The Kootenay Mail.

Vol. 8.—No. 27. REVELSTOKE, B. C., OCTOBER 11, 1901. $2.00 Per Year

The Shamrock

did not win, but we have the winning lines in J. D. King's Union Made Boots and Shoes, a complete stock just opened up and they all have the Union Stamp.

The Ladies know the "Empress" Shoe, nothing on the market surpasses them for style and durability. We have just received a new shipment of these excellent shoes.

A glance at our window convinces the Ladies of Revelstoke that we have the Daintiest, Prettiest and Most Stylish Stock of Dry Goods in Town.

We import direct from Great Britain, save the middle man's profit and give you the benefit of it.

Beautiful patterns and reasonable prices in Carpets, Mats, Rugs, Curtains, Inlaid Linoleums and Floor Oil Cloth.

A most complete stock of Men's Furnishings.

Pay us a call, it is our business and pleasure to show you what we keep in stock.

Taylor & George.

Telephone No. 14.

FALL & WINTER CLOTHING.

See our new and carefully selected stock of Fall and Winter Clothing, just opened in our new premises. These goods are right both as to quality and price. This is proved by the rapid increase in our business since moving into our new store. The attractions of this store are such as not to be resisted by any alert shopper. It is exceptionally well lighted, so that customers have the best opportunity of selecting their purchases.

OUR STOCK INCLUDES:

New Furs and Jackets, New Dress Goods and Ready-to-wear Skirts and Underskirts, Children's Hoods and Fancy Headwear, Fancy and Plain French Flannels, Silk, Sateen, Velvet and Flannelette Blouses, Children's Ready-made clothing, Boots and Shoes, Men's furnishings, Trunks and Valises.

All New Goods. Sole Agents for P. D. Corsets.

MAIL ORDERS RECEIVE SPECIAL ATTENTION.

REID & YOUNG,

REVELSTOKE, B. C.

RAIL AND STEAMER

The Railway World says the pass system on Canadian roads will be abolished with exception of employes.

Capt. Gore and Capt. Downie have been in the Lardeau estimating the tonnage available with a view to running a boat on Trout Lake.

Willis J. Armstrong, C. P. R. engineer, of Rogers Pass, is patenting an invention which is likely to prove of great service in railroad work.

Mr. Cross, father of Dr. Cross, and formerly of the General Manager's office at Winnipeg, has been appointed inspector of tests on the C. P. R. with head office at Montreal.

Engineer Sullivan, of the Lardeau branch, informs the Nelson Miner he has been delayed for want of steel but expects to have the road ready for traffic next spring. There are 400 men engaged on the work.

The Nelson Miner says: "Freight is now being accepted by the C. P. R. for transmission over the Lardo line and is carried about eight miles up from the lake by rail. The steel is being laid as fast as possible and by December 1st the line is expected to be through to Trout Lake."

The Brotherhood of Carmen have just obtained a schedule from C. P. R. The order includes coach carpenters, freight car carpenters, car inspectors, car repairers, car oilers, car cleaners, and painters, and mill hands. Among concessions made is pay of rate and a half for working on wrecks. The following is the schedule arranged:—

	per hour.
Inspectors and chargemen	19 to 21½c.
Brake testers and cleaners	17½ to 20c.
Truck repairers	17½ to 20c.
Freight car repairers	15½ to 18c.
Oilers	15½ to 18c.
Heating and lamp men	15½ to 18c.
Cleaners and washers	13½ to 15½c.
Coach carpenters	23 to 26c.
Freight car carpenters	20 to 22c.
Coach painters	23 to 26c.
Freight painters	15 to 20c.

At the C. P. R. annual meeting in Montreal last week, arrangements were made for an employees' pension fund, and to issue bonds to construct a new Empress and an additional Lake Superior boat.

The change in the C. P. R.'s train service takes effect on Monday next. Thereafter the east bound train leaves Revelstoke at 8:20 o'clock, and the west bound train at 17:10 o'clock. The south train will leave here at 8:10, returning at 19:15.

Chief Despatcher Downie had an anxious time of it during the visit of the Royal trains to furnish power and keep the track clear for the Royal progress as well. This necessitated some exceptional work. For instance instructions had to be given to a freight train on the mountain division to make 25 miles an hour in order to comply with requirements.

THE CABINET.

Dunsmuir Will Remain in Office.

States he has Twenty-two Supporters.

According to latest Victoria advices, Premier Dunsmuir has decided to remain in office. Since the resignation of Hon. J. C. Brown he has concluded that he has the support of an overwhelming section of the legislature. He told an interviewer:

"I will remain in office, and will meet the House with twenty-two supporters."

He would wait for the regular meeting of the legislature, which will probably be held in January.

In reply to a question as to what was being done to fill the vacant portfolios, or to bring on an election in the city of Victoria, he stated that no decision had been arrived at in regard to either matter.

Mr. McBride states that the rumor of any understanding between him and Mr. Eberts over the present political crisis is absolutely without foundation, and that his (Mr. McBride's) attitude toward the Dunsmuir government remains the same as when he left it.

McBRIDE EXPOSED

What the Premier says About Him.

In an interview, in reply to the question, "Did not Mr. McBride vote for the railway bill?" Premier Dunsmuir said:

"Certainly he voted for it! Why McBride could think of nothing else at that time. He came to me and asked if I thought the bill could be carried. I told him it was all right, as the opposition were mainly in favor of and would support it. Even just before the vote was taken he came to me and expressed the greatest fear lest the opposition should fail us. I must say that I lost patience with the man; it was perfectly tiresome to have him badgering the life out of one with his careless questions, fears and doubts; but you should have seen him after the vote was taken. Why, he was wild with joy; he thought well of the opposition then. Now, the reason why Mr. John C. Brown was invited into the cabinet was not because, as the opposition press say, he had been a supporter of Mr. Joseph Martin, but as a member of the opposition who had shown himself to be a disinterested supporter of anything that was really for the benefit of the country; that was the reason."

BIG BEND.

F. McCarty has stopped further work on his Smith creek placer claim for the season and the men are coming down. In addition to the extension of the drift, a shaft was sunk for thirty feet from the floor of the drift but failed to reach bed-rock, the rim of the old channel evidently going down perpendicularly. Everybody believes there is rich pay ground at bed-rock, but it means a lot of work to get there.

On Saturday last a novel machine might have been seen making its way down the the Columbia river towards Revelstoke. This was a Klondyke raft built by a Klondyker at the lumber camp at Carnes creek. It consisted of three logs, with swivel sweeps at either end. R. Davis, of the Revelstoke Lumber Company, and two others came down on it, and the raft proved one of the best means of navigating the Columbia that has yet been tried, the sweeps giving complete control.

W. Whitmore is completing the kitchen of his new accommodation house for his personal accommodation during winter. The remainder of the building will not be finished till spring. It was a great loss not only to Bill, but to the travelling public, to have had the fine accommodation house which he had previously conducted at Carnes creek destroyed by fire, together with the furniture. There were few better accommodation houses to be found in the country, and certainly none where the comfort of travellers was better provided for.

J. D. Boyd has supplied the Revelstoke Lumber Company's camp with twenty tons of hay. He has also outfitted the cook-house of the camp with a complete stock of vegetables from his splendid ranch. The cook at the camp says he never saw a finer lot of vegetables.

Snow is now creeping down the mountain sides, and is already lying some distance below timber line.

The Revelstoke Lumber Company have built a cook-house 24ft. by 20 feet and a bunk-house of similar size, the latter affording accommodation for 24 men. A stable 18 feet by 24 feet has also been built. The camp was started on Sept. 19, and already enough logs have been sent down river to keep the mill running, besides 3000 piled on the bank. It is expected to cut a million feet before snow comes. Thirteen hands are now in the camp, of which F. McIntyre, formerly of Salmon Arm and Ferguson, is foreman. The timber cut for the mill consists of fir, cedar, and spruce.

BIG BEND ROAD.

The new portion of the Big Bend wagon road is in bad shape after the heavy rains of this week and the government officers should take steps to have it repaired. There is a good deal of traffic on it now with the getting in of supplies to the properties of the Duquesne Mining Company and the Prince Mining and Development Company who will work all winter. Indeed, at this season of the year, two or three men should be continuously on the road to keep it cleaned out as the mud slides come down.

THE GOLD COMMISSIONER

John Houston says One is Not Wanted.

The Nelson Tribune remarks: "There is no need of a government agent at Revelstoke, no more than there is for one at Rossland. John Kirkup is mining recorder for the Trail Creek mining division and performs the duties of a government agent. So at Revelstoke the mining recorder of the Revelstoke mining division can perform all the duties that a government agent would be called upon to perform. There need not be more than one actual government agent in West Kootenay district, besides the mining recorders. This, of course, is not what the politicians want. Offices are created so as to give played-out politicians a soft berth, and once the office is created it must be filled, if not by the political pack for which the office was created, then by some other political pack."

THE HOSPITAL.

Letter from Lady Minto.

In acknowledging the silver trowel sent her as a memento of the occasion of her laying the corner stone of the hospital, Lady Minto writes to the secretary:

"Dear Mr. Atkins,—Will you kindly express my best thanks to your committee for being good enough to send me the very pretty trowel which I shall always value as a recollection of the Queen Victoria Cottage Hospital at Revelstoke, in which I shall always take the greatest interest.

Believe me,
Yours truly,
Mary Minto."

The Banff hotel was closed for the public for the season on the 1st. North Bend hotel will be closed in about two weeks' time, for the winter, and the company will run six dining cars between Winnipeg and Vancouver instead of four as heretofore.

MARTIAL LAW

Proclaimed Throughout South Africa.

Only the Ports will be Administered by Local Authorities.

Capetown, Oct. 9.—The Gazette today proclaims martial law in the districts of Capetown, Wynberg, Simonstown, Port Elizabeth, and East London. The proclamation is the outcome of the recent visit of the premier of Cape Colony, Sir John Gordon Sprigg, and the Under Secretary of Native Affairs in South Africa, J. Rose Innes, to the British High Commissioner Lord Milner. It places under martial law control the few points in Cape Colony hitherto exempted and the constitution, therefore, is now suspended over the entire colony. The action taken probably foreshadows the commencement of vigorous measures which those on the spot are understood to believe necessary to end the war.

Capetown, Oct. 9.—Martial law will be modified in its application to the ports, leaving the docks, railways, and harbors under the control of the civil authorities. Military rule will be mitigated in in some other respects.

WATER & LIGHT.

Special Meeting of City Council.

A special meeting of the city council was held yesterday to confer with the representative of the Water and Light Company regarding the Company's request for a ten year's franchise, with an option to the city to purchase the plant. There were present, the Mayor, Ald. Bourne, Abrahamson and Taylor. Mr. Cowan represented the company. The meeting was held in committee and adjourned pending a meeting of the company to consider a proposition which will be made to the city.

QUADRILLE CLUB.

At a meeting held at No. 2 Fire hall last night of those interested in the formation of a quadrille club for Revelstoke the following officers were appointed: R. Gordon, president; Guy Barber, vice-president; A. E. Kincaid, treasurer; J. B. Scott, secretary; executive committee, W. Maguire, R. Douglas, Jas. McLean. The club starts under excellent auspices, having already a membership of 40. The necessary printing was ordered from the Kootenay Mail office. The membership fee for the season was fixed at $5 and tickets may be obtained on application to the secretary. The club will meet fortnightly on Thursdays in the Selkirk Hall, the first gathering being on Thursday evening next. J. Taylor's orchestra will be engaged to provide the music.

THE LARDEAU

Opinions of an Expert.

Thomas James returned on Saturday, says the Miner, from an extended trip through the Lardeau mining district, where he went to examine and report upon some mining properties for a Minneapolis company. By request of the Miner he has the following to say of the district:

"Notwithstanding the severe and unjust 'turn down' the mineral veins in the above locality have received at the hands of the provincial mineralogist, the quantity of high grade ore that will be shipped this winter from the Nettie L., Triune, Ajax, Silver Cup and others will testify to the worth and extent of this young and promising mining field. That the Nettie L., Triune and Ajax, which properties will be the main producers this winter, are true fissure veins there is now no question. The veins have been tapped at great depth, and pay ore found in good quantities, accompanied with a regular and continuous contact and well defined walls.

"This promising district has been handicapped by many obstacles. Coupled with the mineralogist's adverse report is its isolated position from transportation facilities. The cost of delivering a ton of ore to the smelters and the cost of smelter charges spoil a $50 bill. However, the near future promises railroad facilities, and the coming of spring will find Ferguson and Trout Lake City lively and thriving towns.

"The Minneapolis company which I represent are now taking steps towards the establishment of a smelter, respecting which I am now contemplating a trip to San Francisco."

SMELTER FOR FERGUSON.

What C. McCrossan Says of the Metropolitan.

Mr. McCrossan, of the Metropolitan, has just returned from San Francisco, where he has purchased a 30-ton reduction plant, which he is having shipped to Trout Lake. Mr. McCrossan states that the ore is galena, and that 18 men have been working on a tunnel since spring. He says that all the silver lead ore thus far secured runs from $400 to $600 to the ton. They have had several offers for the prospect, for it is yet little more. One of these for $100,000 cash. If the ore hold out, however, it will be the richest mine in British Columbia, even though it is a silver proposition. Owing to the difficulty of getting the ore shipped to Trail, it costs $40 a ton to handle, thus it was absolutely necessary to reduce the ore with a plant on the ground.

CAMBORNE.

Work on Oyster and Camborne Groups.

Strike of Rich Ore.

A. F. Rosenberger has returned to Nelson from the Lardeau where he has been superintending the opening up of work on the Oyster and Camborne groups in the Fish river camp. On the Oyster group contracts for two fifty foot shafts have been let, as also for a fifty foot tunnel and fifty foot shaft on the Camborne.

The building of several cabins for the use of the miners has been commenced, as also various other improvements, and it is intended to prosecute development work vigorously during the coming winter.

During Mr. Rosenberger's stay at the camp a strike of a two foot streak of the richest ore yet found in the Lardeau was made in the centre of a ten foot ledge on the Camborne. The ore is freemilling gold and the gold on this particular streak is extremely coarse, occurring in fair sized nuggets. The rest of the ledge runs $40. It is not known yet what the shoot will average. He brought down several fine samples.

GRIP AND PASSWORD.

I. O. O. F.

Grand Master Hogg, of Vancouver, who is on a visiting tour through the lodges in the province, arrived in Revelstoke Tuesday morning, and was tendered a reception in the evening in Selkirk Hall by Selkirk and Revelstoke lodges.

S. O. E. B. S.

Rev. H. F. Clinton, District Deputy Grand Master, of British Columbia, will visit the local lodge on Nov. 12th.

L. O. L.

A special meeting of L. O. L. No. 1658, will be held this evening at 8 o'clock, to transact business in connection with the death of the late Hon. N. C. Wallace, Grand Master of the Association.

The Kootenay Mail

FRIDAY, OCT. 11, 1901.

MR. McCARTER is deserving of the thanks of the community for his splendid services in having the school difficulty adjusted satisfactorily, especially after Mr. Taylor, M. P. P., although member for the district, refused to take it in hand.

C. HERMAN, who has been in charge of the up-river improvements, is confident that both Priest and Heath Rapids on the Columbia River can be made available for navigation. If so, there is no reason why, in the near future, the steamer Revelstoke should not run from the city to Canoe River, thus opening up to transportation a large area of country.

THE attorney-general should institute strict enquiry into the matter of how E. H. Lewis came to be arrested and charged with a crime against which there was practically not an iota of evidence against him. The incident shows the gross abuse to which the machinery of the law may be put in the hands of reckless officials. The postal department too might well take a hand in the enquiry, for the post office inspector who laid the information is probably more to blame than anyone else.

THE residents of the upper portion of the Big Bend have been very badly treated in various ways and one of the worst cases of neglect is over the mail service. There are enough men on Smith Creek to warrant the postal department in delivering the mails there in the usual course, whereas the people interested have had to put their hands in their pockets to get their mails besides paying their share of the taxation of the country.

A PUBLIC library and reading room is badly wanted in Revelstoke. The Epworth League have been endeavoring to arrange to provide the city with such but will of course require outside assistance to make a success of it. We suggest to the city council that they apply to Mr. Carnegie's agent for a share of the millions which he is now expending on libraries in the States and Canada. There is no reason why he should not include Revelstoke within the list of his gifts.

Now that a steamer is about to be put on the Upper River we suggest to Mr. Galliher, M. P. that he take steps during the coming session at Ottawa to obtain a substantial grant towards improving the river for navigation. There has not been much spent in river improvement so far, and there is no reason why the $200,000 estimated as the cost of the necessary improvements by Mr. Gamble C. E. should not be voted to put the river in first-class condition. There will be big traffic between Revelstoke and Canoe River when the present difficulties are overcome, and the sum mentioned is said to be ample for the work.

THE large amount of sidewalk that ought to be done in the city has again raised the question of the frontage tax. Of course it is admitted it would be to some extent unfair that property owners who will have sidewalks built in the future should have to pay specially for them, when the walks built hitherto have been done solely at the cost of the city. This is plain, however, that the ordinary revenue of the city is insufficient to build all the sidewalks that are required, and some better plan must be found of providing the necessary funds. The frontage tax is certainly the best plan, and, after all, when it is found that a city is on the wrong track, the proper course is to follow the individual in the same predicament, and get on the right one as soon as possible.

NORTHWEST SYNDICATE.

Opinions of Experts

J. D. Sibbald has been appointed broker in Revelstoke for the Northwestern Syndicate formed to develop the Oyster and Comborne groups. The stock offered is all treasury stock.

The foreman of the Comborne group reports having made the richest strike of gold yet made in Canada.

We are informed that several mining engineers who have seen these properties describe the showing as wonderful. Mr. Bellis, M. E., of New York, said the showings are better than those of the Homestake in South Dakota, and which is one of the most famous gold producers.

Archibald J. Scott, president of the Northwestern Syndicate, proposes visiting the property at an early date. Mr. Scott is a man of high financial standing, being president of the First National Bank, of Hancock, Mich., and also mayor of that city.

Stopped Into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Arnica Salve wholly cured me after everything else failed." Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles. Sold by Canada Drug & Book Store, 25 cents.

A LIBERAL CONVENTION

To be Held Before Another Election.

The executive of the British Columbia Liberal Association met Friday afternoon in Vancouver to consider the question of calling a convention of the party. Senator Templeman presided. After a full discussion on Provincial political affairs, the following resolution was unanimously adopted:

Moved by Dr. McKenzie, seconded by Harry Senkler, that the secretary, on the advice of the president, be authorized to call a convention of the Liberal party immediately, as it is intimated that a general election is about to be held; that the convention be held in Vancouver; that each Provincial electoral district be entitled to three delegates per member elected; that all Liberal Provincial and Dominion members be ex-officio members of the convention; that no proxies be allowed.

The opinion was unanimous that a convention would be opportunely held just before an election and the question of party lines, in so far as the Liberals are concerned, could be determined then. On the other hand it was thought that a declaration in favor of party lines by a convention if no general election were to follow would be inopportune and would only tend to further complicate an already much complicated situation.

The Liberals of British Columbia will therefore feel assured that a representative convention will decide this proposed party line question before another appeal is taken to the country, and deal with the other vital questions at the same time.

THE SOCIALISTS

Provincial Party Organized.--Resolutions Adopted.

The Socialist convention, which met in Vancouver on Wednesday and Thursday of last week, resulted in the organisation of a Provincial Party. An executive of five was constituted as follows:

C. Lee Charlton, Victoria, chairman; T. Robinson, New Westminster, Treasurer; J. Cameron, Port Moody, Organizer; E. Burns, Vancouver, Secretary.

The policy of the United States Socialist party was adopted, with modifications to suit Canadian conditions. The Executive was empowered to draft a Provincial platform, which will be submitted to a referendum vote of the organizations affiliated. A resolution was passed, pledging the organization not to fuse with any other political party. The name by which the organization will be known is the "Socialist Party of British Columbia."

During the meetings C. Lee Charlton presided and E. Burns acted as secretary. The following resolutions were passed:

Resolved, that we deeply deplore the assassination of President McKinley. We hold, however, that such outrages as these are liable to occur so long as the present unjust, economic and industrial system continues. We wish to point out that the Socialists are the only organization that has opposed the principles of anarchy by reason and argument. Every form of murder is alike detestable to Socialists, whether it be in that wholesale manner called war, or the result of bullets of the assassin, Pinkerton detective or militia.

Resolved that we deeply deplore the recent tragic disaster at Extension mine. We offer our sincere sympathy to the widows and orphans in their distress.

We call upon the Provincial government to institute the strictest enquiry into the causes of this calamity and if the negligence of the employing company be responsible, to allow no political influence to shield the guilty parties.

What's Your Face Worth?

Sometimes a fortune, but never if your face is sallow complexion, a jaundiced look, mouth patches and blotches on the skin, are signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at the Canada Drug & Book Store.

INDUSTRIAL NOTES

To G. F. Curtis' store are two deer heads mounted by H. W. Edwards for Mr. Parry of the Confederation Life at Nelson.

Rowland Brittain, patent attorney, Vancouver, reports the following B. C. inventors: John Paterson, Nelson, hydraulic air compressor; and G. A. Ruddle, book binder, of Vancouver, who has received the U. S. allowance on his application for a patent on temporary binder for use on magazines or similar paper bound books.

Under the energetic management of George Walkem, the Vancouver Engineering Works are forging ahead, and will add steel ship-building to their business.

Logs are coming down the river for the Big Eddy sawmill. A camp has been built at the logging ground and the Revelstoke Lumber Company are getting things into good shape for winter.

H. Gillanor, M. P. P., was in Revelstoke on Monday. As agent for the Waterous Company he supplied the plant for the Revelstoke Lumber Company's mill, and went over to see the machinery started. A few boards were cut, and the plant was found to work well.

Tot Causes Night Alarm.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Coughs, Colds, Throat and Lung trouble. 50c. and $1.00. Trial bottles free at the Canada Drug & Book Store.

WANTED—SEVERAL PERSONS OF character and good reputation in each state (one in this county required) to represent and advertise old established wealthy business house of sound financial standing. Salary $18 weekly, with expenses additional, all payable in cash each Wednesday direct from head offices. Horse and carriage furnished, when necessary. References. Enclose self-addressed stamped envelope. Manager, 316 Caxton Building, Chicago.

The Kootenay Mail $2.00
The Montreal Daily Herald $3.00
and a splendid picture of
King Edward VII. .50

TOTAL - - $5.50

ALL FOR $2.50

This is the greatest combination offer ever made by any Canadian journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers. Established in 1865 it has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each day giving full news of the world, and also devoting much space to matters of peculiar interest to the families. Its commercial intelligence is complete and reliable.

THE KING'S PORTRAIT is the best ever published in Canada and will make a handsome addition to the walls of any library. It is produced by a new process and is not one of the flashy colored portraits so common.

As the regular price of the Herald is $3.00 a year, the liberality of our offer is self-evident.

Address all orders to

The Kootenay Mail, Revelstoke.

$25,000 OUR GRAND $25,000 Ornithological Contest.

Something entirely new and interesting. Read what you are to do. You may get $1,000. Our contest is to see who can make the largest list of names for kinds of birds from the following list of letters:

W D O O O C C K Q U L I A P R T A R I D O
E S P N I E L V E B R D I M W A D O H T L

We will recognise as a bird anything belonging to the feathered tribe, whether it is a Hen, Crow, Singer or any other kind. You can use any letter as many times to make a name as it appears in the list of letters above; for instance Woodcock, Plover, Snow Bird, etc. To any persons who can make a list of 25 or more different names of birds, we will give absolutely FREE a beautiful Prize value $5.00 or less.

BIG PRIZES AWARDED DAILY.

When you have made out your list fill out the line on the bottom of this advt. and send to us with a Stamped Addressed envelope, stamp of your country will do, then if you are awarded a prize you can if you desire get the prize by becoming a subscriber to THE WOMAN'S WORLD. We shall award a prize to every person who sends the name of 25 Birds, and our gifts will be as follows: For the best list, received each day, a Gold Watch; for the second best solution each day a beautiful Imported Tea Set; for the seven next best solutions each day, a Konrad Sakih Diamond and Ruby Ring; for the next best solution, a Gold Piece; and for all other correct solutions, Prizes of Good Value. These Prizes will be forwarded daily, you will not have to wait a long time in uncertainty before you know the result. There is no element of lottery in our plan, it makes no difference whether we get your solution late or early in the day. All you need is to post this advt. to us and on the day it reaches us, if your list is the best, you shall have the Gold Watch or if second best the beautiful Tea Set and so on. We guarantee that we will award you a prize. There is absolutely no opportunity for deception on our part—we cannot afford it. We want to get 1,000,000 well satisfied subscribers, and for that reason we don't want you to send any money until you know exactly what prize you have gained by answering the puzzle. As soon after 4 p.m. each day as possible, the examiners will judge the lists to the best of their ability and will designate the prizes. We will write to you at once notifying you what prize has been awarded you, then if you are satisfied, you can send your subscription to THE WOMAN'S WORLD and your prize will go by return of post carriage paid. To a person of narrow ideas it seems impossible that we should be able to make such a gigantic offer, but we have the money, brains and reputation, we know exactly what we are doing, and if we can legitimately gain a million subscribers by this grand idea we know that this million of well pleased subscribers can be induced to recommend THE WOMAN'S WORLD to all friends, thereby building up our circulation still further. We are willing to spend $25,000 in this contest in building up a big subscription list, and when this money is spent we reserve the right to publish a notification that the contest has been discontinued. Don't delay until it is too late. The contest will continue until January 1st, 1902.

We give A Bonus Prize of $250 independent of all others to the person who sends in the list gotten up in the best and handsomest manner. Our Committee will decide and award prizes daily, but the special $250 prize will be awarded in March, 1902. Any bird's name found in the dictionaries accepted.

WHO WE ARE.

THE WOMAN'S WORLD is a thoroughly reliable concern, we are known to do exactly as we advertise. As to our reliability we refer to any Advertising Agent or business man in London.

Name .....

Street .....

Town ..... Country .....

N. B.—Be careful and prepay your letter 5c. as we do not receive underpaid letters. Address

The "Woman's World," Brentford, London, W., England.

THE CITY COUNCIL

A special meeting was held on Monday evening. Present, the Mayor, Ald. Bourne, Abrahamson, McLeod.

The objects of the meeting were to deal with the report of the Mayor on his visit to Vancouver, to consider the question of the water and light system, to consider repairs and construction necessary to be done on streets and sidewalks throughout the the city, to pass accounts.

The mayor said that on arriving at Vancouver it kept him busy to get a man to put up the arch. He let a contract for the erection of the arch for $200, H. Edward's fare and expenses were $25; express on minerals $10.10; drayage $5; 6 days hotel bill $12; meals on train $3; total $255.10.

THE ARCH.

The arch was put up in good shape and all who saw it said it was the only one representative of the industries of the country. The arch was greatly admired and Revelstoke had no reason to be ashamed of it. He did not consider the money at all thrown away. An old timer of British Columbia said it demonstrated to him one thing of which he previously had been unaware, which was that Revelstoke was the centre of the world. He disposed of the mineral by leaving it in charge of Messrs. Beatty & Lembke, mining brokers, who have promised to display it in two windows of the main street of Vancouver, where it will form a good advertisement.

WATER & LIGHT.

The following communication was read from the Secretary of the Revelstoke Water Light & Power Co.:

"We are led to believe that the by-law for the purchase of our plant has been set aside, although we have not yet received any official notice to that effect. We are very anxious this fall to complete our plans and have everything in readiness for an early commencement in the spring of the construction of our waterworks extension.

This work will involve a large sum of money, and owing to the tightness of the money market, an agreement between your council and ourselves for a term of, say ten years, would greatly assist us in disposing of our stock. We should be pleased at an early date to meet a committee of your council and submit our plans and monthly rates for street lighting and hydrant rental for the term mentioned."

Ald. Bourne thought that the proper thing for the Council to do was to put another bylaw for the purchase of the plant before the people and let them vote on it.

The Mayor thought that the Council should take immediate action along these lines. It would take a month or more to put the bylaw through. In the meantime the company should be approached to find out whether they are willing to abide by the old price.

It was resolved to hold a joint meeting of the company and a committee of the whole council on Thursday afternoon at No. 2 fire hall to decide on some action with reference to the water and light system. Carried.

GENERAL.

The public works committee were instructed to make a tour of inspection round the city and make a report to the next meeting.

Two petitions were read, one from residents on Third St. East for a sidewalk, and the second, for a sidewalk between McKenzie and Connaught Avenues and a proper sidewalk along Connaught Avenue, from residents in the vicinity. They were both referred to the public works committee.

After going into accounts the council adjourned.

THE CURE OF DEAFNESS.

An interesting extract from an English medical review, "The Journal for the Deaf," having been published last week in this paper concerning the discovery of a cure for Deafness, a number of readers have written to us on the subject asking for additional information. We would remind them that they can write direct to the English Dronet Institute, 72, Regent's Park-road, London, England. The Secretary will send them a copy of "The Journal for the Deaf," in which the Dronet treatment is described in full detail, together with a pathological report form, which will help them to state their case with great exactitude, and thus enable the Institute to prescribe the treatment needful for their cure.

From word that has been received at the Canadian Pacific headquarters, Montreal, from Mr. W. R. Baker, who has charge of the royal train, it is more than likely that when the Duke returns, the train in which he is now travelling may follow him to England, to be used there on royal journeys. The Duke has expressed himself as most pleased with all the arrangements made for his comfort. Even the dining car service, which occasioned the most difficulty, has called forth the high compliment: "I have not been treated so well since I left England." Both the Duke and Duchess have taken to the train, and it is believed would be glad to have it on the other side.

MINING NOTES

Prospectors and mine-owners are invited to contribute to the KOOTENAY MAIL information of a reliable character regarding their properties, describing surface showings, development work and results attending it, assays, and new discoveries. The editor desires to make the MAIL a means of furnishing to investors reliable information concerning the progress and development of the mineral resources of North Kootenay.

An American company has bonded the Van Anda.

The Ophir Lade property has been shut down till spring.

The Pathfinder Company, of Grand Forks, is to be re constructed.

A rich strike of free-milling ore is reported from Pine creek, Atlin.

The cost of smelting at the Granby smelter is $1.60 a ton, and will be reduced by another 40 cents.

The second shipment from the Trinite this season returned $5,592 of which $665 was in gold values.

The Granby smelter is being enlarged to a capacity of 2000 tons a day and a converter will be added.

Mr. Frechville, the new director of the Le Roi, and a well-known mining engineer, has arrived at Rossland.

The Trail smelter has contracted to purchase 15,000 tons of Richelieu ore at a freight and treatment rate of $7.

A new strike of ore is reported on the Iron Chest claim of the Prince Mining Company's group at Standard Basin.

Great Britain contributed 5,000,000,000 of 12,000,000,000 tons of coal mined in the world during the nineteenth century.

The mining camps surrounding Revelstoke should be represented at the Mining Exposition to open at New York on Dec. 2nd.

H. A. Morris intends spending the winter in doing development work on the Beehow claim which he holds on Keystone Mountain.

The Crows Nest Oil and Coal Company, with a capital of $200,000 has been formed to explore oil lands at Cold creek, Southern Alberta.

Messrs. Theis, Thompson and others, who have a fifteen years lease on several placer claims on Perry creek have sold their interest to eastern parties for $12,000.

The owners of the Silver Shield, Messrs. A. McLeish, J. I. Woodrow, and J. McMahon, have determined to prosecute development work during the winter months on their promising Keystone property.

The Era states that the first shipment of a ton of mica from the Big Bend is en route to Golden by pack train. A party has been working on these deposits all summer, and it is stated they are turning out well.

A. F. Rosenberger was Camborne last week starting active development work on the Camborne and Oyster groups. The properties are reported to have been showing up splendidly and everything looks encouraging.

Mr. R. W. Brock, of the Geological survey at Ottawa, has completed his examination of the recently-discovered bituminous coal fields on the west fork of the north fork of Kettle river, seventy miles north of Grand Forks. He says the coal is of excellent quality and the Geological formation excellent.

The Minneapolis people who had arranged to take a bond on the Black Warrior property in the Lardeau did not go on with it, and left S. Shannon, who had been acting as their agent, to foot the bill for the development work. Mr. Shannon is now handling the bond on his own account. When work was stopped the property looked splendidly, showing three feet of solid ore. A car load of ore was sacked in two and a half days. This ore runs 112ozs. silver, 59 per cent. lead, $12 gold, and 11 per cent. copper. If that showing is maintained the property ought to be one of the best in the Lardeau, and its owner, Tom Horn, thinks it is.

Ladysmith in all probability will have a smelter before the snow flies. The engineer for the Tyee company is now on the way out, and a capital of £50,000 has already been subscribed in England. The original site was selected at Chemainus, but people there are afraid the fumes will kill vegetables, etc. Mr. Dunsmuir affected no such fears and is offering very liberal rates on the E. & N. Railway. The Tyee people are now in 32 feet on the ledge, with beautiful ore. It is proposed that the smelter shall be equal to all requirements.

Our readers will remember that a few years ago numerous New York people were swindled in a company which was organized to extract gold from sea water. A company with a similar object has just been registered at Somerset House under the title of Sea Gold, Limited, the capital being £300,000 in £1 shares. In commenting on this strange concern a financial paper says: Dean Swift mentions a company for extracting sunshine from cucumbers, so that the present concern is not without precedent in the realms of the extraordinary. Possibly the first business operation of the Board of Directors will be to buy up the Atlantic Ocean.

... THE ...

Northwestern Development Syndicate, Limited.

Incorporated under the laws of British Columbia.

Capital $1,000,000 in 1,000,000 Shares, Par Value $1.00 Each.

This is the weather to get one—don't delay.

CANADA DRUG & BOOK CO.,
Revelstoke B. C.

BORN.

LOUGHEAD—At Revelstoke, on Wednesday, October 9th, 1901, the wife of H. Loughead, of a son.

LOCAL & GENERAL.

King Edward's birthday, the 9th of November, will be a public holiday.

For Sale—One first class heater, apply to G. M. Clarke.

Rev. W. Calder will take as his subject on Sunday evening "The Fatherhood of God."

John E. Wood has opened his new store on First street with a large shock of furniture.

R. H. Truemen will be in attendance at the studio till tomorrow evening, (Saturday)

The final census returns will give the population of Canada over five millions and a half.

Wanted—Good brush hand immediately. Apply to W. G. Birney, painter.

W. George has purchased from Capt. Taylor, the house on McKenzie Ave., lately occupied by J. McPherson.

An attempt to rob Molsons Bank at Owen Sound was frustrated by a clerk who was sleeping on the premises.

F. W. Moberley's survey party report having found a good pass for a railway over the Hope Mountains.

The Revelstoke Lumber Company propose to put in a winter logging camp on their timber limit on the Jordon.

The revenue of the customs office at Revelstoke for September was as follows:—Customs $697.26, inland revenue $742.05.

Mr. Galliher is taking steps to get land matters cleared up between the Government and the settlers around Revelstoke.

A fire destroyed several buildings at Stevestown, and a man named Furlong is supposed to have perished in the flames.

In our next issue will be begun a series of articles on the ranching, lumbering and mineral prospects of the Big Bend.

Four hundred fishing boats were wrecked and six hundred houses destroyed by severe gales in Northern Japan.

The striking fishermen who were committed for trial at Vancouver for intimidating Japanese have been acquitted.

It is stated that the Vanderbilts propose to build a road through Canada from the Atlantic to the Pacific coast to compete with the C. P. R.

Carpet sale for month of October at R. Howson & Co's. from 10 to 25 per cent discount on English Wilton, Tapestry, Brussels, and Velvet Pile.

No rock is proof against dripping water—No mind is proof against reiteration—Continuous advertising in the KOOTENAY MAIL is hypnotic.

Hon. W. C. Wells is suggested by the Times as the coming leader of the liberal party in the province in the event of an election on party lines.

He is a poor advertiser who does not expect to do more business next year than this. The way to do it is to place your advertising with the KOOTENAY MAIL.

R. H. Truman & Co's photographic studio will be opened permanently from Monday week when H. Freshwater of the firm's studio at Vancouver will arrive to take charge.

The steamer Revelstoke is now almost ready for launching as soon as the machinery arrives. The boat is completed on the quay at Nakusp with the exception of the doors and windows. F. McCarty, president of the company, says he will have the boat on the lake on a trip up the river this fall.

We have to thank A. K. Stewart of Greenwood B. C., Mineral Curator of the Glasgow International Exhibition for a photograph of the Canadian staff of the exhibition.

The Y. M. C. A. lacrosse team of Vancouver meet the Shamrocks, of Montreal, the eastern champions, tomorrow for the Minto Cup and the championship of the world.

J. V. Perks, of the Hotel Victoria yesterday assigned his estate to J. D. Sibbald for the benefit of his creditors. A meeting of the creditors will be held at Mr Sibbald's office on Saturday 26th inst.

The Eagle describes the KOOTENAY MAIL as the personal organ of the Hon. W. C. Wells. The Mail is not the personal organ of anybody, but deals with questions simply from the standpoint of the greatest good to the greatest number.

A meeting of the Hospital committee was held last evening to open tenders for the building of the hospital. Several tenders were received, but no tender will be accepted pending the arrival of the architect, Mr. Dalton, who will meet the committee tomorrow night.

A citizen who was indignant over the site selected for the establishment of the central post office has a new title for the Postmaster, McRae, whom he addresses as "P. C. A." The interpretation of the mysterious initials has been quite a joke among Mr. McRae's friends.

Mr. A. K. Stewart, who is in charge of the mineral exhibit of the Canadian section of the Glasgow International Exhibition writes to the Editor of the KOOTENAY MAIL:—"Permit me to thank you for sending me your paper so regularly—a courtesy which I appreciate the more because no other B. C. paper reaches me here."

The death is announced of P. McCarthy, the well-known Calgary lawyer. Mr. McCarthy took a great interest in mining, having been interested in mineral claims at Illecillawaet, the Golden smelter, the lead deposits at Field, and copper properties at Castle Mountain. G. S. McCarter, of Revelstoke was at one time in partnership with Mr. McCarthy.

Complaint is made that the civic officials at Vancouver showed scant courtesy to the representatives of Revelstoke on the occasion of the Royal reception at the former city. The invitation came from Vancouver and when it was responded to the mayor of this city was entitled to some little consideration at the hands of the Vancouver civic officials.

Two cases are set down for hearing at the supreme court at Revelstoke tomorrow, one against Sagala, of Nakusp on a charge of attempted murder, and the other against Legacy for turning the switch on the C. P. R. at Illecillwaet. G. S. McCarter appears for Sagala, but no counsel has been retained to defend Legacy. Judge Irving will preside.

At the fall assizes at Golden on Tuesday, two cases were set down for hearing, one against Hawkins for horse stealing, and the other against Hon. F. Lacelles for shooting a chinaman at Thunder Hill. Deputy Attorney-General McLean prosecuted. G. S. McCarter, appeared for Hawkins, who was discharged on no bill. In the Lacelles case the jury returned a verdict of not guilty on the ground of insanity.

Mr. Galliher M. P. has returned from Ottawa, where he has been representing to the government the requirements of his constituency. Among other matters he urged was the establishment of a lighthouse at Cape Horn on Kootenay lake, a twice-a-week mail service between Golden and Windmere and the establishment of a post office at Cambothe. Mr. Galliher also arranged to have a dredge built at Nakusp for the dredging of the narrows and the opening of a deep water channel, improving the North Arm.

WANTED—SEVERAL PERSONS OF character and good reputation in each state (one in this county required) to represent and advertise old established wealthy business house of sound financial standing. Salary $18 weekly with expenses additional, all payable in cash each Wednesday direct from head offices. Horse and carriage furnished, when necessary. References. Enclose self-addressed stamped envelope. Manager, 356 Caxton Building, Chicago.

WANTED

Advertisements under this heading will be published at one cent per word per issue.

WANTED—A young woman for domestic duties in private family. Good home. Apply to "A. B." Kootenay Mail.

WANTED—By young man, board and room, at moderate rate, in quiet home. Apply in writing to "B." Kootenay Mail office.

SOCIAL AND PERSONAL.

H. G. Parsons was in town Sunday.

J. B Cressman left on Wednesday for Ferguson.

M. Grady, of St. Leon Springs was in town today.

J. A. Magee, of Comaplix, was in the city Wednesday.

Frank Saunders returned on Wednesday from a visit to the coast.

Mrs. J. McLeod is visiting her mother, Mrs. A. McLean at Kamloops.

A. Kincaid has purchased Supt. Kilpatrick's house behind the station.

W. A. Galliher, M. P., spent Saturday in the city, on his way to Nelson.

G. S. McCarter attended the sitting of the Supreme Court at Golden, returning Tuesday.

On her return from B. C. Lady Minto opened the Regina Hospital, another of the institutions which her excellency has been the means of having established under the Queen Victoria Hospital fund.

The death was announced on Tuesday of Hon. N. Clarke Wallace, chief of the Orange Order.

Mrs. L. Woodley, who has been visiting Mrs D. M. Rae returned to Golden Tuesday morning.

The Ladies' Aid of the Presbyterian Church will hold a supper on Thanksgiving day, Nov. 28th.

Mr. Wilson, the newly appointed head master, took charge of the Revelstoke school on Monday last.

G. S. McCarter will leave on Sunday for a trip to the east and expects to be back in about three weeks' time.

Mrs. A. J. Jackson, of Greenwood, accompanied by her mother, Mrs. Levesque of this city, arrived Tuesday night.

Sandy McDonnel left this morning on a shooting trip to the territories, and H. A. Perley is looking after the Hotel Revelstoke in his absence.

Mr. and Mrs. H. A. Brown will leave Tuesday on a trip to the territories. Mr. Brown will have some shooting at Edmonton, and Mrs. Brown will visit friends at Wetaskiwin.

LABOR'S CALL.

President Wilson states that a conservative estimate of the concessions gained by the trackmen in the recent strike would show an increase in wages, pay for overtime, necessary expenses for permanent men when absent from home doing extra work, reduced rates for boarding house, supplies, etc. would amount to at least a quarter of a million a year, and in addition the men might appeal to the highest official of the road.

To Rent Payers:
The difference between rent paying and the Birbeck plan of Rent Purchase.

Rent Plan	Birbeck Plan
Pay $10 or $15 per month for the use of somebody else's house for 10 years. At the end of that time the landlord owns the house and money, the rentpayer has a package of receipts.	Pay from $10 to $15 per month for the use of a home for ten years. At the end of that time you own your home and save money ever after.

For further information apply to
LEWIS BROS., General Agents, or to G. S. McCARTER, Solicitor

A Confidential Talk.
Are you risking the loss of health and life to save a few dollars that should be spent in buying the necessary drugs to build up your health and strength? Which is the more precious—your health or your money—which?
When you have made the right decision, come here for pure drugs and medicines.

IN THE COUNTY COURT OF KOOTENAY, HOLDEN AT REVELSTOKE.
Between
Jas. Guilletto, of Sicamous, B. C., hotel-keeper, plaintiff,
and
Charles Hotham, of Revelstoke, B. C., defendant.
To Charles Hotham, the above named defendant:
TAKE NOTICE that James Guilletto, of Sicamous, B. C., has commenced an action against you in the above court by summons dated the 17th day of July, 1901, to recover the sum of $15.65 for board furnished you by him in January and February, 1901, and the sum of $10.00 for cash lent you by him in February, 1901 in all the sum of $24.65; and you are required on or before the fortieth day after the first publication of this notice to file a dispute note, if any, with the Registrar of the above Court, and in default of your so doing judgment by default will be entered against you.
Dated at Revelstoke, B. C., 20th September, 1901.
HARVEY, McCARTER & PINKHAM,
Solicitors for above named plaintiff.

O O O T T R N	$200 IN CASH,
E E Q C B U	—FREE—
S T N O S H J	

We will give the above reward to any person who will correctly arrange the above letters to spell the names of three Canadian cities. Use each letter but once. Try it. We will positively give the money away, and you may be the fortunate person. Should there be more than 1 set of correct answers, the money will be divided equally. For instance should 5 persons send in correct answers, each will receive $40; should 10 persons send in correct answers, each will receive $20; twenty persons, $10 each. We do this to introduce our firm and goods we handle, as quickly as possible. SEND NO MONEY WITH YOUR ANSWER. This is a FREE contest. A post card will do. Those who have not received anything from other contests, try this one.
