SATURDAY BARGAINS.

BUSINESS NOTES.

Taylor & George have just imported a fine stock of fancy dress trimmings.

Good strong pair of Serge pants may be had for $5 to order at R S Wilson's.

Taylor & George are adding to their shop fine show windows of plate glass.

Why wear poor pants when you can get a pair made at R. S. Wilson's for $5?

R. S. Wilson has just imported a new stock of tweeds, worsteds, and overcoatings.

Lewis Bros report great activity in city real estate, particularly in Smelter Townsite lots.

Mr. Poritt will open his photographic studio in Tapping's building, Connaught Ave, tomorrow.

Dr. McLean has moved his office from opposite the Kootenay Mail Office to his residence on Mckenzie Ave.

D. Jenkins has disposed of his shoemaking business to L. Schneider and will leave on Monday for the Coast.

Reid & Young offer a special bargain day tomorrow, in ladies, childrens and gents shoes. See their advertisement for prices.

Messrs. McKenzie and Ramsey will go to Golden to paint the Imperial Bank building there for the contractor J. Kernahan.

B. R. Atkins, customs officer will move from present custom house near the station, to the post office, the change taking effect on Nov. 1st.

J. B. Cressman will open a branch of his tailoring business at Ferguson in May next. He has just placed an order with Robt. Darling & Co., Toronto for a full stock for this branch.

J. Guy Barber has imported a magnificent stock of cut glass goods. Nothing finer in the way of a present for a friend could be selected. The goods are guaranteed, with the maker's name.

Taylor & George direct attention through our columns to the new Empress shoe, also to their new stock of ladies goods, men's furnishings, carpets curtains, linoleums, table and floor oil cloths.

Taylor & George have opened a full stock of stamped linens, cushion covers, and laundry bags, also a full range of silks, and can supply the pupils attending Madame McKenzie's classes with all requirements.

Madame McKenzie's classes for fancy needlework at Taylor & George's are very successful, over twenty pupils now attending, and the classes are steadily increasing. Very nice work is being done, a sample of point lace being shown in Taylor George's window.

G. F. Curtis is exhibiting in his window a new stock of Holland bulbs, which he has just imported from Toronto. These include Hyacinth, Narcissus, Freezia, Tulip etc., of the choicest varieties, and Mr. Curtis is offering these bulbs very cheaply and at Toronto prices, so that lovers of window gardening have the best advantages in making a selection from Mr Curtis's stock.

BLACK WARRIOR

Bonded for $60,000.

Mr. Shannon, the well-known assayer, of Ferguson, recently entered into a bond to acquire the Black Warriar for $50,000 on behalf of C. W. McCrossan, of the Metropolitan Company. Men were set to work, but Mr. McCrossan repudiated his bond and Mr. Shannon had to pay up the men out of his own pocket, with the intention of bringing suit against Mr. McCrossan for the amount.

The result of the work done on the property was to develop a paychute of three feet of ore, and Dr. D. A. Stewart and M. B. Webber, of Winona, Minn., who had been operating another property in the Lardeau, came to Revelstoke on Monday, accompanied by Mr. Shannon for the purpose of making an offer for the property, which belongs to Tom Horn and H. N. Coursier.

Accordingly, on Monday night, an agreement was entered into whereby Dr. Stewart and Mr. Webber should take a bond on the Black Warrior. The amount of the bond is $60,000, on a working basis, and Messrs. Coursier and Horn retain an interest in the property. It is intended to put in a winter camp, and push development work.

LIBERAL ASSOCIATION.

Election of Officers.

The annual meeting of the Liberal Association was held on Monday night. The following were elected officers for the ensuing year:—President, W. M. Lawrence; Vice-presidents, W. J. Dickey, and R. Howson; Secretary, J. A. Smith; Treasurer, W. H. Cook; executive committee, J. A. Dallas, D. M. Rae, G. M. Clark, J. L. Johnston, and H. N. Coursier.

A circular was read from the Rossland Liberal Association suggesting that the Provincial executive be requested to convene a convention and that the next provincial election be conducted on party lines. The meeting endorsed the circular, urging that the convention be held at Revelstoke as the most central point.

On motion of H. Cook, seconded by J. Dallas, it was resolved to place on record the association's regret at the deaths of Clark Wallace and N. F. Davin who, while belonging to the conservative party, had given the best years of their life to the service of the Dominion.

Messrs. H. A. Brown, Haggen, and Howson were appointed a committee to obtain information about the improvement of the upper river for navigation and to make representations to the government to have the necessary funds voted for the work.

THE NAKUSP CASE.

Sagala Found Guilty on Second Count.

The trial of Sagala, in whose case the jury at Revelstoke could not agree, was on at Kamloops yesterday and the jury brought in the following verdict: "Guilty on second count, of using fire arms with intent to do grevious bodily harm, with strong recommendation to mercy."

Sentence will be delivered on Monday.

REVELSTOKE SCHOOL.

The following is the enrolment and average in each of the rooms:

Principal's room—enrolment 32, average attendance 26.

Miss Smith's room—enrolment 43, average attendance 31.

Miss Edgar's room—enrolment 50, average attendance 44.

Miss Robinson's room—enrolment 48, average attendance 33.

Miss Creech's room—enrolment 48, average attendance 33.

Miss Fraser's room—enrolment 45, average attendance 39.

THE BIG BEND.

Its Great Agricultural, Mining, and Lumbering Resources.

(By E. A. HAGGEN, M. E.)

Much has been heard of the Big Bend and much is expected of it. The development of this section of country has long been recognized as the backbone of Revelstoke. Sometimes the question has been asked "Is the Big Bend all that is said of it"? Again the query has been put, "Will Revelstoke derive the benefit that has so confidently been expected from the opening up of the Big Bend"?

ARE THESE THINGS TRUE?

The answers to these questions are of paramount importance to all who are interested in the city and the surrounding district. It was with a view to ascertaining the facts regarding this little known and much belauded country that the writer spent four weeks of the past season in travelling through its valleys and over its mountains.

A FINE TRIP.

In fine weather a trip over the Big Bend trail is one of the reminisences of a lifetime. Following the course of one of the finest of American rivers for a distance of sixty miles, which is as far as the trail now goes, the traveller passes through an immense area of magnicent timber lands and the day is not far distant when these forests will resound with the axe of the lumberman from Revelstoke to Canoe river. The new camp put in at Carnes Creek by the Revelstoke Lumber Company is but the forerunner of many others.

TOPOGRAPHY.

Along the trail an occassional patch of ground, which will some day make good ranching land when the timber is cleared off, is met with, and the ranches that sparsely dot the valley are already very successful.

For sixteen miles north of Revelstoke the mountains crowd into the valley, and there is no land of value till Laforme Creek is reached. The timber has been devastated by fire for some miles over that section of the trail, and with the exception of the Fred Robinson Co.'s holdings there is no timber there of value.

At Eight-mile a Mr. Wilson has taken up an area for a ranch, timber and townsite. At Nine-mile is the famous

NINE-MILE RIFFLE,

which is said, to be the worst piece of water between Revelstoke and the Rapids. As the traveller rides along the bank of the river he fails to detect those obstacles of navigation that have been said to exist, and wonders why, in view of the fact that the river was successfully navigated many years ago, there should now be any serious difficulties in the way of navigation that the knocker whispers in your ear when you ask for information. Rather, the almost uninterrupted view of the river, gives one the impression of a magnificent waterway, which, with some improvement of the channel, can be made one of the finest navigable rivers in the province.

TRANSPORTATION.

A fairly good wagon road has now been built to the head of Nine Mile Riffle, so that, in the event of excessively low or very high water causing difficulty of navigation in the canon or at the riffle, communication can still be maintained above those points.

The placing of a steamer on the river will supply the country tributary to the river for sixty miles at least with an excellent means of transportation.

The requirements of the country have so far been served by an occasional boat load being shipped up the river, but generally by the pack trains of Geo. Laforme and J. Nelson.

DOMINION LANDS.

As the Dominion government have had a survey made of the lands within the railway belt, and lying south of Carnes Creek, it is now an easy matter for intending settlers to select and define their sections in the area.

DIFFICULTIES OF TRAVELLING.

A great draw-back to exploration in the Big Bend is the scarcity of feed for horses, the dense timber growth having shut out the patches of grass so often met with on mountain trails. The packers get over the difficulty by packing feed to different points on the route—an expensive and troublesome process. The first place where the traveller can depend on getting feed for his horse is at W. Whitmore's stopping place at Carnes Creek, 28 miles by trail from Revelstoke. After that, the feeding stages are more convenient, namely Boyd's ranch, 12 miles further on, Geo. Laforme's ranch on Downie Creek, five miles above Boyd's, and Laforme's ranch at Goldstream, 23 miles beyond Downie. Had the government adopted the plan of seeding down the country adjoining the trail after fires a great boon to travellers with horses would now have been provided.

(To be continued.)

LOCAL & GENERAL

The Imperial bank opens at Ferguson on Nov. 1st.

Mrs. Guerin, of Front Street, has just received back the exhibits sent to the New Westminster Fair, and for which she obtained excellent awards, namely three first and two second prizes. The first prizes were awarded for embroidery, crochet work, wool shawl, ladies handbag. The second prizes were for a sofa pillow and drawing work.

Robert Dowswell, proprietor of the Hotel Leland, of Vancouver, is one of the most popular landlords, and keeps one of the best hotels in that city. Several Klondikers went there the other day and deposited with Mr. Dowswell $210,000 in Yukon gold for safe keeping till they could get it to the Dominion assay office.

B. R. Campbell, who has been for some years connected with the KOOTENAY MAIL, and was for two years proprietor of the paper, left on Friday for Kamloops amid the good wishes of his many friends. Mr. Campbell has been deservedly held in high esteem in Revelstoke. He will make his home at Kamloops for the present.

Tom Horne, who knows the Columbia River well, expresses the opinion that the rock at Steamboat riffle, below Boyd's, should be removed. A ton of powder is required for the purpose. Another bad place is Rocky Point just above Steamboat Riffle. Mr. Horn thinks that with an expenditure of $3,000 the river could be made reasonably safe for navigation between Revelstoke and La Forte.

MINING NOTES

Good pay has been found on 27 claims on Candle Creek at Nome.

The Duncan Mines propose to add twenty stamps to their mill at Poorman mine, thus converting their mill into a forty stamp mill.

Prospectors struck rich placer diggings at the headwaters of Horsefly, in Cariboo. They brought out considerable dust and say there is a large area of gold bearing ground. Old timers predict another William's Creek. There has been quite a rush for the new diggings. The dirt is said to pay 5c to $2 to the pan and that men can make $20 a day.

Mr. Oliver Wethered, Chairman of the London & B. C. cabled to London: Eva Group present prospects do not justify any further expenditure what ever. Enterprise — Everything gives me the greatest satisfaction. Fowler's opinion is "never looked so well as at present." Hope to start concentration works compressor in about 20 days. Whitewater mine is looking well. I cant estimate what is the margin of profit until three months steady working. Ruth—Prospects are undoubtedly good.

A special service will be held in the Salvation Army on Saturday evening at eight o'clock, when Ensign Andrews from Spokane will give a magic lantern exhibition. Admission adults 15 cents children 10 cents.

BOARD OF TRADE.

Meeting of Council.

A meeting of the Council of the Board of Trade was held yesterday, when there were present: Capt. Taylor, and Messrs. Shaw, Sibbald, Brewster and Haggen.

A letter was read from the C. P. R. stating that in regard to the representations made on behalf of Craigelachie settlers, a station and siding would be put in as required next spring.

The question of river improvement was discussed and it was resolved to write the Minister of Public Works and Mr. Galliher, M. P. urging that provision be made at next session of Commons for improvement of the upper river for navigation now that a steamer is about to be put on there. The secretary was instructed to obtain a copy of Mr. Gamble's report.

With reference to the article in the Kootenay Mail regarding the establishment of a sawmill at Northport to cut Big Bend logs it was resolved to communicate with the C. P. R. with a view to securing such favorable rates to St. Paul and Minneapolis as would induce the promoters to build here instead of at Northport.

The matter of an exhibit for the proposed mineralogical exhibition at New York also received attention.

RAIL AND STEAMER

C. P. R. will build from Spence's Bridge to Similkameen.

The additions to the C. P. R. hotel at Field have been completed.

English capitalists have offered to build the Coast Kootenay railway.

The C. P. R. will shortly put in extensions to their hotels at Banff and Vancouver.

The engines for the steamer Revelstoke went to Nakusp on Saturday, but the boilers are not yet to hand.

A brakeman named Burpee was killed at the Lardo last Sunday through his foot catching in a frog.

The Steamer Hating, which ran ashore on her last trip north, has been gotten off and returned to Vancouver.

C. P. R. traffic receipts for week ending Oct. 14th were $750,000 as against $575,000 for same period of last year.

The royal train is to be placed on exhibition in the principal cities of the Dominion at 25 cents per head admission, the proceeds to go to orphanages.

A splendid new station, with general and ladies' waiting rooms, telegraph and ticket office, express and baggage rooms has been completed at Spence's Bridge

The Province says the C. P. R. has never made a dollar out of British Columbia, and that the railway business is conducted at a loss to-day in this province.

A meeting will be held at Ottawa on Nov. 20th to organise a national railway union, to take in the brotherhoods of conductors, engineers, firemen, brakemen and telegraphers.

Conductor Crump is temporarily appointed trainmaster at Field in the absence of trainmaster Carey. The boys hope that this is paving the way for Conductor Crump's promotion.

As No. 1 passed Twin Butte on Monday, some Cariboo were within 150 yards of the track. Engineer Patrick thoughtfully pulled up the train to give the passengers a good view of the big game.

D. W. Stearman, of the despatcher's office at Revelstoke, is off for a three week's holiday, during which he will visit San Francisco. J. J. Shaw of the despatcher's office at Vancouver, is taking his place.

Roadmaster Newman is busily engaged getting the track in shape for winter. The track over the Selkirks is being re-laid with steel. Two gangs are engaged on this work, one working from Twin Butte to Albert Canyon, and the other from Glacier to Bear Creek. The new steel is 80 lbs. or 10lbs. heavier than the old steel.

It is probable that R. Blackmore, who thoroughly knows the river to Big Bend will be appointed Pilot of the Steamer Revelstoke when she is put on the run. Those who know the river express grave doubts as to the steamer being able to make her maiden trip this fall, owing to the water being too low.

REVELSTOKE, B. C.

Examination of and reports on Mineral Properties a Specialty.

The Kootenay Mail

FRIDAY, OCT. 25, 1901.

THE Dunsmuir government is reported to be going in for a bold policy, namely that of constructing the Coast-Kootenay road as a government railway. This will take the wind out of Smith Curtis's sails.

MANY complaints are made about cattle and horses being allowed to roam the streets of the city. Gardens and fences have been destroyed and there is considerable indignation over the laxity of the City Council in the matter.

THE resolutions passed at last meeting of the local Liberal Association, regarding the late Clark Wallace and N. F. Davin, recognised the ability of those who, while belonging to the ranks of the conservative party, were public men of whom Canada might well be proud. These men died heart broken over the disrepute in which the once great party, which so long held in its hand the destinies of Canada, had fallen. Let the Liberal party wear honorably and well the mantle which has descended on its shoulders and there will never be any cause for its leaders to be ashamed of its career.

THE local Liberal Association is alive to the city's best interests, and the action taken on Monday night for the improvement of the river and the opening of the upper country cannot fail to be a great boon to all interested in Revelstoke.

A JUSTICE of the Peace should be appointed at Comaplix. Although this is police headquarters for Fish Creek district there is no Justice here and much inconvenience results in consequence. W. Fairhall should have the appointment as he is well qualified for the position.

SIR HENRY JOLY, Lieut.-Governor, has, it is stated by constitutional authorities, no option in the event of the Dunsmuir government losing the confidence of the house, but to call another general election, as he has no other recognized leader on whom he can call to form a cabinet.

THE death of N. F. Davin, with its tragic surroundings, takes away one of the finest orators of Canada, and a man who had a high estimation of the duty of a public man. Mr. Davin was a man of clean political record, and his opponents as well as his friends held him in esteem for his many fine qualities.

THE Board of Trade is rather a sleepy-headed institution. There is lots of work for it to do to advance the interests of the district, but nothing is done. The committees are never called together and the business is at sixes and sevens. With members to take an active interest in its affairs and with meetings held at convenient times the Board of Trade could work wonders for the advancement of Revelstoke and district.

IN view of the probable importance of the mica finds, and the development of the lumbering industry it is important that steps should be taken to have a vote passed at the coming session of the legislature for the continuation of the Big Bend trail from Smith Creek to the confluence of Canoe river with the Columbia. This trail should be connected with the Canoe river trail.

THE recent strike at the headwaters of the Horsefly directs attention to the fact that there is a large area of country between the Cariboo and Canoe river watersheds which has never been explored, but which may be rich in placer gold. Certainly the rich gold deposits of Cariboo on one side, and the Big Bend on the other, indicate the possibility of strikes being made in that section which may rival those of the old time days of Cariboo and the Bend.

HON. W. C. WELLS, Chief Commissioner of Lands and Works, will visit Revelstoke at an early date, when it is intended to tender him a complimentary banquet as a token of appreciation of the splendid services which he has rendered the city and district, and particularly in regard to the assistance which he has been the means of providing towards the opening of the Big Bend by navigation. Revelstoke owes much to the Dunsmuir Government and particularly to Hon. Mr. Wells, whose administration has been a blessing to the district.

THE DUNSMUIR CABINET.

The reason for Premier Dunsmuir's course in retaining office is evident from the following tally of government supporters:—Hall, Helmcken, Dickie, Pooley, McInnes, Manuel, Clifford, Stables, Martin, Gilmour, Field, Oliver, Munro, A. W. Smith, Hunter, Rogers, E. C. Smith, Houston, Ellison, Dunsmuir, Ebers, Prentice, Wells, Booth, Murphy, a total of 25. The opposition members are:—McPhillips, Hayward, Hawthornwaite, Neill, Tatlow, Garden, Gifford, McBride, Fulton, Green, Taylor, Curtis, a total of 12. The seat which will be rendered vacant by Mr. Turner's resignation will remain to be filled. Supposing the government lost Murphy, of Yale, and the election at Victoria, they would still have a following of 24 as against 14 opposition. The cabinet, on this count, is perfectly safe and in a strong position to go on with public business.

THE MEMBER FOR REVELSTOKE.

Several correspondents write us expressing the opinion that Mr. Taylor, M. P. P., should declare himself on the present political position. Many of his constituents want to know where he stands, and they have a right to know. If Mr. Taylor is going to desert the government, which he has hitherto supported, it is right that he should advise his constituents as to his reason for his course of action in thus practically disfranchising this constituency. It is generally understood that Mr. Taylor has determined to follow R. McBride, who was not a leader at last election and is not one now. No one recognises better than Mr. McBride that the course of action which he recently took was the essence of foolishness, and it is hoped no other members will show their utter want of calibre by following a discredited member like McBride.

STREET IMPROVEMENTS.

One of the most useful councillors of the city is Ald. McLeod. Although the youngest member of the council, he has, since his election, shown an intelligent and active interest in the affairs of the city, for which he deserves full credit. Except when disabled by his recent accident, Ald. McLeod has been a regular attendant on the nights of meeting. If all aldermen took as much interest in their public duties as Ald. McLeod does, the affairs of the city council would have been right up to date. Owing to the delay caused by lapsed meetings it is doubtful whether the money, which it is now sought to raise for sidewalks and street improvement, can be secured to do much if any work before winter sets in. These works should have been put in hand two months ago and should have been completed by now. As a matter of fact it is due to Ald. McLeod that any effort is being made to have the work put in hand before winter comes on, as the original proposal was to arrange the finances meanlime and let the work stand over till spring—poor satisfaction to the score of people who want sidewalks in the worst way, and who should have had them before now.

Consumptive People

CAN SECURE RENEWED HEALTH AND STRENGTH.

The Rich Red Blood Made by Dr. Williams Pink Pills Gives New Strength to Every Nerve Fibre and Organ of the Body.

From the Times, Belleville, Ont.

Among the young ladies of Shelburne, there is none today, who more fully bears the impress of perfect health than Miss Lillian Durfee. Unfortunately this was not always the case, as a few years ago Miss Durfee became ill and her friends feared she was going into decline. A doctor was called in and prescribed, but his medicines did not have the desired effect, her strength gradually left her, her appetite failed, she had frequent headaches, was very pale, and finally became so weak that a walk of a few rods would completely fatigue her. The young lady's family sorrowfully observed that she was steadily failing, and feared that consumption would claim her as a victim. One day a friend urged that she should give Dr. Williams Pink Pills a trial, but the idea at first was not favorably entertained, it seemed hopeless to expect that any medicine would help her after the doctors treatment had failed. However this good friend still urged and finally prevailed. By the time the third box was used there was an unmistakable improvement in Miss Durfee's condition. Cheered by this the pills were continued and in the course of a few weeks the former invalid, whose strength was taxed by the slightest exertion, was almost restored to health. The use of the pills was still continued and and a few weeks more found Miss Durfee again enjoying perfect health.

To a reporter who interviewed her she said:—"I believe that Dr. Williams Pink Pills saved my life, and I earnestly recommend them to all who fear that consumption has laid its grasp upon them."

That the facts related above are not in any way exagerated is borne out by the following statement from Robert D. Irwin Esq., the well known stipendary magistrate for the municipality who says:—"I distinctly remember the pale face of Miss Lillian Durfee and the regrets of friends as they expressed their regrets that she would soon be compelled to say farewell to earth. Miss Durfee, however carries the unmistakable credentials of good health, and frequently expresses her indebtedness to Dr. Williams Pink Pills."

Pale and anæmic girls, or young people, will find renewed health and bodily vigor through the use of Dr. Williams Pink pills. These pills are an unfailing cure for all diseases due to a watery condition of the blood, or shattered nerves. Sold by all dealers in medicine or sent postpaid on receipt of 50 cents a box, or $2.50 for six boxes by addressing the Dr. Williams Medicine Co., Brockville, Ont.

INDUSTRIAL NOTES

R. Gordon is putting in a furnace at the Post Office.

The Vancouver Engineering Works have supplied 1,000 ft. of pipe and several large receiving tanks for the Cyanide plant at the Ymir mine.

J. E. Long intends making extensive improvements to the Kootenay Brewery, now that he has arranged with A. S. Farwell for the purchase of the land on which it stands.

R. Gordon informs us that he has never had so much work on hand since he has been in Revelstoke. This speaks well for the progress of the city.

NEW PATENTS.

Rowland Brittain, Patent attorney, Vancouver, gives the following extract from the Canadian Patent Office record for the month:

Of the 337 patents issued during the month, 6 are to British Columbia inventors. They are:

H. A. Munn, portable watertight compartments for boats, F. & A. Beaumont, Surrey Valley, Vancouver. Improvement in overall pants.

G. A. Lisbury, preparation for wood finishing.

H. Burnett, C. E. and P. L. S. Victoria bicycle support.

C. Schallberger, Vancouver, compound for protection of wood from Teredo or Pile Worm.

L. Wursbury, device for attachment to steamboats etc., to enable such to pass over fishing nets without damaging them.

What's Your Face Worth?

Sometimes a fortune, but never, if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin,—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at the Canada Drug & Book Store.

WANTED—SEVERAL PERSONS OF character and good reputation in each state (one in this county required) to represent and advertise old established wealthy business house of sound financial standing. Salary $18 weekly with expenses additional, all payable in cash each Wednesday direct from head offices. Horse and carriage furnished, when necessary. References. Enclose self-addressed stamped envelope. Manager, 316 Caxton Building, Chicago.

Jas. I. Woodrow,
BUTCHER.

P. O. BOX 132, REVELSTOKE, B.C.

The Kootenay Mail	$2.00
The Montreal Daily Herald	$3.00
and a splendid picture of King Edward VII.	.50
TOTAL - -	$5.50

ALL FOR $2.50

This is the greatest combination offer ever made by any Canadian journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers. Established in 1898, it has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each day giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial intelligence is complete and reliable.

THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the flashy colored portraits so common.

As the regular price of the Herald is $3.00 a year, the liberality of our offer is self-evident.

Address all orders to

The Kootenay Mail, Revelstoke.

$25,000 OUR GRAND $25,000 Ornithological Contest.

Something entirely new and interesting. Read what you are to do. You may get $1,000. Our contest is to see who can make the largest list of names (or kinds) of birds from the following list of letters:

W D O O O C C K Q U L I A P R T A R I D G
E S P N I E L V E G R D I M W A D O H T L

We will recognise as a bird anything belonging to the feathered tribe, whether it is a Hen, Crow, Singer or any other kind. You can use any letter as many times to make a name as it appears in the list of letters above; for instance Woodcock, Plover, Snow bird, etc. To any persons who can make a list of 25 or more different names of birds, we will give absolutely FREE a beautiful Prize value $1,000 or less.

BIG PRIZES AWARDED DAILY.

When you have made out your list fill out the line on the bottom of this advt. and send to us with a Stamped Addressed envelope, stamp of your country will do, then if you are awarded a prize you can if you desire get the prize by becoming a subscriber to THE WOMAN'S WORLD. We shall award a prize to every person who sends the name of 25 Birds, and our gifts will be as follows: For the best list, received each day, a Gold Watch; for the second best solution each day a beautiful Imported Tea Set; for the seven next best solutions each day, a Kourah Sakih Diamond and Ruby Ring; for the next best solution, a Gold Piece; and for all other correct solutions, Prizes of Good Value. These Prizes will be forwarded daily, you will not have to wait a long time in uncertainty before you know the result. There is no element of lottery in our plan, it makes no difference whether we get your solution late or early in the day. All you need is to post this advt. to us, and on the day it reaches us, if your list is the best, you shall have the Gold Watch or if second best the beautiful Tea Set and so on. We guarantee that we will award you a prize. There is absolutely no opportunity for deception on our part—we cannot afford it. We want to get 1,000,000 well satisfied subscribers, and for that reason we don't want you to send any money until you know exactly what prize you have gained by answering the puzzle. As soon after 1 p.m. each day as possible, the examiners will judge the lists to the best of their ability, and will designate the prizes. We will write to you at once notifying you what prize has been awarded you, then if you are satisfied, you can send your subscription to THE WOMAN'S WORLD and your prize will go by return of post, carriage paid. To a person of narrow ideas it seems impossible that we should be able to make such a gigantic offer, but we have the money, brains and reputation, we know exactly what we are doing, and if we can legitimately gain a million subscribers by this grand idea, we know that this million of well pleased subscribers can be induced to recommend THE WOMAN'S WORLD to all friends, thereby building up our circulation still further. We are willing to spend $25,000 in this contest in building up a big subscription list, and when this money is spent we reserve the right to publish a notification that the contest has been discontinued. Don't delay until it is too late. The contest will continue until January 1st, 1902.

We give A Bonus Prize of $250 independent of all others to the person who sends in the list gotten up in the best and handsomest manner. Our Committee will decide and award prizes daily, but the special $250 prize will be awarded in March, 1902. Any bird's name found in the dictionaries accepted.

WHO WE ARE.

THE WOMAN'S WORLD is a thoroughly reliable concern, we are known to do exactly as we advertise. As to our reliability we refer to any Advertising Agent or business man in London.

Name .....

Street .....

Town ..... Country .....

N. B.—Be careful and prepay your letter &c. as we do not receive underpaid letters. Address

The "Woman's World," Brentford, London, W., England.

CITY COUNCIL.

Meeting held on Friday, present: The Mayor, Ald. McLeod, Taylor, Abrahamson, McCarty, Bourne.

CORRESPONDENCE.

W. Williamson, asking sidewalk on crossing on north side of Second Street.—Works committee had decided not to build sidewalks on two sides of same street.

A. S. Farwell, asking payment of rent for block 52.—Lease to be executed by Mayor and city clerk.

R. Tapping demanding sidewalk on Victoria road and Connaught Ave., and suggesting imposition of frontage tax.—Work will be done if funds available.

BY LAWS.

Requisition from ratepayers for by-law to raise $1,000 for building new sidewalks and gravelling streets.—Passed, voting to be held on Oct. 31st at No. 2 fire hall, and C. E. Shaw to be returning officer.

The tax by-law for the current year was finally passed.

AN EYESORE.

Some discussion took place regarding the removal of the burned cigar factory. It appeared Ald. Bourne owned the lot but denied ownership of the building, which he said belonged to L. A. Fretz.—Chairman of works committee to attend to matter.

GENERAL.

The mayor said he had to sign a cheque for $60, cost of removing to Westminster the Chinaman sentenced to two years, and considered the government should refund the amount.

The council endorsed this view, and the attention of Mr. Sibbald, P. M., will be called to the matter.

A NEW CURE FOR THE DEAF

Under this heading we published last week an article referring to a new treatment for the cure of these complaints. As a great many letters have been sent us by readers requiring further information, we would remind them that they should apply directly to the Secretary of the Dronet institute, 72, Regents-park-road, London England, who will be most pleased to advise them as to the best method of availing themselves of the advantages of the new discovery.

COMAPLIX.

One of the most prettily situated points on the Arrow Lake is the townsite of Comaplix. It has the advantage of being provided with the best dock accommodation on the lake, with deep water access all the year around. The Fred Robinson Lumber Co's mill and the business resulting from its being a landing place for passengers and freight for Fish Creek, and also a supply point for the camp are the features on which the townsite depends.

A well-stocked store is kept by the Kootenay Lumber Co., and is in charge of C. Diamond, whose excellent management of the business is spoken of on all hands. Mr. Diamond also conducts the post office.

The town is exceptionally well built the store, boarding house, stables and warehouse erected by the Kootenay Lumber Co. being amongst the finest buildings to be seen in these western towns.

The town possesses two good hotels, the Hotel Lardeau, owned by J. A. Magee, and leased by R. G. McLeod, and the Queens, owned by J. H. Young, and leased by J. E. Cameron. There is an assay office conducted by Messrs. Hawkins & Stilwell. W. Devereau, P.L.S., also has his office here The Mining Recorder's office is in charge of George Sumner who has had a very busy season with the numerous mining locations and transactions that have gone through affecting the Fish River division. Mr. Sumner is also entrusted with the duties of constable, looking after the peace of Comaplix, Thompson's Landing and Camborne. Judging from the few cases heard, he has a very law abiding community

There are some nice houses at Comaplix, notably those owned by W. Price, J. Arland, W. Fairhall, J. Irvin, W. Green, T. J. Dunn and W. Sumner.

Livery stables and freighting are conducted by Messrs. McGee and Shields, who have had a team regularly on the road to Camborne for the past year, while their pack trains are kept busy delivering supplies in the mountains, having from 30 to 40 horses employed.

Comaplix has a nice school building 18 ft. by 24 ft. in charge of Miss McDowell, sister of Mrs. T. G. Graham, of Thompson's Landing. Mr. Bostock has been generous to the townspeople, having given the lumber for the school while the residents put up the building. The school is well furnished, having a nice organ.

The main trend of traffic from Comaplix is of course to Camborne and points up Fish River and Pool Creek. There is also a trail of from ten to twelve miles in length running by way of Mill Creek to within four miles of Wigwam.

The townsite is owned by Hewitt Bostock who has had further subdivisions recently made by Mr. Devereau. With a view to effecting further improvements Mr. Bostock recently took up the water rights south of the town and purchased the Stanley ranch.

There are two blacksmith shops belonging to the Fred Robinson Lumber Co.

Since taking over the mill the Fred Robinson Lumber Co. have made great improvements in the townsite, the fine dock and breakwater being due to the Company's enterprise.

The boarding house for the mill hands is now used for rooming accommodation, the men being boarded at the hotels.

On the road to Camborne are four houses, owned respectively by Mr. Matheson, Messrs. C. Buller, McMillan and W. Gerard.

Tot Causes Night Alarm.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Coughs, Colds, Throat and Lung trouble. 50c. and $1.00. Trial bottles free at the Canada Drug & Book Store.

SHOCKING SUICIDE

N. F. Davin Shoots Himself.

On Friday afternoon one of the most tragic events of the year occurred at Winnipeg, when N. F. Davin, formerly M. P. for Assiniboine, committed suicide by shooting himself at the Clarendon Hotel. Mr. Davin was defeated at the last Dominion election by Mr. Scott, of Regina, and this coupled with the breaking up of the Conservative party, of which he had for years been a prominent member, preyed upon his mind. Those who saw him consider that he had not been in his right mind for several days previous to the tragedy which ended his career. He had some difficulty in purchasing a revolver, but having obtained one went to his room, loaded the weapon, and placing it in his mouth and pointing it upwards, fired it. He was dead when found.

Stepped into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eads of Jonesville P. A. "which caused horrible leg sores for over 30 years, but Bucklen's Arnica Salve wholly cured me after everything else failed." Infallible for Burns, Scalds, Cuts, Sores bruises and Piles. Sold by Canada Drug Store, 25.

On October 1st the C. P. R. paid out $1,300,000 in dividends.

Tenders for a License to Cut Timber on Dominion Lands in the Province of British Columbia.

Wanted—Good brush hand immediately. Apply to W. G. Birney, painter.

The time for completion of Provincial Assessment Rolls has been extended to Dec. 31st.

The census gives the population of Yale-Cariboo as 51,400 compared with 19,180 ten years ago.

Plant hyacinths, tulips, narcissus, before Christmas. Get your bulbs from G. F. Curtis.

The Provincial Legislature will be convened about the end of February or the beginning of March.

J. A. Kernahan expects to complete his contract for hauling out the machinery from the Waverly mine by next week.

The Department of the Interior invite tenders in another column for timber berths Nos. 277 and 278, tenders to close on Nov. 11th.

All advertisers who desire to cover the field must use the paper that is read in the homes of the people, the KOOTENAY MAIL.

Carpet sale for month of October at R. Howson & Co's, from 10 to 25 per cent discount on English Wilton, Tapestry, Brussels, and Velvet Pile.

The northern limit of the railway belt as recently fixed on the Big Bend trail by J. E. Ross, Dominion Surveyor, is about half a mile south of Cornes Creek.

If you want health, comfort, and durability, buy the Marshall Sanitary Mattress. Beats any mattress ever made. To be seen at R. Howson & Co.'s, sole agents for the district.

If there is anything out of the ordinary about his goods or business the advertiser should make that thing prominent in his advertisement and place that advertisement in THE KOOTENAY MAIL.

We have to acknowledge the receipt of the last issue of Wawa, the journal of shorthand among the Indians, issued by the Shuswap mission. The number consists of 20 pages and is a creditable production.

Last Sunday evening, in the Presbyterian Church, Rev. W. C. Calder preached from the text "Love thy neighbor as thyself," the title of his discourse being "The Brotherhood of Man." The remarks of the speaker showed a careful study of the subject and were listened to with interest by a large congregation.

R. Sampson has decided to start a wood yard in the city.

W. Porritt intimates that he undertakes sharpening of saws.

J. H. Robinson's daughter Ida broke her arm while playing on Tuesday evening.

R. H. Trueman will visit Revelstoke and attend PERSONALLY at the gallery here on Nov. 14 for two weeks.

The Fred Robinson Lumber Co. have let to A. Williamson a contract for taking out shingle bolts during the coming winter.

The executive of the Liberal Association have entered a protest against the disbanding of the Revelstoke corps of Rocky Mountain Rangers.

D. Matheson had one of his arms so mangled in the track laying machine on the Lardeau railway that the limb had to be amputated.

In the window of C. B. Hume & Co's store is exhibited a monster potatoe from the ranch of John Palmer, at Craigelachie. The tuber weighs 3 lbs 10 oz.

On Monday Ernest Corson and W. Carr were charged before Mr. Sabbald P. M. with annoying Chinamen. Mr. Pinkham prosecuted. Accused were discharged.

The Fred Robinson Lumber Co's mill at Revelstoke is to be lighted by electricity, the dynamo which has been in use at Comiaplix mill being brought here for the purpose.

The Fred Robinson Lumber Co. have purchased the timber on R. Simpson's limit on the Big Bend road and have let him a contract for taking out a million feet of logs this winter.

Rev. W. Calder will take as his subject on Sunday morning "A Prosperous Church" and in the evening "A comparison between the death of the heathen and the Christian."

Al. Stewart, of the Enterprise Cigar Factory, returned on Saturday from his southern trip, which he reports as having been very successful, showing a handsome list of orders for the firm's brands.

When up the river last week R. Howson found the old shaft of the steamer Fortynine at the mouth of the canyon, having been exposed by low water. The timber attached to it was much decayed.

Messrs. Foote & Abrahamson, who have the contract for the erection of a dwelling for A. McRae, on Front St. started work on the job on Tuesday. The contractors are also getting the timbers ready for starting their contract for the erection of the Hospital.

Says the Vernon News:—A handsome new drop curtain has just been hung on the stage in the Oddfellows hall, and is much admired by all who have seen it. It was painted by T. H. Dunn, of Revelstoke, and represents very faithfully that portion of Long Lake known as the "Railroad."

SAVE YOUR SNOWSHOE TAGS.

The most popular brand of Chewing Tobacco in Canada to-day is "Pay Roll." Every plug of "Pay Roll" bears a "Snowshoe" tag. Consumers should save these tags as valuable presents are given for them. When you buy "Pay Roll" Chewing Tobacco, ask your dealer for our new illustrated premium catalogue.

GRIP AND PASSWORD.

L. O. L.

L. O. L. No. 1658 propose to hold a memorial service in honor of their late chief, Clark Wallace. The service will be held on Sunday week and will be at the hall. The public will be invited. Rev. W. C. Calder will deliver the memorial oration, and Revs. C. A. Procunier and Ladner will be requested to assist at the service. The choirs of the Presbyterian and Methodist churches will be asked to provide the musical portion of the service.

E. OF P.

Conformably to the request of the Supreme Chancellor Commander of the Knights of Pythias, the Grand Chancellor of British Columbia, N. Boggs, has issued instructions to all subordinate lodges in the domain to drape altars and chapters in loving memory of our deceased brother, William McKinley, the martyred president of the United States. In compliance with the above the altar and charter of Gold Range lodge, 26, K. of P., of this town, have been suitably draped.

Mrs. B. A. Lawson, secretary of the Ladies' Hospital Committee, forwarded on Wednesday, to the Countess of Minto, the bracelet which the ladies decided to send her as a memento of the laying of the corner stone of the Hospital. The bracelet was made at J. Guy Barber's establishment and is a fine piece of workmanship. It contains three nuggets of Big Bend gold, one about an ounce in weight and the other two about half an ounce each.

General Supt. Marpole, accompanied by Supt. Kilpatrick, Grant Hall, and C. Sweeney, manager of the Bank of Montreal at Vancouver, went south on Tuesday.

At the meeting of the Epworth League, on Tuesday night, W. Bews gave an interesting address on "Wesley, the Epworth singer." A solo was contributed by J. L. Johnston.

General Buller has been relieved of his army command and retired on half pay on account of his speech stating that he advised the surrender of Ladysmith. General French succeeds him.

Mrs. Wilks has been confined to her room this week with an affection of the throat, and the kindergarten had to be closed in consequence. Mrs. Wilks's many friends will be glad to know she is recovering.

W. M. Lawrence has received from an uncle at Kimberley, South Africa, an interesting memento of the siege of Kimberly, in the shape of a watch chain made from a piece of a "long Tom" shell. The charm is engraved "Siege of Kimberly, 1899 1900."

There was an exodus for the Bend this week. J. Sweeney, who has been foreman on F. McCarty's claim on Smith creek, went up to take charge of the hoist on the Blue Jay. T. Maloney has gone to French creek, and J. Soards and W. Howard went to Smith creek.

"Great cry and little wool."

Great appearance and little service!

Beware of false "window shoes"!

Look for the symbol of responsibility—the Makers' price and pledge, on the sole of "The Slater Shoe"

"Goodyear Welted"

To Rent Payers:

The difference between rent paying and the Birbeck plan of Rent Purchase.

Rent Plan	Birbeck Plan
Pay $10 or $15 per month for the use of somebody else's house for 10 years. At the end of that time the landlord owns the house and money, the rentpayer has a package of receipts.	Pay from $10 to $15 per month for the use of a home for ten years. At the end of that time you own your home and save money ever after.

$200 IN CASH, —FREE—

We will give the above reward to any person who will correctly arrange the above letters to spell the names of three Canadian cities. Use each letter but once. Try it. We will positively give the money away, and you may be the fortunate person. Should there be more than 1 set of correct answers, the money will be divided equally. For instance should 5 persons send in correct answers, each will receive $40; should 10 persons send in correct answers, each will receive $20; twenty persons, $10 each. We do this to introduce our firm and goods we handle as quickly as possible. SEND NO MONEY WITH YOUR ANSWER. This is a FREE contest. A post card will do. Those who have not received anything from other contests, try this one.
