Farmer's Institute Annual Meeting

Officers Elected for Ensuing Year

The Annual meeting of the Farmer's Institute was held Saturday afternoon last. The President, Dr. Dickson, being absent, the Vice-President, Mr. Raymer, took the chair. Mr. P. Brooke acted as secretary in the absence of Mr. John Leathley.

The minutes of the last annual meeting were read and adopted, also the treasurer's report showing receipts of $112.41 and expenses $67.50 showing a credit balance of $44.91.

The election of officers was then proceeded with. A suggestion was made that the same officers be elected for another term. It was mentioned however, that the secretary, Mr. John Leathley, had declined re-election owing to pressure of other business.

On motion of Mr. Hereron, seconded by Mr. DeHart, Mr. Leathley was elected director for Kelowna, Mr. P. Brooke being appointed secretary.

Dr. Jones proposed and Mr. J. C. R. Harvey seconded that the remaining list of officers be as before. This was carried.

The officers for the ensuing year are thus: president, Dr. Dickson; vice-president, H. W. Raymer; sec.-treas., P. Brooke; directors: for Kelowna, John Leathley; Okanagan Mission, C. S. Smith; Benvoulin, D. McEachern; Rutland, J. W. Woolsey; Ellison, M. Hereron; K. L. O. Bench, Mr. Crichton Spencer.

Mr. H. W. Raymer was appointed delegate to the Central Institute meeting at Victoria to be held in January, with Mr. C. S. Smith and J. E. Reekie as alternatives.

Resolutions for consideration at the Central Institute convention were then discussed. Dr. Jones referred to the great service which was being rendered to the province by the horticultural branch of the Department of Agriculture. He submitted however, that the field of horticulture was too limited to cover many important matters connected with general farming, such as potatoes, vegetables, onions, hay, and other farm crops, and suggested that the government be asked to establish a branch of agronomy which would take care of these matters. Dr. Jones had mentioned the proposal at several places during his lecture tour for the Department and it had been received with general favor.

A resolution was accordingly framed that the government be asked to appoint an agronomist in addition to the horticulturist. Mr. C. S. Smith seconded and the resolution carried.

The following rosolution was submitted by Mr. Raymer:—

"Whereas, the development of the horticultural and agricultural interests in the several portions of the province are such that it is imperative that better facilities for shipment be provided, particularly in the Okanagan Valley;

"And, whereas, the Canadian Pacific railway and steamboat service is at present inadequate to cope with the immense trade which is now and will in the immediate future be offered for shipment;

"Now, therefore, this Central Farmers' Institute in session assembled approves of the avowed policy of the government to give assistance to railways for the development of the province, and would ask that such assistance be given to the railway or railways having for its object the development of the Okanagan, at the earliest possible date."

Upon discussion it was decided to amend this to refer to the province generally, as more likely to be considered at Victoria.

The subject of packing schools then took the attention of the meeting. South Okanagan it was mentioned would not hold a school this year. An application had already gone in for Rutland, and it seemed as though there would be more pupils than could accommodated. Very few applications were coming in for a school in Kelowna and it seemed as though this would have to be abandoned.

Mr. Harvey drew attention to the fact that several pupils of last year's school had been refused employment by the packing houses. He thought this should be looked into by the Institute. The lack of enthusiasm was no doubt due to that cause.

Mr. Hereron said the trouble was the successful competition of the Chinese and Japs who, owing to their eagerness for money, worked faster than white men. He said it would be a good thing if the local packers could advertise fruit as packed by white labor only.

Before adjourning the meeting tendered a vote of thanks to the officers and directors for their services during the past year.

Important Board of Trade Meeting

Resolution Passed Cover Matters of Vital Importance to the City

The meeting of the Board of Trade on Tuesday night, the last meeting of the year, was marked by an unusually heavy list of important matters to be dealt with. The attendance was large and the meeting was not adjourned until after 11.30.

The minutes having been read, a large batch of correspondence was taken in hand.

A letter from the Domimion Express Co., was the first one of any importance. This was in reply to a request for delivery of parcels in Kelowna and stated that the matter was receiving consideration and that a decision would be communicated shortly.

Letters were read from the Hon. Price Ellison and Mr. Hamilton Lang in reference to the permanent improvement work on Mission Creek. The Board of Works, it was stated, could not undertake the work unless the people benefitted were prepared to contribute 50 per cent. of the cost.

The matter was discussed at some length and it was eventually decided to leave it to the executive to arrange for a deputation to the government at Victoria, to put the case more forcibly before them.

The deputy minister of Public Works, Mr. W. W. Foster, wrote on the lake shore road question that it would be impossible to go into it before spring, when the Hon. Price Ellison would be in a position to go over the ground personally.

The superintendent of C. P. R. telegraphs replied respecting the delays in transmitting telegrams. He hoped within a month or so to give the Okanagan a direct wire to the Coast, which would remove many of the delays consequent upon messages passing through Revelstoke. He asked for specific cases of delay.

A report concerning the plots of land in Washington won by the Board as prizes at the Spokane Apple show. Acting upon Mr. Gibb's report it was decided to list the land for sale with agents in Spokane, offering a good commission to effect a sale.

The Summerland Board of Trade wrote asking the Kelowna Board to endorse the following resolution:

"That the Secretary of the Associated Boards of Trade for the Okanagan, be requested to write the Hon. Mr. Hazen, Minister of Marine and Fishries, Ottawa, Ontario, pointing out the fact that Whitefish spawn was deposited in the Okanagan lake some years ago, and a few have been caught in tne past three seasons, which is sufficient evidence to warrant us in making the request that spawn be provided and deposited in the Okanagan the coming season 1912, the great depth of water in the Okanagan taking it beyond the experimental stage in this respect.

The fear was expressed that the white fish might not prove an unmixed blessing, as they were said to be voracious and destructive to the salmon trout. It was decided to obtain more accurate information.

The Angell Engraving Co., wrote advising delivery of the handsome new booklets, copies of which were handed around at the meeting.

The Penticton Board of Trade drew attention to the meeting there of the Associated Boards of Trade of the Okanagan on January 17th and asking delegates to be appointed and copies of resolutions forwarded. The following resolutions were submitted by Mr. Kerr and carried:

1. Whereas surveys for crown grants are shelved for six months before being gazetted after reaching Victoria; and whereas it is then necessary that they should be gazetted for two months before any progress can be made; and whereas, after that the application for a crown grant is held up for six months more in the office of the Department of Lands before anything further can be done: and whereas such an outgageous state of affairs is more appropriate to an Asiatic despotism than an enlightened part of North America; resolved that the Associated Boards of Trade request the Provincial Government to sweep away this abominable system for ever, and make an earnest effort to issue crown grants with the utmost possible promptitude.

2. (This was a resolution passed at a recent meeting of the Board in reference to similar delays in the Land Registry offices.)

3. Whereas, the Okanagan district is enormously under-represented in the Provincial Legislature, while other districts are absurdly over represented (for instance, the Boundary mining district has two members, with a very small population); and, whereas, great injury is done to the Okanagan by lack of representation; resolved that the Associated Boards of Trade request the Provincial Government to take steps to subdivide the Okanagan into three constituencies, and give each a member.

Mr. Kerr pointed out that the wording of the latter was significant. Many proposals had been made to increase members for the valley, but none to sub-divide, which was the only way to give each section real representation.

Mr. H. W. Raymer drew attention to the fact that the offorts of the Conservative Association and of the Board to have a customs office established in Kelowna had met with success and the office was opened this week, with Mr. J. L. Doyle as custom's officer.

A resolution of thanks was passed to the Hon. Martin Burrell for his share in the matter.

The following resolution was prepared and carried:

"Whereas Kelowna has demonstrated that the lands in its vicinity can produce the highest class of fruit and has on many occasions taken the highest awards in competition with fruit-growers from all the principal fruit-growing districts on thiscontinent, thereby advertising the great possibilities for fruit-growers in the Okanagan Valley, and whereas all classses or varieties of fruit, vegetables, tobacco, etc., which can be grown at this latitude and in the dry belt have been successfully grown here;

We, the Board of Trade, would respectfully request that the Experimental Farm be located in the Kelowna district.

The question of increasing the appropriation for roads in the district was made the subject of a resolution proposed by Mr. H. W. Raymer:

"That the Kelowna Board of Trade make strong representations to the Provincial Government pointing out that the amounts set apart for road improvements in the district are in the opinion of the Board totally inadequate, and asking that largely increased grants be made in the immediate future."

The President, Mr. J. W. Jones, made the suggestion that in view of the probable railway developments in the near future serious steps shonld be taken to bring the claims of Kelowna both before the Government and the heads of the railway companies. He suggested that data be gathered and a strong deputation go down to Victoria to look after Kelowna's interests.

The various rumors of railway surveys and schemes were freely discussed, and it was decided to leave the executive to gather the necessary information.

The need for a better Post Office for Kelowna was discussed and a resolution framed by D. Leckie passed:

"Whereas the accommodation at the present Post Office in Kelowna is very limited, and there is no accommodation at all for Customs Department; and whereas the amount of business in these two branches of the government service at Kelowna is much greater than at any city in the Dominion which has similar lack of suitable quarters;

Resolved that this Board of Trade earnestly request the Post Office and Customs Department of Canada to erect a building in Kelowna for the government services mentioned, of sufficient extent for present business, and also for the immense expansion now taking place. And that a copy of this resolution be forwarded to the Minister of Customs, Postmaster-General and the Hon. Martin Burrell, M.P.

Discussion then shifted to the new tourist hotel scheme. Mr. F. R. E. DeHart related the progress which had been made. Since the turning down of the by-law to purchase the corner adjoining the park the lot had been sold at a greatly advanced price to the People's Trust Co., which company had also undertaken to provide the money for the hotel. They had guaranteed to put up a building to cost not less than $80,000, with furnishings about $40,000.

The proposal of an exchange with the city of a portion of the lot ia order to give a rectangular space for the hotel, and leaving the promenade and lake front open for the city was also discussed.

Mr. DeHart mentioned that any other portion of the park might be considered, but the company must have lake frontage. The company had plenty of capital at their disposal and proposed to build and own the hotel themselves. He asked that the Board of Trade pass some resolution signifying their approval of the scheme.

Mr. F. S. Coates, proprietor of the Lakeview Hotel, spoke at considerable length on the project. While he might not be expected to welcome the competition, he knew that sooner or later a tourist hotel of the type proposed would come in, and it would be a good thing for the city. He had been a little sceptical at first as to the size of the hotel, which seemed larger than was possible for a place of this size, but the promoters seemed to have definite information and had shewn how the scheme could be financed. He did not favor the corner as a site for the hotel, but as to building in the park he did not see how it would be any more detriment to the town than out of it. That class of hotel would entirely exclude any rough element, and the usual objectionable features. The city by renting a site might raise money enough to pay interest and sinking fund on the whole park debentures. Although the hotel business was good in Kelowna such an hotel would have to look outside for a large amount of its trade by advertising and inducing people to come in, which would be a benefit to the city.

Several speakers followed, heartily endorsing the need for a first-class hotel. Mr. J. W. Jones said he did not think there was anyone in the city but what would hold up both hands for a first-class hotel, which would provide accommodation for visitors nnd tourists. Mr. D. Leckie while favoring the building of a good hotel objected to its occupying any part of the park.

It was suggested by one that a site further down the park, beyond the grand stand could be selected which would be more suitable.

On Mr. DeHart's suggestion that the company were willing to meet with say five men from the Board of Trade and the City Council to discuss matters, a resolution was passed empowering the executive to act in conjunction with the council in selecting the delegation, which would meet with Mr. St. Alban's, the representative of the People's Trust Co.

Although the hour was getting late Mr. F. S. Coates broached another important matter by asking if anything was being done respecting the acquiring of the telephone system by the City. He had recently been made aware that correspondence was going on respecting its purchase by an outside company, and he thought the city should certainly not allow the system to get away from them.

Mr. H. H. Millie, who was present, then made the somewhat startling announcement that the telephone system was practically sold—that he had almost completed a deal with the Okanagan Telephone Co., for its purchase. If the city wanted it, it would necessary to get busy at once.

Ald. Leckie and Ald. Jones referred to the negotiations which had been made some time ago by the city with Mr. Millie, but which were now at a deadlock.

Mr. R. B. Kerr proposed that Mr. F. S. Coates, Mr. D. H. Rattenbury, and Mr. H. F. Rees be a committee to bring the council and Mr. Millie together on the question.

The meeting then adjourned.

A Merry Christmas

and a

Happy and Prosperous New Year

To All Our Readers.

While the Christmas log is burning
And the air is crisp and clear,
Inmost thoughts are ever turning
To old friends and scenes so dear

Hon. Martin Burrell and Fruit Industry

May Reorganize Entire Fruit Department

Hon. Martin Burrell has made a number of changes in the fruit inspection departmenl. About half-a-dozen fruit inspectors have been dismissed on the recommendation of the officials of the department.

It is also on the tapis that a reorganization of the fruit section of the agricultural department is being contemplated by Mr. Burrell. At the present time the fruit industry is under the direction of the dairy commissioner, whose interests are naturally with dairy and not with fruit farming.

Strong representations have been made by various fruit farming associations that there should be a special fruit commissioner appointed. As Hon. Mr. Burrell is himself a fruit farmer and particularly interested in farming and developing of that industry, it is almost certain that the change will be made.

At St. Michael's church Sunday evening after the usual service there will be a Christmas Carol Service with solos.

The Presbyterian church is having speeial Christmas music on Sunday.

Mr. St. Albans, of the People's Trust Co., was in town this week in connection with the new hotel scheme, which his company are arranging to finance.

The Telephone office will open on Christmas Day only for the usual Sunday hours, viz:, 9.30 to 10.30 a.m. and 5 to 6 p.m.

Royalty Figure in Wreck of Liner

P. & O. Steamer "Delhi" Goes Ashore in Gale

The British P. and O. liner Delhi, aboard of which were the Duke and Duchess of Fife, Princess Alexandra and Princess Maud, went ashore near Cape Trafalgar in a fierce gale early last week, and is now being pounded to pieces by heavy seas. All the passengers have been rescued, the French cruiser Briant having succeeded in reaching the ship after lifeboats had failed and hope was almost abandoned. The Delhi is one of the finest ships in the Oriental service. She carried a number of the British nobiliby, who were expecting to spend the winter holidays in Egypt.

The Christmas tree and entertainment in connection with Knox church is to be held in the Opera House to-morrow night, (Friday). It is to be on quite a large scale this year, and should not be missed. There are to be two big trees filled with good things, and the room will be seasonably decorated. The children have been training for entertainments and a good time is promised. Starts at 7:30.

The management of Dreamland propose to excel all previous efforts in the picture programs for holiday seaso . The leading picture on Xmas day (matinee and evening) will be a very funny comedy "Ah Sing and the Greasers," also a thrilling drama "On the road to Richmond."

A runaway accident in which Mrs. L. Taylor of Bankhead was rather badly hurt occurred last Saturday afternoon on Pendozi Street. Mrs. Taylor was driving with her littie boy when the horse bolted, bringing the buggy in collison with an electric light pole. The unfortunate lady was thrown out, sustaining severe injuries to her head. The little boy was unhurt. We are glad to hear since that Mrs. Taylor is progressing favorably.

MUNICIPAL ELECTIONS, 1912.

To the Citizens of Kelowna:

At the request of a large number of citizens I have consented to stand for the office of Mayor, for 1912, and respectfully solicit your vote and influence at the coming Municipal Elections.

Signed,
J. W. JONES.

MUNICIPAL ELECTIONS 1912.

To the Electors of the City of Kelowna.

Ladies and Gentlemen,

I beg to announce that I am in the field as a candidate for the Mayoralty, and I solicit your support, pledging myself, if elected, to give you a sane, reasonable and economical administration, and to work with all my strength for the progress of our City.

E. R. BAILEY.

Town and Country

The ladies who have promised candies for the "Country Girls' Hospital Aid" concert are asked to kindly send them to Mrs. Cameron, Guisachan, or leave them with Mrs. McKay, at Willit's Drug Store not later than Thursday, December 28th.

Mr. A. A. Gow, who was formerly manager of the Royal Bank here has been appointed to succeed C. C. MacRae as manager of the Vernon branch.

Frank Crane, who recently sold his ranch in Kelowna came in with his family by special stage on Saturday. On Monday they went on to Idaho, where they will make their future home.-Hedley Gazette. (Keremeos News).

Mr. Knowles' watch guessing contest, as usual, created a great amount of interest. The watch was wound up Saturday morning and ran for 33 hours, 52 minutes and 25 seconds. Some of the guesses were of course wide of the mark, while others again came very close, the winner, Miss G. Etheridge, being only two minutes and 19 seconds too low. Miss Etheridge is sister to Mrs. Harold Newby, and is at present on a visit from Victoria.

Messrs. D. W. Crowley and Co. took possession of their new store early this week. Although not yet completed, the new premises offered better accommodation for their Christmas trade than the small temporary one.

Unusual care, perpahs, has this year been lavished upon the store windows and some very fine displays, appropriate to the season, are to be seen along Main street.

Mrs. S. Sproul and family left Monday en route for Victoria. A number of friends were down to see them off.

Mrs. Taylor and her sister, Miss Fraser, of the Vernon road, left Monday for the Coast where they will make a short stay.

Next Sunday the services in the Baptist Church will be in keeping with the Spirit of Christmas. The morning subject will be "Immanuel" The evening theme will be "Universal peace." A well trained choir will render the follnwing anthems. Morning, "Let us now go" Hopkins "In the Field," Farmer. Evening, "There were Shepherds," Vincent. "All this Night," Maunder. Soloists, Miss Dorothy Evans and Mr. S. A. Good.

The Country Girls' branch of the Ladies' Hospital Aid are holding a concert and dramatic performance "*My* turn next" on Friday evening December 29th in the Opera House commencing at 8:30. A good program has been arranged and hearty support is asked. Tickets may be had from any member.

Miss Bullis left yesterday morning for her home in Weyburn.

Mr. J. W. Jones gave an interesting account of his recent visit to Italy at the Young People's Society of Knox church last Monday evening.

The Rev. E. B. Glass and Mrs. Glass bade good-bye to Kelowna last Monday leaving by the boat en route for Victoria.

The Benvoulin Christmas tree and entertainment to-night takes place in the Benvoulin school and not the Mission Creek school as announced last week.

Mr. R. Munson was a passenger Monday for Vernon.

The Hardware & Specialty Co. are showing a choice display of high-grade china and cut glass in their windows this week.

The closing exercises of the Public Schools are to be held to-morrow, Friday. Parents and friends are invited.

BIRTHS

BOND—On Friday, December 15, to the wife of C. Bond, Rutland, a boy.

The quicker a cold is gotten rid of the less danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va. says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

"Buffalo Jones—Lassoing wild animals in Africa" is the greatest cowboy picture ever produced. It is genuine, absolutely devoid of fake of any kind, and will be one of the most impressive ever exhibited. The management of Dreamland has been successful in engaging this feature picture for next Wednesday and Thursday, 27th and 28th December.

The entire elevator plant of the C. P. R. at Owen Sound including two elevators, and 1,000,000 bushels of grain were totally destroyed by fire last week. Many buildings in the vicinity were badly damaged as were also the steamers Athabaska and Keewatin. The loss exceeds one million dollars. The conflagration was the worst is the history of the town.

When your feet are wet and cold, and your body chilled through and through from exposure, take a big dose of Chamberlain's Cough Remedy, bathe your feet in hot water before going to bed, and you are almost certain to ward off a severe cold. For sale by all dealers.

Rutland News.

From our own correspondent.

The Christmas tree and entertainment on Tuesday, December 26 is something you must not forget. Santa Claus leaves for parts unknown after this, so don't miss it.

The Sunday School Anniversary and Rally Day takes place at the Mount View Church on Sunday, December 31st. The morning exercises at 11 a.m. will include good music, addresses, Bible knowledge, contests, etc. Evening service at 7.30.

A meeting of the Rutland taxpayers and all interested in the old Hall is to be held there Wednesday evening, December 27th, at 8 p.m. for the purpose of electing a trustee to fill the vacancy caused by the death of the late Dr. Baker.

Literary Society.

There was a good attendance at the Rutland hall last Friday when the Literary Society met to hear a debate on the question "Resolved that the city offers more advantages than the country." Mrs. Will McDonald was voted to the chair, and a pleasant evening was spent.

Rev. W. Vance and Mr. Warden spoke for the affirmative, while C. H. Leathley and Mr. Duggan championed the negative side.

Mr. Vance led off with a speech that was noted for its brevity, though he made up for this later on. He claimed that boys and girls from the country had to leave home if they wanted to finish their education, which could only be done in the city, and that this disrupted the home; and that in the city there were quite a number of spheres of work, while there were at most only four or five kinds of work a man could turn his hands to in the country.

Mr. Leathley combatted these statements and expressed his belief that agriculture was the basis of all natural wealth, and instanced England which was suffering from the fact that its rural life was utterly neglected in favor of the cities. Country property was the best of all kinds of security for loans, etc. Wealth, he claimed, in its best form must be permanent, and this was not so in the case of city property.

Mr. Warden and Mr. Duggan followed, and the meeting was then thrown open for discussion.

Mr. Vance, in his reply pointed out that the audience should not confuse the issue. It was not whether the country was the most congenial life, but what had the most advantages.

On a vote being taken, (there being no judges) the resolution was carried in the affirmative by 15 votes to 14.

A general committee consisting of Misses Ida Fleming, L. Bird, Craig, Duggan and Messrs. Clarence Duncan, J. Fleming, and W. Craig was appointed with power to rent the organ used in the Baptist services if they saw fit. It was also decided to move into larger quarters, the expense to be defrayed by a box social when convenient.

Items from Ellison

(From our own correspondent.)

Ellison district is to have the time of its life next Tuesday week, Jan. 2nd, at the opening of the new school-house. A grand concert has been arranged for the early part of the evening. After this a supper is to provided in which Ellison is determined to distinguish itself. It is to be a combination of Christmas dinner, New Year party, and school-opening, and like the school building itself will put all previous efforts into the shade. Already several parties are being arranged to go out from town to take in the event, and if the weather man sends good sleighing then Ellison had better look out.

East Kelowna

The East Kelowna Debating Society met on Friday, December 15. The secretary, Mrs. T. L. Gillespie, gave a paper on Shakespeare's tragedy of Macbeth. A discussion on the paper followed, in which the president, Mr. Salvage and Messrs. McKie, Wallace and Geo. Allen took part. On December 29th a debate will take place on the following resolution:- "Resolved that the Home government has the right to involve the Overseas Dominions in war." Appointed speakers, affirmative Messrs. Geo. Allen and Affleck; against, Messrs. Reekie ane Salvage.

Every family has need of a good, reliable liniment. For sprains, bruises, soreness of the muscles and rheumatic pains there is none better than Chamberlain's. Sold by all dealers.

Kelowna's New Customs Office

Another important step in the advancement of the city was marked this week by the opening of a customs office here. Kelowna is growing out of her clothes pretty fast, and the nuisance and delay of having all parcels from abroad stopped at Vernon for the collection of duty has been a sore spot for a long time. The matter has been the subject of agitation with the Dominion authorities for a long time, but with very little result.

The recent visit of the Hon. Martin Burrell, however, brought matters to a head. A deputation consisting of Messrs. H.W.Raymer, J. W. Jones, and R. F. Morrison waited upon him, and the claims of the city were forcibly presented.

It is to the credit of the Hon. Martin Burrell that so little time should have been lost following his visit before we had the realization of our wishes.

Kelowna has been made the same as Vernon, a sub-port of entry from Revelstoke. One of the pleasant features too is the appointment of Mr. J. L. Doyle as customs officer, an appointment with which everyone will heartily concur.

The knowledge that when one has business with the customs office, one will be received not by the haughty airs of some snappy and pompous official but by the genial smile of kindly Mr. Doyle, will we are sure result in an immediate increase in the business of the office. Mr. Doyle at present occupies quarters behind the Post Office, but we hope the day is coming when both the postal and and customs business will be carried on in a building more in keeping with the growth of the city.

Communications

Under this heading communications will be received upon any subject of interest. Letters must be signed, be brief, avoid personalities. The Editor does not necessarily endorse opinions given below.

Business vs. Sentiment

To the Citizens of Kelowna.

I take this opportunity of directing your attention to various matters that are at the present moment of the utmost importance to this city.

During the past few years we have been making a sure and steady growth in population; comfortable homes and substantial business blocks have been erected, all revealing faith in the future development of the district behind the city. We are passing through a period in this city's history where it is absolutely necessary that the very best men that can be secured should be placed on the Council Board to advance the prosperity of the city and carefully guard its very important interests.

With a keen sense of the responsibilities that fall upon the Mayor, of this city, I yielded to the solicitations of men who are concerned over the problems concerning us, and have consented to stand for the position of mayor for 1912.

With the experience of the last two years on the City Council, and in touch with all questions affect its welfare, I am in a position to accomplish much for the City along the lines of:-

Railways entering the city and district.

A sewerage system.

Street improvements.

Government aid for public institutions.

Making Kelowna a tourist centre.

An improved Ferry system.

I ask you to consider these questions carefully. Are you in favor of allowing business principles or sentiment to rule your city?

I trust that you will choose the very best men available for the council of 1912. It is only on account of these considerations that I solicit your vote and influence as Mayor,

Yours for a business adminstration.

J. W. JONES.

The OAK HALL CLOTHING Co., Ltd.

- Provincial and General News -

Apparently Italy's war against the Turks is at an end in the neighborhood of Tripoli. There is much to done yet in clearing the neighborhood of bands of Turks and Arabs.

The delegate from Nelson to the Central Farmers' Institute at Victoria in January, will ask that a first-class plant pathologist be appointed to study fruit diseases, and more particularly the Baldwin spot, also that the government give a bonus of $100 per mile to any company or municipality that establishes a telephone system in a district.

The Italians of Montreal have bitterly resented the showing of moving pictures depicting the alleged cruelties of Italian soldiers in Tripoli. In one place where the films were on view, a crowd of young Italians rushed the theatre, tore down all the advertising signs depicting scenes of the war, routed the ushers, and fought their way to the proprietor, forcing him to stop the performance. The indignant Italians are asking the Italian consul to take the matter up, and they threaten to return and wreck the theatre if the pictures are again exhibited.

The King-Emperor and Queen-Empress last Friday laid the first stone of the new government buildings of India which, as was proclaimed after the Durbar, are to be at Delhi, the new capital. There was a brilliant assemblage of ruling princes, governors and state officials.

Mrs. Arthur Stannard, the novelist, who was known by her pen name as "John Strange Winter," died last Thursday. She had been confined to her bed for the last five years as the result of an accident while stepping out of an elevator. Mrs Stannard was a prolific writer of stories, chiefly of army life. Ruskin referred to her as "the author to whom we owe the most finished and faithful rendering ever yet given of the character of the British soldiers."

Sir Charles Tupper is suffering from an acute attack of bronchitis.

John Sinclair, an Alpha farmer set a trap for a bear and caught his bull instead. It took the help of several neighbors to release the angry animal.

A reward of $1000 awaits the person who can prove to the satisfaction of Charles W. Morse, of Brooklyn that the earth is round. The money is on deposit in a Brooklyn Bank. Mr. Morse does not expect to be called on to pay the reward to any astronomer or geographer, for he is certain the earth is square. The idea that the earth revolves around the sun at a terrific rate of speed is all nonsense according to Mr. Morse.

The C.P.R. liner Empress of China, which went ashore in August on the Awa Peninsular, Japan, has been refloated and will be immediately drydocked at Urega to the south of Yokohama. Nearly four months on the rocks, during which time the vessel has been battered continually by storms on the exposed Japanese Coast, speaks volumes for the staunch build of the steamship.

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency towards pneumonia. This remedy contains no opium or other narcotic, and may be given as confidently to a baby as to an adult. Sold by all druggists.

The first train on the new tine to Port Alberni was due to run yesterday.

T. J. Cummisky, C. P. R. agent at Vernon, has been appointed inspector of Indian Reserves, vice Dr. K. C. McDonald, resigned.

The Summerland Trust Company will no longer be known by that name. Henceforth it will be the Okanagan Trust Company, Ltd. The necessary change in their charter has been granted by the Provincial Government.

Summerland has had a bad scare lately, owing to an outbreak of Diphtheria. The schools were shut down and prompt measures taken. Although probably exaggrated reports admit a considerable number of cases.

According to C. C. Castle, Dominion warehouse commissioner, from thirty to forty per cent. of the Western Canada crop is still unthreshed in the fields. Threshing continues in many sections of the prairie provinces, and given fair weather conditions, the grain will be cleaned up by February.

The watchmaking firm of Louis Gallopin, of Chaux de Fonds, Geneva, has just completed a wonderful watch, the only one of its kind in the world. A pearl, which weighs forty-five grains and has a diameter of half an inch, contains all the works. It took an employee of the firm fifteen months to hollow out the pearl and fix in the wheels. The watch, which is guaranteed to keep good time and may be worn as a ring on the finger, is worth $6,000.

British Insurance Bill.

The British Parliament adjourned Saturday last after enacting the most important legislation in recent years—the veto bill, restricting the power of the House of Lords to kill popular measures, and the industrial insurance bill, championed by Chancellor David Lloyd George.

The 1912 session of Parliament will begin on February 14.

Prior to adjournment the King's speech was read. His Majesty expressed satisfaction with the insurance bill and declared he believed it would go far to relieve conditions of stress in the workers' lives throughout Great Britain.

The National Insurance Bill was presented to Parliament for action by Mr. David Lloyd George, chancellor of the exchequer. It is an adjunct to the already existing law providing old age pensions.

Through the operations of this enactment it is calculated about 9,200,000 men and 3,900,000 women will be compelled to insure. Small deductions will be made weekly from their wages and their employers will be compelled to contribute a similar amount, to which the state adds a further contribution, these three items forming the premium. The deductions from wages and the employer's contribution will be graduated according to the insured person's earnings.

The benefits derived under the scheme will be medical relief and a small sum for maintenance during illness, a life pension if permanently infirm and also an allowance in case of unemployment except when the idleness is the result of a strike.
