SUPREME COURT

Trial of Siriana.

Sentenced to Three Years' Imprisonment.

The assizes opened at Revelstoke Tuesday before His Lordship Justice Duff. The following constituted the Grand Jury:—Messrs. Phipps, C. B. Hume, Stone, Abrahamson, Brown, Kincaid, E. E. Adair, J. Doyle, R. Caley, Corning, Pratt, Barber, Young. Mr. Phipps was chosen foreman.

JUDGE'S ADDRESS.

His Lordship told the Grand Jury there was only one case before them—that of unlawful wounding with intent to kill, or in the alternative to do grievous bodily harm.

The grand jury returned a true bill on the second count in the charge against Siriana of shooting with intent to do grievous bodily harm.

J. M. Scott appeared for the crown and G. S. McCarter defended.

The defence challenged the following: D. Jackson, W. Smythe, Cowie, Fromey, P. Leake, J. Rogers, J. Palmer, and the Crown asked that H. Needham, H. A. Morris, and L. Fretz stand.

The following jury was empanelled: H. B. Stonex, G. Anderson, A. Granat, G. M. Clark, J. W. McCallum, R. Samson, J. C. Hutchison, E. Jackson, F. Fretz, E. Bongard, T. Lewis (foreman), H. Manning.

J. M. Scott called the following witnesses for the crown: W. Feeney, John Cross and Dr. Graham.

Hutton had gone to the States and his deposition was read.

The evidence showed a party had been drinking beer and having a good time at Shardlow's till one o'clock Sunday morning when they parted, and as they passed an Italian house several shots were fired, one of which wounded Hutton. Feeney and Cross proved prisoner was the man who fired the shots.

Dr. Graham said for a month Hutton's condition was serious.

For the defence Mr. McCarter called P. Siriana, son of prisoner, another Italian and prisoner. Their evidence was: prisoner was knocked down by a blow from a scantling, had no gun, and the shot was fired after he fell. In a dazed condition from the blow prisoner went to his ranch and was there till Monday morning when he heard his son crying for him.

Chief Bain spoke highly of the character of the prisoner.

Counsel having addressed the jury His Lordship said if it was a fact an assault had been made on the prisoner and he had in consequence fired the shot, that did not in the slightest degree affect his guilt of the crime with which he was charged. The intent to do bodily harm must be judged from the act. The real question was did the prisoner fire the shot? They would have no difficulty in proving that the shot was fired from the vicinity of the Italian shack. Prisoner was recognised by two witnesses, who positively identified him as firing the shot. Counsel for the defence put it to them in the only way it could be put—that it was fired in resentment of the attack on the old man. This reckless shooting with its chance of killing somebody must be put down.

After an hour's retirement the jury returned, and announced a verdict of guilty with a strong recommendation to mercy on account of the great provocation he had received.

Mr. McCarter appealed to the clemency of the court on account of the age of the prisoner and the fact he had a family dependent on him. His lordship said he desired to give every weight to the recommendation of the jury. It was fortunate he was not here on a charge of murder. It was a mere accident that is not the case. In that case one sentence and only one could be imposed. Under the circumstances prisoner would be sentenced to three years.

HAROLD NELSON.

The Harold Nelson Company appeared at the opera house under difficulties on Saturday night. The train was late, their baggage had gone astray, and it was after nine o'clock before they could open. The company's production of "Prince Otto" was however a splendid performance and the audience were delighted with the presentation. Mr. Nelson and his talented company will return at an early date, when they are sure to meet with a big house and hearty welcome.

The Company will play in Revelstoke on Oct. 25th, on their return trip.

EARL GREY
Governor-General, who gives medal to Revelstoke school.

REVELSTOKE SCHOOL

Prize Offered by Governor General.

We are glad to see increased interest being taken in the city school which is advancing more than local reputation.

Earl Grey, the Governor General, is giving a bronze medal to the pupil who makes the highest marks in the two entrance examinations of the year.

Rev. C. A. Procunier will give a medal to the pupil making the highest marks in the Christmas examinations.

Chief Bain will also give a $5 prize to be awarded at the judgment of the headmaster.

The rooms of the school are well filled and the attendance keeps steadily on the increase.

THE SHOOTING AFFRAY

Coroner's Jury finds Sjorberg was murdered by Johnson.

Hearing before the Magistrate.

After sitting beyond the midnight hour on Saturday night the coroner's jury, of which Mr. Phipps was foreman, found Charles R. Johnson guilty of the murder of John Sjoberg in the house on Robson Avenue on Friday night.

Johnson story was the gun went off accidently, his wife pulling the trigger in the struggle with him.

On Wednesday before H. A. Brown, J.P., Johnson was charged with the murder of John Sjoberg. Mr. Scott prosecuted and A. M. Pinkham appeared for accused.

The evidence was similar to that given at the inquest, and accused was committed for trial at next assizes. Accused reserved his defence.

NEW INDUSTRY

To Be Started In Revelstoke.

Messrs. Henrick and Pace, who are experts in the installation of exhaust plants for sawmills, induced drafts for boilers and ventilating and heating systems, have decided to locate in Revelstoke and will start a plant here for the manufacture of these appliances. Messrs. Hendrick and Pace have put in plants in some of the largest mills in British Columbia. Revelstoke looks good to them as a manufacturing centre in which to locate, being as it is the heart of the lumbering industry of the west. They consider Revelstoke has a magnificent future before it, and they know of no city in the interior so well located for handling business all over the province. They are enterprising and capable young men and we wish them all success in their project.

ARROWHEAD

From our own correspondent.

During the month of September a local fisherman captured 800 lbs. of trout, which he sold at 16 cents a lb.

On Friday night a successful entertainment and dance was held in aid of the hospital fund. G. T. Newman J. P., presided at the entertainment. $55 was realised and from the proceeds an invalid chair will be purchased.

The genial face of Mr. Prosser, of the steamer Rossland, will be missed as he has accepted a position at St. Louis.

Y. M. C. A.

Organized for Revelstoke.

At a meeting held in the High school, Tuesday week, a vote was taken to organize a Young Men's Christian Association for Revelstoke.

R. Howson called the meeting to order, and Supt. T. Kilpatrick was called to the chair.

Mr. Kilpatrick stated the object of the meeting as he saw it, and asked what was the pleasure of the contributors.

W. Bews was elected secretary.

Mr. Whittaker was called upon to explain the object of the meeting. He said he believed the time had come to organize.

Messrs. R. Howson and C. B. Hume were of the same opinion, and pointed out considerable time had been lost already, but now that the C. P. R. had given lots the work of building should be commenced at once.

Moved by Rev. Sutherland, seconded by Mr. Hume, "That we organize a Revelstoke Young Men's Christian Association."

Mr. Whittaker then explained the part of the constitution relating to voting members, and a nominating committee was appointed by the Chairman consisting of Messrs. Gordon, Howson and Hume.

The nominating committee presented twenty-four names, twelve railway and twelve city men, for a Board of Directors as follows:—John Lawson, T. Kilpatrick, R. Urquhart, H. Clark, A. McIntyre, J. H. Lyons, H. Croelman, M. Crawford, J. R. Rogers, Gobel, McLeod, Anthony, C. B. Hume, W. Bews, Miller, F. Bourne, W. Hastings, E. A. Phipps, Dr. Morrison, W. M. Lawrence, J. P. Woodrow, J. H. Pratt, R. Howson, R. Gordon.

Mr. Gordon moved, Mr. Clark seconded, that twenty-four be elected a board of directors.—Carried.

Moved by Mr. McPhadden, seconded by Mr. Howson, that these twenty-four names mentioned be elected directors.—Carried.

A committee on by-laws, consisting of Messrs. Hume, Miller, Howson and the Chairman, was appointed.

Messrs. Kilpatrick, Howson, Hume, Lyons and Gordon were elected a building committee.

Resolved: To adjourn until Thursday to meet in the City Hall.

Subscriptions will be called for now and work begun at once.

BOARD OF DIRECTORS ELECT OFFICERS.

On Tuesday evening the Board of Directors held their first meeting in the City Hall and elected the following officers:

R. Howson, president; J. H. Lyons, 1st vice-president; T. Kilpatrick, 2nd vice-president; A. E. Miller, secretary; C. B. Hume, treasurer.

Reports from the committee on by-laws were read and discussed and also from the building committee.

Thursday's Meeting.

On Thursday evening a public meeting was held in the City Hall, R. Howson, the president, in the chair. The constitution was read by A. E. Miller, the secretary. It was approved and held over until the application for incorporation was accepted at Victoria when it shall be voted on for adoption.

An informal discussion of plans for a building was then taken up. The Board desired to know the wish of the contributors regarding putting up part of the building, say a gymnasium, with baths, a swimming pool and bowling alley about 65x40 this fall; then build the remainder next spring; or whether they better use what money is subscribed by putting up the whole building on a small scale?

It was decided to do what was done well, and the building committee were given the right to use their own discretion in putting up a part of the building this fall most needed.

The Association has opened up temporary quarters in Mrs. McKitrick's former restaurant building, where papers and magazines are on file. Young men are welcome to come in any time.

TRAIN HELD UP.

On Tuesday night robbers held up the Great Northern passenger train ten minutes after leaving Seattle. The robbers showed a red light, and when the train pulled up they mounted the engine and held revolvers at the heads of the engineer and fireman. Going to the express car they ordered the messenger to open it but he refused and they exploded dynamite against it, wrecking the car. Two men have been arrested on suspicion.

UNION LABEL

SATURDAY, OCTOBER 7, 1905

The sentence passed by Justice Irvine on Seriana expresses the determination of the courts to put down gun play. There has been too much of this sort of thing lately and the public will support the Bench in its suppression.

The presentation of the Grand Jury should have a heart to heart study by the member for the district, Mr. Taylor, and the members of the McBride Government. The way in which the interests of this city are neglected is discreditable to both government and member, and it is high time the gaol and such other matters had attention.

When Supt. Robinson declared at the high school reception in this city last week the government guaranteed teachers $40 a month he deserved the rebuke administered to him and the government by Mr. Palmer. The Hon. F. J. Fulton and Mr. Robinson ought to be ashamed of their school legislation. The result is that in country districts salaries of teachers are cut down to the government guarantee and much hardship results, with a damaging effect on educational interests.

If the statement in Vancouver Island papers be true that J. H. Hawthornwaite, M.P.P., took action to block the settlement of the Nanaimo coal strike the action is not creditable to that gentleman. We should regret to think Mr. Hawthornwaite would seek to profit by stirring up strife among his fellowmen, and especially by striving to keep capital and labor at each other's throats. The action of Ralph Smith, M.P., and McKenzie King of the Dominion Labor Department in settling the strike will be highly appreciated in this province.

PROVINCIAL GRANTS.

Ottawa, Sept. 27.—W. Pugsley, attorney-general of New Brunswick, expects the Dominion Government shortly to invite the provinces to meet at Ottawa for a discussion of financial arrangements, fishery jurisdiction, etc., as promised by Sir Wilfrid Laurier last session.

PICTURESQUE REVELSTOKE

From the presses of the KOOTENAY MAIL Publishing Company there was issued this week a booklet containing a write-up and over 127 halftone pictures of Revelstoke and the surrounding district. The illustrations are printed on Art Photo Book paper and the book appears in a neat cover bound with ribbon. The cover is printed in colored ink, with halftone prints of the Columbia Canyon at Revelstoke and a view of Mt. Sir Donald with its top enveloped in a sea of cloud as seen from the Cougar Basin caves.

A supply of these booklets was sent to New Westminster for circulation at the exhibition. The booklet is published at $1.00 and may be obtained from the following:

Canada Drug and Book Company, Revelstoke.

W. Bews, Revelstoke.

MALAKWA.

From our own correspondent.

A social gathering assembled at the schoolroom on Friday evening, 22nd ult., to bid farewell to E. E. Gosling, Presbyterian missionary, who is leaving for Winnipeg for a course at the college. Speeches were made in appreciation of Mr. Gosling's efforts in the valley, and regret expressed at his departure. Some of the children displayed their abilities in dialogues and recitations, and songs were rendered by Messrs. Gosling, E. A. Baynes, F. Bossley and Hall. We understand a movement is on foot to endeavour to obtain the services of Mr. Gosling for next season.

L. E. Gosling held his farewell service on Sunday morning, the majority of the inhabitants of Malakwa attending in spite of the inclemency of the weather.

C. Erickson's new residence is nearly completed.

A Calder's bridge crew left Monday after about ten days stay.

The shipment of vegetables is beginning at this point, Messrs. Bruhn and Erickson being about the first to move stuff.

At the social of the 22nd ult. refreshments were supplied by the ladies of valley in that efficient manner for which they are so well known.

A correction must be made of the account of the fatal accident to a section man. The deceased's name was Matti Ojold. He was not foreman but one of the hands on the section between Craigellachie and Bowie. The accident occurred on the George Creek trestle, a short distance west of Craigellachie.

In view of the accident can anyone inform your correspondent why the rule re whistling at switches and curves is so systematically neglected by engineers?

Visitors to Revelstoke from this valley last week included Messrs. R. W. Bruhn and J. H. Wolsey, and Mrs. Scott. Mrs. Demsey is visiting her mother Mrs. Loftus.

Miss Baynes left Monday for a lengthened visit to Vernon.

Mr. J. Anderson is still engaged putting the finishing touches to Mr. C. Erickson's residence.

Kootenay Lodge No. 15 A.F. & A.M.

The regular meetings are held in the Masonic Temple, Odd Fellows Hall, on the third Monday in each month at 8 p.m. Visiting brethren cordially welcomed.

G. A. PROCUNIER, SECRETARY.

SELKIRK LODGE, NO. 12, I. O. O. F.

Meets every Tuesday evening in Selkirk Hall at 8 o'clock. Visiting brethren cordially invited to attend.

C. D. PALMER, N.G. J. MATHIE, Sec.

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency towards pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's cough remedy meets all these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

A Mining Expert who appreciates good boots—"Leckie boots"—writes us as follows:

UNION STEAMSHIP COMPANY
OF BRITISH COLUMBIA
LIMITED

TELEG. ADD. UNION
CODE: A. B. C.

EN-VOYAGE S. S. "CASSIAR."

MESSRS. J. LECKIE CO., LTD.,
VANCOUVER, B.C.

GENTLEMEN:—I take pleasure in stating the following fact, viz: About a month ago I had two men start with me, mining, the one bought a $10.00 pair of —— Boots, and the other a pair of YOUR make of Logging and Miners' Boots, for which he paid $5.00 in a retail store in Vancouver. The $10.00 Boots did not stand up to their work at the counters, and the sole at the instep separated, neither did they keep the man's feet dry; while the Boots of YOUR make have given proper satisfaction in workmanship, material, wear and comfort.

I am, Gentlemen,
Yours truly,
F. W. McCRADY, C. & M. E.,
Supt. Cuba Silver Mining Co.

BY ROYAL WARRANT, MILLERS TO H.R.H. THE PRINCE OF WALES

What is meant by "Protein" in flour?

"Protein" in food is the food element that makes bone, muscle and brain.

Pure flour contains more protein, in most useful form, than any other food—but the flour must be pure.

Bran and shorts are waste—if your flour contains this waste, it is proportionately short in "protein."

Now, if you buy an inferior, poorly milled flour, you are paying for bran and shorts, not "protein," and to that extent you are wasting money.

ROYAL HOUSEHOLD FLOUR is milled to make it the purest in the world: therefore it contains most protein, is most nourishing, is most economical to use.

It pays the housewife to insist upon getting "Royal Household" guaranteed flour, instead of taking a poorer flour which the grocer may be interested in selling.

Ogilvie's Royal Household Flour.

MINING MATTERS

DRIFTS.

J. Dunsmuir has given up his option on Nicola coal lands preferring vancouver Island coal investments.

Mr. Fulmer has purchased the property of B. E. Drew on Kenneth street, Camborne, in which the office of the Beatrice Mines, Ltd. will soon be opened. Mrs. Anderson will attend to the secretaryship of the company during the absence of her son Harry Y., who is taking a course in mining at the Stanford University of California.

The Kootenian says: "One of the things standing in the way of the development of the Kootenay is the enormous prices asked by the claim owners and prospectors for their properties."

Spelter went up to the unheard of figure of £27 in London last week.

The Old Gold is showing up well

A. H. Gracey is relinquishing the management of the Oyster-Criterion mine. The mill is to be shut down pending further development.

The Topic remarks: "Dave Morgan has received instructions from the East to proceed with the development of the Surprise group. This looks encouraging, and it is now almost an assured fact that the deal will go through. This deal is one which means much for the Lardeau. The people negotiating for it intend if they secure the property to build a road up the North Fork and install a reduction works."

The mineral exhibit sent to Nelson by the Trout Lake Division secured the Widdowson gold medal for the best mineralogical specimen and the silver medal for the best all round exhibit from any one division. The gold medal was secured by a specimen from the Lucky Jack.

Mr. Swertzel, of Dayton, Ohio., who inspected the Silver Dollar accompanied by Cory Menhinick, has returned east much impressed with what he saw of the property.

The Daly Reduction Co. are starting work on their smelter at Hedley.

RAIL AND STEAMER.

C. P. R. stock is the sensation of the hour in financial circles. It has gone over 172, and the bulls in New York and Montreal predict it will go to 250 to 300.

The Imperial limited on the C. P. R., giving two trains a day each way is to be continued till Christmas between Montreal and Calgary.

The copper wire between Winnipeg and the coast will be completed in six weeks.

The C. P. R. will enter Portland over the Oregon Short line.

DOMINION EXHIBITION

The greatest exhibition ever held in Canada was that at New Westminster under the auspices of the Royal Agricultural and Industrial Society of B. C. Queen's Park, which formerly contained one large and several small buildings, surrounded by a small forest, had been entirely changed. The athetic oval was the same as ever but the grand stands were enlarged. The old exhibition building was used entirely for the

DISPLAY OF AGRICULTURE.

On the ground floor might be seen the district agricultural exhibits from Saanich, Salmon Arm, Chilliwack, Burnaby, Richmond, Coquitlam, Langley, Surrey, Kelowna, Ashcroft, Soda Creek, Kamloops, Armstrong, Vernon, Strathcona and Edmonton. The exhibits of Armstrong, Salmon Arm, Burnaby and Chilliwack were the best from a spectator's point of view. While Soda Creek can hardly be said to be in the competition, the apples and potatoes are much above what might be expected. It is a pity the Kootenays cannot get to work and make an annual exhibit. The exhibition gave an unsuccessful district $100 to defray expenses.

In the agricultural building there were very good exhibits from M. J. Henry and Agassiz Experimental Farm.

A NEW BUILDING

was erected east of the agricultural hall in the shape of H. The wings were used for machinery halls, and the centre was the woman's building, from which men were kept out. It was rather amusing to see "Smoking strictly prohibited" on the woman's building, and the management would not appear to have a very high opinion of their sister's views on the tobacco question.

THE MACHINERY HALL

contained good exhibits from H. Shaake & Co., Westminster Iron Works, and hardware firms, but the best was that of the Canadian General Electric Co. showing water power running a dynamo, which turned motors and worked an electric heater.

The other new building had as much flooring space as the agricultural and machinery halls combined. It was devoted to the

INDUSTRIAL AND FINE ARTS

exhibits. On the ground floor might be seen exhibits from different manufacturers of pianos, footwear, biscuits, etc., representing an idea of a large department store at work. Nearly all the manufacturers were selling retail and raking in the shekels. In the middle of the building there was a platform, on which the

IRISH GUARDS BAND

gave a nightly concert. In the upper floor of this building the exhibit of fine arts was held. There were exhibits of various classes of needlework and work from Kuper Island Indian school. There were also works of various Indian tribes in basket-making, cloth spun by the Doukhobors, painting, sketching, architectural designs, photographs, and postage stamps, but the most noteworthy was the

SCHOOL WORK.

Vancouver easily leads in this department, with its exhibits of wood work, clay modelling, handwriting and drawing. Other schools with a creditable display were Victoria, New Westminster, and West Burnaby. Nelson and Revelstoke schools exhibited writing, freehand and map drawing, and while the exhibits were small they were very neat and attracted attention. The kindergarten work of West Burnaby was very creditable to pupils and teacher, and it is really hard to believe that such work can be turned out at a small school in the country.

THE OPENING DAY

was perhaps the greatest day in the history of the old Royal City, because it saw the great and long-talked-of exhibition become a reality. At 3 p.m. the 6th Regiment P. O. O. R. and the Royal Irish Guards Band formed a guard of honor for Sir Henri Joli de Lotbiniere and party. Around Sir Henri on the balcony were his worship Mayor W. H. Keary, mayor of the royal city and secretary of the society, T. J. Trapp, president, Mr. G. P. Brynmer, treasurer, and other officials of the R. A. and I. Society. The provincial house was represented by McBride, Thomas Gifford, Hon. R. F. Green, Hon. F. J. Fulton, Messrs. Pooley, Garden, McGowan, and Shatford. John Burns, English labor leader, S. MacDonald, and Judge Bole were also present.

In a few remarks Mr. Trapp called upon Sir Henri to open the fair. After an excellent speech Sir Henri declared his task fulfilled, the Irish Guards Band played the National Anthem, flags were hoisted on the buildings, and to add to the excitement the side showmen narrated their "sights of a lifetime" through megaphones.

On account of the inclement weather and muddy course horse racing and bronco busting were postponed, but the Irish Guards Band played excellent music all afternoon, and gave another concert in the evening.

The electrical display was the finest every seen in the west. All the buildings were lined with myriads of lights. Two exhibits outside the buildings attracted a great deal of attention. The B. C. Mills Timber and Trading Co. had five ready made houses, two of which were furnished. These houses are sold to the settlers in parts, and it is easy work to put them in place. The B. C. Electric Railway undertook the task of illuminating the buildings, and took the opportunity to put their name up in letters framed of lights.

THE SECOND DAY,

Thursday, of the Dominion Exhibition was a fine day and over 4,000 people attended. In the morning the Irish Guards Band gave an excellent concert. In the afternoon several horse races were held and proved very exciting. An exhibition of broncho busting was given by the Leighton Brothers of Savonas, and a balloon ascent by Prof. Brooks, who sailed upwards performing on a bar all the way, then dropped to the ground by means of a parachute. The biggest crowd ever seen on Queen's Park witnessed the lacrosse game on Saturday when Westminster played a championship match with Vancouver.

NAKUSP.

From Our Own Correspondent.

Mr. and Mrs. L. F. McDougall have returned from visiting friends in Grand Forks.

F. W. Jordan received the sad intelligence by cable of the death of his father in England.

W. N. Pool and R. Abbie attended the Irish Guards Band concert in Revelstoke.

NEW PATENTS.

J. Kincaid, of Vancouver, received last week, through the agency of Rowland Brittain, Patent Attorney, a U.S. patent on an improved shaft sleeve to be used in conjunction with the roller bearing which has been the subject of previous patents, and which now stands in a fair way for general manufacture and introduction.

In this invention Kincaid has successfully applied the roller principle to a shaft or other bearing while dispensing with the necessity of expensively machined parts, and in all the practical experiments which have been conducted has, we are informed, demonstrated the correctness of his assumption that rollers of ample diameter may be used in grooves of chilled white iron without the necessity of their being machined.

J. ALBERT STONE PROP

Power of Endurance

is one of the highest attributes of success. What use is a highly trained athlete if he has no staying powers? Perhaps the best test of excellence in either people or things is this same power of endurance.

To endure and prove excellent in spite of continued use and strain is one of the surest tests of a good Piano. The following letter from Miss Helene How of Brampton Conservatory of Music speaks eloquently of the excellence of the New Scale Williams Piano, not only as to its powers of endurance but its fine qualities as an artistic musical production:—

"Your pianos have wonderful power of endurance. They are as fresh as when put in the Conservatory last fall, and are particularly pleasing for accompanying the voice; the tone is so sympathetic."

Yours very truly,

HELENE HOW,

Musical Directress Brampton Conservatory of Music.

Lewis Bros., Revelstoke.

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald. Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics make this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Indian and Fisheries office Bldg., New Westminster, B.C." will be received at this office until Saturday, October 21, 1905, inclusively, for the construction of Indian and Fisheries office Bldg., New Westminster.

Plans and specification to be seen, and forms of tender obtained at this Department, at the office of G. A. Keefer, Esq., Resident Engineer, New Westminster, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering decline into a contract when called upon to do so, or if fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By Order,

FRED GELINAS,
Secretary.

Department of Public Works,

(Fonthill Nurseries [over 800 acres])
TORONTO . . ONTARIO

SYNOPSIS OF REGULATIONS GOVERNING THE DISPOSAL OF DOMINION LANDS WITHIN THE RAILWAY BELT IN THE PROVINCE OF BRITISH COLUMBIA.

A LICENSE to cut timber can be acquired only at public competition. A rental of $5 per square mile is charged for all timber berths except those situated west of Yale, for which the rental is at the rate of 2 cents per acre per annum.

In addition to the rental dues at the following rates are charged:—

Sawn lumber, 50 cents per thousand feet, B.M.

Railway ties, eight and nine feet long, 1-12 and 1-24 cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent on the sales.

A license is issued as soon as a berth is granted, but in surveyed territory the license issued is subject to a survey thereon.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale, without competition.

The dues payable under a permit are $1.50 per thousand feet B.M. for square timber and sawlogs, of any wood except cottonwood; from 1-12 to 1-24 cents per lineal foot for building logs; from 12 1-2 to 25 cents per cord for wood; 1 cent for fence posts, 3 cents for railway ties, and 50 cents per cord for shingle bolts.

Leases for grazing purposes are issued for terms of twenty-one years at a rental of two cents per acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken up is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the District, within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

It is the practice of the Department to require settler to bring 15 acres under cultivation, but if he prefers he may substitute stock, and 20 head of cattle to be actually his own property, with buildings for their accommodation, will be required instead of cultivation.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy Minister of the Interior.

Ottawa, February 14th, 1905.

APPLICATIONS FOR TIMBER LICENSES, SEPTEMBER 7th, 1905.

TAKE NOTICE that thirty days after date we intend to apply to the Hon. Chief Commissioner of Lands and Works, for a special license to cut and carry away timber on the following described lands on Arrow Lakes:—

Number One.

Commencing at a post marked "Y. C. L. Co., northwest corner post," on the north side of Fosthall Creek, below the forks, and just east of special license 527, running thence east 160 chains, thence south 40 chains, thence west 160 chains, thence north 40 chains to point of commencement.

Dated September 7th, 1905.

YALE COLUMBIA LUMBER CO., Ltd.

Number Two.

Commencing at a post marked "Y. C. L. Co., south east corner post," about eight miles up Fosthall Creek, on Arrow Lakes, and running north west of license 527, running thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement.

Dated August 28th, 1905.

YALE COLUMBIA LUMBER CO., Ltd.

Number Three.

Adjoining application No. 2 on the east, on the north fork of Fosthall Creek just north of small branch coming in from west side of creek. Commencing at a post marked "Y. C. L. Co., south west corner post," running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated August 27th, 1905.

YALE COLUMBIA LUMBER CO., Ltd.

Number Four.

Commencing at a post marked "Y. C. L. Co., south east corner post," on the south branch of Fosthall Creek, about seven miles from Arrow Lake, running thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement.

Dated August 28th, 1905.

YALE COLUMBIA LUMBER CO., Ltd.

Number Five.

Commencing at a post marked "Y. C. L. Co., north east corner post," about six miles from Arrow Lake, on south branch of Fosthal Creek, about one-half mile above the fork running thence south 80 chains, west 80 chains, thence north 80 chains, east 80 chains to point of commencement.

Dated August 28th, 1905.

YALE COLUMBIA LUMBER CO., Ltd.

Number Six.

Commencing at a post marked "Y. C. L. Co., south west corner post," lying north east of application No. 75, and south east of special timber license 529, running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement. This land lies just north of special license 527.

Dated August 28th, 1905.

YALE COLUMBIA LUMBER CO., Ltd.

Number Seven.

Commencing at a post marked "Y. C. L. Co., south west corner post," on the north branch of Fosthall Creek about nine miles from Arrow Lake, running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated August 28th, 1905.

YALE COLUMBIA LUMBER CO., Ltd.

Number Eight.

Commencing at a post marked "Y. C. L. Co., south west corner post," on north branch of Fosthall Creek, about 8½ miles from Arrow Lake, on the west side of the creek, running north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated September 5th, 1905.

The reception and wedding breakfast were held at the home of the bride's parents. The happy pair left for Seattle and Portland on the honeymoon trip.

GRAND JURY

Makes Presentment on Gaol and River Bank.

At the Supreme Court on Tuesday the Grand Jury made the following presentment

"We have examined the court house and government offices and find them well kept and quite suitable for the purposes for which they were intended.

We have also examined the gaol, and while we find it as well kept as it is possible to keep an old and worn building, we are of the opinion that it is too small, and that it is unsuitabl in every part ar and that it is unsafe.

We also find there is danger of the mattrass work constructed at great cost by the Provincial Government for the protection of the land on the banks of the Columbia River at Revelstoke being swept away unless it is repaired at once. We think immediate attention to this a matter of the utmost importance."

His Lordship said the presentation would be forwarded to the proper quarter. He could not hold out any hope anything would be done with regard to the gaol, because a similar complaint was made a year ago and no action taken. He hoped action would be taken with reference to the other work to which they referred.

J. W. Bennett has been appointed agent for Revelstoke and district for the International Correspondence Schools. These schools have done splendid work among young men desirous of improving their positions, and with Mr. Bennett's popularity and educational enthusiasm he cannot fail to enlist many pupils in an institution from which they cannot fail to derive immense benefit, and increase of knowledge.

Here's a snap! Two papers for the price of one. For 50 cents the KOOTENAY MAIL and Family Herald and Weekly Star will be sent you from now till January 1st, 1906. Remit to MAIL Office.

IRISH GUARDS BAND

Grand Recital at the Rink.

The Irish Guards band appeared at the rink on Monday night in what proved to be the finest musical recital ever heard in the city. The audience was the largest ever seen in the city, amounting to about 700. Each item of the recital and the splendid songs by Donald McGregor drew forth an enthusiastic encore and the band courteously gratified the wishes of the audience on each occasion, the encores really amounting to doubling the programme. The visit of Bandmaster Hassell and his band of handsome and accomplished musicians will be long remembered in Revelstoke. The citizens owed it to the enterprise of the Rocky Mountain Rangers that Revelstoke secured this visit of the great band, and the members of the corps acted as hosts of the visitors. Capt. Brown and Lieutenant Morrison worked especially hard to make a success of the recital.

A dance was afterwards held in the Drill Hall, which was well attended.

THE FALLS NAMING COMPETITION.

The following suggestions were received this week for a name for the falls on Eight Mile Creek:—

1—Alexandra.
2—Victoria.
3—Buffalora.
4—Togo.
5—Minnehaha
6—Forsland.
7—Fortynine
8—Glory.
9—Hallelujah
10—Longfellow

Other suggested names will be added to this list till Oct. 31st when the vote will be taken.

GEORGIA MINSTRELS.

Richard and Pringle's famous Georgia Minstrels will be seen at the Opera House, Thursday, Oct. 12th, for one performance only. Marsh Craig, the "human Linguia," is a recent addition to the Georgia Minstrels, and Fred Simpson, the noted trombone soloist, is also with them and will render one of his famous selections during the free open air concert by the minstrel band in front of the Opera House.

POLITICAL.

The Dominion Cabinet has decided the Province has the right to impose the commercial travellers tax.

LUMBERING.

At Beaton the arbitrators appointed to settle the dispute between the Arrowhead Lumber Co., of Arrowhead, and A. G. Fraser, of Trout Lake, met, and after going thoroughly over the ground settled the dispute satisfactory to both parties. The arbitrators were Fred Fraser, of Revelstoke, and J. C. Murray, of Trout Lake.—Miner.

SPORTS.

LACROSSE.

On Saturday Westminster defeated Vancouver by four goals to one.

Herb. W. Edwards Injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared." For sale by all druggists.

Dressmakers and apprentices wanted. Apply to Miss Gough, second floor, C. B. Hume & Co.

Business Locals.
