CAMBORNE.

Anxiety Caused by Forest Fires Which Endangered Town.

H. Caverner, of Nelson, is opening a tobacco and cigar store next the Townsite Co's office.

A bank is urgently needed here. Molson's Bank and the Bank of Montreal have been investigating.

Owing to the heavy wind storms, Pool creek trail is blocked with trees and requires cutting out badly.

The road connecting the townsite with the new Pool creek bridge should be cleared and opened for traffic as soon as possible.

The mail business has increased enormously this spring, and at the present rate of progress Camborne will soon do as big a mail business as Revelstoke.

The trail from Camborne to Lexington creek is reported to be in bad condition and to require urgent repair. The bridge has gone out on Lexington creek.

The town has been fortunate in securing the services of Mr. Campbell, the druggist, formerly of Nelson. He is a first-class man at his business and sure to do well.

The Northwestern Development Co. have decided to go out of the hotel and townsite business and will turn over the Northwestern Hotel and their interests in Goldfields to R. F. Perry, who is applying for a license for the hotel.

A. G. Fraser, formerly of Beaton and Goldfields, and who has opened up here in the McDowell block, has one of the best assorted stocks to be found in Kootenay. He has also ordered a full set of show cases, so he will be able to make a first-class display of his goods.

Building at Camborne continues to go ahead. A bakery has been opened opposite the Eva Hotel. F. Goldsmith is building a restaurant. Wallace Ross, of Rossland, has in hand a building 28x36 ft. and two and a half storeys in height, which it is proposed to use for a hotel by the lessee, R. Gunn, if he can get a license.

There has been great anxiety here on account of forest fires. Since the firing of the fallen bush to clear the lines of the aerial trams for the Eva and Oyster-Criterion the fires have spread up the mountain, destroying the cabins of the Lucky Jack and adjoining property, together with a large quantity of tools and supplies. Down the mountain fire also spread across the flat greatly endangering the townsite. Bucket brigades had frequently to be organized to save buildings, and every bit of hose in town was brought into requisition. G. Sumner's house and the Camborne Hotel were especially threatened. Mining Recorder Sumner had watchmen at work night and day to protect the new government bridge over Pool creek, and the northern end of the bridge was smashed to pieces by a big tree falling on it. At the Eva camp on Tuesday there was an anxious time. Heavy showers falling Tuesday and Wednesday helped to check the fire.

ATHLETICS.

Revelstoke Meets Defeat in Lacrosse at Nelson.

Thursday morning a team representing the local lacrosse club left for the south to cross sticks with the players of Nelson and Rossland. The first match was played yesterday afternoon in Nelson resulting in a victory of 7 to nil in favor of Nelson. The game with Rossland will be played this afternoon when it is expected the boys will meet with better success. Following is the make-up of the team: Goal, Trimble; point, Miller; cover point, Hyatt; defence, Wickens, Coghlin and Edwards; centre, Graham; home field, Wood, Melville and Dodd; outside home, Cao; inside home, Latham; spare man, F. Dodd.

A. E. Kincaid, vice-president of the club, accompanied the team.

CRICKET.

The meeting called for Monday evening showed a complete lack of interest in the game for though several players requested the secretary to call a meeting none put in an appearance to assist him in the arrangement of plans for the season's practices and matches.

CHURCHES.

PRESBYTERIAN.

Rev. Henry Dickey, of Windsor, N. S., is expected here this evening by the steamer Rossland and will officiate both morning and evening in the Presbyterian church tomorrow. Mr. Dickey was an undergraduate in Dalhousie, Halifax, at the time Mr. Calder attended that institution. Mr. Dickey is in the front rank of the young men of the church in the Maritime provinces.

McCULLOUGH HYDRAULICS

Work of Plant Installation Progressing.

C. O. Flynn, of Duluth, who has been on a visit to the property of the McCullough Creek Hydraulic Company in which he is interested, returned to Revelstoke Thursday and leaves for home tomorrow via Spokane. He is very favorably impressed with the prospects of the property, and says Mr. Sibbald is making great headway in preparing the plant for operations though badly handicapped by delay in getting supplies through. There are sixteen men employed on the work. A portion of the piping is now in place and the balance is being packed in from Downie creek. Mr. Sibbald is anxiously awaiting arrival of the sawmill plant in order to get lumber for building flume.

Mr. Flynn is an enthusiastic sportsman and thoroughly enjoyed his outing, game such as mountain goat and bear being plentiful. He also expresses a desire to return later in the season for a caribou hunt.

Speaking of the transportation facilities of Big Bend, Mr. Flynn expressed disappointment at the irregularity of the steamboat service for which he considered there was but little excuse. The trail he found to be impassible for horses as there are washouts and slides at various points.

Of the many interesting experiences of his trip perhaps the most exciting was that of a bath in the cooling waters of Goldstream. At that point the water has risen to such a height as to extend twenty feet or so beyond the end of the ferry cable, and this distance Mr. Flynn hoped to cover bare-footed and with trousers rolled up while his travelling companion was getting into a pair of long rubber boots. Carefully following the trail he sallied forth but had not gone far when he suddenly took a drop and disappeared from sight, the roadway having been washed out. Though handicapped by the pack carried he with some difficulty escaped being swept away by the strong current and made a landing.

HOTEL LICENSES.

The half-yearly meeting of License Commissioners for Revelstoke Riding was held Monday at Camborne. Present: Messrs. McCarty, Kincaid, Haggen (chairman).

NEW APPLICATIONS.

J. Roberts, Goldfields, granted subject to inspectors satisfaction with building.

J. H. Smith, Coronation Hotel, Camborne. Granted subject to special monthly report by inspector, at cost of applicant, license to be cancelled if house improperly conducted. The commissioners examined the house, found it in good order, and satisfied themselves the accommodation offered by the house was urgently required, while the residents of Camborne were practically unanimous in support of the application. F. C. Elliott appeared for applicant.

Northwestern Hotel, Goldfields. The request by R. F. Perry for a license could not be entertained till the petition was presented and necessary advertising done so as to give any who wished to object an opportunity of doing so. The commissioners expressed doubts as to the desirability of granting two licenses at a place like Goldfields, where there were only seven or eight householders.—Adjourned for a fortnight.

RENEWALS

were granted to Glacier House; Windsor Hotel, Illecilliwaet; Lakeview and Arrowhead Hotels, Arrowhead; Prospectors Exchange, Beaton; Lardeau and Queen's Hotels, Comaplix; Criterion, Camborne, Eva, Reception Hotels, Camborne; Park, Queen's, Lakeview, Windsor and Trout Lake Hotels, Trout Lake; Halcyon Hot Springs; St. Leon Hot Springs; Nakusp; Ten-Mile; Windsor, King's, Ferguson, Lardeau Hotels, Ferguson.

G. Schullie's application for Merchants Exchange, Illecilliwaet, was adjourned for reports by inspector as complaints had been made and it was considered the population did not warrant two hotels.

In case of Gordon & Slinger's application for Balmoral, Ferguson, an investigation was ordered as to complaints that the house was used for gaming, that no table accommodation was provided for public, that five hotels was a number in excess of requirements of Ferguson, and that licensees had been connected with promotion of disturbance in the town.

The commissioners announced their determination to have the hotels in the district properly conducted, and in the event of complaints licenses to be cancelled in cases where such complaints were justified.

The KOOTENAY MAIL and Family Herald and Weekly Star will be supplied for balance of 1903 for $1.30, together with two pictures "Purity" and "Alone."

CITY COUNCIL.

Question of Temporary Water Supply Settled.

The regular meeting of the city council was held last evening Mayor O'Brien in the chair, Ald. Hume, McLeod, McMahon, Law and Foote present.

CORRESPONDENCE.

Boyd, Burns & Co. stating that water piping is on way.—Filed.

Wm. Williamson re sidewalk crossing in front of his residences on Second street.—Filed for future consideration.

T. W. Bain reporting fire alarm system working satisfactorily. Also reporting on fires at mill and in lower town.—Filed.

R. Tapping stating Mr. Pettipiece claimed from him $16.25 for portion of pest house fencing, and referring council to receipts on file—Clerk to reply council cannot take further action.

Vancouver City Council extending invitation to Mayor and Aldermen to be present at Dominion Day celebration in that city.

Canada General Electric Co re scrap transformer coils and cost of renewing same.—Two new transformers to be purchased and kept in stock.

Following report of first milk test was received and authorized published without comment.—

To the Mayor and Aldermen of the City of Revelstoke:

Gentlemen,—I beg to report that on the 15th, 16th and 18th inst. I collected and tested six (6) samples of milk being sold in the city with the following results.—

Sample Ward & McCallum	3.4 p.c. butter fat
Mrs. Hayes	3.6 " "
T. Lewis	4.2 " "
W. G. Watson	3.1 " "
M. Anderson	3.8 " "
G. Turnross	3.2 " "

Yours respectfully,
H. FLOYD.

REPORTS OF COMMITTEES

Ald. McLeod, on public works, reported that temporary flume was nearing completion.

BY-LAWS.

Three by-laws authorizing removal of laundries from First and Second streets were reconsidered and finally passed.

Another by-laws regulating the bounds within which laundries may be located was also reconsidered and passed.

WATER SUPPLY.

In opening discussion on improvement of system the Mayor stated that electric power should be considered with any new scheme of water supply. Question now is should $1,000 be spent on tank.

Ald. McLeod thought present tank should be lined and tide over.

Ald. McMahon agreed with Ald. McLeod. He said he had been told there is a creek one mile from present reservoir which would give ample supply.

Ald. Law said it is too late in season to put in second reservoir, better patch up old one.

Ald. Foote had heard of creek mentioned and thought it should be investigated though late now to put in reservoir.

Mayor thought that if water is procured from creek spoken of a cement reservoir to hold 1,000,000 gallons should be put in.

City Clerk said W. Cowan and W. M. Brown had this creek under consideration for company.

Ald. McLeod said a number of citizens had tested Bridge creek two years ago and condemned it as insufficient supply.

Mayor objected to outlay of large sums in temporary supply until adequate system can be considered.

Ald. Hume said trouble is they have not facts on any of the creeks, and everyone was talking from hearsay.

Decided to line present reservoir and repair the dams.

BAND ENTERTAINMENTS.

Mayor stated he had asked the band what fee they would charge for rendering open air concerts on Saturday evenings during summer. He had been informed $5 per night would be charged, council to designate place of entertainment and provide lights.

After some discussion of band stand question, Mr. McCarter volunteered to raise subscription and have a stand erected at corner of McKenzie avenue and Second street if council would put in lights, which was agreed.

Moved by Ald. Hume, seconded by Ald. McLeod, that the Independent Band be paid by the council the sum of five dollars per night for each public performance, such performance to be rendered each Saturday night during the months of June, July, August and September, circumstances permitting, the band to play alternately at each end of town provided suitable stands be erected. Carried.

After passing of accounts the council adjourned.

The Kootenay Mail

UNION LABEL

SATURDAY, JUNE 20, 1903.

Mexico provides an excellent example to Canada in its protection of the public interest against transportation monopoly. The Mexican government has just purchased a controlling interest in the Mexican national railway—a course which Canada should take in regard to the C. P. R. and Grand Trunk.

The immense railway development that is about to take place in Canada affords the opportunity for the establishment of the iron and steel industries at the Pacific coast. With its extensive iron deposit, and abundance of fuel the iron and steel manufacture should shortly become one of the most important industries of British Columbia.

The settlement of the U. B. R. E. strike is a matter for public jubilation. The strikers are to be congratulated on the excellent way in which they conducted themselves during the trouble, and the pity is the general manager of the company did not accept General Superintendent Marpole's suggestions for a settlement in February last. Had these been adopted then the great loss to the company and the inconvenience to the public would have been avoided.

CAPITAL AND LABOR.

The recent labor troubles in the province together with the investigation of the labor commission are tending to bring about conditions which will result in lessening the number of strikes and bringing about a better understanding between employers and employed. The day of individualism is over and employers and employes must each organise. The employers of labor have organized in Vancouver. They have issued a statement in which it is said that labor has hitherto dealt only with individuals or employers, and it is reasonable to believe that the meeting of two thoroughly organized bodies representing labor and the investors will adjust in a fair and amicable manner any differences of opinion which may arise. The association says that the organization will be the means of avoiding disputes leading up to strikes. That is not only probably true but is paving the way for the working of a conciliation and arbitration law. Under such a law employers organizations and trades unions will each register, and so vote to elect a representative of each side on a board of arbitration to settle disputes. This has been the plan successfully adopted in Australia and New Zealand and appears the best system yet devised for securing acknowledged representation of the employers on one hand and employes on the other, thus forming the nucleus of an arbitration board in which each side can have full confidence.

POLITICAL.

John Houston announces himself conservative candidate for Nelson city.

Borden's motion in the Commons for protection of the iron and steel industries was voted down by 91 to 47.

At a convention held at Sidney last week T. W. Patterson was unanimously chosen as the liberal candidate for the Islands riding, formerly known as North Victoria.

"It is daily becoming more apparent that the conservatives are fast losing that confidence with which they, a few weeks ago, anticipated the outcome of the approaching general election."—Sentinel.

The conservative government at Victoria has started firing grits from public offices and dividing the spoils among its camp followers by discharging G. F. Cauley, crown prosecutor at Victoria, and appointing S. Livingston in his stead.

Says the Tribune: "The Rossland Miner, a newspaper charged in open court with having received hush money from the gambling houses of Rossland, a newspaper that has attempted to blackmail corporations, is slopping over in its praise of Premier McBride."

Kaslo Liberal Association has completed organization for a fight at the coming elections, and proposes holding a convention of all liberal associations of the riding at some central point in the near future, a committee having been appointed to make necessary arrangements.

Those who in less happier days have been in the habit of addressing letters or remarks to "Bob" Green, of Kaslo, will kindly remember that hereafter it is:

The Honorable Robert Francis Green,
Minister of Mines,
Minister of Education,
Minister of Agriculture,
Provincial Secretary, and
Member of the Executive Council,
Victoria, B. C.

—World.

DOMINION PARLIAMENT.

Speaking in the senate in opposition to the Chinese immigration bill, Mackenzie Bowell read a telegram from Dunsmuir saying the passage of the bill would not be in the interests of the country and would assist the aggressive union of labor which had already hampered the industries of that province. The bill was read a second time, 23 voting for and 14 against.

RAIL AND STEAMER

In giving evidence before the labor commission at Vancouver General Supt. Marpole said there was a black list called the staff book, kept in Montreal, in which the records of employes were entered.

A new sleeping car, the Sandon, has been received from Dayton, Ohio, by the C. P. R., to be put on the Imperial Limited. It is finished in polished mahogany and with very little in the way of decorations. Every possible fixture that could be done away with has been left out or so concealed that the car has an appearance of roominess and neatness not seen in many of the modern cars. The curtain rods, as an instance, are not seen, but are put up when wanted.

INDUSTRIAL NOTES.

Rowland Brittain, Patent Attorney, reports: Two U. S. patents were issued during the past week to G. A. Roedde, of Vancouver, on improvements in Loose Leaf Binders.

This inventor is keenly alive to the many advantages of this system of Binder as applied to Ledgers, Account Books and Registers generally, and as a practical book binder has for several years past set himself to remedy the defects which up to the present stand as a bar to any general adoption of the system.

Mr. Roedde has aimed to combine with the convenient removal of leaves by an authorised person, the free and flat opening and handsome appearance of a spring bound volume, and he has succeeded in evolving a binding that is entirely novel and promises to supersede anything in the market when he is in a position to manufacture, which he regrets to say he will not be able to do for some little time.

WHY I AM A LIBERAL.

(Continued)

No. 3.

The struggle which the liberals put up in Canada against the claims of the Catholic church to dominate freedom of thought and speech is one of the most notable which has occurred in any country. Just as the liberals had fought to break up "The Family Compact," and to purify the administration of government, so they fought against the church to maintain the inherent rights of the people.

RELIGIOUS TOLERATION.

The church was all-powerful and to invoke its antagonism meant the waging of an unequal fight. Yet, having once taken up the cause of the popular weal these brave young liberals hesitated not at the magnitude of their task. The section of the Catholic church which was the most bigoted, and allied to the conservative party in politics, sought to prejudice their co-religionists against Laurier and his friends by describing them as "apostates of the Chiniquay breed," "excommunicated persons" and "friends of Guibord." Guibord was a printer, and one of the most intellectual men of Montreal. When the Church of Rome demanded her right to control the library and reading matter of the institute Guibord shortly resisted the claims of the church. On his death-bed a priest was sent for but under instructions from Bishop Burget refused to administer the unction unless Guibord would withdraw from the institute. These terms he refused, as an insult to his manhood and citizenship, and he died as he had lived,

A LIBERAL TO THE BACKBONE,

a true friend of freedom, and an opponent of tyranny and oppression. On his friends seeking to have his remains interred in the Catholic cemetery, the priesthood refused, on the ground that Guibord had not received absolution. The hierarchy would only allow burial in the portion of the cemetery set aside for criminals and suicides. The poor widow begged merely to be allowed to inter her husband without religious rites, but this simple request a tyrannical hierarchy also refused, and the remains were laid in a vault of the Protestant cemetery. The liberals contended the widow was entitled to her demand as a civil right, and brought suit against the church in the law courts to maintain that right. In this they succeeded, and a mandamus was issued in the widow's favor. The court of appeal upset the judgment on a technicality. The case was carried to the Privy Council in England, and

THE LIBERALS WERE AGAIN VICTORIOUS

in asserting the power of the civil law over that of the church. The Privy Council ruled the remains of Guibord must be interred in the consecrated cemetery, and ordered the hierarchy to pay all costs of these expensive proceedings, which the liberals had carried on over a period of seven years.

A DAMNABLE INTOLERANCE.

On the Privy Council giving its decision the remains of Guibord were wrapped in a British ensign as the symbol of justice and liberty, and again taken to the Catholic cemetery. But the priesthood determined to maintain as long as possible the reign of oppression which it had begun in its demand to control Canada in civil as well as religious matters, and setting at defiance the decision of the highest court of the nation the Church of Rome had the gates of the cemetery barred and had a servile mob engaged to maintain its tyranny. The funeral procession was attacked with stones and had to retreat. The remains of Guibord, the champion of liberalism, were therefore returned by the liberal friends of the dean man to the Protestant cemetery. Ten weeks later, guarded by a military force, the liberals succeeded in the interment of their former comrade in the consecrated portion of the Catholic cemetery, in accordance with the decision of the Privy Council, but true to his intolerant spirit, Bishop Bourget interdicted the portion of the cemetery where Guibord was buried, and proclaimed it a "profane place."

To the eternal discredit of the conservative party it endorsed the stand taken by the Church of Rome, and by the mob hired to set at defiance the ruling of the highest court of the nation that it might reap some advantage at the expense of freedom and justice.

The Savings Bank of Health

is lots of red and vitalizing blood to nourish and invigorate the body. If your blood is thin and watery use "Ferrozone." It supplies the necessary elements such as phosphorus and iron, and quickly restores lost strength and spirits. Ferrozone is an unequalled restorative for the tired, the sick, and the run down; it stimulates appetite, aids digestion, soothes the nerves, and makes the system too healthy for disease to exist. No tonic does so much good in a short time as Ferrozone. Get it to-day from any druggist for 50c. per box, or six boxes for $2.50. By mail from N. C. Polson & Co., Kingston, Ont.

DR. HAMILTON'S PILLS CURE CONSTIPATION.

Chamberlain's Remedies.

Chamberlain's Cough Remedy.
For Coughs, Colds, Croup and Whooping Cough. Price 25 cents; large size 50c.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.
For Bowel Complaints. Price 35 cents.

Chamberlain's Pain Balm.
An antiseptic liniment especially valuable for Cuts, Bruises, Sprains and Rheumatism. Price 25 cents; large size 50 cents.

Chamberlain's Stomach and Liver Tablets.
For Disorders of the Stomach, Liver and Bowels. Price 25 cents.

Every one of these preparations is guaranteed and if not fully satisfactory to the purchaser the money will be refunded.

CONSERVATIVE PLATFORM.

[Adopted at Revelstoke, September 13th, 1902]

1. That this convention reaffirms the policy of the party in matters of provincial roads and trails; the ownership and control of railways and the development of the agricultural resources of the province as laid down in the platform adopted in October, 1899, which is as follows:

"To actively aid in the construction of trails throughout the undeveloped portions of the province and the building of the provincial trunk roads of public necessity.

"To adopt the principles of government ownership of railways in so far as the circumstances of the province will admit, and the adoption of the principle that no bonus should be granted to any railway company which does not give the government of the province control of rates over lines bonused, together with the the option of purchase now granted.

"To actively assist by state aid in the development of the agricultural resources of the province."

2. That in the meantime and until the railway policy above set forth cannot be accomplished a general railway act be passed, giving freedom to construct railways under certain approved regulations, analogous to the system that has resulted in such extensive railway construction in the United States, with so much advantage to trade and commerce.

3. That to encourage the mining industry, the taxation of metalliferous mines should be on the basis of a percentage on the net profits.

4. That the government ownership of telephone system should be brought about as a first step in the acquisition of public utilities.

5. That a portion of every coal area hereafter to be disposed of should be reserved from sale or lease, so that state owned mines may be easily accessible, if their operation becomes necessary or advisable.

6. That in the pulp land leases provision should be made for reforesting and that steps should be taken for the general preservation of forests by guarding against the wasteful destruction of timber.

7. That the legislature and government of the province should persevere in the efforts to secure the exclusion of Asiatic labor.

8. That the matter of better terms in the way of subsidy and appropriations for the province should be vigorously pressed upon the Dominion government.

9. That the silver-lead industries of the province be fostered and encouraged by the imposition of increased customs duties on lead and lead products imported into Canada, and that the Conservative members of the Dominion House be urged to support any motion introduced for such a purpose.

10. That as industrial disputes almost invariably result in great loss and injury both to the parties directly concerned and to the public, legislation should be passed to provide means for an amicable adjustment of such disputes between employers and employees.

11. That it is advisable to foster the manufacture of the raw products of the province within the province as far as practicable by means of taxation on the said raw products, subject to rebate of the same in whole or part, when manufactured in British Columbia.

CONSERVATIVE CONVENTIONS.

At a meeting of the executive of the Provincial Conservative Association, held at Vancouver, the province was divided into five divisions for organization purposes. The Kootenay Boundary division is made up of the following provincial election districts: Revelstoke, Columbia, Fernie, Cranbrook, Ymir, Kaslo Slocan, Grand Forks, Greenwood, the city of Rossland and the City of Nelson. At the same meeting the following resolutions were adopted:

1. That conventions for nominating candidates for members of the legislative assembly be made up of delegates chosen as follows:

(a) In city electoral districts, one delegate for every fifty and fraction of fifty votes polled at the provincial election held in 1900, and if the city is divided into wards, the proportion of delegates for each ward shall be based on the vote polled in each ward at the last municipal election.

(b) In other electoral districts, one delegate for every fifty or fraction of fifty votes polled at the provincial election held in 1900, the delegates to be apportioned to polling places, or as near thereto as will be fair to the voters of the different neighborhoods.

2. The election held of delegates shall be at public meetings, held at a designated central place in each polling division, or in each ward in city electoral districts, if the city is divided into wards. At such public meetings only those who pledge themselves to vote for the candidate or candidates selected at the nominating convention shall be entitled to a vote for delegates.

3. Two weeks notice shall be given of the public meetings at which delegates are to be elected, nominating conventions shall be held in city electoral districts two days after the day on which delegates are elected, and in other electoral districts seven days after. All nominations throughout the province to be made at a designated central place in each electoral district, and on the same day.

4. All notices of the date of public meetings for the election of delegates to nominating conventions, the apportionment of delegates, and the place and date of nominating conventions in several electoral districts shall be prepared by the member of the executive of the division in which the electoral districts are situate, and issued over the names of the president and secretary of the Provincial Conservative Association.

A meeting of the provincial executive will be held at Vancouver within a month, and the date for holding district nominating conventions will then be fixed.

JOHN HOUSTON,
President of the Provincial Conservative Association.

Nelson, June 8th, 1903.

Slater Shoe Advertising.

Shoe Cost.

Short talks by the Slater Shoe ad man, No. 1.

It costs less to advertise and sell the "Slater Shoe" than it costs to sell ordinary shoes without advertising.

If a thousand people know a shoe is good more people will want that shoe than if only ten people know it.

If the "whole city" knows it more people will want it than if only the people passing the store where it is sold, know it merely by hearsay.

The "Slater Shoe" makers, knowing the "Slater Shoe" will back up the expense of advertising it, give it wide publicity—they tell the "whole city" about it.

It follows then as the "Slater Shoe" is better known through advertising than unadvertised shoes, that more "Slater Shoes" of equal grades are sold, which is a fact.

So the fixed charges of manufacturing, wholesaling and retailing are divided among a greater number of pairs of shoes than is the case in unknown shoes of smaller sales.

For instance:—Take a salesman's salary at $2.00 per day:—if his sales are only ten pairs per day the cost of retailing alone is 20 cents per pair.

But if advertising will enable him to sell fifty pairs per day the cost is only four cents per pair and thus such fixed expenses as rent, light, taxes, salaries, interest, etc., are reduced and divided.

So the wearer as well as the maker is benefited by the liberal and judicious advertising of a good article like the "Slater Shoe"—and it would be rank folly to risk a large amount of money to advertise a shoe which the wearers would not buy a second time.

The Slater Shoe.

Goodyear welted. Made in Canada 40 years.
For men $4.00 and $5.50. For women $3.50 and $5.00.

CARIBOO.

J. B. Hobson, manager of the Cariboo Consolidated, has done so much to impress on the public mind the importance of Cariboo as a gold field of still immense value that the observations of the Provincial Mineralogist, Mr. Robertson, are of value. Mr. Robertson spent some time last year in the examination of the Cariboo country and his report shows how thoroughly justified is Mr. Hobson's enthusiasm of Cariboo. Mr. Robertson says:—

"The great, low-grade deposits have received their chief development about Quesnel Forks, and chiefly at Bullion, where the Consolidated Cariboo Hydraulic Company has done so much work. The channel here worked by Mr. Hobson is only one of many in the immediate vicinity some larger and quite as rich. Naturally, Mr. Hobson acquired what seems "all around" the most available deposit, but he pointed out to the writer several deposits which he has investigated since, and which he claims offer chances for larger companies than that which he is now operating. The Consolidated Cariboo may be taken as an example of what to expect, namely good values of about ten cent per cubic yard. Mr. Hobson claims for the company that he has leases of

FIVE HUNDRED MILLION CUBIC YARDS

of auriferous gravels, and it is safe to say that he has not in these leases one fifth of the available gravels, so that in this section alone there must be from 2,500,000,000 to 3,000,000,000 cubic yards of auriferous gravels, which there is every reason to think will be as rich as the Consolidated Cariboo deposit.

"The immensity of these figures is hard to grasp, but to illustrate—if 10 cubic yards yield $1 in gold, then we have here in the Quesnel section alone

THREE HUNDRED MILLION DOLLARS

WORTH OF GOLD.

"This vast amount of gold is so diluted with sand and gravel that the only possible means of extracting it is by hydraulic mining.

"Mr. Hobson collects the rainfall of the season over 60 square miles of territory, which he utilizes through one monitor, with ground sluices, in from 66 to 150 days. Even then he has only sufficient water to work in one place, using from 300,000 to 600,000 miner's inches each season, or over 1,200,000 cubic feet of water.

"So it will be seen that the water is the great question; there is gold and to spare, but the auriferous gravel deposit without water to wash it is of no value.

"As far as water supply goes, Mr. Hobson has undoubtedly secured that which was most available, that is which could be utilized with the least expenditure of capital and from his costs an idea can be formed as to what expenditure of capital would be necessary to bring water on to other properties; the sum required would probably be much greater than it was in this first instance. From this it is argued that the immense gold reserves of this section can only be touched by companies of the strongest sort, willing and able to invest large amounts of capital to bring on water in large quantities."

One Common Cause of Headche.

Perhaps the most general cause of headache and pain across the eyes is nasal catarrh. The simplest cure is to inhale the medicated vapor of Catarrhozone which traverses every air cell and air passage of the throat, lungs and nose. It kills myriads of germs at every breath, clears away mucous discharges, preserves and heals the membrane. Catarrhozone is just a splendid remedy for headaches and its action is certain and unfailing in diseases of the Throat and Lungs, Deafness, Bronchitis, Asthma and Catarrh. A trial will convince the most sceptical that Catarrhozone is all right. Large size $1.00; trial size 25c. Druggists, or Polson & Co., Kingston, Ont.

DR. HAMILTON'S PILLS CURE CONSTIPATION.

MALAKWA.

From our own Correspondent.

The hay crop etc. is booming.

R. Bruhn paid Revelstoke a visit this week.

Mr. Parr was here and gave us another very enjoyable service.

Mrs. H. T. Archibald spent Saturday and Sunday in Revelstoke.

The weather of late is very hot, with occasional showers going around.

The river is past its highest, not gaining any more this past three days.

The school children are looking forward to the coming holidays, and are busy getting ready for their examinations.

We had another very near shave for a bad fire at Peter Scott's. His house caught fire around the stove-pipe in the roof, but it was seen in time and with a few pailfulls of water was extinguished. But another minute or two would have finished it with the wind and dry weather prevailing.

A GUARANTEED CURE

For all Forms of Kidney Disease.

We the undersigned Druggists are fully prepared to give the following guarantee with every 50 cent bottle of Dr. Pettingill's Kidney-Wort Tablets, the only remedy in the world that positively cures all troubles arising from weak kidneys:—

"Money cheerfully returned if the sufferer is not relieved and improved after use of one bottle. Three to six bottles effect astonishing and permanent cures. If not relieved and cured, you waste no money.

Canada Drug & Book Co., Revelstoke, B. C.

J. A. Miller & Co., Revelstoke, B. C.

Walter Bews, Revelstoke, B. C.

NEW WESTMINSTER.

There were a good many Presbyterian ministers in town for the Synod.

Matriculation examinations are being held at the Columbia College this week.

The weather last week was very hot and ice-cream vendors did a large business.

On Saturday the lacrosse boys are going to try conclusions with boastful Vancouver. The local team is much weaker than it was last year, and Cheyne is no longer in gaol.

One Kootenay newspaper states that 7000 people welcomed the Hon. Richard McBride to his native town. The total population of the Royal City is 7000, and perhaps one third of them were down town.

The river is very high, but will have to rise twenty inches to reach the 1894 high water mark. A temporary wharf at the bridge construction was washed away on Sunday. On the same day a flood-gate in the Pitt Meadows dyke was broken, and one farm there is under six feet of water.

TROUT LAKE.

Matters looked serious last week when the Lardeau river threatened to wipe out part of the town. Owing to the encroachment part of Mrs. O'Brien's building was washed away, and it looked as if the Queen's Hotel, C. B. Hume & Co's. and Masterson & Griffiths stores would be swept out too. Fortunately Government Agent Fraser turned up punctually on being advised of the trouble and started a force at work Saturday with such good results that the town was saved in time.

This was the work that Provincial Engineer Gamble was sent to examine some time ago, and which he reported was unnecessary expenditure. That is the sort of artist whom our member, Mr. Taylor, insists on keeping in control of the public works of the province to the public detriment. We have to thank Mr. Fraser for saving our town. When the voucher goes in the provincial engineer will probably endorse it "Claim refused." I had already decided the work was absolutely unnecessary. I must do something for my salary and that is what I did. The government agent who dared to authorise such work after I turned it down should pay this voucher out of his own pocket."

Too Great a Risk.

In almost every neighborhood someone has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

NAKUSP.

From our own Correspondent.

Rev. T. S. Glassford preached in Revelstoke last Sunday.

There has been a fire on the townsite which at times looked very serious for everything.

We had a heavy rain and thunder storm which did very much good, but did not cool the weather much.

The Yale-Columbia Lumber Co. had to close down the mill on account of high water on Tuesday morning.

The lake is still rising and is over the low track. Monday and Tuesday were the warmest, being 89 and 90 in shade on lake front.

Mrs. Antoney was taken seriously ill on Saturday last and had to be taken to the Denver hospital, but I understand she is doing very well since.

CAMBORNE.

Mrs. Drew has one of the nicest collections of pot plants to be seen in the district.

B. E. Drew has resigned his commission as justice of the peace, and has recommended H. S. Wallace as his successor.

LABOR'S CALL.

Coast papers maintain the U. B. R. E. strike settlement involves the withdrawal of the men from the U. B. R. E.

Giving evidence at the Labor Commission, Genl. Supt. Marpole said he believed in compulsory arbitration for public service corporations. He thought the board should be composed of a justice of the supreme court as chairman, and one person representing each party to the dispute. He believed union men were better morally, and as good in their relations with the company as non-union men.

In the opinion of Mr. J. H. Watson, the socialists are the cause of all the trouble in the unions. He stated to the Labor Commission the socialists are forever preaching discontent. Socialists consider, according to Mr. Watson, there is an irreconcilable hostility between capital and labor, and they preach that doctrine. Chief Justice Hunter—How would you afford a remedy? Mr. Watson—I have already told them. They know my sentiments. I'd throw the socialists out of the unions. In taking in socialists they (the unions) are only taking unto themselves a viper.

Many Women are not Attractive

Because of repulsive-looking warts on the hands. They can be removed quite painlessly by Puttnam's Painless Corn and Wart Extractor; it never marks and always cures. Try it.

THE CONFESSION OF A WIFE.

"PAINE'S CELERY COMPOUND

Was the Medicine That Saved My Life."

This is the closing sentence of a thankful letter of testimony written by Mrs. Fred. M. Wetmore, of Windsor, Ont. She suffered from kidney disease and heart trouble, which resisted the best treatment of her physicians, when all seemed dark and gloomy for the suffering woman, Paine's Celery Compound was brought to her attention. Mrs. Wetmore used the compound with faith and was happily cured. Mrs. Wetmore writes as follows:—

"A year ago I was in such a low condition of health that my life was despaired of. Medical treatment failed to do me good, and my friends were greatly alarmed. The doctors said I was suffering from kidney disease and heart trouble, and might drop off at any time. My aunt procured a bottle of Paine's Celery Compound for me and I used it. After taking the second bottle, I felt stronger, and had hopes of getting well again. Six bottles of Paine's Celery Compound made me a new woman. I am now strong and well, good appetite, digestion and sleep like a child. Paine's Celery Compound was the medicine that saved my life."

THE MINES.

The stamp mills on the Second Relief at Erie is to be started up.

The zinc separator at the Payne will be put in operation July 15th.

H. Bodine is again at work on the Beatrice to complete his 400-ft. contract.

Supt. Bradley is arranging to have work resumed immediately on the Blue Jay.

J. A. Darragh is pushing development work on the Copper Dollar at Camborne.

The government intend opening to location the East Kootenay coal and oil reserves.

A carload of machinery has arrived for the proposed Elmore oil concentrator for the LeRoi.

Large bodies of pay ore are reported to have been developed on the 1350 foot level of the Le Roi.

W. B. Pool went this week to the new property which he has bonded at Camborne, the Homestake, with a view to starting development.

J. Ernest is doing development work on the Goldfly at Camborne. A lead has been struck on the property and looks well for gold values.

Output of Crow's Nest collieries for week ending June 5: Coal Creek, 5,387 tons; Michel, 6,139 tons; Morrissey 3,416 tons; total, 14,942 tons; same period last year, 3,104 tons.

The gold belt of Fish creek is now proved to extend for a length of nine miles by a width of a mile and a half. This area carrying free-milling gold should produce some rich mines.

The Beatrice is in need of a much better trail than that now used, and it is understood Government Agent Fraser has represented to government the necessity of allowing a sum for the purpose.

Prof. Blockberger and H. Howard are at Camborne to arrange for resuming development on the Kingston group, on which it is stated a promising showing of gold has been struck. Mr. Howard is from Portland, Ore.

G. Goldsmith has gone to Boyd creek to resume development on his claims. It is stated this property has been found to carry good gold values, carbonates rich in gold having been thrown over the dump in ignorance of their nature.

People are now beginning to recognize the credit due to A. F. Rosenberger for the determined manner in which he stayed with the Camborne camp, recognising it possessed orebodies of unquestioned merit, and which are proving up so well under development.

Since the change in the management of the Northwestern Development Co's. property, the shares have recovered from 50c. to $1.50 and are in active demand at Hancock and Calumet, Mich. Blocks of this stock held by Camborne people have been in demand lately for eastern buyers.

The shipments from the mines of the Boundary district last week amounted to 11,318 tons, made up as follows: Granby Mines, 4,012 tons; Snowshoe, 2,100 tons; Mother Lode, 3,729 tons; B. C. Mine, 1,500 tons; Emma, 30 tons; total for the year to date, 236,835 tons. The Granby smelter treated 4,808 tons of ore, making the total there treated this year 140,139 tons.

Referring to the complaints of Boundary smelters regarding the Crow's Nest coal supply, G. G. S. Lindsey, K. C., counsel for the company, in a letter to the Rossland Miner, says the only point to which the Crow's Nest company has for a year shipped any coke over the Great Northern railway or into the United States is Northport,—"a smelter upon which Rossland depends largely for its smelting. The coke supply to Northport the Rossland board of trade and your newspaper have sought to aid and assist as a Canadian concern, although it has received far less in proportion to its necessities in the way of coke than any of the Canadian smelters."

Regarding the bond which the London & B. C. had on the Eva, the chairman, in his annual report, said: "But perhaps our greatest expectations were directed towards the Lardeau property, about which our engineer, Mr. Fowler, had written and cabled most hopefully, and for him, an extremely cautious man, I think I may say enthusiastically. The option on that property, it will be remembered, was running, and, as arranged, I left shortly after the meeting to see the property for myself and to consult with Mr. Fowler as to the desirability of exercising it. On my arrival I found the early promise given by the developments had not been confirmed by the further exploration, and after very carefully considering the matter it was decided not to exercise options and to write off the loss, which, with the option money paid and exploration work done, amounted to about £3,000. This was a great disappointment, but in justice to Mr. Fowler I should like to say that had the later developments shown the value originally reported, the property would have been an almost ideal one for working on a very large scale."

A. H. Gracey, M. E., has been to Camborne and started work on the Cholla group for the Imperial Syndicate which owns it, and intends developing it extensively. W. Martin is in charge. A tunnel will be run to cross-cut the vein exposed by an open cut up the mountain side, and is expected to cross-cut the vein at 200 feet.

R. SAMSON.

GRAZING REGULATIONS

For Manitoba, the Northwest Territories and the Railway Belt in British Columbia.

Leases for grazing purposes are issued for a term of twenty-one years, and the rental is at the rate of two cents an acre per annum, payable half yearly in advance.

Lands included in a grazing lease may be withdrawn for homestead entry, sale or railway purposes, but no rental is charged on such lands from the date upon which they are withdrawn from the lease.

A lessee of grazing lands is not entitled to the hay thereon, but he may, upon application to the agent of Dominion Lands, obtain each year the first permit to cut on his leasehold whatever quantity of hay he may require for his own use, free of dues, the department reserving the right to issue permits to other applicants.

Applications for grazing leases should be made to the Secretary, Department of the Interior, Ottawa.

P. G. KEYES,

Secretary, Department of the Interior.

HOAR—At Golden, B. C., Wednesday, June 17th, Sissie, daughter of Mr. and Mrs. O. D. Hoar, aged 4 years.

IN THE GREEN ROOM.

June 20, 22 and 23—Clara Mathes Co.

June 24th—Antonia Dolores.

July 1st—Willing Workers.

LOCAL & GENERAL.

Steamer Revelstoke did not make a trip this week.

A. E. Fountain, formerly of Field and Golden, was arrested at Vernon for passing valueless cheques.

Shamrock III arrived at Tompkinsville, L. I., Monday, after a safe though rough voyage from Gourock, Scotland.

An agreement has been reached between the strawberry growers of Vancouver Island and the Mainland not to sell the berries below $2 a crate.

W. D. Pease, a former resident of Revelstoke, was amongst the chief sufferers from the Mission valley flood caused by a cloudburst, which overflowed the creek and dam.

W. A. Bauer, who has hitherto done a great deal of the mineral surveys of Kootenay, finds the demands on his time so great at the coast he will not visit Kootenay this season.

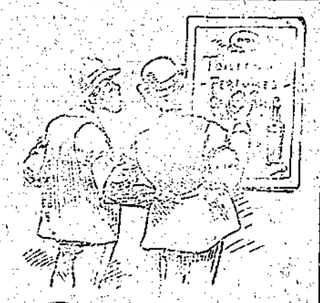
M. Buchanan has appealed against the decisions of the bench at Camborne committing him for trial and fining him $100 over the troubles referre'd to in our issue of last week.

Mrs Morr's has re-sold one of the lots she recently purchased on McKenzie avenue from Mrs. Smith, and a building will probably be erected thereon. The deal was put through by H. N. Coursier.

J. P. Kelley came in from Carnes creek Wednesday returning yesterday. He reports the water in both river and creek at his place as very high, and says that a large tract of land has been washed out at the junction by the strong current.

Complaints are made of the Beaton-Camborne road. It is stated no work on the road has or pulled that done by E. L. Kinman last year where he corduroyed it and put gravel on top. This portion of road has since remained in first-class condition in all weathers.

An extra of the B. C. Gazette issued Tuesday contains proclamations dissolving the legislature and authorising the issuance of writs to bear date 16th July and returnable 18th November. W. E. McLaughlin is collector of votes for Revelstoke riding. The next session of legislature is called for Jan. 21st, 1904.



SOME SUMMER SUGGESTIONS

A COOL PLACE
A NICE DRINK

These are what you find at the

RED CROSS SODA AND ICE CREAM PARLOR

J. A. MILLER & CO.

The high water of the Illecillewaet on Tuesday damaged about 80 feet of the power house flume, a portion being carried away. Mayor O'Brien promptly waited on Supt. Kilpatrick and arranged to have C. Fraser's bridge crew put in a temporary structure, so that the lights may be on this evening or Monday.

C. R. Macdonald this week received word that he has been elected to the council of the B. C. Pharmaceutical Association. This is the first representative for Revelstoke on the board. G. T. Mallery, now of Kamloops but formerly of Revelstoke, was elected vice-president for the ensuing year at the meeting held last week.

The first ripe strawberries recorded at the MAIL office this season were brought in Thursday by Mrs. R. S. Wilson and were large and of a delicious flavor much relished by the staff. Mrs. Wilson says that although the season has been considered backward the berries are further advanced than in previous years.

The barbers of the city are now conforming with the laws of their union in respect to working hours and hereafter the shops will be open from 8 a.m. to 8 p.m. on week days Saturdays excepted, being then open from 8 a.m. to 11 p.m. This will be a welcome change to them as heretofore they have been obliged to work until late every evening and on Saturdays until after midnight.

The public schools close for the mid-summer vacation next Friday. Principal Miller extends an invitation to all parents and others interested to be present during the forenoon of that day and inspect the work of the scholars in the various rooms which will proceed much the same as in carrying out the daily programme. School closes at noon, no afternoon entertainment being held. Visitors will be at liberty to pass from room to room or depart at any time.

GRIP & PASSWORD

K. of P.

Revelstoke lodge met last evening and initiated two candidates, also having two affiliations. The lodge has not yet definitely decided on place of celebrating 12th of July, but this will be settled at a special meeting to be called by the chair.

The anniversary celebration announced to be held in Vancouver on July 11th has been cancelled through the inability of lodges from the Island to be present on that date as was expected. The Island and Vancouver lodges will take part in the provincial celebration at New Westminster on July 13th.

K. of P.

At the regular meeting of Gold Range lodge Wednesday evening one candidate was advanced to the second rank.

Installation of officers in the local lodge will be held on Wednesday evening, July 1st, there being but two meetings each in months of July and August, namely first and third Wednesdays.

The four lodges of the order in Vancouver have arranged for a joint memorial celebration to be held tomorrow. L. H. Buck, formerly of Gold Range lodge but now a member of Rathbone, has been selected as prelate in the appointment of officers for the day.

A. F. AND A. M.

The 32nd annual communication of the M. W. Grand Lodge of British Columbia was held in Vancouver this week, the session opening on Thursday in the Masonic Temple, Granville street. Rev. C. A. Procunier and A. McRae attended as delegates from Kootenay lodge.

I. O. F.

While in Vancouver last week B. R. Atkins, H. V. C. R., had the pleasure of attending a meeting of Companion Court Braeside, the sisters having extended a special invitation to members of the subordinate courts to attend that evening together with P. H. C. R. Rev. Alexander MacGillivray, of Toronto, who was on a visit to Vancouver. Court Braeside enjoys the distinction of being the only companion court in B. C., and the companions were complimented by the H. V. C. R. on the manner in which the business of their court is transacted.

I. O. O. F.

The Grand Lodge closed its session at Vancouver Friday, 12th. The following officers were installed for ensuing term: Dr. E. C. Arthur, Nelson, G. M.; T. F. Neelands, Vancouver, D. G. M.; D. E. McKenzie, New Westminster, grand warden; Fred. Davey, Victoria, grand secretary; F. E. Simpson, Cranbrook, grand treasurer; A. Henderson, Victoria, grand representative.

R. S. Wilson, who represented Revelstoke lodge, returned home Saturday, and reports the meeting a most successful one. J. Outhett was delegate from Selkirk lodge.

Camborne Oddfellows have applied for a dispensation and expect to soon have a lodge instituted in that town.

If it's a bilious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by all druggists.

Corporation of the City of Revelstoke

BYLAW No. ——

A Bylaw to enforce the removal of a certain laundry from Lot 19 in Block number 17, according to plan of a part of the City of Revelstoke registered as Plan number 636A.

WHEREAS, In the opinion of the Municipal Council of the Corporation of the City of Revelstoke the laundry erected upon Lot number 19 in Block number 17, according to a registered plan of a part of the City of Revelstoke and numbered as Plan 636A, is a nuisance and an eyesore to the locality in which the said laundry is situated;

And, Whereas, the said laundry is, in the opinion of the said Municipal Council, dangerous to the public safety or health in said locality;

And, Whereas, it is in the interests of the City of Revelstoke to pass a Bylaw to enforce the removal of the said laundry from said locality which is a residential district in the City of Revelstoke;

Therefore the Municipal Council of the Corporation of the City of Revelstoke enact as follows:

1. It is hereby declared that in the opinion of the Municipal Council of the Corporation of the City of Revelstoke the laundry erected upon Lot number 19, in Block number 17, according to a registered plan of part of the City of Revelstoke and numbered as Plan 636A, is a nuisance and an eyesore to such locality and that the said laundry is dangerous to the public safety and health of such locality, being a residental locality in said City of Revelstoke.

2. The owner, tenant or occupier of the said laundry are and each of them is hereby ordered to remove said laundry from said lot and locality within thirty days of the final passing of this Bylaw and from the publication of the same in a newspaper published in the City of Revelstoke in one issue thereof.

3. If the owner, tenant or occupier of the said laundry does not within the period of time above set forth duly remove the said laundry from said lot and locality it shall be lawful for the Corporation of the City of Revelstoke by its officers, servants or agents to enter upon said lands and premises and to remove, pull down and carry away the said building or structure erected upon the said lot and used as a laundry, and such removal, pulling down and carrying away shall be done at the expense and cost of the owner, tenant or occupier of such structure or building and the expense and cost thereof shall be recoverable against the owner, tenant or occupier in like manner as Municipal taxes.

4. If the owner, tenant or occupier aforesaid does not remove said laundry from said lot and locality within the above named time and allows or permits the said structure or building to be used for laundry purposes he shall be deemed guilty of an infraction of the provisions of this Bylaw and shall be liable to the penalties thereof and this in addition to any other remedy the Corporation may have and every day such owner, tenant or occupier allows or permits the said structure or building to be used for laundry purposes shall be deemed a repetition of the offence.

5. Any person guilty of infraction of any of the provisions of this Bylaw shall be liable (and this in addition to other remedy the Corporation may have) on conviction before the Mayor, Police Magistrate or any Justice or Justices of the Peace having jurisdiction, to be fined in any sum not exceeding one hundred dollars and costs for each offence and in default of payment thereof it shall be lawful for the Mayor, Police Magistrate or Justice or Justices of the Peace so convicting as aforesaid to issue a warrant under his hand and seal to levy the said penalty and costs or penalty or costs only by distress and sale of the goods and chattels of the offender or offenders and should there be no sufficient distress to satisfy the said penalty and costs or penalty or costs only it shall be lawful for the said Mayor, Police Magistrate or Justice or Justices of the Peace so convicting as aforesaid to commit the offender or any offenders to any lock-up in the City of Revelstoke for period not exceeding thirty days.

Read a first time June 5th, 1903.

Read a second time June 5th, 1903.

Read a third time and passed June 5th, 1903.

Corporation of the City of Revelstoke

BYLAW No. ——

A Bylaw to enforce the removal of a certain laundry from Lot Six in Block number 27 according to plan of a part of the City of Revelstoke registered as Plan Number 636A.

WHEREAS, In the opinion of the Municipal Council of the Corporation of the City of Revelstoke the laundry erected upon Lot number Six in Block number 27, according to a registered plan of a part of the City of Revelstoke and numbered as Plan 636A, is a nuisance and an eyesore to the locality in which the said laundry is situated;

And Whereas the said laundry is, in the opinion of the said Municipal Council, dangerous to the public safety or health in said locality;

And Whereas it is in the interests of the City of Revelstoke to pass Bylaw to enforce the removal of said laundry from said locality which is a residential district in the City of Revelstoke;

Therefore the Municipal Council of the Corporation of the City of Revelstoke enact as follows:

1. It is hereby declared that in the opinion of the Municipal Council of the Corporation of the City of Revelstoke the laundry erected on Lot number six in Block number 27, according to a registered plan of part of the City of Revelstoke and numbered as plan 636A, is a nuisance and an eyesore to such locality, and that the said laundry is dangerous to the public safety and health of such locality, being a residential locality in said City of Revelstoke.

2. The owner, tenant or occupier of the said laundry are and each of them is hereby ordered to remove said laundry from said lot and locality within thirty days from the final passing of this Bylaw and from the publication of the same in a newspaper published in the City of Revelstoke in one issue thereof.

3. If the owner, tenant or occupier of said laundry does not within the period of time above set forth duly remove the said laundry from said lot and locality it shall be lawful for the Corporation of the City of Revelstoke by its officers servants or agents to enter upon said lands and premises and to remove, pull down and carry away the said building or structure erected upon the said lot and used as a laundry, and such removal, pulling down and carrying away shall be done at the expense and cost of the owner, tenant or occupier of such structure or building, and the expense and cost thereof shall be recoverable against the owner, tenant or occupier in like manner as Municipal taxes.

4. If the owner, tenant or occupier aforesaid does not remove said laundry from said lot and locality within the above named time and allows or permits the said structure or building to be used for laundry purposes, he shall be deemed guilty of an infraction of the provisions of this Bylaw and shall be liable to the penalties thereof and this in addition to any other remedy the Corporation may have and every day such owner, tenant or occupier allows or permits the said structure or building to be used for laundry purposes shall be deemed a repetition of the offence.

5. Any person guilty of infraction of any of the provisions of this Bylaw shall be liable (and this in addition to other remedy the Corporation may have) on conviction before the Mayor, Police Magistrate or any Justice or Justices of the Peace having jurisdiction, to be fined in any sum not exceeding one hundred dollars and costs for each offence, and in default of payment thereof it shall be lawful for the Mayor, Police Magistrate or Justice or Justices of the Peace so convicting as aforesaid to issue a warrant under his hand and seal to levy the said penalty and costs or penalty or costs only by distress and sale of the goods and chattels of the offender or offenders, and should there be no sufficient distress to satisfy the said penalty and costs or penalty or costs only, it shall be lawful for the said Mayor, Police Magistrate or Justices of the Peace so convicting as aforesaid to commit the offender or any offenders to any lock-up in the City of Revelstoke for period not exceeding thirty days.

Corporation of the City of Revelstoke

BYLAW No. ——

A Bylaw to enforce the removal of a certain laundry from Lot 15 in Block number 18 according to a plan of a part of the City of Revelstoke registered as Plan number 636A.

WHEREAS, In the opinion of the Municipal Council of the Corporation of the City of Revelstoke the laundry erected upon Lot 15 in Block number 18, according to a registered plan of a part of the City of Revelstoke and numbered as Plan 636A, is a nuisance and an eyesore to the locality in which the said laundry is situated;

And Whereas the said laundry is, in the opinion of the said Municipal Council, dangerous to the public safety or health in said locality;

And Whereas it is in the interests of the City of Revelstoke to pass a Bylaw to enforce the removal of the said laundry from said locality which is a residential district in the City of Revelstoke.

Therefore the Municipal Council of the Corporation of the City of Revelstoke enact as follows:

1. It is hereby declared that in the opinion of the Municipal Council of the Corporation of the City of Revelstoke the laundry erected upon Lot number 15 in Block number 18, according to a registered plan of part of the City of Revelstoke and numbered as Plan 636A, is a nuisance and an eyesore to such locality, and that the said laundry is dangerous to the public safety and health of such locality, being a residential locality in said City of Revelstoke.

2. The owner, tenant or occupier of the said laundry are and each of them is hereby ordered to remove said laundry from said lot and locality within thirty days from the final passing of this Bylaw and from the publication of the same in a newspaper published in the City of Revelstoke in one issue thereof.

3. If the owner, tenant or occupier of said laundry does not within the period of time above set forth duly remove the said laundry from said lot and locality it shall be lawful for the Corporation of the City of Revelstoke by its officers, servants or agents to enter upon said lands and premises and to remove, pull down and carry away the said building, or structure erected upon the said lot and used as a laundry, and such removal, pulling down and carrying away shall be done at the expense and cost of the owner, tenant or occupier of such structure or building, and the expense and cost thereof shall be recoverable against the owner, tenant or occupier in like manner as Municipal taxes.

4. If the owner, tenant or occupier aforesaid does not remove said laundry from said lot and locality within the above named time and allows or permits the said structure or building to be used for laundry purposes, he shall be deemed guilty of an infraction of the provisions of this Bylaw and shall be liable to the penalties thereof and this in addition to any other remedy the Corporation may have and every day such owner, tenant or occupier allows or permits the said structure or building to be used for laundry purposes shall be deemed a repetition of the offence.

5. Any person guilty of infraction of any of the provisions of this Bylaw shall be liable (and this in addition to other remedy the Corporation may have) on conviction before the Mayor, Police Magistrate or any Justice or Justices of the Peace having jurisdiction, to be fined in any sum not exceeding one hundred dollars and costs for each offence, and in default of payment thereof it shall be lawful for the Mayor, Police Magistrate, Justice or Justices of the Peace so convicting as aforesaid to issue a warrant under his hand and seal to levy the said penalty and costs or penalty or costs only by distress and sale of the goods and chattels of the offender or offenders, and should there be no sufficient distress to satisfy the said penalty and costs or penalty or costs only, it shall be lawful for the said Mayor, Police Magistrate or Justice or Justices of the Peace so convicting as aforesaid to commit the offender or offenders to any lock-up in the City of Revelstoke for any period not exceeding thirty days.

Read a first time June 5th, 1903.

Read a second time June 5th, 1903.

Read a third time and passed June 5th, 1903.

Reconsidered and finally passed and adopted by the Council June 19th, 1903.

HENRY FLOYD, City Clerk. M. J. O'BRIEN, Mayor. [SEAL]

A. E. BENNISON

Baker and Confectioner

has opened his new bakery on McKenzie avenue and trusts that his past experience in the city will merit a fair share of public patronage.
