THE A. E. GEORGE COMPANY.

ARROWHEAD

Great Progress of the Town.

Arrowhead is steadily developing as an industrial town, and is now one of the recognised lumbering centres of the province. The transportation outlook is also bright, and Arrowhead will be a busy transfer point if, in addition to the south Kootenay business, it is to be the port for the proposed ferry, in connecting the Crows Nest railway with the main line at Revelstoke via Trout and Kootenay lakes. The payrolls of the Big Bend and Arrowhead lumber companies are responsible for the rapid growth within the past two years and the lake town is about to be the scene of more extended building operations. The Big Bend Lumber company have started work on the enlargement of their mill, making it one of the best in the province, and the company propose building a number of good residences for the accommodation of their employes.

The Arrowhead Lumber company propose adding another dry kiln to their present equipment and will also make some additions to their plant. This mill has established a magnificent high pressure water supply for use in case of fire, and hydrants have been placed along the whole length of their big lumber pile. Mr. Avery M. P., their general manager, is expected daily from the east, whither he went with his family.

The Imperial Bank, H. E. Wallis's drug store, J. Bull's block, Reid and Young's store are fine additions to the business houses of the town. W. F. Dunphy intends fitting up a photographic gallery and offices to let, and expects to have these ready for occupation within a month. J. Winslow, of Armstrong, has opened a watchmaking and jewelry store. G. T. Chapman has a well-stocked general store, Reid and Young handle dry goods, groceries and hardware, J. Bull makes a specialty of gents furnishings, P. Burns and Co. have a meat store. E. F. Tucker has opened a photographic gallery and is showing a large assortment of views which are amongst the best work done in the west.

Some fine residences have been built, notably those of Mrs. Ludgate senr., Messrs. T. Ludgate, Capt. McCarty, Dewar, Gibbons, Warner, Hurd, Kirby, Parks.

Arrowhead has two churches. All Saints, which is in charge of Rev. Mr. Johnson, is one of the neatest church buildings in Kootenay, while the Presbyterian congregation, in charge of Rev. Mr. Simpson, is a large one.

Arrowhead has three hotels, the Lakeview, owned by D. Cameron, the City, owned by Messrs. Caley Bros., and the Union, owned by Mr. Lightburn.

The good order of Arrowhead is well looked after by Provincial Constable G. B. Campbell.

D. Cameron, of the Lakeview Hotel, intends adding a sample room to the hotel.

The new drug store opened by H. E. Wallis is a credit to the town.

E. McGaghran and Co. carry a large stock of stationary, fancy goods, books, tobaccos and cigars.

ALEXANDRA HOSPITAL.

The residents of Arrowhead are justly proud of their hospital, and with the improvements made and in prospect there will soon be no more comfortable hospital in the west. Under Dr. Hamilton, resident medical officer, and Miss Evans, nurse, patients have the best of attention. The Big Bend and Arrowhead Lumber companies each maintain a well-furnished ward. Water is laid on, the building lit by electricity supplied from the Big Bend Lumber Co.'s mill, the halls and stairway are being laid with cork matting. The accommodation afforded by the hospital includes the public ward, several private wards, kitchen, dining room, sitting room, office, dispensary, doctor's and nurse's rooms, well equipped operating room, bathroom, and there is a spacious verandah round the building. Mrs. Theodore Ludgate and Mrs. Bangs especially take an interest in the institution and spare no effort to make it as comfortable and complete as possible. A library has been provided. The contract for the erection of the building was carried out by R. J. Ballard, on whose workmanship it reflects high credit.

THE SCHOOL.

The new school which has just been completed is a matter of congratulation to the citizens, government, and school trustees. The trustees are Messrs. G. Newman, W. B. Pitblado, and W. R. Reid (sec-treas), and they worked hard to secure this new school building, credit being especially due to Mr. Reid for the fact that such a commodious building has been erected. The building is 37x56 ft. with basement full size. It is divided into two main class-rooms each 37x26 ft. and there is a cloak room 12x24 ft. It is beautifully painted outside and well plastered inside, while the lighting is first-class. The contract has been well carried out. The contractor, R. J. Ballard, kindly gave the use of it for a social in aid of the Hospital Friday when over $60 was realised.

Mr. McCarty, formerly chief officer of the Kootenay, has been appointed captain of the Bowman Lumber Co.'s steamer Piper and will enter on his new duties end of the month.

Let your friends in other parts see something of your district by sending them "Picturesque Revelstoke." Price $1.

Y. M. C. A.

Address by Engineer Lyons of Revelstoke.

At the twelfth International Conference Railway Department, of the Y. M. C. A., at Detroit, on the second day, afternoon session, attendance 3000, after a brief song service in charge of W. E. Peck, State Secretary of Minnesota, W. D. Southwick, chairman of the local Executive Committee, presented invitations from several companies to the delegates to visit their works.

J. H. LYONS,
Representing C.P.R. Men at Railway Y. M. C. A. Convention.

J. H. Lyons, of Revelstoke, B. C., then addressed the conference on "The Work on the Canadian Pacific Railroad." He said: "I may say that I am from Revelstoke, B. C., which is something over 3000 miles from here. It is a long way to come, but after what I have seen and heard if it was twice as long I would come again. (Applause.)

"I arrived here the day before the convention opened and as I was staying down on Jefferson Avenue a gentleman passing by, seeing a badge on my coat, hailed me as follows: 'Where are you from pard?' I replied by saying, 'I am from Revelstoke, British Columbia.' 'Let me see whereabouts is that? Oh yes, I remember, its down in South America is it not?' he replied. His remark made me smile but I answered, 'you have another guess coming, but never mind, Where do you come from?' 'Texas,' he replied, with a satisfied smile. 'Oh yes,' I answered, 'I have heard of that place before. Is'nt that in the Phillipines?' (Laughter.)

"About a year and a half ago Mr. Budge, Y. M. C. A. Secretary, on his return from Australia, came over the Canadian Pacific, and at the request of our Second Vice-President, Mr. Whyte, stopped off at some divisional points along the system. The first point was Revelstoke. He got some 30 or 40 railroad men together and told them the object of the Y. M. C. A. I may say just previous to this we had had what may be termed an Athletic Association or Athletic Club, with a paid professor—what in the Young Mens Christian Association is termed the Physical Director—but after we paid him about two months salary his feet commenced to itch, (you will pardon my western expression) he could not stand prosperity so left town and our club closed up. After listening to Mr. Budge's proposition we thought it a better one than our former Athletic Club, but some of the railroad boys thought it would be no use trying to start up again as we had made a failure before and people would throw that up against us if we attempted to start up again. It was

TOO GOOD A THING

to be kept down and kept cropping up. Finally we heard that Mr. Parsons, another Y. M. C. A. secretary, was out at Calgary helping the boys there to make a canvass, so we asked if he would kindly come over to Revelstoke. He came one Sunday and about 30 of us gathered together—business men and railroad men. He said: 'I have sized up your town and I think that you can raise $10,000, possibly $15,000.' Well gentlemen our town has only about 2500 population all told; with only about 400 railroad men to 2500 people—men, women and children—and $15,000 means a pretty big per capita when you come to size it up. 'The West,' he said, 'is noted for its generosity.' Some of the boys remarked in a whisper 'He is giving us lots of hot air.' However, Mr. Parsons spoke up to me and said 'Mr. Lyons what do you think the railroad men would put up? I figure they ought to give about $3000.' I replied by saying, 'You would have to start up some kind of a revival meeting before you could get the boys to put up anything like that.' He asked, 'What do you think you can raise?' I said, 'About $1200 if we have good luck, but we would have to rustle mighty hard to do that.' Mr. Parsons asked if I was willing to subscribe. I said 'Certainly,' so we started a canvass, and amongst the railroad men we divided the different organizations up and appointed men to canvass amongst them—for instance two brakesmen took charge of the trainmen and so on. I was one appointed to canvass the engineers and put my name down on the top of the list. Finally, out of about 175 railroad men who subscribed their names, the total was $4200. (Applause.) So I think you will admit that railroad men will do as much for a good thing as any other known body of men if they are approached in a right spirit.

"The business men of the town were not idle, and after being fairly well canvassed had subscribed their names to the amount of nearly $7,000. (Applause.)

"Finally up to date when I left the amount subscribed was something like $11,200 in a town of only 2,500 people. (Applause.) We are not through with our canvass as several have not been seen yet, and we feel that by the time our building is completed we will be able to open our institution free from debt—at least that shall be our earnest endeavor. (Applause.)

RUSSIA.

Progress of the Revolution.

Another big railway strike is on. A republic is being demanded. A Ukase will be issued whereby a large portion of the imperial domain, which covers almost a third of European Russia and which at present is the property of the Emperor and Grand Dukes, will be given to the peasants.

Mob rule prevails at Vladivostock.

MAMMOTH MINE

Yields Big Returns.

The returns from the last shipment of ore from the Mammoth group above Camborne consisting of eighteen tons, recently sent to the Trail Smelter, were $2,431.82 after deducting freight and treatment charges. The gross returns were $2,787.06.

COUNTY COURT.

Judge Forin held a sitting of the County Court at Revelstoke on Wednesday. The only criminal case was that against D. McMinn for attempted suicide at St. Leon, prisoner being released on suspended sentence.

A Chinaman sued another on a guarantee, G. S. McCarter appearing for pltff. and W. J. Briggs for deft. Owing to the differences over the interpretation of the agreement the court ordered it sent to the Registrar at Vancouver for interpretation, when the case will again come up.

There were three cases of filing liens against the property of the Revelstoke and McCullough Creek Hydraulic Company, A. M. Johnson, of Nelson, appearing for pltffs. and the liens were admitted by default.

An application was heard on behalf of the American Mining Company to stay execution in ten suits, J. M. Tait and others v. American Mining company, and was granted. J. M. Scott appeared in support of the application and the summons was made returnable at Nelson by Dec. 5th.

In the case Lambo vs. Grant G. S. McCarter appeared for pltff. and M. Johnson, of Nelson, for deft. Lambo claimed 91 days wages. The case was dismissed pltff. not appearing.

C. P. R.

Proposes 72 Hour Transcontinental Service.

Montreal, Nov. 11.—Sir Thomas Shaughnessy says: The policy of his company would tend to shorten the time between Great Britain and the Orient. This he added was the reason they had built two fast steamships, which are to be put in commission next spring.

He was also questioned regarding the time between Montreal and Vancouver, and he said that no doubt when conditions are favorable the time can be reduced to seventy-two hours. It was, he explained, a question of stoppages. When the country gets filled up and conditions are such that more local trains can be used, a much greater speed can be given those running from here to the Pacific.

A new line of Empress steamers will be built by the Canadian Pacific Railway Co. to replace the liners now running from Vancouver to Hong-Kong, which will then be placed on the Canadian-Australian line.

SPORTS.

Basket Ball.

The Revelstoke Basket Ball Club has been organised with the following officers: Hon. Pres., D. G. MacKenzie; President, C. R. MacDonald; Captain, C. Latham; Secretary, Jas. Telfer; Treasurer, J. P. Hume; Executive Committee, G. Knight, W. A. Smythe, D. McDonald.

Practices will be held in Selkirk Hall.

POLITICAL.

The scrutiny of Calgary ballots is finished. Both parties claimed to have gained. Cushing's supporters estimate that his majority will be increased from 31 to over 60.

Mr. R. B. Bennett, Conservative leader in Alberta, has announced his retirement from politics.

Mecahnics, Farmers, Sportsmen

UNION LABEL

SATURDAY, NOVEMBER 18, 1905

The Provincial authorities should give some attention to the streets at Arrowhead. The street at the rear of the hospital is in particularly bad shape. A sidewalk should also be laid from end to end of Main street. The population of, and taxation contributed by Arrowhead fully warrant these improvements.

BIGOTRY AND IGNORANCE.

Bigotry and ignorance are twin brothers. The bigots are not all in Ontario. There is one in Revelstoke who, whenever he sees in the press a report of some religious disturbance in Quebec, cuts it out, labels it "not bigoted intollerant fanatical ontario," and sends it to the editor of the MAIL. The sender is evidently as ignorant as he is bigoted, judging from his inability to spell the most common words in the English language. No good citizen or reputable newspaper defends law-breaking in Quebec or anywhere else. What we have said, and say still, is that with all its boasted Christian and educational superiority the people of Ontario have shown more bigotry and intolerance than those in Quebec. Criminal statistics are the best test of the righteousness of a people and in this respect Ontario stands far behind Quebec, for, on page 716 of the year book of Canada, we find Ontario, with a population of 2,182,947, has a criminal population of 1,289, whereas, Quebec, with a population of 1,648,898, has a criminal population of only 368. We are averse to making odious comparisons between provinces, as there are good and bad people in them all, but what we think, say, and can prove is that Protestant Ontario has no legitimate ground for slinging mud at Catholic Quebec in the matter of morality, religion, or tolerance.

A CORRECTION.

In the account of the opening of Knox Church which appeared in our last issue we mentioned that the furnace was presented by the Gurney Foundry Co., but we now find that is not the case, the Gurney Tilden Co., of Hamilton, Ont., having presented it.

CITY COUNCIL.

Meeting Nov. 10th. Present: The Mayor, Ald. Foote, Field, Lewis, McLeod, Abrahamson.

Lawrence Hardware Co. and C. B. Hume and Co.'s application to connect with McKenzie Avenue drain was granted provided it be used only to carry off water from roof.

Petition re lights from residents on hill behind C. P. R. station—Received. Some alterations in Mr. Aman's duties were agreed on.

Ald. Lewis urged alteration of exits from Methodist Church to improve safety of congregation in case of fire alarm and it was decided to require all churches to have their doors open outwards.

Ald. Abrahamson said another sidewalk snow-plough would be required to enable the work to be promptly done this winter. It was decided to order one and place a plough each in care of W. Fleming and R. Samson.

Ald. Abrahamson brought up the question of requiring owners of lots to clear the snow out the sidewalks opposite their properties and it was understood the matter would be taken up again. The desirability of introducing the frontage tax system was also favorably spoken of.

RAIL AND STEAMER.

SPOTTING THE SPOTTER.

A Conductor's Story.

A spotter got spotted on the C. P. R. On tendering short fare to a conductor he was told to pay right up or get off, and when he found his game didn't work he produced his pass. When he was handed over to the next conductor that officer got the tip from conductor No. 1 and duly entered the number of the spotter's pass. When the new conductor went round to collect the tickets the spotter tendered a $5 bill which the conductor put in his pocket. That made the spotter happy, and he almost jumped out of his skin with delight. When he got to his destination he bled him to report and chuckled over the thought he would have the conductor fixed. The conductor was soon on the carpet and flabbergasted his inquisitor by giving the number of the spotter's pass, throwing in his thanks for the $5 bill and regretting it wasn't more. Exit the spotter for pastures new.

The reason now given for the delay in building the Kootenay Central railway from Golden to Cranbrook is that a provincial subsidy will be demanded.

The Pioneer says: "The C. P. R. has done a good thing for the people of the Kootenays and for itself in reducing the traveling time between Nelson and the coast by some 12 hours. The road will undoubtedly gain from it, even though it does not affect residents of the boundary. It is noticeable, however, that the Great Northern is also awakening on this subject, and it is currently reported that about the 1st of December that road will improve its service to the Kootenays materially."

The Canadian Northern propose building into Calgary.

Five hundred Great Northern and Canadian Pacific laborers engaged in a fierce melee on Saturday over a disputed right of way over the Vancouver, Victoria and Eastern railways. Hundreds of feet of track were torn up. The men were drinking heavily and bloodshed was feared.

PRESBYTERY.

Meeting at Revelstoke.

The Presbytery of Kamloops met at Knox Church, Revelstoke, Wednesday of last week. Present: Rev. C. W. Whyte, (Moderator), J. H. Miller, J. A. Robertson, J. Duncan, J. Simpson and D. Campbell. In the absence of the sessional clerk, Rev. C. Wylie, Rev. Mr. Duncan was appointed clerk.

A call was received from St. Stephens Church, Field, signed by 20 members and 46 adherents, to Rev. J. H. Miller. The call was sustained, and the induction wae fixed for Nov. 21st at 8 p. m., Rev. Mr. McRae to preside, Rev. Mr. Robertson to preach, Rev. Mr. Myers to address the congregation, and Rev. Dr. Herdman the Minister.

A call was read from Knox Church, Kelowna, to Rev. A. W. K. Herdman and was signed by 32 members and 42 adherents. The call was sustained, and the induction was fixed for Nov. 29th at 8 p. m., Rev. Mr. Whyte to preside, Rev. Mr. Whiting to preach, Rev. Mr. Campbell to address the Minister and Rev. Dr. Herdman the congregation.

THE SALMON ARM CASE.

RESOLUTION OF CONDOLENCE.

Salmon Arm, B. C., Nov. 9.—The following resolution has been passed by the local Orange lodge: "Whereas, the Supreme Ruler of the universe has seen fit to remove from our midst the beloved daughter of our brother, W. P. Crankshaw, of Sardis, B. C., and while we submit to his omnipotent will, knowing that He, in His infinite wisdom, doeth all things for the best; be it resolved, that the Loyal Orange lodge, No. 1642, of Salmon Arm, B. C., extend to our bereaved brother and his family our deepest sympathy, and that a copy of this resolution be presented to our brother and also placed on the minutes of our record book, and a copy sent to the paper for publication. Signed on behalf of the brethren of L. O. L. 1642.

A. B. PURDIE.
J. HARBELL.

RAILROAD MAN KILLED.

Wm. Henderson, foreman car repairer at Calgary, one of the oldest employees of the C. P. R. in the west, lost his life in the yards Saturday afternoon by an engine backing over him.

SAM HUGHES POLICY

Would Subsidise C. P. R.

The day of subsidies is not over. When Col-Sam Hughes was at the coast he was asked what he would do to improve conditions? He replied: "Complete the C. P. R. route in a straight line either to Hope or Spences Bridge without a moment's delay. Seattle, Spokane and minor United States centres now reap harvests rightly belonging to Vancouver, Victoria, Rossland, Nelson and other British Columbia towns."

"Would you favor federal assistance for the completion of a C. P. R. direct line?" the colonel was asked.

"Most assuredly I would, and substantial assistance, too," he replied.

NAKUSP.

From Our Own Correspondent.

The young men of the town held a very enjoyable dance in Abriel's Hall Tuesday.

Russell Nichol and Miss Lamoureux were quietly married by Rev. Mr. Calder in Revelstoke.

Dr. Morrison, dentist, of Revelstoke, was in town for a few days.

Rev. Mr. Brown, of New Denver, expects to exchange pulpits with Rev. D. K. Allan on Sunday next.

We are exceedingly sorry to lose Mr. and Mrs. Dougal who are leaving this week to reside in Slocan.

The steam crane and a diver have been engaged all week in securing the cars which went into the lake.

Rev. Mr. Johnston, of Arrowhead, held service here on Sunday last.

NEW PATENTS.

Messrs. D. Inches and E. J. Hosker respectively, machinist and locomotive engineer on the Pacific section of the C. P. R., received during the week through the agency of Rowland Brittain, patent attorney, Vancouver, a U. S. patent on their improved lock handle for stop-cocks.

This handle has been particularly designed for application to what is known as the angle cock, at each end of a vehicle, on the Westinghouse air brake train pipe, to prevent such stop-cocks being inadvertently closed. This unintentional closing of an angle cock, by cutting off the rear portion of a train from connection with the air brake system, has been the frequent cause of railway accidents, which hitherto could hardly be considered as preventible.

The handle, which is the subject of this patent, is provided with a detent which locks it in either the open or shut position as required, so that it cannot be accidently moved.

The invention is a very ingenious and eminently practical one, and should be readily adopted by the various railway companies, as no modification of the body of the stop-cock is required, the old handle merely requiring to be removed, and the new one substituted at a comparatively trifling expense, while it will save the recurrence of a class of accidents which are usually disastrous to rolling stock, and the cause of serious interruption of traffic.

The air brake companies will also be only too willing to adopt an invention which will enhance the usefulness of their brake system.

A POPULAR FOOD.

There is nothing more necessary to equip people for the "strenuous life" of modern times than good food. Man, physically, should be like a well regulated machine, and nothing contributes to this end more than food that is not only pleasing to the taste but that also strengthens and nourishes. It has been demonstrated that there is no other food made from flour so rich in nutriment and body-building elements as are soda biscuits. This is saying much for ordinary crackers and much more for Mooney's Perfection Cream Sodas, which are widely recognised as the most perfect soda biscuit in all Canada. They are crisp and delicious, delightful to the taste and always wholesome. Being a perfect food, highly nourishing and easily digested, they are fitted to repair wasted strength preserve health and prolong life. Mooney's Sodas are the result of years of study of the best methods of producing superior crackers. They are manufactured in the cleanest and best equipped bakeries in all Canada. The workmen are the most skilled on the continent, and the materials used are of a very high order. The flour is a special blend, milled only for the Mooney factory, and the butter and cream are procured direct from the famous dairies of Western Ontario. Not an ounce of "inferior butter" finds its way into Mooney goods. The materials being balanced, the result is a toothsome and pure food, easily digested and converted into brawn, bone and brain. No other soda cracker quite compares with them and no other receives such a generous welcome at a table where they have once become known. The pre-eminence they have attained is due to genuine merit as they tempt beyond resistence all who like good things to eat.

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency towards pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's cough remedy meets all these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

Kootenay Lodge, No. 15 A.F. & A.M.

The regular meetings are held in the Masonic Temple, Odd Fellows Hall, on the third Monday in each month at 8 p.m. Visiting brethren cordially welcomed.

G. A. PROCHNIER, SECRETARY.

ELKIRK LODGE, NO. 12, I. O. O. F.

Meets every Thursday evening in Odd Fellows Hall at 8 o'clock. Visiting brethren cordially invited to attend.

C. D. PALMER, N.G. J. MATHIE, Sec.

In Anticipation of Jack Frost's Coming

¶ If you would save your choice plants—take them indoors before Jack Frost nips them.

¶ Of course it means that you will need a new jardiniere or two—some plants are in bigger pots and there are new plants to provide for.

¶ Jardinieres of the artistic sort are so cheap nowadays that no one thinks of allowing ugly pots to remain exposed.

¶ You'll be surprised at some of this season's offerings when you come in—all because we made some shrewd deals in mid-summer.

¶ The goods are now here.

Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

Chamberlain's Cough Remedy

has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.

Price 25c, Large Size 50c.

Remember your friends

When you ask your friends to tea, be sure you have good tea. A cup of good tea is delightful. Buy Blue Ribbon, its the choice of the careful, thats why you should use it.

Marlin
REPEATING SHOT GUN
NEW MODEL No 17

Here is the cheapest good gun yet made. By the omission of the take down feature we have been able to greatly reduce the cost of production and at the same time have kept the gun up to the famous high Marlin standard of strength, safety and durability. Notice the clean simplicity of this gun. The workmanship and finish are perfect. The weight is only 7 pounds. The full choke barrels are especially bored for smokeless as well as black powder and so chambered that 2¾ inch or 2⅝ inch shells may be used. Several improvements in the operating parts make it the easiest, most reliable and best working gun in existence. We are glad to make it possible for every lover of guns and bird shooting to get this high grade repeating shot gun at so low a price.
Have your dealer order it for you.

Victorious Through Merit.

OXYDONOR triumphs through merit—for years it has been the life guard of more than a million persons. It is the embodiment of the highest law known to human science. In it is concentrated the experience of the greatest scientist of the age. A labor of love for humanity.

No other agency for health has so many faithful friends—none other deserves so many. OXYDONOR instils new life into the system; regenerates, reinvigorates and vitalizes every organ into the proper discharge of the function for which Nature intended them. Its use brings vigorous health with all the vigorous activity that makes life worth living.

No matter what disease you have, this is the only natural cure for it. There is no danger, no pain, no doctor nor medicine in using OXYDONOR.

It will last a lifetime and serve the whole family. SEND TO-DAY for book 49, mailed free. Write us a description of your case.

INFLAMMATORY RHEUMATISM.

Mr. Jas. Ansen, Rossland, B. C., Can., writes, March 11, 1901: "Some five years ago I got Oxydonor for my wife who was suffering from female weakness. After a week's use the doctor himself was surprised to find such a change, in fact it was enough to induce him to get an Oxydonor for his sister.

"A short time ago my wife had an attack of inflammatory rheumatism. She could not walk and her joints were much swollen. She applied Oxydonor, and before night the pain had ceased, and next morning there was very little swelling, and she could walk as well as ever. She had a similar attack before we got Oxydonor, and was under a doctor's care for a month, and suffered agonies."

"It has cured me of a severe cold."

BEWARE OF DANGEROUS AND FRAUDULENT IMITATIONS.
The genuine has the name of "Dr. H. Sanche & Co.," plainly stamped on its metal parts.

CUTS HALF-TONES, ZINC-ETCHINGS THE ANGELL ENGRAVING Co. 510 Hastings St. W. VANCOUVER, B.C.

OGILVIE'S ROYAL HOUSEHOLD

"Royal Household" is in a class by itself.

Flour that gives half nourishment and double work to digest is not good flour.

Cheap and inferior flour gives the digestive organs double work and half pay—inferior flours contain indigestible waste—

—this waste must first be overcome by nature,—that means extra digestive work.

Indigestibles destroy the nutriment of flour, therefore poor flour gives more work and less nutriment to the system.

Royal Household Flour is in a class by itself—it is the only really pure flour—and it is pure because it is purified and sterilized by electricity.—it is the most easily digested and most nourishing because it is absolutely pure.

The moment a woman puts her hands into "Royal Household" she knows it is a finer flour than she ever used before.

MINING MATTERS

THE BEATRICE.

The Miner says: "From the small quartz lead encountered two weeks ago a grab sample was taken and forwarded to Portland, Ore., to determine the gold values in it, and returns have just been received which place the amount of gold at the ton of ore at $34.72. This is somewhat of a surprise to the management as the appearance of the ore did not indicate any such values. Lumber is about to be hauled to the mine for construction of ore chutes."

THE SILVER DOLLAR.

The sound of hammer and saw can be heard echoing in the narrow defile of the hills at the Silver Dollar millsite as carpenters fit and place into position the many pieces of the structure in which the stampmill and compressor will be installed. When completed, the building will consist of five stories, three of which have been erected, while work is being rapidly pushed on the other two. It will be but a short time until the entire structure is roofed in; 15,500 shakes being on the ground to be used for that purpose. When the roof is on, inside work can be carried on without the least interference from the weather.

The pipe for transmitting air from the compressor to the mine has not turned up and its whereabouts has not yet been learned, so it is not likely that it will be laid this year. Operations at the mine are about to be resumed with a larger force of miners than has hitherto been employed.—Miner.

DRIFTS.

The Granby smelter has instituted an 8-hour day for its employees.

An expert went up to Carnes Creek this week to examine the J. and L. and the Carnes Creek Consolidated properties with a view to a deal.

The metals keep climbing, present quotations being: Bar Silver, 63 1-4; casting copper, 15 7-8; electrolytic copper, 16 1-2 to 16 5-8. Lead £15 6s 3d. in London.

NEW INDUSTRY.

Steam Laundry Projected.

The want of a first-class steam laundry in Revelstoke has long been felt and is about to be supplied. J. P. A. McNiven, who has had extensive experience in the steam laundry business, arrived in the city this week to spy out the land, and, as a result of his investigation, and the assurances of support he received, determined to proceed east immediately to purchase a laundry plant, and expects to have it in operation by Feb. 1st. Mr. McNiven has arranged to lease from D. McCarthy the building and lots behind the Wine and Spirit Company's warehouse. He installed and operated the steam laundry plant put in by the C. P. R. at Mt. Stephen House at Field. We wish him all success in his undertaking. J. Guy Barber and F. Crick are associated with him in the enterprise.

ARROWHEAD

From our own correspondent.

Mr. Dickeson, contractor for the Arrowhead Lumber Co., has about fifty men employed in his camp at present.

Andy Edgar will employ all the men he can get for the Arrowhead Lumber Co.'s camp.

The citizens are getting electric lights put in. The current will be transmitted from the Big Bend Lumber Co.'s mill.

Bert Sharpe went out for a cruise, and made 8¼ miles in an hour. Say can you beat that Capt?

The new school is now completed and is a credit to the contractor, Mr. Ballard, as it is a real gem of builders art.

Our Noble Nimrod while out serenading the hunting grounds last week captured two more geese, also several ducks. Any one that loves the sport would do well to come to Arrowhead. It takes but 30 minutes to land where is fine shooting and there is good accommodation. Geese and duck are very plentiful.

USE OF WINES

Decline in British Consumption.

W. and A. Gilbey, the celebrated distillers, in a letter to the Times, give the following information respecting the decline in the use of wines in Britain: "Leaving now the record of the present year's production of wine, we would have liked to have given full details concerning the continuous dwindling of the consumption in the United Kingdom, the Customs returns for 1904 constituting, from the wine importer's point of view, a record of disastrous decline. From the highest point, in 1876, when 18,536,588 gallons were cleared for home consumption, to the lowest figure, which was reached last year—viz., 11,934,608 gallons—the decline shows a reduction of 50 per cent., if we take increase of population into account, or the extraordinary diminution of from three bottles to one and a half bottle only per head.

MALAKWA.

From our own correspondent.

A house warming at the residence of Mr. and Mrs. C. Erikson was one of the events of the week.

Mesdames E. Erickson and J. H. Wolsey and Miss Loat visited Revelstoke last week. Miss Loat had the misfortune to lose her pocketbook while in town. Who found it?

Messrs. Reid and Hathaway sustained a serious loss on Thursday morning, having three cattle killed by No. 96. Of course C. P. R. trains must be on time and slowing down to shoo cattle off the track is not to be thought of in these strenuous times, especially when it is owing to want of fence along the R. R. that such trespassers are in evidence. Why does the Railway Co. trouble to fence any of its track? Why not wait until the land adjoining is taken up and then make the homesteader pay half the cost of fence? No charge for the suggestion.

ALBERTA ELECTIONS

Hon. A. B. Aylesworth's Effective Comment.

Speaking in the North York campaign Hon. A. B. Aylesworth, K. C., said of the Alberta elections:

"It is of little use to discuss it now, and more especially in view of the expression of opinion by the people more immediately concerned, in view of the news which we have heard of the results of the provincial election, when the people of Alberta, pronouncing upon the constitution which had been given them, and pronouncing also on the bill as to whether or not any manner of coercion had been applied, have spoken with so unmistakable a voice as that, by a majority of four to one, they elected twenty members out of twenty-five, in accord with the government of Canada in this matter. That result we would hope would give forever its quietus to this agitation, which has been fostered and fomented by a few discontented people in this province. By a few people whose interest it was to make capital at any cost against the government of the country, and by demagogues who were utterly regardless, not merely of the truth, but utterly regardless of the means by which they might hope to arouse popular passion against the leadership of a man who happened to be of a different race and creed from the majority of the people in this province."

THE RUSH IS ON.

During the past week a few dozen copies of the beautiful picture, entitled "Queen Alexandra Her Grandchildren and Dogs," have been distributed in this section, and every person who has seen it has no hesitation in pronouncing it the finest picture ever issued by that great weekly, the Family Herald and Weekly Star of Montreal. To say it is a beauty does not begin to do it justice. It charms every one at sight. We learn that it is offered absolutely free to all who pay a year's subscription to the Family Herald and Weekly Star, the price of which is only one dollar per year. No wonder there is a big rush of subscriptions through the mail these days going to the Family Herald office. It is the biggest value offered this season by long odds.

NOTICE.

NOTICE OF SHERIFF'S SEIZURE AND SALE.

NOTICE IS HEREBY GIVEN that under and by virtue of certain writs of fieri facias to be directed against the goods of the American Mining Company and issued out of the Supreme Court of British Columbia in certain actions in said court, wherein J. M. Tait and others are plaintiffs respectively and the American Mining Company are defendants and under and by virtue of two certain warrants of execution against the goods of the American Mining Company to me directed and issued out of the County Court of West Kootenay, holden at Revelstoke in certain actions wherein T. Marsaw and F. B. Wells are plaintiffs respectively and the American Mining Company are defendants, I have seized and taken in execution all the leasehold interest of the American Mining Company in the Gold Hill No. 1 and Gold Hill No. 2 placer leases or claims situate on French Creek in the Revelstoke Mining Division of British Columbia, and all the goods, chattels and effects of the said American Mining Company situate on French Creek aforesaid and being composed of one flume 16,200 feet in length, one pipe line 2,300 feet in length, 2 monitors, 3 20in. water gates, one 6ft. Pelton water wheel, one 20in. hoist drum, one sawmill with all attachments and equipments connected therewith, one Leffel Turbine water wheel, a number of sluice boxes, one store house and office, one mess house and cabins, a quantity of lumber estimated at about 10,000 feet board measure, all office and store supplies and furniture contained in the buildings above mentioned, a quantity of kitchen utensils, a large quantity of tools in the store house of the said premises, a quantity of groceries and supplies contained in the buildings of the said premises; a full inventory of which said goods and chattels will be produced at the time of sale hereinafter mentioned and may in the meantime be inspected and obtained on application to W. J. Law, Deputy Sheriff at Revelstoke, and

NOTICE IS HEREBY FURTHER GIVEN that on the 20th day of November, 1905, at the hour of 2 p.m., at the door of the Court House in the City of Revelstoke, B. C., I will offer for sale publicly the above mentioned interest, goods, chattels, and effects and all the interest of the American Mining Company therein to satisfy the said several writs of fieri facias.

Dated the 11th day of November, 1905.

THE FALLS ON EIGHT MILE CREEK REVELSTOKE

VOTING COMPETITION.

The Tourist Association want an appropriate name for the beautiful falls on Eight Mile Creek, which they intend to make an attractive resort for citizens and tourists. The MAIL invited suggestions of a name for these falls and the following were suggested:—

1—Alexandra	5—Minnehaha	9—Hallelujah	13—Gladstone
2—Victoria	6—Forsland	10—Longfellow	14—Henry Irving
3—Buffalorn	7—Fortynine	11—Porcupine	15—Tantramar
4—Togo	8—Glory	12—The Maid of the Mist	16—Silver Tip

The MAIL will take a vote on the above names. The prize of $5 will be awarded to the person who suggested the name obtaining the greatest number of votes, and that name will be adopted. All votes must be in by November 14th, and must be sent on the following form:—

MAIL NAMING COUPON.

I vote to name Falls .....

Name of Voter .....

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald. Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics make this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

APPLICATION FOR TIMBER LICENSES.
NOVEMBER 3rd, 1905.

TAKE NOTICE that thirty days after date we intend to apply to the Honorable the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands on Arrow Lake:—

Christmas Giving

We sell good things—things that look expensive but are not. It pays us to sell good things, it pays you to buy them.

You will have Christmas Gifts to buy before long. Why not give something "different" and "worth while." There is no store in this Great West better able to assist you if you will but write. Buying by mail from us is even more satisfactory than buying over the counter at some stores.

As evidence of the new things being offered we illustrate here Two Hat Pin Holders in STERLING SILVER.

No. 20158 is one of English design with a silver base topped with velvet pin cushion, from which is inserted a silver standard with a wheel near the top through which the pins are put before entering the cushion. The stand is 8 inches high, and we mail it to any address for

$2.75
(without pins.)

No. 20996 represents one of the best values ever sent out from this store, Sterling Silver, handsomely decorated in "Apple Blossom" design, with silk ribbon for hanging. Price to any address

$1.00
(without pins)

Length of holder exclusive of ribbon 4½ inches.

We pay all delivery charges and if, when you see your purchase, you are not satisfied with it, return them and receive full refund of money

Send for Catalogue.

HOBSON & BELL

SYNOPSIS OF REGULATIONS GOVERNING THE DISPOSAL OF DOMINION LANDS WITHIN THE RAILWAY BELT IN THE PROVINCE OF BRITISH COLUMBIA.

A LICENSE to cut timber can be acquired only at public competition. A reliral of 25 per square mile is charged for all timber berths except those situated west of Range for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawn lumber, 50 cents per thousand feet B.M.

Railway ties, eight and nine feet long, 12½ and 4 3-4 cents each.

Shingle bolts, 25 cents a cord.

All other products, 10 per cent on the sales.

A license is issued as soon as a berth is granted, but in surveyed territory no timber can be cut on a berth until the license has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B.M. for square timber and sawlogs of all kinds, any wood except oak; from 1-2 to 1 1-2 cents per lineal foot for building logs; from 12 1-2 to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 20 cents per cord for shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years, at a rental of two cents per acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company. A royalty at the rate of 10 cents per ton of 2000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken up is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if the settler's family be small, and he has no surplus stock, and no head of cattle, to be actually his own property, with buildings for their accommodation, will be required instead of cultivation.

(2) If the father (or mother, if the father is deceased) of any person who is entitled to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy Minister of the Interior.
Ottawa, February 14th, 1905.

REVELSTOKE, B. C.

BORN.

KILPATRICK—At Revelstoke, on Monday, Nov. 13th, 1905, to Mr. and Mrs. T. Kilpatrick, a son.

MARRIED.

NICHOL-LAMOUREAUX—At St. Andrew's Manse, on October 23rd, by Rev. W. C. Calder, Russel Nichol, of Nakusp, B. C., to Mary Louise Lamoureaux, of Saskatchewan.

Local and General.

The Eva cleaned up another $6000 gold brick last month.

R. Tapping is effecting great improvements to the Opera House.

J. Dunn and J. P. Kennedy have located three zinc claims at Illecillewaet.

A warrant has been issued for the arrest of T. W. Lawson on a charge of libel in his frenzied finance campaign.

The residents of Beaton have, through the enterprise of G. Lux, purchased a school building.

Chess Armstrong will be conductor on the S. and O. branch during the absence of Conductor Doran on sick leave.

Jas. Martin attempted suicide at Beaton at Hillman's camp by cutting his throat and was sent to the Arrowhead hospital.

Supt. Douglas, of the National Park, has recommended the expenditure of $10,000 on making the caves accessible to the public.

The government are building a new road on the east side of the river south of the city. T. Downs being in charge of the work.

Work has been started on the Provincial Government building to be erected at Camborne for Mining Recorder's office, the building being in charge of R. F. Perry.

Lindsay Ware and Co., of Camborne, intend opening a branch store at Beaton. R. Stevens erecting a building for them. The store will be in charge of D. McLennan.

A large number of votes have been received on the naming competition for the falls of Eight Mile Creek, and the result will be announced in the Christmas edition of the KOOTENAY MAIL.

Hereafter every retail merchant who receives a marked box, crate or package of fruit must carefully destroy it as soon as he has disposed of its contents. He may use it as fuel but for no other purpose.

One of the party of American botanists who recently visited Revelstoke and the Big Bend writes: "We are all lonely for the mountains, and I'm living in the hope that I may see them again." The country and the people are rare."

D. McCarthy is building for letting purposes a house of nine rooms on Second Street, with bath room and all conveniences. The rooms include four bedrooms, parlor, dining room, kitchen, pantry and hall.

A dozen new odors have arrived. They are simply exquisite.

Red Cross

Drug Company Limited

D. McCarthy has purchased from H. I. Hanbury his lots near the Revelstoke Wine and Spirit Co.'s, 130 feet on Fourth St., 100 feet on Railroad St., on which is to be erected the steam laundry.

F. McGowan was charged at the Police Court, Arrowhead Thursday by Constable Campbell, with aggravated assault. Messrs. G. T. Newnham and H. McLaughlin, K. C.'s heard the case. Accused pleaded guilty, and was sentenced to two month's imprisonment in Kamloops goal.

The Okanagan, published at Vernon by Gould Bros., appears in enlarged form and is one of the most neatly arranged and pointed, newsy and entertaining papers in the province. The publishers have reason to be proud of their paper and we wish them all success.

The C. P. R. Telegraphs have decided to establish the city telegraph office on the lots on McKenzie Ave. adjacent to R. Howson's store. It is intended to move the waiting room of the old station there as office building till arrangements can be made for construction of a new building.

Judge Wilson held his first sitting of the County Court at Golden this week. A. M. Pinkham was Crown prosecutor. There were only two criminal cases, the accused in one pleading guilty and being sentenced, while Fred Carter, a C. P. R. lineman on a charge of alleged theft elected for speedy trial which was fixed for Dec 1st.

The real estate sales of the Revelstoke Insurance Agency for the past month run into $12,000. Among the purchasers are J. G. Macdonald, who secured half a block on Eighth St., Dr. Sutherland, who bought three lots on Fifth St., and E. A. Mackintosh, who bought six lots on Third St., on which he proposes building a residence.

C. P. R. Section Foreman Calder at Illecillewaet is reported to have been badly hurt today and a special went out and brought him in to the hospital about 1.30. He was following a freight on a hand car on which were loaded some steel plates. The car jumped the track and a plate fell on one of Calder's legs, fracturing it.

Social & Personal.

H. Floyd left for the coast Tuesday.

J. Parson, of Golden, has joined the staff of the Imperial Bank here.

A. M. Pinkham represented his firm at the County Court at Golden this week.

The Ladies Aid of St. Andrew's church will give a Scotch concert on St. Andrew's night.

The Ladies Aid of the Methodist church will hold a Boston Bean supper on Tuesday.

S. H. Bowman, of the Bowman Lumber Co., left Tuesday for the coast.

Mrs. W. I. Briggs will receive at her residence, McKenzie Avenue, on Nov. 27th and 28th.

J. R. McCleery, formerly of the Harbor Lumber company, is again visiting Revelstoke.

J. Cosgrove has arranged for the appearance of the Palmatier Sisters in Revelstoke under the auspices of the Fire Brigade.

A. E. Phipps, manager of the Imperial Bank, returned from the coast Tuesday, and visited Arrowhead Thursday.

Mrs. F. E. Sine leaves on a two months visit to friends in Chicago, and Mr. Sine will also be leaving shortly on a month's holiday.

The Roscians Opera Company will shortly play in the Opera House here. In its repertoire are "El Capitan" and the "Bohemian Girl."

J. R. Bottorff and J. Tait are in the city this week from Indiana in connection with the business of the American Mining Company.

Fourth Vice-Grand Master Bro. Murdoch, of the Brotherhood of Railway Trainmen, is in the city today and will be banquetted tonight at the Union Hotel.

Mrs. McCarter entertained at tea hour Thursday about 40 ladies. There was an interesting guessing contest, Mrs. George winning 1st prize, Mrs. Purvis 2nd.

Mr. and Mrs. A. J. McDonell have gone to the coast and Mr. McDonell's friends in the city have been reminded of his success as a sportsman by the liberal supply of pheasants, ducks, &c., which he has sent them.

The local company of Rocky Mountain Rangers held a very successful dance, the first of the season, in the armoury last evening. A good crowd attended, and dancing was kept up till the small hours. Music was furnished by the Revelstoke Independent Band Orchestra. Fortnightly dances will be held during the winter months.

Miss Ethel Dever, who has arrived to take the position of organist and soloist in the Methodist choir, is a graduate of the Toronto Conservatory of Music, and has been accompanist for some years in the studio of one of the leading vocal professors of that city. Miss Dever comes highly recommended as a vocal and instrumental instructor and will take pupils in the city.

CHURCHES.

METHODIST—Harvest Home services, special music. Morning: Anthem, "Hear My Prayer." Choir. Anthem, "Some Sweet Morn," Choir. Subject, "The Crown of the Year." Evening: Anthem, "O Give Thanks Unto the Lord," Choir. Anthem, "Hark, Hark My Soul," Choir. Subject: "Natural Law in the Spiritual World." Solo, "When the Harvest is Past," Mrs. Bews. The church is being suitably decorated for the services.

ST. ANDREW'S—St. Andrew's church has ordered a new organ for the Sunday school and reports an increased membership of nearly 40.

ST. ANDREW'S.—Subjects: 11 a.m. "Nehemiah;" 7:30 p.m. "Has every man his Price."

KNOX.—Rev. J. R. Robertson, B. A. Pastor. Regular Sabbath services of worship at 11 a.m. and 7:30 p.m. Sunday School and Bible Class at 2:30 p.m. Prayer meeting on Wednesday night at 8 o'clock and choir practice on Friday night at 8 o'clock. Subjects for services next Sunday morning "The Pentecostal Blessing," evening "Four Voices on the Universal Kingdom."

ARROWHEAD HOSPITAL

First Annual Ball.

A ideal place for a social evening and dance, the rooms artistically decorated for the event with evergreens, bunting and steamer flags, the new school building was the scene, the evening of Friday the 10th, of what was the largest and most successful dance ever given in Arrowhead, the occasion being the first annual ball in connection with the Arrowhead Hospital. The larger room was used for dancing, while in the other were card and parlor games for the entertainment of those who did not care to dance, and what was more important, a dainty buffet supper was served continuously during the entire evening as the inclination of the guests prompted. The good things were all provided by the ladies of Arrowhead—married we must certainly infer as such cooks would not long remain single. It was a "shirt-waist" affair and strictly informal, the Grand March starting promptly at 8:15 under the graceful leadership of Dr. Hamilton and Nurse Evans, and from then until the close of the evening there was not a dull moment. Music was furnished by Messrs. Boyd, Matson and Beckie (violin), assisted on the piano by Mrs. Ludgate, Miss Lesemer, Miss Tingley and Mr. Taylor. Mrs. Geo. Campbell contributed some delightful extras on the violin. Mrs. E. J. Bangs very kindly loaned her piano which was greatly appreciated. The Bowman Lumber Co. ran the steamer "Piper" in from Comaplix, which materially added to the number present. A contribution box occupied a prominent position in the entrance hall, it being left to the option of each the amount they would give towards the best of causes, and as a return for an evening's entertainment. The proceeds, about $77.00, together with the $100.00 the result of the concert given Oct. 10th, will go towards the furnishing of the Hospital. The Hospital here is a branch of the Revelstoke Hospital Society, and all funds raised and donations received will be used solely for the benefit of the Arrowhead Branch. It is the intention of the committee to give another entertainment at an early date, which will probably take the form of pianola recital. Mrs. Dudgeon very kindly offering the use of her pianola, and it will only be a short time before Arrowhead can boast of the most up-to-date hospital in the province. Every credit is due the several ladies and gentlemen for the active interest taken and the carrying out of the idea to a successful issue. At an early hour (a most commendable feature) the crowd dispersed each and all, judging from expressions of opinion heard on all sides, having thoroughly enjoyed the evening, and feeling that perhaps after all life was worth living even in Arrowhead.

Business Locals.

The most mysterious thing about advertising is that so many succeed at it, especially those who advertise in the KOOTENAY MAIL.

Horse Blankets, Sweat Pads, Sleigh Bells, Whips and Harness at Bourne Bros.

If you want good China in Cups and Saucers, go to the Canada Drug Store, they have it.
