[CONTINUED.]

HOW THEY TREATED CLAIM-JUMPERS.

They had a strong sense of justice, had these old timers, and the claim jumper got short shrift. There was no prison in the camps. It was not required. There was not even a constable. Judge Riley was gold commissioner, and about the only case that came before him was that of a claim-jumper. They knew how to deal with claim-jumpers then, and a little of the same spirit nowadays exhibited towards these curses of the mining industry would have a healthy effect. Well, when the claim-jumper struck the camp and interloped on another man's ground, the miners just held a meeting. Those who know anything of life in the old mining camps of the west know what a miner's meeting means. It had more terrors than all the judges, and police and law in the country.

At the meeting a committee was appointed to interview Judge Riley, take the necessary steps to clear the camp of the claim-jumper, and they did. They waited on Judge Riley and asked him to take proceedings against the man. The Judge said he had no place to put him.

"Well" said the committee "we shall give you so long to deal with that man, and if you dont do it we will."

The Judge took the hint. He swore in special constables, had the claim-jumper arrested, and as there was no prison, the culprit was chained to a tree. Nice legal points as to title were not waited for in those days. The Judge simply got a boat and shipped the claim-jumper out of the camp in charge of the special constables and peace again reigned.

THE EXODUS.

When the rush out took place stores and saloons were left as they stood with their stocks of groceries and liquors, cabins remained furnished as they had been used.

A splendid billiard table and equipment which were being packed in over the Seymour Pass were taken from the packhorses and dropped on the trail, where it is said they lie to this day.

Fire eventually wiped out French Creek City, but there are still many remains to be seen in the country of the days of the old timers, most of whom are now beneath the sod.

A PIONEER'S STATEMENT.

As a record of those days is of interest and well worth preserving, I give the following statement for which I am indebted to one of the pioneers of these early years of the Big Bend:

"In the early part of April, 1865, a prospecting party started from Marcus, Colville, Wash. The party consisted of two boats, Nels Demars being captain of one, and H. C. Carnes, after whom Carnes Creek was named, captain of the other. These parties landed at the mouth of Carnes Creek on May 5th. On landing Demars and Carnes went up the creek prospecting. They washed a couple of pans below the canyon and obtained a pretty fair prospect. This was encouraging, so they went above the canyon, where they washed out in a short time gold to the value of $1,500. Returning to camp they showed us the gold.

THE FIRST MINERS MEETING.

Next day we called a meeting and resolved to send back one of the boats to Colville for more supplies and tools. I was appointed to take charge of the boat for the trip and selected the following crew: Eugene Laforme, Chas. Malho, Mose Duppe, Peter Foster and Hall. We made good time on the way down, purchased supplies to the value of $850, and returned to Carnes Creek, reaching there on July 6th. The rest of the party had meantime put in their time at the diggings, so those of us who had been down south started up the river with the boat to prospect the country further. At Goldstream we camped two days. Here we got some coarse gold but were not satisfied with it, so decided to go further on. We made a dugout and went up Goldstream, the intention being to prospect the tributaries. A portion of the party remained at the Goldstream washing to prospect the canyon. Right at the head of the canyon Demars panned out $457 worth of gold in three pans of dirt. This was then known as the Discovery claim, the discovery being made on July 19th, 1865. Five men took out $18,000 worth of gold in five weeks. The discoverers were Eugene Laforme, Chas. Malho, Mose Dupre, Peter Foster, Louis Lee and Hall. Shep Bailey, H. C. Carnes and others had remained at Carnes Creek. We

BROKE UP CAMP

on Oct. 29th following, and started down the river for Colville. The weather was getting cold, and there was about 14 inches of snow on the ground when we left, and it was still snowing when we got to Fifteen Mile Creek, 15 miles above Revelstoke. We found lots of ice at the narrows and had some difficulty in getting through the lower Arrow Lake on account of the ice. We had three boats with us, in charge respectively of Nels Demars, H. C. Carnes, and Shep Bailey, and reached Marcus safely. That place was then known as Fort Colville.

THE SEASON'S GOLD.

The result of the season's operations was that H. C. Carnes and party had $9000 in gold, which they had taken from Carnes Creek, Nels Demars and party had $18,000 which they had taken from French Creek, and the party which worked Goldstream had $2.000.

A HIGH TIME.

We reached Colville safely and I can tell you we had a high old time of it. As the saying is we painted red the towns of Marcus and Pinkney city.

We did not forget two mates who were left at Fifteen Mile Creek, and who had refused to come out with us, so, on January 1st, as they had not turned up we called a miner's meeting and decided to send

A SEARCH PARTY

to bring them out. Nels Demars and another of the party were told off for the work, and they hired two Indians to assist. Demars got two hand sleighs, a quantity of supplies for the trip, and the search party started from Marcus in a canoe on their perilous trip. They had a hard time having to pole or use the tow line, and through slush and ice. At what is now Robson, solid ice was encountered, and the canoe had to be abandoned. Demars sent the two Indians back to Colville on a raft, loaded his hand sleighs, and started up the river with his companion. The party made good time up the lakes and river till they came to what is known as the Green Slide, when the ice broke and Demars was precipitated into the water. Camp was made for the night.

Next morning Demars started out alone with one pair of blankets and some grub for Fifteen Mile Creek, where we had left the men. When Demars reached the cabin he saw some smoke, but on entering

A SHOCKING SIGHT

presented itself. The two men were huddled together over a small fire on which one of them was placing some boughs, but both were reduced to skeletons, and were almost naked. Neither answered when Demars spoke. One of the men, named Lee, was out of his mind.

Demars stayed with them giving them food in small quantities, and made them pants out of his blankets. He had a hard time with the man Yagel, who was so ravenous it was difficult to keep him from eating too much. Demars had to knock him down to restrain him from his attack on the small store of supplies that had been carried in.

On the fifth day after reaching the men Demars started down the river with them. As luck would have it the travelling was good and the companion of Demars met him at the mouth of the canyon with more supplies and a sleigh. Camp was made and the party remained for a few days to allow of the two men gaining enough strength to travel out to Robson from which place the canoe was taken. It took three weeks to get them down to Colville, where Lee, who never recovered, died shortly after."

RAILWAY ACCIDENT

Two Men Killed---Engine Drops Into Fraser River.

(By Telegraph.)

Lytton, Dec. 6.—The west bound freight, Conductor Harris, struck a rock slide four miles west of here at 5:30 this morning. It was ahead of No. 1, which was flagged.

Engine 534 went over the embankment and dropped three hundred feet into the Fraser River.

Engineer Arthur Randall and Fireman Ernest Pottruff, of Kamloops, were killed.

At the call of the engineer to jump, brakeman Albert Rumble jumped through the engineer's window over the embankment, escaping with slight bruises.

Bodies of the engineer and fireman were found amongst the rock near the engine.

The rolling stock was considerably damaged and traffic is delayed.

Porttruff had been married only a few weeks, his brother, W. Porttruff, resides in Revelstoke.

CURLING CLUB.

General Meeting---Election of Skips.

An enthusiastic crowd of curlers attended the meeting in No. 2 fire hall on Monday evening. President McCarter occupied the chair.

The canvassing committee reported a large addition of new members, membership of the club having now passed the 40 mark.

The committee appointed to interview the rink management reported that satisfactory terms could be arranged and the committee were authorized to enter into an agreement with the Rink Company accordingly.

The following skips were elected for the ensuing season: G. S. McCarter, A. J. McDonnell, A. McRae, D. M. Rae, G. H. Brock, J. Lauder, A. M. Pinkham, H. A. Brown, Dr. Carruthers, W. McGuire.

J. Rae and A. T. Walley, of the Nelson Curling Club were appointed proxies to represent Revelstoke at the annual meeting of the Kootenay Curling Association in Nelson on Dec. 6th and were instructed to support Nelson for the bonspiel this year.

A. J. McDonnell was elected umpire of the club.

The clergy of the city were unanimously elected honorary members of the club.

A communication from the Calgary Brewing Company was read stating that it was their intention to donate a cup for competition among the rinks belonging to the club, the rink winning said cup oftenest in three years to become owners of same.

Owing to the large number of new players this year it was decided that skips in forming their rinks must have at least two green curlers.

The secretary was authorized to remit the club dues to the Kootenay Curling Association.

The meeting then adjourned.

ST. ANDREW'S ANNIVERSARY

Celebration at Revelstoke.

There was a gathering of the clans at the residence of Dr. Carruthers on Friday evening last to commemorate the birth of Scotland's patron saint. The occasion was celebrated right royally, song and story following each other in rapid succession. A sumptuous repast was thoughtfully provided by Mrs. Carruthers which added not a little to the success of the occasion. During the evening a lengthly discussion was indulged in as to the advisability of reorganizing the St. Andrew's Society and it was finally resolved that no more appropriate time for so doing could be chosen than that which was then being celebrated. The following officers were then duly elected: Pres. W. McLaughlin, Vice-Pres. Dr. Carruthers, Secy. A. McRae.

It was determined that on the next anniversary of St. Andrew the celebration would be of a more general and public character.

THE STORES

Preparations for Christmas Trade.

The stores of the city are now receiving and displaying stocks for the Christmas trade. It is safe to say that never in the history of the city have our business men gone to so much trouble to procure choice goods suitable for the season, and there is every prospect of a big Christmas trade.

STATIONERY AND DRUG STORES.

The Canada Drug & Book Company have a splendid stock of Christmas and New Year cards and calendars. The former include pretty local views. Here is also to be found a full line of toilet and fancy goods, including dolls, toys, purses, smoking sets, chinaware. Perfumes are represented by a big line of the best English and French makes. A good stock of musical instruments has been received, also fashionable and late books, handsomely bound in cloth and suitable for Christmas presents; church services, poets etc.

G. F. Curtis's stock includes a specially good selection of mechanical toys as automobiles, trains, dolls, animals. The dolls are so up-to-date that they laugh and cry, say "papa" and "mamma" and would seem to embrace Edison's latest researches in imparting motion to matter. The dolls' houses are a specially fine lot. There is also a warship, big guns, automatic shooting gallery, and construction blocks. There is a good display of Christmas and New Year cards and calendars, ladies satin-lined work-baskets, gold and silver mounted purses, ebony and sterling sets, and brushes. Mr. Curtis informs us he has never before had such a fine lot of seasonable goods as has been received for the coming Christmas trade.

W. Bews has received a fine line in perfumed soaps and general perfumery, atomisers, ebony goods, brushes single and in sets, children's books, wedgewood ware, plates of national design. The holiday stock includes a large stock of McCormick's maracaibo chocolates, Christmas and New Year cards and calendars. The stock of bound volumes of the poets is very handsome. Mr. Bews will have the largest stock this Christmas that he has yet carried.

DRY GOODS.

Taylor & George are getting in a nice Christmas stock.

Reid & Young have ordered full lines for the Christmas trade and promise a surprise of special interest to the children.

JEWELLERS.

J. Guy Barber has imported a superb assortment of watches and chains, brooches, manicure sets, fancy clocks, cut glass, fancy and sterling goods of all kinds.

TOBACCONISTS.

J. W. Benner has received a good stock of candies, also cigars, sets of brushes, combs etc.

Frank Brown intends to have his cigar store nicely decorated for the Christmas season.

BUTCHERS.

P. Burns and Co. and J. I. Woodrow will each have on hand large supplies of poultry, meats and the luxuries of the season. Messrs. Burns and Co. have imported a large consignment of Finnan haddy.

FURNITURE.

R. Howson has a splendid stock of furniture and carpets with which to handsomely equip the homes of the city for Yule tide.

GROCERS.

Bourne Bros. have opened out a large stock of attractive goods besides fancy groceries, fruits etc., usually in demand at this season.

C. B. Hume and Co. will have a large stock of Christmas requirements, including choice fancy goods, fruits, silks, and fancy groceries.

Morris and Steed are making a nice display of crockery, and have just opened out a choice stock of Christmas groceries at low prices.

TAILORS AND CLOTHIERS.

R. S. Wilson has received a new line of overcoatings and fancy worsted suitings especially for the Chrismas trade.

J. B. Cressman has a large stock from which to select Christmas suitings.

BAKERS.

A. N. Smith is taking orders for iced and ornamented Christmas cakes which he undertakes to deliver anywhere within 100 miles of the city. He has also imported a stock of choice supplies for home baking as new fruits, lemon peels, almond paste etc.

Norman Lauder is making a specialty of Christmas cakes, for which he is taking orders.

Examination of and reports on Mineral Properties a Specialty.

The Kootenay Mail

FRIDAY, DEC. 6, 1901.

THE average cost of living in America has now reached the highest point of the past decade.

FOR its size there is no more enterprising town in the province than Kaslo, and it deserves to succeed.

IF the report be true, that the Laurier government have determined to nationaltize the telegraphs, it will be a great step in advance.

FOR the second time during the current year the steady increase of the business of the KOOTENAY MAIL has necessitated enlargement. THE KOOTENAY MAIL is now one of the largest and best inland weekly papers of the province.

THE Bureau of Mines is not rendering to this province the service that might be expected. One reason is that the Provincial Mineralogist, Mr. Robertson, is required to be in the field as well as to attend to the office work. No official can perform these two duties satisfactorily. A monthly system of statistics with the frequent issue of leaflets to prospectors and mine-owners would do much to make the Provincial Mines Department a useful institution.

IT seems that the claim made by the city against the Dominion Government for a refund of the expense to which the city was put over the small-pox cases last spring was good after all, since the case originated outside the province. Rossland is in the same position as Revelstoke was then and will demand of the Dominion Government full compensation for all outlay occasioned by the present outbreak there. On a former occasion the Dominion government made a refund to Rossland under similar circumstances.

MR. J. M. Kellie's last letter on representation has placed Editor Houston M. P. P. in the position of declaring that population should determine representation, irrespective of area. No more outrageous and unjust proposition could be put forward by a legislature. It is just such a policy which places Yale-Cariboo today in the position of only having one member in the Dominion House. It means placing the province entirely at the mercy of the representatives of a few large cities.

SHOULD the Canadian Northern railway be carried railway through to the coast as proposed in the interviews between Hon. W. C. Wells and Messrs. McKenzie and Mann, it will insure the construction of a railway up the Columbia valley from Revelstoke, to connect that road with the Kootenay country. This will result in opening up the Big Bend in first-class shape, and the work will be one of great importance to Revelstoke. The new line will also bring the Tete Jaune Cache mica field and the great mining country of Cariboo and Omenica within easy reach of transportation.

IT is high time that the Dominion government re-organised its militia department, for the administration of the officers in charge has been most discreditable. In the case of the corps of Rocky Mountain Rangers formed at Revelstoke the department declined to refund Capt. Taylor for his legitimate expenses, and at Victoria an experienced and highly esteemed officer like Col. Gregory has resigned on account of the arrears. Those volunteering their service do well by giving their time to drill and the government treat the volunteer corps dishonorably when they fail to provide for the expenditure involved in the formation of such corps.

CORPORATION ABUSES.

If the Crow's Nest Coal Co. propose to establish another town in place of Fernie, then it is an outrage, and its time the Dominion government interfered to prevent once and for all such scandalous abuses on the part of corporations. The Company sold lots at Fernie and these were bought in good faith by people who established their homes and businesses there. The C. P. R. did this sort of thing in the case of Kamloops, Revelstoke, Donald and other centres, and ruined many deserving people. Jim Hill is the controlling interest in the Crow's Nest Company and he is no better in this respect than President Shaughnessy. It is the duty of the government to make such abuses of the public interest an impossibility.

SOCIALISM.

The progress of socialistic teaching is so great that many thinking men expect to see the public policies of Canada and the United States shaped on socialistic principles within the next few years. The Toronto Globe's recent editorial was an indication that the moulders of thought are giving the question deep study. Mark Hanna recently in a speech stated that the next election would see a fight on between Republicanism and socialism, from which it may be logically inferred that the Democratic party would be abolished by the parties mentioned. Among European nations, and in the Australian colonies, socialism is making rapid headway. In Germany there are 72 socialist members in the Reichstag. This is sufficient evidence in contradiction of the opinions of those who erroneously contend that the land's believers are mostly of the illiterate and unruly class, inasmuch as Germany has but one per cent who can neither read nor write, thus standing at the head of nations on matters educational.

BRITAIN AND HER COLONIES.

The colonial policy of Great Britain has never been such as to consolidate the interests of the empire, and in many respects the policy adopted is utterly subversive of the relationship that ought to exist between the mother country and her colonies. More especially is this exemplified in regard to Canada, the star of the empire. Some time ago the Canadian government instituted the principle of a preferential tariff for British goods, naturally expecting that some action would be taken to alter the British tariff in the direction of favoring the colonies. The British government accepted the boon offered with indifference, and showed no desire to reciprocate. Yet the home government did not hesitate to accept the assistance proffered by the colonies in the care of the South African war. The Australian governments pay the cost of maintenance of the South Pacific squadron. In British Columbia appeal after appeal has gone forth to limit Asiatic immigration, and just as often the measures passed by the legislature have been rejected. Canada ought to have the preference for the Australian mail service, provided the C. P. R. and steamship companies will deliver the mails in the same time as can be done via New York and San Francisco. Yet we find our American cousins jubilant over the news that the home government have just renewed the contracts for continuance of these mails as before and have rejected the Canadian route. Colonies who show their loyalty as the British colonies have done should be treated with something more than indifference if the integrity of the empire, and the loyalty of its dependencies are to be maintained.

MINING NOTES

Prospectors and mine-owners are invited to contribute to the KOOTENAY MAIL information of a reliable character regarding their properties, describing surface showings, development work and results attending it, assays, and new discoveries. The editor desires to make the MAIL a means of furnishing to investors reliable information concerning the progress and development of the mineral resources of North Kootenay.

Ed. Hillman has the contract for hauling Nettie L ore this winter.

John H. Mackenzie, the new manager of the Le Roi, has taken charge.

Deals for properties on Keystone Mountain are in progress.

The electric drills at the Payne mine are reported a success.

Boundary mines have shipped ore to the value of $2,012,782 this year.

The U. S. Supreme Court holds A. M. Flower, of the copper trust, for contempt of court in refusing to answer questions regarding the trust.

Capt. Tarlow, liquidator of the Athabasca, went north on Friday.

An English company has bonded a placer claim at Lytton.

Copper ore has been found on the Chemainus River, Vancouver Island.

The Boundary mines will produce 375,000 tons of ore this year.

A 400 ton smelter is to be erected at Osborne Bay, Vancouver Island.

Last week silver declined in New York to the lowest price known since 1898.

The Vermillion Forks Mining Company is now selling coal at its Princeton mine.

A company has been formed to work the gravels of Granite creek, Similkameen, by hydraulicing.

W. M. Brewer, M.E., advocates the establishment of a copper refinery on the coast.

A big lead smelter is to be built at Kaslo by a Chicago syndicate, who are interested in the Monitor mine.

The success attending the development of the Standard property is attracting attention to the Big Bend.

Copper dropped $25 a ton in London this week and copper securities declined violently in consequence.

The Similkameen Valley Coal Company's property has been purchased by a Toronto syndicate for $36,000.

The Crow's Nest Coal Company now turn out 2,000 tons of coke per day. The payroll for October was $36,000.

The Tribune reports a body of twelve feet of ore on Forty-nine Creek including native copper.

On the Red Line, at Windermere, ore has been struck which runs 800 to 1000 ozs. in silver per ton.

Cory Menhinick has taken a bond on the Sunset from G. D. Scott, of Vancouver, and will place the property before friends in England.

The largest deal in the Boundary is reported to be the transfer to the Copper Company of the Mother Lode and Smelter at Greenwood.

The output of the Rossland camp for last week was 9975 tons, of which the Le Roi produced 4200 tons and the Le Roi No. 2 1500 tons.

A. F. Rosenberger has gone to Michigan and Minnesota to push sale of stock in the Northwestern Development syndicate.

A rich strike has been made on the Sunset mine in Boundary, the ore on the 300 ft. level running $21 in gold, besides silver and copper values.

The copper trust having been blamed for bringing about the heavy fall in copper last week, the London Times declares it against their interest to do so.

A mining man informs us that the articles on the Big Bend appearing in the KOOTENAY MAIL have done more than anything else to cause enquiries for mineral properties in that section.

Raymond Allen has run two drifts this fall on the old channel of Camp creek in the Big Bend. One of these drifts is 45 feet in length and the other is 100 feet. A blind shaft is now being sunk to bedrock.

The Prospectors Exchange, of Nelson, so ably conducted by Mr. Rosenberger, has been taken over by the Mines Exchange Limited. Mr. Rosenberger is still connected with the new company.

Several local gentlemen who are interested in the mica deposits at Tete Jaune Cache are jubilant over the prospect of the Canadian Northern Railway being built through the Yellowhead Pass, and thus bringing them within easy reach of a market.

The ore body on the True Blue, near Kaslo, has been cut at a depth of 140 feet and the pay chute is 4½ feet in width, as against 16 inches in the upper workings. The ore on the upper level ran 20 per cent. copper and $2 to $3 in gold.

The Era reports that at a meeting of those interested in the Big Bend mica deposits it was agreed that each individual claim owner would give a bond on his property to Hon. F. W. Aylmer, in order to enable him to treat with capitalists for their sale. This action will give Mr. Aylmer a chance to arrange for the opening up of the Big Bend mica with capitalists who have expressed to him their willingness to invest if the ground proves valuable when thoroughly examined.

Something entirely new and interesting. Read what you are to do. You may get $5000. Our contest is to see who can make the largest list of names for kinds of birds from the following list of letters:

W D O O O C K Q U I A P R T A R I D O
E S P N I E L V E O R D I M W A D O H T L

We will recognise as a bird anything belonging to the feathered tribe, whether it be a Hen, Crow, Singer or any other kind. You can use any letter as many times to make a name as it appears in the foregoing above; for instance Woodcock, Plover, snow bird, etc. To any persons who can make a list of 25 or more different names of birds, we will give absolutely FREE a beautiful Prize Value $1.00 or less.

BIG PRIZES AWARDED DAILY.

When you have made out your list fill out the line on the bottom of this advt. and send to us with a Stamped Addressed envelope, stamp of your country will do, then if you are awarded a prize you can if you desire get the prize by becoming a subscriber to THE WOMAN'S WORLD. We shall award a prize to every person who sends the name of 25 Birds, and our gift will be as follows: For the best list, received each day, a Gold Watch; for the second best solution each day a beautiful Imported Tea Set; for the seven next best solutions each day, a women's Search Diamond and ruby Ring; for the next best solution, a Gold Piece; and for all other correct solutions, Prizes of Good Value. These Prizes will be forwarded daily; you will not have to wait a long time in uncertainty before you know the result. There is no element of lottery in our plan, it makes no difference whether we get your solution late or early in the day. All you need do is to post the list to us, and on the one it reaches us if your list is the best you will have the Gold Watch or if second best the beautiful Tea Set, and so on. We guarantee that you will be awarded a prize. There is absolutely no opportunity for deception or any publication connected with it. We want to get 10,000 well satisfied subscribers, and for that reason we don't want you to send any money until you know exactly what prize you have won by successing the puzzle. As soon as you send the list you are able to ascertain with judge the list to the best of their ability and will designate the prize. We will notify you at once notifying you what prize you have won, and then if you are satisfied you can send us the money and we will enter your subscription to THE WOMAN'S WORLD and your prize will be sent post paid. To a person of average ability it should be an easy matter to win a prize. We make this unusual offer, but we have the money to back our reputation, we know exactly what we are doing, and we are willing to give a million subscribers by this method, for we know that this million or will place us in a position to be induced to continue THE WOMAN'S WORLD to all comers, at the present subscription price, still further. We also wish to state that we are in this contest for advertising purposes and not for profit, and where the publication of a paper costs us from 25c. to 50c. per year, we are prepared to run the risk to publish a paper at less than one cent per year, if we can thereby secure a million subscribers, for we know that it is profitable. The cost of will commence on January 1st, 1902.

We give A Home Prize of $25 to anyone of all others to the person who comes in the competition in the fairest and best manner. One Committee will decide on every and prize daily, but the special $5000 will be awarded in March, 1902. Any bird name found in the dictionary are good.

CITY COUNCIL.

Weekly meeting held Friday. Present: The mayor and Ald. McCarty, McLeod, Bourne, Abrahamson and Taylor.

CORRESPONDENCE.

City solicitor, pointing out that by-laws must deal with one subject only, and proposed central fire hall by-law would require three separate by-laws and three separate petitions. Referred to committee to get out three petitions.

THIRD STREET.

Ald. McLeod complained that Third street had not been lit up as passed by the council.

It was stated the W. L. & P. Co. had no poles there and refused to put them in as it would cost $300.

On suggestion of Ald. Bourne it was decided to again instruct the company to put in these lights, aldermen being of the opinion this would lead to a definite reason as to why the company refused to put in the lights.

CITY HOTEL CLAIM.

R. Caley waited on the council re settlement of quarantine claim of $60.

The city solicitor pointed out that the council need not pay the claim though they could do so if they wished.

Mr. Caley said the men to whom the council paid the money never did the work alleged.

Ald. Taylor said it was a point of law and the council should be guided accordingly.

The mayor said Mr. Caley's only course was to sue the city.

Matter referred to finance committee to report next meeting.

CAMBORNE.

(From Our Own Correspondent.)

Things in Camborne are assuming a winter aspect and everything is quiet. Cory Mechinick has left for the old country. Josh Hill, the barber, is going to spend the winter at Arrowhead.

W. Winslow and R. McCulloch have accepted a contract from the Imperial Development Syndicate to drive 110 feet of a prospect tunnel on the Rossland claim and are starting work with six men.

The Camborne post office and mail service is still conspicuous by its absence. We have got to have it, that is a sure thing, and the protracted delay in its arrival is not likely to increase the popularity of the Dominion member with this district.

ILLECILLEWAET.

(From our Own Correspondent.)

Winter is here, and with it the usual activity. The chief object now is to find some means to pass away the long evenings.

The skating rink is in good shape but weather rather mild as yet. Business appears to be picking up. Our ever-obliging storekeeper, Mr. Forge, received quite a large consignment of goods last week.

Mr. Ted Harrington, of the Merchants Hotel, has purchased the property and buildings lately owned by A. Blackberg, and has started up a delivery and express business. "Ted" meets all trains, and parcels delivered to any part of the city. Last week he made a valuable addition to his stable, having purchased that well-known racer, "the Rainbow," from Mr. Fletcher, of Albert Canyon. "The Rainbow" is reserved for select service.

We are pleased to see Mr. Anderson out again after a severe illness, thanks to the skilful treatment of Dr McLean, of Revelstoke.

Quite an enjoyable time was had here on Friday evening, when Mr. Peterson gave us one of his old-time dances. The hall was tastefully decorated, and the floor in excellent condition. Visitors from Albert Canyon, Revelstoke and Rogers Pass were present, and the dance was kept up until the "wee small hours." Mr. Peterson was floor manager while Messrs. Brown and Robertson did the calling off.

The music was furnished by Mr. Lamont, assisted by Messrs. Smith, Olson and Marinai. Before closing a vote of thanks was given to Mr. Peterson for the entertainment, which was pronounced the most successful event held in Illecillewaet for years.

Christmas is drawing near, and the children are in great glee over a Christmas Tree which has been promised them by our popular teacher, Miss Brown. Pity that Santa Claus could not make more frequent visits.

RAIL AND STEAMER

Canadian Pacific stock was quoted in London last week at 117½.

E. Choate, formerly C.P.R. bridge inspector, has been appointed to the Lulu Island railway.

The Topic says the A. & K. railway will be built on the west side of Trout lake and that part of the right-of-way has been cut.

A fine new hotel is to be built by the C. P. R. at Banff.

The Great Falls-Lethbridge road is to be converted to broad gauge.

The United States court of appeals has declared that ticket scalping is legal.

The C.P.R. have laid off several extra gangs, the men having been paid on Tuesday.

In Germany ninety-seven miles an hour is now proposed as a safe and easily managed speed.

The Canadian Northern will establish its car-building and main workshops at Winnipeg.

It is proposed to connect the European and American railway systems by a tunnel beneath Behring Sea.

The Trunk Line Association abolishes all forms of free transportation after January 1st next, except in the case of passes for advertising and to employes.

The American government will recognize the services of Captain McDougall, of the C.P.R. s.s. Athabasca, who heroically rescued the crew of the American barge Preston on Lake Superior.

A mishap occurred to a freight train at Ducks on Saturday owing to a broken wheel. Six cars went off the track. The freight did not suffer, though the rolling stock was damaged. The trainmen escaped unhurt.

The Miner says of the C. P. R. improvements at Nelson: "Nelson now possesses one of the best arranged yards in Canada, and freight handling facilities that receive much commendation from visiting railway men."

Winnipeg is getting a reputation for hatching fake railway stories. Both the reports as to the C. P. R. building a half million dollar hotel at Victoria and altering the Field grade at a cost of over a million are untrue.

C.P.R. earnings for October were $3,582,403, expenses $2,115,361, net profit $1,467,039 as against $1,078,174 profit for same period last year. From July 1st to Oct. 31st, the company made a profit of $5,221,270 as against $4,075,724 for same period of last year.

Railway companies are required by law to redeem unused railway tickets at their full value. It is illegal for any person, except an authorized railway or steamship agent, to sell railway tickets, and the law provides for their redemption if the value has not been exhausted.

Four men who took an active hand in transportation in the Kootenay country a few years ago were Capt. Sanderson, Tom Johnston, F. E. Hobbs and J. Simmons. These gentlemen owned the s. s. Despatch and ran her between Revelstoke and Robson, then known as Sproat's Landing. On the C. P. R. entering the Kootenay business they took over the Despatch.

A writer in the Montreal Star says that by the proposed steamship service between Halifax and Galway, Halifax could be reached from London in three and a half days; Montreal in a little over four days; Ottawa in about the same time; Toronto in less than five; Chicago in six; Vancouver in nine, and Japan in eighteen days.

The boiler for the Steamer Revelstoke arrived this week, and F. McCarty, president of the Navigation company, expects the boat to be launched and run her trial trip within a fortnight. Steamboat men who have seen the boiler state that it is one of the best pieces of machinery that has been placed in a steamer in the Kootenays.

There recently arrived at Toronto Junction two of the largest locomotives yet built for the C.P.R. The engines are of the big consolidated type, and are the first of a number which the company intend purchasing for heavy traffic. The engines are 20 per cent larger than the moguls. The new engines will carry 5,000 gallons of water, fourteen tons of coal, and be capable of hauling 60 cars of loaded freight.

E. J. Coyle, who is one of the most deservedly popular C. P. R. officials is on a visit to Montreal. Mr. Coyle told the press there that Pacific commerce, especially with the Orient and Australia, had greatly increased during the past year. The Canadian Pacific Railway Company had done more business this year than ever before. The tourist traffic to the Rockies and the Coast last summer greatly exceeded any previous year.

A Modern Scourge.

MORE TO BE DREADED THAN AN OUTBREAK OF SMALLPOX.

No Epidemic in the Last Quarter of Century Has Carried Off as Many People as Annually Fall Victims to Consumption.

L'Avenir du Nord, St. Jerome, Que.

Throughout Canada much alarm has been felt during the past few months at the outbreak of smallpox that has occurred in various localities and thousands of dollars have been expended—and rightly so—in suppressing it. And yet year in and year out this country suffers from a plague that claims more victims annually than have been carried off by any epidemic during the past quarter of a century. Consumption—the great white plague of the north—is more to be dreaded than any epidemic. Its victims throughout Canada are numbered by the thousands annually, and through its ravages bright young lives in every quarter are brought to an untimely end. Why? There are two reasons, the insidious character of the disease, and the all too prevalent belief those who inherit weak lungs are foredoomed to an early death and that the most that can be done is to give the loved ones temporary relief in the journey towards the grave. This is a great mistake. Medical science now knows that consumption, when it has not reached an acute stage, is curable. But better still, it is preventible. Sufferers from weak lungs who will clothe themselves properly, who will keep the blood rich and red, not only need not dread consumption, but will ultimately become healthy, robust people. Among those upon whom consumption had fastened its fangs, and who have proved the disease is curable, is Mr. Ildege St. George, of St. Jerome, Que. His history as related to a reporter of L'Avenir du Nord, will be of interest to similar sufferers. Mr. St. George says: "Up to the age of fifteen years I had always enjoyed the best of health, but at that age I became greatly run down. I lost color, suffered constantly from head-aches and pains in the sides; my appetite left me and I became very weak. For upwards of three years—though I had medical treatment—the trouble went on. Then I was attacked by a cough, and was told I had consumption. Then the doctor attending me ordered me to the Laurentian Mountains in the hope that the change of air would benefit me. I remained there for some time, but did not improve, and returned home feeling that I had not much longer to live. It was then that my parents decided that I should use Dr. Williams' Pink Pills, and I began taking them. After using several boxes my appetite began to return, and this seemed to mark the change which brought about my recovery, for with the returned appetite came gradual but surely increasing strength. I continued the use of the pills, and daily felt the weakness that had threatened my life disappear, until finally I was again enjoying good health, and now, as those whose who know me can see, I show no trace of the illness I passed through. I believe Dr. Williams' Pink Pills saved my life, and I hope my statement will induce similar sufferers to try them."

Dr. Williams' Pink Pills make new rich, red blood. With every dose the blood is strengthened, the quantity increased, and thus the patient is enabled not only to resist the further inroad of disease, but is soon restored to active health and strength. If you are ill, or weak, or suffering from any disease due to poor blood or weak nerves, take Dr. Williams' Pink Pills at once and they will soon make you well. These pills are sold by all dealers in medicines, or will be sent post paid at 50 cents a box or six boxes for $2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

THE THIRD CONTINGENT

Dates of Recruiting.

The new corps for South Africa will be known as the Canadian Mounted Infantry and will be under command of Major Evans. It will consist of four companies of 141 men each and 595 horses. Term of service is one year or till end of war, with cavalry rates of pay till embarkation, then $1.21 per day for privates and $2.19 per day for regimental sergeant-major.

Recruiting will take place in British Columbia as follows: Victoria quota, 10, December 10; Vancouver quota, 20, December 9 and 10; Revelstoke quota, 10, December 11; Rossland quota, 10, December 9; Nelson quota, 10, December 10; Fort Steele quota, 10, December 10 and 11.

Saw Death Near.

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." Its absolutely guaranteed for all Throat and lung diseases. 50 cents and $1.00 at the Canada Drug and Book Co. Trial bottles free.

The Journal says there are 20 prospectors on Eureka Creek, Horsefly, putting in camps. There is three feet of snow there now. Fraser Creek, which is adjacent, will be located.

WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. F. C. Wells of Villa Ridge Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechler.
Rabbi of the Cong. Baai Israel
New York, Jan. 3rd, 1901.

Drs. Taft Bros. Medicine Co.,

Gentlemen: "Your Asthmalene is an excellent remedy for Asthma and Hay Fever and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, no morphine, chloroform or ether.

Very truly yours,
REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y. Feb. 1, 1901.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your own sign on your own windows on 130th St. New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the 1st of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this dreadful disease.

Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO. Feb. 5, 1901.

I was troubled with Asthma for 22 years. I have tried numerous remedies but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full size bottle and I am ever grateful. I have a family of four children, and for six years I was unable to work. I am now in the best of health and am doing business every day. This testimony you can make use of as you see fit. Home address 235 Rivington street.

The Kootenay Mail $2.00
The Montreal Daily Herald $3.00
and a splendid picture of
King Edward VII. .50

TOTAL - - $5.50

ALL FOR $2.50

This is the greatest combination offer ever made by any Canadian journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers. Established in 1868, it has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each day giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial intelligence is complete and reliable.

THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the flashy colored portraits so common.

As the regular price of the Herald is $3.00 a year, the liberality of our offer is self-evident.

The Perth Expositor has a shameful article on the laying of the corner stone of the hospital at Revelstoke. Saloons are stated to have kept open house, women of ill repute are reported to have loaded the streets and the citizens are described as indulging in frightful orgies. As there is no more orderly, sober and law-abiding city in the west than Revelstoke, the Expositor owes the city an apology and retraction of such unfounded and disgraceful charges.

CORRESPONDENCE

Full Measure Wanted.

TO THE EDITOR:

Sir; Do you not think that it is time that the city council should provide the town with public scales? At the present time there is no way in which purchasers can be sure that they are getting what is just. In the matter of coal, for instance, I feel persuaded householders do not get what they pay for. There is considerable dissatisfaction over this matter, and people feel they are helpless. Whether those who supply the town with coal mean to do the wrong thing or not one cannot say, but that people do not get the full quantity they pay for is, I feel, potent to all under the present careless custom of distribution.

The only way right can be done is to have a public scales, and the duty is incumbent upon our town council to provide the same. I feel also that some means should be adopted whereby those who sell wood should give a full cord instead of what they offer, and purchasers are sometimes forced to take. These need both looking into and after on behalf of a suffering public.

Street Crossings.

TO THE EDITOR:

Sir; Is it true that the Mayor was appointed at a late council meeting to to see that the street crossings were cleaned? If so, one feels it pertinent to enquire why the matter has not been attended to, while we are provided with sidewalks which are kept in good order. The ordinary pedestrian is in a quandary when he comes to cross a street on account of the mud. Take for instance that much used crossing to the McCarty block. True, the snow will soon be here and form season obliterate the mud. In the in at time it is unreasonable to compel citizens to wade through the unsightly mess at many of the street crossings.

A Dirty Attack.

EDITOR MAIL:

Sir; The dirty and miserable attack made on Mr. Kellie in the last Herald by one calling himself "One of the Labor Party" is simply scandalous. People who know Mr. Kellie know it to be as black a lie as was ever uttered. Who gave him authority to speak for the Labor Party? I can tell the miserable writer that Mr. Kellie has enough friends among miners and labor men in Revelstoke Riding to elect him on any ticket on any day of the week. The man who gave us the Truck Act and the Eight Hour Law, and who has done so much to give us roads and trails, need only to declare himself, to be elected by an overwhelmning majority.

Yours truly,

FISH CREEK MINER.

Barnum
once said—"You must humbug the people to do business!" Many so-called business people evidently agree with this idea, judging from the quality of clothing they palm off on an unsuspecting public. Many persons have been caught already by nice, smooth advertisements for cheap clothing, but you will not be caught here. I have decided to discard profits altogether for the balance of 1901, and place a line of reputable goods before the public at prices lower than "Cheap John" stores can sell their shoddy.

CHEAP WHEELS. We do not manufacture the cheap department store kind of wheels, such as many new concerns and big supply houses advertise and sell as high grade. We can furnish them, however, at $8 in $7 shipped, or $7.75 to $12.50 completed. We do not guarantee nor recommend them. BEFORE ORDERING a bicycle of any one else, no matter who or how cheap, write us and let us tell you how much we can save you on the same machine.
If you are UNABLE TO BUY a wheel we can assist you to EARN A BICYCLE by distributing catalogues for us a few days. We need one person in each town for this purpose. We have several hundred SECOND HAND WHEELS taken in trade which we will close out at $3 to $10 each; also some shopworn samples and '99 models very cheap. Send for Bargain List. OUR RELIABILITY is unquestioned. We refer to any bank or business house in Chicago, or any express or railroad company. We will send you letters of reference direct from the largest banks in Chicago if you wish it. SEND YOUR ORDER today. This low price and these special terms of shipment without deposit will be withdrawn very soon. Give name of this paper.
