Bernard avenue from Pendozi street to Ellis street.
4. A cement sidewalk, eight feet wide on the south side of Bernard avenue, from Ellis street to Richter st.

AND WHEREAS the Chairman of the the Board of Works and the Assessor of the City of Kelowna did, on the twenty-second day of April, 1911, make joint reports ascertaining, showing, and determining the proportions in which the assessment for the cost of the said works or improvements should be made on the real property and portions of real property benefited, and ascertaining, showing and determining what real property and portions of real property is, and are, immediately benefited by the said works or improvements, and the proportion in which the assessments should be made.

AND WHEREAS the probable cost of the said works or improvements as shown by the reports was estimated to be Six thousand six hundred and forty dollars ($6,640.00).

AND WHEREAS the said reports have been adopted by the Council of the City of Kelowna.

AND WHEREAS the Council has decided to distribute the payment of the cost of said work proposed to be assessed hereunder over a period of twenty (20) years, and to borrow the monies necesary to defray such cost upon the special rates levied hereunder and upon the lands and improvements benefited, and upon the guarantee or the corporation at large.

AND WHEREAS the total frontage upon the said works of local improvement of the real property and portions of real property immediately benefited is two-thousand seven hundred and seventy-one and nine-tenths feet (2,771.9 feet), and the cost chargeable to the property benefited is five thousand five hundred dollars ($5,500.00).

AND WHEREAS the Corporation of the City of Kelowna desires to pass a by-law for the purpose aforesaid, therefore the Municipal Council of the City of Kelowna, in open meeting assembled, enacts as follows:

1. That the real property immediately benefited by the said works of local improvement shall be that which is particularly mentioned in the said reports, and which is set forth and described in the schedule following:

2. That the shares and proportions in which the said sum of Five thousand five hundred dollars ($5,500.00), together with the amount necessary to form a sinking fund and interest, shall be assessed on the various portions of real property benefited in the manner and to the amount set forth in the Eighth (8) and Ninth (9) columns of the Schedule to the next preceding section of this By-law. And the said real property and portions of real property, set forth and described in the Schedule in Section One (1) of this By-law contained, are hereby assessed accordingly with the payment of the amounts set forth in the Eighth (8) and Ninth (9) columns of the said schedule opposite each said portion of real propery.

3. The amount of the special rate assessed as aforesaid against each lot or portion of lot respectively, shall be divided into twenty (20) equal parts, as by the eighth column of the Schedule in Section one (1) hereof, and one such part will be assessed, levied and collected in the first year, and each subsequent year for nineteen (19) years, after the final passing of this by-law, during the twenty (20) years which the debentures hereinafter mentioned have to run, and shall be payable on the dates herinafter named.

4. That it shall be lawful for the Corporation of the City of Kelowna to borrow on the security of the rates hereby imposed, and on the credit and guarantee of the Corporation at large, by way of the debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same, a sum not exceeding in the whole the sum of Five thousand five hundred dollars ($5,500.00).

5. It shall be lawful for the Mayor and Council of the City of Kelowna to cause any number of debentures to be called 'Local Improvement Debentures' to be made for Five hundred dollars ($500) each, not however exceeding the sum of Five thousand five hundred dollars ($5,500.00), and all such debentures shall be sealed with the seal of the said Corporation, and signed by the Mayor and Treasurer thereof.

6. All of the said debentures shall be dated the First day of September, 1911, and shall be made payable in twenty (20) years from the date hereinafter mentioned for this by-law to take effect, at the Bank of Montreal, in the City of Kelowna, in the Province of British Columbia, and shall have attached to them coupons for the payment of interest, and the signatures of the Mayor and the Treasurer of the Corporation respectively, or either of them, to the coupons may be affixed by printed, stamped or lithographed fac-simile.

7. All the said debentures shall bear interest at the rate of Five (5) per cent. per annum, from the date thereof, which interest shall be payable half-yearly at the Bank of Montreal, at the City of Kelowna, in the Province of British Columbia.

8. It shall be lawful for the Mayor and Council of the said Corporation to dispose of the said debentures at a rate below par, and to authorize the treasurer to pay out of the sum so raised, by the sale of the said debenteres, all expense connected with the preparation and printing of the debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

9. The amount so assessed and levied against such lots, or portions of lots, as aforesaid, for each year, shall be paid upon the day upon which the general rates and taxes of the City of Kelowna aforesaid, become due, in each and every year during which the said debentures have to run, and in default thereof, shall bear interest from and after such dates respectively, at the rate of Eight (8) per cent. per annum until paid, and may be recovered together with all costs in that behalf forthwith after default by distress and sale of the goods and chattels of the person liable for such debt, or by sale of the whole, or any part of the real property so charged, but in the event of any sale of the real property, or any part thereof, ten days' notice thereof, published in one newspaper circulating in the municipality shall be given.

10. If the owner of any portion of the said property hereby assessed shall desire to commute the special assessment imposed by this By-Law, he or she can do so by paying the Treasurer of the Corporation on or before the second day of January, 1912, the amount set opposite the real property mentioned in the Sixth (6) Column in the schedule in Section one (1) of this By-Law contained.

11. That the corporation of the City of Kelowna do guarantee the monies and interest thereon to be raised under the authority of this By-Law, and the various persons assessed hereunder, and so as in no way to interfere with or prejudice the assessment and special rate hereby imposed or the charge hereby created on the lands and portions of land, will out of the current year's revenue pay to any person or corporation from whom they may borrow money, upon the security of the debentures hereby authorized, or to the respective holders of the said debentures the several respective annual payments as they may from time to time fall due.

12. This By-Law shall take effect and come into force on the first day of September, 1911, and may be cited as "The City of Kelowna Permanent Sidewalk Construction Local Improvement Assessment By-Law, 1911".

Read a first time by the Municipal Council this Nineteenth day of July, 1911.

Read a second time by the Municipal Council this nineteenth day of July, 1911.

Read a third time by the Municipal Council this twenty-second day of July, 1911.

Reconsidered and finally passed by the Municipal Council of the City of Kelowna this day of 1911.

....
Clerk. Mayor.

NOTICE is hereby given that a Court of Revision will be held at the Council Chamber, Kelowna, B.C., on Thursday, the 24th day of August, 1911, at Ten o'clock in the forenoon for the purpose of hearing and determining complaints (if any) against the proposed special assessment or the accuracy of frontage measurements as shown in the Schedule to section One of the above By-law, or any other complaint which the persons interested may desire to make and which by law is cognizable by the said Court; but no complaint can be heard unless WRITTEN NOTICE of the ground of such complaint shall have been served upon the undersigned at least eight days before the holding of the said Court.

Dated at Kelowna, B.C., this 25th day of July, 1911.

G. H. DUNN,
City Clerk.

Canada May Have Parcels Post

Postmaster General Working on Scheme to Establish System

In the House of Commons Saturday Mr. W. F. MacLean, in an address on state ownership of telegraph and telephone lines, called for a system of parcel post. He declared that the only way to bring express companies to time was to establish a parcel post system. That, in his opinion, would soon cut the express rates in two.

The postmaster general replied that Mr. MacLean's plea almost made him a believer in telepathy.

"I have been for several days," said Mr. Lemieux, "working on a plan to establish a parcel post system. It has proved a boon in England, France and Germany. It costs more money to send a parcel from one Canadian town to another or from one province to another than it does to send the same parcel across the Atlantic."

Mr. Lemieux could not say whether the scheme was opposed by railways as charged, "but" he said "the moment that it was announced that we would establish a parcel post system in Canada, this department was simply flooded with petitions against such a system. These petitions did not come from cities, but were signed by farmers and country store keepers, and the argument which they used against the establishment of that system was that the department stores would get the benefit of it. One peculiarity which struck me at the time was that all these petitions from every province were couched in the same terms. They were all either printed or typewritten and the language was the same. There is apparently an organization against the establishment of a parcel post In my judgment the parcel post system would benefit the farmers and benefit outlying districts, and I was surprised to find these objections coming from farming districts and from storekeepers."

Mr. Lemieux added that a good preliminary to a parcel post was the establishment of a rural mail delivery, which has proved very successful all over the country. This year the government was having 100,000 boxes made in Toronto for rural mail delivery.

At the Opera House

Lillipution Opera Company

The Royal Lilliputian Opera Company will play at the Kelowna Opera House Monday and Tuesday nights, July 31st and August 1st. They will present for the opening performance "San Toy," one of the best comic opera's since the "Mikado." Canadian audiences find much to commend in the performances of the thirty youngsters that constitute the Royal Lilliputian Opera Co.

"San Toy" is a particularly effective comic opera, and in the hands of this organization is an entertainment of a superior nature.

Madam Simpson Hogg occupies the position in Australia once held by the Pollard family. She makes a specialty of discovering and training talented youngsters.

Amongst the thirty boys and girls in the Royal Lilliputian Opera Company there are some half dozen destined to become famous. Baby Grace, a tiny tot of four and a half years, is believed to be the equal of Daphine Pollard, the star of the Pollard Opera Company. If one can judge from the many excellent newspaper notices received, the Royal Lilliputian Opera Company is an organization deserving of splendid patronage.

"The Gondoliers" will be the second night's offering. Mr. W. E. Burnham, who first brought the Juvenile Bostonians to Kelowna is business manager of this organization, and he says these youngsters are far ahead of the Bostonians.

Prices for this engagement will be: Reserved seats $1.00, and general admission 75 cents.

A SHORT HISTORY of the Parish of St. Michael and All Angels, KELOWNA.

The present parish of St. Michael and all Angels was originally part of the Okanagan Mission District, established by the first Bishop of Westminster, the Right Rev, W. Sillitoe, D.D., in 1893. The present rector of the parish, the Rev. Thos. Greene, B.A., was then appointed missionary, with headquarters at Penticton, where was the only Anglican Church south of Vernon. At this period there was a prosperous little settlement of English-speaking people in and around Kelowna, a large proportion of whom were "Old Country" folk who had come out West through the advice of the Earl of Aberdeen and the late Mr. G. G. McKay, of Vancouver. The first Anglican service was held in Kelowna on May 27th, 1894, in Lequime's Hall. Subsequently, until the present church was built, a monthly service was held in the old schoolhouse, north side of mill avenue.

The first suggestion about building a church came from Mrs. Crichton, Wycliff, Hereford, England, whose two sons were ranching in the district. Upon the receipt of Mrs. Crichton's inquiry, sent through the Bishop's commissary in England, Rev. H. Mogg, the vicar, called a meeting of the church congregation on December 22, 1894. There was a good attendance, and a strong committee was appointed consisting of Messrs. T. W. Stirling, J. L. Pridham, Dr. B. Boyce, A. H. Crichton, C. Mair, W. D. Hobson, C. Atwood, E. R. Bailey, who immediately set to work to collect subscriptions, to select a site for the church and choose a plan for the building. The committee worked steadily and made their report to the Easter Vestry, 1895. Mr. Hobson stated that subscriptions amounting to $1,181.50 had been promised, and that the Messrs. Lequime Bros., owners of the townsite would give two large building lots free of charge.

Liberal donations were given by Mrs. Crichton, Mrs. A. Stirling, St. Andrew's, Scotland, Mrs. Bullock-Webster, Oxford, England, and Miss Hobson (Mrs. R. Gray, Okanagan Mission). At this meeting the first churchwardens, Messrs. J. L. Pridham and Charles Mair, were chosen. Work on the church was at once begun by the builders Messrs. Curts and Blair, who carried on the work so expeditiously that the church was ready and furnished early in the autumn. The bishop of the diocese, the Right Rev. J. Dart, D.D., visited the parish and consecrated the church to St. Michael and All Angels on October 5, 1895. The day following the 16th Sunday after Trinity the bishop confirmed 6 candidates. Mr. Greene still lived at Penticton and made his monthly visits to Kelowna. This continued until 1897, when the bishop divided the district, appointing Mr. Greene to the charge of Kelowna with Trout Creek. These were difficult days for the parish financially, but the congregation gave liberally and Mr. G. Barclay, of Trout Creek gave a large yearly subscription towards the support of the services there. Thus, with generous help from Mrs. Crichton and Miss Llewellyn, her sister, Mrs. A. Stirling, the S.P.G., and later the Diocesan Missionary Society, the work was carried on steadily. In the spring of 1897 the Rev. Thomas Greene moved from Penticton to Kelowna. As there was no vicarage the vestry decided to build one, but where to get the money was the difficulty. Here again Mrs. Crichton showed her generosity by offering to lend the necessary sum of $1,500 at a low rate of interest. This offer was gratefully accepted. Several friends the vicar gave the money for the purchase of 25 feet of the vicarage grounds. The work of building the house was begun in the spring of 1897 and finished in the July following. Several years afterwards Mrs. Crichton presented the property as an Easter gift to the parish. Next year Mrs. T. W. Stirling had a picket fence put round the church lots and a large shed for horses and rigs erected. The font and beautiful brass lectern are also the gifts of Mrs. T. W. Stirling. The handsome brass altar candlesticks are the joint gift of Mr. and Mrs. Stirling. In 1900 the late Mr. H. S. Scadding, who had been people's warden for some years presented a bell for the church. The congregation then had the tower built the builder being Mr. R. Raymer. Mr. Scadding and his wife at a later date had the East window of the church decorated with Scriptural designs in glacier. On his leaving the parish a few years ago, the parishioners presented him with a solid silver ink-stand and an address.

The late Mrs. F. A. Taylor presented to the church a very valuable sanctuary carpet and was ever a generous supporter of every good work.

The late Mr. W. C. Cameron, who held the office of people's warden for some years spared neither time nor pains to keep the finance of the parish up to the mark. His death in 1910 was a great loss to the church.

As this is a record for all time it would not be complete without the addition of the names and gifts of other benefactors of the parish:—Miss Bonham, London, altar frontals; Mrs. Singer, Paignton, Devon, pulpit and lectern falls; Miss Garland, Southsea, England, lectern and prayer desks; Mrs. A. Stirling, St. Andrews, Scotland, brass altar rail; Col. Browell and officers, Royal Horse Artillery, pulpit; Mrs. Browell, Irish lace pall; the Misses Browell, white silk burse and chalice veil; Mr. E. R. Bailey, altar; the Misses Lysons, altar linen; Mrs. W. C. Cameron, offertory plates; Mr. R. Paul, silver offertory plates; Sunday School Children, brass altar cross and hymn-board; First Church Guild, per Mrs. Greene and Mrs. Boyce, brass altar desk, kneelers and cushions; B. Cartridge, litany desk; I.D.K. Society, organ and $225 to new church building fund; Chancel Guild, altar and litany service books, altar curtains, red chalice veil and burse and $50 to new church building fund; the Women's Auxiliary, linoleum, chairs and have in the bank $1,000 towards parish room and electric lighting of the new church..

The little congregation that first met in the Old School House in 1894, had increased to such a degree that in 1906, at the Easter Vestry the question of enlarging the old or building a new church was discussed. Nothing special was done until the Easter Vestry 1908. A strong committee was then appointed consisting of the following gentlemen:— The Rector, Messrs. T. W. Stirling, F. A. Taylor, E. R. Bailey, W. C. Cameron, A. H. Crichton, R. H. Parkinson, M. G. Gorrie, Dr. B. F. Boyce; this year the names of Messrs. E. M. Carruthers, J. B. Whitehead, and Dr. Shepherd were added. This committee, after careful consideration reported against enlarging the old church and advised the building of a new one on a different site. The vestry instructed them to go on with their scheme. A site was purchased on Richter Street containing about an acre and a-half of land. Designs for the new church were advertised for. The one sent in by our local architect, Mr. W. A. Peters, was chosen. The building will be of stone, Gothic in style, consisting of tower, nave, with clerestory supported on arches and pillars, choir and chancel; there are also the usual vestries and organ chamber and furnace room. A new rectory will also be built on the grounds.

During this canvass for subscriptions, the committee were so much encouraged by the generous and ready help they received that they decided to start work without delay. In the spring of this year 1911, the work was seriously entered upon under the able superintendence of Mr. Martin Band, foreman-mason and Mr. Raymer has charge of the carpentry and joinery.

On Sunday, July 30th 1911, the Corner Stone will be laid by F. A. Taylor Esq., The special preacher on the occasion will be the Rev. H. A. Solly, Summerland. The prayers will be read by the Rector. This will be the real beginning of the erection of a House to the honor and glory of God, and the praise of His holy name.

Happiest Girl in Lincoln

A Lincoln, Neb., girl writes, "I had been ailing for some time with cronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

Sprains require careful treatment. Keep quiet and apply Chamberlain's Liniment freely. It will remove the soreness and quickly restore the parts to a healthy condition. For sale by all dealers.

THE BUDDHIST HADES.

Eight Easy Stages of the Most Awful Kinds of Torture.

The places of torment to which all wicked Buddhists are to be assigned on the day of final reckoning is a terrible place of punishment. This Buddhistic hell is divided into eight "easy stages."

In the first the poor victim is compelled to walk for untold ages in his bare feet over hills thickly set with redhot needles, points upward. In the second stage the skin is all carefully filed or rasped from the body and irritating mixtures applied. In the third stage the nails, hair and eyes are plucked out and the denuded body sawed and planed into all sorts of fantastic shapes. The fourth stage is that of "sorrowful lamentations." In the fifth the left side of the body and the denuded head are carefully roasted, Yema, the Buddhistic Satan, superintending the work. In the sixth stage the arms are torn from the body and thrown into an immense vat among the eyes, nails and hair previously removed. Then in plain hearing of the sore footed, blind, maimed, roasted and bleeding victim the whole horrid mass is pounded into a jelly. In the seventh stage the other side of the victim and his feet are roasted brown, and then comes the eighth and last stage, in which the candidate is thrown into the bottomless pit of perdition.

DEADLY MINE GASES.

White Damp, Firedamp, Black Damp and the Fearful After Damp.

"White damp is the gas most feared by the miners, for its properties render it difficult to detect, inasmuch as it is tasteless, odorless and colorless and when mixed in the proportion of about one part gas to nine parts air is called "firedamp" and becomes explosive to a degree hard to realize unless one has seen its effects.

Black damp, unlike white damp, is heavier than air, a nonexplosive gas which may be detected by its peculiar odor Again, unlike the other, its effect is to suffocate and extinguish fire. This gas is so heavy and moves with such a sluggish flow that occasionally, when miners have been trapped in a mine following an explosion and have detected the black damp creeping in upon them by its smell, they have been able to stop its advance by erecting dams or barricades along the floor, building them higher as the volume of gas increased and keeping the air within their little inclosure comparatively clean by rude improvised fans.

Following an explosion, these two gases become mingled and form a mixed gas, possessing all the dreaded qualities of each, which is known as "after damp," and it is the mixture of gases which destroys any life that may remain following a mine disaster. —Atlantic Monthly.

Late Rising Birds.

A pair of singing birds had been advertised for sale.

"The property of a late rising family," the dealer stated.

"I wound up with that clause," he said, "so possible purchasers would not be scared off by the prospect of an unearthly chattering at 5 o'clock in the morning. Birds can be trained to keep any kind of hours. If they are brought up by a family of nighthawks they learn to go to bed at midnight and get up at 9 a. m., along with the rest of the folks, but if they are tucked in right away after supper they wake up the neighborhood at a correspondingly early hour the next morning. It is advisable for any person who is likely to lie abed until noon to inquire into the early training of a bird before buying."—New York Sun.

American Golf.

Certainly you are in good luck as a golfer if you go to America at all, for they are gloriously hospitable in that land, and, so far as I could see, the idea that some have here—that the American's notion of the object of playing a game is purely to win it, not to enjoy the playing—is perfectly mistaken. I never had the impression more strongly anywhere of being in the company of men who were playing the game for pleasure, not for the mere sake of winning the match. But then it is certainly true, as I heard one of their judges (I mean a legal judge, though he was a judge of golf, too) say in an after dinner speech that it is "the cleanest sport in America."—Horace Hutchinson in London Telegraph.

The Voice of the People.

Lady John Russell visited Paris as a girl in 1830 and witnessed the somewhat artificial enthusiasm for Louis Philippe, who had just been placed on the throne by the revolution. "It is said," we are told, "that any small boy in those days could exhibit the king to curious sightseers by raising a cheer outside the Tuileries windows, when his majesty, to whom any manifestation of enthusiasm was extremely precious, would appear automatically upon the balcony and bow."

One Formality.

"Oh, joy! She has written a letter saying she will marry me."

"Congratulations. When?"

"Well—er—you see her father has to indorse this promissory note before it's good."—Cleveland Leader.

How Ma Resembled Him.

"Tommy, you don't take after your father much, do you?"

"No, ma'am But, gee, you ought to see the way ma does sometimes!"—Exchange.

KELOWNA, B.C.

- Provincial and General News -

King George is suffering from a severe sore throat due to recent speech-making and complicated with a bad cold caught while traveling.

Various railway contractors who have work on the Hope-Kamloops section of the Canadian Northern Railway state that a labor famine exists and that great difficulty will be experienced in securing sufficient men for the scores of camps now being established along the Fraser and main Thompson rivers. It is understood that the Vancouver Board of Trade will be requested to ask the Dominion Government to modify the immigration regulations in order to permit the importation of men from the United States.

It is reported that about a dozen farmers in Halton county, who were shareholders in the Farmer's Bank, and responsible under the double liability, have sold out their property, and either gone west or to the States. Most of them are "homesteading" in the Canadian west, and it is claimed that the homestead laws of Saskatchewan and Alberta are a protection against any claim the bank curator could bring.

The Postmaster-General pointed out in the House last week that the cable companies had agreed to cut rates on non-urgent messages from 25 cents to 12 cents per word and that it had been decided at the recent Imperial Conference that if further concessions were not made state-owned cables would be considered.

King George has given Premier Asquith his promise to appoint as many new peers as will be necessary to pass the Veto Bill. This was announced by the Premier in a letter addressed to Mr. Balfour and read at a caucus of Unionist peers at Lord Lansdowne's house.

Unless Premier Asquith is assured that the government measure will be passed, it will not be placed again at the mercy of the peers until sufficient Radicals have been given patents of nobility to assure its acceptance.

American Fruit Boxes Must be Marked "Short"

An old Grievance Removed by Dominion Order

The authorities at Ottawa have recently issued an order that all American fruit boxes exhibited for sale must, in the future be marked "short." The importance of such an order to all fruit growers will be at once apparent.

In the past the British Columbia fruit growers have had no protection from American competition. According to the Dominion Act, all Canadian strawberry boxes must have a capacity of four-fifths of an imperial quart, and raspberry boxes must hold two-fifths of an imperial quart. The imported American fruit boxes, although to all appearances of standard size, until placed alongside the British Cofumbia product, have false bottoms, and are in reality appreciably smaller in every dimension, and the consumer really receives less for his money than when he buys the Canadian product.

Pedlars and dealers handling American fruit make no distinction between the two products, but call the American "short" boxes quarts as well as the full sized Canadian goods.

Right in your busiest season when you have the least time to spare you are most likely to take diarrhœa and lose several days' time, unless you have Chamberlain's Colic, Cholera and Diarrhœa Remedy at hand and take a dose at first appearance of the disease. For sale by all dealers.

Private Clifford, of the Royal Grenadiers, Toronto, won the King's Prize, the greatest event of the Bisley meet. Clifford, a few days ago won the Prince of Wales prize.

Last year $10,000,000 worth of horses were brought into western Canada from the United States.

A 48,000-mile walk, which is to cover every country on the globe and end up at the White House in Washington, has been commenced by Mr. and Mrs. Humphries of New York.

Complaints that the census in Saskatoon has not been thoroughly taken has aroused the business men and a fund was created for the purpose of a house to house canvass, and twenty canvassers put to work. Bureaus for registering names have also been opened at the civic offices and the board of trade building.

An interesting rumor, given some credence in Parliamentary circles is that a possible successor to Lord Strathcona as Canadian High Commissioner at London is Sir William Mackenzie, president of the Canadian Northern Railway. Sir William Mackenzie would thus in more ways than one be following the footsteps of the great pioneer builder of Canada, and with his wealth and administrative ability would prove a well equipped incumbent of the office. It is stated that this climax to a striking career would probably fall in with Sir William's desire to now seek a little leisure with dignity after his strenuous work of the past twenty years.

The Naramata mill of the S. C. Smith Lumber Co. was slightly damaged by fire which broke out last week. The s. s. Okanagan which was passing steamed to the assisiance of the staff, who however managed to extinguish the flames unaided.

Wholesale Slaughter of Nelson's Dairy Cows

The wholesale slaughter of dairy cows found to be infected with tuberculosis has followed the visit to Nelson of Dr. B. R. Ilsley of Vernon, the Provincial Government veterinary inspector, and Nelson, within the next few days will experience a milk famine.

In some of the dairies, as many as 35 out of 39 cows have been proved by the tuberculosis test to infected with bacilli and it is said that the number of condemned cows in the dairies already examined is consideracly over 50 per cent. All the animals condemned have to be destroyed within a certain period, and as it is impossible for dairymen to obtain fresh animals for some weeks, it is inevitable that many householders will have to fall back on the canned product for their milk supply. Several dairies are put completely out of business.

Experience has shown that some of the most healthy looking cows are the worst infected.

CITY OF KELOWNA

BY-LAW NO. 96.—The City of Kelowna Wooden Sidewalk Local Improvement Assessment By-Law, 1911.

A By-Law to assess, levy and collect the cost of construction, as a Work of Local Improvement, of Wooden Sidewalks under By-Law Number Thirty-nine (39), and to raise upon Debenture Loan the necessary monies for payment of same.

WHEREAS the Municipal Council, pursuant to tho Local Improvement General By-Law Number Thirty-nine (39), determined to carry out certain works of improvements, viz.-the construction as works of local improvement upon portions of the following streets, viz.—

1. A wooden sidewalk, four feet eight inches wide, on the North side of Doyle Avenue, from Ellis Street to St. Paul Street.
2. A wooden sidewalk, four feet eight inches wide, on the West side of St. Paul Street, from Doyle Avenue to the North-east corner of Lot Eleven [11], Registered Plan number Four (432).
3. A wooden sidewalk four feet eight inches wide, on the North side of Cadder Avenue, from Pendozi Street to Long Street.
4. A wooden sidewalk, four feet eight inches wide, on the South side of Cadder Avenue, from a point two hundred and twelve (212) feet East of the North-West corner of Lot Twelve (12), Registered Plan number seven hundred and thirty-seven (737) to the North-West corner of Lot eight (8), Registered Plan number seven hundred and thirty-seven (737).
5. A wooden sidewalk, four feet eight inches wide, on the West side of Ellis Street, from Cawston Avenue to the North-east corner of Lot Nine (9), Registered Plan number six hundred and sixty (660).
6. A wooden sidewalk, four feet eight inches wide, on the East side of Richter Street, from a point one hundred and seventy-two feet (172 feet) North of the South-West corner of Block Twenty (20), Registered Plan number two hundred and two (202) to Wilson Street.
7. A wooden sidewalk, four feet eight inches wide, on the South side of Wilson Street, from Richter Street to the North-east corner of Lot Twelve (12), Registered Plan number six hundred and twenty-two (622).

AND WHEREAS the Chairman of the Board of Works and the Assessor of the City of Kelowna on the Twenty-second day of April, 1911, made joint reports and thereby determined the probable life of the works and improvements at five (5) years, and conjointly ascertained and determined the proportion in which the assessment for the cost of the said works and improvements would have to be made on the real property and portions of real property benefited, and ascertained, determined and showed what real property is immediately benefited by the said works and improvements, and the proportion in which the assessment for the same should be made.

AND WHEREAS the probable cost of the works of improvement, and the amount to be assessed against the owners of the real property benefited as shown by the said report was estimated to be One thousand three hundred and ninety dollars ($1,390.00).

AND WHEREAS the said reports have been adopted by the Council of the City of Kelowna.

AND WHEREAS the Council has decided to distribute the payment of the cost of the said works proposee to be assessed hereunder over a period of Five (5) years, and to borrow the monies necessary to defray such cost upon the special rates levied hereunder upon the lands and improvements benefited, and upon the guarantee of the Corporation at large.

AND WHEREAS the total frontage upon the said works of local improvement of the real property and portions of real property immediately benefited is Three thousand seven hundred and seventy-nine and seventeen twentieths (3.779.85) feet, and the cost chargeable to the property benefited is One thousand five hundred dollars ($1,500.00).

AND WHEREAS the Corporation of the City of Kelowna desires to pass a By-Law for the purpose aforesaid, therefore, the Municipal Council of the City of Kelowna, in open meeting assembled, enacts as follows:—

1. That the real property immediately benefited by the said works of local improvement shall be that which is particularly mentioned in the said reports, and which is set forth and described in the Schedule following.

2. That the shares and proportions in which the said sum of One thousand five hundred dollars ($1,500.00), together with the amount necessary to form a sinking fund and interest, shall be assessed on the various portions of real property benefited in the manner and to the amount set forth in the Eighth [8] and Ninth [9] columns of the schedule to the next preceding section of this By-Law.

And the said real property and portions of real property, set forth and described in the Schedule in Section One [1] of this By-Law contained, are hereby assessed accordingly with the payment of the amounts set in the Eighth [8] and Ninth [9] columns of the said schedule opposite each said portion of real property.

3. The amount of the special rate assessed as aforesaid against each lot, or portion of lot respectively, shall be divided into Five [5] equal parts, as by the eighth column of the Schedule in Section One [1] hereof, and one such part will be assessed, levied and collected in the first year and each subsequent year for Four [4] years after the final passing of this By-Law during the Five [5] years which the debentures hereinafter mentioned have to run, and shall be payable on the dates hereinafter named.

4. That it shall be lawful for the Corporation of the City of Kelowna to borrow on the security of the rates hereby imposed, and on the credit and guarantee of the Corporation at large by way of the debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same, a sum not exceeding in the whole the sum of One thousand five hundred dollars [$1,500.00]

5. That it shall be lawful for the Mayor and Council of the City of Kelowna to cause any number of debentures to be called "Local Improvement Debentures," to be made for Five hundred dollars [$500] each, not, however, exceeding the sum of One thousand five hundred dollars [$1,500], and all such debentures shall be sealed with the Seal of the said Corporation and signed by the Mayor and Treasurer thereof.

6. All of the said debentures shall be dated the First day of September, 1911, and shall be made payable in Five [5] years from the date hereinafter mentioned for this By-Law to take effect, at the Bank of Montreal, in the City of Kelowna, in the Province of British Columbia, and shall have attached to them coupons for the payment of interest, and the signatures of the Mayor and Treasurer of the Corporation respecttvely, or either of them, to the coupons may be affixed by printed, stamped, or lithographed fac-simile.

7. All of the said debentures shall bear interest at the rate of Five [5] per cent. per annum from the date thereof, which interest shall be payable half-yearly at the Bank of Montreal, at the City of Kelowna, in the Province of British Columbia.

8. It shall be lawful for the Mayor and Council of the said Corporation to dispose of the said debentures at a rate below par, and to authorize the Treasurer to pay out of the sum so raised, by the sale of the said debentures, all expenses connected with the preparation and printing of the said debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

9. The amount so assessed and levied against such lots, or portions of lots, as aforesaid, for each year, shall be paid upon the day upon which the general rates and taxes of the City of Kelowna aforesaid become due, in each and every year during which the said debentures have to run, and in default thereof shall bear interest from and after such dates respectively at the rate of Eight [8] per cent. per annum until paid, and may be recovered together with all costs in that behalf forthwith after default by distress and sale of the goods and chattels of the person liable for such debt, or by sale of the whole or any part of the real property so charged; but in the event of any sale of the real property, or any part thereof, Ten [10] day's notice thereof, published in one newspaper circulating in the Municipality shall be given.

10. If the owner of any portion of the said property hereby assessed shall desire to commute the special assessment imposed by this By-Law, he or she can do so by paying the Treasurer of the Corporation on or before the Second day of January, 1912, the amount set opposite the real property mentioned in the Sixth (6) column of the Schedule in Section One [1] of this By-Law contained.

11. That the Corporation of the City of Kelowna do guarantee the monies and interest thereon to be raised under the authority of this By-Law, and the various persons assessed hereunder, and so as in no way to interfere with or prejudice the assessment and special rate hereby imposed or the charge hereby created on the lands and portions of lands, will out of the current year's revenue pay to any person or corporation from whom they may borrow money, upon the security of the debentures hereby authorized, or to the several respective holders of the said debentures the several respective annual payments as they may from time to time fall due.

12. This By-Law shall take effect and come into force on the First day of September, 1911, and may be cited as "The City of Kelowna Wooden Sidewalk Construction Local Improvement Assessment By-Law, 1911.

Read a First time by the Municipal Council this Nineteenth day of July, 1911. Read a Second time by the Municipal Council this Nineteenth day of July, 1911. Read a Third time by the Municipal Council this Twenty-second day of July, 1911. Reconsidered, adopted and finally passed by the Municipal Council of the City of Kelowna this day of , 1911.

..... Clerk.

.....Mayor.

NOTICE is hereby given that a Court of Revision will be held at the Council Chamber, Kelowna, B.C., on Thursday, the 24th day of August, 1911, at Ten o'clock in the forenoon, for the purpose of hearing and determining complaints [if any] against the proposed special assessment or the accuracy of frontage measurements as shown in the Schedule to Section One of the above By-Law, or any other complaint which the persons interested may desire to make and which by law is cognizable by the said Court; but no complaint can be heard unless WRITTEN NOTICE of the ground of such complaint shall have been served upon the undersigned at least eight days before the holding of the said Court.

Dated at Kelowna, B.C., this 25th day of Jully, 1911.

G. H. DUNN,
City Clerk.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhœa Remedy has made it a favourite everywhere. It can always be depended upon. For sale by all dealers.

HOTELS IN PORTUGAL.

Paying One's Bill There Becomes a Duel in Politeness.

When traveling for the first time in Portugal one is apt to become exasperated when he desires to settle up with his landlord at the hotel. When the traveler asks how much his bill is the landlord bows graciously, smiles suavely, rubs his hands together and replies that the bill is as much as the guest wishes to contribute.

This is simply the opening of a duel of politeness, for the hardened traveler at once thanks the landlord for his confidence in him and again very courteously asks for a detailed statement of his account. Still the bill is not forthcoming, for the landlord declares that he does not wish to insult his guest in any such manner. Finally the landlord does reckon up the charges on his fingers. When he has finished he asks the traveler how much the sum total is. If the traveler hasn't kept track of it the landlord very laboriously goes over the account again. If the guest has footed up the bill the landlord is sure that it cannot be so much and insists on a re-reckoning. The result is the same, and the landlord invariably needs to bring two or three more fingers into use for items that had been accidentally omitted.

Needless to state, the traveler not hardened to this process breathes a deep sigh of relief when he "escapes." —Boys' World.

DIET AND AGE.

Proper Eating Would Insure Better Health and Longer Life.

Medical experts, insurance men, educators and teachers of the science of health and happiness generally are in favor of simpler living and a return to nature. The mortality of adult age—of the period between forty and sixty—is increasing, but it is not due to the stress of modern life, to worry and overwork, as some have supposed. It is due, we are assured, to overeating and bad diets. There is every reason why we should live longer and be healthier, for comforts are increasing and inventions are lessening toil and anxiety. But our very prosperity has led to richer and ampler diets, and there is where the mischief lies—there, and in our indoor life. We shun nature; we shut out light and air; we walk little and seldom eat or rest in the open air, in gardens, fields or on porches.

This is all wrong, and the wages of this wrong are ill health, depression, gloom, the shortening of the natural span of life. Habits of outdoor life should be formed early—at school. As much teaching as possible should be done in the open air—and as much playing likewise. After graduation boys and girls should continue to cultivate the outdoor life and families should continue the practice.—Chicago Record-Herald.

WANTED!

2 Cents per word, first insertion and 1 Cent per word each subsequent insertion, minimum 25 Cents.

NURSING
Experienced, moderate terms. Address, Mrs. C. Pitt, Rutland. x
