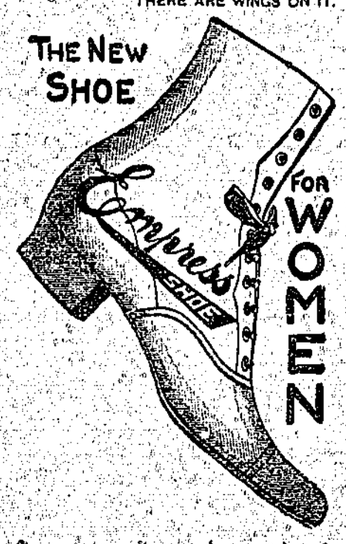
"Catch the Nimble $"

THERE ARE WINGS ON IT. THEY ARE FLYING IN OUR STORE.



Here is Something of Interest to You:

Ask the Ladies who have tested the "EMPRESS" Shoes what they think of them.

See them in our window and

Mark the Stylish Shape.

Glance over our Neat and New Stock of Ladies' Goods. Everything Bright and in Fashion. All prices reasonable.

We also carry a most complete line of Men's Furnishings, Men's Oil Slickers.

Carpets, Curtains, Linoleums, Table & Floor Oilcloths.

It is a pleasure to show you what we have for sale.

TAYLOR & GEORGE,

TELEPHONE 14.

Note This Carefully.

Our steady growth, our great success is due entirely to satisfied customers. No store can be better advertised than by the praise of its patrons. It is ever our aim to sell good merchandise, to sell it low, to give our customers every convenience and comfort possible while purchasing or sight seeing. It is ever our aim to keep our stock complete, to carry the very latest novelties, to make our patrons understand that everything bought at this store is bought at the lowest prices consistent with reliable goods.

Watch our next announcement with further list of goods and prices.

MAIL ORDERS PROMPTLY ATTENDED TO.

REID & YOUNG.

MINING NOTES

Prospectors and mine-owners are invited to contribute to the KOOTENAY MAIL information of a reliable character regarding their properties, describing surface showings, development work and results attending it, assays, and new discoveries. The editor desires to make the MAIL a means of furnishing to investors reliable information concerning the progress and development of the mineral resources of North Kootenay.

Hon. D. M. Eberts is acting Minister of Mines.

Electric drills work successfully at the Payne.

An English company has arranged to purchase the O. K. at Kamloops.

There is no further news yet to hand regarding the strike on Horsefly in old Cariboo.

E. A. Bradley has applied for placer leases on Smith Creek for D. P. Huges, I. R. McKenzie, F. H. Guffey.

Steps are being taken to dismantle the concentrator at Laurie, and the plant will be shipped to the Payne mine at Sandon.

B. Warden, formerly of the War Eagle, has been appointed superintendent of the Silver Cup and has now entered on his duties.

The Northwest Development Syndicate have built a large cabin on the Camborne Group for the accommodation of their employes in pushing development work during the coming winter.

It is not generally known that gold and platinum values have been washed on the right bank of the Columbia near the mouth of the Jordan at Revelstoke. J. Maley and party washed some gold there four years ago, and Chinese have also worked the ground. The gold was found to be very fine and difficult to save.

M. Wertenweiller succeeds Bernard McDonald as manager of the Le Roi, and O. Schoutag is appointed manager of the Northport smelter.

The knowledge which some mining men get from the handling of ore is wonderful. L. E. Beck, superintendent of the Imperial and Eva, and the Oyster properties, has such an intimate knowledge of the ore from various parts of the properties that if he is shown a panning of a sample he can tell from which part of the workings it has come. D. G. McNeill had such a knowledge of the ore in the Silver Cup mine at Ferguson that he could tell to within a little what any sample would assay.

Guy Menhinnick, the pioneer of Camborne, was in the city on Monday. Mr. Menhinnick will shortly make a trip to the old country, and it is his intention when there to organize a development company to take up some Fish Creek properties. Mr. Menhinnick is one of the most enterprising, reliable, and highly esteemed men in the west, and we wish him the success he deserves in this new enterprise, feeling sure that what Mr. Menhinnick takes in hand he will do thoroughly.

W. Nichol has just completed a bridge over the Illecillewaet for the Government. The structure is 200 ft. in length.

THE BIG BEND.

Its Agricultural, Mining, and Lumbering Resources.

(By E. A. HAGGEN, M. E.)

THE FORTY NINE.

It seems like a dream of the past when one considers that thirty-five years ago there were several thousand people in the Big Bend, and that a steamer made regular trips on the river running between Marcus in the United States and La Porte, sixty miles above Revelstoke. Great interest attaches to the old steamer.

She was owned and commanded by Capt. Leonard White. She was 98 feet in length, engines of 75 horse power with a 4-ft. stroke and 200 pounds steam pressure. Her crew was made up as follows: Leonard White, captain; Al. Pingston, pilot and mate; Chas. Biggs, purser; Shep Baily, 1st engineer; John Kelly, 2nd engineer; Octave Jandreau, fireman; Chas. Brown, watchman; — MacLaren, steward; George Buchanan, cook; J. C. Montgomery, waiter, and six deck hands. She was launched November 18th, 1885, and left Colville on her trial trip December 9th.

HER FIRST TRIP.

She was called the Forty-nine after the forty-ninth parallel which marks the boundary between the United States and Canada. There is still living in Revelstoke one of the crew of the Forty-nine, on her maiden trip, J. C. Montgomery, the well-known prospector.

The steamer made her first trip in the spring of 1866, sailing on April 15th. On that trip she brought a crowd of passengers and a large amount of freight to La Porte in the Big Bend. There was still ice in the lake as she came through. The trip from Marcus to La Porte occupied seven days. No difficulty whatever was experienced in navigating the river. The worst places were the Kootenay rapids, Nine Mile and Seventeen Mile riffles but she lined up these.

The fare for the single trip was $35 (Colville to La Porte) and freight was $80 a ton. The trip usually occupied nine days, and some of the passengers were: Dan McCullough, of McCullough Creek; Old Minetto, who built the sawmill; Bill Downie, of Downie creek; Nels Demars, of Nakusp and Cariboo creek; Harry Fernie, Steve Liberty, S. Oppenheimer, B. Bejurder, Jack May, D. Carley, J. Hanser, and many others whose names are familiar still in the country. Altogether there were 115 passengers on the first trip.

AFTER EVENTS.

On the second trip of the Forty-nine J. Ricky brought up seven pack horses, went off at Ladner's Landing and build a trail up the river to a point opposite La Porte, to which point all supplies brought in over the Seymour Pass trail were then packed. The route being frozen in provisions ran up to $2.50 per pound in the winter of 1866. This the Forty-nine relieved early in the spring of 1867.

After the exodus the Forty-nine lay idle at Marcus for the season of 1868, and in 1869, Capt. White conceived the idea of re-opening the mining activity which he had known in the Big Bend by importing Chinese. Accordingly, with a passenger list of Asiatics and a cargo of their supplies, he made in that year what proved to be his last trip. It is stated that he was addicted to the use of opium, and on the trip he ran out of the drug, with the result that his conduct became peculiar. The boat reached La Porte safely, but when starting for the return trip the Captain is reported to have had a presentiment that the boat would be wrecked, for he remarked that he feared the Forty-nine would never reach Marcus. Near Boyd's ranch

SHE RAN ON A ROCK

at Steamboat Riffle and went down. The crew were all saved. Capt. White was taken from the boat, a man bereft of his intellect, and ended his days in an asylum at Portland. She was afterwards raised and remained in commission until the early 70's, when she was dismantled and her machinery sent down river. Capt. Pingston was in charge of her at the close of her eventful career.

AN OLD TIME YARN.

The Forty-nine required two men at the wheel when navigating the river. The story is told that on one occasion when running up a riffle Capt. White took his hands off the wheel to light his pipe when the current caught the rudder so heavily that the wheel spun round, and the pilot, who was holding on to it, made a semi-circle in the air. The print of his heels was left on the ceiling of the wheelhouse. Capt. White was at his post in a moment, and brought the steamer again into position, thus avoiding a disaster.

(To be continued.)

CAMBORNE.

Progress at the Mines---The Camborne Dance.

(From Our Own Correspondent.)

The Fish River camp is now busy making preparations for the winter's work.

A. H. Gracey has been in, accompanied by Mr. Murray, of Toronto, looking over the Eva, and an increased force will shortly be at work, and winter supplies for 20 men are to be got in.

The Wide West, which has been working five men all summer, has now supplies for all winter at the tunnel, and the contractors are free to pound away till next June. One tunnel is in 300 ft. and another just starting. This company has lots of dough and is not afraid to use it, and by this time next year this is likely to be well known as a shipping proposition.

W. Andrews and partner have a contract to drive 100 ft. tunnel on the Moscow and are hard at it, while B. E. Drew is busy sacking up ten tons of ore from the same claim for shipment.

Our cheerful friend, George Goldsmith, whose last strike seems likely to put the great Broken Hill Mines entirely in the shade, is also anxious to show her up this winter. He and his partners have been right at it all summer, and the last tunnel is in 28ft. George has two deals going through, and there is nothing small about the figures.

The Beatrice is well prepared for a winter's development work. Air pipe, ore cars, and track have lately gone up. This property is looking first rate, and a new tunnel has been started further down to run 500ft. to catch the lead.

Hugh Macpherson has paid the men on the new road from Thomson's Landing and as soon as the townsite company get through with the short piece they are working on the ladies will be able to drive right into town for the Camborne dance.

The Government will have to spend more money on this road next year, as what they allowed for it this year could not be expected to build a road capable of standing any large amount of traffic.

F. Warren and wife have gone up to the Goldfinch to take charge of the boarding house for the winter.

SAVE YOUR SNOWSHOE TAGS.

The most popular brand of Chewing Tobacco in Canada to-day is "Pay Roll" Every plug of "Pay Roll" bears a "Snowshoe" tag. Consumers should save these tags as valuable presents are given for them. When you buy "Pay Roll" Chewing Tobacco, ask your dealer for our new illustrated premium catalogue.

HON. W. C. WELLS.

Chief Commissioner of Lands and Works Visits Revelstoke.

Hon. W. C. Wells, Chief Commissioner of Lands and Works, was in the city on Saturday on government business. Mr. Wells was accompanied by his secretary, Mr. McNeill, and went east on Sunday.

The Chief Commissioner of Lands and Works has left instructions for Mr. Killeen to make a thorough inspection of the roads and trails in the Revelstoke district with a view to having due provision made in the estimates at the coming session for carrying out the necessary works next spring. Mr. Wells will also see to the appropriation for the Smith Creek ferry being turned over to Harry Howard, who has run the ferry for three years and has never been paid for his services, though promised by the different government agents.

The Chief Commissioner expresses himself as satisfied that the government has a substantial majority of members and is in a strong position to carry on the business of the country.

Mr. Wells says the Government are determined to do their best in the interests of the Province, and they will put forward a vigorous policy and use their utmost endeavor to carry it out. He considers Premier Dunsmuir a strong-minded man who will not be dictated to by Mr. Martin or anybody else, but is determined to do his best to promote the interests of the Province.

GOLD COMMISSIONER.

Capt. Taylor, Messrs. M. Hyatt, C. Abrahamson, J. A. Stone, J. Sanderson, C. R. Skene, Jas. L. Woodrow, A. E. Kincaid, T. Steed, F. B. Wells, and J. M. Kellie waited on Hon. Mr. Wells with reference to the appointment of a Gold Commissioner. Mr. Kellie acted as spokesman and said it was the wish of the deputation to see Mr. Fraser appointed to the position. He spoke highly of the way in which Mr. Fraser had so far discharged his public duties.

Capt. Taylor said Mr. Fraser was perfectly efficient for the duties and the appointment would be a most popular one.

F. B. Wells said Mr. Fraser was a most efficient officer.

Mr. Kincaid also spoke most highly of Mr. Fraser's qualifications for the office.

Hon. Mr. Wells said his disposition was to accede to the wishes of the deputation and it seemed to be almost the unanimous wish of the people that Mr. Fraser should be appointed. He was glad to hear that Mr. Fraser was held in such high esteem by the people here, and personally he should like to do what he could for him. Of course he was only one of the Cabinet and the other ministers would have a voice in the matter, but he was the minister at present representing the Kootenays, and his representations as such would have consideration. The views placed before him that evening would go a long way towards securing the favorable consideration of Mr. Fraser for the position.

MINING RECORDER.

It was pointed out that in the event of Mr. Fraser being promoted there would be a vacancy for mining recorder, and the appointment to that position was urged of Mr. Armstrong, who had formerly been in the government office, and had been let out owing to a reduction in the staff. Hon. Mr. Wells said the fact that Mr. Armstrong had been in the office before would entitle him to consideration.

BIG BEND.

The matter of opening up the Big Bend was then discussed, Hon. Mr. Wells being assured that the steps already taken by the government in this direction had been much appreciated.

The Chief Commissioner said: I take a little credit to myself for the appropriation for providing a steamer for opening up the Big Bend, as I consider a steamboat service the proper method of beginning that work. I stood alone in that view for a time and am very pleased to hear such an expression of satisfaction on the part of the public here. A steamboat service will lead to the bringing in of more people into that country. Whether that will result in a road being built right through is another question, but the subsidising of a steamboat will lead to more immediate results.

Mr. Kellie: The steamboat is going to do more to open up that country than anything else. If a tramway were built at Death Rapids, and another boat put on above that, it would open up the country to Canoe River. That tramway should be built by either the dominion or provincial government. Two miles of tramway would be sufficient, and the work would cost about $5000.

The Chief Commissioner: If there are large lumbering operations going on there it is only reasonable to suppose that some action should be taken to carry out the necessary improvements.

Mr. Kellie pointed out that what was delaying the development of the mineral resources of the Big Bend was the fact that they had to pay 7c. to 8c. per lb. for packing in supplies, and no country could make headway under such conditions.

Mr. Wells said that if any of the companies which proposed operating in the Big Bend approached the government in any reasonable way as to constructing a tramway at the rapids and making the upper river available for transportation the government would assist them in any reasonable way. (Cheers.)

In saying farewell to the deputation the Chief Commissioner said he was very glad that he had stopped over for the day and had the opportunity of meeting them. He felt he owed a little to the people of Revelstoke and he wished to take every opportunity of discussing with them such matters as had been brought forward that night.

Capt. Taylor expressed the thanks of the deputation to Hon. Mr. Wells for the courtesy with which he had received them.

COMAPLIX.

Messrs. Kellie and Haggen brought before the attention of the Chief Commissioner the necessity of having a justice of the peace appointed at Comaplix and suggested Mr. Fairhall for appointment. Mr. Wells undertook to have the matter attended to on his return to Victoria.

The matters of replacing the bridge over Fish Creek and improving the roads at Comaplix were then discussed.

The Chief Commissioner replied that the bridge would be built as soon as possible, and H. C. Killeen, the government inspector of roads and trails would see what was required on the roads and would have these matters attended to.

THE CITY WATER SUPPLY

Company Arranging to Extend System.

The Water, Light and Power Co. have taken the necessary steps to provide the city with an adequate supply of water for next season, so that the extension can be put in first thing in the spring. For temporary purposes the company are adding to the present supply from another stream.

An engineer will be engaged to take levels and furnish estimates, with a view to guiding the company in deciding whether to bring a high pressure main from the new source of supply to be adopted, right into the city, or whether it will be less expensive to have a reservoir and connect the city with the reservoir by high pressure main. The company have in view providing the city with an adequate supply for fire and domestic purposes.

Great Luck of an Editor.

"For two years all efforts to cure eczema in the palms of my hands failed," writes Editor H. N. Lester of Syracuse Kan. then I was wholly cured by Bucklen's Arnica Salve." Its the world's best for eruptions, sores and all skin diseases. Only 25 cts at Canada Drug and Book Store.

Examination of and reports on Mineral Properties a Specialty.

The Kootenay Mail

FRIDAY, NOV. 1, 1901.

HON. R. MCBRIDE has been raving about Joe Martin since his resignation. Why was it that Mr. McBride was so anxious that the government should secure Martin's support on the occasion of the passing of the loan bill last session? That is something we should like Mr. McBride to answer.

NEXT time the Dominion Government send out their freight commissioner to the west they should instruct him to run his own business and not allow him (if to be escorted like a prisoner by Freight Agent Peters of the C. P. R. as he was on his recent trip. The public might then get a chance to lay their grievances before him.

ALD. McLEOD sailed into absent councillors at the meeting of the city council on Friday night in practically these words: "There are in the city to-night two councillors who have been elected to look after the business of the city and it is a pity to see the work slipshod at this late hour. Why are they not here? Those who are elected to look after the interests of the city should do so."

THE bridge over Fish Creek, to connect the Thomson's Landing and Comaplix roads, should have been put in long ago. Much inconvenience has been caused by the neglect of this much-needed piece of work. We hope the Government will give the matter immediate attention.

THE suggestion raised at the meeting of the city council on Friday, as to doing away with the two present fire brigades and forming a central brigade, and building a central fire hall is a matter which should interest the citizens very much. Of course the great argument in favor of a change is economy.

THE Vancouver Liberal Association has decided that no proxies be allowed at the proposed convention in January. This is a repetition of the trick which killed the last convention, and is tantamount to disfranchising the Liberals of the outlying districts. We suggest that the Liberals of the Inland district refuse to have anything to do with any convention called under such unfair conditions.

THE report has been circulated that there was an appropriation of $15,000 made at last session of the Dominion House for improving navigation on the Columbia, but such is not the fact. Mr. Galliher asked for $10,000, but owing to the fact that the river was not being used by any steamer the cabinet considered it would be better to wait till a steamer was in sight, when they would take up the matter, and Mr. Galliher will see to its being attended to during the coming session.

MR. OLIVER, M. P. P., knocks spots out of Dick McBride's pretentions of "principle." Speaking at Langley Mr. Oliver said: "It was all bosh about Hon. Richard McBride resigning on principle. Mr. McBride had known for a month before he resigned that J. C. Brown was going to be taken into the cabinet, and it was not until he had taken a trip through the upper country to see what the members of the Kootenays thought about it that Mr. McBride made up his mind to resign and take a gambler's chance of being called on to form a government."

FRED FRASER is to be congratulated on the high esteem in which he is held by the citizens of Revelstoke, among whom he has made his home for some years. The deputation which waited on Hon. W. C. Wells on Saturday, to ask that Mr. Fraser be appointed to the position of Gold Commissioner, was thoroughly representative of the city, and of both political parties. We are sure that it is the desire of all to see this important office in capable hands, and the principle on which the deputation acted, namely that of promotion within the service, will do much to elevate the civil service and make it a credit to the Province.

THE manner in which the Hon. W. C. Wells received the deputations which waited on him on Saturday was highly creditable to that gentleman and he showed plainly that the Dunsmuir Government wish to serve the people as far as possible and meet their wishes in any reasonable way. We are sure that if less dependence were placed on members and subordinates, and more trouble taken to enlighten ministers as to the true position of affairs, the position would be much more satisfactory. People do not take the trouble to inform the government of their requirements and then blame ministers because things are not done as they wish.

A CRUEL SENTENCE.

WE HAVE no hesitation in saying that the sentence passed on Sagala at Kamloops, as reported in another column, is discreditable to the administration of justice in this province. A much less severe punishment would have met the ends of justice. Here was a railway sectionman, who had saved up several hundred dollars on the small pay which he earned, and a man who does that is not the out and out criminal to whom the severer penalties of the law have to be administered. Judge Walkem has the satisfaction of seeing that man's savings despoiled in protracted and costly proceedings—a pretty severe punishment in itself—he has the satisfaction of knowing that he has, in the exercise of his position on the Bench, wrecked the life of that man by sending him to herd with criminals. That judge has broken up the man's home and family ties and has practically turned his wife and child out in the street. Such is the contempt with which Judge Walkem treated the jury's recommendation to mercy.

There is exemplified in this sentence of Justice Walkem a most cruel and heartless exercise of the powers conferred on the Supreme Court Bench. Fortunately there is a means of offsetting abuses of the criminal courts, and that is by petition to the Minister of Justice. We suggest that a petition, setting forth the facts, and asking for amelioration of the sentence, be got up and signed by the railway employes and the people of this district and forwarded through Mr. Galliher, M. P., to the Minister of Justice at Ottawa. The fact that the jury at Revelstoke could not not agree on a verdict in this case when first tried here is ample evidence that the case was one for humane treatment at the hands of a judge. The passing of such abnormally severe sentences, where not warranted, is what makes juries hesitate more and more to place the liberty of a person accused, in doubtful cases, in the hands of the judges. As accused was one of the striking trackmen and got into trouble on that account, we suggest that the B. of R. T. U. take this matter up and carry it through.

THE KOOTENAY MAIL.

THE KOOTENAY MAIL has of late shown a phenomenal increase of circulation and high encomiums are paid us on our efforts to produce a paper which shall be a credit to the district, and which shall do much to promote its interests. THE MAIL has a higher and nobler object than the promotion of local and personal disputes. The city of Revelstoke is in the centre of a district of great natural resources, and the development of these we shall do our utmost to promote in a legitimate way. THE MAIL will have nothing to do with wild-cat and bogus schemes. We leave the imaginary stories told of mining properties, and the booming of worthless concerns to others, seeking to make THE MAIL a compendium of information of reliable character regarding the district's resources, and with this view the editor has visited much of the surrounding country this season. Information obtained on these trips will appear from time to time in our colums, and an effort will be made to represent things exactly as they are and as they will be found by any of our readers who may afterwards visit these sections to see for themselves. In this way we hope to make the work of THE MAIL as a newspaper appreciated by, and of great value to the community in which it circulates. We ask the people to give us their assistance as far as possible in achieving the object we have in view.

THE LIBERAL CONVENTION.

Vancouver is not the place to hold a Liberal Convention. The last convention held there was a farce. There has been too much division and wire pulling in the Liberal ranks at Vancouver, and many who were present at the last convention there say it is impossible to get matters dealt with on their merits owing to these differences and the trickery which has been resorted to as a consequence. Revelstoke is the most central and convenient point in the Province for such a convention. This city is at the point of junction of traffic of the main line with South and East Kootenay and The Boundary and therefore the most convenient place for representatives from all parts of the Province. The hotel and hall accommodation of this place are unequalled. Moreover the Liberals in this city are a unit, and will see that the business is conducted fair and above-board. Besides the Vancouver Association have no right to arrogate to themselves the right to call a convention when there is a Provincial executive to attend to just such matters.

That Throbbing Headache

Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cts. Money back if not cured. Sold by Canada Drug and Book Co.

THE CENSUS.

The details of the census for Yale-Cariboo are as follows: East Lillooet, 789, West Lillooet 970, East Kootenay North Riding 1,033, East Kootenay South Riding 5,062, West Kootenay Nelson Riding, 7,102, West Kootenay Revelstoke Riding 3,003, West Kootenay, Slocan Riding 5,321, West Kootenay, Rossland Riding 14,603, East Yale 4,930, North Yale 3,837, West Yale 2,945. Total 51,497.

The Vancouver Liberal Association has declared for party lines in Provincial politics and will hold a convention in January.

WANTED — SEVERAL PERSONS OF character and good reputation in each state (one in this county required) to represent and advertise old established wealthy business house of sound financial standing. Salary $18 weekly with expenses additional, all payable in cash each Wednesday direct from head offices. Horse and carriage furnished when necessary. References. Enclose self-addressed stamped envelope. Manager, 316 Caxton Building, Chicago.

$25,000 OUR GRAND $25,000

Ornithological Contest.

Something entirely new and interesting. Read what you are to do. You may get $1,000. Our contest is to see who can make the largest list of names (or kinds) of birds from the following list of letters:

W D O O O C C K Q U L I A P R T A R I D G
E S R N I E L V E B R D I M W A D O H T L

We will recognise as a bird anything belonging to the feathered tribe, whether it is a Hen, Crow, Singer or any other kind. You can use any letter as many times to make a name as it appears in the list of letters above; for instance Woodcock, Plover, Snow Bird, etc. To any persons who can make a list of 25 or more different names of birds, we will give absolutely FREE a beautiful Prize value $1,000 or less.

BIG PRIZES AWARDED DAILY.

When you have made out your list fill out the line on the bottom of this advt. and send to us with a Stamped Addressed envelope, stamp of your country will do, then if you are awarded a prize you can if you desire get the prize by becoming a subscriber to THE WOMAN'S WORLD. We shall award a prize to every person who sends the name of 25 Birds, and our gifts will be as follows: For the best list, received each day, a Gold Watch; for the second best solution each day a beautiful Imported Tea Set; for the seven next best solutions each day, a Konrah Sakih Diamond and Ruby Ring; for the next best solution, a Gold Piece; and for all other correct solutions, Prizes of Good Value. These Prizes will be forwarded daily you will not have to wait a long time to uncertainty before you know the result. There is no element of lottery in our plan, it makes no difference whether we get your solution late or early in the day. All you need is to post this advt. to us, and on the day it reaches us, if your list is the best, you shall have the Gold Watch or if second best the beautiful Tea Set and so on. We guarantee that we will award you a prize. There is absolutely no opportunity for deception on our part—we cannot afford it. We want to get 1,000,000 well satisfied subscribers, and for that reason we don't want you to send any money until you know exactly what prize you have gained by answering the puzzle. As soon after 1 p.m. each day as possible the examiners will judge the lists to the best of their ability, and will designate the prizes. We will write to you at once notifying you what prize has been awarded you, then if you are satisfied, you can send your subscription to THE WOMAN'S WORLD and your prize will go by return of post carriage paid. To a person of narrow ideas it seems impossible that we should be able to make such a gigantic offer, but we have the money, brains and reputation, we know exactly what we are doing, and if we can legitimately gain a million subscribers by this grand idea we know that this million of well pleased subscribers can be induced to recommend THE WOMAN'S WORLD to all friends, thereby building up our circulation still further. We are willing to spend $25,000 in this contest in building up a big subscription list, and when this money is spent we reserve the right to publish a notification that the contest has been discontinued. Don't delay until it is too late. The contest will continue until January 1st, 1902.

We give A Home Prize of $250 independent of all others to the person who sends in the list written up in the best and handsomest manner. Our Committee will decide and award prizes daily, but the special $250 prize will be awarded in March, 1902. Any bird's name found in the dictionary is accepted.

The Kootenay Mail $2.00
The Montreal Daily Herald $3.00
and a splendid picture of
King Edward VII. .50

TOTAL - - $5.50

ALL FOR $2.50

This is the greatest combination offer ever made by any Canadian journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers. Established in 1878, it has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each day giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial intelligence is complete and reliable.

THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the flashy colored portraits so common.

As the regular price of the Herald is $3.00 a year, the liberality of our offer is self-evident.

Address all orders to

The Kootenay Mail,
Revelstoke.

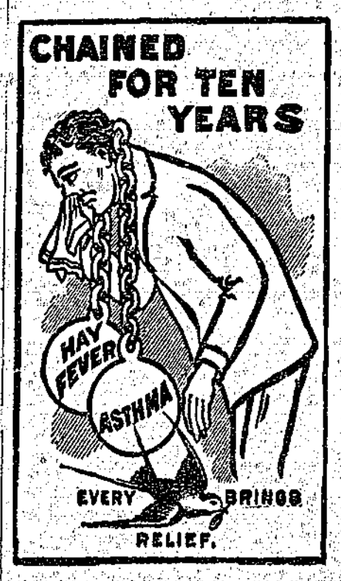
ASTHMA CURE FREE!

Asthmalene Brings Instant Relief and Permanent Cure in all Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

WRITE YOUR NAME AND ADDRESS PLAINLY.



There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. F. C. Wells of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave chained with awful sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechler.
Rabbi of the Cong. Beni Israel
New York, Jan. 3rd, 1901.

Drs. Taft Bros. Medicine Co.,

Gentlemen: "Your Asthmalene is an excellent remedy for Asthma and Hay Fever and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, no morphine, chloroform or ether.

Very truly yours,
REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y., Feb. 1, 1901.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as that of many others, I chanced to see your own sign on your own windows on 130th St., New York. I at once obtained a bottle of Asthmalene. My wife commenced taking it about the 1st of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this dreadful disease.

Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO. Feb. 5, 1901.

I was troubled with Asthma for 22 years. I have tried numerous remedies but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full size bottle and I am ever grateful. I have a family of four children, and for six years I was unable to work. I am now in the best of health and am doing business every day. This testimony you can make use of as you see fit. Home address 235 Rivington street.

S. RAPHAEL,
67 East St. New York City.

An extra choice stock of Mountain Ash, Horse Chestnut and other shade trees for lawn or boulevard planting.

Lawn grass and other seeds, fertilizers, bee supplies. Catalogues free.

VANCOUVER, B. C.

CITY COUNCIL.

Weekly meeting was held Friday. Present: The Mayor; Ald. Nettle, McLeod, and Abrahamson.

THE FIRE SYSTEM.

Chief Bain wrote stating fire alarm system was out of order, and foundations of No. 1 fire hall and Gold Hill building were rotten, and buildings in bad state of repair.

The Mayor urged that steps be taken to have fire protection system put in a proper condition.

Ald. Abrahamson said the fire alarm posts were too far apart; besides the new batteries came by express in May and had never yet been installed though six months had elapsed.

The city clerk said Ald. McCarty had engaged a man to fix the fire alarm system.

Ald. Nettle said he had suggested having the man in charge of the Kamloops system to examine their system and put it in good shape. If insulated wire was required, have it done.

Ald. Abrahamson said the system cost the city $900 originally. He suggested getting the Water, Light & Power Co. to attend to the system and keep it in order. The fire protection arrangements for the lower town had not been carried out and in the event of a fire there was no organised body to protect their property. The Water, Light & Power Company offered to substitute insulated wire in the alarm system for $275. Even the fire-bell did not work.

The clerk read the offer of the Water, Light & Power Company, to substitute insulated wire for $275, to use the electric light poles for the system at a rental of 25c. per pole, and cost of maintenance, not over $10 per annum.

Ald. Nettle moved, seconded by Ald. McLeod, that council send a description of system to the Kamloops engineer and let him report on it.

Ald. Nettle wished the Works Committee to report on the No. 1 fire hall; Ald Nettle wanted the work done at once, and Ald. McLeod wished to see a full meeting before dealing with such an important matter. Ald. McLeod had seen the fire hall referred to and it was in a disgraceful state.

Ald. Nettle suggested having a central fire system instead of the present double, unsatisfactory and costly service, which was only due to jealousy.

Ald. McLeod objected to moving the No. 2 fire hall to a central position as it was too far away.

Ald. Nettle said No. 2 fire hall should have been in a central position but he would object to its removal till the finances were fully considered.

The Mayor wanted a full council to consider this matter and was of opinion a change would have to be made in the direction suggested.

On motion of Ald. Nettle, seconded by Ald. Abrahamson, it was resolved that the finance committee report on the financial position of the council and that the Works committee report on cost of removing fire hall to lot 52.

ACCOUNTS.

On the accounts being read Ald. McLeod contended the council should not pay the Water, Light & Power Co. for hydrant rent when there was no water in the hydrants.

BABY'S ILLS.

Every Mother Should be in a Position to Promptly Relieve the Minor Ailments of Her Little Ones.

The baby who is always plump, always has a good appetite, always has a clear eye and a rosy cheek, and is always active and playful, is the choicest treasure this life affords. The medicine which keeps babies in such a condition or restores them to it when they are ill is a priceless boon to humanity.

There are several medicines which produce sleep, but their action on the child is similar to that which whiskey or opium has upon a full grown man. They deaden and stupify and are the most injurious things which can be given to children. The only safe way is to use nature's remedies. Nature has provided a vegetable cure for every ill, and her remedies for children's disorders are scientifically compounded in Baby's Own Tablets. For diarrhoea, constipation, colic, simple fever croup, irritation when teething, indigestion and all disorders of children so familiar to mothers, this remedy is conceded by the medical profession to be without an equal. Its effect is gentle, soothing, promptly curative and never failing. It will save pain, anxiety, doctor's bills and perhaps a life. All mothers who have used Baby's Own Tablets for their little ones speak of them in terms of warmest praise. Mrs. Dan Seward, Forfar Ont says: "I have used Baby's Own Tablets and can highly recommend them to all mothers. My baby was cutting his teeth, and was very cross when I first gave them to him. They acted like magic, he cut his teeth almost without me knowing it, and gave him such ease that they proved a blessing both to the child and myself. He has not been sick since I gave them to him, and I would not be without them in the house." Baby's Own Tablets can be procured at any druggist's or will be sent postpaid on receipt of 25c by addressing the Dr. Williams Medicine Co., Brockville, Ont.

POLITICAL NOTES.

The Dominion House of Parliament meets about the beginning of February.

The Vancouver Liberal Association has repudiated the Province Newspaper.

Senator Templeman or Ralph Smith will represent British Columbia in the Cabinet at Ottawa.

The Coast papers state that the visit of Hon. W. C. Wells to Montreal is to see President Shaughnessy on railway matters.

The Dominion Government has under consideration the granting of Provincial autonomy to the Northwest territories.

As the census will not be ready in time to admit of a redistribution bill being brought before the Dominion Parliament this session, it will be postponed until next session.

When Sir Wilfrid Laurier was in the west he is reported to have expressed the opinion that the only method of getting over the difficulties attending the government of the province was by the establishment of party lines.

If the Herald's statement be true that Conservatives are becoming so extinct that they should be preserved like buffalo at Banff, a Conservative candidate would stand a poor show of even enough supporters to nominate him, if the Provincial elections are run on party lines. The Herald notwithstanding the Conservatives will make a good showing when a fight comes.

THE NAKUSP CASE.

Sagala Sentenced to Two Years.

Sagala was sentenced on Monday to two years in the penitentiary. In passing sentence Mr. Justice Walkem commented on the serious nature of the offense, and stated that had it not been for the jury's recommendation to mercy, he would probably have sentenced the prisoner to a term of three or four years imprisonment.

Kubula one of the witnesses, a Bohemian was called to interpret, but his knowledge of English was too limited to permit of his so doing. After the sentence was pronounced Kubula remarked, "He goes to jail for nothing."

Justice Walkem advised Kubula to hold his tongue, adding that if he (Kubula) understood English better he would have been sentenced for perjury. Prisoners wife and child were in court when sentence was passed and the former was very much affected, and tried in broken English, to say something presumably in extenuation of her husband's so-called crime. Sentiment

CORRESPONDENCE

Where Stands Our Member?

To THE EDITOR KOOTENAY MAIL:

Sir:—The political situation in B.C. is causing much comment in eastern papers and not a little ridicule is indulged in at the expense of this province.

As we understand the situation, when Mr. Dansmuir was appointed Premier, the supporters who did so, in fact the main idea, was to give the country a stable government and put our province in a financial position calculated to forward our interests at home and establish confidence abroad.

Our own member, Mr. Taylor, supported this Government and we are sorry to see that in the hour of trial he turns his back upon it.

As citizens and electors we have a right to know why Mr. Taylor acts this way. B.C. electors are tired of their members making political footballs of their ridings.

I would suggest that Mr. Taylor hold a public meeting at Revelstoke and let the people know how he stands. Certainly no time could be better than while the province is in this state of political unrest.

Yours truly,
ELECTOR.

Redistribution Bill.

To EDITOR KOOTENAY MAIL:

The Big Bend country has practically remained stagnant for many years. It has been hampered by exhorbitant frieght charges. Miners have to pay from $80 to $110 to get in their supplies by pack animals. To pack out under such conditions is out of the question. Its mineral deposits require better transportation to place them on a better competitive basis. Its great timber areas are neglected and cannot be used without cheaper communication. A steam boat under construction is expected to revolutionize the primitive methods now in vogue, and future prospects are pregnant with great possibilities. Its hundreds of millions of timbers that covers the river and creek bottoms and adorns its mountain slopes will soon be the scene of great activity, as the demand for lumber on the east prairies is ever increasing. The Fish River district mineral regions are known to be both extensive and highly mineralized. The Lardeau district is well known and the fact that a railway is now under construction justifies the prediction that its population will soon be increased by thousands. With better transportation facilities Revelstoke Riding should have a population of ten thousand. Its mineral, timber and agricultural areas warrant that prediction. It covers a large territory, greater in fact than Nelson, Rossland and Slocan (without the Boundary district) combined, with more than even chances with the whole bunch. It is well known that without the advent of the Railway into the Slocan that country would have remained unopened. Same with Rossland. The Nelson Tribune forecast of a redistribution bill that would throw the Revelstoke and Golden ridings into one is enough to make one's hair stand on end, and yet John Houston has been the champion of the the Kootenay district. Better leave Revelstoke riding alone John and put your pruning hook into some other riding's ribs. John Houston, when he advocates a redistribution bill, deserves the thanks of the whole Province, but he will have to take many things into consideration when the bill comes before the House to give the whole country a fair measure.

J. M. KELLIE.

A VALUABLE PREMIUM

Obtained with the Kootenay Mail and Free Press.

We acknowledge from the proprietors of the Free Press, one of the combined barometers and thermometers which is being offered as a premium to subscribers to the Kootenay Mail and weekly Free Press for the ensuing year. The instrument is splendidly made and is one of the most useful articles any one living in this variable climate can possess. It is by far the best premium offered by any paper this year. We shall be glad to receive subscriptions under the clubbing proposal advertised in another column, by which subscribers receive the Kootenay Mail and Weekly Free Press for a year, and also this excellent barometer and thermometer, all for $2.50.

Ladies' Purses

and

Gents'

Pocket Books.

A beautiful selection of above just opened. All the very latest styles and a great range of prices at the

CANADA DRUG & BOOK CO.,

Revelstoke B. C.

LOCAL & GENERAL.

See Cressman's tweed business suits at $15 to order.

Camborne will have a twice-a-week mail service for the present.

L. Schnider has just received a fine new stock of harness leathers.

Heavy Tweed pants to order, stripes or serge $3.50 at Cressman's.

J. O. Morgan has a splendid display of pot plants in his window at his barber shop.

Trelgar Bros. invite through our columns purchasers for their ranch a Notch Hill.

R. H. Trueman will visit Revelstoke and attend PERSONALLY at the gallery here on Nov. 11 for two weeks.

The Telephone Co are having new instruments placed on their system throughout the Lardeau.

Great complaints are made as to the condition of the Comaplix road. The Government should attend to it.

W. Porritt has shown us a fine view of the decorations at Glacier, on the occasion of the visit of the Duke of Cornwall, as taken by Mr. Porritt's brother.

Cory Menhinnick, as agent for H. S. Wallace, the new owner of Camborne, is building a good road to connect the townsite with the new road to Thompson's Landing.

If you want health, comfort, and durability, buy the Marshall Sanitary Mattrass. Beats any mattrass ever made. To be seen at R. Howson & Co.'s, sole agents for the district.

The Enterprise Brewery Company have constructed an excellent road behind J. Maly's ranch in order to get out logs for their woodyard during the winter.

It now turns out that the £50 given to the Countess of Minto by the Duke of Cornwall was for the Queen Victoria Cottage Hospital Fund and not for the Revelstoke Hospital as at first reported.

A new townsite, called Leadville, has been located at Fish Creek, ten miles above Camborne. A. A. Clark, the Camborne merchant, is interested in the project. It is proposed to build a hotel there at an early date.

On Saturday last John Palmer, of Cranwilliam, brought to the city samples of potatoes grown by him this season. They were enormous, weighing from a pound and three quarters to 5½ pounds. This kind is known as the Farmer's Glory.

On Sunday night a fire broke out at Linder's bakery on Front St. The brigade under Chief McRae were promptly on the spot and suppressed the fire before much damage was done, the chemical engine being brought into requisition.

W. Nichol, of Greely Creek, has one of the best ranches in the district. Although it is only four years since he took up the land he has 75 acres cleared. A sample of oats from this ranch, recently exhibited at Bourne Bros. store, attracted much attention from its extraordinary growth.

Rev. Jas Turner will conduct the services at the Methodist church on Sunday, preaching morning and evening when subscriptions and collections will be taken up in aid of the mission fund. Mr. Turner was the first Methodist clergyman stationed at Revelstoke and is a thorough old timer.

E. L. Kinman, of Trout Lake, was in the city on Monday. Mr. Kinman has completed his contract on the Fish Creek wagon road to connect Thompson's Landing with Camborne. Asked as to the reports concerning the condition of the road, Mr. Kinman stated that another $3,000 for corduroying the worst places would make a good road of it.

J. C. Hutchinson invites orders for Galt coal at $7.50 a ton, a consignment of which is expected daily.

The poll taken on the by-law yesterday to borrow $1000 for the construction of sidewalks, and street improvements resulted in the defeat of the by-law; the vote being 21 for and 30 against.

MEMORIAL SERVICE

In Honor of the late Clarke Wallace.

The order of service for the Clark N. Wallace Memorial held in the Oddfellow's Hall, on Tuesday Nov. 3rd, 1901, at 3. p. m. is as follows, the offering being in aid of the Orphan's Home:

Orange burial service, conducted by Worshipful Master Thomas Stead.

Worshipful Master's address.

Burial Service, Chaplain W. C. Calder.

Hymn "A Few More Years Shall Roll."

Prayer, Rev. Mr. Ladner.

Hymn, "Rock of Ages."

Anthem, "Vital Spark of Heavenly Flame."

Hymn, "My Faith Looks up to Thee"

Benediction.

RAIL AND STEAMER

Six hundred thousand acres of C. P. R. land were sold last month.

The C. P. R. have purchased from W. Abrahamson a right of way across the Trout Lake City Extension.

The C. P. R have awarded the building of their warehouse at Trout Lake to N. B. Smith.

The C. P. R. are building new steamers for the northern and coast services.

Supt. Kilpatrick went south on Wednesday, returning with General Supt. Marpole and Mr. Tait.

John Palmer, a C. P. R. watchman at Clanwilliam, is over eighty years of age, and is still able to render good service to the company.

The south train met with a mishap on Tuesday morning. Two cars went off the track near Wigwam. Passengers had to be transferred. The accident was due to spread rails.

The Inland Sentinel exposes the unfair freight rates of the C. P. R. when it states that it costs $14 less per ton to ship goods to Sydney N. S. Wales, than to Kamloops.

Grant Hall, C. P. R. Master Mechanic, arrived from the South on Tuesday, having visited the Lardeau and Slocan, in company with General Supt. Marpole and Manager Sweeney, of the Bank of Montreal.

F. J. Deane, of the Kamloops Sentinel, is one of the most popular men to day among the railway employees, largely owing to the firm stand he took on behalf of the striking trackmen.

On Tuesday an Italian fell off a flat car east of Revelstoke and broke the small finger of one hand. He came to the city to have his injury attended by Dr. Cross.

Fair progress is being made with the new piece of line at Field to avoid the Ottertail hill, but it will not be ready for traffic till spring as it is difficult to get enough labor.

Sawyer Bros. have been rushing the cabin doors and windows for the steamer Revelstoke. This is the concluding portion of the woodwork of the steamer. As soon as the boilers arrive and can be got into position the steamer will be ready for launching and will then be available for the Big Bend traffic as soon as she is manned and the river is favorable for navigation.

SECTION FOREMAN SHOT.

High Tribute to Supt. Kilpatrick.

J. Cvila, section foreman at Ducks, accidentally shot himself in the abdomen last Sunday, while fixing his gun. He is at present in the hospital and is doing well. In this case it is gratifying to note that in prompt response to Dr. Proctor's request for a special train to convey him to the scene of the accident, Supt. Kilpatrick telegraphed orders from Revelstoke to place the first locomotive available at his service There has been some complaint in the past of delay in providing medical attendance for railroadmen injured at out of the way points along the line, and this prompt action on the part of Supt. Kilpatrick was not only greatly appreciated by railroad men but is an dication that in the future this cause of complaint will be obviated.—Sentinel.

Avoid Baking Powders containing alum. They are injurious to health

SOCIAL AND PERSONAL.

A. A. Clark, merchant of Camborne, spent Thursday in town.

Dr. J. Hyslop, late of Winnipeg, was a visitor in the city yesterday.

Mr. Joe. Kirkpatrick of Ferguson returned from the east Wednesday.

C. M. Field returned on Sunday from an extended trip to the North west.

B. R. Campbell has been appointed district agent for the Imperial Life Insurance Co.

The regular fortnightly dance of the Quadrille Club took place last night and was largely attended.

The meeting of the Epworth League on Sunday night was occupied with a discussion of the life of St. Paul.

The many friends of Mrs. C. Temple will be glad to learn that her health is benefitting by her stay at Victoria.

The Duke and Duchess of Cornwall, before leaving Canada, presented Sir Wilfred Laurier with a handsome gold snuffbox.

Arrangements for the Thanksgiving Supper under the auspices of the Ladies Aid of the Presbyterian Church are prospering favorably.

Graham Skene is getting up a subscription to erect a monument to the memory of Trooper Nicholson, of Kilowna, who was with the Strathcona Horse in South Africa, and died recently at Camp McKinney. Mr. Skene is writing to the members of the corps soliciting their co-operation.

A. F. Rosenberger, of the Northwest Development Syndicate, arrived on Tuesday and spent Wednesday here.

As Mr. Goepel will shortly be returning to resume his duties as Provincial Auditor, it gives us pleasure to say that while he has been acting as Gold Commissioner and Government agent here he has conducted the duties in such a way as to earn the esteem of almost all who have had business to transact at the Government offices. He has also given good attention to requirements for trail and road work where these have been represented to him.

BUSINESS NOTES.

W. Porritt has now got his studio in shape for portraiture, and contemplating other improvements.

Reid and Young have opened a nice stock of ladie's slippers and boys' shoes, also new lines in men's furnishings and ladies' silk waists.

The first carload of lumber from the new mill belonging to the Revelstoke Lumber Co. was received in the city on Monday for A. McRae's new residence.

H. Cook, formerly of the Dominion Express Co. in this city, has started a city express delivery, and his advertisement appears in our columns. Orders left at Wm. Lawrence's will receive attention.

At the meeting of the creditors of the estate of J. V. Perks held on Saturday, the assignee, Mr. Sibbald said the liabilities were roughly estimed at $3,800 and the assets at $2,500, of which book debts amounted to $1,800. H. J. Bourne and J. Jackson of the Revelstoke Wine and Spirit Co. were appointed inspectors. W. M. Brown of the Columbia House has taken over the Victoria Hotel and stock and will conduct the business.

Astounding Discovery

From Coopersville, Mich., comes the discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always *ensures a good night's rest.* "It will soon cure the cough too," writes Mrs. S. Hommelberger, "for three generations of our family have used Dr. King's New Discovery for Consumption, and never found its equal for coughs and colds." It's an unrivalled life saver when used for desperate lung diseases. Guaranteed bottles 50c and $1.00 at Canada Drug and Book Co. Trial bottles free.

Notice to Subscribers.

The proprietor of the KOOTENAY MAIL requests subscribers to advise him of any irregularity in the delivery of their papers.

$200 IN CASH,

—FREE—

We will give the above reward to any person who will correctly arrange the above letters to spell the names of three Canadian cities. Use each letter but once. Try it. We will positively give the money away, and you may be the fortunate person. Should there be more than 1 set of correct answers, the money will be divided equally. For instance should 5 persons send in correct answers, each will receive $40; should 10 persons send in correct answers, each will receive $20; twenty persons, $10 each. We do this to introduce our firm and goods we handle as quickly as possible. SEND NO MONEY WITH YOUR ANSWER. This is a FREE contest. A post card will do. Those who have not received anything from other contests, try this one.
