Savings Department—Deposits Received and Interest Allowed.

Drafts sold available in all parts of Canada, United States and Europe. Special attention given to collections. A. E. PHIPPS, Manager

RAILWAY REVELATIONS

C. P. R. gets $1,000,000 to quit.

Washington, May 4.—That the Canadian Pacific Railway had been paid half a million dollars a year for two years to cease competing for some business which the United States roads desired to secure was the statement made by James J. Hill, president of the Great Northern Railway, before the Senate Committee. Mr. Hill said there was only one safe basis on which a low rate could be made, and that was the low cost of producing transportation.

There was an interesting discussion between Mr. Hill and Senator Elkins about the competition of Canadian roads. Mr. Elkin asked what ought to be done to meet the rates and rebates of the Canadian lines."

"We are willing to work that out among ourselves," replied Mr. Hill. "Before we are through with them they will cease cutting rates."

RAILWAY COLLISION.

Passengers Burned to Death.

Harrisburg, Pa., May 11.—Five persons killed and 125 injured in a collision on the Pennsylvania railroad south of Harrisburg this morning, caused by the second section of the Cleveland and Cincinnati express westbound crashing into a wrecked freight train.

The dead numbered between 25 and 30. One hundred and twenty-five people received treatment for injuries at the Harrisburg hospital, most of whom remained at the institute. Ten of these may die.

Only three dead have been positively identified, so completely were the bodies cremated.

The wreck exploded a car filled with 50,000 pounds of blasting powder, resulting in one of the most horrible disasters ever experienced.

CITY COUNCIL.

Meeting last night. Present: Mayor, Ald. McLeod, Field, Abrahamson, Lewis.

H. S. Cayley, complaining on behalf of P. R. Peterson, of E. A. Bradley moving soil from streets at his place. Ald. McLeod said he gave Mr. Bradley permission to take the soil but when Mr. Peterson complained he went there and found the soil had been dug up at Mr. Peterson's gates. He went to see Mr. Bradley who promised to rectify the matter and was surprised to learn he had not done so. Ald. Abrahameon said no one had power to authorise the removal of soil from the streets.—Referred to works committee with instructions to require party who did the damage to repair it.

Dept. of Interior offering to sell land for pipe line at $5 per acre and requiring rectified survey.

Union of Canadian municipalities asking council to join.—Agreed to.

GENERAL.

Water and light committee recommended S. McMahon's application for water for motor be granted, to be cut off on notice being given at any time.—Adopted.

Ald. McCarter said the finance committee could do nothing about estimates till they knew whether bylaw for water and light improvement was decided on.

Several water-pipe extensions were ordered to be laid.

An application was made for a street sprinkler.

Ald. Abrahamson drew attention to dangerous state of flume at Campbell Avenue, and it was resolved to have it reported on by works committee, also that nuisance on Third Street be abated.

SALMON ARM.

The following are candidates for the municipal elections:

For reeve—Jos. Harbell, J. W. McCallum, Robt. Turner. For councillors—Valley ward, A. J. Hedgman and W. J. Kew; Station ward, Capr. W. V. Leonard and W. Montieth; Canoe Creek ward, Jno. Johnson, Jos. Evans and S. H. Currie.

Building is very active. S. M. McGuire is erecting three cottages for rental purposes. S. H. Currie is erecting a building on Fraser Avenue to be used as a general store. J. W. McCallum intends erecting a boarding house, and Brown and Waterson are going to enlarge their hotel, as they find themselves crowded for room.

DRIFTS.

A rich strike of galena ore has been made on Howe Sound, near the Britannia mine.

A five ft. ledge, showing free gold, has been uncovered on the Buttercup claim near Eholt.

The Boulder, near Eholt, shows a big body of ore and shipping will begin to Granby smelter.

The Granby furnaces are now being operated with the electric self charging device, invented and patented by Supt. Hodges, and the only one of the kind in use anywhere.

HORRIBLE AFFAIR

Murder and Suicide Near Alamo Siding.

Sandon, May 12.—A friend going on a visit found a horrible state of affairs at the cabin of Gus and Charles Kumlin, a quarter mile east of Alamo siding. Both occupants were found dead, one lying on the cabin bed with several ugly gashes on the head, evidently done with an axe. The other was lying on the floor with a double-barreled shot gun near. The top of his head was blown off. Nothing is missing from the cabin. The door was fastened on the inside but the window was broken. There was not much sign of hard fighting. The deed appears to have been done by one brother killing the other while asleep. Both men were steady workers in the mines round Sandon. They had money. They were working on assessment work for the year. The horrible affair was discovered at six o'clock on the 11th ult. Both were well and favorably known. Evidently the case is one of murder and suicide.

LATE WAR NEWS

In view of the French government allowing the Russian fleet to use their waters for sheltering and provisioning, Japan proposed to call Britain to her aid under the alliance. Britain warned France to this effect with the result that on French representations the Czar ordered the Russian fleet out of French waters.

Warsaw, May 2.—The May day death roll totaled 62, including ten persons who died in the hospitals during the night. Probably 200 were wounded.

Russians Repulsed.

Tokio, May 12.—The Russians vigorously attacked the Japs in the vicinity of Yiengecheng, but were repulsed with 300 casualties.

St. Petersburg, May 12.—The Vladivostock division reported off the coast of Japan, it is supposed, is acting on Rojestvensky's orders, passed through Tsgaru straits into the Pacific on a reconnaissance to ascertain if the passage is free of mines and feasible for Rojestvensky's squadron and also to threaten Japanese commerce. The newspapers here say of Rojestvensky: "In his hands now is the destiny of the east."

The tactics of the Russian fleet are believed to have made an attempt to draw Togo away from the Japanese Coast but the scheme did not work.

TERRIBLE TORNADO.

300 to 400 Persons Killed.

Guthrie, Okla., May 11.—Reports received here indicate that between three and four hundred lives have been lost at Snyder, Okla., by a tornado.

Relief trains have been sent to the scene from a number of neignboring towns.

POLITICAL.

British Columbia, as well as each of the new provinces, is to have six senators.

The dominion government propose to annex the Yukon to British Columbia.

In a debate on the autonomy bill Sir Wilfred Laurier expressed the opinion British Columbia lands had been poorly administered by provincial governments having been too free with grants to railway companies.

Fenian Raid veterans of 1866-1870, who ask a free grant from the dominion government of 160 acres in the Northwest for each of from thirteen to fifteen hundred survivors of the force, waited on Laurier, who remarked he had himself been called out as a volunteer in 1870, and recalled the force now represented before him had certainly saved the Dominion from humiliation at the time of the Fenian Raid, for though the invaders would have been repulsed anyway, much misery might have been caused by their raids. He will consider the matter.

THE EVA.

Stamp Mill To Be Enlarged.

The usual monthly clean-up at the Eva mill, owned and operated by the Eva Gold Mines, Ltd., took place on the first day of the month. The results obtained so far as we can learn are entirely satisfactory. The management is still following out the exhaustive mill tests of the ore contained in the various workings in the mine, which were introduced last February, and the results obtained are such that it is now almost a certainty that the mill plant will be enlarged. It is apparent to all that a great deal hinged on the results of these tests, and it is with a feeling of satisfaction that we learn that they have so far proved so successful.

S. S. Fowler, the well-known mining engineer, has leased the Whitewater mine.

A rich gold strike is reported on Higher Creek, a tributary of Mayo river, 280 miles from Dawson.

VALEDICTORY.

Splendid Reception Accorded W. B. Robertson on Leaving Golden for Revelstoke

The Golden Star says: "One of the merriest evenings ever spent around the festive board in Golden was that of Wednesday last in the Columbia Hall, when the staff of the Columbia River Lumber Company entertained a large number of the citizens in honor of W. B. Robertson, who has severed his connection with that company and embarked in business for himself at Revelstoke, where he has opened a real estate office, and in doing so has taken with him all the good wishes of the people of Golden although sorry to see him leave our midst. Mr. Robertson has been a true citizen of Golden in every sense of the term, and we venture to say he will prove equally true to the interests of the city he has chosen for his future home both in matters of business and sport, and as was predicted by one of the speakers at the banquet, we sincerely hope that "Billy" will again wend his way back to the beautiful environments of our growing town. "Billy" is a friend to everyone, young and old alike, and his society will be missed at all gatherings, whether be it a social tea, Sunday school picnic or fire brigade dance.

After all had done their part in making away with the good things, Mr. Jones, the chairman, briefly explained the object of the gathering and feelingly expressed his regret at losing so valuable an assistant in the office of the Columbia River Lumber Co., enumerating the many good qualities of the guest of the evening. It was a great pleasure indeed to have such men in the office. Mr. Jones dwelt at length upon the usefulness of the guest and expressed the hope, which he thought was the wish of everyone, that Mr. Robertson's efforts would be crowned with success no matter what line of business he took up, and also referred to his desire to see the day, which was not far off, when Golden would become of such dimensions as to induce Mr. Robertson to return and go into business here. He then called upon Mr. Carlin to propose the toast, "Our Guest," which that gentleman did in his usual good-natured style and in a few remarks told of the serious loss to the company through the departure of Mr. Robertson, who, he said, was always to be found at his post. Mr. Carlin regretted very much the loss of a trusted and worthy official. The toast was accepted by everyone to the accompaniment of "He's a Jolly Good Fellow" and "Will ye no come back again."

Mr. Robertson replied in a neat speech in which he dwelt upon his relations with Golden and its people, and although he was moving from among them, he would never forget them."

CHURCHES.

ST. PETERS—The following have been elected for currant year:

Delegates to Provincial Synod:—Fred Fraser, T. B. Baker, A. M. Pinkham. Substitutes, Thos. Taylor, P. Hooley, R. Gordon.

Peoples Warden: E. W. B. Paget.
Rectors Warden: P. Hooley.
Sidesmen: Fred Fraser, Thos. Taylor, W. R. Grubb, Dr. J. C. Morrison, J. J. Woodland, E. Fellows.

ST. ANDREWS—Services will be held as usual on Sunday next.

PARTY TIES.

The ties that bind electors to party are fortunately becoming weaker and the tendency of the voters is to regard the acts of legislators and ministers rather than the allegiance to party. This is as it should be. There is good and bad in all parties and governments and the sooner the people recognise that, and support by their votes only those whose administration and policy best makes for progress and purity of government, the better will it be for the country.

THE COMMERCIAL TAX.

The manner in which the provincial government is levying the tax on commercial travellers is a source of bitter complaint in consequence of the injustice shown. Now the tax is imposed it should be levied on each and every traveller from outside points without fear or favor. But it is not. One man is made to pay and another is allowed to go free. Many travellers have come into Revelstoke of late who have not been called on to pay a cent of the tax, while the men who have been compelled to pay at other points complain bitterly of this one-sided manner of levying it. Greater vigilance should be exercised by the provincial authorities, and every man who is liable should be compelled to pay it.

Another thing of which local business houses have legitimate cause of complaint is the fact that a traveller comes into the city and if a merchant won't handle his goods partially or exclusively he starts taking retail orders. Sometimes he takes such orders anyway. That is contrary to the city bylaw but no steps are ever taken to deal with such offenders. Local houses have to pay the taxes of the city and should have the support of the city authorities in carrying out a bylaw which, after all, is a just protection to our own people.

Y. M. C. A. BUILDING.

We suggest to those of our citizens who take an interest in making the city an attractive and elevating home for the many young men now residing here the desirability of taking up the organisation of a branch of the Y. M. C. A. The C. P. R. has voted a substantial amount for providing such a building in Revelstoke, but that corporation recognises that to make such an institution a success it must have the sympathy and support of the citizens generally. A committee should be organised, get in touch with the C. P. R. on the matter, and a contract would probably be let at an early date for a suitable building for the purpose, costing several thousand dollars—a building that would be ornamental as well as useful to the city. The policy of the company is to establish these institutions at divisional points as forming a desirable rendezvous for the young men in the company's service, where they can have a well equipped gymnasium for physical exercise, a reading room, lecture hall, and educational classes and lectures. This is a work in which the citizens of Revelstoke should be to the fore-front.

UNDESIRABLE IMMIGRATION

The British government has made a departure that might well be followed by Canada in taking steps to prohibit the immigration of undesirable citizens. We consider the practice adopted of scouring the slums of Europe for immigration is the most suicidal that any government can adopt. The immigration policy of the country should be revised in this respect. In fact a certificate of character and mental and physical fitness should be required of every immigrant. There is no sense in the government hastening to rid itself of its heritage. Young Canadians are growing up who should have the preference in the occupancy of the unsettled lands of the dominion. Following out the same idea, British Columbia should have the right to prevent the immigration into this province of hordes of Orientals, whose habits and manners of living are foreign to those of our own people, and we consider the Domtnion government is acting wrongly in disallowing bills to regulate this immigration after they have passed the provincial legislature. The people of the province and the legislators know what is for their own good ten thousand times better than a parliament with a large eastern majority sitting at Ottawa. Easterners are without knowledge of the effects of such legislation on the interests of the province. The province should stand to its guns in this matter, which is of such national importance that Liberals and Conservatives should be found fighting shoulder to shoulder for their rights in this respect.

A CONTRADICTION.

While we recognise the good work done by the Teacher's Institute at their meeting here we were much disappointed at the pedantic attitude taken toward one of the most valuable resolutions presented to the meeting. It was moved by C. Fulton, seconded by R. N. McTavish:

I. "Whereas there is no university in B. C., and seeing that increasing the number of educated men will greatly tend to obtaining a university in the near future;

II. Whereas there are many men in the Province, both in the teaching profession and out of it, who, though desirous of higher scholarship, have neither the time nor the means of attending a university;

III. Whereas the student-teacher is likely to be the most enthusiastic, the most efficient teacher;

IV. Whereas the London University offers a wider, a more comprehensive extra mural course than any other university—its board of examiners including many of the most eminent scholars in England;

V. Whereas the appointment of a London examiner in the older provinces has done much to stimulate higher education, and seeing that such appointment costs nothing,

Be it hereby, resolved, that this Institute respectfully petition the Department of Education to take such steps as shall lead to the appointment of an examiner of the London University for this province."

Anyone who is acquainted with the work of the London University would recognise that this great educational institution is doing a unique work throughout the British Empire. It provides a means whereby students who are unable to take an intra-mural course can study at their own homes, undergo these examinations of the university and acquire its degrees. And the degrees of the University of London are amongst the highest educational conferments of the empire. Yet this resolution was turned down by the Institute. Why? Several members voting did not, we venture to say, know themselves while others who had been able to take an intra-mural course and obtain degrees were too pedantic to support a better opportunity being given of others acquiring similar educational attainments. A representative of the MAIL was at a point in the room where he could not help hearing one of the senior members of the Institute, and a man who should have known better, urge lady members to get up and vote against the resolution. They protested they did not know what they were asked to vote for, but voted all the same. That was an unpardonable feature of an otherwise well-conducted educational assembly. There are many whose condition in life prevents them taking an intra-mural course at a university, but who, by application and determination, can acquire the knowledge required to pass a graduate examination as well as the man who takes an intra-mural course. Indeed, the self taught man is a better student in every sense than he who absorbs his knowledge direct from university professors. We hope that future institutes will not treat important questions in a similar way again and we trust Mr. Fulton will renew his motion at next institute, by which time members will have had time to consider the matter and, let us hope, will know next time better than to turn down such a valuable adjunct and incentive to education in the province.

NAKUSP.

From our own correspondent.

The dredge, in charge of Capt. Bacher, arrived here on Tuesday afternoon.

T. Abriel is making extensive improvements in the house which he has lately purchased.

Mrs. Gibson and Miss Kirk, of Arrowhead, have been spending a few days with Mrs. C. B. Kirk.

Mrs. L. J. Edwards entertained a number of ladies on Tuesday afternoon in honor of Mrs. Fauquier.

May 24th will be a gala day in Nakusp, as it is the intention of the citizens to have a days sport.

Mr. and Mrs. P. J. Gallagher and Mrs. Pressley, of Roseberry, spent Saturday and Sunday in town.

Mrs. Frank Bourne and family, of Revelstoke, are visiting at the home of her mother, Mrs. U. S. Thomas.

J. Hector has had the painters and decorators at work for some time improving the interior of the Grand Hotel.

Port Stewart Irwin spent a few days in town. He is getting the steamer Rossland in shape for her season's run.

Mrs. D. T. Bulger and family arrived home after spending some weeks visiting her father and mother in Port Townsend, Wash.

L. F. McDougald has bought two lots, one on each side of his residence, and has fenced them in which makes a decided improvement.

Walter Wright, the handsome and popular pilot of the steamer Kootenay, is back at his post again, after being over on the Slocan for some weeks.

Dr. Brouse, of New Denver, was in town Saturday attending Mrs. A. Hobbs, who is very ill, but we are glad to say she is improving nicely.

The Dramatic Club gave a very successful performance on Friday evening, May 5th. The hall was filled to the doors and everybody went away delighted with the evening's entertainment.

Your correspondent has been informed it is the intention of the C. P. R. employes here to give a ball on May 24th. We only hope the information is correct for they have proved in the past when they undertake anything it is always a howling success.

The ball given on Saturday, May 6th, by Mr. and Mrs. John Hector was one of the most enjoyable events that has ever taken place in Nakusp. The youth and beauty of the town turned out in full force and the costumes worn by the ladies were lovely. Music was supplied by Messrs. Harlow and McDougald, and was the very best. At 11:30 the guests assembled in the dining room of the Grand Hotel, where a sumptuous repast was served. After supper, in a neat little speech, F. W. Jordan thanked Mr. and Mrs. Hector on behalf of the people of Nakusp for a most enjoyable evening and also hoped they might both be spared to celebrate many more such events. Mr. Hector responded in a short speech, and after singing "For they are jolly good fellows" the crowd dispersed, and every one voted it the event of the season.

BEATON.

Geo. Lux has left Beaton for the north.

Arthur Evans is applying for a club license for his hotel at Beaton.

Dickenson and Branford have started a logging camp on the Beaton-Camborne road.

J. C. Tunstall, of Kamloops, has been appointed book-keeper for A. Crawford at Beaton.

Just What Everybody Should Do

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

USE Royal Crown Soap

And save Wrappers for Premiums. ROYAL CROWN SOAP has no equal on the market. Drop us a card and we will mail you a catalogue illustrating the beautiful premiums we offer.

The Royal Soap Co., Limited
Vancouver, B. C.

Revelstoke Athletic Association.

Holders of application forms for stock in the Revelstoke Athletic Association can, on application to Mr. McCarter's office, have the same changed for stock certificates. Applications should be made prior to the 15th May.

SCHILLER FLINDT, Secretary.

NOTICE

NOTICE IS HEREBY GIVEN that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to cut and carry away timber from the following described lands:

Commencing at a post planted about four miles east of Halcyon Hot Springs and about three miles from Arrow Lake, running north 40 chains, thence west 80 chains, thence south 100 chains, thence east 80 chains, to place of commencement. Containing an area of 5 square miles.

Dated this 15th day of April, 1905.
6tm20 CHAS. CALLEY

NOTICE

NOTICE IS HEREBY GIVEN that thirty days after date we intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in West Kootenay district:—

Beginning at a post planted at Deep Water Landing on the Northeast Arm marked "Big Bend Lumber Company's north-east corner post," thence west 160 chains, following the lake shore, thence south 40 chains, thence east 160 chains, thence north 40 chains to point of commencement.

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in West Kootenay district:—

NUMBER ONE

Commencing at a post marked "J. T. Barry's corner post" and planted one half mile east of government trail, at a point five and a half mile on road to Big Ledge property, thence north 160 chains, thence west 40 chains, thence south 160 chains, thence east 40 chains to the place of commencement.

NUMBER TWO

Commencing at a post marked "J. T. Barry's corner post" and planted one mile east of a point five and a half miles on government trail to Big Ledge property, thence north 160 chains, thence west 40 chains, thence south 160 chains, thence east 40 chains to place of commencement.

NUMBER THREE

Commencing a post marked "J. T. Barry's corner post" and planted one half mile east of a point five and a half miles on government trail, located on Pingston Creek, thence south 160 chains, thence west 40 chains, thence north 160 chains, thence east 40 chains to the place of commencement.

NUMBER FOUR

Commencing at a post marked "J. T. Barry's corner post" and planted one mile east of a point five and a half miles on government trail, thence south 160 chains, thence west 40 chains, thence north 160 chains, thence east 40 chains to the place of commencement.

NUMBER FIVE

Commencing at a post marked "J. T. Barry's corner post" and planted one mile east of a point five and a half miles on government trail, thence north 160 chains, thence east 40 chains, thence south 160 chains, thence west 40 chains to the place of commencement.

Dated this 27th day of April, 1905.
5m31 J. T. BARRY.

Notice.

Notice is hereby given that the undersigned have submitted to the Lieutenant-Governor in Council a proposal, under the provisions of the "Rivers and Streams Act," for clearing and removing of obstructions from Pingston Creek, West Kootenay, and for making the same fit for rafting and driving thereon logs, timber, lumber, rafts and crafts, and for erecting and maintaining booms for holding, sorting and delivering logs and timber brought down said creek, and for attaching booms to the shores of said creek and Arrow lake for said purposes.

The lands to be affected by said work are Crown lands and Lot 861, Group One, Kootenay District.

The rate of tolls proposed to be charged are such as may be fixed by the Judge of the County Court of Kootenay.

Dated April 1st, 1905.
6m27 BIG BEND LUMBER CO., LTD.

"CREDITORS TRUST DEEDS ACT, 1901."

NOTICE IS HEREBY GIVEN that The Kootenay Mail Publishing Company, of Revelstoke, B. C., publishers, by deed dated 10th May, 1905, assigned to William B. Robertson, of Revelstoke, B. C., Accountant, in trust for the benefit of the creditors of said The Kootenay Mail Publishing Company, Limited, all their real and personal property, credits and effects which may be seized and sold under execution.

Creditors are required to send to the said Assignee on or before the 15th June, 1905, particulars duly verified, of their claims and of the security, if any, held by them.

A meeting of the creditors of said debtors will be held at the office of Harvey, McCarter and Pinkham, Imperial Bank Block, Revelstoke, B. C., on Tuesday the 23rd day of May, 1905, at 2 p. m., for giving of directions with reference to the disposal of the estate.

Dated this 10th day of May, 1905.

Easter Gifts

THE GIVING OF GIFTS AT EASTERTIDE, IT IS BUT A REVIVAL OF AN ANCIENT CUSTOM WHICH USED TO CARRY WITH IT GREETINGS SIMILAR TO THAT OF CHRISTMAS.

Peculiarly enough it does not involve extravagant gifts—more of the "knick-knack" or dainty novelty, of which Easter brings an abundance.

We have succeeded in gathering together in a little Easter brochure a dozen sterling silver and gold novelties, which are different from those shown in other stores, and which we sell by mail at various prices from twenty-five cents upwards.

If you would like a copy, your name on a postal will bring it by return mail.

Five of the newest hat pins are shown; sterling silver tops, four of which sell for 25 cents each, and one "The Swallow" with an extra long pin at 60 cents.

Our Mail Order Department answers enquiries promptly.

Henry Birks & Sons

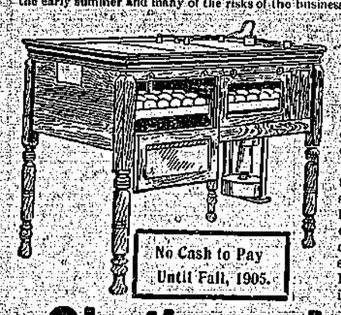
Chatham Incubators Hatch Spring Eggs into Fall Dollars.

May and June are the best months to start in. June hatched chicks grow like weeds during the early summer and many of the risks of the business are avoided if you start now.



Every chick you can mature and market in October is worth 50cents, if not more. The next three months are the right ones in which to get started in the chicken-raising business. There's good money in it and the women folks and children can do all the work that needs to be done in about one-half hour daily.

The way to make poultry pay is to get "broiler" chicks of uniform size and weight ready for the market when prices are highest, and the only way this can be done is with a good Incubator. The one that is sure and never-failing is the CHATHAM. If the egg is fertile the chick is sure to be hatched every time by a

Chatham Incubator

So sure are we of results that we take chances on your success before we get our money for the machine.

We will ship you a Chatham Incubator, freight prepaid, and give you two years to pay for it. Nothing to pay until November, 1905.

The Chatham Incubator pays for itself every hatch, and if you get started now, which you should, the June hatched chicks will have a market value of 50c. each by October, thus enabling you to pay for the Incubator without using one cent of money not earned by the machine itself.

Our beautiful and complete book, "How to Make Money Out of Chicks," is the whole story. No poultry raiser can afford to be without it. It's FREE. Send for it NOW.

BOWMAN LUMBER CO'S. STEAMER G. F. PIPER, BURNED AT COMAPLIX.

FIRE AT COMAPLIX

Steamer G. F. Piper Burned.

On Sunday at midnight a fire broke out on the Bowman Lumber Co's steamer G. F. Piper at her moorings at Comaplix. The steamer was gutted, though the boiler and engine were not damaged. The origin of the fire is a mystery. On the fire breaking out the steamer was cut adrift as there was a lot of dynamite in the freight shed, and it was feared that might catch fire and blow up the town. The loss is heavy as the steamer cost $10,000 to build, though it was partially insured. The steamer service on the north arm was not interrupted, as the Big Bend Lumber Co's launch, the Adam Hall, was secured for the run, and the Archer will be put in repair pending the building of another.

SPORTS.

FOOTBALL.

REVELSTOKE V KAMLOOPS.

On Saturday Revelstoke Football Club journeyed to Kamloops to play the second game in the league fixture for the Martin trophy, which represents the championship of the Interior. The game, which was a hotly contested one, resulted in a win for the Revelstoke boys by one goal to nil. Tossing for choice Kamloops won and elected to kick off, with the wind in their favor, which was blowing fiercely.

The Revelstoke boys finding it was almost impossible to carry the ball against the wind played a strictly defensive game. Occasionally the forwards would break away and by a series of short passes carry the ball down to the Kamloops goal, only to have it returned by a long kick. The back division had plenty to do to keep the Kamloops boys from scoring and certainly upheld their reputation at the conclusion of half time. The score was nil, neither side being able to score. By this time the wind had almost died so that the change of ends did not help the Revelstoke boys any. However, when play restarted the Revelstoke forwards came away with a rush and almost scored, Pete Donaldson missing a rather easy shot at goal. The game became very fast the ball travelling rapidly from one end of the field to the other.

The Kamloops forwards could not get much combination in their play as they were too closely checked by the Revelstoke half backs, so their efforts were rather of an individual nature. On the contrary the Revelstoke forwards repeatedly broke through their opposing backs and it was owing to the grand defence put up by the Kamloops goal keeper that the score was not much larger. It was conceded by the Revelstoke players that they had never seen a player who could equal the efforts of the Kamloops custodian. After repeated efforts to score the ball was passed to the outside wing. Robertson, who went away with a rush, and in turn passed to the centre LeFeaux, who shot for goal. The goalkeeper had to come out to clear the shot and fisted the ball. Donaldson obtaining possession quickly passed to Allen, who shot the ball through before the goal keeper could get back to his position. After this Kamloops redoubled the efforts to equalize, but their efforts were in vain. The game was a clean exhibition of football, the referee having little to do in regard to foul play. The Revelstoke boys are pleased with their treatment from the Kamloops boys and hope that they may be able to return the compliment.

The composition of the Revelstoke team was as follows:

Lee, goal; Sissions and Hutton, full backs; Kerfoot, Lyons, (Capt.) Feeny, half backs; Robertson, LeFeaux, Hugh, Donaldson, T. Allen, forwards.

The Revelstoke Club is challenging the Celtic Club of Vancouver to a match for the championship of B.C.

DOINGS MILITARY.

PRIZES FOR SCHOOLS.

Teachers and Pupils Will Have a Chance at Dominion Fair.

New Westminister, B. C., May 12.—A British Columbia school exhibit is to be made one of the features of the dominion exhibition. The educational advantages enjoyed by residents of this province, with various samples of results, will be shown to people from other parts of the world, and in order that the display may be on as large a scale as possible it is necessary that teachers and pupils begin at once to prepare exhibits. Handsome prizes will be offered for collective displays and for individual work. These will include products of manual training, kindergarten, brush work, penmanship, drawing, composition, etc. The Minister of Education, who is deeply interested in the proposed exhibit, has been asked to permit the superintendent of education to take charge of it.

LABORS CALL.

The Alien labor law is being enforced at Montreal against the Queen's Hotel, which discharged its cooks and replaced them by men hired in New York.

Meetings at Rossland, Nelson, Camborne, and other points have denounced the action of the Kootenay Shingle Company in substituting Oriental for white labor and characterising the action of the provincial government in sending police and bloodhounds to the support of the Orientals as an insult to law abiding citizens.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

RAILWAY NEWS

C. P. R. TRACKMEN.

Changes Reported and Denied.

Mr. R. Marpole, general superintendent of the Pacific division of the C. P. R., returned Sunday from Calgary where he had gone to meet Mr. Whyte the second vice-president. While there both gentlemen received preliminary proposals from the representatives of the tracklayers. It is possibly not without significance that immediately after the conference a report should be circulated in Winnipeg to the effect that the railway may turn the maintenance of way department over to contractors, ten thousand men thus changing the terms of their service on the road.

"Winnipeg, Man., May 8.—A strong rumor is current here to the effect that the C. P. R. will dismiss ten thousand men in the maintenance of way department and turn the work over to private parties. Several prominent eastern and southern contractors were in the city a few days ago and the Free Press is the authority for the statement that they were in consultation with officials to this end. Neither confirmation nor denial of this could be got as the majority of the officials are out of the city.

"On several of the American roads this has been tried on a small scale with success, but never to such extent as now proposed. In certain circles it is said there is very good foundation for the rumor, and certain officials affirm that it will be put into effect during the next few weeks."

Mr. McNicol denies the truth of the report.

ON SHORE AND AFLOAT.

The first sod of the Grand Trunk Pacific will be turned at Fort William on Dominion Day.

Railway men compliment the Mail on the excellence of its reports in last issue of the inquest on the accident at Downie.

Ralph Smailes and Robert Wand are endeavoring to interest the Great Northern in their charter to build a railway from Midway to Vernon.

J. J. Hill has made peace with the Canadian Pacific, and there is not now the slightest chance of a serious split between those two railroad powers of the great Northwest.

Gen. Supt. Jenkins, of the C. P. R. telegraphs, passed through on Tuesday accompanied by District Supt. Wilson, en route to Penticton, to look into the telegraph prospects there.

D. McNicol, vice-president of the C. P. R., said the use of telephones for railways was getting more important daily. The day was coming when the railways would have to use their own telephones for railway operations. He was now experimenting with telephones for train service.

The Nelson Economist says: The many friends of William McNab in this city were deeply grieved when they learned of the collision near Revelstoke last Saturday evening, when the freight train of which Mr. McNab was engineer collided with the passenger train. Mr. McNab resided many years in Nelson, and was regarded a very careful man in every way. It appears that he read his order wrong, or placed his finger over that portion of the order which referred to the second section of the passenger train. Engineer McNab is every inch a man, and he proved it in his evidence before the coroner's jury, when in a manly statement he admitted his responsibility for the collision by having misinterpreted his orders, and asked the jury to place the blame on no one but himself."

The New Scale Williams Piano at St. Mary's Academy, Winnipeg.

Most of the world's greatest masterpieces, both in Art and Music, have been produced under religious influence. The Roman Catholic Church has for centuries fostered all that is best in music, and it is well known that their Religious Colleges and Academies contain some of the best artists and cultured music enthusiasts.

That the New Scale Williams Piano has been selected as the best for their purpose by the St. Mary's Academy, Winnipeg, is a distinct triumph for this leading Canadian instrument. The selection was made after a thorough investigation into the merits of all available Canadian pianos. The following letter explains itself.

St. Mary's Academy, Crescentwood,
Winnipeg, Man. Feb. 9, 1905.

Dear Sir,—Since September, 1904, we are using the New Scale Williams Pianos, and are happy to testify to their magnificent tone qualities, sweetness, richness, and evenness. We sincerely congratulate you on the wonderful improvements made in the construction of these pianos.

SISTERS OF JESUS AND MARY,
St. Mary's Academy.

St. Mary's Academy is but one of an extensive list of representative educational institutions that have adopted the New Scale Williams Piano. Artists, music lovers everywhere unite in declaring it Canada's foremost piano. The artistic elegance of its appearance is only excelled by its perfect constructions, durability and rich singing tone.

The Williams Piano Co., of Oshawa, publish three booklets on the history and construction of pianos, which should be read by all contemplating the purchase of a piano. They are sent free on request, or can be obtained from the local warerooms.

Synopsis of Regulations for Disposing of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miner's certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company, according to capital.

A free miner having discovered mineral in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also coal, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of a royalty of 2½ per cent of the sales of the products of the location.

Placer Mining, Manitoba and the N.W.T., excepting the Yukon Territory.—Placer mining claims generally are 100 feet square; entry fee, $5, renewable yearly. On the North Saskatchewan River claims for either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged beds or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan River, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental, $10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent collected on the output after it exceeds $10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, $100 per mile for the first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer Mining in the Yukon Territory.—Creek, river, gulch and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 250 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, $10. Royalty at the rate of two and one-half per cent on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least $200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed to be abandoned and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Petroleum.—All unappropriated Dominion Lands in Manitoba, the North-west Territories and within the Yukon Territory are open to prospecting for petroleum, and the minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other lands as may be determined, will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

Department of the Interior, Ottawa.
W. W. CORY,
Deputy of the Minister of the Interior.

BORN.

NORTHEY.—At Rossland, B.C., on April 16th, to the wife of G. R. Northey, a daughter. Mother and daughter are both doing well.

DIED.

SIBBALD.—At 18 Great King Street, Edinburgh, Scotland, Sir John Sibbald, M. D., aged 71.

Local and General.

Anti-Jewish riots broke out in Russia but were suppressed by the military.

On Tuesday two cars of the south train were derailed near Green Slide.

Lake shore lands at Crawford Bay are being subdvided into 20 acre lots for fruit culture.

Last night the Band entertained the citizens opposite the City Hall, playing several excellent numbers.

Teetzel and Bogle have bought 20,000 acres of land on Kootenay Lake for subdividing into fruit farms.

Dr. Robinson fell off the bow of the steamer at Comaplix the other day and narrowly escaped drowning.

China is taking steps to shut out American manufacturers on account of the anti-Mongolian legislation.

F. Julian has been awarded a contract by the C. P. R. for making a cut at Green Slide for improvement of the permanent way on the A. and K. line.

Medicine Hat ratepayers almost unanimously carried bylaws to build a $30,000 civic building, $10,000 for waterworks, and $12,500 to develop gas wells.

R. Howson has let the contract for the stone and brick work of his residence on McKenzie Avenue to E. C. Fromey, and for the carpenter work to G. M. Clark.

The Nelson Tribune draws our attention to a mistake in acknowledging source of our last article on the Beatrice mine. We should have credited it to the Tribune.

C. Deuchsman has gone to the cave at Ross Peak to make ladders and complete arrangements for a party to explore the cave, the party leaving Revelstoke about May 20th.

The revenue of the Dominion for the ten months ending April shows the revenue $57,130,510, about half a million dollars' increase over corresponding ten months of last year.

Messrs. G. S. McCarter and Clova Hall made the round trip on the steamer Revelstoke from Revelstoke to Downie yesterday. The trip was a record one, being done in 12 hours.

A man named Ford was sentenced to two months imprisonment for theft from H. Manning, and committed for trial for forgery of cheques on Mr. Manning, for whom he had been working.

The Banff Hotel, of the C. P. R. system was opened Monday by Manager Stuart Gordon and Mrs. Gordon. They brought 80 hands with them. The staff, which arrived in two cars, consisted chiefly of expert help in the different departments of the work of looking after a large summer hotel.

RED CROSS DRUG STORE

Careful Dispensing a Specialty.

Nan Patterson, who has been tried for murder, has been released.

T. Neelands was killed by falling 400ft down a shaft at Cumberland.

A. Lucas, of Kaslo, is appointed assessor and collector for the whole of west and east Kootenay, and F. Fraser is deputy for Revelstoke and F. C. Lang deputy for Golden.

So great is the railway traffic between Revelstoke and Arrowhead that two trains a day are kept running, and on Thursday it took three trains between the two points to do the day's work.

Comaplix residents complain bitterly about the negligence of the government in not having erected a bridge over Fish River, so that convenient access may be had between that town and Beaton.

The teamsters strike in Chicago has been attended with violence, and extended even to the schools, eight hundred pupils going on strike because a colored teamster delivered a load of coal at the building.

In going up the river on Monday the wheel and steering gear of the steamer Revelstoke were damaged by coming into contact with a cable in use on the Revelstoke Lumber Co's boom. The damaged parts had to be brought to the city for repairs.

Col. Holmes was delighted to find the Presbyterian minister at Kaslo in the ranks of the corps of Rocky Mountain Rangers there, and thought it a good example of how ministers can get in direct touch with the young men of their districts and so extend their sphere of influence in their work.

L. A. Fretz has shown us a splendid piece of work in the shape of a tool chest which he made for his own use, even the metal work being his own. It is the most ingeniously devised and complete thing of the kind to be seen anywhere. The joints are inlaid with oak, the chest contains sliding doors and drawers which make it convenient for arranging and handling of carpenters' tools.

No tender has yet been accepted for the C. P. R. station at Revelstoke, and the engineering department has recalled the plans and specifications for revision. No tender has yet been let for the engineer's residence, but the contract for most of the section houses and other buildings at this end has been let to J. A. Kernahan. J. Henderson, of Golden, gets the contract for two buildings at Field.

The word "householder," as now used in the Municipal Election Act is no longer ambiguous. It means that any British subject, 21 years of age, who occupies a dwelling, tenement, boarding house or hotel or any portion of a dwelling, tenement, boarding house or hotel, in a city municipality, continuously during a current year, and who has paid $2 in taxes to the municipality, may vote as a "householder."

Morell's Vaudeville and Moving Picture combination will give an entertainment at the Opera House Monday night, when pictures of the Russo-Japanese war, volcanic eruptions on St. Pierre, boat race for the American cup, &c., will be presented. The entertainment will be accompanied by the singing of some of the most beautiful of illustrated songs, as "When the harvest days are over, Jesse dear," "My old Kentucky home," "Break the news to mother," &c.

Social & Personal.

Rev. Dean Paget was on a visit this week to his brother C. F. Paget.

Rev. C. Ladner and Mrs. Ladner are visiting Mr. and Mrs. Crawford.

Mayor Brown returned yesterday from attending the Grand Lodge at Westminster.

Supt. Kilpatrick went east to meet Mr. Busteed, who is visiting the Pacific Division, and will return to night.

R. F. Brett, manager of the Crescent Linseed Oil Works, Chicago, arrived Monday night, and is visiting his daughter Mrs. F. E. Sine.

J. M. Scott, of the law firm of Scott and Briggs, returned this morning from Vernon, where he was engaged as Crown Prosecutor at the assizes.

Rev. W. M. Reid, of Michel, who has been attending a meeting of Synod at Victoria, arrived in the city yesterday morning, and will conduct the services in Knox Church on Sunday.

The Dramatic Club entertained at progressive whist on Monday, and refreshments were served. Mrs. Lawrence carried off ladies first prize; C. D. Palmer second, and Mrs. Dunne and D. M. Rae the consolation. W. A. Henry won the guessing contest.

Business Locals.

See those pretty Carpet Squares R. Howson & Co. are showing in their window.

Miss Martin from Vancouver, has charge of C. B. Hume and Co's. Dressmaking Department, and welcomes the ladies to visit her.

R. H. Trueman's studio is now opened, in charge of R. E. Benson, formerly of Toronto, who comes highly recommended as an expert photographer.

The Ladies Auxiliary of the B. of R. T. are giving a calico ball on May 18th in aid of their funds. Tickets of admission per couple $1.50. Extra ladies 50 cents.

When you want a saddle horse, a rig, or carting done, send to C. Turnross's livery stables, Victoria Road, and you will receive punctual and first-class service.

PIANO TUNING.

H. J. Clarry, piano tuner, Toronto, owing to illness, will not be in Revelstoke until summer.

The Smell of Clark's

Luscious Lunch Tongue—so appetizing and juicy—sets the gastric juices flowing. It stimulates hunger and completes digestion.

LATE SIR JOHN SIBBALD, M.D.

Amongst the list of notable dead in the obituary column of the London Times we observe that of Sir John Sibbald, M. D., who has given to the world such valuable information in the treatment of the insane. His work on "Insanity in its public aspect" was the result of mature experience as Commissioner in Lunacy, and he at one time edited the Journal of Mental Science.

Everything he wrote was of undoubted value, and gave evidence of careful consideration.

The late Sir John occupied the position of President of the Royal Medical Society, and for many years was on the Council of the College of Physicians, and would have been its next president.

He is survived by Lady Sibbald, two sons—Graham Sibbald, D. S., Edinburgh, and Ian Sibbald, M. D., of Gregs, Essex,—and five daughters.

Mr. J. D. Sibbald of Revelstoke is a cousin of the late Sir John Sibbald, and Mrs. Sibbald is a niece of Lady Sibbald.

GRIP AND PASSWORD.

I. O. O. F.

All arrangements for the amalgamation of the Selkirk and Oddfellows lodges are now complete, and the Revelstoke lodge has surrendered its charter to the Grand Lodge Deputy, Bro. McLeod.

The members of Revelstoke Lodge were on Tuesday formally received into the Selkirk Lodge as the result of the union of the two lodges. At the close of the business there was some excellent speaking, the memorable evening being wound up with a social function. An at home will be given on the 23rd to celebrate the event.

K. OF P.

At Grand Lodge in New Westminster the election of officers resulted G. C., George Johnson, Nanaimo; G. V. C., William Irvine, Nelson; G. P., G. T. Mallery, Kamloops; G. K. of R. & S., E. Pierdner, Victoria; G. M. of E., Thos. Walker, Victoria; G. M. at A., Geoffrey Hommer, Grand Forks; G. I. G., H. A. Brown, Revelstoke; G. O. G., R. A. Townley, Vancouver; supreme representative, C. F. Nelson, New Denver.

Bro. H. A. Brown was the delegate from Revelstoke.
