Drafts sold available in all parts of Canada, United States and Europe.
Special attention given to collections. A. E. PHIPPS, Manager

CITY COUNCIL.

Special Meeting to Arrange for Repairing Flume.

Special meeting held Wednesday. Present: The Mayor, Ald. Field, Lewis, McLeod, Abrahamson, Foote, McCarter.

COMMITTEE WORK

The Mayor complained the committees did not do the work entrusted to them.

Ald. Lewis, as chairman of the Water and Light Committee, said he knew the Mayor had in hand the repairs to the flume, and he did not wish to interfere with his work.

Ald. Field said he had seen Mr. Smith about making the survey.

Correspondence was read from pipe companies re laying barrel flume to replace portion of flume washed out, and it was decided to accept tender of Canadian Pipe Co. at $8.50 per foot. Mr. Stocks, C.P.R. bridge inspector to be employed to supervise the work.

Ald. Abrahamson said the disadvantage of a barrel flume was they could not put men in to clean it with safety as they must run 18 inches to 2 feet of water to clean out the ice.

Replying to Ald. McCarter, Mr. Gordon saw no objection to a barrel flume, and considered it better than a square flume.

It was understood Mr. Stocks should be requested to inspect and report on the rest of the flume.

It was decided, now the bylaw had passed, the new plant and fittings be ordered immediately, so as to get the light plant in full working order as soon as possible.

Ald. Abrahamson suggested that the new dynamo to be ordered should be one suitable for either power or light.

Ald. McCarter said it would be a long time before they would be called on to supply power.

ORDINARY MEETING.

Ordinary meeting held last night. Present: The Mayor, Ald. Field, McLeod, Abrahamson.

CORRESPONDENCE

Toronto firm asking 14 days option on city debentures for the $20,000 loan at 99.

G. M. Sproat intimating Mr. Farwell was prepared to subdivide his townsite and, as the boundary was in dispute, suggesting definite survey. Referred to Works committee with power to act.

WORKS.

The Works committee recommended sidewalks, crossings and street improvements to value of $5,000, the sidewalks to be let by contract.

The mayor said this was a heavy bill of work but no work was done last year and all the work was equally necessary. That estimate would run the rates up to 28 mills.

Mr. Floyd said this rate included $2,000 for police cells and $1,400 for purchase of school block.

On motion of Ald. McLeod, seconded by Ald. Abrahamson, it was resolved to defer further consideration till next meeting.

THE FLUME.

The Mayor reported Mr. Stocks and he had gone over the flume and Mr. Stocks recommended taking out the present flume and replacing it by barrel flume from power house to east end of break, and thoroughly fixing up balance of flume.

Mr. Stocks stated the proposal he made would give them a permanent work that would last as long as they lived.

Replying to Ald. McLeod Mr. Stocks said a barrel flume was better than a square flume for handling ice.

The Mayor said as soon as the material arrived they could go on with construction at rate of 50 feet a day.

Resolved to approve above recommendation.

STATION ROAD.

Ald. Abrahamson asked what should be done with the pipe on station road?

Resolved Works committee see Supt. Kilpatrick on matter.

UNSIGHTLY BUILDINGS.

Ald. Abrahamson considered Mrs. Skinner's burned building should be moved.

Ald. McLeod said a stable belonging to T. Lewis was in dangerous condition and not used. It should be pulled down as dangerous to children.

Works committee to attend these matters.

The bylaw to borrow $20,000 to improve water and light plants was finally passed.

POLICE COURT.

Before Messrs. H. A. Brown and McLaughlin, J.'s P., F. Veltrow was charged with killing game out of season, a grouse having been found in his possession, and was fined $16.25, including costs.

W. Stevenson, the man who came to town with his pockets filled with Imperial bank cheques and drafts, was brought up, the attorney-general having ordered the quashing of his conviction and sentence of three years by F. Fraser, S. M., as owing to a mistake in Mr. Fraser's commission he has only jurisdiction within the city, and the offence on which he was sentenced was robbing a shack at Illecillewaet. He was therefore charged with having passed one of the cheques on R. Caley and committed for trial.

On Thursday R. Fleming was charged with cruelty to a horse and fined $20.

PIPES, PIPES, PIPES, BROWN'S BROWN'S, BROWN'S.

LATE WAR NEWS

Another Japanese Victory. Great Russian Army in Peril.

Tokio, June 23.—The Mikado's troops repulsed a thousand Russian infantry with great loss.

The Japanese advance is developing all along the line. Oyama has definitely assumed the offensive, and Linevitch is menaced by two grave dangers, one tactical, the outflanking of his right, the other strategical, the enveloping of his left. In either case the Russian position is serious if not hopeless. Unless Linevitch promptly fall back on Harbin another great Russian disaster is inevitable.

ANOTHER WAR THREATENED.

France and Germany Preparing.

Berlin, June 23.—Prices on the Bourse ominiously declined this morning on reception of Premier Rouvier's note regarding Morocco, and the rumored mobilization of French troops. Government circles note with concern powerful intrigues are trying to force war with France. The situation is delicate and complicated.

FIELD SPORTS.

DOINGS MILITARY.

The programme is out for the meeting of the Territorial Rifle Association at Calgary July 11th to 14th. Entry forms may be obtained from Capt. in Brown, who will attend the meeting, at which some handsome trophies are offered for competition.

ROCKY MOUNTAIN RANGERS.

The following was the result of the shoot on Saturday:

Name	Rank	200 yds	500 yds	600 yds	Total
Fisher	Pte	28	31	29	91
Brown	Lieut	30	30	32	92
Smith	Lieut	27	29	26	82
Hall	Pte	26	24	24	74
Nelson	Corp	20	24	15	59
Paget	Pte	17	21	20	58
Coombes	Pte	23	19	15	57
Leaming	Pte	13	23	15	51
Burpee	Pte	16	13	18	47
Rowlands	Corp	15	18	14	47
Morrison	Lieut	23	18	1	40
Shardlow	Corp	21	18	—	39
Hardcastle	Pte	18	—	15	33
Farquhar	Pte	21	0	0	21
McMillan	Pte	—	22	16	38
Donald	Sgt	—	15	—	15

Sgt. J. Donald was in from Golden on a short visit.

The first ten scores will be returned to the secretary, Canadian Military Rifle League, as the team shoot in the second match.

The average (65.9) should be raised at least ten points by more careful shooting and better attendance at the matches. Pte. Groover and other good shots were much needed to help the score.

GUN CLUB.

The scores Saturday were:—J. Guy Barber 18, W. A. Sturdy 15, A. McDonell 13, A. McRae 12, B. A. Lawson 11, F. B. Lewis 10.

LACROSSE.

Revelstoke defeated Kelowna by 7 to nil. The following represented Revelstoke:—Goal, G. Trimble; point, J. McCorvie; cover point, P. Dunne; 1st defence, W. Buck; 2nd defence, A. Hillier; 3rd defence, W. Barber; centre, A. Woodland; 3rd home, W. Turnbull; 2nd home, G. Knight; 1st home, C. Latham; outside home, C. Kerfoot; inside home, J. Mills; field captain, Neil Lee. It was a good game, but Kelowna's home was weak. The scores were: Turnbull, Latham, and Kerfoot two each, Mills one.

On Wednesday Revelstoke played Vernon and won by 4 to 0. The scores were: Latham three, Turnbull one.

New Westminster defeated Vancouver on Saturday, in the latter city, by four goals to one.

Revelstoke Intermediate play Kamloops on Dominion Day.

Nelson defeated Roseland by 9 to 4.

FOOTBALL.

In the match Saturday afternoon City v. Shops, the shops won by 4 to 1.

TENNIS.

Today was ladies day at the Lawn Tennis Club's ground, the ladies inviting their friends for a game and supplying refreshments.

In the matches Banks v. Club, the former won the doubles and the latter the singles.

THE TURF.

The directors of the race course are calling for tenders to clear 18 acres of the reserve to be laid out in a track half a mile long. It is intended to to arrange a race meeting at an early date to fall in with Vancouver, Kamloops and Calgary circuit. A road will be built from the Big Bend road to connect with the course so as to make it as easily accessible to the centre of the city as possible.

SUDDEN DEATH

Hunter Found Dead Beside His Game.

Mr. Daniel McLennan, dairyman living near Morrissey took his rifle to get a deer. Not returning in the evening his wife gave the alarm and a search party set out next day. His body was found a mile from his home and half of a deer lying near him. The other half was found some distance away. Death was due to heart failure. He had shot and dressed the deer and was in the act of carrying it home half at a time when overtaken by death.

SHOOTING AFFAIR.

C. P. R. Machanic Wounded.

A fracas occurred in the east end of the city on Saturday night. Some Italians were having a celebration when several machinists arrived on the scene and insisted on taking part. A row ensued, in which an Italian named Sirianna sustained frightful wounds on the head, and two revolver shots were fired, one taking effect on a machanic named Hutton. Fortunately his injuries were not serious, as the bullet struck a rib and glanced round, lodging in his back, but he had a narrow escape from being killed. Dr. Graham succeeded in locating and extracting the bullet. Sirianna made himself scarce after the shooting, but was persuaded to give himself up, which he did on Monday, though he persists he did not do the shooting.

He was released on bail.

HORRIBLE MURDER

Two Children Done to Death.

Halifax, N. S., June 20.—Fred O'Neill found Elma Young in the scrub woods back from Plymton, Digby County, and his brother Clifford came on the remains of six-year-old May Ward quarter of a mile further back. The baby, a year and a half old, was lying on its face, trussed hand and foot. Its mouth had been stopped with its own cotton hood which had been rolled up and bound tightly across its face. In its struggles to free its hands the wad of cotton had dropped from its mouth, which prevented suffocation.

The other child, May, was dead. Across her mouth and nose was a large burdock leaf, over this the child's hood was tightly drawn and around and around was bound a quantity of yarn. Suffocation must have quickly followed the application of this horrible contrivance, and the fact the body rested as though it had not been moved indicates life was extinct before the little form had been deposited on the ground.

SHOCKING ACCIDENT

Fast American Train Wrecked.

Mentor, June 22.—Running at the rate of 50 or 60 miles an hour, the Twentieth Century Limited on the Lake Shore Railway dashed into an open switch at the passenger station here shortly before 10 o'clock last night. Twenty-two persons were killed and 12 or 15 badly injured. The combination baggage and smokeing car and the coach behind it caught fire and were destroyed.

The scenes following the wreck were pitiful the moans of the dying mingled with the cries and screams of women. Those in the rear coaches were not injured and set about at once to rescue those pinned in the burning cars. The fire spread with great rapidity and it was with difficulty that the passengers were rescued.

It is believed that the switch was opened by a boy.

COLLISION

Imperial Limited Runs Into Stock Train.

On Tuesday a frightful accident occurred at Kalmar, near Kenora, when the west-bound Imperial Limited dashed into a stock train. Engineer Perry and Express Messenger Stacey were killed and the engineer, Bird, mail clerk, Parson, and fireman, Watt, severely injured. The cause was the missing of three concluding words of the order to the freight train. Three or four cars of horses were killed.

COUNTY COURT.

Judge Forin held a sitting yesterday, when Ford, who forged cheques on H. Manning, and Stevenson, who passed a forged draft on R. Caley, pleaded guilty and were sentenced to three months imprisonment each.

The following civil cases were heard:

Dr. McLean v. J. Samson, claim $25 professional services. Defendant put in a counter claim for $52, and judgment was given in his favor for the balance $27. Mr. Briggs for plaintiff, Mr. McCarter for defendant.

Crawford & Co. v. Big Bend Lumber Co., claim $593 for logs, and Big Bend Lumber Co. v. Crawford, claim $318.90 for supplies, were taken together, and partly heard when the case was adjourned till Tuesday for the attendance of a witness. Mr. Elliott appeared for Crawford and Co., and Mr. McCarter for the Big Bend Lumber Co.

J. Laughton v. Athoe, claim $91.15 for board. Defendant put in a counter claim of $474 for services, and his honor said as this was a mixture of black jack, drinks, bank rolls and partnership he would dismiss both claims. Mr. McCarter for Laughton, Mr. Elliott for Athoe.

UNION LABEL

SATURDAY JUNE 24 1905

A strong feeling is gaining ground in the city that the ward system should be done away with in the election of aldermen, and that the aldermen should be elected by the city as a whole. It is believed this would do away with the sectional feeling between the east and west ends of the city and result in the citizens taking a greater interest in municipal affairs.

It is pleasing in these days of labor troubles to find the general manager of the Crow's Nest Coal Company speak in such high terms of the relations existing between the company and the miners. It is something new in this province to find mine managers expressing such confidence in their men. We are heartily glad to see the generous manner in which Mr. Lindsay spoke of the employes, and if more mine managers would treat their employes with the the same respect, confidence and esteem as Mr. Lindsay there would be fewer labor troubles in British Columbia mines.

AN ANNUAL FAIR.

The time has come when Revelstoke should encourage the growth of flowers, vegetables and fruit by holding an annual show, and indeed we believe a fair could be made a big success. If any of our citizens take sufficient interest in a plan of this kind we shall be much obliged if they will communicate with the Editor of the MAIL, and if the encouragement is sufficient steps will be taken to organize something of the kind. No doubt exhibits would be sent from all parts of the surrounding country, and such a fair would do much to encourage not only the beautifying of the city from a horticultural point of view, but also the planting out of orchards and settlement of the land. Some day the valley between Arrowhead and Revelstoke will be peopled with hundreds of small farmers.

PROFESSIONAL BEGGING.

The astounding revelations in the police court at Nelson of an organised system of beggars travelling the country ought to put people on their guard against imposition on their charity. There are travelling beggars able to work and praying they can't get it. The German state farm system ought to be applied to these people. They should be promptly arrested and placed on such a farm under prison discipline so that they may be compelled to earn their own living. There are men and women suffering from physical deformity or accident who are unable to work. These are fit objects of charity and should be assisted. But the professional scoundrels ought to be suppressed by refusal of monetary aid and by prosecution by the police as vagrants wherever found. The scheme is more brazen when it is given out that San Francisco is the organizing centre, and that the suckers of British Columbia offer as inviting a field for professional beggars as they do for Marconi wireless stock promoters and others of that ilk.

THE ELECTRIC LIGHT PLANT.

We congratulate the city on seating on Wednesday the doom of the antiquated fogeys who are such opponents of progress they wanted to see Revelstoke go back to coal oil lamps. The bylaw for improvement of the plant was carried, and within a few weeks Revelstoke will have one of the finest electric lighting plants in Canada, and one that belongs to the citizens themselves. Those who say the city got from the company something that was valueless dont know what they are talking about. When it became noised abroad that there was danger of the the bylaw failing and the plant being shut down a shrewd representative of capital got ready to purchase it, and was willing to pay $100,000 cash for an equipment some people want to make out is worth nothing. A man who knows better than anyone else the true value of the water and light equipment of the city declares that, with the value of the franchise, it is worth about $200,000 to the city, or about three times what it originally cost. Though we regretted to hear the late mayor condemning the source of power at the meeting last week we believe what we have always said, that in acquiring the water and light franchises for the city Mr. O'Brien rendered the people one of the most valuable services ever rendered by a mayor to his constituents. Some people profess to believe that the company were anxious to sell out. That is not correct. They had a good thing, and they knew it, but Mr. O'Brien had declared for civic owned water and light, and there was not room for two systems of the kind in Revelstoke. The company recognised it could not fight the city on a question of that kind, and accepted a fair value for it. If that plant and equipment is handled right it will give the best service to the citizens, and the Mayor's statement at last week's meeting that no other city could compete with Revelstoke in the superior quality of its light is absolutely true.

V. V. AND E. RAILWAY.

We don't see any sense or justice in the C. P. R. so vigorously opposing the V. V. and E. charter. Neither the Similkameen, nor any other section of this province can be opened up without railways. For years the C. P. R. has been urged to build a road into that section, and it is only about a year ago that General Superintendent Marpole told the press the C. P. R. roads in the province were not paying and the company would build no more railways here for some time. The people were determined the country could not stand still if the C. P. R. did, and urged the V. V. & E. to go ahead. Neither the C. P. R. nor any other railway can be allowed to adopt a dog-in-the-manger policy. The province must be developed, and if the C. P. R. wont open up important sections like the Similkameen, then, by all means, any railway that will do so should have the fullest opportunity. Hence we support the V. V. and E. charter. That company is asking no land or money grants and is tying up no country. That is the railway policy this province wants and should encourage in every possible way.

Again competitive roads are necessary to secure fair treatment to the public. See the benefit in reduced freight rates that Great Northern competition is to Nelson and Rossland. Had Revelstoke had the same railway advantages as these cities it would today have been a city of 10,000 people. And it should have these advantages, but it will never get them till the Great Northern or some other competing road comes in. We don't believe it will. So great a railway authority as Jim Hill says the railways will be able to carry freight profitably at half a cent per ton per mile. To day the people of Revelstoke and surrounding district are taxed to just five times that amount for railway charges, which nothing but monopoly can justify.

THE SCHOOL QUESTION.

While the bigots are raving over the separate school question in the Northwest, the men of the Northwest themselves speak most highly of the system which they know better than anyone else. Rev. Dr. Carmichael, superintendent of missions of the Presbyterian Church for Manitoba and the Northwest, says:

I think the western people are well satisfied with their educational system and indeed if given an opportunity would likely re-enact it. No system could be devised which would provide so little separation as that now in force in the Northwest. In it separation has reached the vanishing point. It is difficult to see how it could be improved upon, and it works splendidly. The people in the west are undoubtedly satified with it. While theoretically I would prefer no separation, I do not believe it wise to ride over the wishes of the minority, and I think the ideal condition is much more nearly approached under this system than it would we the privilege of separation denied the minority.

Professor Bryce, of Manitoba College, said:

I find the people of the Territories satisfied with the present system of education. They have as near to a public school system as is workable in Canada. The Territories have practically a better working system of public schools in so far as religious parties are concerned, than we have under our Manitoba public school system.

CORRESPONDENCE.

CITY'S TAXATION.

Editor KOOTENAY MAIL:

A plan for progress. Assess improved property half of one per cent less on the dollar and unimproved property one per cent on the dollar more, as it is the working class that build up Revelstoke, not the town lot owners. I say compel the townsite owners to stand a fair share of the tax. It is likely to cause them to sell at a reasonable price. It would encourage the working class to buy and improve if they only had a fair share of the taxes to pay. Yes, tax the purse of the wealthy speculators more, the muscle and brain of the working man less, the result would be less complaint and more prosperity in our young city.

I am, etc.,
R. TAPTING.

POLITICAL.

Says the Tribune:—"The people of Yale-Cariboo made no mistake when they elected Duncan Ross to represent them instead of Martin Burrill. Not that we believe in a single thing that Duncan Ross stands for; we are inalienably opposed to his platform, lock stock and barrel, but he enjoys one advantage to which Martin Burrill is a stranger—he is consistent, and you can tell where he stands."

"John Houston's friends say owing to the dirty treatment he got at the hands of the McBride government he intends in future taking a strictly independent course in party politics."

THE CAVE.

The Dominion government propose to employ C. Deuchsman as guide to the cave at Rose Peak. Both the government and the C. P. R. are arranging to build a trail so as to give convenient access from Ross Peak station. Mr. Deuchsman reports having discovered another cavern of grander character than any of the others yet discovered.

INSURANCE.

The Revelstoke Insurance Agency have been appointed agents for the Manitoba Insurance Co., which will be one of the strongest fire offices in the country, its risks being backed by the Liverpool, London and Globe. The company has arranged agencies at only three points in the province Vancouver, Revelstoke and Nelson.

The Revelstoke Insurance Agency are in receipt of a letter from the local lodge of Locomotive Firemen acknowledging the promptness with which the company paid the $2,000 insurance on the late Fireman Eastwood, especially as the application had been made only a few hours before the accident and the premium had not even been paid.

NEW BUILDINGS.

Good progress is being made with the new station being built by the C. P. R. The concrete work for the basement is almost completed and a start will shortly be made with laying the brick and stone. The contractors have bought out all the bricks left at C. B. Hume & Co.'s kilns, and are importing the rest of the brick required from Enderby.

E. C. Fromey has completed laying the stone foundation for R. Howson's residence and is laying the cement blocks.

W. A. Foote is making splendid progress with the construction of C. B. Hume's residence on McKenzie ave.

WINDSOR HOTEL.

The new hotel on First Street, when completed, will have upwards of fifty room, all of which will be spacious and well ventilated and well furnished. The house will be run on the European plan. The bar fixtures have been ordered from Hamilton, Ont., and will be a very handsome affair in solid oak with large British plate mirrors. This alone will cost about $1,000.

The New Scale Williams Piano at St. Mary's Academy, Winnipeg.

Most of the world's greatest masterpieces, both in Art and Music, have been produced under religious influence. The Roman Catholic Church has for centuries fostered all that is best in music, and it is well known that their Religious Colleges and Academies contain some of the best artists and cultured music enthusiasts.

That the New Scale Williams Piano has been selected as the best for their purpose by the St. Mary's Academy, Winnipeg, is a distinct triumph for this leading Canadian instrument. The selection was made after a thorough investigation into the merits of all available Canadian pianos. The following letter explains itself:

St. Mary's Academy, Crescentwood,
Winnipeg, Man. Feb. 9, 1905.

Dear Sir,—Since September, 1904, we are using the New Scale Williams Pianos, and are happy to testify to their magnificent tone qualities, sweetness, richness, and evenness. We sincerely congratulate you on the wonderful improvements made in the construction of these pianos.
SISTERS OF JESUS AND MARY,
St. Mary's Academy.

St. Mary's Academy is but one of an extensive list of representative educational institutions that have adopted the New Scale Williams Piano. Artists, music lovers everywhere unite in declaring it Canada's foremost piano. The artistic elegance of its appearance is only excelled by its perfect constructions, durability and rich singing tone.

The Williams Piano Co., of Oshawa, publish three booklets on the history and construction of pianos which should be read by all contemplating the purchase of a piano. They are sent free on request, or can be obtained from the local warerooms.

GRIP AND PASSWORD.

A. F. & A. M.—The Masonic Grand Lodge met at Westminster on Thursday. Rev. C. A. Procunier and Fred Fraser representing the local lodge, and the former returned this morning. Mr. Schofield, of Trail, was elected Deputy Grand Master.

I. O. L.—There will be an Orange celebration at Armstrong on July 12th. In addition to the parade and speeches the feature of the day will be a lacrosse match, Kelowna v. Kamloops, baseball Vernon v. Enderby, firemen's sports, tug of war, Orangemen v. the world, concert and ball in the evening. There will be a special train from Revelstoke at 8:30 a.m., returning at 10:30, fare $2.35.

I. O. O. F.—J. Palmer and E. Adair, delegates from Selkirk Lodge to Grand Lodge meeting, report an enjoyable trip and successful meeting.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." For sale by all druggists.

THE PRICES ARE RIGHT AT BROWN'S CIGAR STORE.

Clark's Delicious Pork and Beans always ready. Those who know them are always ready for them. Satisfy hunger. Sold plain or with Chili or Tomato Sauce, 5c and 10c tins.

IF YOU NEED A NEW

If You Do Your Own Sewing
it is all the more reason why you should use only
Belding's Spool Silks

They save both time and money.
Belding's Silks are tough and strong, because they are pure silk. That makes them wear.
They sew smoothly, evenly—because they are free of kinks and knots. That prevents threads breaking.
You can do MORE work—and better work—and do it EASIER—with Belding's Silks.
Every shade and tint for hand and machine work.
Stores everywhere have BELDING'S SILKS.

Dr. PRICE'S
CREAM BAKING POWDER

45 cents a pound can
25 cents a half pound can
AT ALL GROCERS

Dr. Price's Cream Baking Powder is made from pure Cream of Tartar derived from grapes, and thus combines the highest leavening strength with the greatest purity and healthfulness.

Dr. Price's Cream Baking Powder is the most economical to use, because it goes farther in leavening and insures perfect, wholesome food.

It Saves Money and Saves Health

"CATCHING COLD" FROM DAMP FEET.

THE soles of the feet have more, and larger, pores than any other part of the body.

These pores are to carry off, through perspiration, the poisonous wastes of the body.

When the pores stop doing this all the work of "scavenging" falls upon the Liver and Kidneys.

These soon sicken from overwork, and then poisonous wastes accumulate, developing into serious illness if not checked.

To "Catch Cold" is to have just these things happen. The most frequent cause of "Colds" is getting the feet wet, through the sole leather of shoes.

This moisture from without, chills the skin, which then contracts, closing up the pores, checking circulation of the blood, and shutting in perspiration. Ask your doctor.

Now some of the highest priced regular Oak Sole leather, if placed in a jar of water, will soak through in one single hour.

The pumping action on the leather in walking, carries dampness through in less than that time.

* * *

If high priced regular Oak Sole leather will do this, what happens with the poorer kinds, as used in the vast majority of shoes?

Like all others, "The Slater Shoe" suffered, in the past, from this leaking trouble, though as far as we could we guarded against it.

But, not till this season has there ever been a process of tanning sole leather which would prevent foot damp.

The new "Quick-Oak" process does this at last, and makes the leather wear like rawhide.

Put a piece of this "Quick-Oak" Sole leather in water and you can't make it soak through in less than four hours while regular oak soles soak through in one hour.

We control this brand of leather for Canada, and it can be had only in the genuine "Slater Shoes" which are made only by the Slater Shoe Company.

Consider what this toughest, most wear-worthy, and most water-proof of leathers means to your feet, to your health, at no extra cost to your purse.

Remember that more people die of sickness originating in colds than of any other cause, and that more colds are due to damp feet than to any other cause. Look for the slate-frame trade mark inside the shoe top.

GOODYEAR PROCESS

A. FORSLAND, Master. F. SWANSON, Purser

ARROWHEAD

From our own correspondent.

Rev. A. H. Solly is about to leave on a trip to England. During the time he has been in charge of this parish he has done excellent service, and in addition to securing the erection of the handsome church here he leaves it entirely free of debt.

Amongst the visitors to the village by the lake last week there happened one, a dealer in awning, so they say, who hied himself from Revelstoke to this charming summer resort. Being of a progressive turn of mind it occurred to this dealer that he might combine with his pleasure a little profit, and he accordingly set out to impress upon the populace of this village the merits of his wares. Now, it happened in the course of his travels he came to a place where lumber reigns supreme and awnings are not so much appreciated as the shady side of a lumber pile might be. His mind absorbed in the beauties of the surrounding scenery, he failed to hear a warning voice which called to him, not from the wilderness, but from the man behind—a hose. Now this good dealer appeared not to have much faith in the good intentions of his brother man, the man with the hose aforesaid, who was busy preventing a spread of the devouring element near where the pilgrim strayed, and a few drops of aqua pura (Arrow Lake) falling upon him, the man with the awning thought it was malice which prompted those little drops to fall upon his Panama, and forthwith picked him up a stake (a 6 x 6 – 16, more or less) and thought to chastise the said man with the hose. But not so. The man with the hose was right there with the goods, consisting of a good healthy stream, coming through a two and a half inch nozzle with a hundred pounds of steam to propel it through the atmosphere. Thrice did the gallant dealer attempt to reach the enemy and thrice did he fall before that deadly stream, only at last to retire a sadder, wiser, and wetter man.

NAKUSP.

From Our Own Correspondent.

Thos. Taylor, M. P. P., of Revelstoke, spent Monday in town.

Campbell's comedians are billed here for Monday, June 26th.

Mrs. W. Scott, who has been visiting friends in Revelstoke returned home this week.

W. J. McIntyre, the popular conductor on the work train, is off on a short holiday.

Mr. and Mrs. D. J. Bulger entertained a number of their friends on Thursday, June 15th.

L. F. McDougald and F. Atkinson made a good catch of ten fine trout on Tuesday afternoon.

Contractors Jamieson and Abriel are making rapid progress with the Catholic church building.

Miss Constance Brett, who has been attending New Westminster Columbian Ladies College, has returned home for her summer vacation.

We see the fashionable summer resort fad has struck Nakusp. We refer to the fact the ladies now appear on the streets without their hats.

The children of the public school, under the able management of Miss Grenfell, prepared a programme for the closing, which took place on Friday, June 23rd.

H. Williams, who has been freight clerk on the Steamer Kootenay, has left to accept a position on one of the Empress liners sailing to China. Everybody was sorry to see Harry go, but our best wishes go with him.

COMAPLIX.

The Bowman Lumber Co. are having the Steamer Piper rebuilt by Wm. McKissock. The work is progressing favorably and he expects to have it completed by the end of July.

J. W. Fairhall, formerly of Comaplix, is building a residence at Vancouver, and Mrs. Fairhall will shortly go to Vancouver to join him.

Thanks to the enterprise of the Bowman Lumber Company Comaplix is taking on new life, and there is not a house to be had in the town. Other buildings are being erected. The hotels are full.

Comaplix has not known such prosperity for some time. More families are coming in, and amongst others who have settled here is Mr. McKissock, the well known boat builder, of Nakusp.

PINGSTON CREEK

A. M. Symons, of Pingston Creek, was in the city Wednesday. He informs us he is building a wagon road from the lake to the zinc mine, in which he and Spokane parties are interested. Two zinc experts were up recently to examine the property, which is one of the biggest mineral showings on the continent, and expressed themselves much pleased with it. A crosscut has been run on the lead for 50 feet and yet has only exposed one third of the ore body. The ore developed in the cross-cut averages 18 per cent. zinc.

Mr. Symons is devoting some attention to fruit growing at his pretty homestead on the lake shore, and has 50 trees out. He intends planting out 600 to 700 fruit trees this fall. He considers the benches along the Arrow Lakes furnish ideal spots for fruit growing, and from his own experience is satisfied fruit does as well on the Arrow Lake as in any part of the province.

Mechanics, Farmers, Sportsmen! To heal and soften the skin and remove grease, oil and rust stains, paint and earth, etc., use The "Master Mechanic's" Tar Soap. Albert Toilet Soap Co., Mfrs.

W. S. NEWMAN

Appointed Roadmaster on E. & N.

On Monday W. S. Newman received instructions by wire to proceed immediately to his new position as roadmaster of the E. and N. railroad, recently acquired by the C. P. R. Mr. Newman will in future make his home at Victoria, and is arranging to move his furniture and effects there. Mrs. Newman and Mrs. Macpherson will leave shortly to join him.

On Monday night Mr. Newman was entertained at a farewell supper at the Club. Mr. Newman has been roadmaster of the mountain division for many years and has proved a most efficient officer and loyal servant of the company, and much regret is expressed by the inhabitants at losing so valuable a citizen and by the C. P. R. officials and employees at the loss of one who has earned their universal confidence and esteem.

V. Anderson will succeed Mr. Newman as roadmaster on the Mountain Division and John Anderson succeeds Vic. as roadmaster on the section between Donald and Laggan.

RAIL AND STEAMER.

S. G. Robbins has been appointed to charge of the commissariat stores at Revelstoke.

The C. P. R. has let to R. Samson a contract for filling up the site of the main line into the new station.

The widow of Conductor Savage, who was killed in a collision, is suing the C. P. R. for $15,000 damages.

The new steel steamer, to be built by the C. P. R. to run between Nelson and Kootenay Landing, will cost $150,000.

By a collision between freight and passenger train at Baltimore 23 persons were instantly killed and many others injured.

Two station agents have been fired and two despatchers at Revelstoke suspended for breach of rules in connection with train orders.

The C. P. R. are preparing to put through a big excursion of Washington correspondents, who are due here July 10th, and who may visit the cave at Ross Peak.

On Tuesday the engine of a freight train got off the track at a switch at Carlin siding, but no damage was done. No. 2 was delayed for three hours in consequence of the mishap.

Railway traffic is exceedingly brisk this season, and is about double what it was this time last year. Even the two trains a day have been unable to handle the increased traffic and these trains have had to be run several times in two sections to keep pace with it.

Mr. Macdonnell, the contractor, says the construction of the Spence's Bridge-Nicola line will take nearly a year. The country is rough and there will be much heavy rock work. At one point a tunnel about 400 feet long will be required, and the line will be expensive to build.

LUMBERING.

The Penticton Lumber Co. is incorporated with a capital of $10,000.

Sixty per cent of the Washington shingle mills propose to shut down.

An eastern lumberman proposes shipping British Columbia railway ties to Japan.

E. L. Kinman proposes adding a roading engine to his logging plant at Three Valley.

The Mundy Company's plant at Three Valley will start operations about July 1st.

The revenue of B. C. from timber lands for year ending June 30, 1905, will slightly exceed $400,000, $150,000 in excess of estimate.

J. A. Kirk is surveying the timber limits of the Blaeberry Lumber Co. near Golden. The company will build a mill to cut 150,000 feet a day.

The Lands and Works department requires holders of existing timber licenses to make fresh application, accompanied by the requisite fee for expired licenses, and no renewal will be granted.

MINING NOTES.

C. J. Rumens, superintendent of the Prince Mining Company, was in the city this week and reports the ore body on the Standard looking as well as ever, a width of 20 feet of ore being maintained.

J. C. Montgomery returned this week from Downie Creek where he has been making a trail to the copper property in which he is interested with J. I. Woodrow.

LABORS CALL.

The supreme court holds the alien labor law, which the dominion government were enforcing against Pere Marquette railway employes is ultra vires of parliament and therefore null and void.

The Western Fuel Company's proposal for settlement of the Nanaimo miners strike was voted down.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

WHEN YOU WANT A GOOD CIGAR THINK OF BROWN'S.

No Cash to Pay Until Fall, 1905.

MAY & JUNE
are the Best Months to Make Money Raising Chickens

Chicks hatched then grow more rapidly and require less care than at any time of year, and the knack of running the business successfully is acquired under the most favorable circumstances.

One good May or June hatching will bring out a brood of chicks that sell about October 1st for enough to pay for an Incubator and another batch can then be started that will get the chicks out in time for the Christmas market. The next batch will be ready for the March and April market, "broilers" commanding the very highest market prices.

A good Incubator is the foundation of real success in poultry raising, bringing the whole matter from guesswork to certainty. We furnish you with a

Chatham Incubator

on easy terms. No cash to pay until November, 1905. By that time it should have paid for itself.

Nothing else raised on a farm pays like this, and the beauty of it all is that the women folks or children can easily attend to the very small amount of work there is to be done. Half an hour or so a day is all the time required.

Getting the right Incubator is pretty nearly the whole thing. The Chatham is the safest and surest Incubator made. It does the trick; 100 per cent. hatches every time if the eggs are fertile. Rather than go into details of construction here, we will print a few out of many hundreds of testimonials:

Brighton, Ont., April 15th, 1905.
The Manson Campbell Co.,
Chatham, Ont.

Dear Sir,—I told you when I received my Incubator and Brooder that I would let you know what success I had with my first hatch. When the Incubator arrived I went and got eggs to put in it, and as I was anxious to get it started I took all the eggs I could from the party, and he had only enough so I could not pick them over. There were some small ones and some long and narrow, and as I afterwards found out he was keeping twenty-seven hens with one cockerel, so they did not look very good on the start. I put fifty-six eggs into the Incubator and followed the instructions closely, and I got fifty chicks, two having died in the shell, which I think is first-class. They are all strong and lively. I am sorry I did not order the 100 size instead of the 50. I have it now filled with sixty white Wyandott eggs. I wish you could tell me where I could get a good poultry paper, something that would suit a beginner.

Yours truly,
E. H. BARAGER,
Brighton, Ont.
Box 234.

P.S.—I would rather attend to an Incubator than one hen now. There is some satisfaction in knowing that if you look after them you will get chicks.

Valens, Ont., April 15th, 1905.
The Manson Campbell Co.,
Chatham, Ont.

Dear Sir,—The incubator that we purchased from you on the 18th Jan. last is certainly a dandy. Out of a No. 2 Incubator with 83 fertile eggs I got 76 chickens, and they are all strong and healthy. I used 1½ gallons of oil. I think there is no better incubator in the world.

Yours truly,
MRS. JOHN ROBSON,
R.R. No. 1, Valens P.O., Ont.

MANSON CAMPBELL

We have similar letters from every State in the United States, and every Province in the Dominion.

Every Incubator we put out is the best kind of advertising we do, for it sells many others for us by its never failing results.

The Chatham is built on honor, and its construction and workmanship are as perfect as an experience of fifty years and ample capital can make them.

The Chatham was the first Incubator made that was good enough to admit of its makers taking chances that it would make its cost for the poultryman before it was paid for.

Don't imagine for a moment that it is any longer possible to make big poultry profits by setting hens. As hatchers hens are as out of date as stone hatchets.

If these erratic, unertain birds are kept busy egg-laying instead of wasting their time setting, the poultryman will pocket a good many extra dollars in profit.

If you want to get full particulars on the subject and learn all the details of successful Incubator hatching and profitable poultry raising send to-day for our superbly printed book, "How to Make Money Out of Chicks." It's FREE.

Send for it now.

FREE BOOK. A Complete Guide to Poultry Profits.

Local and General.

Vancouver had a potato famine this week.

There is considerable demand for city lots.

Buffaloes are to be added to Stanley Park, Vancouver.

No. 1 Fire Brigade is doing splendid work holding frequent practices.

H. Brundrett has sold his house on Fourth street to E. Kimberley.

A Norwegian boy, aged 15, confessed to the murder of John Whittaker, a farmer at Neelby, Ass.

The city school closed yesterday, when the members of the teaching staff received handsome and appropriate presents from the pupils.

On Thursday H. Marvin was brought into the hospital suffering from injuries sustained by a fall from a snow shed.

C. H. Gibbons, news editor of the Colonist, shot a Vancouver man, named Macredy, in a fit of jealousy, over Macredy's attention to his wife.

During the week the entrance examinations for Revelstoke school have been conducted under the supervision of C. B. Sissons, of the high school.

Mails by the Allan line Virginian reached Montreal six days and 17 hours from the time she received them and quicker by hours than the same mails could reach via New York.

The vote on the bylaw to borrow $20,000 for improvement on water and light plant was taken on Wednesday, when 87 votes were recorded for the bylaw and 43 votes against. The bylaw was therefore carried.

The funeral took place at Kamloops of Charles Billings, brother of Mrs. J. R. Vicars, of that city, and John Billings, of Nelson, who died at New Westminster on Saturday from a stroke of paralysis, aged 38 years.

Cougars are exceptionally plentiful at Fire Valley this year. Mr. Olds recently killed two that have been giving considerable trouble. About six days ago Mr. Olds killed another cougar, and so he is well supplied with cougar hides.

The Outcrop says: "The eagle shot by little Ed. Harrison has been mounted by H. W. Edwards, the Revelstoke taxadermist, and is now to be seen at The Outcrop office. The work is well done, and the bird is admired by all who see it."

Perfumes

We have always made a specialty of Perfumes, and we now have one of the best selected stocks in the country.

Garland of Roses (Palmers)
Fleur de Armour
Violette Merveille.

These are three exquisite odors, two of which are entirely new in town. You need only to have one smell to be convinced of the quality. Smells are free.

Red Cross

Drug Company.

Prices as low as quality will permit

Hon. Chas. Hyman received over 250 congratulatory telegrams on his election. One of the brightest was from W. A. Galliher, M.P., for Kootenay, British Columbia, who wired the following: "It rained hard here, but in London it was only a Gray missed."

H. B. Stonex has built himself an ingenious electric fan motor, which he operates by a bichromate battery of two cells. It works splendidly and is a neat piece of work. With more cells it would develop enough power to drive a sewing or other small machine.

Next month the Revelstoke school will enter the second grade, when five trustees will be necessary. It is not yet known whether the present board will retire and a full board be elected, or whether the election will be limited to the two members required to complete the board.

An offer of $26,000 was made and refused for the A. L. Fortune ranch at Enderby. This is one of the oldest ranches in the valley. It was taken up 30 years ago by Mr. Fortune. He asks $30,000 for it. Mr. Fortune is one of the pioneers of the placer days in the Bend.

Orders were issued by the Attorney General for the arrest of E. O. Malins, deputy registrar, New Westminster, on the charge of having issued false naturalization papers. He issued papers and put the court seal on them though they never went through the court and pocketed a fee of $5 each.

The C. P. R. has given round trip tickets from Rossland to Halcyon good from Friday to Monday, or 30 days, at reduced rates. The same previleges should be extended to Revelstoke and other main line points good for both Halcyon and St. Leon, and would draw large traffic to these popular resorts.

As showing the extent to which the fruit growing industry has developed on the lower Arrow Lake, Kootenay River Valley and Kootenay Lake, a Nelson fruit grower is now able to ship strawberries by the carload to Winnipeg. The same thing can be done at Revelstoke in a few years if the settlers will take up fruit-growing, and some of our merchants will take up organising the market.

We are glad to be able to report signs of activity in settlement of the land near Revelstoke. Already twenty settlers have taken up holdings on the west bank of the Columbia river below Revelstoke, and some are bringing their families out. The land is described as containing rich alder bottoms, is well watered, and easily cleared. D. Nicoll, who was the first to locate there, has built a road to his property from the road at the brick kiln on the Tumwata, and has considerable crop in.

Social & Personal.

J. D. Sibbald went to Calgary Wednesday.

Miss Mackenzie, of Calgary is visiting Miss Foote.

T. Taylor, M.P.P., returned from the south Tuesday.

Dr. Morrison is paying a professional visit at Arrowhead.

G. Lembke, city electrician, has gone to the Portland Fair.

R. Taggart, of Mrs. George's store, is very ill with typhoid fever.

Mrs. Elson and Miss Dent leave this week on a trip to Ontario.

L. E. Beck, formerly foreman of the Eva mine, has settled at Greenwood.

Mrs. T. J. Lawrence has gone to Summerville, P.E.I., on a visit to relatives.

G. M. Sproat and A. S. Farwell are in the city this week on townsite business.

The pupils of the high school were entertained to day by Mr. Sissons at a picnic at Williamson's lake.

P. E. Wilson, of Nelson, and F. Billings, of Vernon, are likely to be appointed county court judges.

Mr. Simmons, C.P.R. engineer, and wife, of Rat Portage, are on a visit to Revelstoke, the guests of Engineer and Mrs. Gibson.

Don't miss the Union Sunday School Excursion to Albert Canyon on July 4th. Return fare, adults $1, children 25c.

Lawn Social, Rectory Grounds, Tuesday, June 27th, under the auspices of the Ladies Guild. Band in attendance. Admission 10c.

If the steamer Revelstoke is available the Band intends running an excursion from Revelstoke to Arrowhead on Dominion Day, July 1st.

Theodore Ludgate, managing director of the Big Bend Lumber company, left Saturday on a business trip to Winnipeg, returning yesterday.

The many friends in Revelstoke of Mrs. A. McNab will be glad to learn that she is recovering from an illness extending over the past two months.

Miss Fraser and Miss Dent are leaving the teaching staff of the city school. Miss Fraser intends taking a position at the Westminster School.

W. H. McCormick, of Kamloops, and M. R. Porter, of Annis, have been appointed commissioners to take affidavits of applicants for registration on the voters lists.

The marriage of Miss Homewood and J. H. Pettipiece was celebrated at Vancouver Tuesday, and they went to Victoria for the honeymoon, returning shortly to Revelstoke.

C. B. L. Lefroy, of Vernon, left Tuesday for Toronto, where he will meet his bride, Miss Ellis, and be married on July 3rd. He does not expect to return to the Okanagan before August.

N. H. Caesar, of Okanagan Landing, and formerly of McCullough Creek, left Tuesday for Winnipeg, where he expects to be married. He will then spend some time on a honeymoon trip to the old country.

A successful strawberry festival was held in the St. Andrew's Manse grounds Monday. Music was furnished by Mrs. Lumb, Messrs. Doyle and Hooley, and the Revelstoke Independent Band. About 200 people visited the grounds during the evening, and about $100 were taken in at the gate and the various stalls.

The Peerless Entertainment Co. gave a very interesting entertainment on Thursday evening in St. Andrew's church. The church was well filled both old and young enjoying both the lecture and views displayed.

Capt. A. C. Carew, of Vernon, belongs to a family of great antiquity in Devon and Cornwall, and a baronetcy was conferred on the head of the family in 1661. Capt. Carew is a retired commander in the navy, and grandson of the 7th baronet.

Capt. Foote, relative of Ald. Foote, stopped off at Revelstoke, accompanied by his wife, on his way east. Captain Foote is returning overland from the Phillipine Islands, where he had the misfortune to be shipwrecked, suffering the loss of his ship.

A quiet but very pretty wedding took place at the Church of the Redeemer, Calgary, Tuesday, when Right Rev. Dean Paget united in marriage Miss Minnie A. Ward, second daughter of J. Ward of Owen Sound, and Allan Y. Anderson of Revelstoke. The bride wore a handsome travelling suit of seal brown cloth with hat to match and a gold watch and chain with diamond setting, the gift of the groom, and carried a white prayer book. She was attended by her sister Miss Pearl Ward. After the ceremony they repaired to the residence of her uncle, J. W. Clarke, 130 Fifth avenue east, where luncheon was served. The bride was the recipient of many handsome presents. They left on the Limited for the coast. On their return they will take up their residence in Revelstoke.

Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

Chamberlain's Cough Remedy

has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.

In the Supreme Court of the North-west Territories Judicial District of Western Assiniboia.

IN THE MATTER OF THE ESTATE OF JOHN H. FERRIER DECEASED.

PURSUANT to the order of the Honorable Mr. Justice Newlands made herein on the 6th day of June, 1905,

TAKE NOTICE that each creditor of the above estate is requested to send in to the undersigned on or before the thirty-first day of July, 1905, a detailed statement of his claim against the said estate together with a statement of the security (if any) held by him, said statements to be verified by statutory declaration.

Dated at Regina this sixth day of June, 1905.

F. W. G. HAULTAIN,
Advocate for Administrator
Regina, N.W.T.
955jo21

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in West Kootenay district:—

Number One.
